What's all this talk about "Price Class!"

It gets to be a little confusing—this talk about what "price class" a car is in. This new Dodge is making a clean sweep in every price field! Owners who are used to paying a thousand dollars more for a car find that money can't buy more luxury, more exciting features and beauty than in the dashing Custom Royal Lancer shown above. It's up to 9 inches longer than competitive models costing more!

And owners of so-called "low-priced cars" are finding that a new Dodge, with all its dashing length and flashing style, can be theirs for only a few dollars a month more than any of the small cars—up to 19 inches shorter and far less exciting!

In fact, the Dodge Coronet 4-door shown below actually costs less than some models in the lowest price class. So let yourself go. Travel first class in the car that's knocking "price class" into a cocked hat.

## Henry Owens Submits Low Bid On County Hospital

### Electric and Plumbing, Heating and Ventilating Put As Separate Contracts

A Richmond, Ind., contractor originally from this county submitted the low bid for general contract for the Rockcastle County Hospital.

The low bid of \$155,250 was submitted by Henry Owens, son of Tom Owens, Orlando. The Harlan Plumbing, Heating & Ventilating Company was low on plumbing, heating and ventilating, and the Wilbur Electric Company of London submitted the low electric bid. The Harlan company's bid was \$69,900, while the electric bid was \$13,996.90.

The total of \$239,146.91 was \$41,023.09 less than the high bid of \$280,870.

County funds for the hospital total \$317,000 for both construction and equipment, with county bonds providing half the money and the federal government half.

The construction bids were opened Tuesday, with 28 contractors from five states submitting bids. The bid was approved by the Rockcastle Fiscal Court, subject to final approval by the U. S. Public Health Service.

Construction on the hospital is expected to start in about three weeks, according to Hospital Chairman H. H. Hilt, with 300 days allowed for completion of the project. Approximately 20 persons will be employed when the hospital is completed.

Architect for the project is Edward McCloskey of Cincinnati.

## London Motorcade To Visit Mt. Vernon Next Thursday

A motorcade of London businessmen, accompanied by the London High School band, will visit Mt. Vernon at approximately 2:45 P. M. Thursday, May 12. The group will travel in special buses and private automobiles.

The London delegation, observing the 25th anniversary of the opening of the London-Manchester road, will swing through three other communities in the Clay County area: four—Manchester, McKee and Berea.

This trip is a repeat of a motorcade a quarter century ago when a group of 140 Londoners, in 33 automobiles, visited these four towns.

At that time the London-Manchester road had just surfaced in Laurel County to the Clay County line. On the Clay County side, citizens from both counties banded together to fund a "working" to make the road on the Clay side passable.

Roses On Mother's Day

My rose is white, your rose is red. Your mother is living, but mine is dead. And seeing you wear your O. U. Oh so happily, my mother could be. If beautifully well my mother could be. I wish a lucky wind would bring her back to me. That I might take her dear hand again. And press it so tenderly. I would like to dry her tears and ease the pain. That in her short life she bore. If your mother lives, that chance is your not mine tonight. Your rose is red, but mine is white.

Your rose is red and mine is white. And when I kneel down at night to pray, As shadows creep, 'Now I Lay Me Down To Sleep' The same sweet prayer I used to know. And loved in days of long ago. My mother she'll come back to me. Then my head will rest upon her knee. Her hand will stroke my lined cheek. She's not dead! Written and dedicated to all mothers and those who have living mothers, in memory of my mother, Nellie N. Cope, who passed away January 10, 1953. By Jolene C. Bullen

How would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle? How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off? And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response? It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.

Not only do you take command of record high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile. You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller. You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly. Don't take our word alone that this is thrilling beyond all previous experience. Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you? \*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

### THE CONVERSION OF SAUL

By WENDELL MCHARGUE

Saul's conversion was in no way different, in respect to the act of salvation, than any other believer. There is some controversy concerning the exact word or phrase in the ninth chapter of the Acts of the Apostles as to the time of Saul's conversion. Since the subject is dealing primarily and specifically with his salvation, I will avoid elaborating upon Saul's character, attitude, conditions, person, occupation, and such like.

I personally believe that Saul was being moved by the Holy Spirit (which is always in a prerequisite position before giving spiritual birth to a person) when the Lord Jesus Christ that it was hard for him to kick against the pricks. This being more powerful of the Holy Spirit upon Saul moved or persuaded Saul to submit to the Holy Spirit for a new birth or life.

In the space between verse five and when, in verse six, Saul said, "Lord, what wilt thou have me to do?" believe and the instantaneous miraculous salvation. I base this upon the word "arise" in the latter portion of verse six. That "arise" and "behold" are the Lord does not tell of the commission a sinner, but in contrast we have recorded that the Lord "arise" and "behold" into the city, and it shall be told thee what thou must do."

Second, why did the men who were with Saul feel amazement at what took place? Third, in the Greek language the word "arise" is translated "Eis the 2nd per. sing. 2. Imper. - coming from the root word Eiserkoma meaning "To go to come in, enter, to begin to exist, continue to exist, and partake of." So, we certainly know by the Scriptures that when a person accepts a belief in Jesus as Lord and Savior, that it is a new birth, "ye must be born again," that something new has been put into existence. II Cor. 5:17; Gal. 6:15; Eph. 4:24; Col. 3:10.

Thus we see Saul, or Paul, obtained a new life and was then a saved person in Christ Jesus our Lord.

### Happy Club Formed In State To Aid Chandler

Friends of A. B. "Happy" Chandler have formed the "Happy Club" to boost his candidacy and help raise funds for his campaign. Lee Faulkner, county chairman of Chandler's campaign in Rockcastle announced today. Plans for formation of the club were announced at a standing-room-only meeting in Louisville Saturday which he attended.

The club will be organized throughout the State on the county or local level. Lee Faulkner said, with county chairmen and their co-workers soliciting and issuing membership cards. Although Lee Faulkner said he expects most memberships will be obtained through personal solicitation, members also will be enrolled at Chandler's county campaign headquarters in Mt. Vernon. The club will be promoted by newspaper and radio advertising.

Chandler, commenting on formation of the club, said, "Ever since I announced I was a candidate for the Democratic nomination for governor, I have been impressed by the number of fine citizens who have voluntarily and unselfishly offered to help me.

"Many of these people are not able to put in enough time on campaign matters to accept major campaign posts. "It has warmed my heart to be told by thousands of wonderful Kentuckians that they wanted to work in my behalf, and I am very glad that now through the Happy Club, we will be able to effectively recognize and gratefully accept their valuable assistance.

Each member of the Happy Club will be issued an identifying button and numbered membership card. Enrollment will be at least \$5.00, and the member's duties will be to "select new members and to support actively Happy's candidacy by assisting the Chandler campaign leaders."

Besides giving official status to his enthusiastic backers, Chandler said, the club will, in part, partially solve one financial problem: We do not have the readily-made source of funds our opposition possesses. With the Happy Club, we have set up a democratic method of raising funds."

"We are running a 'poor man's' campaign, and that is a serious disadvantage in this modern era in which extensive use of radio and television is so important but so expensive," Chandler said.

Disregarding the dismal weather the homemakers of the Wideness Trail District turned out for the annual meeting of this group. More than 200 attended.

Miss Myrtle Weldon, State Leader of Home Agents, gave to us an enlightening talk and she was also given a gift from the

homemakers of this district. The gift was a token of gratitude and friendship in recognition of Miss Weldon's retirement, July 1, 1955.

The homemakers were inspired by the talk given by Mrs. R. P. Matchett, State President of Homemakers Association of Kentucky.

The main speaker of the day was Miss Ann Guthrie of New York. Miss Guthrie has lived in many countries, knowing the customs and languages of each country in which she has lived. She had twelve native costumes from some of these countries. Homemakers modeled 1 h e s e costumes. Miss Guthrie introduced each woman as a friend of hers from various countries.
