Local delivered price of the 5-door, 4-doorpage Buick SPECIAL Sedan, Model 48, (optional) Optional equipment, accessories, state and local taxes, if any, additional. These rates apply strictly to advertising purposes. Even the factory-direct price you may want to bargain, such as Dealer's Selection - \$2312.95 plus \$100.00 - \$2412.95.

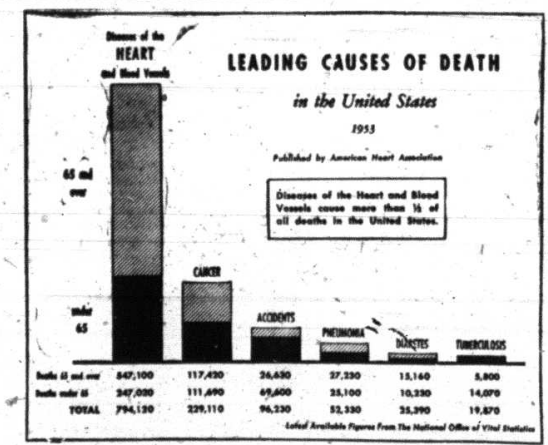

CHANCES are, you'll be away from it you guess at the local delivered price of a 1955 Buick. Most people are. And that's easy to understand when you look at a Buick. It's big, broad, roomy—powered for thrilling action. In prestige alone, it would seem to carry a high price tag. But when you check into things, you discover this surprising fact: Buick is in the nation's top three when it comes to sales volume—and when it comes to low prices that make such huge popularity possible. The price we show here is one proof of that. And an even bigger one is the soaring success of the 1955 Buick—hottest car in all Buick sales history. So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile? And why pay extra for things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in the glove compartment—when such things, and more, are yours in every new Buick as standard equipment at no extra cost? Drop in for a visit this week and start checking things. We believe that when you look into this great car—when you see what you get for the low price you pay—and when you discover what happens when you nudge that gas pedal—you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

Thrill of the year is Buick

Brick work on the exterior of a new \$723,857 wing of the Berea College Hospital near completion and interior electrical and tiling work will begin immediately. Dan Tuttle, hospital business manager, reported this week. The R. D. Short Construction Company of Lexington, holder of the building contract, said that the new structure will be completed in about a year. The third floor of the new structure will house the obstetrical division and nurseries. The second floor will contain operating rooms and the basement will have a dining room, central oxygen room, general storage rooms and a housekeeper's office. The present hospital was built in 1918. Overcrowdedness since World War II made the new construction necessary. The hospital facilities will be replaced to better advantage. The Berea hospital serves a large area in Madison, Jefferson, Rockcastle and Garrard counties.

RECIPE OF THE WEEK A new and attractive way to prepare carrots is to bake them in a baked dish. Mrs. Pearl Haak, specialist in foods at the University of Kentucky, recommends baking the mixture in custard cups or in a ring mold, then fill with buttered peas. Carrot Pudding 2 T melted butter 4 T flour 2 c milk 2 c chopped cooked carrots

1 c cooked rice 1/2 t salt 4 eggs Make a white sauce of butter, flour and milk and cook until thickened. Add cooked chopped carrots, rice and salt, then pour in slightly beaten eggs. Pour into buttered custard cups or ring mold set in pan of hot water. Bake in moderate oven, 325 to 350 degrees, for 25 to 30 minutes, or until custard is set. Makes 8 to 10 servings. Menu: Fried chicken, carrot pudding, buttered peas, cabbage salad, hot rolls, butter, and lapiccia sponge.

Washing Directions For Wool Sweaters Wool sweaters which are popular this year, can be as pretty after washing as before if important tips are followed, says the U. S. Department of Agriculture. Use lukewarm water for both washing and rinsing; inasmuch as alkaline substances may injure wool, non-alkaline synthetic detergents are suggested. Slightly soiled garments will require only a brief soaking in the solution, then a couple turnings. Avoid rubbing, wringing or much agitation. After squeezing the rinse water out, lay the garment flat on bath towels to dry or on forms or stretchers made for the purpose of helping knitwear hold its shape.

TO FORGIVE AND NOT FORGET IS NOT TO FORGIVE

One of the most beautiful words in the language is the word "forgive". It is a word often used, but rarely do you find an individual who graciously forgives. The average person pays only lip service to the phrase "forgive and forget" for most of us are included to forgive and remember the forgiveness we have bestowed in a mood of moral generosity. In fact, many people as an investment, thinking of the possible return. Naturally you cannot call such an attitude one of true forgiveness for such a person invariably continues to carry a grudge, even though it may not be obvious on the surface. Let us be truly kind to our fellow men. In the words of the famous poet Robert Browning:

### Scarlet Fever Claims Life Of Livingston School Girl

Livingston and Pleasant Run Schools closed as 9 other cases are reported in county.

The Livingston and Pleasant Run Schools were closed last week after scarlet fever claimed the life of a fifth grade girl at the Livingston School and nine other cases of scarlet fever were reported to the County Health Officer.

Little Janice Durham, 10-year-old daughter of Bob and Letha Durham of the Lamero community, died Sunday afternoon at the Standard Hospital and a brother was reported to have caught the disease.

Quarantined at the Durham home are two brothers, Leonard and Wayne, and two sisters, Thelma and Faye. A third sister, Coleman, is a teacher at the Whitaker School.

A cousin of the Durham children, Diane French, who lives on Highway 150 between Mt. Vernon and Brodhead, also was reported to have scarlet fever. The French child, a student at the Brodhead school, but the only case reported in that section of the county.

Others in the Lamero community reported to have the disease are Clara Howard, 3, and Bernice Howard, 3, children of Mr. and Mrs. George Howard, Mrs. D. Preston Cummins, 25, and her daughter, James, 5, and a Mrs. Morris and her two children.

Dr. Walker Owens, county health officer, reports that the other cases are light, but the school children should be kept away from the school children. Pleasant Run School was closed the first of the week and the Livingston School on Wednesday.

Dr. Owens points out that scarlet fever can be spread only by coming in direct contact with someone suffering from the disease and that the incubation period is short. The student will show up within two to five days after a person has been exposed. Dr. Owens said the Livingston School, which has been closed five days by Monday, therefore all parents are assured that the danger will be over by the time the school reopens Monday.

Children with the disease should be isolated for 14 days, or until all symptoms of the fever disappear. Symptoms are a sore throat, headache, and fever. A rash appears within a few days. Dr. Owens said.

### Seaman Marvin C. Ponder Serving With Pacific Fleet

Seaman Marvin C. Ponder, son of Mr. and Mrs. William A. Ponder of Route 1, Mt. Vernon, is serving aboard the USS LST 735 in the Pacific.

### George H. Berry, Jr. and German E. Ertle

More than a year's service in Germany has been completed by George H. Berry, Jr., son of Mr. and Mrs. George H. Berry, Sr. Berry entered the service in 1951, and after serving at Fort Knox 14 months, three months in Texas and seven months at Fort Campbell, re-enlisted for six years. He was married in Germany on January 22 and will return overseas for 11 more months before returning to the States for four year's service.

### History Of Local P. T. A. Reviewed On Anniversary

The Mt. Vernon Parent-Teachers Association was given last week at the 43rd anniversary of the organization.

The history of the P. T. A. was reviewed by Mrs. Ruby O. Mara, who obtained information in addition to her own and a previous history published in the Signal in February, 1941. The previous history was written by Mrs. J. W. Beggess, Anchorage, formerly Miss Mary Langford.

The record in an old book showed that the organization netted a profit of \$9.72 from an oyster supper. As the organization was small in number at that time, each member was asked to give \$1.00 to be used to buy fixtures for the school. The supper purchase that year included a large globe and large maps.

Many years intervened between the organization of the P. T. A. and the next record to be found. Evidently the Parent-Teacher Association was an active body for a few years and then was reorganized in the year of 1918, under the leadership of the Rev. J. W. Young, pastor of the Christian Church. Mrs. E. B. Cox was the first president, followed by Mrs. J. W. Bryant, who will still give a very entertaining account of the "Kitchen Cabinet Band Concert" which gave her successful performance to raise money to purchase window shades for the school that year.

The year serving as president after Mrs. Bryant were Mrs. G. M. Ballard, Mrs. Ethel Fish, the Rev. E. S. Gaylor, pastor of the local Baptist Church, Miss Harriett Jackson and Mrs. J. D. Henderson.

First Halloween Carnival Was Held at \$100.00. It was during Mrs. Henderson's term that the traditional Halloween Carnival was started, increasing the organization's bank account by \$100.00. At this time the school court was landscaped and the lunchroom was set up.

Mrs. L. M. Miller served as the next president and remembers that her group bought

### Bookmobile Contest Won By 12-Year Old Quail boy

A 12-year-old boy from the Owens School, Bill Ponder of Quail, has won a \$25.00 bookmobile contest, sponsored by the Lions Clubs of the county. A second prize of \$5.00 went to Patsy Ann Isaac, eighth grade student at the Conway School. Third prizes of \$3.00 each went to...

### \$179.34 Collected Here For Heart Fund

A total of \$179.34 was contributed to the Rockcastle County Heart Fund, according to a report this week by Mrs. Joyce Baker, county chairman, and Mrs. W. G. McBea, co-chairman. Of the total more than \$100.00 was contributed in Mt. Vernon, and \$42.60 was collected in Brodhead. The Mt. Vernon collections were made by members of the Meridian Women's Club and the Mt. Vernon Women's Club. T. H. Brodhead drive was headed by Mrs. Jean Henderson and Mrs. Jean Baker, with Mrs. Jean Clark and Mrs. Virginia Teater and Wildie captains were Mrs. June Stewart and Mrs. Beulah Stewart.

### Robert Spence To Direct Plans For New 4-H Camp

Plans for a 4-H Club Camp for this area are rolling steadily along, with a meeting held Monday in Manchester to set up a corporation to promote the establishment and maintenance of the camp.

Named to head the corporation's Board of Directors was Robert F. Spence, former county agent for Rockcastle and Southern Madison Counties. Clyde Linville, superintendent of the Mt. Vernon School and a member of the local 4-H Council, was named to serve on the organization committee for the whole area.

### What Rockcastle Bookmobile Means To Me

The bookmobile is a convenient way of bringing the books to our school. It does not only bring books to our school but all schools in Rockcastle County have a chance to choose a book of their own. This is one way of raising our educational standard that is now so very low. It is fun to go in the bookmobile and select a book. Then we can read it at home on rainy days, and at nights, and my spare time at school. I probably wouldn't have had a chance to read my favorite book, Paul Revere, for years to come if it had not been for the bookmobile.

### Bill Ponder

When I get done with my book I read some other pupils book and they read mine. I can hardly wait from one month to the other for the bookmobile to come. The books (Continued on page 4)

### Hettie Doan Residence Is Destroyed By Fire

The home of Mrs. Hettie Doan, located on U. S. 150 at Mareburg, was reported to have been destroyed by fire about 10:30 Wednesday morning. The Mt. Vernon Fire Department was notified of the fire, but not in time to save the house.

### Six Injured In Wreck Saturday At Livingston

Rockcastle Deputy Sheriff T. J. Parsons and John Brannaman of Wildie were among six persons injured in a wreck Saturday night at Livingston, but both are recovering satisfactorily from injuries received in the wreck.

Others were hospitalized after the wreck, which was a four-wheel tractor, was treated for bruises. Hospitalized were Eugene Russell, 30, of Richmond, Ind.; Henry Noakes, 21, Egan, Ohio, and Noakes' wife, Mrs. Betty Noakes, 21, Eaton, Ohio.

All involved in the wreck except Parsons were taken to the London Hospital by the Sparks Ambulance, with Russell and Brannaman taken to Lexington later by Mr. A. B. Sparks.

Russell, an employee of the Crosley Corp., suffered a broken left ankle, deep cut on the left arm and cuts over the left eye and on the right finger, as well as bruises on the chest and legs. He was reported to have been moved from Lexington to the hospital in Richmond, Ind., where he is believed to be suffering from pneumonia.

### Leoma Abney Adams Dies At Home In Wildie

Mrs. Leoma Abney Adams was born December 10, 1911 and departed this life February 21 at her home in Wildie, after a nine year's illness.

Mrs. Adams was the daughter of Jolie and Lee Abney and was united in marriage to K. Adams. To this union were born five children, Edgar, Barbara, William, Glenna and Ruth Adams.

Mrs. Adams was a member of the Hummel Baptist Church and was a member of the church for many years.

Survivors in addition to the husband and children, include her mother, Mr. John Bowman; her step-father, Luther Bowman; one brother, Robert Casper, Ernest and Edward Bowman, and three daughters, Mrs. Ethel Clark, Mrs. Wynell Clark and Mrs. Nora Wright.

Funeral services were conducted at 1:00 P. M. Wednesday at the home in Wildie, with the Bro. Ballard-Rider and Bro. Asa Stokes officiating. Interment was in the Meritt Cemetery at Wildie.

Sparks Funeral Home was in charge of the arrangements.

### TB X-Ray Unit Coming To Mt. Vernon, Brodhead

All residents of Rockcastle Association. County are alerted this week to be on the lookout for the Tuberculosis X-Ray Mobile Unit of the Kentucky State Department of Health.

The mobile unit will visit Mt. Vernon and Brodhead on the week end of March 10-11 and will be in Mt. Vernon on the following Monday and Tuesday.

Free chest x-rays will be available to all persons over 15 years of age and to those under 15 who are known to have been in direct contact with persons who have tuberculosis or have been referred to the health department by a physician.

The free service is being made available by the Rockcastle County Health Department in co-operation with the Kentucky State Department of Health and the Kentucky Tuberculosis Association.

On Thursday, March 10, the unit will visit to this county as follows: (Continued on page 4)

### Services Will Be Held At 10:00 A.M. On Friday, February 25, 1955, at Poplar Grove Church, all of Southern Madison County will be represented by Kenneth Stewart.

Mrs. Spence as president of the Board of Directors will be assisted by the following officers: Woodrow McEntosh, Pineville, vice-president; C. A. Zollner, vice-president; and John Hess, Berea, secretary.

A three member Finance Committee has been set up by a number of Directors will be with Mr. Linville on the organization committee. A committee also was set up for the back of handling location and facilities problems.

Each county will submit a nomination for the position by May, to be called meeting to be held after that date for the selection of the site. The camp will be set up for the use of 4-H clubs of the area and other organizations approved by the Board of Directors.

National 4-H Club Week March 3 through 13th has been designated as National 4-H Club Week. All 4-H Clubs in the county are asked to participate in some program in observing 4-H Week. In past years, some clubs in the county have put on window displays to stress various phases of the 4-H program. Other clubs have prepared special stories for county newspapers. Some clubs put on

radio programs. Since the situation between clubs in the county are different we will not suggest, but rather leave up to each individual club the program they use in observing 4-H Club Week. Circular Describes Strawberry Growing Practices A new circular of the University of Kentucky, College of Agriculture and Home Economics, offers valuable suggestions to the hundreds of farmers all over the state interested in growing strawberries. The circular, which may be obtained at the County Agent's office, deals with all phases of growing a good selling strawberry. Included is information on the best kinds of strawberries to grow, soil management, setting the plants, picking and selling the berries, care of the patch and controlling insects and diseases. It is stated, "That most farmers are not aware of the fact that strawberries can be as profitable as tobacco, or even more so, if excellent consideration is that strawberries fit in well with tobacco production, bringing income in the spring when it may be badly needed. Since tobacco acreage is limited, strawberry production presents an excellent opportunity for a farmer to grow another high income crop."

Free Chest X-ray Will be available to Rockcastle Countians when the Tuberculosis X-ray Mobile Unit of the Kentucky State Department of Health visits Brodhead and Mt. Vernon as follows: The Unit will be parked in front of the Gray Theatre Brodhead, March 10th Hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M. The Unit will be parked in front of the Bryant Building, Mt. Vernon Mar. 11, 14, 15 March 11, hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M. March 14, hours 10 A. M. to 12 noon, 1 P. M. to 4 P. M. March 15, hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M.

All persons over fifteen years of age are urged to make sure they do not have tuberculosis by having a chest x-ray. The service is being made available through the cooperation of the Kentucky State Department of health, the Rockcastle County Health Department and the Kentucky Tuberculosis Association. Nearly three-fourths of all new cases of tuberculosis in Kentucky are being discovered through these mass x-ray survey programs. The units tour throughout the state and approximately 300,000 persons get chest x-rays annually under the program. Persons under fifteen years are x-rayed only if they are known to have been in direct contact with persons who have tuberculosis or upon a physician's referral. The tuberculosis case rate among this younger group is quite low. All teachers and food handlers are required to have an x-ray made.

Speed Loading... CUT SHIFTING and CLUTCHING 40% with a "Live" Power JOHN DEERE No. 40 Loader MANURE loading is a faster, easier job, with far less shifting and clutching, when you use a John Deere No. 40 Loader with your John Deere "MT" or "40" Tricycle Tractor. The No. 40 Loader is powered from the continuous-running hydraulic system of the tractor. You don't have to stop and shift when you raise or lower the bucket. This saves you top shifts and two clutches each time the bucket is raised. The quick-penetrating spring-steel bucket teeth and the shear-cutting sides of the big 34-inch bucket make deep penetration easier. See the extra-long-lived No. 40 Loader at our store. The above scene shows the No. 40 Loader working with John Deere "40" Tricycle Tractor. Notice the convenient hand lever that trips the bucket. Mt.
