

Kentucky Industry Grows

Growth in Manufacturing Employment, 1939-1956

Kentucky's industrial growth since 1939 has outstripped both the national and the Southeast in several important areas. This statement was made today by Charles H. Thomas, research director of the State Economic Development Department. He said between 1939 and 1954 Kentucky enjoyed a greater increase than either the Nation or the average of 11 Southeastern states in manufacturing employment, payrolls and value of output. Comparisons were based on recently released preliminary figures of the 1954 U. S. Census of Manufactures.

Comparisons of industrial growth are sometimes made on the basis of the number of new factories. Our agency doesn't regard these as meaningful. We feel new jobs are a more valid measure. Greater employment is the end objective of our department and other organizations trying to raise Kentucky's standard of living. In that respect, the State has been making good progress, Thomas said.

The number of manufacturing employees in Kentucky climbed from 76,900 in 1939 to 146,800 in 1954, for an increase of 91.2 percent—the highest percentage of any other Southeastern state, Thomas said. Kentucky's ranking among states in the Southeast in terms of number of manufacturing employees in 1939 and seventh and eighth in 1954.

Employment figures since the census was taken indicate Kentucky is continuing its pace of growth. The 1939-1954 period, the direct-plant investment in the state or added. As of April, 1956, the 1939 was \$7 million dollars, against 128.4 million dollars in number of manufacturing employees in the State totaled 166,800 in 1954, an increase of 1,278 percent.

Expenditures in 1954 were higher in four other Southeastern states—Georgia, Louisiana, Tennessee and North Carolina—but no other state in the region reported a greater percentage gain.

In number of new manufacturing plants, Kentucky reported a 1939-54 increase of 62 percent, from 1,640 to 2,663. Thomas said while this was higher than the national average, it was the smallest among the Southeastern states. He said Kentucky's showing in manufacturing employment and other areas of industrial activity was due to the fact that new plants locating here have been larger than the regional average.

Comparison with other Southeastern states, Kentucky has these 1954 rankings in several major industry groups: machinery, electrical and non-electrical, first in employees and value of output; food products, including alcoholic beverages, first in value of output; fabricated metals, second in employees and value of output; primary metals, third in employees and value of output; petroleum products, third in employees and value of output; chemicals, fourth in value of output; tobacco, third in employees.

The Southeastern states, other than Kentucky, included in the study were: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia.

Miss Bonnie Powell and Mr. Junior Himes surprised their many friends by getting married Nov. 27. We wish them much happiness. Those attending the wedding were: Mr. and Mrs. Joe Abney; Mr. and Mrs. Elijah Himes; Mrs. Kate Giddis; Mr. and Mrs. Frank, Mrs. Ida, Todd; Mr. Ray, Mrs. Lona Todd; Mr. Gilbert Rice; Mr. J. C. Burnell; Miss Lula Burnell; Mrs. Della Bullen; Mr. Ira Thomas; Misses Ellen, Bertha, Gracie and Recie Himes; and Mr. J. C. Burnell Jr.

Mr. Howard and Hubert Abney of Hamilton, Ohio, spent last week end with their parents, Mr. and Mrs. John Abney. Mrs. Kate Giddis is still in the Berea College Hospital, but too much improved.

Mr. Wayne Hardins, Mr. James and Ira Thomas of Clear Creek attended church at Macedonia, Sunday.

Mr. Joseph and Gillis Abney have returned home after visiting friends and relatives in Ohio and Indiana.

Mr. Wayne Hardins, Mr. James and Ira Thomas of Clear Creek attended church at Macedonia, Sunday.

VOLUME—68 NUMBER 9

MOUNT VERNON, KENTUCKY

Two Die In Series Of Holiday Wrecks Error By Appeals Court Clerk Delayed Telephone Decision

TWO MEN FROM Rockcastle County had a busy Tuesday. One man was killed instantly in the collision. The second was taken to Lexington where he later died. The men in the auto, Doyle David, was treated at Rockcastle County Baptist Hospital.

Madison Men Crash Victims

Police officers in Rockcastle County had a busy Tuesday, Wednesday and Thursday last week with eight traffic accidents to investigate.

The Thanksgiving holiday started off with a fatality. James Parish, 73, lost his life when his pick-up truck collided with an auto three miles south of Mt. Vernon.

A passenger in the truck John Riley, 66, of Richmond, died Sunday at St. Joseph's Hospital, Lexington, of injuries received in the accident, bringing the total for the county in 1936 due to vehicle accidents to 10.

Doyle David, 35, of Hamlet, Ohio, driver of the other auto involved, was treated at Rockcastle County Baptist Hospital.

Late Wednesday a collision between an auto and a Roadway Express truck injured James W. Tate, 16, of Ringgold. Gas driver of the auto, and passengers, Mr. and Mrs. Charles W. Wimpy, also of Ringgold.

According to State Trooper Ellis Flora, the late auto attempted to pass a loaded auto carrier on the same curve where Parish died the day before, and met the Roadway truck head on. The auto carrier took to the ditch to avoid the accident, but did not overturn. The driver of the Roadway truck, Charles Davis, of Knoxville, Tenn., was uninjured.

Traffic was detoured for more than an hour on the busy highway while the wrecks were towed away.

Tate received severe facial cuts and other injuries. Mrs. Wimpy suffered a broken hip.

3 Sentenced In Circuit Court

Three men have been sentenced to terms in jail and the penitentiary in Rockcastle Circuit Court since last Tuesday.

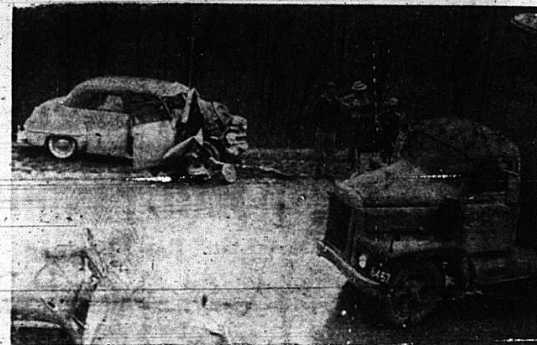

Curtis McFarland was fined \$20 and given 10 days in jail on a charge of tampering with an auto.

Bill French of the Red-Hill section, was sentenced to one year in the penitentiary on a charge of child desertion. French is the father of several small children who were beaten several months ago at their home.

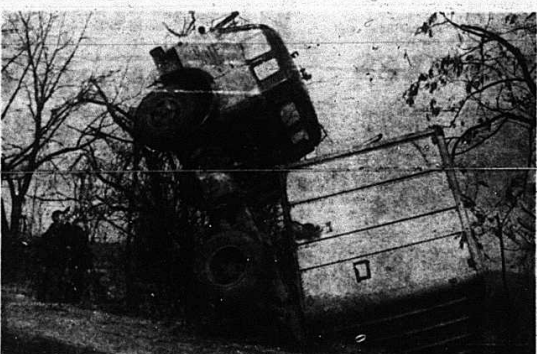

William E. Rader, formerly of Brodhead, was given two years in the penitentiary by a jury on a charge of carrying a concealed weapon. Rader was tried as a result of terrorizing his wife and children several months ago at their Brodhead home.

Today, Demus Morgan went on trial on a charge of carrying a concealed weapon. Morgan was arrested after he allegedly terrorized a school, bus loaded with children and later forced an attendance officer of the Rockcastle Public Schools to drive him to Renfro Valley.

According to George Murphy, Circuit Court clerk, the Grand Jury has been dismissed. This term of court, the courtroom has a new addition. A large American flag is in a holder at the right of Judge R. C. Tartar, the gift of Mr. Murphy and Jailer Lovell Clontz.

THREE PERSONS WERE INJURED when their auto collided with a Roadway Express truck at the same curve on U. S. 25 late Wednesday. Injured were Mr. and Mrs. Charles W. Wimpy of Ringgold, Ga., and James W. Tate, driver of the auto.

NO ONE WAS INJURED when this truck met with an accident on U. S. 150 about one mile west of Mt. Vernon late Saturday. The Huber and Huber driver was out assisting another driver when his truck "lost" its brakes and rolled backwards over the embankment.

Floyd Owens Discusses First 2 Months Of Operations At Rockcastle Hospital

Floyd Owens, administrator of the Rockcastle County Baptist Hospital, this week issued the first hospital news letter which is designed to bring the public up to date with the activities of the hospital and its physical and financial standing. Below is the news letter, written by Mr. Owens:

The purpose of this news letter is to bring you an up-to-date report on your hospital. As you have seen the bond issue coming interested in the present and future operation of the hospital.

Within the past few years we have seen the bond issue voted and passed, we have seen the building take shape, and now we have seen the hospital function like the institution it is intended to be. This is indeed a great accomplishment for the county, the building speaks for itself as a compliment to those 14 doctors on our medical staff who have worked so hard to

ward this goal, as well as the people of the county who have donated and showed an active interest in the hospital.

As you know the cost of the hospital and equipment was \$316,000 half of which the government donated through the Hill-Burton Act and the other half the county put up as a result of the bond issue. The Baptists have leased it from the Fiscal Court for a period of 20 years, paying the court a yearly rent in return. The hospital is open to all, regardless of race, color, or color. The hospital has 24 beds, 4 childrens cribs and 8 bassinets. Our departments of surgery, obstetrics, x-ray and laboratory, as well as other patient facilities are the latest and most modern equipment available.

There are 20 men on our board of directors representing every Baptist Church in the county.

or part time at the hospital. The Baptist Hospital Women's Auxiliary has 50 members from all over the county; the Gray Ladies has a membership of 20; the Chaplain Corp numbers 10 ministers, one of which visits the hospital each day. This makes a total of 134 people who are directly interested in this hospital and the patients who we are privileged to take care of. This of course does not include the well wishers. All in all, I personally don't see how this hospital can fail to continue to serve. But the future of this hospital depends to a large extent upon the continuing good support by the people.

During the brief period we have been open to receive patients a total of 138 patients have been admitted to the hospital and 211 out patients and emergency cases have been treated in the emergency facilities of the hospital, making a

(Continued on page 4)

Convict 12 At London For Whisky

Twelve Rockcastle County men have received sentences during the last few days in Federal District Court at London—all on untaxed whisky charges.

Roy Jones, Mt. Vernon, was sentenced to six months on a charge of possessing and selling whisky.

Judson Blackburn and James Milburn of Livingston were given three years each and placed on probation. Blackburn was charged with possessing and selling and Milburn was charged with possessing tax-unpaid whisky.

Robert Rowe, Mt. Vernon, received one year and one day in federal prison on a charge of selling. Ira Raley of Sand Springs, received six months for possessing.

Delbert Buswell of Mt. Vernon, was sentenced to three years on a charge of selling, and Carter Lawson of Lawrenceburg, was sentenced to one year on the same charge.

Lloyd Price, who lives near the Rockcastle-Pulaski line, was sentenced to two years on a charge of transporting and possessing.

James Melton and William C. Cuman, who live near the Rockcastle-Jackson line, received six months on charges of transporting and possessing.

Bob Allen, Mt. Vernon, received 18 months for selling. Wade Leach, Brodhead, received three years—probated for setting up and operating an unlicensed still.

MVHS Girl Wins Contest

Edith Hammons, daughter of Mr. and Mrs. Earl Hammons of Mt. Vernon, won the county-wide "Voice of Democracy" Contest, sponsored by the Kentucky Junior Chamber of Commerce and local affiliates.

Miss Hammons, a student at Mt. Vernon Grade and High School, will now compete with county winners throughout Kentucky.

Byron M. Owens was the winner at Brodhead, a reported earlier. Livingston winner was Alma Jean Anglin, daughter of Mr. and Mrs. Asker Anglin of Climax.

Students at Livingston whose essays were in the finals included: Emma Lee Lakes, Mabel Martin, Alma Jean Centimim, Kathleen Hestv, Beulah Pittman, Marie Overbay, Wilene Taylor, Billie Robinson and Philip Frederick.

Judging the contest were: Mrs. Ethel C. Owens, Miss Olive Mink and Miss Josephine Dickerson. The winner was from the junior class.

James Lee Rash Dies At Brodhead

James Lee Rash, 84, of Brodhead, died at his home at Brodhead Nov. 16.

Mr. Rash was married to Miss Allie Mink in 1892. One daughter and one son survive. This marriage to Miss Virginia Hiatt, Brodhead and William Rash of Chicago, Ill. His wife and four children preceded him in death.

In April 1947, he was united in marriage to Miss Virginia Hiatt, Brodhead, six grandchildren and 18 great-grandchildren.

Mr. Rash was a member of the Church of God. Funeral services were conducted at Negro Creek Church of God with Bro. Willie Lewis and Bro. Carrel Blanton officiating. He was buried in Negro Creek Cemetery.

Watson Funeral Home had charge of arrangements.

CHRISTMAS PARTY

A Christmas Party, sponsored by the Mt. Vernon High School Library Club, will be held the evening of Dec. 17 at the High School library, according to Nancy Henson, reporter for the club.

A clerical error in the office of the Clerk of the Court of Appeals at Frankfort has been the reason no action has been taken in the case of the Mt. Vernon Telephone Co., versus the Public Service Commission.

So stated Chief Justice James B. Milliken today in a letter to Rockcastle County Clerk Clarence Carter.

In a letter to Clerk Carter, Judge Milliken declared: "Until your letter and other letters arrived the Court had no notice of the case because of a clerical error in the Clerk's office—very rare occurrence, indeed." The judge did not say what the error was or how it occurred.

"The Judge said the Court will get to work on the case immediately and that, 'This case was advanced today and assigned for decision which we hope can be reached before the Christmas break of the Court.'"

Judge Milliken mailed his letter to Mr. Carter "in hope that you will manage to inform those interested for I do not have the time to reply to each letter."

The Chief Justice did not say how many letters he had received. His only reference was, "among many other such letters, as well as telephone calls."

The case pending in the court was appealed from a decision about a year ago. The Rockcastle County Co-Operative asked the Public Service Commission for a permit to install and operate a telephone system. The permit was granted. Frank Dees, owner of the Mt. Vernon Telephone Co., appealed the decision and Judge Marion Rider of the Frankfort Circuit Court reversed the PSC decision and said the telephone company should be allowed to repair its system. Not to do so, Judge Rider said, amounts to confiscation.

Following this decision, the Co-Op and the PSC appealed the case to the Kentucky Court of Appeals, where it has been ever since.

Last week, the Jaycees asked all citizens to write a letter to Judge Milliken urging a decision. The Jaycees did not take a stand either "for" or "against" the plaintiff or the defendant. Both the Co-Op and the telephone company were interested in getting the decision since neither could progress until the decision was handed down.

Roy Brown To Attend Farm Bureau Meeting

Roy Brown will leave Dec. 6 for Miami Beach, Fla., where he will attend the National American Farm Bureau Convention. Brown will represent Kentucky since he is director.

Mr. Brown and members of the Rockcastle County Farm Bureau will accompany him.

Man Dies In Burning Home In Trying To Save \$1,500

Returning to his burning home to save about \$1,500 in cash, cost the life of Bayly Thomas, 75, a farmer of the Orlando section of the county about 2:30 a. m. Friday.

The fire, which completely destroyed the eight room house, is believed to have been caused by a faulty flue.

Thomas and his son, Dan, a about 45, lived alone at the house. Outside the younger man told investigating officials he and his father were awakened by the fire and left the house. Outside the elder Thomas remembered he had about \$1,500 in money from a recent land sale in the house, and the two returned to get the money from a trunk in a bedroom.

The son stated while they were in the room the ceiling fell in and he was unable to rescue his father. The son was uninjured.

A coroner's inquest was called near the home early Friday. According to Deputy Coroner

Alfred Sparks the jury ruled death resulted from accidental causes.

Mr. Thomas was born in Clay County in 1881. He had lived in the home for 55 years. He was the son of Life Thomas. He married Betty Allen who preceded him in death five years ago.

Mr. Thomas is survived by four sons: Charlie Thomas, Berea; Albert, of Brodhead; Melvin, of Hamilton, Ohio; Dan, at home; three daughters: Mrs. Marie Bartlett, of Illinois; Mrs. Ollie Myers, Hamilton, Ohio and Mrs. Stella Roberts of Dillsboro, Ind.; two brothers, John Thomas of Seafford, Ga. and Dick Thomas of Boone.

Funeral services for Mr. Thomas, who was a member of the Holiness Church, were conducted at Sparks Funeral Home Monday with Bro. Charlie Philbeck officiating. He was buried in Mareburg Cemetery. Sparks Funeral Home had charge of arrangements.

SURVIVAL 'HARDWARE'

FCDA Stockpiles Would Aid U. S. After Huge Attack

One of the world's largest "hardware" dealers no more than a chandise, has an \$80,000 "inventory" which is constantly increasing, and hopes that none of the "hardware" will ever be used.

The cities of Easton, Stroudsburg, and Scranton, Pa., depended on emergency pumps and purifiers for their city water in August-1935. FCDA medical supplies and 600 cots alleviated human suffering in Maryville and Yuba City, Calif., in December, 1935, while pumps booted out inundated Yuba City.

IT INCLUDES such widely diverse items as medical supplies and blood "expanders" (chemicals which augment whole blood), portable emergency hospitals, gasoline-operated pumps, generators and water purifiers, and radiological survey meters for detecting fallout.

FCDA warehouses of all types are located from 20 to 100 miles from most major target areas in the nation, the size of the stockpile depending on the size and potential need of the target city.

STOCKPILE of emergency supplies in Federal Civil Defense Administration's warehouses is carefully maintained and stored, so that supplies most urgently needed after an attack can be moved more quickly. (FCDA Photo)

Wishes Come True for Kentucky 4-H's

The perennial wish of Kentucky 4-H Club members—state honors and a trip to the National 4-H Club Congress in Chicago—came true this year for three teenagers whose 1936 records of performance were superior in the National 4-H Safety, Home Improvement, and Frozen Foods programs.

Enrolled now at Kentucky State University, Cecile knows her 4-H experience will benefit her future career. Leader of her local 4-H Club is Mrs. Flora Denny.

Safety first, last and always is the motto of Janet Wiles, 16, of Augusta. By participating in the national 4-H Safety program, this 16 year old girl has demonstrated her ability to make the farm, community and the nation a safer place in which to work and live. She found and corrected 23 hazards around her home.

Participation in the 4-H Foods program brought honors and a great deal of satisfaction to 15 year old Georgia Ann Walker of Bowling Green. After eight years in 4-H, she attained a 1936

scious. Her demonstration on home pasteurization won a championship in county and district contests. As a junior leader of her 4-H Club she practiced safety in other projects. Janet's trip award is made possible by General Motors.

Georgia Ann not only learned how to select, prepare, and freeze foods, but became skilled in showing others. She froze six varieties of vegetables, several kinds of fruit, and five kinds of meat. In addition she displayed 15 exhibits and gave 10 demonstrations which won ribbons in district and state fairs.

CARL BROWN, MANAGER AND OWNER

Everything's New including the View

in each '57 Buick-SPECIAL, CENTURY, SUPER, ROADMASTER

WE DON'T MEAN just new this or new that. We mean new *everything*.

We mean everything you *can't* see, as well as everything you can.

And even the "seeing" is new—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of *all* passengers.

Take other examples.

Its *styling* is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its *engine* is new. Never has any Buick boasted so big, so powerful, so *obedient* an engine as the purring V8 engine that gingers every '57 Buick.

Its *performance* is new—and right here we mean *new* like nothing else you ever experienced before.

For now, there's a new advanced Variable Pitch Dynaflo® so instant in action, so smooth and flexible throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more to the newness of every '57 Buick.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball-joint suspension for surer handling, safer cornering, and a wonderful new *levelized braking*.

There's a new safety instrument panel, new dip-center safety steering wheel—even an ingenious new Safety-Minder™ that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel and let this big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in *today*.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

The Signal Says--

CHRISTMAS SEAL TIME

Once again during the Christmas season residents are asked to purchase Christmas seals in support of the long battle against tuberculosis throughout the nation.

From money paid for seals, Kentucky will derive many benefits, most important of which is the discovery and treatment of the disease.

A few statistics relayed by the Kentucky Tuberculosis Association are worth passing along. In 1955, a total of 16 persons were reported to have tuberculosis in Rockcastle for a rate percentage of 101.4. One death occurred in Rockcastle from tuberculosis.

Statewide, Kentucky has the third highest state tuberculosis case rate, following Arizona and New Mexico. 11,754 Kentuckians are suffering from active tuberculosis today. 6,754 of these are known to health authorities and are on the record. 5,000 more are estimated to have active tuberculosis without knowing it. 2,193 new cases of active tuberculosis were discovered in 1955. In 1955, a total of 463 Kentuckians died of the disease.

In the continuing fight against tuberculosis, Rockcastle Countians have responded generously with cash in the past. Let's do it again.

BULLETIN

The trial of Dennis Morgan on a charge of carrying a concealed deadly weapon resulted in a hung jury today in Circuit Court.
 The jury stood six for acquittal and six for conviction. Judge R. C. Farar set March 20 as the date for the second trial.
 Morgan is accused of terrorizing a school bus loaded with children and forcing John L. Seize, Rockcastle, P. O. # 11 Schools Attendance officer, to take him to Renfro Valley.

HOSPITAL
 (Continued from page 1)
 total of 349 patients treated by the hospital. In his period there have been 24 babies born, there have been 3 major operations performed since the hospital opened, not counting numerous minor operations. As to our financial situation, the hospital will always operate as a non-profit institution. Indications are that the hospital soon will be breaking even. The money donated originally to operating funds has been the amount by which the hospital has been able to operate thus far. Any additions to this fund will help guarantee the future success of the hospital.

The hospital in getting started, has experienced an unusual amount of rumor mongering, most of which has been entirely

Health Is The Best Gift

of speed and lost control of his auto on a hill. The car was demolished.
 In another accident Thursday night, Hermon Smith, formerly of this county and on a visit to the Wildlife area, was taken to Berea College Hospital after his auto left the road near Bill Stewart's residence and went over an embankment.
 Billy Wolfe, a friend who was riding in the auto, received cuts on the head, but was released after treatment.
 No particulars are available on the eighth accident. The accident was of a serious nature and out-of-state persons were involved. It is reported--

Jess Mobley Fined On Whisky Charges

Jess Mobley, Livingston, was fined a whisky charge in the Rockcastle County Court this week.
 According to Deputy Sheriff Ted Meadows, Mobley was fined \$20 and given 30 days on a charge of possessing whisky, and fined \$20 and given 30 days in jail for selling untaxed whisky.
 Deputy Meadows reported he arrested Mobley Friday night along with W. R. Moore, and Mrs. Vernon Police Chief Irvin Saylor, who was deputized.
 Meadows said he had to knock down the door before Mobley would come out of his house in Kentucky last year in a special milk program.

Bulk Tobacco Properly To Prevent Leaf Injury

Practically all Kentucky burley now is cured enough for bulk, but much of it still has green stalks which may cause heating while the crop is "in bulk," according to Russell Hink, UK Agricultural Extension Service bureau specialist.
 Here are some steps he recommends to insure proper bulking--
 Bulk tobacco in single racks after taking it down. If stalks are uncurd, put empty tobacco sticks throughout the bulk at regular intervals to prevent sticking and heating.
 Build the bulk on boards or sticks supported by timbers, to keep tobacco off the ground.
 Build the bulk 18 to 20 inches high, then insert 10 to 12 tobacco sticks at right angles to the tobacco stalks. Add another 18 to 20 inches of tobacco, then a second layer of sticks. Last, add the third layer of tobacco, which should make the bulk about shoulder high. Cover with old carpet, tarpaulin or tobacco canvas, to keep dirt out. Do not weigh this cover down.

Urge Caution Selling FHA Loan Property

O. M. Howard, Director of the Federal Housing Administration insuring office in Louisville, Ky., advises property owners who have obtained an FHA insured loan to use caution when selling their properties.
 Mr. Howard states, "Many times people who have purchas-

PCA Owns Credit Source

The Cumberland Production Credit Association now owns its own source of credit and do not have to borrow money from loan to farmers, Jack Grierson, of the Louisville office of the PCA, told a meeting of business men Monday night at Mt. Vernon High School.
 Mr. Grierson declared, owing their own source of credit is a step forward for farmers who own and operate PCA. All personnel of PCA are farmers or persons who have agricultural background.
 Mr. Grierson presented Roy G. Brown with a 10-year service pen. Mr. Brown is field representative for PCA in Rockcastle.
 There was also a discussion on credit, its need, its use and farming operations in a mechanical way.
 Also at the meeting were Barkley Colson, of the Somerset office of PCA and D. C. Sherman, secretary-treasurer of the Cumberland PCA.

According to a report from the U. S. Department of Agriculture, more than twice as much milk was served to children in the public schools of nine southeastern states as in the previous school year, the number of schools increasing from 8,489 to 11,542 during the peak period. The quantity of milk served increased from more than 91 million half-pints to more than 195 million half-pints, a gain of 114 percent.
 Federal funds used to help pay part of the cost in the program also more than doubled, amounting to \$6,939,640 the past year.

In addition to public and private schools, the special milk program for this year has been expanded to include nonprofit schools, child care centers, settlement houses, summer camps and similar institutions devoted to the care and training of children.

Protection Coming From Uninsured Motorists

Motorists in many states will soon be able to buy insurance coverage that will pay them the damages they are entitled to recover if they or members of their families are injured by uninsured automobiles, the National Bureau of Casualty Underwriters announced today.
 Advertise in the Signal. It pays big dividends.

A three-act comedy
 "AUNT SAMATHY RULES THE ROOST"
 Will be presented by the Junior Class of Livingston High School
 FRIDAY, NOV. 30th AT 7:00
 Admission, 25 and 40c

A Friendly Note

by Alfred Sparks, Jr.

THE SECRET OF CONTENTMENT IS KNOWING HOW TO ENJOY WHAT YOU HAVE. AND TO BE ABLE TO LOSE THE DESIRE FOR THINGS BEYOND OUR DESIRE.

These words by a great artist have a wonderful message in them for those of us who strive to reach goals that are far beyond our reach for one reason or another. For some of us it is the lack of proper education, a physical handicap and so many things. When we set our goals far beyond our reach and do not achieve them, we find it is so hard to accept a lessening in life than what we had planned.
 However we must realize that desire and ambition is not to be despised. These two things go hand in hand for the betterment of being and getting the things in life we want. Most of us have a feeling for the ambitious and alert who set out for scale the great heights in search of fulfillment of a worthwhile dream. After all, it is these dreams or desires, which since the beginning of time, have pushed civilization onward in search of a better way of life.

THE BIBLE SPEAKS
 BY DR. KENNETH J. FOREMAN
 Background Scripture: John 14
 The Universal Reading: 2 Corinthians 4

Heart at Peace

Reason for December 2, 1956
 EVERYBODY wants what Jesus Christ has to offer. At least, they think they want something of the same name, but they do not always know how to get it. Let a book come out with "Peace" in the title and it may easily become a best seller. Between a heart and mind at rest and a heart torn in two, restless, dissatisfied, in perpetual turmoil—who would not choose the former? Dr. Foreman has said to those anxious friends, "Let not your heart be troubled." At least the word the Greek word is, "Let not your heart be troubled." It was almost the same as a word the Stoics used, only what Jesus meant was something quite different.

The Greek had a word "ataraxia" and in it they thought they had the key to happiness. It was a word which meant "peace" and would lock the door against unquiet peace. What they meant by it was indifference. Just not caring. Of that sort of peace, however, is not the Christian peace. It is only the sympathetic who can be bothered with other people's troubles. The peace of the world is simply never to allow yourself to love any one. One who is not so sure of himself is not to care what happens or whether anything happens. But this is not the kind of peace of heart which Jesus meant. The peace of heart is not the Christian peace. It is a peace which breaks in its sleep. And a human being is not so sure of himself as well as an icy lake. But this peace is the heart at peace which Christ has to offer.

Does Faith Bring Peace?

So the heart at peace is not the cold, indifferent heart; it is not the sluggish dull, self-centered heart; it is not the peace of the flowing river; it is not the peace of the great electric generator which though motordriven itself sends out power to city and country. The peace of heart is not the peace of the great electric generator which though motordriven itself sends out power to city and country. The peace of heart is not the peace of the great electric generator which though motordriven itself sends out power to city and country. The peace of heart is not the peace of the great electric generator which though motordriven itself sends out power to city and country.

"Not What, But Whom"

"Believe," said Jesus. But there are some important words after that. Just believing is not enough. Moreover, believing something is still not what Jesus meant. Some people think that we can have a peaceful heart to believe a catechism, a set of doctrines, that is not the main thing. "Believe in God," is the word. Faith in all things, be in whom all things exist, holds me in his hand too. The heart has a room in his heart for you. Turning to him in faith is the highway to peace. But why does Jesus say, "Believe also in me." It is a belief in God enough? Or the other way around: Is it not enough to believe in Christ? The Christian experience of faith is not a matter of belief and the heavenly Father. The best way to express it would be to say we believe in God in Christ. We believe in God as well as in Christ. We believe in God as well as in Christ. We believe in God as well as in Christ.

Henderson Sr., Earl Watkins, John Cox, Louis Kelsey, Mrs. Carl Baker and the Rev. Raymond Lawrence. The group will serve until June 30, 1940.

9,731 Unemployment Claims In September

During September there were 9,731 initial claims for unemployment filed at employment security offices throughout the State, according to a report by the Department of Economic Security.

The number included 431 initial claims filed by Korean veterans and 108 by ex-Federal employees.

The department also reported 9,192 claims for unemployment insurance, a decline of 23 percent from August but approximately nine percent higher than September, 1935.

Continued weeks unemployment insurance claimed amounted to 113,416 during September with 6,082 weeks being claimed by Korean veterans and 2,083 by Federal employees. The 103,251 weeks of unemployment claimed against State unemployment insurance systems were 22 percent lower than the August figure but 11 percent ahead of September last year.

Million In Loans From Assurance Society

During the first nine months of this year, Kentucky farmers received \$1,136,000 in new, long-term loans from The Equitable Life Assurance Society of the United States. Roy W. Hendrix, Equitable regional loan supervisor in Memphis, announced today that the advances in 1936 brought the outstanding amount of such loans in the state to \$7,445,000 on Sept. 30. The number of farmers receiving such loans was 478.
