On Lovell's Knob--

Utility Company Builds New Microwave Tower

Kentucky Utilities this week put the finishing touches on the company's new 250 foot microwave tower overlooking Mt. Vernon on the hill east of town.

The tower is directly behind and overlooking the residences of Jim Davis and Scott Fox. The tower is lit at night with red lights as a warning to low flying aircraft.

The tower is part of a \$85,000 microwave communication system which links KU Company facilities at Dix Dam with Pineville.

The system, which is expected to be in operation in the near future, is used for power dispatching, telemetering, supervisory control, remote control of legal two-way radio installations and emergency business communications.

The systems advantages are the high degree of reliability, even under adverse conditions, and freedom from interference which might develop on the carrier system which enables messages to be relayed over the company's transmission lines.

Comparatively new in the electronic field, microwaves use high frequency radio waves, beamed from point to point along a narrow path. A microwave system provides a private radio system with instantaneous transmission of messages and electrical impulses which automatically operate equipment. It is practically invulnerable to ice, sleet and snow. In this respect, in the last few days it has been well tested by its weather.

The company last year finished a similar system which linked Lexington, Dix Dam and Green River Power Station. Its cost was about \$150,000.

Lambert Head 2 Fill Bonds County Short Of Dimes Goal

It was announced jointly today by Mr. Edward H. Hilliard, of Louisville, Volunteer State Chairman for Kentucky, and James W. Lambert, Volunteer Chairman for Rockcastle County, that the county's 1956 sales goal for Series E and H Savings Bonds is \$102,000.

Mr. Hilliard stated that the 1956 goal for Kentucky is \$67,800,000, which represents an increase of only \$4,600,000 over the 1955 goal.

The 1956 National Sales Goal for Series E and H Savings Bonds is \$5,650,000,000, an increase over 1955 of only \$159,000,000.

During 1954, approximately 67 counties will have either come close, or actually achieved the equivalent of their 1956 goals. As a result, all these areas and the state should have little difficulty in realizing their quotas.

County and State goals are based on past performances and potentials which include, among other things, disposable personal sales, population, and per capita income.

Final sales figures for 1955 will be sent you as soon as possible. The beginning of a new year is always a good time to make plans for what you, as individuals, can do to assure that the year will be a prosperous one.

These plans should not certainly include the purchase of U. S. Savings Bonds.

Joseph P. Reynolds' Funeral Held Sunday

Joseph Paul Reynolds, 35, of Dixie, Ind., was formerly of Crab Orchard, died of a heart attack recently.

Mr. Reynolds, a veteran of World War I and farm equipment salesman, was born in Crab Orchard, Mar. 13, 1920, the son of Mrs. Floyd Reynolds. He was married to the former Wanda Beagle of Greensburg, Ind.

Besides his wife, he is survived by two sons, Robert Floyd, 15, of Crab Orchard and Tommy, 6, of Muncie; one daughter, Reta Joe, 10, also of Muncie.

Funeral services were held Sunday at the Howard Funeral Home Chapel, Crab Orchard, with the Rev. E. V. Carrier officiating. He was buried in Crab Orchard Cemetery.

Fire Damages Home Of C.G. Stewart

A fire, believed caused by heat from a chimney, did an estimated \$1,000 worth of damage to the home of C. G. Stewart, R. 1, Wildie, about midnight Wednesday.

Neighbors helped Mr. Stewart extinguish the fire. Most of the furniture in the recently completed house, was carried outside.

The government, he declared, will not permit the operating organization to transfer funds from the hospital to any other community or denominational cause, no matter how worthy. All profits must be returned to the hospital in form of increased and better services rendered.

Reverend Lawrence stated that the hospital will make every effort to operate at a profit in the "black." Paul Hickey, director of the Division of Hospital Services of the Kentucky Department of Health, has estimated the local hospital will probably begin operations in 1956. He said that the hospital will be back about three months after the opening day. Hickey now being raised by Rockcastle County Baptist Hospital Inc. are to be used to operate the hospital during the first three months and also to buy drugs, groceries and other supplies.

Kentucky Utilities To Buy Electric Power Plant

The Public Service Commission granted Kentucky Utilities Company authority to purchase the electric power plant and distribution system of the Stearns Coal and Lumber Company, Stearns, McCreary County, for \$250,000.

Bill Green, 51, of Horse Lick area is in a critical condition in Berea College Hospital this week after he was shot during a fracas at the home of a neighbor Saturday night.

Released on \$500 bonds each on a charge of "shooting and wounding with intent to kill" are Mrs. Mae Thurman and Mrs. Lilly Christy, both of the Horse Lick area.

According to investigating officers, Green and Mrs. Christy, a widow, were visiting at the home of Mrs. Thurman. Mrs. Thurman told officers Green "tried to kill her" and "beat her." She showed officers bruises about her face.

During the scuffle and argument Mrs. Thurman shot Green three times in the abdomen and once in the forehead with a .45 automatic. Mrs. Christy is reported to have attacked Green with a China crock.

Mrs. Thurman's husband was working in another state and was not at home at the time of the shooting.

New Skating Rink Scheduled For Broadhead

Broadhead will soon have a new skating rink on the fairgrounds.

D. H. Robbins and C. E. Frith, of Broadhead, announced construction on the building is now underway. The new rink replaces the rink destroyed by fire in the fall of 1955 at the same location as the other rink.

The rink and refreshment concession will be operated by Marie Long, Lancaster, who operated the previous rink. It will be constructed of steel and is expected to be completed by April 1.

Hospital Fund Total Goes Up

The Rockcastle County Hospital fund drive to raise some \$20,000 to operate the hospital in its first few months, has now reached a total of \$10,359.

A \$40 contribution was made by Mr. and Mrs. J. H. Bullock.

In announcing the new total, Rev. Raymond Lawrence, pastor of the Mt. Vernon Baptist Church, took the opportunity to answer some questions and make their appearance in conversation.

Reverend Lawrence said many people have asked what is meant by the statement that the hospital will be "non-profit."

He explained, the Federal government requires that the hospital be operated as a non-profit basis. The hospital will charge only for hospital services and will attempt to save as much money to buy new equipment as possible and to tide the hospital over periods of low income.

The government, he declared, will not permit the operating organization to transfer funds from the hospital to any other community or denominational cause, no matter how worthy. All profits must be returned to the hospital in form of increased and better services rendered.

Reverend Lawrence stated that the hospital will make every effort to operate at a profit in the "black." Richard Allen Mason Buried In Laurel

Funeral services were conducted Tuesday for Richard Allen Mason, 75, who died Saturday at his home in Sand Hill. He had been ill for several years.

Mr. Mason came to Rockcastle County from Laurel County three years ago. He was the son of Mr. and Mrs. Charlie Mason. In 1904 he married Vieve Mink and ten children were born.

He was a member of the Horse Creek Baptist Church.

A. M. M. D., president of the Eighth Congressional District Lincoln Republican Club, Williamsburg.

Former Three Links Merchant - Farmer Dies

J. Frank Hampton, a former resident at Three Links, died at the home of his son in Hamilton, Ohio, Sunday. He was 86.

Mr. Hampton was in the farming and general merchandising business and operated a store at Three Links and another section of the county. He was a member of the New Hope Baptist Church.

Mr. Hampton was born the son of Pleas and Viva Ballinger Hampton, Sept. 11, 1868, near Johnetta. On March 28, 1889, he married Telma Hampton, who preceded him in death in 1953. Fifteen children were born to the couple, five of whom survive: Three daughters, Mrs. Pearl Rivers, Middletown, Ohio, Mrs. Minnie Heber, Hamilton, Ohio, Mrs. Suda Jarvis, Miami, Fla.; two sons, Jasper, of Richmond, Ind., and Amos, of Hamilton. He also leaves 18 grandchildren and 22 great-grandchildren.

Funeral services were conducted Wednesday with the Rev. C. H. Philbeck and the Rev. William Durham officiating. He was buried in the cemetery. Cox Funeral Home had charge of arrangements.

Examinations Announced For State Police Cadets

Competitive examinations for positions as Cadet Trooper were announced today by Kentucky State Police commissioner P. A. B. Widener.

\$439.38 Given By Residents

Residents of Rockcastle have contributed \$439.38 to the March of Dimes with the half-way mark in the current campaign approaching, according to an announcement by Mrs. Philip Davis, March of Dimes Chairman.

County officials have collected about \$1,000 in the drive. The following organizations have donated the reported amounts:

Mt. Vernon Homemakers, \$5; Girl Scouts (Beavers), \$1; Quail Stampers, \$2; Mt. Vernon Club, \$1; Rockcastle Lodge, \$10; Mt. Vernon Grade and High School, (incomplete), \$96.13; Blue Crutches sold by Beavertown, \$40.66; Broadhead Grade and High School, \$143.68; individual donations, \$235.91.

County officials have taken a look at how Kentucky has benefitted in past years by what has been done by the National Foundation for Infantile Paralysis to combat the dreaded cripple.

A Foundation spokesman revealed that since 1928 over \$3,340,000 has been spent by Kentucky's 120 county chapters to pay for care of polio patients, requiring hospitalization, surgery, braces, orthopedic shoes, and other medical needs.

It was pointed out that although officials have taken a look at how Kentucky has benefitted in past years by what has been done by the National Foundation for Infantile Paralysis to combat the dreaded cripple.

Those wanting tickets should act promptly as last year all tickets were sold and some who applied late for tickets were unable to get them as the maximum seating capacity at Dupont Lodge is limited and tickets cannot be sold beyond this, Mr. Moss reported.

All Republicans are invited to attend. Tickets may be secured by mailing a check to C. A. Moss, M. D., president of the Eighth Congressional District Lincoln Republican Club, Williamsburg.

Raymond Earl Morris Funeral At Red Hill

Funeral services were held Monday at Red Hill for Raymond Earl Morris, 39, formerly of this county who died Dec. 15.

Mr. Morris was the son of Arthur and Mrs. M. J. Morris. He was born March 4, 1916 and later married Olive Blevins who preceded him in death in 1953. He leaves three children were born: Jimmy, of the U. S. Army; Mildred, June and Jerry Lee. Jerry Lee preceded him in death in 1951. Later, Mr. Morris married Vern Schooner. Three children survive: Earl Jr., Patricia Ann and Vern.

Other survivors include his parents, Mr. and Mrs. Arthur Morris, Lynch; two brothers, Arthur and Vern, both of Lynch, and Dempsy, of the U. S. Navy; six sisters, Mrs. Iva Carter, Mt. Vernon; Mrs. Alma and Mrs. Edna, of Lynch; Mrs. Naomi Wallace and Miss Marie Morris, all of Richmond, Ind., and Mrs. Barbara Kelle, of Lynch.

Funeral services were conducted at Red Hill with Bro. George Murphy officiating. He was buried in the cemetery. Cox Funeral Home had charge of arrangements.

Elderly Roundstone Couple Victims Of Armed Robbery

Two unidentified youths held up John Reese, 68, Monday night at his service station at Hayes' Cut, between Roundstone and Conway, and made off with about \$25 in change in a cigar box.

According to Mr. Reese, about 9 p. m., two neatly dressed youths drove up at his service station in an old, black, torpedo style Buick and entered his store.

They bought three soft drinks. The men drank one each and discussed the weather. A third youth then picked up the money and made off with about \$25 in change in a cigar box.

Mr. Reese said one of the youths then picked up a package of chewing gum and handed it to him. At the same time he pulled a gun and said, "This is a stick-up."

The youth for a minute, was stunned, but finally complied, telling the youths to take the cigar box in which they had seen him put the pay for the drinks.

The youths took the box, told Mr. Reese to lie flat on the floor and to stay there for five minutes. They left going toward Berea.

Mr. Reese said to his son-in-law, "I will stay here and call the police. No trace of the youths was found."

He said that the robbers did not search him. He had no money in his wallet. He could not distinguish the license plate number.

Scenic Cumberlands Inc., Announce Program, Committeemen For Year

Funds totaling \$35,000 are being solicited in the ten-county Cumberland Mountains area to underwrite the most comprehensive area-wide advertising and tourist development program ever to be launched in Kentucky.

Details of the program, which will be conducted by Scenic Cumberlands Inc., were revealed last night by Mike Layman, Somerset, president of the tourist test area organization.

Layman named SCI members to seven committees which will advise and administer major phases of the promotional effort. He pointed out that the area's distributor for the Texas coat of arms program, Somerset, is to head the group's tourist industry development committee—charged with the responsibility of attracting new tourists to establishments in the Cumberland Woodland area.

George Philip Layman, chairman of the new committee which will plan and conduct tourist courtesy schools for the area, is to be responsible for the area's advertising and events committee.

Clayton Arnett, Berea merchant, will head the committee which will conduct an area-wide "Clean-up Fix-up Paint-

supported by membership dues paid by owners of tourist facilities and retail stores and by individuals in the agency's ten-county service area. More than half of the funds have already been collected, and the membership campaign is scheduled to close February 1.

Layman said he has "every reason to believe that the \$35,000 quota will be reached" by that time.

Ten Top Corn-Growers Tell Secret of 200-Bushel Yields

Good management practices build top corn yields per acre. TEN TOP Indiana corn growers whose 1954 yields ranged from 175 to 214 bushels per acre had these practices in common, according to studies by Purdue University agronomists. 1. They believed in "pouring on fertilizer". 2. The champions suited their planting rate to the soil's fertility level. 3. All of them drilled their corn with row widths varying from 38 to 40 inches. 4. All growers planted hybrid corn. 5. O. Fence, Purdue agronomist, says that all 10 growers used high analysis row or starter fertilizer, varying from 200 to 400 pounds per acre. Nine of the 10 either side-dressed with nitrogen or broadcast and plowed down additional fertilizer such as 10-10-10 or 15-15-15. The two top growers used 3,000 and 1,300 pounds of ferti-

The Signal Says...

LET'S WATCH THOSE FLASHING SIGNALS

Since the beginning of the school year in September, more than 30 motorists have been fined on a charge of passing a school bus while loading or unloading children.

We are happy to report nearly all the drivers fined by County Judge Walter Sowder on the offense have been out of state.

Actually, there seems to us to be little excuse for out-of-state cars, or in-state cars for that matter, to violate this law. It has been on the books since school buses began transporting children. We believe it is good law. We cannot think of anything more dangerous, and much worse, than a car speeding past a school bus unloading small children, children who are taught cars, but who, in the excitement of goodbyes, sometimes forget why numbers of cars disregard school buses in such wholesale numbers is beyond us in Illinois, Indiana, and Ohio. For example, penalties prove much stiffer than in Kentucky.

Judge Sowder usually fines motorists who violate the school bus law \$1 and 30 days. The violator actually pays the \$1 fine, plus \$2 to the county attorney, plus \$4.20 to the county, plus \$6 to the sheriff. In total the violator pays \$11.20.

Judge Sowder has probably felt sorry for some offenders. He has given them the benefit of the doubt on nearly every occasion. If he desired he could fine the driver \$200 and give him six months in the county jail. How long his patience will continue remains to be seen.

We offer a reminder and a suggestion to motorists. School buses carry a precious cargo—our citizens of tomorrow. Let's be careful and stop when we see the flashing signals.

IT'S EASY FOR EDITORS TO GET GRAY

There are many things that help editors increase the number of gray hairs. One such way was illustrated this week when we nearly out-scooped ourselves.

It all began, as shown in a story on the front page of the Signal, when we undertook to describe the location of Kentucky Utilities' new tower.

Since the tower is on a hill overlooking Mt. Vernon, and since the hills around Mt. Vernon have names (Fairground and Town) we believed the hill to the east of town had a name, and, though we didn't know the name, we were sure everyone else did.

Everyone, or nearly everyone, didn't know. Some 50 inquirers produced no results. So we figured we'd scoop everyone and name the hill. Tower Hill.

Then reliable Henry Cox, of Mt. Vernon, threw a wrench into the line-type. He politely and emphatically informed us our pet project already has a name—Lovell's Knob.

This sent us scurrying to find the source of the name. Mrs. Margaret Miller provided the source. It seems in years gone by, Dr. A. G. Lovell owned nearly all the mountain. It was his hope to build a tuberculosis hospital on the summit, but death cut short his ambition. Later the land was sold and parts of it now belong to the Cox family, Jim Davis, Gene Stokes and others.

So our pet project fell through and we had to revert from "Tower Hill" to "Lovell's Knob." But with all due respects to good Doctor Lovell we still don't like "knob" since we think of a knob as something on a door.

But history will be history, and until someone braver than we are comes along, we'll go on calling it "knob," conceding of course, like the "knob" will probably be there longer than the "tower."

MARCH OF DIMES

(Continued from page 1)
Toward the end of protecting the public against paralytic polio, the March of Dimes in 1955 gave over 259,000 cc of Salk vaccine without charge to the state of Kentucky to start a vaccination program for 1st and 2nd grade children. The program also said that March of Dimes grants totaling over \$145,000 have been given to the University of Louisville for virus research, polio prevention, and for medical care demonstration.

Emergency aid in life-saving show exhibits and promotional pamphlets, would also be generously supplied to Kentucky as needed.

In Rockcastle, according to Mrs. Earl Hammons, county chairman, the Salk vaccine is available now for all children up to 7½ and 12½ years of age. The shots may be obtained at the Rockcastle County Health Department free of charge, or from a private physician for a fee.

Mrs. Hammons reported some mothers are inclined to delay taking their children to school. The polio virus is not on the upswing at this time of year. They point out that every publication of 30,000 copies of unvaccinated child is subject

to some risk each summer through likely exposure to the polio virus but the time to prepare for this risk is eight months before exposure takes place.

The present schedule for polio vaccination calls for three injections, two about a month apart, followed by a third seven months to a year later. It takes eight months for a full series.

ROBBERY

(Continued from page 1)

Mrs. Reese, in a back room, was aware of the robbery, but did not come out because she had no gun. The youths did not look in the room.

Mrs. Reese described the youths as about 20, brown hair, about five foot seven; one about 150 pounds and wearing zipper jackets.

The elderly couple has been in business at the service station for about a year. Mr. Reese, a native of Rockcastle, is an employee at a Cincinnati, Ohio, machine shop for about 32 years. He is retired. It was his first encounter with robbers since he has been in business.

John Anderson, Division of Soil and Water Resources, Frankfort, was in the county Friday making a tape recording for a radio program with W. S. Stewart, Chairman of the Rockcastle County Soil Conservation Service.

The recording will be broadcast over stations at Somerset, Corbin and Richmond in the near future according to Mr. Anderson.

RELIGION AND POLITICS

Two of the important things in America today

The Pilgrims traveled a long and perilous journey for these two. The Freedom of Worship as they pleased and the chance to voice their own opinion in Government. But the Pilgrims landed on a rocky shore, and this is 1956. Even today you can get a group together and mention either subject and get a good discussion going.

Some men will say: "I was born a Democrat or Republican and I'll die one." They feel the same way about their religion. This is one of the many privileges we take for granted every day. We go our way, do as we please as long as it is within the bound of the law and really never stop to think that we could change our religion or politics and its our business. No one is to threaten to make us worship one way or vote another. We go to the church of our choice and vote for whom we please. As we hear so much of Communist and Dictatorships, we feel a great surge of pride for our Ancestors (The Pilgrims) who traveled to this Country so many years ago to found a Country of Freedom For All.

U. S. Soil Conservation

Harrison Mink, Green Hill community, stopped by this office a few days ago and said he wanted to sow some alfalfa and orchard grass this fall and wanted to know the kinds and amount of seeds to sow. He plans on sowing the field in soybeans early this spring so it will come off early and have his land in good shape for fall seeding.

L. C. Williams, Berea, sent word to me by Clyde Linville that he wanted a soil and water capacity map made for his farm and a farm plan developed. "The same kind you made for me," Clyde said Mr. Williams owned the W. G. Mullins farm on the head of Clear Creek. He has new pasture seeding and drainage he wants done right away.

Farmers are becoming more forest conservation conscious. Orders have been received and forwarded to the Division of Forestry for William Bullen, Wildlife, 8000 poplar; W. S. Stewart, Wildlife, 4000 white pine, 3000 short leaf pine; Roy Norton, Wabed, 5000 poplar, 10,000 white pine, 10,000 short leaf pine. All these men have

the scoring end as the big boy-typed in 20 points.

Individual Scoring:
Berea: Hawthorne 1, Payne 20, Mullins 16, Stephenson 28, Kalford 9, Taylor 6, Hill 2, Livingston: Sturgill 28, Lander 14, M. Ballinger 4, Mullins 16, H. H. Halcumb 2.

Broadhead's Tigers put on their best exhibition of the year and it couldn't have come at a better time than last Friday night as the local boys downed a stubborn Crab Orchard quintet 67 to 65.

The Tigers led from the opening whistle throughout the entire contest but had to hang on in the closing minutes as Ronnie Sutton and Don Thompson fouled out early in the second quarter with Broadhead in the lead by 11 points. The local boys stalled the ball for the last four minutes and the Bears won a little basketball strategy to avenge an earlier loss to the Crab Orchard Cubs.

Playing what Coach Harper deemed their best offensive and defensive game of the year, seemed to be the deciding factor in the ball game. Ronnie Thompson, the Tigers' rebounding artist, and J. H. Pennington proved to be big guns for the Tigers as they both chipped in with 16 points, Pennington's long for the season.

Five Quarter

by Lyle Underwood

Although none of the picked county teams have been picked as the Commonwealth's "Cinderella team," there is certainly no doubt in the mind of the spectators that they have provided the most thrilling basketball upsets and surprises in many a year. It probably all started last year in the early part of the season when Mt. Vernon squeezed by Berea, a game that still has the fans guessing as to the season.

Progressed Broadhead knocked off Crab Orchard to avenge an earlier loss and Livingston won three places in their invitational tournament over Anville.

It doesn't matter how many games you win during the regular season just as long as you win the games that take you to the state tournament. Mt. Vernon has been rolling a long time and has a good standing that they had this time last year, while Livingston and Broadhead have been in the top of the state tournament. Broadhead has had the most improvement over last years teams, however, as they have chalked up a record of 17-2. Don King, son just a little over half over as compared to three victories for the entire season last year.

Liveston and Broadhead have the youngest team in the county, still has a chance to better last year's record of six wins, and they will have the most experience and can be labeled as a strong contender next year.

Earlier, I said that Myrel Ballinger would be out for the rest of the season with a broken collar bone. And what should happen, but he will be in his first game after the story was written. His return to the Livingston Blue Devils team should be a big factor in their lead and rebounding. Kenneth Cornelius and John Dale Helton have returned to the lineup for Mt. Vernon and have helped in getting the ball rolling for Mt. Vernon after losing two out of three contests played without their assistance.

John Dale Helton has been playing like Kentucky's Bob Burrow when he sprained his ankle, pouring those points through the key.

Berea Foundation Downs Livingston's Blue Devils 72-57. Livingston's Blue Devils made a game of it for nine quarters Tuesday night before four of Livingston's starting five fouled out and the Berea Foundation Lions won the 72 to 57. Keeping in close contention at all times and the lead changing hands throughout the game. Helton was so in the thick of the battle at all times.

Berea although not as affected from the flu as the other half as the Blue Devils, managed to keep up by capitalizing on free throws. The visitors sank 14 free throw shots compared to six for Livingston, while the Blue Devils outscored the Lions from the field 10 to 10 and ended the first half with a 45% shooting average.

Freshman guard, Paul Sturgill was the big gun the first half as he had nine field goals for 18 points. He added 10 more in the second to tie Johnny Stephenson of the Berea Lions for scoring honors.

Stanley Mullins turned his best performance of the season for Livingston as the big center scored 28 points and scored 11 points before fouling out in the fourth quarter. Rex Payne of the Lions was equally effective on

The Mt. Vernon-Knox Central Game will be played at 1:00 p. m. in the afternoon.

Teen-Agers May Become Citizens Under New Bill

Full legal rights of citizenship except as to sale and purchase of alcoholic beverages, would be conferred on eighteen-year-olds under terms of a bill proposed in the General Assembly by a group of Senators and Representatives.

The bill would extend the privileges conferred by the Constitutional Amendment which lowered the voting age from 21 to 18 years. The extension would make minors eligible to enter into legal contracts, to buy and sell property, marry without consent of their parents and control their debts.

Sponsors of the Senate proposal were Senators C. W. A. McCann, Louisville; Cecil C. Sanders, Lancaster; C. W. Robertson, Bowling Green; Ed J. Kelly, Flemingsburg; Stanley Blake, Carlisle; Tom Shields, Bloomfield; C. W. Maloney, Madisonville; O. O. Duncan, Whitley City; Ed P. Warriner, Albany; Wendell Van Hoose, Paducah; and Rep. J. H. Grayson; Fred V. Lucas, London.

House sponsors of the companion measure were Reps. Clay Gask, Hyden; Earl Carter, Cornettsville; and Van D. Bill, Newport.

Lambert Offers Bills

An increase from \$75 to \$250 in the State Treasury for pauper child support would be provided under a bill offered in the House by Rep. William Lambert, Tuesday night.

Inspired Liberty Team

In Closing Seconds 62-61

Terry Chandler, the Tigers' fancy guard may not have been the high scorer for the evening, but you can bet your bottom dollar that he was the hero of the game as he secured in two free throws in the last thirty seconds to give Broadhead a very decisive 62 to 61 victory over Liberty.

The Tigers trailed through the entire game until the last 30 seconds when Chandler made his two free throws to make the count 62 to 61. Liberty although they have not won a game this season proved they had a much improved club over the previous meeting of the two teams. Trailing by 11 points which stunned the opponent and set up the two winning points for Broadhead.

Don Thompson, who has really improved in his last few ball games led the Tigers scoring from the floor but his attacks before fouling out in the fourth quarter with 4 minutes remaining. Ronnie Sutton, who has reserved a very conservative role to the bench as fouls forced him to leave the game. The reserves did a very commendable job in relief as they used their full court press to advantage.

Looking to keep their winning streak alive the Tigers will journey to Tyler Friday night to try and win another game for the host team. THIS WEEK'S GAMES
