Richmond, Ky. were Sunday visitors of Mr. and Mrs. T. E. Lovell and the Bill Minks. The Coca-Cola truck driver and an unique way of delivering Cokes to Kincers grocery last week, he landed the truck upside down in the yard spilling 147 cases of Coke. Fortunately neither the driver nor neighbors were hurt. But the neighbors nerves were wrecked.

Roy Bandy and family of Cincinnati stopped with T. E. Lovell and family a few hours last week, they were enroute to his home in Laurel county. From all visible indications Calloway is set for a building boom. Mr. John Putman has purchased a lot from Henry Moore and plans to build a home soon. Mrs. Cromer bought a lot from Ira Foster near the Calloway church and is building on it. The contractors from Laurel County have the foundation started on the new home of Rev. George Anderson and Mrs. Anderson. Mr. and Mrs. Major Bull and Ruby. Mr. and Mrs. Clyde Owens and children from Burr, visited her parents, Mr. and Mrs. Luthur Kirby.

Little Miss Ilhe Bullock spent Monday with Joyce Fay French. Miss Mattie Robinson who is working in Cincinnati, Ohio, visited her parents, Mr. and Mrs. Dewey Robinson this week end. Mrs. Ruby Ball, Ruby and Betty Leger and Miss Mattie Robinson Mr. and Mrs. Clyde French and Joyce visited Mr. and Mrs. Coy Jordan Sunday Morning.

Mrs. Lolla McNew of Pittsburg visited Mr. and Mrs. Carl Mullins recently. Mr. Ulysis Langford and family of Ohio, visited relatives here last week. The meetings at the tent closed Sunday night. The baptizing was held Sunday afternoon. Mr. and Mrs. Joe Mink, Mr. Oscar Graves and J. C. Mason were baptized. Mr. and Mrs. Cap-Spivey of Berea were here Thursday. Mr. and Mrs. Francis Francis and children and Mrs. Harold McHargue were in Jackson County Sunday.

Mr. and Mrs. Sylvester Coffey and children and Jerry of

Linda visited Mrs. B. G. Cummins, Thursday. We are very happy to report that Mrs. Lewis Thomas and little Randy Mink who have frozen halibut and frozen fish proved.

Keith Kincer, Donnie Mink and Kenneth Gilliam attended the Grand Ole Opry at Nashville, Tenn., Saturday night and returned home Sunday. We feel that we have lost a very dear friend in the going away of Miss Lida Cook of Livingston. She will be greatly missed by all that knew and loved her, but we know her Christian influence will live on and the world is just a little better place because of her having lived here.

Recipe For Weat Broiling Chicken with French Dressing For a different taste thrill try broiling broiled chicken with French dressing. The gravy, also, will have a delightful flavor, according to home economists at the University of Kentucky.

French Dressing Mix 1 teaspoon of sugar, 3/4 teaspoon salt and 1/4 teaspoon paprika. Add 1/2 teaspoon minced onion, 1/2 cup salad oil and 1/4 cup vinegar. Shake well undrilled.

To Broil Chicken: Select chicken weighing about 1 to 2 lbs. Set over for broiling at moderate temperature. Dress chickens and cut lengthwise between breast and back. Wipe dry and baste with French dressing and sprinkle with salt. Place pieces skin down on the broiling pan so they will be about 5 inches from the heat. Broil until brown, basting with French dressing if the pieces appear dry. When brown; turn skin side up, baste and brown. Again turn skin side down and finish cooking until tender. Approximately one hour for broiling.

"There Are No Hopeless Situations: There are Only Men Who Have Grown Hopeless About Them..."

There comes a time in everyone's life when one must face situations which are seemingly hopeless. On these occasions it is sometimes difficult to rationalize things to the point of believing that the situation is not quite as bleak and hopeless as we first imagined. However, we must remember that all problems have solutions, but the solving of certain problems often demands more strength, objectiveness, and courage than some people can muster. It is at times such as this, when people lack these qualities, or for some reason, fail to call on them, that hopeless situations are created.

Most of us are possessed of the qualities necessary to overcome any obstacle so, if we should meet face to face a particular situation which is seemingly hopeless, we should objectively ask ourselves if the situation is, in truth, hopeless.

SENIOR TRIP (Continued from page 1) that spans the Susquehanna River. It cost us \$2.00 one way on the New Jersey Turnpike. The Delaware Bridge was \$1.00 and the Holland Tunnel also cost \$1.00 each way. From there we passed through Newark and Jersey City, N. J. That night we stayed at the Piccadilly Hotel. Tried to get tickets to a stage play but the only available tickets were orchestra seats which sold for \$6.00. So we didn't get to see Tennessee Williams' 'Cat on a Hot Tin Roof' for which we paid \$1.83.

THURSDAY We walked through Rockefeller Center flower garden and grounds then ate at an restaurant. At 10:00 o'clock we started on our tour of the city. Some of the things we saw there: Saint John's Cathedral, the Little Church Around the Corner, Statue of George Washington, Woolworth Building, Wall Street, Brooklyn Bridge and Naval Yard in which there was an old ship called Noah's Ark (It looks like a house built on a ship called Noah's Ark. It was built by the navy, fish market, toured the U. S. Building, Chinatown (we strolled down the three main streets which are narrow and winding; there we saw the cooked fowls hanging from strings and the most peculiar dried vegetables and fish foods of all kinds. They had no canned vegetables (that we saw). There were lots of strange fresh vegetables and dried fish soups and herbs. We stopped at a gift shop for 7 minutes where one climbed up to and drove the 998 steps, others took the elevator to the top which has the most commanding view of the whole city that we saw. Last on that day we took in the Art Gallery and saw one picture worth something over 1 1/2 million dollars - another worth \$600,000.

SUNDAY This day we were homeward bound. I stopped to see the airport where we watched a

Mary sailing up the Hudson. We left the bus at the RCA building, lunched in a cafeteria and went to the Radio City Music Hall. We saw a movie, "Interrupted Melody", and several stage acts including a commedian, the largest organ in the world, a ballet, a concertina and the Rockettes (world famous dancers). After our supper we went to the Empire State Building and viewed New York from the 84th and 102nd floors. The guide pointed out all the points of interest and we were able to see a fire that burned out three blocks and caused \$2,000,000 worth of damage. Rome home in subway.

FRIDAY At 7:30 we started for Washington. Lunched in Maryland. Arrived in Washington about supper time. Saw Ford Theatre where Lincoln was shot by John Wilkes Booth. Some people went to the show that night.

SATURDAY We toured Washington all day in the rain. We saw so many things on this day that it would not be possible to list them so we will only say the places were: The Capitol, the White House, Archives, where we saw the Declaration of Independence, and the Constitution. They are so preserved that in case of emergency they could be lowered 18 feet under ground for protection; the Supreme Court, Library of Congress (which among other things houses the Gutenberg Bible, the first one printed after the invention of the printing press), and the Smithsonian, where it is said if you could spend one minute on each exhibit it would take 42 years. There are every way, east throughly believe it; Washington Monument (some brave ones climbed up and drove the 998 steps, others took the elevator to the top which has the most commanding view of the whole city that we saw. Last on that day we took in the Art Gallery and saw one picture worth something over 1 1/2 million dollars - another worth \$600,000.

SUNDAY This day we were homeward bound. I stopped to see the airport where we watched a

many huge planes take off and come in. Then we went on to Mt. Vernon, the home of George Washington, and admired his lovely home, gardens and view. That night we stayed at Natural Bridge in Virginia and some swam, played table tennis and went to see the Drama of Creation at the Natural Bridge.

MONDAY Left Natural Bridge at 5:30. Rode 120 miles before we ate and rode rode route until we arrived in Mt. Vernon at 5:30 where all were happier than at any other time on the trip. Of Special Significance "Snoodie" Taylor lost his pajamas in the Potomac. "Donald" lost a finger nail at a pay station. "George" and Irene found a rich Georgia Cracker. Harold Rash's girl friend went back to Ohio.

FRIDAY We all missed our Southern Hospitality when we went north and didn't find it until we came back south. We lost her class ring. We got how about that key sticking in the door when a soldier was wandering around in the halls? It snogged on Manuel's Wash-

ington, D. C. hat. Douglas and Earl served free flowers out the windows of the Piccadilly.

Bobby Machal and B. I. Wayne tried their luck fishing in the Fountain (coin) in front of the Library of Congress. Pillows follow Billy Steve home.

Howard Johnson's waitress made a special offer to be friendly with Wayne Jasper. Bobby L. e. Hansel turned starkly Rebel. Ann got a burr hair out while in the city. Dollie found a peeping Tom in a chaperone.

Libby wore her shoes out taking in the rest stops and had to buy a new pair. "The chaperones" came home with bruised knuckles from knocking on doors, and Largentita from ... well.

"We all came home with skyscrapers" definition - sore feet, aching muscles and strained necks and longing for soup beans, corn bread and string bean sandwiches.

Mr. England, our driver, guided us through Kentucky, Tennessee, Virginia, Maryland, Washington, Delaware, N. e Jersey and New York. Put up with all our complaints and still kept smiling.

Fatal Auto Accident Leads To Arrest of Young Veteran

Laurel County man charged with manslaughter after death of other driver.

A 22-year-old Laurel County veteran is being held in the Mt. Vernon jail this week on a charge of involuntary manslaughter as a result of a traffic accident Saturday night near Livingston.

Dead as a result of injuries received in the wreck of James Daniel Kennedy, 64, of Indianapolis, Ind. Arrested at the time of the accident was the Laurel County man, David A. M. O. Howard, of Symbol. Howard first was held on a charge of driving under the influence of alcohol, the charge changed to manslaughter after the death of Kennedy Sunday morning.

The accident occurred at 6:15 P. M. Saturday about seven-tenths of a mile south of Livingston, according to the investigation of the report continued, Howard going north and Kennedy south. A passenger in the Howard vehicle, John Wilman Ambush, escaped injury, but both cars were considered total losses.

Howard was driving a 1950 Chevrolet, while the Buick car was a 1949 Plymouth. Both Kennedy and his wife were taken to the London Hospital in the Sparks Ambulance and died at 8:45 A. M. Sunday.

Examining trial for Howard has been set for Friday before Judge Walter Sowder.

\$652.06 Final Total In Red Cross Drive

The Red Cross drive in Rockcastle County netted a total of \$652.06, according to a report this week by Mrs. L. D. Bryant, treasurer for the local chapter. Of the total, \$218.48 will remain in Rockcastle County. The remainder of \$433.58 has been sent to national headquarters. Among the last contributions credited to the drive here was a \$41.07 donation from workers at the Blue Grass Ordnance Depot.

Representative James W. Lambert is attending a meeting of the Legislative Committee on Education in Gatlinburg, Tenn. this week. He was accompanied by Mrs. Lambert and Jimmy and Joe.

Youth Exchangees From India To Visit County Next Week

Miss Pushpa Mitra will arrive in Rockcastle County Monday for a 12-day stay with Mr. and Mrs. Bradley Saylor of Wadd. Miss Mitra is a resident of Patna, Bihar, India. She comes to this country under the International Farm Youth Exchange program. The International Farm Youth Exchange, known as IFYE, is dedicated to the belief that a better understanding of the world can be achieved through the exchange of young women of science and the United States. She will affect the attitudes, hopes and problems of the rural people of this country.

While in Rockcastle County, the young woman of India will live and work with the Saylor family as an older daughter might. For a companion she will have 15-year-old Frances McFerron who with her mother and stepfather, Mr. and Mrs. Hugh Roberts, lives on the Saylor farm. Plans also are underway for Miss Mitra to visit the Christian Church in Mt. Vernon on Sunday, June 5. During that time she will talk informally to the young people and women of the church.

Mt. Vernon Couple Loses Race With Stork

Mr. and Mrs. Robert Kirby of Mt. Vernon lost their race with the stork early Saturday morning. Robert and his wife, Ruth, left Mt. Vernon about 1 o'clock with the Stanford Hospital as their destination.

Mr. Kirby drove as fast as his truck would go but had to stop at the Crab Orchard traffic light and shout for help.

Mr. and Mrs. S. F. Morris answered the call but had won the race and the baby was born in the truck.

The Morris called Dr. M. M. Phillips and the Howard Funeral Home for an ambulance. Maurice and Mrs. Howard, a registered nurse, arrived minutes later and moved the infant and mother into the nearest building, the H. Shultz Store where Dr. Phillips and Mrs. Howard finished where nature left off. Mother and baby were taken in a Howard Funeral Home ambulance to Stanford Hospital, where both are doing fine.

Since this new born baby, a fine boy, is easily the best customer ever to enter Mr. Morris' H. Shultz Store, he has presented the youngster with a complete layette.

Five Seniors Honored At Local Commencement

Miss Carolyn Sue Gregory, daughter of Mr. and Mrs. David North of Mt. Vernon, was named valedictorian of the Mt. Vernon senior class at commencement exercises Friday night. Salutatorian was Libby Gay Hammons.

Both the valedictorian and salutatorian were awarded trophies. Miss Gregory was presented a Lady Bulova wrist watch by B. & G. Jewelers and also won a \$800.00 scholarship to Georgetown College and a year's subscription to the Readers' Digest.

National Honor Society plans were presented both Miss Gregory and Mrs. Hammons, as well as Miss Dowell, Steve Cox and Dolly Winstead. Commencement speaker was Dr. Gordon Ross of Berea College. Dignitaries who represented the graduating seniors by School Superintendent Clyde Linville.

A musical program was presented by the Girl's Chorus, under the direction of Mrs. John L. Fain, and Mr. John Smith, who sang a solo, "I'll Walk With God." Pianist for the program was Miss Mary Bryant. The Rev. Martin Stepp, Jr., pastor of the Mt. Vernon Baptist Church, gave the invocation and the Rev. Martin Stepp, Jr., Nazarene pastor, gave the benediction.

Correction: At Bereahead High School, Miss Rosemary Chaney and Joyce Wallin tied for valedictorian, while Miss Christine Fugett was salutatorian.

Alfred Cummins Is Airman Of The Month

Other than his regular air force duties, Airman Cummins serves as leather craft instructor for the U. S. O. in Fairbanks, salesman for the Hobby Craft Center and also a clerk at Clark's Jewelry, where Mrs. Cummins the former Vivian D. Cummins of Renfro Valley, serves as assistant manager.

Slow Down And Live

Mt. Vernon Mayor-Roy Cummins and Rockcastle County Judge Walter Sowder in company with the Kentucky Lifesavers have proclaimed the period from Memorial Day through Labor Day as Slow Down and Live Days. Signed this week, the local proclamation specifically sets aside a Slow Down and Live Days period from 6:00 P. M. May 27 to midnight September 5.

Governor Lawrence Weatherby recently issued a similar proclamation for the entire state. During this period all enforcement agencies will be alerted to the tremendous task of furnishing the necessary protection to the traveling public. Slow Down and Live operates on a nation-wide basis this year.

Life Ends For Aunt Lida Cook

(From Renfro Valley Bugle)
Residents of Renfro Valley, Mt. Vernon and Livingston, Kentucky, were saddened by the death at twelve fifty-five Saturday morning, May twenty-first, of Lida Cook, affectionately known by all as "Aunt Lida." She had been in ill health for a year or more and some six weeks ago had undergone an operation at the Berea Hospital following which she was removed to the home of Mr. and Mrs. John Mullins here in Renfro Valley. The end came suddenly but peacefully at 8:30 a. m. after a long illness suffering usually attendant upon her malady, the dreaded killer, cancer.

Mr. Cook was first cousin to Mrs. John Mullins and Mr. Lair, being the only child of their aunt, the former Charly Lair, and her husband, George Douglas Cook, both of whom have been dead for many years. Visitors to Renfro Valley will remember Aunt Lida as the clerk in the Berea Valley Souvenir Shop and for many years assistant to the Renfro Valley postmaster. She also had been had been assistant postmaster at Livingston, Ky., and later assistant cashier of the Livingston branch of the

She had been since childhood an ardent worker in the Christian Church at Livingston, having been practically brought up in that institution. She lived most of her life next door to the home of her late husband, Sunday School Superintendent there for about 50 years.

Funeral services were conducted at 10 a. m. at the home, Mt. Vernon, Ky., with the choir from the Livingston Christian Church rendering two of her favorite hymns. The service was short but impressive—sermon delivered by Reverend Howard Ray, of the Mt. Vernon Christian Church.

Aunt Lida was never married, preferring to remain at home to take care of her parents until their death in 1934 and the fullest extent, a devoted daughter, a constant friend to all and an earnest worker in the church. Her faith in what she was early taught to believe. In addition to Mrs. Mullins and her late husband, she was near the father and mother to whom she was so devoted in life.

Mary Leah Gibson Is Cleared By Death

Mary Leah Gibson, daughter of the late Katherine and Gay Wilkerson, was born in Bell County, Ky., on May 14, 1894, and departed this life May 23, 1955 at the age of 61 years. She died of a heart condition.

On November 19, 1911 at Pineville, she was united in marriage to Dave Gibson. To this union six children were born. The Gibsons moved to this county 30 years ago. Mrs. Gibson was a member of the Flat Rock Baptist Church and was a faithful member as long as her health permitted.

To her nieces, passing she leaves her husband, Dave Gibson; two daughters, Mrs. Dorothy Mullins and Mrs. Alma Leggett; and two sons, one son, son, William of McDowell; four brothers, D. F. Wilkerson, Belding, Mich.; Callie Melton Louisville, Ky.; and one sister, Sarah Patten, Ohio; one sister, Sarah Patten, Ohio; one sister, Sarah Patten, Ohio; one sister, Sarah Patten, Ohio.

Funeral services were conducted at 2:00 p. m. Wednesday, May 25, at the Flat Rock Baptist Church, with Bros. C. H. Philbeck and Ballard Rader officiating. Burial was in the Maple Grove Cemetery. Sparks Funeral Home was in charge of the arrangements.

Recital Tuesday Night
Piano recitals by Mrs. Lewis M. Miller will present a recital at 7:30 Monday night at the Mt. Vernon Christian Church. The public is invited.

Regional Meeting Held On Foundation Program

A group of about 40 educators and school patrons from the county attended a regional meeting for study of the Foundation Program May 4 at the Brodhead High School. Financing of the program was discussed by a team organized under Dr. C. S. Shapton, principal of Henry Clay High School at Lexington, and the history and development of the foundation program were reviewed by Dr. Stanley Hecker, of the Research Division of the State Department of Education. The ways and means of fully promoting the program at the 1956 meeting of the state legislature were discussed by a panel composed of the following: Dr. Helen Keen, College of Education, University of Kentucky; Penrose Ecton, Ecton Supply Company, Lexington; Dr. Charles C. Graham, Berea College, and Dr. Robert Mills, registrar at the University of Kentucky. Chairman of the region is Pat W. West of Berea. Counties represented at the meeting were the Rockcastle, Jackson, Garrard, Lincoln and Madison.

County Offices, Bank Post Office To Close On Memorial Day

County offices and the bank and post office will be closed Monday in observance of Memorial Day, but most stores and restaurants in Mt. Vernon are planning to be open for the day.

The Signal office also will remain open.

Moonshiners Lose Out As Officers Raid Stills

Moonshiners in Rockcastle County are having a hard time making a living these days due to the still-wrecking activities of county law-enforcement officers and state and federal authorities.

Rockcastle Sheriff Dewey Barger and his deputies have located and destroyed four stills in the county this month and have either arrested or assisted in the arrest of five men charged with possessing apparatus for the manufacture of moonshine whiskey.

The five, Tip Graves, Sanford Childs, Teke Kidwell, Leon Hellard and Henry Newcomb, have been turned over to federal authorities and will have to answer for their activities in federal court at London.

Graves was arrested at Sand Springs at the scene of a 40-gallon apparatus for making moonshine. The still, converted from an old-time washing machine, was destroyed along with four barrels of mash.

Five barrels of mash and a 55-gallon steel drum were destroyed at Orlando when found unattended, and another barrel of mash was destroyed at Cooper Creek, where officers arrested Kidwell and Childs.

Two 55-gallon drums and five barrels of mash were found south of Livingston, with Newcomb and Hellard arrested at the scene. Officers report that the latter still was in operation.

Singing To Be Held At Wildlife

There will be a gospel singing at the Wildlife Christian Church on Saturday, May 28th, starting at 7:30 P. M. Everyone is invited.

Mt. Vernon School Superintendent Clyde Linville presents trophies to Miss Carolyn Gregory, center, valedictorian of the 1955 graduating class, and Mrs. Libby Gay Hammons, salutatorian.

Revival Continues At Nazarene Church

Rev. C. B. Fugett, evangelist at the Church of the Nazarene in Mt. Vernon, has been doing a wonderful job bringing God's messages for the past couple of nights.

In the two nights of preaching the Rev. Fugett truly is God's man for this revival. And under his unctious and dynamic preaching is not only saying, we live more peacefully under 144 wings of Jesus, but that sin never went so deep, but what the blood of Jesus can cleanse the soul and life of the individual.

So during these days of revival come with us to the Church of the Nazarene, a church with a warm welcome for everyone. And remember all guests are invited to the second night of the meeting. So come early for a good seat. Rev. Martin Stepp, Jr., pastor

The Fiddle and Bow

Travelers along U. S. 25 as they approach Renfro Valley will soon be seeing a series of roadside signs, ala Burma Shave, extolling the merits of "The Fiddle and Bow." This is the new name to be given to the lower section of the Renfro Valley Lodge which has been given to the lower section of the Renfro Valley Lodge which has been recently equipped with a new soda fountain and an all stainless steel snack bar for complete service for the hurried traveler who has time only for a sandwich and

not a complete meal. Beginning next in June curb service will be instituted at The Fiddle and Bow, making all guests through the second night of the meeting. So come early for a good seat. Rev. Martin Stepp, Jr., pastor

Savings Bond Sales Soar As County Nears '55 Goal

Residents of Rockcastle County have gone all out in buying U. S. Savings Bonds.

By the end of April the county had reached two-thirds of the annual goal for the year, according to figures released this week by James W. Lambert, savings bond chairman for the county.

The county's goal for 1955 is \$91,000. Sales for the four-month period ending with April totaled \$83,800.

The bonds reported were Series E and H. Sales during the month of April were reported at \$15,837.

The cumulative figure for the state for the four-months period will be dispatched to Washington at 12:00 p. m. All second class post offices can close on Saturday, June 4, if desired. 411

Log of Mt. Vernon Senior Trip

MONDAY
We left Mt. Vernon at 5:00 A. M. in cars. The Black Brothers bus met us at London. It was six when we left there. Our first stop was at the Potomac River on the Potomac. We passed through Cumberland Gap. We got soft drinks and stopped at a roadside table for a rest. We were in Bristol, Tenn., we noticed (after our driver pointed it out) that on one side of the street we were in Virginia and in the other in Tennessee. The states are divided by bronze markers down the middle of the road. By 6:30 we were in Roanoke, Va., at the Blue Eagle Motel. After supper we watched television in our rooms. TUESDAY
Left Roanoke at 6:00 o'clock. We rode 45 minutes before eat-

ing our breakfast at Natural Bridge. Things of interest that day were: Virginia Military Institute and Washington and Lee University. We lunched at Robert E. Lee Restaurant in Warrenton, Va. We passed Bull Run Battlefield. Arrived in Washington at 2:45, just in time to see the change of guard in the tomb of the unknown soldier at Arlington Cemetery. From there we went to see Lincoln Memorial and Jefferson Memorial, then to the Houston Hotel for our room assignments and supper. Then a night at 8:00 o'clock we saw the Potomac River on the U. S. S. Mt. Vernon on a moonlight cruise. The boat had a capacity of a thousand and was complete with dining facilities and an orchestra. We stopped at an amusement park for an hour on a sailboat home. WEDNESDAY
At 8:00 o'clock we left the Houston Hotel and visited the University of Printing and Engraving where we saw money being made and a display of stamps, bonds and bills including a \$10,000 bill, which is never used except between banks. On our way to New York at the Silver Diner, Thruway, Md., (the city of white steps), Baltimore is an old Dutch city and there seems to be some legend is \$27,370 toward a goal of \$63,200. April sales throughout the state totaled \$23,730,379. (Continued on page 8)

Day Of Decision

Now that the school year has ended, thoughts are turning to summer jobs and for some of the graduates a permanent job. Students planning to enter the work force are working in stores and shops and on the farm. For this group the day of decision can be pushed back to the high school graduation now on his own, a decision must be made. The outside world is a big unknown. He must find business away from Rockcastle County offer big money, big money for a boy or girl used to only an allowance or spending money picked up from baby sitting, picking strawberries or mowing lawns.

The big city offers a more attractive Mt. Vernon, Brodhead, Livingston or the rural community or farm have little to offer a competitor. For the young man a good paying job may mean a car and a sharp clothes, for the young woman independence and varied wardrobe like the pictures in the fashion magazines.

The city offers more entertainment and a larger group from which to choose compatible friends.

Each year Rockcastle County and all other small communities must meet the challenge. Graduation time is a challenge to the towns and communities as well as to the graduates.

In Mt. Vernon the graduate has a much choice. Unless the boy or girl family owns a business, the graduate is almost forced to go elsewhere for employment. Any graduate from the small town, too holds an attraction.

Pulling up home town roots can be a sad experience. Leaving behind the friends of a lifetime, one leaves one's community, being a part of the community, the church and many of the friends. For the small town boy or girl, change is even greater than for the city graduate.

The day of decision is attractive, but as the day for leaving grows nearer, the heart grows sadder. Life is like the same again, one the hometown door closes and Johnny and Susy walk through the doors of the big factory or shop.

The Day of Decision is the final chapter. Graduation and then overnight the Smith boy and the Jones girl are transferred into adults... members of the work-a-day world.

EDITORIAL

(From Renfro Valley Bugle)

Don't forget that Sunday, June 5th, is International Shut-In Day, so proclaimed by the governors of several states and the Union and also observed in some foreign countries.

Clarence E. Poston, the "Sunshine Man", Marietta, Georgia, is a moving spirit in this organization and one of the most interesting people I have ever known. In spite of being almost completely incapacitated by a paralytic condition he is able to inject his sunny disposition into the hundreds and hundreds of cheery letters he writes to his shut-ins all over the world.

The Renfro Valley folks, realizing that many shut-ins are among their most faithful listeners, have always tried to keep them in mind on the day of the Valley Gettogether and annually dedicate the program to such listeners on each shut-in day. We just naturally have a great satisfaction out of pleasing our shut-in listeners than anyone else we know of. My experience with them has been that in no other class of people do you find such patience, such respect, such sympathy, such understanding and such cheerfulness.

Monday, May 23rd., we buried one who will always be remembered among her friends as

one of the sweetest, most Christian people we have ever known. Aunt Lida Cook has closed out a long life of unselfish devotion and faithful service. I am not mentioning her age, Aunt Lida thought young thoughts and wanted to be thought of as being young. She didn't care too much for the "Aunt" Lida business, but it just came natural for even strangers to think of her as that. She never cared to tell her age and I am not going to break faith with her now by telling you how many years she has lived. This old earthy snow-white hair and sweet smile told a story her youthful heart denied.

Aunt Lida was never married. She had chances, lots of them and good ones. As a child I remember her as being one of the most beautiful women I had ever seen and I remember how the young men flocked around her and tried to win her. But she never married, reminding them that she had promised her father and mother to remain at home for as long as they lived. Both lived to ripe old age and by that time Aunt Lida had long ago given up all thought of marriage.

I will always remember her kindness to me when I was a boy. I remember that on my eleventh year she sent me on a trip to Louisville, Kentucky, paying all expenses and seeing that I had a big time. On that trip I saw my first electric light and attended my first theatre. I have never forgotten the first I had ever taken outside my home county. A-1!

She could please me and fire me with ambition to do something a little better than I might have been doing. I tried to repay her for her earlier kindness to me.

Following her operation at Berea Hospital, my sister, Mrs. Mullins, her husband and I brought her home with me and lavished upon her every care and attention. She was a model invalid, never complaining, always pleased with whatever I did for her. She was always apologetic for having to be waited on. It was a new experience for her. She had always been the one to do things for others.

Altho she had worked in Renfro Valley almost since its rebuilding some sixteen or seventeen years ago, she continued to live in the old home at Livingston, coming to and from work by bus and lately by mail truck. She had resisted all efforts to have her give up her solitary life and come live with us. She always said she couldn't move away from the church, which had been her chief concern for so many years. She couldn't still away from her friends, as she thought it meant so much to her. When she was buried the congregation of that church came to sing her favorite hymns with a beauty and sweetness of voices I had never recognized in them before.

Reverend Howard Ray, pastor of the Mt. Vernon Christian Church made the best talk at her funeral. I have ever heard him make. I think she was going to heaven, being as sweet as the sinners knew the sweetness of the life of the little old lady day.

I believe Bro. Ray made such a good talk because he had a good subject for it.

In a talk with me a few days before her death she got off on the subject of dying. She didn't seem too much concerned about it. She said that she, like anybody else, dread the thought. I told her that if I could ever die I would like to die about the way I lay ahead for me I wouldn't dread death. S. H. E.

smiled and said, "Well, neither do I."
Goodbye, Aunt Lida. We know where you have gone. We hope to see you there some day.
Goodbye and sweet dreams until the Great Awakening.

Chapter X
Joseph then added his advice to the good crops in the seven years of plenty and to not permit the Egyptians to use the surplus grain but to reserve it for their families. He also advised him to take the surplus corn of the years tending their fields, and to use it for seed and daily living amounts enough for their food.

Therefore, Pharaoh benighted at the wisdom of Joseph, not only for the interpretation of his dreams but for the counsel given him for storing the surplus grain in the seven years of plenty for to meet the wants of the people in the seven years of famine. Pharaoh also appointed Joseph and trusted him with dispensing the corn with power to do what he thought would be for the benefit of the people of Egypt and for the benefit of the king, as believing that he who first made such a good suggestion would be the best overseer for the benefit of storing the extra grain each year to meet the wants of the people when they could not keep themselves on account of the famine.

The king gave to Joseph the power to wear the king's seal and to wear purple clothes and to ride in the king's chariots through all the lands of Egypt, and to buy the extra corn of those who tilled the soil at a reasonable price allotting to each a sufficient amount for seed the following year and enough food for his family for each year and the abundance of grain belonged to the king at a fair price for storage for the years of famine; and this Joseph did without informing them the purpose of the storing of such a great amount of grain.

When Joseph became famous in Egypt and when his brethren were in subjection to him, he revealed his self to them.

Joseph was now at the age of 22 years and enjoyed great honors from Pharaoh who gave him a new name on account of the regard he had to his wisdom and the name denoted the revealer of secrets. Joseph also married a wife of high esteem, for he married a daughter of Pharaoh who had raised Pothiphar to a priest of On of

Heliopolis, her name being Asenath who was a virgin of honor.
By her, his children were born before the seven years of the famine; Manassah, the eldest, which means forgetful, because he present happiness caused him to forget his former misfortunes; and Ephraim, the younger, whose name signifies restored, because he was restored to the freedom of his forefathers.

Now, after Egypt had happily passed over the seven years of plenty; and, according to Joseph's interpretation of the dreams, the famine came upon the Egyptians in the eighth year, and because the years were at hand for the seven years of scarcity to begin.

County Agent Notes
Revised Corn Program for 1955
The Corn Derby Program for 1955 has been revised by the Agronomy Department of the University and will differ from that of previous years. However, the program as outlined below is still designed to assist in teaching better methods and encourage higher corn yields. The suggested program for 1955 is outlined as follows:

1. Set up 100, 125, 150, 175, and 200 Bushel Corn Clubs.
- (a) Fanned certificates to be awarded for 100, 125, 150, 175, 200 production.
- (b) New certificates will not be awarded until entrant moves to another club example, a man stays in the 100 bushel club until he reaches 125 or over.
- (c) Club winners will be placed on State honor roll and names added each year.
- (d) Club members will receive publicity on achieving membership. Framed scrolls of all corn club members' names will be available to hang in county offices.
2. General Mechanics
 - (a) County will enroll entrants and keep enrollment in county office.
 - (b) There will be no minimum number required from each county to participate - 1 or more.
 - (c) Moisture tests may be run locally or sent to the Agronomy Department, University of Kentucky, for test and yield calculation.
 - (d) Yields will be taken in the same general method as past years.
 - (e) Final date for ordering certificates will be December 1st of each year.
 - (f) State Awards will be made to the following:
 - (a) Highest corn production per acre.
 - (b) Highest corn production per farm - 10 acre minimum for participation.

Any farmer desiring to enter the Corn Derby for 1955 please notify this office.

Recipe of the Week Hamburger Casserole

An interesting way to serve hamburger is with a flavorful dressing, says Miss Florence Inlay, foods specialist at the University of Kentucky. It is good planning to include other dishes in the menu.

Hamburger Casserole: 1 1/2 lbs. hamburger, 1 1/2 teaspoons salt, 1/2 cup celery, one half cup water, 1/4 teaspoon pepper, 1 egg, 29th.

two - thirds cup milk, 1 cup cornmeal, 1/2 cup butter, 1/2 cup chopped onion, 1 1/2 cup canned tomatoes.

Mix meat with one teaspoon salt and place half the amount in a greased casserole. Top with a layer of dressing made of cooked celery, seasonings, beaten egg, milk, cornbread and soft bread crumbs. Add the second layer of meat and bake in a moderate oven, 350 degrees for 45 minutes. Then add finely chopped onions and tomatoes and bake another half hour.

Menu: Hamburger casserole, glazed carrots, buttered broccoli, gelatine vegetable salad, rolls, butter and baked apple with cream.

Gas Installation Warning Given By Fire Marshal

State Fire Marshal J. T. Underwood, Jr., today warned bottled-gas users planning to move that regulations permit only licensed servicemen to move liquefied petroleum gas installations. The warning was directed particularly to tenant farmers, many of whom move to other farms this time of year.

"Hauling an any gas cylinder larger than 30-pound capacity is prohibited except by licensed persons," said Underwood.

Most family-size installations are 100 pounds or more. The regulation provides that only a licensed serviceman may remove tanks or install appliances, though individuals may disconnect appliances.

Violators are subject to a fine of \$25 to \$200 for each offense.

The Kentucky Fish and Wildlife Commission has granted Reuben Valley Enterprises, Inc., a permit to establish a Wildlife exhibit here in the near future, work on the proper housing facilities will probably start by early Summer.

One of the most interesting and new events in Kentucky is the Mountain Laurel Festival, held at Pineville Thursday, May 12th, through Sunday, May 15th.

Mr. Monroe Renner left for Ohio Sunday night, where he is employed. Rev. Eugene Bradley of Mt. Vernon filled his appointment at Mt. Zion Sunday and Sunday night, with a fine attendance. A Thought For The Day One of the greatest compliments a person can give you is to say, "I wish I could be just like you." It is always flattering to have some one want to pattern their lives after yours, but what a great responsibility. We all cast shadows on others, some good and some bad. The way we dress may be so attractive that others want to dress like us. The way we work may be an inspiration to those around us. Even though we may say, "I don't want any one to do like I do," someone is believing in us and following in our foot steps. We should live and act to be the kind of person God would want us to be and a shining example for others. We should all start each day by saying, "I will not do anything today a boy or girl, man or woman should not do."

OAK HILL

Sales get BIGGER! and BIGGER! and BIGGER!

This '55 Buick must have something that folks just won't do without!

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling. But what has happened—and continues to happen—is almost beyond belief. People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand. And Buick sales keep soaring higher and higher—and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers. What is it about the '55 Buicks that folks by the

hundreds of thousands just won't do without? It's many things. It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might. But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking. It's Variable Pitch Dynaflo*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe. Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Buicks. CAN YOU SEE A STEER? STOP SAFELY! CHECK YOUR CAR—CHECK ACCIDENTS
