MOUNT VERNON, KENTUCKY

"WHERE THE BOONEWAY JOINS THE DIXIE"

Parents Fined For Violation Of School Law

Robert Bullock, Luther Cox and Morris McKinney were fined by Judge Moore Ed Cummins Saturday for failure to send their children to school. McKinney paid his fine. Cox fulfilled a previous bond and Bullock went to jail.

John L. Saylor, attendance officer of the Rockcastle County Schools, states that since all schools in Kentucky are now operating under the minimum foundation program, they receive money from the state on the basis of average daily attendance. This means that if schools are to receive the money from the state, to which they are entitled, the children of the county must be kept in school.

This fact, alone, makes it necessary that the attendance authorities of Rockcastle County make every possible effort to keep the children in school. McKinney said that he knows "there is a far more important reason than this. The best thing for the child is the most important consideration in education to keep them in school."

"A child who fails to get an education can never hope to attain his full potential. His usefulness to himself, his community, his state and his country," he declared.

Schedule Mass Meeting Here To Discuss Factory Stock

Winter's Weather Predicted Last Fall

Rockcastle County officials have been assuring themselves that the winter weather will be at least six weeks, because the last weather like Rockcastle has been having for the past week was predicted by the little furry worms as early as July and August.

And if you can believe the ground hog, no relief is in sight until at least six weeks, because the ground hog had just enough sun to be able to see his shadow.

The highway department has been on the job salting and cinders hills and icy areas.

Strawberry Meeting Set

The annual meeting of the Cumberland Strawberry Growers' Association will be held in Somerset, Feb. 10, beginning promptly at 10 a. m. (CST), in the R. E. Auditorium, just North of the city limits of Somerset, G. G. Faulkner, president of the association, announced.

Dr. Frank J. Welch, Director of the State Veterinary Authority will be guest speaker. Dr. Welch is one of the outstanding men of the nation. We are exceedingly fortunate in securing his services for the meeting.

There will be a report of officers, statement of the business of the Association, and a report of the whole market set. Why answer such questions as why selling prices were low, why handling charges were higher, why we did not get the growers' settlement from whom we were not told we were being money, why so long getting our money, what can be done by you as members, and management to overcome this situation.

There will be a movie shown of the association's local operations by James K. Steacy. He will pass along to you other valuable information he has gained in the whole area over the years. Will be a very interesting program.

Directors to fill the expired terms of the different counties will be elected. Mr. Faulkner urges all members to attend this meeting.

LeRoy Hayes Attends Conference

LeRoy Hayes, of Mt. Vernon, has returned from a two-day conference on the subject of cooperative for managers and employees of its local cooperative service agencies.

The meeting was especially designed to help agency personnel become better acquainted with the products and services of the cooperative so they in turn will be better equipped to serve the more than 350,000 members of Southern States.

The conference was conducted by officials and top distribution of the schools, churches, scientific, civic, social and fraternal cooperative's central offices in Richmond, Va.

Talks were presented on "The fertilizer and farm supplies at the meeting."

Henry F. York York Named Depot 'Guard'

Henry F. York has been named "Guard of the Depot" for January in a commendation presented him by Major Martin Pletz, Commanding Officer of Blue Grass Ordnance Depot.

Mr. York was selected from the 39 member depot guard force on the basis of his appearance, knowledge, initiative and devotion to duty.

Mr. York has been employed at Blue Grass Ordnance Depot since August, 1951, and has served continuously with the Security Branch. Prior to this, he served as a corporal in the U. S. Army with "D" Company, 274th Infantry Regiment of the 29th Infantry Division and served in the European Theater of Operations from 1942 until 1945.

His decorations include the Purple Heart, American Defense Medal, Good Conduct Medal, Combat Infantryman's Badge and the European Theater of Operations Ribbon with two battle stars.

Mt. Vernon 4-H Club Collects Clothing

The Mt. Vernon 4-H Club will make a house-to-house canvass for clothing, Saturday.

The clothing will be repaired by some of the 75 club members and distributed to needy families, according to an announcement from Mr. Lucille Haysinger, sponsor of the Mt. Vernon 4-H Club.

At a recent meeting of the club members, voted to give \$25 to the new 4-H Club (camp) to be built at LeVick Jackson State Park and \$5 to the March of Dimes Drive.

Present at the last meeting to assist the members in their project planning were: H. Lee Johnson, county agent; Paul Claiborne, assistant county agent and Miss Martha Owen, home demonstration agent.

Plans were also made for the 4-H broadcast on the Farm Day radio program, at WRVK, Benton Valley.

To date the following steps have been completed toward the eventual purpose of purchasing property that stock in a company enough to locate a factory.

(1) A corporation has been organized. (2) Visit made to Economic Development Board at Frankfort. The Board has advised that it will help after stock has been sold and a Board of Directors elected that has the authority to buy stock.

(3) Certificates of subscriptions for stock have been printed and are ready to be applied for by prospective owners of the corporation.

(4) As soon as one-half of the capital stock of the corporation has been subscribed for, the corporation will elect a Board of Directors by vote of the stockholders and start the business.

Dam on Rockcastle Discussed At Meeting

It will take work, work and more work, if Rockcastle County ever gets a dam on the Rockcastle River.

Such was indicated Friday night at a meeting of the committee pushing for a dam north of Livingston. The meeting, attended by some 20 persons, was held at Renfro Valley Lodge.

Representatives from Rockcastle, Jackson and Madison attended. The Laurel County delegation was unable to attend.

It was brought out that in order to receive a congressional appropriation for the dam, a survey of residents along the river would have to be made to establish need for the dam, based on loss of property over the years.

It was pointed out that such a survey would take several months and be expensive if professional surveyors were employed.

It was suggested the University of Kentucky be contacted to see if students might be available for a summer survey project.

It was also agreed to set up a meeting with state senators and representatives at Frankfort to seek an appropriation for the dam, a project of such a survey. No meeting date was scheduled.

It was also reported that Sen. James H. Cooper had been assured, by the Corps of Engineers, a survey on the engineering and technical aspects of the dam would be made. The Corps of Engineers does not survey loss of property, livestock and other items.

The importance of the dam, and to have the survey taken if it meant anything, was emphasized. Said one of the committee men from Madison: "You people over here should do everything to get this dam built, or you can't, well, come over and do it for you."
