John McKenzie sold his farm near Freedom Church to Wm. Sowder for \$175 (Proctor's Store)
The following account of a death appeared in the Dec. 23, 1887 issue. We reproduce it in part leaving the name blank for obvious reasons:
At 10 o'clock Friday morning, the 16th little sprit winged its flight Heavenward and her suffering body, so long a prey to disease, was at rest. Before she became so badly afflicted with brain trouble, she was a bud of promising beauty and worth, was bright and intelligent and possessed a permanent, lovable disposition. A permanent cure was impossible. So it went in our county in 1887.
This week the Signal received many interesting items concerning incidents of the past, but very little proven facts have been presented to show the age of either the McFerron or Langford property. Once again, we urge Signal readers to write down what they have on the houses and send it to us.

Wanna Go To Europe? Army Has 5 Openings
Anyone want to go to Europe? If so, the Army has been allocated five vacancies in the 10th Division in Europe, according to officers at the Corbin Recruiting office.
Young men who enlist will be sent to California for basic training and then directly to Europe to join the division. They will be rotated back to the United States with the Division.
According to the Army officials, the program affords abundance of travel opportunity for any young man and would be a good chance for two or more buddies to go to Europe together. The program will close May 10.
Sergeant Perry of the recruiting office, may be contacted at the Local Draft Board each Wednesday or by telephoning 1636, Corbin.

Wow! The big 225-h.p. Ford Thunderbird Special V-8 is now available in all Ford Fairlane and Station Wagon models. And in any Ford you can have the Thunderbird 202-h. p. V-8.

Performance makes the Ford V-8 the largest-selling "8" in the world! And no wonder—this year, 1956 was the big winner at the Daytona Beach stock car races. And Ford broke 30 world speed records in one day at Kingman, Arizona.

Think of it! The Thunderbird's own engine in a family Ford. The new 225-h.p. Thunderbird Special V-8 is the biggest, smoothest, quietest engine in the low-price field. And it "goes" with Ford's Thunderbird looks. You see, every Ford for '56 is directly descended from this most famous of all "dream" cars.

In addition, every Ford brings you the extra protection of exclusive new Lifeguard Design.

## Good Old Days--

### 1887 Signals Reveal County Life, Customs

Remember way back when? In this case 1887.

In the search for information leading to a history of the McFerron and Tip Lanford property in Mt. Vernon, three Signals—in those days The Mountain Signal—turned up through Mrs. Floyd Miller.

The Signals show that by 1887 Mt. Vernon was losing its frontier-days attitude and folks hereabouts were beginning to believe eventually it would be a pretty good place to live. To be sure there were still killings and shootings, (there still are) but they were becoming less numerous.

Most of the news in the Signal, edited by James Maret, was on page 5 under the heading "Localities" which compares to the present-day Social and Personal column. Page 1 was devoted to advertising and around the advertising was usually a fiction story.

Some of the business and personal advertisements those days included: J. J. Brown, physician; Dr. A. G. Lovell, physician and surgeon; S. C. Davis, physician and superintendent of schools; Blacksmith Shop; Thomas Taylor, "Horseshoeing a specialty"; Newcomb Hotel; J. L. Whitehead Drug Store; F. L. Thompson, general merchandise.

Though the advertisements are of interest as they appear in the paper, it is in the "Localities" and country correspondence where amusing incidents are told. Following is a compilation of some of them, given at random. Names of some of the communities mentioned have disappeared or have changed over the years. All items are Mt. Vernon items unless otherwise designated at the end of the quotation or included in the quotation.

## Commencements Slated At Rockcastle City Schools

The three city schools in Rockcastle made final plans this week for events leading to the close of school for the summer.

Mt. Vernon's activities get underway Friday night with the presentation of the senior play, "Angeli Brats" at 7:30 p. m. May 1, Mt. Vernon will have a band and glee club concert. May 4 the Junior-Senior Banquet will be held in the high school cafeteria.

May 5 is baccalaureate with the Rev. Martin Stepp giving the principal address. May 18 is commencement at Mt. Vernon. Ted Gilbert, chief of the State Bureau of Finance, Frankfort, will give the commencement address.

At Brodhead Grade and High School activities begin Friday night with the presentation of the senior play, "Look Behind You" at 7:30 p. m. May 6 is baccalaureate at the school with the Rev. Horner, of

## Mrs. Mary E. Clontz Dies At Well Hope

Funeral services were held Sunday at Mt. Vernon for Mrs. Mary Florence Clontz, who died Friday at her home at Well Hope. She was 69.

Mrs. Clontz was born the daughter of John and Elizabeth Harold Blackburn in Jackson County in 1887. She married William Clontz 53 years ago, who survives. She is also survived by two sons, William Clontz, of Cincinnati, Ohio, and Shirley Clontz, of Mt. Vernon; two daughters, Mrs. Mae Boring of Cincinnati, Ohio, and Mrs. Cora Cromer, of Reading, Ohio, one step-daughter, Mrs. Charlie Hurd, of Mt. Vernon, 15 grandchildren, six great-grandchildren, three step-grandchildren and five great-step-grandchildren. Two brothers, Charlie and Joe Blackburn, both of Livingston, also survive.

Mrs. Clontz served as postmistress at Well Hope and was a member of the Holiness Church. Funeral services were conducted at Town Hill Holiness Church with Bro. Rolla Cornish officiating. She was buried in Elmwood Cemetery. Cox Funeral Home had charge of arrangements.

## Liquor Charge Pending Against Ira Railey

Ira Railey, 61, of Sand Springs avenue, was held for federal authorities Monday following his arrest for having seven quarts of untaxed whiskey in his possession.

Railey was arrested by Federal, State and County police at his home. The whiskey was in quart jars, state police reported.

## Campbellville Junior College, Giving the principal address at 8 p. m.

May 10 is Achievement Night at Brodhead. The events of the evening will include a band concert and a song by the glee club. The eighth grade will hold graduation exercises and awards will be presented to grade and high school pupils.

May 11 at 8 p. m. commencement will be held at Brodhead with the principal address at 8 p. m. by Dr. Frank Dickey, dean of the College of Education at the University of Kentucky.

Livingston, eighth grade graduation is scheduled for Friday night in the school gymnasium. Baccalaureate will be given at 8 p. m. by the Rev. Hugh Shelton delivering the principal address. Commencement services are scheduled for the school at 8 p. m. May 11. The driver seemed to go to sleep causing the truck to

## Reserve Unit Planned Here

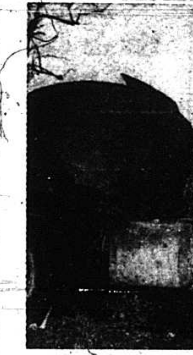

The Army has been looking over Mt. Vernon's manpower potential to see if a reserve unit could be established in the area.

Col. C. J. Wedman, who is in charge of the area's advisory office at Lexington, and Major Bruce Coleman, staff worker, were in Mt. Vernon last week surveying the situation.

Before a unit could be established in Mt. Vernon, the Army needs to know of at least 25 men who are interested in the unit. Such a unit would bring about \$7,000 monthly into the county, and possibly, more if more than 25 persons were signed up.

To date, the Army has been unable to find former officers who would be available to lead the unit, which would probably meet once a week.

If men in the area are interested in the unit they are requested to contact the Signal.

OLIVER WISE of Livingston was pinned in his truck for nearly 45 minutes before rescuers were able to remove him. Mr. Wise died about 10 minutes before he was taken out. The accident occurred about 10 miles south of Lexington on Route 25 Friday afternoon.

## Oliver Wise Killed In Truck Accident

Sleepiness probably caused the death of Oliver Wise, 35, of Livingston, Friday afternoon when the fuel oil transport truck he was driving crashed into a tree on Richmond Road, 10 miles south of Lexington.

Mr. Wise died of internal injuries approximately 10 minutes before rescuers extricated him from the crushed cab. No other car was involved in the accident.

County Patrolman Carl Powell said that a witness, Mrs. Clark Bentley, of Grimes Mill Road, followed the tractor-trailer truck from Lexington at a speed between 20 and 30 miles an hour. Mrs. Bentley stated the driver seemed to go to sleep causing the truck to

## Hospital Men Agree To Back Blue Cross Aid

A recommendation that people of Rockcastle enroll in the Blue Cross Hospitalization Plan has been made by officials of the Rockcastle County Baptist Hospital, Inc.

The action recommending the plan was made at a recent meeting of the Board of Directors of the hospital.

"After careful consideration and investigation into the financial side of hospital operation," the directors voted unanimously in favor of the hospital becoming a member of the Blue Cross Plan," according to the Rev. Raymond Lawrence, president of the board.

The recommendation came as no surprise. It had been expected the official would soon give their stamp of approval to the form of hospitalization in order to help keep the hospital in the black. Most hospitals endorse insurance plans.

Floyd Owens, hospital administrator, when contacted, said: "The person who is enrolled in Blue Cross will not be required to make financial arrangements with the hospital in order to be received as a patient. The hospital office and Blue Cross will take care of the details."

The fact that Blue Cross is a non-profit organization, owned and operated by the hospitals themselves, and set up to meet the patients needs, led to the action of the board, Mr. Owens said.

The operational fund drive of the hospital entered the final week Monday. The drive began in 1935. The money collected is still under the goal of \$20,000 at last report.

New gifts were received this week from Mr. and Mrs. James Lambert, \$200; Sand Hill Baptist Church, \$100; Goodwill Class of Brodhead Baptist Church, \$50; Mr. and Mrs. Eugene Steak, \$100; Mr. and Mrs. L. D. Bryant, \$100; Buckeye Christian Church, \$50, and Watts Chapel Baptist Church, \$25.

### MRS. SINGLETON, 75 DIES AT BRODHEAD

Mrs. Mattie Singleton, 75, of Conway, died at the Joseph Nursing Home, Brodhead, Monday.

Mrs. Singleton was born in Clay County in 1860 the daughter of N. B. and Holly Baker Shepherd, and had lived in the Conway community about seven years. Her husband, P. P. Singleton, preceded her in death.

She is survived by two sons, Jones, of Berea and John, of Conway; six daughters: Mrs. Laura Warren, Cincinnati, Ohio; Mrs. Mary Thomas, Berea; Mrs. Beulah Rawlins, Ft. Lewis, Wash.; Mrs. Naomi Jones, Berea; Mrs. Bertha Baker, Richmond, Ind.; and Mrs. Ora Howard, Lexington. Two step-children, Mrs. Hattie G. Hines, Covington, and Mrs. Helen Clark, Mt. Vernon, 15 grandchildren and three great-grandchildren.

Funeral services were conducted at Fairview Christian Church Thursday with the Rev. Ira Dean and the Rev. Howard Ray officiating. She was buried in the family cemetery. Sparks Funeral Home had charge of arrangements.

## Bullock Infant Dies

David Woodrow Bullock, 19-month-old son of Mr. and Mrs. Russell Bullock of Cove Valley, died at the home of his parents Sunday. David had been ill since birth.

He is survived by his parents, five sisters, six brothers and other relatives. Funeral services were conducted Monday at the residence with Bro. Ova Smith officiating. Cox Funeral Home had charge of arrangements.

## Farmers Invited To Attend Area Pulpwood Demonstration

Pulpwood cutting will be featured at a demonstration on May 4 at Mrs. Nancy Williams' farm located off Route 25 between Snyder and Boone, near Judge J. A. Lambert's home, according to County Agent H. Lee Durnam.

The demonstration will show woodland owners what trees should be cut and how to harvest them.

Money can be made by harvesting pulpwood, and the people who attend this meeting in the woods will actually see the results. All trees that have been marked for cutting by foresters will be felled, bucked into lengths, stacked and measured. Information will be available to tell exactly how much money an owner would receive for the crop of wood.

Durnam said: "Young stands of pine and hardwood often need thinning and improving to make them grow more wood faster," he said. "An old woods has a lot of material that should be removed to improve conditions. A forest owner can improve his woods' and receive a good payoff from the poor material he cuts."

Four members of a Red Hill family have been charged in County Court with assault and battery, stemming from a beating they alleged to have given three small children.

Suffering severe bruises are Valerie French, 3; Rosemary French, 5; and John French, 3. Accused of beating the children are: Bill French, father of the children; his wife and step-mother of the children, Flora French, and Mrs. French's sons and step-brothers of the children, Paul Thompson, 12, and Edgar Thompson, 14.

A warrant charging assault and battery was signed by the mother of the children, Mrs. Ada French, of Cincinnati, Ohio.

The children were beaten at their home at Red Hill where they have been staying with their father. Sheriff deputies arrested the four after the mother of the children learned of the beating. One of the children was no hurt.

French and the Thompson boys are in jail. Mrs. French was released on \$1,000 bond.

According to Dr. Walker Owens, county health officer, who was called by the court to examine the youngsters, Valerie suffered a bruise on back, right side, elbows and a bruise over her stomach.

Rosemary suffered a bruised back, right side and right arm. The skin was broken in several places. She told the doctor she was choked and showed him a bruised neck. John suffered head injuries, bruised hips and bruised legs. The children reported they had been beaten with a hot shovel.

A hearing for the four is scheduled in County Court at 10 a. m. Saturday.

The pulpwood demonstration is being sponsored by the Bowater Paper Company of California, Tenn. and the Meade-Corper, of Chillicothe, Ohio, in cooperation with the U. of K. Extension Service. The two companies are the largest buyers of pulpwood in the state. Bowaters concentrates on pine and Meade buys hardwood.

**MEMORIAL DAY**

What is the significance of this Memorial Day to us? In our busy modern day it appears at times that we are prone to forget our forefathers, and all they have done for us.

Without such great men as Washington, Jefferson, Lincoln, Lee and all the many others that made many great sacrifices and numerous hardships to establish our way of life, where would you and I be today? What sort of Government would we be under, and just how free would we be? And yet, with all due respect to the Great men of our America, we all know that our own loved ones, who may not have had the opportunity or desire to take part in affairs of national importance, are due the same respect and all memorial rites that we as their descendants should give them.

Let us all pause this Memorial Day and offer a prayer of thanks, not only for the great men of our history, but also for the ones we have loved so dearly in days gone by but are gone from this life.

We should give them due credit for the many things they did in our behalf so that our stay in this land of America might be more comfortable and meaningful to us.

Rather than take the easy way and permit ourselves to forget this Memorial Day, take a long look around and observe the many fine lives that have ended physically but go on and on and on through the type of life that caused their influence and all their good works to follow after them.

May God Bless you this Memorial Day.

**LETTER TO THE EDITOR**

(The following letter to the editor was received from Judge Pleaz W. Mobley, who is now in the Caroline Islands serving as Associate Justice of the Trust Territory. Mr. Mobley was former Railroad Commissioner of this district.)

(Continued from last week) My friend Chief Akka is not a candidate. He is more or less in bad political shape, on Toll. As said his Dad is the judge, and before he quit as chief he has done pretty well for himself. He claims to own two-thirds of the island out right. He salvaged all the stuff left by the Japanese after the war, including a pretty good houseboat and a quantity of oil and fuel, and lumber and some furniture. He has the only big house on the island, and I will tell you about Uppulius' "big" house maybe next week. He has the only store on Toll, his competition on groceries that he buys at Truk and boats to Toll. Anyway, as I said, son Chief Akka of Toll Island, has decided not to run for to be elected

chief, and my interpreter says these are a few things not in his favor:

Akka was charged, tried, and convicted in the Community Court for "attempted adultery." Now "attempted adultery" is an offense. It is where you flirt too much with a married woman. Akka had to pay a husband \$50.00 for flirting with his wife. I suspect it might have gone a little farther than just flirting. Also young Chief Akka passed a law that no "pigs"

should run at large in Enon village (Akka's home). If the town police (appointed by Akka) sees pigs "three times" at large, he catches pig brings it to Akka's court and cooks it for Akka and his officers. They say Akka ate too many pigs to be a popular candidate. Akka also had another case wherein he is blamed for deciding a case against a poor widow. The judgment was for twelve cents with no cost. So that is why my good friend Chief Akka of Toll Island is not a candidate for re-election. Pleaz Wm. Mobley Associate Chief Justice of the Trust Territory Government Truk; E. Caroline Islands

**Makes Friends with the Meanest Roads**  
(Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels. Capricious roads that twist and turn—muddy roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches. Why? Simply because Buick comes with what it takes to put any road on its best behavior—the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car. And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER. No other car matches the firm, trust tracking of Buick's own ride foundation—battered by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers. No other has such width of tread and length of wheelbase within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars. No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars. And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick Lounet. Nor does any other automatic drive put power to the car's rear wheels with the swift, unforced pace of Variable Pitch Dynaflo—\* and that goes double every time you "switch pitch" for whip-quick, safer passing. But why stop to count reasons—when results are what you're after? Wouldn't you rather feel Buick's new "sense of direction" on straightaway, curves and corners? Wouldn't you rather relax in supreme comfort while tolling its powerful performer over roads you always hated to travel? Well, sir, we cordially invite you to drop in on us and do just that. Make it this week, won't you? Sample the ride that has charms to win any old road—and get first-hand figures on prices that make Buick owning a more positive pleasure. \*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## The Signal Says...

### THE HOSPITAL INSURANCE DRIVE IS ON

Officials of the Rockcastle County Baptist Hospital Inc., announced this week they will back the Blue Cross Hospital Insurance plan, something everyone has been expecting for considerable time.

It has been shown time and again that in communities where hospitals have been constructed recently, sometimes where they have been in operation for years—that hospitalization is the bulwark against bankruptcy. A sizable segment of population in any community can't afford hospitalization and those remaining who can afford to go to the hospital are not in numbers great enough to keep the hospital in the black. In a very small community and with these percentages, the plight of the hospital would only be increased.

With hospital insurance, which is usually not very expensive, a large majority of those unable to get hospital care can. It only follows that the hospital can survive.

To be sure all this depends on whether the persons with insurance go to the local hospital. You have those who would prefer to go to a Lexington, Berea, Richmond, or Somerset hospital even if the Mayo Clinic were located here. These people would go somewhere else no matter what. To be sure, sometimes their ills call for more specialized treatment than the local hospital will be able to give. But in many cases—we venture, most cases—they will be able to be treated here just as well.

Several hospital plans are being advertised as available to the public. We do not suggest any plan, but we do urge the people of the county to buy some type of hospital insurance and to use the hospital in Mt. Vernon when it is feasible and practical, to do so.

### FARM BUREAU BACKS INSURANCE

The Rockcastle County Farm Bureau went on record this week favoring some kind of hospitalization plan for people in the county and announced it would rebate members who subscribe to a hospitalization plan.

The bureau did not recommend a type of insurance or name an insurance company, it merely said "in order to make hospital insurance more popular and therefore help keep our hospital from losing money, we (Farm Bureau) give \$2 to any paid member who will use the amount to buy hospitalization."

The proposal will take effect May 1 and end May 30, 1957.

The Farm Bureau plan operates as follows: If a member has not paid his dues to Farm Bureau and has not taken out hospitalization, when he pays his \$3 dues to the trustee, he may get credit for \$2 on his hospital insurance which will pay the enrollment fee. Insurance must be taken out at the time of paying Farm Bureau dues to use the plan.

If a member has not yet paid but has taken out hospitalization, he may at the time he pays his dues show his membership card in hospital insurance which must be effective on that date, and he will be refunded \$2 of his membership dues in repayment for money already spent on hospitalization.

In case any member has already paid his dues for the current year and has hospitalization paid up and in effect, he may receive a credit slip of \$2 which he may use toward payment of dues next year.

In order to use the plan, the hospitalization insurance must be with a company that is licensed to operate in Kentucky.

### Stolen Auto Found Wrecked In Cynthiana

A car stolen from J. W. Hurd, Mt. Vernon, on April 17, was recovered wrecked this week in Cynthiana, according to state police.

The car was used by three Covington people who undertook armed robbery in Cynthiana and were chased and finally captured by police after they wrecked the auto.

To all are Willard C. Mitchell, 31; Fred D. Middleton, 20, and Mary E. Mitchell, 29, all of Covington.

The three are being held on armed robbery charges in Cynthiana and later will face grand larceny charges in Rockcastle.

### Church Must Grow

Lesson for April 23, 1956

A CLUB can close its membership list at any time. It can decide not to accept any more new members for six years, or sixty. But if a church decides to do the same, it is not a church any more, only a club. A church that is for good reasons not growing may be a true church of Christ, but a church that does not want to grow is certainly not a church of Christ. "Go," Jesus said, into all the world. A church that has no goal but to go about it, a church whose horizon is limited by its own parking lot, a church without an outreach, Dr. Foreman is sure is not a true church. It is not the real thing.

### Hurdles and Handicaps

The early Christian church was surely the real thing. It was a young and therefore a growing church. But it could have had, if it wanted, all the worldly advantages which later churches offer nowadays to explain why they don't reach out. For example, the early Christians could have said, "We can't reach out, we haven't any money." But they managed to get around, or at any rate, some of them, and they could have complained, "We have a shortage of ministers." Well, they did, but they had no shortage of laymen. At the time the distinguished apostles got down to Samaria they found an enthusiastic layman who had been the teacher and got a work started. The church could have said, "We can't afford to send missionaries all the way to Africa; they wouldn't be able to make a Christian of an African in their own country, trusting that he would take the gospel back to his own people. (And he did; the tradition tells us.) A track man does not complain about setting hurdles in front of him; he jumps over them. A good golfer does not "go home mad" because he has to play with a handicap against him. He takes it as a compliment and a challenge. So the early church took their hurdles as handicaps as a challenge.

### Laymen and Clergy

When you see a present-day church with no outreach, one of the reasons may be that the people leave all the outreach to the minister. He is supposed to be interested in missions, sure, that's his business. But the people—well, we have a hard enough time raising money with our banner just for the preacher's salary, you can't expect us to do about mission! In fact, one has seen churches where the only really "active member" was the pastor. Now that the early Christians talked no such nonsense. They did not have the hard-and-fast division into "laity" and "clergy" that church today have, even if they use other words like "member" and "preacher," or "congregants" and "pastor." The Apostles, it is true, were men set apart. But the outreach of the early church was mostly done by people who were not apostles. And so far as we hear in the book of Acts, the Apostles did not dress differently from any one else. They did not claim exemption from taxation, they did not claim reduced rates at stores or when traveling. They were not given titles like Reverend or Doctor—everybody called them just Paul or Peter or whatever, without so much as a "Mr." in front of their names. They worked at outreach, yes, but the point is, they were not looked on as professional outreach workers while the "laymen" were professional sit-backers!

### Multitudes and Lonely Man

The early church reached out in two ways. They went where the crowds were, and also they went to far lonely places. We hear about crowds in Jerusalem and Samaria and elsewhere, we also have the story of Philip going down to a desert road where his only congregation was one lonely pagan foreigner. The going church today, the outreach church, the New Testament kind of church, also will be reaching out to the multitudes, and to the lonely man. It will be sending missionaries into great cities, in our land and overseas, working among overcrowded tenements and swarming streets. It will be reaching out to cowboys on the open ranges, to light-house keepers' families along the seacoast to little villages on the edge of the Arctic and under the dripping tropical rainforests.

### CONWAY STUDENTS TAKE ALL DAY TRIP

April 17 Conway school children, accompanied by several parents and two teachers, left Conway in a school bus for a trip to Cumberland Falls and Corbin.

The students were driven by bus to Berea where they boarded a train for Corbin and arrived at 11 a. m. They had lunch and then boarded a chart-redd bus which took them to the Louisville & Nashville Railroad repair shops where several kinds of the Division of Locomotives and took pictures.

Then they went by bus to Cumberland Falls State Park where they wandered around and took pictures of the falls and other interesting things. Most of the children purchased souvenirs at the Trading Post.

The youngsters then returned to Corbin by bus and embarked by train for Berea and the return home.

The children expressed their appreciation to officials of the railroad who helped make their trip enjoyable.

Rockcastle Farm Service. Williams Street Mt. Vernon, Ky.

A Letter From Rockcastle County's Oldest Automobile Dealer. September 15, 1935, Baker Motor Co. Opened its doors on East Main Street opposite the Court House in Mt. Vernon, Ky. That was over twenty-five years ago. We've seen dealers come and go. We have competed against every car now sold as well as many makes that are no longer made. We are today selling Chevrolet cars and trucks to many of the children of our early customers. We have sold as many as 15 cars in one family through the over twenty-five years of our Rockcastle County existence. We would like to add right here that we propose to continue on a high business level. We will not stoop to the general practice of many of today's automobile merchants who proclaim in their statements and advertising that they can give you ridiculous trades and terms that oblige you to pay the rest of your life. We finance our own sales through General Motors Acceptance Corporation and will make a deal consistent with good business. While we insist on prompt payments of notes and accounts, we have never taken advantage of a customer where misfortune or unusual circumstances would work a hardship on the customer. We invite you who have never purchased from us or been in our establishment to come see us. We promise to show you a fine line of Chevrolets and a large and complete stock of parts, and the most modern equipped and clean shop in the County of Rockcastle. To our hundreds of friends and customers, we of course, want you to continue to make our garage your automotive headquarters. We want to thank the good people of Rockcastle County for making our over 25 years in Chevrolet Sales and Service in Mt. Vernon a pleasant experience. Baker Motor Co.
