

AUTO ENTRANCE ramp burrows inconspicuously into the desert as it leads down to a dual-purpose underground shelter and garage at the Operation Plumbuch atomic tests in Nevada. Lower photo shows how the A-bomb blast crumbled part of the concrete retaining wall but failed to block the entrance. To the right of the crumbled wall is the entrance, closed by a 18-in., four-foot-thick reinforced concrete blast door (inset), which was undamaged. (NATO Lookout Mountain Lab Photos)

Plastic Greenhouse Keeps Up Production

Using a small plastic-covered greenhouse will help home gardeners maintain production long after normal vegetable seasons are gone, says George Marlowe, Kentucky Agricultural Extension Service vegetable specialist.

In greenhouses not heated artificially, many leafy and root crops can be kept growing until Thanksgiving, he says. Heating the greenhouse will make it possible for a skillful gardener to have year-round production.

Marlowe advises a small greenhouse—about 10 feet by 10 feet—without artificial heating. Such structures can be built of scrap lumber for the frame; the plastic itself is very cheap in price. Marlowe estimates that a plastic greenhouse costs about one-tenth to one-fifteenth as much as a similar size glass greenhouse.

Unheated houses will handle leafy crops as lettuce, kale, etc., and root crops such as turnips, parsnips, radishes. The plants do well until extreme cold weather hits, he says; then they slow down; but when two or three warmer days come, the plants perk up immediately. Artificial heat just about whips the winter-growing problem, he says, but is more expensive. However, some growers find it profitable to heat, using gas or kerosene.

The frame of the house is simple, Marlowe says. Low peak roofs can be built; generally only one door is needed, and a couple of ventilating openings just below the peak of the roof.

Tons Of Fertilizer Used In Kentucky

Kentucky farmers purchased more than 442,000 tons of mixed

Weed-Free Tobacco Beds

Here's how to do it. Sprinkle VAPAM on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seeding time you have the healthiest soil in the state! You get more seedlings per square yard—up to twice as many. And only a few—any!—weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil-borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

Stauffer Chemical Co., Inc. Tampa, Florida

Amount of "straight materials"—such as rock phosphate, etc.—increased slightly from 97,300 tons (in the year 1955-1956) to 99,200 tons in the year on which the report is made here. Tonnage of phosphate-bearing products dropped; nitrogen material tonnages upped sharply; and potash materials stayed about the same. Anhydrous ammonia and ammonium nitrate increased.

Important gains were made in tonnages of some grades, Poundstone noted. For instance, the analysis 4-12-8 accounted for 100,400 tons, an increase of 15,400 tons, or 18 percent over the previous year. Other grades, their tonnages and percentage of increase in the report period were: 5-10-15, 96,400 tons, 11,800 tons increase, up 14 percent; 10-10-10, 30,900 tons, 8,100 tons increase, up 26 percent; 8-12-12, 25,400 tons, 7,600 tons increase, up 43 percent; 5-20-20, 12,100 tons, 4,500 tons increase, up 59 percent; and 6-12-18, 3,600 tons, 1,000 tons increase, up 38 percent.

These increases were recorded despite the fact many of the mixed fertilizer grades' tonnage was lower in the report year than in the 12 months just previous.

Poundstone said notable decreases were noted in 3-9-6 grades. Both were at one time leading grades tonnage-wise for Kentucky use; in the report year, however, these analyses dropped 23 percent and 17 percent, respectively. Poundstone predicted "eventual disappearance of the two low-analysis grades from the Kentucky fertilizer picture."

For I know some day we can meet again. Where we won't have to part. That will be a day of happiness. When we meet around God's throne. And as we never know, It may not be very long. Bobby, you were loved by all and always wore a smile, I can never forget you as the lonely years go by. Sadly missed by father, mother, sister and brothers. The Croucher Family 311

IN MEMORY:
In loving memory of our little son. Just five short years ago today, Bobby, Since God called you away. To that home above, forever there to stay. The memories of you still linger in our hearts.

STARRING FRESH PEACHES
Fruit which has always been a delectable favorite. Here, in a beautiful, shimmering desert that's cloud-light and breeze-cool fresh peaches combine their ripe goodness with the tang of orange to make a fruit whip that's sure to intrigue and please the most summer-weary appetite. For a nice "go-along" with the dessert, serve crisp, gingery sandwiches. They're easily made from packaged cookies.

PEACH ORANGE WHIP
1 package vitamin C gelatin, orange flavor
1 cup hot water
3 ripe peaches, peeled, pitted and sliced
1/4 cup sugar
3 egg whites

Combine 1 cup confectioener's sugar with 1 tablespoon margarine or butter, 1/8 teaspoon vanilla, and 3 to 4 teaspoons water or enough to make of spreading consistency. Use as filling for ginger snap sandwiches. Sprinkle tops of sandwiches lightly with confectioner's sugar.

GINSENGAP SANDWICHES
Dissolve gelatin in hot water, chill until thickened and the consistency of unbeaten egg white. Meanwhile, press peaches through strainer; or blend in electric blender until pureed. Then beat egg whites until foamy; gradually beat in sugar. Continue beating until very stiff. Stir in gelatin and ginseng. Refrigerate at once until sherbet dishes are set, about 30 minutes; then spoon into sherbet dishes. Or turn at once into sherbet dishes and let chill until set. Garnish with cream coconut or orange rind, or top each serving with whipped cream and fresh peach slices. Makes 4 to 6 servings.

Combine 1 cup confectioener's sugar with 1 tablespoon margarine or butter, 1/8 teaspoon vanilla, and 3 to 4 teaspoons water or enough to make of spreading consistency. Use as filling for ginger snap sandwiches. Sprinkle tops of sandwiches lightly with confectioner's sugar.

HELP WANTED

PROGESTERONE IS USED IN BREEDING TESTS
Five injections of 30 milligrams of progesterone (a hormone produced by the ovaries) at three-day intervals were as effective in controlling the time of estrus in ewes during breeding season as 15 daily injections of 10 milligrams of the substance.

That's the report of the UK Agricultural Experiment Station's annual husbandry department. The test was conducted last year to find a way of synchronizing heat periods in ewes during their natural breeding season; a system is needed if artificial breeding of flock ewes is to become practical.

Ewes that got 15 daily injections of 10 milligrams of progesterone had an average estrual cycle length of 25.5 days; the average interval from last injection to beginning of estrus was two and a half days.

The other group, getting five injections of 30 milligrams of the substance every three days, had an average length of estrual cycle of 28.5 days and averaged 4.5 days from the last injection to start of estrus. Injections

There will be a revival at the Riverside Church, on Rockcastle River, Route 80, Oct. 23 through Oct. 30; beginning each evening at 7 p. m. The evangelist is Rev. Peter Elgersma of Grand Rapids, Mich. Special singing each evening. Pastor, Rev. James Martin. The public is invited. 312p

The total crop of improved, wild and seedling peaches this year is estimated at 119 million pounds, or 31 percent below last year, and 14 percent below average.
The 1957 lamb crop of 19,800,000 head is down 3 percent from 1956.

To The Voters of Rockcastle County
The election is only a little over two weeks away, at that time the good people of Rockcastle will go to the polls to choose their Judge for the next four years.

Friends, when you elect a man to this office you are electing a man that has to be instrumental in helping handle your county's money, that has to be instrumental in keeping your county roads in good shape and other business, a man that has to make decisions, a man to protect your churches, your schools, your highways, your public gatherings of all kinds, to protect and advise you if someone should try to wrong you - and a man that tries those that break the law, and be able to do this without fear and yet do this with fairness to all.

I will work with the magistrates and the fiscal court, that you people choose and do the best I can to have them spend your money for the things that will benefit the people the most.

If elected I will be in a good position to help tremendously on your roads. I can and will go to Frankfort and try again and again to get additional funds for our roads, which we need very badly, as the most of you know.

I have seen and talked to a lot of you and I hope to see all I can before the coming election. If I don't get to see you, I am sorry, for it is my wish to see each and everyone of you.

I thank everyone for the encouragement you have given me.

As I told you in another issue of this paper, I have a family of my own, also I am next to the oldest child living, in a family of fourteen children.

I have book-keeping experience, I also have had business experience, and experienced in dealing with the public.

So good citizens, go to the polls and choose the man you want to serve you, as your judge. Remember the vote you cast is for you.

Your vote and influence will be appreciated.

Amos A. Owens

MOUNT VERNON, KENTUCKY

Mask Time Again-- Halloween Carnival Scheduled At MVHS

Plans are now being made for the Mt. Vernon Grade and High School Halloween carnival, scheduled for Oct. 31. The carnival, much the same as previous years, is sponsored by the PTA. A highlight of the evening will be the crowning of a king and queen, prince and princess, at 9:30 p. m. Each class chooses a candidate and the public votes on each with pennies. A \$5 award is also to be given to the person with the best costume. \$3 will be given to the second place winner. Also as usual, there will be various booths, games and a cake walk. Other entertaining features include "Little Renfro." The carnival doors are opened at 5 p. m. and food will be served after that time in the "Snack Bar." Further information on the carnival will be found later in the Signal.

Elizabeth Fletcher, 69; Heart Attack Victim

Elizabeth Norton Fletcher, 69, died at the Rockcastle County Baptist Hospital, Monday, of a heart attack. Mrs. Fletcher was born in Rockcastle County, the daughter of Robert and Mary Frewitt Norton. In 1911 she married Robert L. Fletcher, who survives. She is also survived by one daughter and three sons: Mrs. Mary Renner, Sand Springs; Mitchell and Burgess Fletcher, both of Sand Springs, and R. L. Fletcher of Lancaster. Also 18 grandchildren. Funeral services for Mrs. Fletcher who was a member of the Holiness Church, were held Wednesday, at Sand Springs Holiness Church, with Bro. Tom Stephens officiating. The service was in Sand Springs Cemetery. Cox Funeral Home had charge of arrangements.

Premiums Announced On Corn Supports

Corn placed under loan in this state will earn a one-cent-a-bushel premium for cleanliness or low moisture content under the 1957 support price program. That's the word from the state ASC committee. To qualify, corn must have a moisture content of 15.5 percent or less, or cracked corn and foreign material of two percent or less. Discounts of from one to five cents a bushel will be charged for corn with a high moisture content, the ASC said.

Billy Melvin Hansel Tops In Pony League

Bill Hansel and son, Billy Melvin, were at Frankfort, Monday night to attend a dinner given by the City Recreation Department, in honor of the City Baseball League. Billy Melvin was awarded a certificate for his highest batting average in the Pony League. This is Billy's third year to play with the City Baseball League. Ed Diddle, coach at Western State College, was the principal speaker at the dinner.

Mt. Vernon Post Office Has New Film Available

The Post Office is finally going modern, Postmaster James O. Smith of Mount Vernon, says and he has the film to prove it. The film, "Men, Mail and Machines" is an exciting pictorial presentation of the new electronic and super-automatic devices now being installed in some of the major post offices of the nation. Postmaster Smith, invites all civic, church, school or social clubs in this area to contact him if they are desirous of showing the film at their meetings. The Post Office has been trying for years to give the public twentieth century service out of nineteenth century facilities," Smith says. "Postmaster General Summerfield, in at-

Big Pony Sale Set At Renfro

The fall pony sale has been scheduled at Renfro Valley Oct. 25 and 26, according to an announcement by John Lair. Stable facilities are being enlarged and other facilities are being remodeled or improved. There is also an extension being made to the grandstand to make it possible to conduct the sale under one roof in case of inclement weather. Mr. Lair's stables will accommodate 26 ponies and will be turned over to the sales management for the sale. Hugh Hunter, manager of the stables, will be in charge of the stabling. Pat Pruitt of Belton, S. C., auctioneer and general manager for previous Renfro sales, has been joined by George Goodpaster, of Owingsville, and Arthur Roberts, of Harrodsburg, in an effort to double the scope of the sale.

BOONE'S TRAINING REPORTED FINISHED

James Boone Jr., son of James Boone Sr., of Luner, has completed eight weeks of Infantry Basic Training today in the 2nd Training Regiment, Fort Gordon, Ga. Col. Robert McBride, Regimental Commander, announced. The mission of the 2nd Training Regiment, United States Army Training Center (basic) is to train newly inducted or enlisted soldiers in basic military subjects. Military courses include: Basic Drill, Physical Training, Rifle Marksmanship, and Rules of Land Warfare are some of the subjects taught. These soldiers are then transferred to active Army units throughout the world for advanced training.

Careless Smokers Cause Of Forest Fires

Careless smokers and debris burners still lead the list of forest-fire causes, says James Newman, Kentucky Agricultural Extension Service forester. Mid-October is about the time of year forests are susceptible to burning, so be careful with cigarettes, camp fires, etc. About 60 percent of all Kentucky forest fires in 1956 were attributable to smokers and debris-burners, Newman said. Lightning caused an estimated two percent, Newman continued, of all the forest fires that burned 59,000-plus acres in the state in 1956. Intentional woods - burning (incineration or arson) contributed heavily to the 1956 burned-acre total. Newman said. About 10,000 acres were burned by arsonists during the year. The State Division of Forestry is responsible for fire protection in the state and in 1956 covered about 6,870,000 acres. However, this is only about two-thirds of the actual forested acreage, Newman pointed out, showing that Kentucky needs state-wide protection of all forests.

LOGAN RENNER, of Quail, celebrated his 86th birthday Oct. 7, at the home of his son, Edward. Attending were his children and families: Thelmer Renner; Mr. and Mrs. Edward Renner and children; Mr. and Mrs. Walter Cash, Brodhead; Mr. and Mrs. Floyd Bullock and children, of Quail.

Tom Woolery, 58, Buried At Johnetta

Tom Woolery, 58, of Berea, and formerly of Climax, died at Berea, Oct. 2 after an illness of nine months. Mr. Woolery was a native of Estill County, the son of Andy and Shee Woolery. He married Annie Mullins, who survives. He was a member of the Church of Christ. He is also survived by three daughters and three sons: Charley, of Oxford; Ohio; Robert, of Lebanon, Ind.; Mrs. Alberta See, Climax; Mrs. Fannie Harris of Louisville; Natha Woolery of Berea, and Dolly Woolery at home. One sister and two brothers survive: Mrs. Bessie Erwin, Dayton, Ohio; Bert Woolery, Cincinnati, Ohio, and Robert Woolery, Newport, as well as five grandchildren. Funeral services were conducted Oct. 4 at Climax, with Bro. Clifford Dean officiating. He was buried at Johnetta, Britton Funeral Home, Berea, had charge of arrangements.

James M. Turpin, 85; Dies At Stanford

James Martin Turpin, 85, of Mareburg, died at the Stanford Hospital, Oct. 16. Mr. Turpin was born at Estill County, Ky., the son of Owen and Rebecca Edwards Turpin. In 1891 he married Emma Drew, who survives. He is also survived by six children: Mrs. Mary Lou Cox, Richmond; Mrs. Celia Durham, Hamilton, Ohio; Mrs. Mattie Franklin, Mt. Vernon; Mrs. Monroe and Martin Turpin, all of Mt. Vernon. One brother, Forrest Turpin, of Olden, Texas, and two grandchildren and 10 great-grandchildren survive. He was a member of Ashland Lodge 640 F. & A. M., Mt. Vernon Chapter 408 O. E. S., and the Mt. Vernon Baptist Church. Funeral services will be conducted by Rev. W. Lee Hopkins at the Cox Funeral Home, Friday, at 2 p. m. Burial will be in Elmwood Cemetery. Masonic service will be held at the graveside.

Good Hunting Predicted Here

Rockcastle County Conservation Officer Irvin Smith predicted good hunting prospects for local sportsmen as he pointed to the opening of the 1957 Kentucky hunting season on Nov. 20. Smith said game surveys in Rockcastle County indicated a good local hunting season. State-wide prospects, according to wildlife biologists in Frankfort, are very good. Nov. 20 signals the big end of the 1957 Kentucky hunting season. The waterfowl season opens on Nov. 7, followed by the kick-off of the small game season on Nov. 20. Smith reminded local residents that hunting licenses are required for all hunters except resident land-owners hunting on land they have leased and on which they live, or persons over 65 years of age. Hunting licenses are on sale at the county clerk's office. For full information on Kentucky hunting season, prospects and regulations, contact conservation officer Irvin Smith, or write: Div. of Public Relations, Dept. of Fish & Wildlife Resources, Frankfort, Ky.

DINNER GUESTS

Sunday dinner guests of Mr. and Mrs. Fred Shehan at Livingston, were: Mrs. C. F. Clark, Mr. and Mrs. Billy Shehan and daughter, Deborah Renee, of Sojard, and Mr. and Mrs. Franklin Clements and son, Frankie, of Vacaville, Calif.

DAUGHTER BORN

Mr. and Mrs. Ruben Hammond are the parents of a 7 pound 6 ounce daughter, born at the Rockcastle County Baptist Hospital, Oct. 13. She has been named Kathy Lynn. Mrs. Hammond is the former Pauline Morris of Pine Hill.

Telephone Company Installs New Lines

TELEPHONE COMPANY employees this week began erecting lines out U. S. 150 as far as Hopkins' Machine Shop to serve county residents in areas along the route. Lines also are expected to be strung to Livingston to increase the number of telephones. At rear is Dan Hatcher, left, and Alvin Adams, manager of the Rockcastle Telephone Co. At front is William C. Adams and Reid Reynolds.

Name ASC Voting Places

Elections for community ASC committees will be held in every designated ASC community or district in this county and all other counties in the state on Nov. 8, with voting from 10 a. m. to 6 p. m., according to Shelle Mullins, chairman of the Rockcastle County ASC Committee. Those who will be eligible to vote in these community elections will be any person who is of legal voting age and who has an interest in a farm as owner, tenant, sharecropper, and any person not of legal voting age who is in full charge of the supervision and conduct of the farming operation of an entire farm, if such a person participates in any of the many phases of the ASC agricultural program. Mr. Mullins stated persons who are in doubt as to whether or not they will be eligible to vote in the coming community election should contact their community election board or the county ASC office, prior to the date of election, if at all possible. Mr. Mullins stated that each voter will cast one ballot for five persons, the person receiving the most votes will be declared chairman of the community committee and delegate to the county ASC election, which will be held Nov. 29. The person receiving the second highest number of votes will be elected vice chairman and alternate delegate to the county convention. A regular member and two alternate members of the county committee will also be chosen in this manner. The duties of the community committee will be to consult with the ASC county committee on various questions regarding policies and procedures needed to carry out the most effective ASC program in the county. Mr. Mullins stated the County has been divided into five districts comparable to the five Magisterial Districts with voting places set up in each district. They are as follows: District 1 will vote at the ASC Office at Mt. Vernon; District 2 will vote at Henry Cromer's Store at Blue Springs; District 3 will vote at City Hall in Brodhead; District 4 will vote at Lamb's Garage Conway; District 5 will vote at Yarnatz's Store at Orlando.

Awards Given At MVHS

Joan Maggard, daughter of Mrs. Amanda Maggard, and Wendell Williams, of Conway, son of Mr. and Mrs. Carl Williams, were chosen Mr. and Miss MVHS this week by the student body. Linda Parrish was chosen most popular girl in the school. At the same time the students chose their "bests" in various categories. They are: Best sport, Billy Davis; best personality, (girl) Nannette Miller; best personality (boy), Jerry Hansel; prettiest girl, Ina Pittman; best looking boy, Roland Mullins; most co-operative, Nannette Miller; best athlete, Billy Davis; best figure, Thomas Ann Hansel; best physique, Wendell Williams. Most likely to succeed, Joan Maggard; boy most liked, Bobby Lee Dalley; best actress, Julie Ann Borders; best actor, Jimmy Fain.

Helton At Centre

John Dale Helton, of Mt. Vernon, has enrolled for the fall winter semester at 138 year old Centre College, Danville. Helton is the son of Mr. and Mrs. John S. Helton, Route 1, Mt. Vernon, and a graduate of Mt. Vernon High School where he was a member of the National Honor Society and an outstanding basketball player. He is a member of the Sigma Alpha Epsilon social fraternity at Centre.

Brodhead Youths Now In Infantry Training

They are Ralph Albright, son of Ralph Albright, and Billie Wallin, son of Willie J. Wallin, both of Brodhead. They will undergo military training and accompany the "Marne" Division to Germany next spring. The Pentomic Marne Division, a new type of Army Combat Force designed to fight and survive on the atomic battlefield, will assume North Atlantic Treaty Organization defense responsibilities in the American zone of Germany. The Marne Division, which carried its unique identification as the "Rock of the Marne" during World War I, is one of the most senior and most decorated Divisions in the United States Army. Some of its major units trace their military histories to the War of 1812.

Employees of the Rockcastle Telephone Co., with the help of Northeastern Telephone Corp., employees began stringing wires and erecting poles for primary work in two areas of Rockcastle this week in order to give service where it is badly needed. One of the lines will run along U. S. 150 as far as Wade Hopkins' Machine Shop and service businesses and residences along the route. The Stephenson Construction Co., of Florence, is expected before the week is out to start erecting temporary lines to Livingston in order to give that area of the county increased telephone service. A telephone booth also has been placed on the porch of the Mt. Vernon Hotel. The booth is the first of its kind in the county. All new service will begin as soon as engineers complete the installation of a common battery switchboard at Mt. Vernon. Installation of the switchboard is expected to be completed in a few days. When present work is completed, there will be little more construction until the company begins work on the district system in the county. Company officials have pointed out several times it will not be financially practical to install temporary lines in outlying areas of the county and have returned to the county in a few months to install dial equipment. On the subject of dial service, Perry D. Woodward, executive vice president of Northeastern, announced today the Rural Electrification Administration has been asked if it will allow the telephone company to apply for a \$400,000 loan to construct a dial system in Rockcastle. Mr. Woodward also reported at 9 a. m. Oct. 23 the Public Service Commission at Frankfort, Ky., has approved an application by the Rockcastle Telephone Co., to purchase the assets of the Mt. Vernon Telephone Co. and to make certain additional cable facilities available in the county in order to increase service to subscribers in the county.

PTA To Meet

The Mt. Vernon PTA met Monday afternoon at the library. The program included a symposium and a discussion of "The Community's Responsibility to the Society." Plans for a Halloween Carnival were discussed. A special meeting of the Mt. Vernon PTA on an application by interested parents, will be held at 7 p. m. Oct. 28 in the school library. Superintendent Clyde Linnville will explain School Bill 2, which will be voted on in the November election.

Mrs. Roth Elected At Church Meeting

Mrs. R. L. Roth was elected president of the Ladies Aid Missionary Society of the First Christian Church, Brodhead, at a meeting Thursday, at the home of Mrs. Jennie Robins. Elected vice president was Mrs. Huggins Mrs. Henry Bieder. (Continued on page 4)

To The Voters Of Rockcastle County

Mr. and Mrs. Zade McClure were in this section, Sunday... Mr. and Mrs. Charles Cummins of Middleboro, spent Sunday with Mr. and Mrs. J. D. Miller.

Money Ed Cummins

To you, the people of Rockcastle County, having nominated me in the recent Republican Primary for County Judge, I am thankful. Since then, I have talked to many of you, and you see the chances are good of being elected your next County Judge.

If I am elected, I will do as I have told you. I will be fair, just and honest with all. I believe and live by what God says, "that man is created equal," so all will be dealt with justly and rightly.

I will enforce a good road program in the county. There are many places that you cannot get a truck or car in bad weather. I want to make it possible for all of you people who live on these roads, to get in and out to your homes in the county. I also want to paint and repair our county bridges.

Now, it has been rumored that I will cut out the commodities. That is untrue. I want you people to have everything that is coming to you and I will see that this is done.

I stand for all relief and welfare agencies that have been provided for us. As I have told you before, I am a member of the Baptist Church and strictly sober. I stand for good law enforcement and protection for our churches, schools and all public places.

I still want to remind you that if I am elected, I will be your County Judge and no one else will be but me.

I want to see as many of you before the election as I possibly can. But if I don't get to see you, it will be because I couldn't.

Now, let us all unite for victory in the General Election, Nov. 5th.

Money Ed Cummins, Republican Nominee for County Judge (Pol. Adv.) 211

Mr. and Mrs. Zade McClure were in this section, Sunday... Mr. and Mrs. Charles Cummins of Middleboro, spent Sunday with Mr. and Mrs. J. D. Miller.

SOIL CONSERVATION NEWS

W. B. Hammond, Three Links at 100 dam road, is out for a stock water pond, this week. The fill will be 10 ft.

high and will back water 90 ft.

C. W. Phillips, also of Three Links, is cleaning out a pond that was constructed back in stage coach days. Mrs. Phillips says their house was a stage coach and the pond was used to water the horses pulling the stage coach. The pond had solid rock bottom and was not deep enough to meet A. S. specifications.

Henry Bryant, Negro Creek, W. E. Proctor, Ottawa, M. G. (Jack) Albright, Brodhead, have completed ponds in the past week. E. L. Brock, Wilde, was in the office to report that he had seeded the fill of his pond. He says that the grass is coming up and there is water in the pond.

Edd Croucher and Herbert Berry, Clear Creek, have some land around the bottom of a slope in the level bottom of a wet drainage. Levels will be run in the near future to determine if there is sufficient grade to lay tile to drain the wet area.

another STRONG reason why a **Siegler HOME HEATER**

OUTHEATS—
OUTLASTS ALL OTHERS!

Only SIEGLER'S lifetime **CAST IRON CONSTRUCTION** can withstand and USE the 4 times hotter heat

There are many reasons why Siegler Home Heaters are constructed of heavy cast iron. First, it will withstand continuous high temperatures necessary for full house heating. It can make annoying "popping" noises like so many sheet metal heaters do. It permits the sturdy construction that gives you many, many years of dependable, trouble-free service. Just try and tip a Siegler—you'll be convinced it's built to last!

egg prices going up! Purina prices low!
This is the time to make good egg profits...

Good news is here at last—egg prices are on the way up. And more good news—the forecast is for one of the lowest Purina Chow prices in 10 years. This is a ready-made opportunity for you to make some mighty good egg money—especially if you believe in feeding your hens good feed for top egg production.

Save on Feed Cost, Too! Still more good news—records from 10,000 Purina customers show that most poultrymen can cut feed cost per dozen by feeding Purina.

These folks who kept track and reported their results took only 4 1/2 pounds of Purina to produce each dozen eggs. That's a full 1 pound less than the U.S. average as reported by the United States Department of Agriculture. And that amounted to a saving on Purina of 5 to 7 cents a dozen.

Help Your Hens Lay More Now is the time to help your hens lay more of those good-priced eggs. If you're not already feeding Purina, start them on Purina, Layena right away. More poultrymen—by far—feed it than any other ration, because it does help hens lay their best. And at very low cost per dozen.

No matter what size flock you have or what your grain situation may be...talk over your feeding needs with us. Let us help you start your pullets on Purina Laying Chow for lots of eggs at about 5 to 7 1/2 per dozen less feed cost than average.

Poultry Health Hint—Pullets need worming before going to the laying house. Wormed birds are healthier, need less feed. And Purina Research has developed low-cost Purina Liquid Poultry Wormer for you. Just put it in the drinking water. The cost—only 3/4¢ to 1¢ per bird! Come in and see us soon.

The Signal Says...

HALLOWEEN IS ON THE HORIZON

My how time flies! More accurate: My how the summer flies!

The point was brought to mind this week when the first of the schools in the county came to the Signal with news that it was time to get out the false faces, masks and costumes for the halloween carnivals.

Halloween can be fun. In the last few years, locally, most of the actual good time has been had through the Mt. Vernon, Brodhead and Livingston carnivals. These carnivals are well organized for fun; and further, they furnish added financial support to various school programs and activities.

But halloween doesn't always stop at the carnivals. For a few youngsters—and it is a very few—halloween goes on for the entire week. At times, these young people get a little over exuberant which results in serious damage to property. Happily, this serious damage has not plagued Rockcastle towns as much as it has other localities.

We hope again this year, that young people will continue to confine their celebration to at least two nights, and leave their destructive implements at home. In that way, everyone will enjoy the festive occasion.

GOOD HUNTING

Good hunting is predicted this year in Rockcastle County by Irvin Smith, conservation officer, when the season opens Nov. 20.

This is the wonderful season of the year. It's the time when frost is on the pumpkin and fodder is all that's left of the roasting ears of the summer.

Don't be careless with your gun. Experienced hunter that you are, you know the pitfalls of hunting—Don't be "carried away" when you see a deer or a duck.

Don't take chances. Tragedy lasts for a long, long time, and the hunting season comes around every year.

Patient's Register

Rockcastle County

CHURCH MEETING

(Continued from page 1)

son was chosen secretary and Mrs. J. G. Devault was chosen treasurer.

Mrs. Earl Mullins was named Committee Chairman. Assistants are: Mrs. Charles Hurt, Mrs. J. C. Newland, Mrs. Ben Pike, Mrs. Henry Crawford, Mrs. Albert Martin, Mrs. Ruth Shivel and Mrs. Sally Murrell. Mrs. Jennie Robins is social chairman, Mrs. George Brooks is publicity chairman, and Mrs. Gus Carson, co-chairman.

The Missionary program was given by Mrs. Ruth. A social hour followed the meeting.

James Herrel Upped To Master Sergeant

James E. Herrel, who entered the Army in October, 1942 and was decorated with the Silver Star during World War II, was selected by the Promotion Board at USAO for a master sergeant's rating on August 30.

His assignment at Oppama is in the Logistical Planning Section of the Industrial Support Branch where he makes mortality studies and in-

words is finding out "what it takes to rebuild a vehicle from the ground up." Herrel formerly lived at Mt. Vernon. He is the son of Mrs. Ida Herrel, Hollansburg, Ohio.

Plastic Pipe Uses Being Made Easier

Use of plastic pipe on farms, both for home and production use, now is being made easier, says Kermit Mills, Kentucky Agricultural Extension Service engineer. For instance, manufacturers now have standardized some of their markings. This year all plastic pipe suitable for carry-

ing water will be plainly labeled with the letters "NSF," which means the pipe has been approved for water systems by the National Sanitation Foundation.

When using plastic pipe, several installation points should be kept in mind. Allow about one foot extra in every 100 feet of pipe laid, as lines may break, or pull loose at the joints, when the plastic pipe contracts.

Keep sharp objects—such as gravel—away from pipe surfaces when it is laid. Lay plastic pipes below the frost line; plastic pipe itself will not burst or freeze, but the joints may be laid at the proper depth, the farmer is assured an adequate

water supply all through the year.

Mills noted that plastic pipes

advantages include easy installation characteristics, long wear and a fairly economical price.

BAKE SALE

Saturday, October 26th. At K. U. Office In Mt. Vernon.

Waynesburg Chapter No. 501 Order of the Eastern Star will use funds raised to buy furniture for new Hall. Old Hall destroyed by fire. Come and buy Cakes, Pies, Candy and other items.

VOTE STRAIGHT REPUBLICAN ATTENTION! ATTENTION! TO ALL VOTERS OF OUR GOOD OLD ROCKCASTLE COUNTY.

In the issue of this paper September 19th, there appeared a lengthy article signed by Robert Sigmon, Chairman of the "Write to Committee" and following this was a paid by request article of S. F. Bowman, Attorney-at-Law, giving the readers of this paper the exact way to write in a name and vote it. If you notice Mr. Bowman never informed you the man's name to write in, but Mr. Sigmon did. This man is I. L. Anglin. Please be informed; however, you, the voters, already know that Mr. Anglin had his day on May 28, 1957, and had two of the best citizens cur county afford's running with him as deputies, but his voters of the majority of the voters said by their vote, WE DO NOT WANT IVORY AS OUR SHERIFF, and instead nominated Walter Sowder by a majority of 248 votes. Mr. Anglin acted a gentleman and like all other defeated candidates published in this paper the following article. "To Mr. Walter Sowder, I want to congratulate you for your victory in the nomination for Sheriff." I just didn't get quite enough votes, but I'm not sure at anybody who didn't vote for me. I probably will never ask the people of Rockcastle County to vote for me anymore. Signed, I. L. Anglin.

Now, Mr. Anglin, you have not kept your word, in less than five months you come back through a disguise of your chairman which is the chairman of the Anglin, Law, and Clerk Committee, and ask a great favor of these people who said WE DON'T WANT YOU. You are now pleading with them to go to the trouble of getting a pencil and write your name under that of Walter Sowder and get the stencil and mark it after they have written your name.

We do not believe there will be enough voters by at least 1,500 that will take that much time to vote, when they can vote under that old Log Cabin one time and by so doing, it will count for the entire Republican ticket, which is as follows:

Murphy Whitehead for Representative; R. C. Tartar, Circuit Judge; Russell Jones, Commonwealth Attorney; George W. Murphy, Circuit Clerk; Money Ed Cummins, County Judge; Clarence Carter, County Court Clerk; James W. Lambert, County Attorney; WALTER SOWDER, FOR SHERIFF; Lovell Clontz, Jailor; Fred Murrell, Coroner; Aster Durham, Surveyor; Homer Hale, Tax Commissioner; and G. H. Griffin, Justice of Peace, District 1; J. R. Poynter, Justice, District 2; F. F. Robbins, Justice, District 3; J. S. Swinford, District 4; Matt Jones, District 5; Cecil Childress, Constable, District 1; Matthew (Buddy) Helton, District 3; Bodie VanWinkle, Constable, District 4, and Ollie Mullins, Constable, District 5.

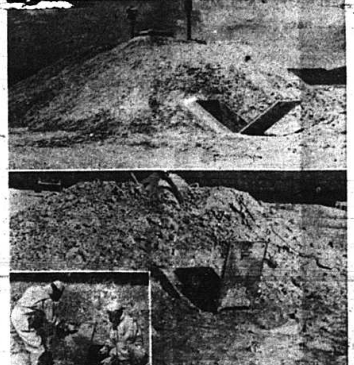

We plead with you good citizens, tax payers, and voters to go to the poles and cast your vote by making one mark or cross one time only under the Log Cabin.

G. W. (Bro.) Murphy
Republican Publicity Chairman

Extra Quality

Finer Flavor—Extra Thick!

HOME SHELTER of reinforced concrete (top), at the Operation Tumb-b-atomic tests, Nevada withstood blast pressure of some 65 pounds per square inch (bottom) with damage only to vent pipes (the average house can withstand a pressure of about one pound per square inch). The shelter, which could accommodate about six persons, was covered with 5 1/2 feet of earth for near-complete protection against initial radiation in blast areas. When specially-dressed radiological monitors (inset) entered the area after the A-blast, they found the steel plate door undamaged and easily opened with normal pressure. (OTO Lookout Mountain Lab Photo)

FOR THE PEOPLE

To The Voters Of The 4th Magisterial District:

We, the people, have decided to run and Elect Bill Wrenn for our next magistrate. Mr. Wrenn was born and raised in Rockcastle County, at Boone, Ky. Mr. Wrenn is a Christian, a member of Fairview Baptist Church and is sober, and an upright citizen and will give a square deal to everyone.

We are running Mr. Wrenn as a write-in candidate, your vote will be highly appreciated.

Signed By William D. Thomas

Recent visitors of Mr. and Mrs. S. G. Lovell Sr., were: Rev. and Mrs. Olive Rice and daughters, Karen and Betty, of McLeanboro, Ill.; Mr. and Mrs. Charles Seales and children, Carla, Jack and Jimmy, of Dayton, Ohio; Mr. and Mrs. Arzie Green of Dayton, Ohio; Mr. and Mrs. Donald-Lovell of Covington; Mr. and Mrs. Charles Clontz and Charlotte of Cincinnati, Ohio; Mr. and Mrs. Dewey Graves of Sand Springs, and Mr. and Mrs. Billy Lovell of Mt. Vernon.

SIXTY MINUTES in the Christian Sunday School or Church may change your life for the better. Try it.

AREA PERSONAL

RETURN FROM VISIT

Mr. and Mrs. Eugene Reppert of Fairview, have returned from an extended visit with their children in Ohio and Illinois. They were accompanied home by Mr. and Mrs. Everett Reppert and family of Paxton, Ill.

HOME FROM HOSPITAL

Mr. O. R. Foley has returned home after spending several days in Berea College Hospital.

IN ALABAMA

Airman and son, Franklin Clements and Mrs. Frank, of Vacaville, Calif., who have been visiting her parents, Mr. and Mrs. Fred Shehan, at Livingston, have gone to Alabama to visit with his parents, before returning to California.

SCHOOL LUNCH PROGRAMS TO GET CANNED FOODS

Schools in the southeastern states participating in the school lunch program will have assistance from the U. S. Department of Agriculture to help meet the nutritive requirements of children. Almost one-third of the total national purchases of food allotted for distribution will go to schools in the Southeast and the Caribbean Area.

The number of cases of canned foods to be distributed for school lunch use in Kentucky is summed up in this way: peaches, 16,508; green beans, 6,527; red tart pitted cherries, 5,952; and green peas, 7,097.

FALL EXCELLENT TIME TO BUY HEIFERS FOR REPLACEMENTS

Fall of the year is an excellent time to buy heifers for replacements, says George Fendergas, Kentucky Extension Service beef specialist.

Large numbers of grass-fed cattle are marketed at this season, he points out, an advantage to the prospective buyer.

Fendergas warns that replacements should either be officially vaccinated for brucellosis, or blood-tested 30 days prior to purchase date.

Watch Sudan Grass That Has Been Frosted

Be careful not to graze livestock on Sudan grass which has been frosted, says the Kentucky Agricultural Extension Service and the American Foundation for Animal Health.

Sudan grass usually is excellent forage, but when affected by frost certain chemical changes occur in the grass and prussic acid or hydrocyanic acid is developed.

The poison acts quickly. Cattle become drowsy, breathe with difficulty and have trouble standing.

If treated quickly enough, the animal can recover.

Sudan grass also may be made poisonous by drought or extremely hot weather.

ALL IN THE EAR!

● This busy executive is wearing the smallest Sonotone hearing aid ever... BUT WHERE IS IT? He has a secret - it's WORN ENTIRELY IN THE EAR. No cord, no "button" showing. Nothing worn anywhere except in the ear.
This triumph of miniaturization weighs only half an ounce with smallest battery ever used in a hearing aid. You just have to see it to believe it.

Answer To Mr. Walter Sowder's Question:
Mr. Sowder, L. L. Anglin votes in West Mt. Vernon, No. 2.
Now you say you want him to tell you in this week's Signal, just who all he will vote for on November 5th. For your better information, you ask the Clerk of the precinct where he votes. They will tell you how he voted. I pray that it will be satisfactory with you. Hope you can wait until that time, can't you? Please do.
You state you have been a busy man for a long time, all told 28 years I believe. You say you have been busy taking care of the commodities also - say around 3 years - and you were worth \$7200.00 to the County. Tell us Taxpayers, how much were the commodities worth to you in that time?
One more question Mr. Sowder, if you saved our County \$7200.00 why did you quit now? The taxpayers have to pay Mr. Bullock \$2400.00 per year. Now your services which you did for nothing were before the Primary Election, were they not?
Mr. Sowder what has become of the "Road money" since the Primary Election? We pay a big road tax. Where has our "Road money" gone? To hunt the lost commodities?
Mr. Sowder, I believe you said, you had handled a lot of the taxpayer's money, and there wasn't a penny short. You were under a big Bond, weren't you? I believe you were. You were not under any Bond, when you were in charge of the Commodity ea. were you?
Mr. Sowder you are harping on the Nominee. We are dissatisfied with you. We want L. L. Anglin for Sheriff. We want a man that will enforce the law. A man that will protect our Churches.
The "Lawmakers" of Kentucky, have made it possible, whereby we can vote a Nominee out, when we become dissatisfied with the Nominee, regardless of his party. It is law, and is upheld by the Court of Appeals. It is the best Law ever made in the State of Kentucky, and is the only way to get rid of an unsatisfactory Nominee.
Taxpayers of Rockcastle County, your vote and influence will be greatly appreciated, and it will be your duty as good citizens of Rockcastle County, to write I. L. Anglin's name for Sheriff.
ROBERT SIGMON

LET US GIVE YOUR CLOTHES A REFRESHER COURSE
You can have a "brand-new" wardrobe just by sending us all of your entire fall cleaning. Our gentle, safe cleaning method restores the natural, original, color beauty. Fabrics take on new luster, and are given just enough "body" to make them more soil- and stain-resistant. All this is yours at a moderate price, with free pick up and delivery to your door.
DON'T FORGET
That all of your garments are expertly inspected for rips and tares and minor damage.
We are proud of our Dry Cleaning and want you to be proud of it also. We know that you care for the finest cleaning, and truly, these are services for those who care. And you know that you are getting CLEAN, clean garments. Try the mortal test! Smell the freshness of expert cleaning when done by our odorless process.
Your patronage continuously appreciated.
Use our Call Office, or Phone 54 for prompt PICK-UP AND DELIVERY.
