County Agents Notes Bluegrass Seed For The Lawn Arrangements should be made for the Kentucky Bluegrass seed that is to be sown on the lawn early in September. In many counties, the only seed offered for sale is not of the high quality that should be sown on the lawn. The seed for a lawn should weigh 21 pounds or more to the bushel, should have a germination of 85% or more and be free from noxious weeds. This is a much better seed than the farmer-wild buy

for seeding his pasture field. September is undoubtedly the best month of the year to sow this seed. The lawn should be clipped down to about one inch and if the clippings are heavy they should be raked and removed, and the seed scattered over the grass that is on the lawn. The rain will wash it down and bring it into contact with the soil.

If the sod is reasonably good, 1/4 pound of seed sown on each 1,000 square feet of area will be sufficient. If the sod is light, one-half pound of seed should be sown to each 1,000 square feet.

The best way to sow the seed is with a seeder, but if this is not available then the amount of seed should be divided into two equal parts and one part put in a container and sown in one direction and the other half sown at right angles to the direction of the first seeding. Doing this lessens the danger of missing any spots with the seed.

If possible, a time should be selected for sowing the seed when the wind is not blowing as bluegrass seed is very light.

Set By Appraisers Value of fruit trees frequently will be in question, particularly when estates are settled. Insurance claims for storm or fire damage ... filed, etc. The Kentucky Agricultural Extension Service recently re-evaluated a schedule or suggested value of peach and apple trees which might be helpful in claim or estate cases. Maximum value of peach trees was set at \$14.40, and the apple tree, \$38.

Peach tree values were set at the rate of \$2 per tree per year up to the 5th year; and of 40 cents per tree per year from the 5th year to the 16th year; no gain in value from the 16th to the 20th year; and a decline in value of 40 cents per tree per year from the 20th year on.

For apple trees, \$3 per tree per year was set up the 9th year; after that a yearly increase of \$1 per tree per year from 9 to 20 years of age; no increase in values from 20th to 25th years and decrease of \$1 per year per tree for trees from the age of 25 years on.

The schedule was originally set up by the Illinois Horticulture Society.

FOR ATHLETES FOOT Use T-44 for 3 1/2 to 5 days. Wipe the old inked skin clean off with boot, hair, etc. Do not use with powerful, instant-drying T-44. Keep the back at any angle.

"Wilderness Road" Season Statistics

This is a report on "Wilderness Road" attendance through July 31, in the third season. The attendance is up 35.5% over 1956.

There has been no rain-outs and only one performance which was threatened. Customers often report heavy "storms" which they cheer through. "Wilderness Road" has a lucky star!

If the improvement trend continues by the end of the season the play will be in the black and will play to a total of about 45,000 making the grand total attendance for three seasons about 138,000 people.

Local business (within 75 miles of Berea) is down 10 percent from 1956, but tourist volume is up 50 percent over 1956, or 100 percent better than the first season in 1955. The tourist business represents 78 percent total volume.

Cars in the parking lot have been from 43 states, D. C., Canada and the Canal Zone, as of July 31. Cars from every state have been noted in the three seasons.

Laurel Homecoming To Feature Indians

The McNitt Defeat, worst Indian massacre ever to occur in Kentucky, will be re-enacted in pageantry at the opening program of the 22nd annual Laurel County Homecoming, Friday evening, August 9.

The pageant, with a cast of approximately 100 persons—real Indians included—will portray the true history of an immigrant company of pioneers encroaching upon the sacred grounds of the Chickamauga, who were practically wiped out by a band from this Indian tribe.

The scene of this slaughter, October 3, 1786, was in what is now the Lev Jackson Wilderness Road State Park where the pageant will be held. Burial grounds of the slain immigrants are in the park.

McNitt Defeat was produced in 1950 and 1951 and is again to be featured at the 3-day Homecoming through popular demand. The cast is made up of Laurel countians with exception of several Cherokees from Fort Sequoyah Indian Village in Rockcastle county, just across Rockcastle river.

An additional feature that evening will be presentation of the Friday Nighter's Cup, awarded annually to a Laurel countian who has distinguished himself or herself in the field of interpretive arts.

THE GREAT SECRET OF HAPPINESS IS TO BE ON GOOD TERMS WITH ONESELF

Most of us have repeatedly said that all we seek in life is happiness. However, how many of us have tried to analyze just what constitutes happiness where we, ourselves, are concerned.

To be happy is to be absolutely content with our mode of life. Some seek happiness through the channel of wealth; others through the gaining of power, and still others, through the medium of good family life. When the man completely sever from one's mind all resentment and envy toward others, then that person is on the right road to happiness.

MOUNT VERNON, KENTUCKY

FINE OF \$20 TO \$50 FOR CUTTING NEWS PAPER OR UTILIZING BOOKS OR PERIODICALS IN PUBLIC LIBRARIES. Statutes of Kentucky

EXPLAINING the fundamentals of football to early prospects is Larry Travis, who will be coach of football at Mt. Vernon High School. His listeners, left to right, are Lester Sandusky, Charles Bennett Farris, Jimmy Cox, Robert Cox, Denver Hausel, Mason Gregory and Jerry Cox. First game will be with Point Lick on Sept. 8.

Kick-Off Time--

MVHS Goes Into Football

When the cool autumn breezes blow this fall, they'll bring something new to Mt. Vernon—six-man football.

Mt. Vernon High School has decided, after much thought and debate, to go into football on a small scale, but with as much enthusiasm as if it were two-platoon football with 40 or more men.

The school has purchased uniforms; the boys are marking off the field at the rear of the high school; erecting goal posts, purchased from a surplus store, and at 9 a. m., Aug. 12 practice will begin officially.

Six-man football is not a new sport in the United States or in Kentucky. It became a reality because many small schools wanted to play football but could not get 30 or more men together to play regular football, or did not have the finances to support the large team membership. Officials, seeing a need, took regular football, made a few changes and the result was six-man football, an exciting and interesting game.

Six-man football is played strictly by a rule book and is officiated by state high school football officials.

Mt. Vernon will be in good and formidable company when the season gets underway about 1:30 p. m., Sept. 6 at Mt. Vernon. Mt. Vernon will be in the Blue Grass Conference and will open against Point Lick.

The remainder of the schedule, with the 1:30 p. m., time of play subject to change as the season progresses, is: Sept. 13, Berea at Berea; Sept. 20, Camp Dick Robinson at Camp Dick Robinson; Sept. 27, Point Lick at Mt. Vernon; Oct. 4, Wilmore at Wilmore; Oct. 11, Berea at Mt. Vernon; Oct. 18, Camp Dick Robinson at Mt. Vernon; Oct. 25, Wilmore at Mt. Vernon. Mt. Vernon will not see action this year against the other two teams in the conference—Perryville and Burgin.

At least for part of this season, games will have to be played during the daylight hours, since the school has not installed lights for nighttime games.

According to Clyde Linville, superintendent, during this season, lights will be installed and at least part of the season games will be played at night, allowing more spectators to attend. Next year, bleachers will be constructed on both sides of the field, but only if six-man football proves to be popular and well attended this year.

Coaching the team will be Larry Travis, who is also industrial arts teacher at Mt. Vernon.

What is six-man football and how is it played? Six-man football is not too different in actual playing and scoring than regulation football. It is played on a field 40 yards wide and 80 feet long. The game is played with 12 men—six men on the offense and six on the defense while

Funeral Held Today For Mrs. Catherine Phillips

Mrs. Catherine Phillips, 79, of Calloway, died Tuesday, at the Rockcastle County Baptist Hospital.

Mrs. Phillips was born in Rockcastle, the daughter of Cris and Jane Madden Sowders. She married Bill Fry and later Bill Dale Mullins. Both preceded her in death. She married Joseph Louis Phillips who survives.

She is also survived by five daughters and six sons: Mrs. Opha Halecomb, Orlando; Mrs. Lona Mae Cash, Hamilton; Mrs. Lela Fields, Hamilton; George Mullins, Sand Springs; George Phillips, Lee Springs; and Earl Phillips, all of Big Creek; Mrs. Marie Stallworth and Mrs. Elizabeth Milburn, both of Route 2, Mt. Vernon; Mrs. Lela Fields, Hamilton; Ohio, and Belcar Mullins, of Dryden, Va.

She is also survived by 58 grandchildren and 20 great-grandchildren, as well as one sister and four brothers: Mrs. Betty Dair, Mt. Vernon; Jim Madden, Richmond; Andy, Ed and Rob Madden, all of Mt. Vernon; two half-sisters, Mrs. Lou Kirby and Mrs. Nancy Jane Clontz, both of Mt. Vernon.

Funeral services were conducted Thursday, at the Calloway Holness Church, with Bro. George Murphy officiating. She was buried in Pine Hill Cemetery. Cox Funeral Home had charge of arrangements.

Rev. W. L. Hopkins

New Pastor For Baptists

A new minister will fill the pulpit at the First Baptist Church at Mt. Vernon, Sunday.

The Rev. W. Lee Hopkins has replaced the Rev. Raymond Lawrence as pastor of the church.

Reverend Hopkins comes to Mt. Vernon from Rineyville. He was born in Kenton County, the son of Mr. and Mrs. V. L. Hopkins, who now reside at Newport. He graduated from Simon Kenton High School in 1944. He served two years in the Navy, mostly in the Pacific during World War II.

In 1950, Reverend Hopkins graduated from Georgetown College and taught one year at Dixie Heights High School. He graduated from the Baptist Theological Seminary in 1954, and since that time he has been pastor of the Rineyville Baptist Church.

The new pastor married Marjorie Adams, the daughter of the late Dr. Marvin Adams, who was for 14 years pastor of the First Church, Middleboro. They have one daughter, Kathleen Gail, who is one year old.

The public is invited to a reception for Reverend and Mrs. Hopkins Aug. 9, at 7 p. m. (CST) at the church.

Ray Hamm Dies Here While Servicing Auto

A State Highway Department maintenance employee died of a heart attack Saturday morning while having his auto serviced at Owen's Service Station at U. S. 150 and U. S. 25 at Mt. Vernon.

Dead on arrival at Rockcastle County Baptist Hospital was William Ray Hamm, 56, of Broodhead.

Mr. Hamm stopped at the service station when an attendant came out. Mr. Hamm was lying partially under the car. Investigation showed he had suffered an attack and an ambulance was called.

James P. Cromer, 76, Dies At Stanford

James Peyton Cromer, 76, of Walnut Grove, died at Stanford Hospital, Tuesday.

Mr. Cromer was born the son of William Bramlett and Arminia Coon Cromer in Rockcastle. He married Harriet McFerron, who preceded him in death. To them was born one daughter, Arminia, who died.

Four of their sons survive: William, Curtis, Lester and Austin. Curtis, all of Indian Springs, Ind.; Lester, of Walnut Grove; Russell, of Good Hope, Ind.; and James, of Blue Springs, Ind.

Mr. Cromer later married Ida Barnes, who survives. To them were born four sons and three daughters: James, of Walnut Grove; Russell, of Good Hope, Ind.; and James, of Blue Springs, Ind. He also had two daughters: Mrs. Flossie Cottrell, of Lee Lick, one son, Estill, is deceased.

One sister and six brothers survive: Mrs. Rachel Price, Sand Springs; Lasalle Cromer, Mt. Vernon; Willie Cromer, Crab Orchard; Elmer Cromer, Walnut Grove; Henry Cromer, Blue Springs; Ben and Lester Cromer, Cincinnati, Ohio, as well as 21 grandchildren. Two brothers and one sister, Joe, George and Ardelia, are deceased.

Mr. Cromer was a member of the Church of Christ and was an elder of the church.

Funeral services were conducted Thursday, at Walnut Grove Church, Bro. Thomas Murphy officiating. He was buried in Fairview Cemetery. Cox Funeral Home had charge of arrangements.

Two Local Brothers Transfer To Same Ship

Two brothers from Rockcastle, both in the Navy, have been assigned to the same ship.

James W. Cummins, who has been stationed at Dan Diego, Calif., and Quartermaster Kenneth W. Cummins, who has been stationed at Newport, R. I., have been transferred aboard the USS Charles P. Cecil at Norfolk, Va.

Both are the sons of Mr. and Mrs. Joe Cummins of Mt. Vernon.

Funeral services were conducted Thursday, at Cox Funeral Home.

Due to Mt. Vernon Bargain Days' next Friday and Saturday, the Signal will be published this coming week on Wednesday. Correspondents are asked to have news in as early as possible.

Phone Firm Makes Changes

NEW PERSONNEL at the Mt. Vernon Telephone Co. are, left to right: Alvin Adams, Northeastern Telephone Corp., plant supervisor; Alvin Adams, manager at Mt. Vernon; Mrs. Nell Wanda Travis with head phones; Eva Sparks and Mrs. Irene Thomson. Mrs. Jack Laswell, supervising operator, was unavailable for the picture.

The Northeastern Telephone Corp. of Chicago, took over the physical plant of the Mt. Vernon Telephone Co., this week, which it purchased July 30 from J. P. Dees.

The first step made by the company was to change and add operators at Mt. Vernon in order to furnish round-the-clock service to subscribers.

Four new operators have been hired—Mrs. Dorothy Laswell, who will be supervising operator; Mrs. Nell Wanda Travis and Mrs. Eva Sparks. Mrs. Alfred Barnett has been hired at Broodhead. Two operators who were employed by the Mt. Vernon Telephone Co. were retained—Mrs. Irene Thomson at Mt. Vernon, and Mrs. Ellen Denny at Broodhead.

Alvin Adams has taken over as manager at Mt. Vernon. He has been an employee of the company for eight years and is a native of London. Until further arrangements are made, he and his family will continue to live at London.

The new company purchased the Mt. Vernon company for \$57,500 after long negotiations. Northeastern will act as agents for the Mt. Vernon Telephone Co., until the Public Service Commission at Frankfort, approves the sale.

Company officials took a look at the physical plant at Mt. Vernon this week and decided a check of all telephones should be made as quickly as possible. Following the check, repairs will be made.

New subscribers will be taken care of if they are near a line already in use. Persons desiring a telephone should apply at the exchange at Mt. Vernon. Reports of telephone trouble should be made to Mr. Adams or to a telephone operator. A record of the information will be taken and a repair man will be sent to repair the telephone.

Beauty Contest Scheduled For 'Little Worlds Fair'

For the first time, the Broodhead Fair will have a beauty contest with the title "Miss Little World's Fair" going to some lucky girl in Rockcastle or surrounding territory.

The contestants will be sponsored by merchants in the territory. She will be chosen at 8:30 p. m., Aug. 22. The fair will open on Aug. 21 and run through Aug. 24.

According to Mrs. Lillian Collett and Mrs. Rudolph Burdette, who are supervising the contest, contestants must be between 15 and 22 years old. One merchant can sponsor a contestant for \$10, or two merchants can join and sponsor one for \$5 each. An entry blank appears on another page in this issue. Last date to file an entry is Aug. 19.

The girls will first appear in a street-length evening gown and then in a bathing suit. Each participant will be given a corsage and a pass for the entire "Little Worlds Fair" Contest, must be at Broodhead High School by 3 p. m., Aug. 22.

"Miss Little Worlds Fair" will be given a silver cup and a set of Samsonite luggage. She will then be eligible to compete in the "Miss County Fair" contest to be held in January at the Kentucky Hotel, Louisville, with all expenses paid for herself and her chaperon. An evening dress and bathing suit will be presented to her at Broodhead, which she will wear in the state contest at Louisville.

While there she will be under the sponsorship of the Kentucky Association of Fairs and Horse Shows. She will take a tour of Louisville.

A dinner is also scheduled for all state contestants and the contest judging will follow.

Information on the local or state contest may be obtained by contacting Mrs. Burdette at Mt. Vernon, or Mrs. Collett at Broodhead.

Bales Infant Buried

An infant son of Mr. and Mrs. Clifford Bales, of Livingston, was still-born at Rockcastle County Baptist Hospital, Aug. 1. He was named Gary Franklin.

The Rev. Burnham Manning, pastor of the Livingston Baptist Church, read scripture and said a brief prayer at Cox Funeral Home. He was buried in Elmwood Cemetery. Besides his parents, he is survived by a brother, David Ray, 10.

EARLIER DEADLINE

Due to Mt. Vernon Bargain Days' next Friday and Saturday, the Signal will be published this coming week on Wednesday. Correspondents are asked to have news in as early as possible.

ROCKCASTLE QUEEN—

Chosen to represent Rockcastle County as "Miss Rockcastle" at the Russell Springs County Fair, this week, was Miss Edith Hammons, daughter of Mr. and Mrs. Earl Hammons of Mt. Vernon. Miss Hammons was sponsored by the Meridian Woman's Club. Most of the activities involving Rockcastle people will be Friday night.

Glenn Pennington, Ford of Berea, will donate a 1957 convertible for the parade and allow the school to donate cages for each Rockcastle girl who will appear in the parade.

MVHS Band will be unable to play, as was previously reported.

BRODHEAD FUTURE FARMER AT ELECTRIC CLASS—

Cecil Cox, center of the Broodhead Future Farmers Chapter is shown during the electric class at the F. F. A. Leadership Training camp, Hardinsburg. With him are the electrical instructors, William M. Johnson, left, Kentucky Utilities Company farm service adviser, and Virgil Rains, youth director, Kentucky Rural Electric Cooperative. The electric class is sponsored by the Kentucky Inter-Industry Farm Electric Council.

The Signal Says.....

Let's Go To The Game!

Officials at Mt. Vernon High School have debated, discussed and finally decided to allow the school to go into six-man football as a story on Page 1 shows.

Work has begun on forming a team and marking off a field. Uniforms have been purchased and a schedule has been set. About all that remains are bleachers, much needed lights for night playing, the whistle and the kickoff, with the latter scheduled for Sept. 6.

When we first heard, we treated football at Mt. Vernon High School with coolness, to say the most. We were of the opinion that the school was "in enough" sports already, so why take on more. We felt Mt. Vernon was not Lafayette of Lexington, Corbin or St. Xavier of Louisville.

We saw six-man football as only a "reasonable fascimile" for regulation football, and failed to see its benefit to the school, faculty, or students. We were of the opinion that if Mt. Vernon was to go into football, it should go into big-time high school football with the same opportunities and chance it has in basketball. We also saw football as extremely expensive to the school.

Then we made our first discovery. We discovered six-man football was the game Berens were jamming a field at Berea to see last fall. For a closer look, we sat in the bleachers. We discovered six-man football was not a second rate game. It was downright interesting and exciting.

We discovered also the game generated a great deal of enthusiasm and sportsmanship in all concerned. On investigation, we discovered more. Six-man football was not nearly as expensive as regulation football. At other schools it has paid its way many times over. At these schools officials look amazed when it is suggested the school loses money on six-man football. Then we remembered, Mt. Vernon can well afford the addition of football.

In fact, the more we heard and saw of the game, the more convinced we were that Mt. Vernon could and should give the game a try.

We do not think for a second that Mt. Vernon will begin its competition in the Blue Grass Conference with an all-world record in the first season. To play a game such as this, youngsters must grow up with it as they have grown up with basketball. But Mt. Vernon youngsters for years have felt seriously they have missed a great deal by not knowing and participating in the game of football. They want very badly to give it a try. They have always wanted some form of the game.

We predict Mt. Vernon residents are going to be surprised if only a few of them turn out for the games this fall even though the games are to be played for part of the season on Friday afternoons. They will probably be outnumbered greatly by fans from other towns cheering for their well established teams.

So, parents, get out the band aids and the alcohol swabs for Junior. But better a football field than an auto on U. S. 25. Oh yes, we'll see you at the game!

FOOTBALL

(Continued from page 1)

The game is in play. The offensive side tries to advance the ball after receiving it from a kick-off by the defensive team towards the defense.

The purpose of the defensive team is to prevent, in a sportsman-like manner and according to rules, the offensive team from scoring or crossing their goal line. If a touchdown (score) is made, the offensive team automatically goes on the offense.

If a touchdown is made, six points is earned. The team then kicks for an extra two points. The team scoring the goal posts, the team runs or passes for the point after-touchdown, they earn only one point. There are many other rules and regulations that go with six-man football, such as, pass interference; off-side; illegal re-ceiver; downfield; substitution

of players, and many other rules that can be learned only by watching the game played.

Several boys at Mt. Vernon have already indicated they are interested in playing football. Coach Travis expects more to join the team as the news gets around.

As for Mt. Vernon's prospects for the first year, Coach Travis summed them up this way: "I think we will win a few games and lose a few games. But we hope to do all right even if it is our first year."

TELEPHONE

(Continued from page 1)

will be installed, at Mt. Vernon at this time, a company spokesman reported. The spokesman declared, it would not be financially practical to purchase new magnet equipment and install it in 18 months. The spokesman stated everything will be done as quickly as possible to bring good telephone service and equipment to the county.

Home, with the Rev. B. Samuel Miller, of Lancaster, officiating. He was buried in Sayers and Hamm Cemetery, Watson Funeral Home had charge of arrangements.

Mrs. Angie Craig, 65, Buried At Mareburg

Mrs. Angie Hunt Craig, 65, formerly of this county, died at Dayton, Ohio, July 29. Mrs. Craig was born the daughter of Paschal Yearly Hunt and Susan Mae Hunt. She married Wesley Craig, who preceded her in death. She later married Robert Craig of Dayton, Ohio.

She is survived by two sisters, Mrs. Susie Mae Kirk, Cincinnati, Ohio, and Mrs. Hazel Rae Anderson, of Broadhead. She was a member of the Eastern Star and the Mareburg Christian Church.

Funeral services were conducted Friday, at the home of W. H. Anderson, Broadhead, with the Rev. Raymond Roth officiating. She was buried at Mareburg Cemetery—Watson Funeral Home had charge of arrangements.

Mrs. Abbie Callahan Buried At Fairview

Funeral services were conducted last week at the Fairview Baptist Church for Mrs. Abbie Callahan, 91, who died Saturday, at Broadhead, after a lingering illness. She was a resident of Berea, Route 3.

Survivors include one daughter, Mrs. Polly Howard, Conway; two sons, J. P. Callahan, Franklin, and A. J. Callahan, Mainsburg, Ohio; 25 grandchildren; two sisters, Mrs. Martha Cross, Stonega, Va., and Mrs. Rebecca Cross, London; and two brothers, Lidg, Maggard and Charlie Maggard, Partridge.

Rev. Charlie Philbeck conducted the funeral services. Burial was in the Fairview Cemetery. The Rominger Funeral Home was in charge of arrangements.

Leaf-Hoppers Damage Forage Crops In State

Leaf-hoppers, mainly the potato leaf-hopper, a tiny, yellowish-green, wedge-shaped insect, is attacking Kentucky forage crops heavily, says Kenneth Starks, Kentucky Experiment Station entomologist.

Damage is heaviest in the central part of the state, he says. Dry, hot weather favors the insect; yet like thinner stands of alfalfa particularly, and will cause stunting of the plants and leaf-drop.

Control Grasshoppers In Tobacco, Forage

Grasshopper time is here again; hit these pests hard with insecticides to protect tobacco and forage crops, says the Kentucky Experiment Station entomology department.

Richard Thurston, entomologist, recommended the barrier treatment against grasshoppers for tobacco fields. The hoppers move into tobacco after their food supply in fence rows and field margins is exhausted; he says; therefore, spray these border areas first. Insecticides recommended—Aldrin and Dieldrin are contact and stomach poisons and will control hoppers moving toward tobacco fields.

Richard Aldrin, one pint of the 25 percent emulsion concentrate in 5 to 15 gallons of water per acre; Aldrin dust, 2 1/2 percent dust, 15 pounds to the acre. Dieldrin, one-half a pint of the 50 percent emulsion concentrate in 5 to 15 gallons of water per acre; or 1 1/4 percent dust, 15 pounds per acre.

In forage crops, use Heptachlor, says Kenneth Starks, entomologist. The emulsion concentrate is recommended, one pint of the 25 percent emulsion concentrate in 5 to 15 gallons of water per acre generally controls the pest.

Kentucky First In War Against Johnson Grass

A Kentucky county is the first laboratory in research to control a noxious and menacing weed—Johnson grass.

Franklin County has been designated the first county in a three-year campaign to subdue the weed by spraying and cultural methods.

It's the first countywide pilot area in the United States. It's the first county to fight Johnson grass on a cost-share basis with the federal Agricultural Stabilization & Conservation Committee.

Kentucky is the first State to take legislative action against Johnson grass. The 1956 General Assembly designated it a noxious weed and provided that the State Highway Department combat it along roadways by spraying.

Manuel Vinson, assistant state agricultural commissioner, said Johnson grass encroaches upon the most fertile bottom land and chokes out other growth. It attacks soil best suited to row crops, he said, thus becoming a menace to tobacco and grain. "It is a State of Commerce committee that is promoting the campaign, so it is important to mow Johnson grass before it goes to seed. Regrowth is sprayed with chemicals. The final step is cultivation of

the ground until fall, when a cover crop is sown.

Participating are the State Agriculture Department, Chamber of Commerce, University of Kentucky experiment station, State Economic Development Department, Federal Bureau of Investigation and State and local ASC committees.

OK Financing Funds For Individual Homes

Orville M. Howard, State Director, Federal Housing Administration, announced today that funds are now available for financing individual homes through the Voluntary Home Mortgage Credit Program with FHA loans.

This program was established by President Eisenhower to assist persons in small communities in obtaining loans for purchasing of homes. In many communities FHA loans are unavailable through normal channels. Through the VHMC private lenders agree to make loans in communities with 25,000 in population if the applicant has been unable to obtain FHA financing through the local lending institutions. The property and location must be acceptable to the FHA and the applicant must have a credit standing satisfactory to the FHA and an income sufficient to satisfactorily make the payments.

Road Work By State Has To Be Authorized

Commissioner Robert Humphreys has warned employees of the Kentucky Highway Department against performing work on roads, driveways or other places without proper authority.

Humphreys sent a memorandum to all maintenance supervisors, superintendents and foremen, stating:

"It has come to my attention that in some instances, our friends come to you and direct that work be done on roads, driveways, or other places not authorized by the Department."

"In the future, you will positively not perform any of these duties unless authorized by the district engineer in your district, the area engineer in your district, or by this office."
