State Farm and Home Week How raising sheep is helping farmers, especially in the eastern counties of the state, will be revealed in one session at Farm and Home Week at the University of Kentucky at Lexington January 31 to Feb. 3. "Pilot" flocks have been established in a half-dozen counties to show farmers how sheep may be made to pay. Included are Floyd, Lawrence, Morgan, Johnson, and Knox counties. Owners of such flocks will tell about their experience with sheep.

Hog production will be considered at another session during the week. Speakers will include Dr. Damon Catron of Iowa State College, an authority on raising hogs. Farmers and members of the Kentucky College of Agriculture also will speak. Cattlemen, at a special morning session, will hear Robert J. Norrish, of Armour and Company's Livestock Bureau, Chicago. Also on the program will be farmers from Fayette, Madison, Henderson and Woodford counties.

In memory of our dear son
Arvid Parris McKinney, who
passed away Jan. 9, 1935.
One year ago today, God called
you home to live in the sky.
We do not need a special day
to bring you to our minds.
The days we do not think of
you are so hard to find.
We will always love and remem-
ber you.
So wait for me just inside the
door.
I know you won't have long to
wait.
I long to meet you up on high
where there will be no tears
to cry.
I am waiting to be on my way
to meet you there some
glad day.

Truck Takes Plunge While Driver Warms

It was a mighty cold and slick Wednesday night a week ago down around Livingston.

About 30 trucks were stalled on the hill between Calloway and White Star service station about 2:30 a. m. Thursday.

One of them, Charles Carter, Jr., of London, driver of a Dance Freight Lines truck, finally gave up, left his truck and went up the hill to stand by a fire and talk with other drivers until the State Highway Department came along with sand.

When Mr. Carter glanced back to the area where he left the truck, it wasn't there. Shortly he found it. The brakes apparently failed. The truck rolled off the new section of the road to the old road, crossed the ravine and rolled about 150 feet from where it started.

Army Reserve Tells Program

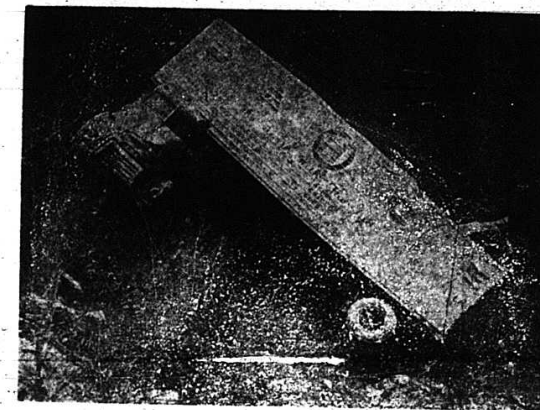

Do you know that every young man between the ages of 18 and 25, sooner or later, incurs a service obligation to his country of either 6 or 8 years? So say officials at the Louisville Army Center.

When you are inducted into military service, your obligation does not begin until you are 18 years of age. However, the day you are 17 you may, with your parents consent, join a Reserve Unit and begin the reduced service obligation immediately.

In other words, by joining a Reserve Unit at age 17, you may complete your service obligation at age 23 or 25. You receive only one full day's pay, \$2.60, for attending each two-hour drill period, four times a month, but you also qualify for promotion to Pvt. 2, \$2.86, Pfc. \$3.31, Cpl. \$4.08, for each two-hour you are inducted.

If you choose 6 months training in the National Security Training Corps, you are exempt from the draft except in a National Emergency as long as you train satisfactorily with a Reserve Unit for 7 and one-half years, the balance of your period of obligation, official pointed out.

Under the present plan if you are between the ages of 17 and 18 and one-half, you may enlist in a local Reserve Unit, draw the above pay for each two-hour drill period attended, and you will be required to serve from 3 to 6 months on active duty as soon as you graduate from high school or reach the age of 20.

Mrs. Chaney's Funeral Held in Mt. Vernon

Funeral services for Mrs. William P. Chaney, formerly of Mt. Vernon, were held Sunday at the Mt. Vernon Baptist Church where she was a member. She was 77.

Mrs. Chaney was born Sarah Jane Bradley, Sept. 18, 1878. She married William P. Chaney, formerly of Reading, Ohio, and she is survived by five sons and two daughters.

The sons are: Everett, of Mt. Vernon; Claude, of Richmond, Ind.; James R., of Middletown, Ohio; Lewis, of Cincinnati, Ohio; and Raymond, at home. Her surviving daughters are: Mrs. Cordia Bessie of Reading, Ohio, and Mrs. Lelia Marcum of Corbin. One daughter, Lula Faye, preceded her in death.

Funeral services were held Sunday at the Three Links Christian Church with the Rev. J. L. VanWinkle officiating. Burial was in the family cemetery.

Mr. Martin was born Aug. 13, 1869. He married Benda Alton, who preceded him in death 25 years ago. He was a member of the Christian Church for 60 years.

He was survived by seven children: Mrs. Naomi Anderson, Danville; Mrs. Effie Bond, McKee; Mrs. and Henry Martin, of Three Links; Mrs. Jose Cox, Tampa, Fla.; Mrs. Ora Cox, Lexington; Mrs. Nannie Sparks, Dayton, Ohio; 26 grand-children; two great-grandchildren; two sisters and two brothers.

Britton Funeral Home had charge of arrangements.

Mt. Vernon Livingstone Draw Byes In Tourney: Brodhead Vs Memorial

Two county basketball teams, Mt. Vernon and Livingston, met in the quarter finals of the 46th District Tournament at Stanford Friday night.

In drawing for the district tournament, scheduled to open Feb. 27 and run through March 3, both teams drew byes. Mt. Vernon in the upper bracket and Livingston in the lower bracket.

After the drawing, it was apparent the Mt. Vernon Red Devils couldn't have done better if they'd chosen their spot. A first-round bye, it was just as apparent the Livingston team would have tough sledding.

Brodhead, third county team, couldn't have done worse as the past record is confirmed. It drew the district's first ranked team, Memorial, already winner of two games from Brodhead. Also in the bracket with Brodhead, Liv-

41 Brodhead Pupils Honored

Forty-one students at Brodhead High School were the honor roll during the last six weeks. They are: SENIORS: Donald Harper, Diane Sowder, Josephine Smith, Betty Cash, Kathleen Brown, Sheryl Burke, Shirley Brown and Gwen Bullock.

JUNIORS: Reda Mae Cummins, Virginia Gentry, Roger Graves, Geneva Kinser, Lois Laves, Betty J. McCracken, Ethel Hurley, Reatha Chasteen, Betty Cash, Kathleen Brown, Sheryl Burke, Shirley Brown and Gwen Bullock.

FRESHMEN: Roberta Bullock, Brenda Albright, Catherine Harris, Rosalind Hasty, Loretta Payne and Linda Sutton.

Robert D. Bullock Digs at Sister's Home

Robert D. Bullock, of Hanes City, Fla., died Saturday at the home of his sister, Mrs. Lydia Howard, Manly, Ky.

He is survived by two brothers and four sisters: Mrs. Howard W. E. Bullock, Jeffersonville, Ind.; Andy Bullock, Lexington; Mrs. Abbie Bond, Orlando; Mrs. Frances McDaniell, Hamilton, Ohio, and Mrs. Verma Ponder, Lexington. Mr. Bullock was born Dec. 16, 1891 at Red Hill, the son of J. C. Bullock and Nancy L. Kincaid.

Funeral services were held Sunday at Red Hill Church, which showed its power potential in a fight if it is even to come near the district title. Greatest stumbling block in Mt. Vernon's path is Stanford headed for a fight if it is even to defeat Stanford by one point.

On previous years Stanford succumbed to Mt. Vernon during the season only to defeat the Red Devils in the district tournament later at Somerset, Crab Orchard. Judging from recent performances in dropping games to Monticello and a weak Danville five, Mt. Vernon appears headed for a fight if it is even to come near the district title. Mothers Set Polio March

The annual Mothers March to solicit funds for the Polio Foundation will be held in Mt. Vernon, Brodhead and Livingston Jan. 26.

The march, which will see some 30 women in Mt. Vernon participating, will be from 6 p. m. to 7 p. m. Members will have about one block to solicit. In Livingston, the Scouts may lend the women a hand.

The fire whistle in Mt. Vernon will signify the march has started. Citizens have been asked in all three towns to leave their porch lights on.

Each year about \$200 is contributed in Mt. Vernon through the Mothers March. It will be Livingston's first effort at the march and Brodhead's second.

Mrs. Earl Hammonds is leader of the march in Mt. Vernon. Mrs. Barbara Owens has charge in Brodhead, and Mrs. C. H. Mounts in Livingston.

All three leaders have called on residents in the three towns to respond to the March of Dimes and to give as much as possible to the cause of polio.

4-H Club Council Discusses Organization

A report on 4-H Club organization in Rockcastle County, Ky., was presented by Calvin Risner, assistant county agent, at a meeting of the 4-H Club Council, according to Juanita Witt, council secretary.

He reported most of the general leaders have been selected for the year and suggestions were given for farm and home project leaders.

H. L. Durhan, county agent, reported at least one of the county agents will meet once a month with each club and a monthly program will be mailed out in time for each club to work for its meeting.

A letter of recommendation for the state-wide 4-H Club contest, endorsed by the University of Kentucky, was read and discussed. Copies of the letter will be printed and mailed each member so he can study it and be prepared for more discussion on the February meeting.

The council voted to have a pot-luck supper along with the February meeting.

Brook Twins Die; Buried at Negro Creek

Two daughters of Mr. and Mrs. Proctor Brock, of Crab Orchard, died at birth this week at Garrard County Hospital, Lancaster.

The babies were buried in the Negro Creek cemetery with the Rev. Ben Doyle officiating.

Besides their parents, the children are survived by their grandmothers, Mr. and Mrs. Bradley Brock and Mrs. Fayette Powell.

Howard Funeral Home had charge of arrangements.

Phone Co-Op Case To Court Of Appeals

The battle for a new telephone system in Rockcastle County is not over.

Another Rockcastle Rural Telephone Co-operative Corp. fire, another volley in the long legal battle for a new telephone system Tuesday in Frankfort.

It served notice it would ask the Court of Appeals to reverse Special Franklin County Circuit Judge Marion Rider's decision which called the Public Service Commission's grant of the Co-Op a permit to operate in territory served by the Mt. Vernon Telephone Co., unlawful under an unconstitutional law.

Judge Rider's recent ruling reversed a state order which granted the Co-Op the permit and denied the Mt. Vernon Telephone Company's application for authority to extend and improve its facilities.

Now the Co-Op wants the Court of Appeals to reverse the decision by Judge Rider and allow the Co-Op a permit to operate.

But apparently, the Public Service Commission does not believe the Co-Op should refer the application to operate the new company back to that Commission, but should let the issue go.

If the Appeals Court should uphold the decision of Judge Rider, just what the Co-Op would do has not been stated. Probably the Co-Op would start all over again by making a new application to the Public Service Commission or forget the matter. The latter course seems unlikely.

The Co-Op will file for a hearing before the Court of Appeals sometime this month. J. G. Ashcraft, assistant at Gorney, generally has indicated he will request an early hearing before the court. No speculation on when that date would be set has been made.

Making the trip to Frankfort Tuesday to discuss the case were Co-Op representatives Bradley Saylor, James Lambert and W. S. Stewart.

The earlier decision by Judge Rider, he wrote, not to allow the company to maintain extend or add to its facilities in a manner necessary to render service to its subscribers, and let the company sit idly by and watch the destruction of its plant, amounted to confiscation. He then ruled the Commission's order unlawful, a deprivation of the Kentucky Christian Endeavor Union.

Two divisions will enter the competition—one is for youth who are in the 12th grade or below by February 6, 1956, and the other for those who have completed the 12th grade but have not reached their 25th birthday by Feb. 6th. Winners will be determined by the merits of "A Letter to My Congressman, not to exceed 1,000 words, on the subject.

Winners of the state will be eligible to participate in the Southern Region, and if successful will be eligible for the International awards of cash, totaling \$1,000.00, and two trips to Washington, D. C. All participants should send a Notification of Participation to the International Society of Christian Endeavor no later than Feb. 6th, 1956, E. Board St., Columbus 16, Ohio.

Bluegill Fish Stocking Deadline

The deadline for applications for bluegill fish for farm pond stocking is February 10, 1956. Deliveries reported today. Deliveries of fish will start on March 5, but the applications must be received at an earlier date so that they may be processed and the route of delivery mapped. Fish are furnished free to any farm pond owner making application.

The show, to be held at the Howard Theater, Feb. 6, 7, 8 and 9, will feature a string band, "Rainbow Valley Boys," excellent recording artists, along with Don Farmley, five string banjo; Little Lowell, old time fiddler; Bob Fair, steel guitar; Charles Powers, ventriloquist, with Elmer McVitt; A motion picture feature will also be shown along with the total two-hour show.

Master of ceremonies for the show will be Wally Hoover and Bob Fairchild, of radio disc jockey fame.

3 Officials Seek Administrator

R. H. Hamm, of Ottawa, and Rev. Fountain Jones, of Freedom, have been appointed along with the Rev. Raymond Lawrence, Mt. Vernon, to obtain a hospital administrator for the Rockcastle County Baptist Hospital.

The action was authorized at the last meeting of the Hospital Board of Directors. No applications for positions in the hospital will be received until after the administrator is employed.

Mr. Lawrence reported gifts sent a pledge for \$20,000 drive for operational funds to be used in the early months after the hospital opens have now passed \$10,399.98. A total of \$10,399.98 has been pledged or contributed.

The Livingston Baptist Church sent a pledge for \$500 or above. The church voted to receive a special offering on the last Sunday of each month for the hospital. The leaders of the church have expressed the belief the church will exceed this amount.

Mr. Lawrence also pointed out to contribute to the hospital fund will be allowed to do so. When gifts or collections are turned in to R. B. McKenzie, those desiring to have their gifts made public should tell Mr. McKenzie at that time.

Mr. and Mrs. Wallace Hancock and son, Frank, of Remick. Mrs. Victoria Hancock has taken the Deane's Cream Station over at Boardman, Laurel, Ky. We are sure a lot of flowers when some one leaves the old world is gone but this writer likes to give glory to the giver. I was in Mt. Vernon last week on business looking for advice and who did I find, your friend and mine, Ed Denney, ready to help those that need help. Also Bro. George Murphy, who is always willing and ready to help you any time. A Gower to the living is worth more than gold after they are gone. A kind word and a smile given in life as you travel along helps a burdened heart person to sing a new song. This is the beginning of a new year, 1956 let's help make it a better year and this Signal a better Signal by giving your news to the ones who write the news of your community.

"I don't think this would have happened on concrete!"

"It happened so fast, officer! I was taking it easy because I know this type of pavement is slippery when wet. I stepped on the brakes to slow down for the curve and my car suddenly went completely out of control. I skidded into the other lane of traffic and right into that other car. I don't think this would have happened if I had been on a concrete road."

You're right, Mr. Motorist. There's less chance of such an accident on concrete. Concrete pavement has greater skid resistance than other pavements. Your tires get a tight grip on its gritty surface. This means better vehicle control and quicker stops without skidding, even though it may be raining.

Remember, the type of pavement can often mean the difference between life and death. You're much safer when you drive on a skid-resistant concrete pavement.

Smartest Buy in the fine-car field

You've probably noticed that more and more people seem to be stepping into the upper circle of fine cars. And there can be no doubt that "good times" have a lot to do with this. But all by itself, it doesn't explain the sudden spurt in sales of the finest of Buicks - the 1956 ROADMASTER. For it has always been our experience that folks with the wherewithal to buy any car they choose are apt to be the choicest of all. So it seems quite clear that the marked and increasing preference for ROADMASTER is in the fitness of the car itself.

We can tell you why very simply. ROADMASTER starts off with all the virtues that have caused the full line of Buicks to scoring popular favor - then caps that acclaim with a worthiness all its own. You sense the special eminence at once - in the individualized styling of this gracefully proportioned car. You recognize it again - in the quiet elegance of its custom appointments - and in the good taste of its luxurious fabrics and color harmonies. It's POWERFUL Good News! NOW NEW POWER... NEW 2-3 PLOW TRACTOR PERFORMANCE that will open your eyes! THE NEW JOHN DEERE 420 FLEET WANT a real performance thrill? Just get your hands on the wheel of a new John Deere 420. John Deere Tractors have always amazed owners with their "never-say-die" rugged power. You'll agree you never saw any other tractor put so much pound for pound. The new 420 Tractor—10 models in all—features 20 per cent more built-in power than the 407 Series, which they replace. That means better performance in the higher gears, ample power to use bigger-capacity tools—even 3-bottom plows and 4-row planters and cultivators. It means more acres covered per day, more jobs done on time. There are many other advantages we invite you to see. As for modern John Deere comfort and operating features, you'll find them all—deep cushion seat... standard 3-point hitch with Load-and-Depth Control... "Lite" Touch-o-matic hydraulic control... self-energizing disk-type brakes, swinging drawbar... and many others. Come in and get all the facts; arrange for your free demonstration. No obligation to you.

The Signal Says--

BRODHEAD EXPERIMENTS WITH WATER BILLING

In a few days, if not already, city water consumers in Brodhead will receive their first bi-monthly water bills, while city officials in other area towns watch to see if the experiment is successful.

That Brodhead will have complaints, is a forgone conclusion. Inevitably, where there is a change in city, county and state procedure there are those who voice their disapproval. Brodhead officials only hope those who approve will be in the majority.

Some months ago Kentucky Utilities began its bi-monthly collection of electric bills in Mt. Vernon and surrounding area. In the case of Kentucky Utilities, consumers had very little choice—either allow the company to save money through reduction of paperwork and procedure or have a rate increase. The company decided on the former course—a cheaper course for consumers. In the case of Brodhead, should the experiment fail, water users will not be faced with a rate increase.

According to Brodhead City Councilman William Dillingham, in putting Brodhead water bills on a bi-monthly basis, employees believe it will mean less work in meter reading, and less work in making collections at Citizens Bank. Employees asked various councilmen to try the experiment and found no emphatic objections.

Mr. Dillingham also stresses there has been no action by the Brodhead City Council on water bill collections. At any time the city can revert to the monthly collection.

The most important question in bi-monthly billing is: What will it mean to the consumer, and what will it mean to the town?

It will probably mean the town will lose money. The money will be lost from the big water consumer, since the more water used, the cheaper the rate; and the cheaper the rate, the smaller the bill. The big water consumer will obviously use considerably more in two months time therefore, will get a cheaper rate for using it.

The residential consumer, or smaller water user, as a general rule, will not use enough water in two months to have the advantage of a cheaper rate. He'll probably see little change in his water bill.

The outcome of the experiment will soon be known. Water consumers "for" and "against" the change will no doubt make themselves heard. Officials in other towns should watch and listen closely to reactions to the experiment as a guide for their future water plans.

WE'D LIKE TO KNOW YOUR NAME

From time to time the Signal receives letters to the editor from subscribers who want to express their feelings "pro" or "con" on a given situation.

The Signal is happy to receive these letters even when they're "pro" and "con" about us. But there's one thing we have to insist on—a signature and an address. A "just a reader," won't do.

We have a reason or two. We feel our readers are justified in knowing who you are. Your praise, or criticism, also will be more appreciated over your name. And last, but not least, we call it "self protection."

So keep your letters coming, but remember, we're friendly, and we'd like to know your name.

Curtail Extension Of Income Tax Returns

William M. Gray, district director of internal revenue, Louisville District, has stated that it will be necessary to take certain measures this year to curtail requests for extensions for the filing of income tax returns, since such requests have increased much more than the normal average expectancy despite the fact that the income tax filing period has been extended to April 15.

This course is necessary because many professional people who prepare income tax returns for others have fallen in to the practice of requesting numerous extensions immediately before the end of the filing period.

Mr. Gray went on to say that hereafter, except in rare instances, no extensions for the filing of income tax returns will be granted which are not postmarked prior to March 25, 1956. The only exceptions will be requests based upon the death of taxpayers or other similar unforeseen circumstances.

Likewise, no request will be granted, regardless of its merits, which does not include the name and address of the taxpayer, the period covered by the return, the length of extension requested, and a complete recital of the reasons upon which the request is based.

Fifth Quarter

by Lyle Underwood

Pairings for the District Tournament to be held at Stanford, Feb. 27 to March 3 were held this past week and two of the three county teams will sit out the first round as they drew a bye. Brodhead will face Memorial who has beaten them twice this season. In the second game at 8:30 p. m. on the first night to wind up the first round.

Mt. Vernon and Livingston get into action and will face the winners of McKinney and Liberty and the Brodhead Memorial game in that order. On Wednesday night and if both should win will play on Thursday and Friday night to determine who will play for the championship on Saturday night. The best finalist will both compete in the regional tournament to be held the following the district tournament.

The outcome of a basketball game in Rockcastle seemed hard to predict as the weather as all three teams have pulled some stunting upsets and went down to defeat in others.

Livingston, after winning third place in their invitational tournament were services of the night with two straight victories when they ran up against Paint Lick, who had beaten them previously this season. On the short end of the score, Brodhead, who was eliminated, got a slow start, continued to play fairly good ball before running up against a determined Monticello and Danville quartet to lose two in a row. Providing Ken Cornish doesn't return before the tournament, Mt. Vernon's chances will undoubtedly be hurt despite the fine performance John Dale Helton has been turning in for the Red Devils.

Brodhead Downs Tyner
Brodhead's Junior varsity won their first contest of the season by defeating the Tyner team 28-19 in Friday night.

and set the stage for the Tigers varsity in giving the Brodhead team their first double victory of the season. The main game of the evening got off to a slow start and looked like a low scoring ball game before the Tigers caught fire in the second quarter and rolled to a 33-23 half time score.

Shooting at a 46 percent clip the first half, the Brodhead team concentrated on working the ball in under the basket for better shots which proved to be a wise move as it not only kept the game a good shooting percentage but a more balanced scoring attack.

The second half added very little excitement and the Tyner team began to falter beneath the terrific pace employed by the Tigers. Brodhead gradually pulled away as the Tigers big center, Ken Thompson, who eventually wound up the evening as high scorer with 22 points, controlled the rebound and pumped in basket after basket. Ronnie Sutton was equally effective on the scoring end and contributed 21 points to his team's cause. Brown scored 12 points, Pennington 10 and Chandler 8, to wind up the evening with a well balanced team effort on the part of scoring.

Hunting Soon Over

Kentucky's hunting season for rabbits, quail and grouse will end on Tuesday, January 17, bringing to a close one of the most successful seasons in recent years. In addition to the close of this season shooting—also—must stop for ducks, geese and coot on Sunday, January 15, while far-birding animals may not be taken after January 17.

Old Age Assistance Law On Homes Up For Repeal

Separate bills to repeal the old age assistance lien law—always a controversial issue in Kentucky's election campaigns were offered in the House of Representatives by Reps. Harry M. Caudill, Democrat, Whitesburg, and Banjo Bill Cornett, Democrat, Hindman.

Existing law imposes a lien against realty owned by recipients, which is enforceable at the death of the recipient, but inferior to claims for burial and medical expenses.

Total 1955 payments January to December in Rockcastle County distributed among the three types of recipients were: Old Age Assistance, \$166,476; Dependent Children, \$102,444 and Needy Blind, \$6,123 for a total of \$275,043 in the county.

Farm and Home Week Set at U of L

The 44th annual Farm and Home Week will be held Jan. 31 through Feb. 3 at the University of Kentucky. Theme of the week will be "More Efficient Farming Through Wise Use of Latest Research Information." An extensive program has been planned.

Disability Legislation

Kentucky would be permitted to provide public assistance for the permanently disabled under terms of legislation proposed in both the House and Senate—a class not now covered by state law, though this permitted by federal law.

Rep. C. C. Fadden, Republican, London; Rep. James W. Lambert, Republican, Mount Vernon; and Senator W. A. (Pete) Wickliffe, Democrat, Hazardburg, and Senator Wendell Van Hoose, Republican, Tutor Key, proposed that the State accept terms of the federal program as a basis for future appropriations to be made. Kentucky's public assistance laws now embrace only the needy aged, needy blind and aid in dependent children programs.

GI Insurance Pay Method Explained

Only eligible GI insurance policyholders who wish to change the method of payment for the regular annual 1956 dividend are invited to the Veterans Administration of the payment method desired. Ray R. Adams, Manager of the VA Regional Office in Louisville, said today.

Those who wish to receive their 1956 dividend in the same manner as in the past are not required to register. VA officials believe the present method is best because their past method will be applied automatically.

Various dividend payment methods are available to eligible policyholders, Mr. Adams said. "For those who fail to stipulate in writing how they wish their regular dividends to be handled, VA is required by law to set up a dividend credit for their insurance account and to use this credit to pay premiums as they become due and are not otherwise timely paid.

Unused dividend credits will continue to compound annually until they are withdrawn by the policyholders or are paid out at the maturity of the policies in conformance with the policyholders' wishes.

All eligible policyholders also may request VA in writing to pay their regular dividends to them in cash or to apply the dividends in payment of future premiums.

Local Dealers Now Showing New Tractors

A new John Deere Tractor the "420," with approximately 20 per cent more power than the "40" tractor which it replaces, is being shown and demonstrated by Mt. Vernon Hardware, as advertised in this issue.

The newly designed two-wheel drive, valve-in-head engine which accounts for the added power, is available in gasoline and diesel types. Compression ratio has been stepped up to 16 to 1 in the gasoline engine.

In the complete "420" series farmers are given a choice of five different wheelbase models power rated 23-hp, and the 4 and 5 ton crawler models rated as 3-4-hp.

On the other hand, it has demonstrated that this added power improves field operation of the new tractors, especially in the higher gears. It also provides

Income Tax Booklet Ready For Farmers

"How to Save Money on Your Farm Income Tax" is the title of a new booklet prepared by the J. K. Lasser Tax Institute and offered free by the Nitrogen Division of Allied Chemical & Dye Corporation. Written in concise, everyday language, the booklet enables the farmer to grasp his tax deduction situation with a minimum of reading. Among subjects covered are how to compute your farm income, forms to use, farmer's self employment income, declarations for farmers, and crop damage payments. Especially helpful is a section entitled "Special Tax Saving Check List for Farmers."

Tax Questions Answered

Persons in the Internal Revenue Service will answer any question that you may have about your Federal Income Tax Return. The tax office, however, does not expect taxpayers to cooperate to the extent of actually filling out their returns. In this area, tax men will be in Somerset every Friday at the court house.
