## Soft Ball League Organized By Jaycees And Youth Center

In an effort to provide wholesome recreation for the children of the county and keep youngsters busy off the street, the Rockcastle Jaycees and the Mt. Vernon Youth Center, Inc., have organized a soft ball league.

With Jaycee manager Duro, manager of the league, plans have been made to have four county teams. The two Mt. Vernon teams will be managed by Duran and Billy Hartz. Brodhead team will be managed by Dr. Frey and Millard Robbins and the Livingston team by Preston Parrett. No age limit has been set on the big teams, but there will be "small-fry" teams to be made up of any boy who wants to play between the ages of 10 and 14. The small-fry teams will play before this big game.

Four of the county's voting precincts are located in Mt. Vernon, two at Livingston and three at Brodhead. Citizens will vote at one of the following places: Conway, No. 5; Scaffold Camp, No. 6; Tanyard, No. 7; Wildie, No. 8; Powers, No. 9; Orlando, No. 10; Crooked Creek, No. 11; Red Hill, No. 12.

**STATEMENT OF JOHN W. GRIFFIN**  
ROCKCASTLE COUNTY G. O. P. CHAIRMAN  
To Rockcastle County Republicans:  
I am informed that a few members of the Rockcastle County Republican Executive Committee and others, who are not members of the committee, met last Saturday and attempted to remove me as Republican County Chairman. This meeting was presided over by C. W. Phillips, who is a member of the Committee. Boone Saylor voted ten or twelve proxies which were obtained by false representations. The meeting last Saturday acted without right and their action is void.

I had no notice of this meeting and no charges have ever been filed against me as County Chairman. I have not resigned and there is no vacancy to fill.

I have always claimed the right to vote for whom I pleased in Primary Elections, but I have always stood for and fought for Republican Nominees. Whoever is nominated next Saturday will have my hearty support.

## Politics

The Signal this week is dedicated to politics. Republicans and Democrats alike are having their last say before the big day. On Saturday the people of Rockcastle County will go to the polls to vote in the primary, casting their ballots for the men they believe best qualified to represent their party in the November election.

The primary is of special significance in Rockcastle County this year because for the first time in the history of the county, a Rockcastle County man is running for the state's highest office. Ed Denney, Mt. Vernon attorney for 27 years, will appear as a candidate for Governor on the Republican ballot.

Citizens of Mt. Vernon and Rockcastle County can be justly proud of Edwin R. Denney, a man who has won the respect and support of people throughout the state of Kentucky, a man who has dedicated himself to a purpose.

Ed Denney is for the people of Kentucky. He has dedicated himself to raising the living standards of the people. The state needs industry and the state needs better schools. Ed Denney will fight for both.

Mr. Denney also is a church man, able to understand the spiritual needs of the people as well as the material.

He is a lawyer and one of the best in the state. Kentucky's best lawyer always conducted in the best Sunday School manner. Mr. Denney is well qualified to fight the people's battles, drawing on his experiences at the bar to look out for the people's interests when the political heat is turned up into a brawl.

Ed Denney also knows the farmer and the farm problems. Agriculture will not be neglected by a man who lived and worked for 22 years in an agricultural county.

Ed Denney is a family man. His wife and children remain a part of his talk and his thoughts even with the pressing duties of the campaign.

Ed Denney has the qualifications of a great governor and deserves the support of his people.

Editor's Note: The following letter has been received in regard to an article published in a North Carolina newspaper and circulated in some sections of this county.

July 26, 1955  
Reverend M. Wendell Belew  
Mount Vernon, Kentucky  
Dear Reverend:

It has come to my attention that a terrible injustice and injury is being done your mountain mission work by Elizabeth Zieger, individually, because of a news story which originated from her pen.

We take responsibility for the news story regarding Mrs. Zieger and her work among her mountain people which appeared in the Asheville Citizen, June 20. I serve as the reporter for the Assembly during the summer months. During a number of years I have been a teacher by profession for the sole object of presenting through the newspapers some of the wonderful messages that are given here at Ridgecrest. Our primary object is to be of service and present through every means available some of the inspiration that comes from these conferences.

No newspaper would find it possible to print the speeches and messages in entirety; therefore, we seek to relay portions of the messages to the public in such a manner as to give a man in the street and inspiration as possible.

In reporting Mrs. Zieger's talk, which was almost 30 minutes, we had to take some of her statements out of context and if you could have heard the complete talk, you see you could not possibly discredit her in any way. Rather, she made a profound impression on all who heard her because of her humility and deep love, respect, and confidence in her neighbors. I can only reiterate that statement too strongly. You will be interested in knowing that she discussed the work of the Mount Vernon Assembly and expressed how thankful she was for it. She spoke with such love of her people and work.

Her husband, you understand the problems newspapers have when they have to "cut" out information because of

## Hospital No Place For Homesick Boy

No one took it very seriously when six-year-old Larry Sloan, Mt. Vernon, told nurses at the Berea College Hospital that he was going home.

The lively youngster had been confined to the hospital for several days, recuperating from an illness. Then a bad case of homesickness overtook the young Larry and he decided to go home sooner than his scheduled release date.

And the six-year-old meant business when he said he intended to go home. He was discovered wandering around on a warm morning, clad in his white hospital gown and walking barefoot, with his feet well covered with mud.

When Dan S. Tuttle, a hospital official, found the youngster in this unusual attire, Larry explained, "I'm going home."

Home in Mount Vernon is about 18 miles from Berea. Larry was very reluctant to enter Tuttle's automobile for the return to the hospital. "My mommy told me not to ride with strangers," little Sloan told him. And it took a lot of convincing to assure Larry that Tuttle, who is business manager of the hospital, was not a stranger and that the two had met before.

Upon getting to the College Hospital the youngster received a bath to remove the mud. He was soon released and returned happily to his parents, Mr. and Mrs. Jack Sloan.

Workmen near the hospital snatched the six-year-old broke out a window screen at the hospital and escaped through the opening a short time before he was discovered taking the early morning stroll.

## Rockcastle Schools To Get \$156,663.23

School districts in Rockcastle County will receive \$156,663.23 from the \$26,212,500 common school per capita fund to be distributed among all school districts in Kentucky this year, according to Superintendent of Public Instruction Wendell P. Butler.

The sum represents \$36.84 for each person between 5 and 18 years old living in the district. The per capita figure is slightly lower this year due to an overall increase in the state school census from 689,759 to 711,434, while the fund for overall distribution on a per capita basis remains at the same level. The per capita figure last year was \$37.51.

The per capita allocation does not take into consideration the school equalization fund, for which \$8,573,000 is to be distributed on a need basis. Distribution of this fund will be announced later, following completion of need data.

Here, \$136,140.79 will go to the county schools, while the Mt. Vernon school will receive \$20,522.44.

### BEING A HUSBAND IS A FULL-TIME JOB

He should not only bring home bacon, but perhaps help in cooking it.

### WHY HUSBAND OLD?

Marriage has always been a contract between two people, how much the partners love one another or how responsible they are.

Four of the problems of in-laws, unfaithfulness, gambling and drinking. The thing which makes marriage flat for most women is lack of attention from their husbands. They want to be treated like a sweetheart as well as a business partner.

However, it is evidently possible to receive much attention and too little help from a husband. The husband who expects perfection in his wife, without offering to help, realize, what is far too general, namely that making a living is all that is required of

Most women who take care of a home and small children, without help, work as hard or harder than their husbands, and then lose sleep at night with the small fry.

I believe that the two extremes are the man who lives his wife no companionship and the man who demands lots of it regardless of circumstances and the wife's ability to help. I reflect the idea that all a man has to do in order to have a happy home is to make the

This is a most unperceptive and short-sighted viewpoint. There is more to marriage than that.
