**Go All-Electric
in your Automatic Home Laundry**

**It's a washer!
it's a dryer!
it's a space and
clothes saver**

Dry clothes clean as you wash em with a **SPACE-SAVING COMBINATION Electric Washer-Dryer**

What a boon to families where space is a problem. Two wonderful appliances in one space-saving unit. Work-saver, too. Just load soiled clothes... set the dial... and take 'em out sparkling clean, ready for ironing or putting away.

No flames... no fumes to yellow your clothes... keeps whites white and colors flower-bright.

No excessive heat—just "clean as electric light" heat that keeps white clothes white and colored clothes bright 'n beautiful. Modern electric washing and drying are gentle too... treat towels, even miracle fabrics kindly. Make clothes last longer.

Be Modern—Choose the space-saving combination electric washer-dryer or separate electric laundry units.

Live Better... Electrically with **FULL HOUSEPOWER**

Ask us or your dealer or electrician about the Certified **HOUSEPOWER** plan.

Rev. and Mrs. Bill Hamilton and Mr. and Mrs. Roscoe McCracken of Berea, visited Mr. and Mrs. Joseph Abney, Thursday evening. Mrs. Ida Abney is home from

County Soils Laboratory Now Open; Virginia Bradley New Technician

Mrs. Virginia Bradley has been appointed Soils Technician for Rockcastle County. Bradley, chairman of the soils committee, announced this week. Mrs. Bradley was trained for this work by Harold Miller, extension specialist in soils at the University of Kentucky. The laboratory, which opened Thursday, is located in the basement of the Rockcastle at the County Agent's office, laboratory committee.

"Don't Cheat Yourself - Take Good Soil Samples," Says Your County Agent

A soil test is the best guide to determine what plant nutrients to buy in fertilizers so that those nutrients in the soil will be balanced for the crop that is to be grown. It is also the best guide to determining when and how much limestone should be applied so that the greatest returns can be obtained from the fertilizer brought.

1. If the field is uniform in soil type and if fertilizer and lime treatments have been the same over the entire field, one composite sample collected from 10 or more spots is sufficient. These 10 spots should be marked such as follows: one corner (1) and where line or marker has been placed.

4. The uniform cores from the 10 or more borings should be placed in a clean pan or bag. Be sure that no lime or fertilizer is sticking to the inside of the pan. This will ruin an otherwise good soil sample. Good samples can be taken when the soil is wet, but crumpling or pulverizing should be avoided until the soil is partly dried.

2. If the field varies in soil type, or if fertilizer or lime treatments or cropping has been different in various parts of the field, one composite sample of 10 or more borings should be taken from each of the 10 spots.

3. A core or slice of soil from the surface to a depth of 10 inches or to a depth of 18 inches should be collected from each of the 10 or more borings. The cores from the top 10 inches should be used to make the surface soil of the sample.

6. When the soil is dried, thoroughly mix again and put one pint in a clean paper bag. Label the bag with the name, address and the field number. Deliver the soil to the county office, office and fill out the soil test and fertilizer history form.

Get Kentucky Extension Service Leaflet No. 139 at your County Extension Office for more complete instructions.

CARD OF THANKS
We wish to express our many thanks to every one for their kindness and sympathy shown us during the sudden death of our beloved sister and mother, Mollie Pittman, on March 3rd, 1958. We want to thank every one for the beautiful flowers, also Cox Funeral Home for their kindness and H. George Mungby for his consoling words. Sister, Ida Herrell, and Children. 2311
CARD OF THANKS
We want to thank everyone who included money and for the things they have given in a fire recently. May God bless you all.
Mr. and Mrs. Dennis Allen and Children 2311p
Pvt. Carl Mink
Serving in Germany
Army Pvt. Carl D. Mink, whose wife, Jean, lives at 18 Maple, Elmwood, Ohio, recently arrived in Germany and is now a member of the 8th Infantry Division.
Mink, assigned to Headquarters Company of the division's 28th Infantry, entered the Army in June 1957, and completed basic training at Fort Riley, Kan.
The 22-year-old soldier, son of Tony B. Mink, Route 1, Brodhead, is a 1953 graduate of Brodhead High School, and was employed by Philip and Carey Manufacturing Company in Lockland, Ohio, before entering the Army.
M-Sgt. Harold Hood
Construction Foreman
M-Sgt. Harold H. Hood, son of Willis O. Hood, Rt. 2, Mt. Vernon, has become one of the nations first soldiers to take part in field exercises testing the Army's new pentomic battle concept.

The pentomic tactical plan features streamlined units with great nobility and firepower able to meet the need of atomic and missile age warfare.
M-Sgt. Hood is serving as a combat construction foreman in Hq. Co. of the 4th Infantry Division's 4th Engineer Battalion, at Fort Lewis Washington. The 4th engineer battalion has proven its ability by attaining a very high rating in its annual training test, which tested fighting fitness and the battalions ability to provide the roads, bridges and other construction needed by a modern division.
The 4th Infantry Division, famed for its fighting record in World War I and II, was recognized as a pentomic unit early last year. Under the pentomic concept, streamlined units have the rapid mobility and tremendous firepower to meet the demands of atomic and missile age warfare.
Along with its new mission and weapons, the 4th is perhaps the Army's only division to sport a new nickname. The division sign is sug to the tune of "The Saints Go Marching In" and out of that the nickname "Saints" gained quick popularity among the troops.
Pvt. Clinton Hasty
In Training Exercises
Pvt. Clinton Hasty, son of Mr. and Mrs. William E. Hasty, Mt. Vernon, recently participated with the 344th Training Expedition Company in field training exercises at Camp A. P. Hill, Va.
Pvt. Hasty is a driver in the company which is regularly stationed at Fort Story, Va. He entered the Army in July, 1955.
The 22-year-old soldier attended Mt. Vernon High School, Todd, Boone.

BULLETIN
Mrs. Clary Lamb died at Caloway, Wednesday. Funeral arrangements are incomplete.
Sparks Funeral Home is in charge of arrangements.
Benzol Holcomb, 26, died at the residence of his parents, at Cincinnati, Ohio, Monday. He will be buried at Mt. Vernon. Time and place of funeral services has not been set. Sparks Funeral Home is in charge of arrangements.
Roy Todd Enrolls In Berea Foundation
Among the 28 new students registering for classes at Berea College Foundation High School, Berea, during the second semester was Roy Edmond Todd, son of Earnest W. Todd, Boone.

TOP ROCKCASTLE 4-H CLUBS IN K. U. CONTEST—Members and leaders of the Maple Grove 4-H Club which won the Rockcastle County Championship in the annual Kentucky Utilities Company 4-H Club Achievement Contest are pictured at a dinner the company gave in Irvine honoring the winning clubs. Edward Lee Conder, K. U. farm service adviser, presents the prize check to Earl Larson, club president. Others shown are, from left to right, Eugene Philbeck, reporter, and Carl Edward Franks, junior leader; second row, David Benton Taylor, vice president; Faye Gray, secretary; Eliza Mae Robinson, treasurer, and Judy Johnson, junior leader; back row, Lee Durham, county agent; Paul Claiborne, assistant county agent; Martha Owen, home demonstration agent; Mrs. Bernice Halcomb, Mrs. Patsy Robinson, and Mrs. Juanita Witt, leaders.

K U Honors Rockcastle 4-H Club

Outstanding 4-H clubs from Rockcastle, Lee, Estill and Madison Counties received awards in the annual Kentucky Utilities Company 4-H Club Achievement Contest at a dinner the company gave at Irvine, honoring the winners.

County champion clubs honored were, the Madison County Teenage Club, the Lee County 4-H Club, the Maple Grove Club of Rockcastle County and the Estill County Teenage Club. In addition to the county championship, the Estill Teenagers placed second in district competition. Prize checks were presented to representatives of the winning clubs by Ed Conder, K. U. farm service adviser.

Each year Kentucky Utilities awards about \$1,000 in cash prizes to county, district and grand champion clubs in the areas it supplies with electricity. Judging, based on the year-round overall records of club achievements, is done by the local and state Agricultural Extension offices.

This week the nation's adult citizens are saluting 4-H youngsters. There are 2,200,000 such in the nation and some 73,103 in Kentucky.

They are being recognized during the celebratory week for their work in agricultural projects principally, but these are projects which are aimed at developing "head, heart, hands and health," with emphasis on future leadership.

Clubs, religious organizations, business and school (Continued on page 4)

Red Cross Drive Opens In Rockcastle

The 1958 Red Cross Fund Drive will get underway tonight when Ed Hunt, County Red Cross Chairman, and George Prewitz meet with the Lion Club to make plans for the collection campaign.

The drive will continue through March.

This year the Rockcastle Red Cross Chapter is trying to raise enough money to establish a blood bank at our local hospital. Mr. Hunt said that our county must raise \$1,304 to show the State chapter that we are interested enough to maintain a blood bank and get enough donors when the blood bank comes around. He emphasized, "we must show interest because, once we are set up on the blood bank we will not be taken off one year and then put back the next. It must be a permanent arrangement."

Floyd Owens, Rockcastle County Baptist Hospital administrator, cited a recent example of how the Red Cross helped Rockcastle. For the first time since its opening the hospital was unable to provide enough blood for a patient.

Mr. Owens contacted the Red Cross at Louisville, and they obtained the necessary three pints of blood. He then contacted the State Police who delivered the blood from County line to County line until it reached Rockcastle County a little more than three hours later.

It was also explained, Mrs. S. G. Franklin's residence and part of his ginseng nursery were shown. He had an acre of ginseng.

The Langdon Memorial Dormitory was pictured. The Hayes, stationed in Germany, son of Mr. Fred Hayes, and (Continued on page 4)

Mrs. Lillian Todd Succumbs At 83

Mrs. Eva Lillian Todd, 83, died at her home, in Berea, Saturday, Mar. 1, after an illness of several months.

Mrs. Todd was born in Pulaski County, the daughter of Florence and Henry Taylor, deceased. In 1906 she married Green V. Todd, who preceded her in death.

Survivors of Mrs. Todd are, one daughter, Mrs. Florence Smith of Berea, three sons, Henry, Charley and Green, all of Berea; nine grandchildren and eight great-grandchildren.

Mrs. Todd was a member of the Nancy Methodist Church. Funeral services were conducted at the Berea Methodist Church, Monday, with Rev. Gardner officiating. Burial was in Todd Family Cemetery, at Berea; Sparks Funeral Home was in charge of arrangements.

Signal Tells Of "Old Days"

What were folks in the County doing in 1905? The question was answered this week when Mrs. Aden Thomason brought a 1905 issue of the Signal to the Signal office.

The special edition was tabloid size, book form, and had all hand set type. E. S. Albright and publisher Joe F. Walters was special edition editor. W. T. Davis was foreman who supervised printing. Mr. Davis, later owned the Signal.

Though this is a very old issue, there have been many older issues brought to the Signal in recent years. This issue was used because it was a special edition, published on the Newspaper's 19th birthday. In this issue were pictures of the Bob McFerron house which was reported in that issue to have been constructed in 1811 and was called "Rockcastle's oldest landmark." (This date was never authenticated. The house probably has an even earlier construction date — Editor)

A picture of the Courthouse before the caption, "Rockcastle Temple of Justice."

A street scene in Mt. Vernon shows the dirt roads, horses and wagons.

The People's Bank was pictured. The residence of Dr. A. G. Lovell was shown. It is now the residence of Mr. and Mrs. Tom O'Mara.

Some people who were shown, most of whom if not still are deceased, were, Col. W. J. Sparks and his residence which is now the Sparks Funeral Home; Robert Cox at the age of 2; W. H. Krueger, G. S. Griffin and Victor Tate.

S. G. Franklin's residence and part of his ginseng nursery were shown. He had an acre of ginseng.

Mrs. Sylvia Ping Dies At Mt. Vernon

Mrs. Sylvia Ping, 76, of Willalla, died at the Rockcastle County Baptist Hospital, Saturday, after an illness of six weeks.

Mrs. Ping was born in Pulaski County in 1881, the daughter of Martha Barron and John B. Robbins. She married William T. Ping, who preceded her in death.

Surviving are, three sons, Estle, of Woodstock; John, of Willalla, and Austin, of Eubank. She is also survived by 18 grandchildren, many great-grandchildren, and one brother, Tennessee Robbins.

Mrs. Ping was a member of the Poplar Grove Baptist Church, where funeral services were conducted Tuesday, with Rev. Bro. Victor Whobrey of Berea, officiating. Burial was in the Poplar Grove Cemetery, Sparks Funeral Home was in charge of arrangements.

Brodhead Loses To Memorial

Mt. Vernon and Livingston High Schools reached the semifinals of the 46th District Tournament, with victories over Stanford Lincoln and Stanford Mt. Vernon dropped the Stanford Lincoln Lions by 12 points, 70 to 58, while Livingston squeaked by the Stanford Wildcats by four, 64 to 60.

Heart Drive Nets \$341

A total of \$341.92 has been collected during the Heart Drive, according to Mrs. Hazel Owens and Mrs. Alma, Jean Robbins, co-chairmen of the Heart Drive.

This amount is greater than usual, because the Drive has been given so much publicity in newspapers, on radio and television. "Everybody was very responsive," Mrs. Owens reported.

Brodhead chairman, Mrs. Earl Mullins, tried in \$102. Helping Mrs. Mullins at Brodhead, were, W. H. Dillingham, Mrs. Edd Payne, Mrs. Albert Martin and Mrs. J. C. Newland. Mrs. Pauline Mullins solicited at Livingston, Mrs. Beulah Stewart collected from Wildie, and Mrs. Lola Turner raised funds at Pine Hill.

Mrs. Owens reported that more contributions will probably come in because envelopes were left at the homes when residents were not there. Those who helped solicit Mt. Vernon were, Ed Hunt, Mrs. Helen Rowe, Mrs. Juanita Meece, Mrs. Louise Carter, Mrs. Joyce Baker, Mrs. Beattie St. Clair, Mrs. Bill Brown, Mrs. Lona Sower, Mrs. Bill Coffey, Mrs. Bill Landrum, Mrs. Louise Owens, Mrs. Russell Ramsey, Mrs. John Allen, Mrs. Nancy Helton, Mrs. LaFell, Mrs. Barbara Hiatt, Mrs. Ethel Griffin, Mrs. Ruth Munder, Mrs. Janie Hines, Faye Hash, Mrs. Mary Virginia Ferruson, Mrs. Rissie Wright, Mrs. Jane Morgan, Mrs. Carmie Coldiron and Mrs. Virginia Bray.

Bus Wreck Fund Drive

A fund drive is now underway to aid the families of children who were drowned when a school bus plunged into the Big Sandy River near Prestonsburg, last Friday. Some 27 children drowned. Eleven are still unaccounted for. One family lost three children.

In a telegram to County Judge Money Ed Cummins, J. B. Wells, Commissioner of Rural Highways, asked Judge Cummins to make an appeal for funds to help bury the children. Many families cannot afford a burial.

Money should be sent directly to the Prestonsburg Disaster Committee, Prestonsburg, Ky., or to Judge Cummins, Mt. Vernon.

Pvt. William Abney In Puerto Rico

Marine Pvt. William D. Abney, son of Mr. and Mrs. Robert Abney of Mt. Vernon, is taking part in a six-week amphibious operation with the Atlantic Fleet Marine Force Training Group in Puerto Rico. The training forces, made up of ground, aviation and support units, opened the exercises with an assault on the beach at Vieques, P. R.

The operation will end in mid-March when the Marines will re-embark aboard ships and return to their East Coast bases. The public is invited.

What They Say About A Factory In Rockcastle--

RALPH GRIFFIN, merchant. "This looks like a strong concerted effort by citizens and factory would bring more potential customers for appliances service clubs. Best wishes for a Rockcastle factory!"

L. D. BRYANT, merchant. "A factory would bring more potential customers for appliances and give farmers a closer and perhaps, better market."

FLOYD OWENS, hospital administrator. "A factory would put more money in circulation and eventually help the hospital, which is my main interest."

ELAINE DAVIDSON, beautician. "It would put more money in circulation and make more jobs here. I would sincerely hope to leave the county to find work."

JACK LASWELL, teacher-coach. "It is one of the finest things that could happen to Rockcastle. I would sincerely hope all the people will get behind it."

OPP BUSSELL, shoe shop owner. "We need something here. We don't have any industry. A factory would help bring money to town."

J. F. PENNINGTON, doctor. "A factory would be the best thing that could happen to our county. It would keep our young people here by providing work."

BRODHEAD Personal

Mr. and Mrs. Bernard Hall and son, Michael, of Louisville, were week end guests of his parents, Mr. and Mrs. Herbert Hall.

Rockcastle County Development Corporation

The Rockcastle County Development Corporation was incorporated by the presidents of the Farm Bureau, the Mt. Vernon Lions Club, the Rockcastle Chamber of Commerce, the Rockcastle Development Association, and the Rockcastle Junior Chamber of Commerce.

It is incorporated in the amount of \$30,000.00, which means that when that amount is subscribed for, or promised, on certain legal forms that a Board of Directors can be formed and the corporation may legally do business.

There are 1200 shares of stock priced at \$25.00 each. When the full amount of \$30,000.00 is subscribed, a stock holders meeting will be called and a board of ten directors will be elected. Each share of stock will have one vote for each of these directors or may vote all ten votes for one director.

If a person has subscribed for more than one share of stock he will vote 10 votes for each share he will own. For instance, if he has 10 shares he may vote 10 times for each director or 100 votes for any one director. When you elect the directors they are legally empowered to do business with any industry who may wish to establish a plant here. Under the articles of incorporation they may buy land, build or buy buildings or lease either land or buildings. It is anticipated that you would elect directors who would not spend or even ask for the money which you have subscribed until they had a lease or purchase agreement with an industry.

Since this organization was proposed t h e r e

(1) WHY DO WE NEED INDUSTRY IN OUR COUNTY?

ANSWER: In addition to the obvious reason of employing more of our local people and therefore putting many thousands of dollars more money in circulation here, the following are some of the reasons expressed at one or both of the public meetings (1) Keep more of our young people from having to go a long way from home to find work (2) According to the United States Chamber of Commerce figures we may expect the following benefits for every 100 new factory workers in our area. This is learned on past experience all over the country. We could expect 296 new citizens or old citizens who might wish to return to their old homes for work. There would likely be 112 more new homes in the county; \$596,000.00 more in personal income; 174 more workers in other lines than the factory itself; 107 more cars; four more retail stores, and \$360,000.00 more annual retail business. This is for an industry employing only 100 people. Each of the prospects contacted have indicated they would likely employ at least 200 persons which would double the above mentioned benefits to our county.

(2) WHAT IS A STOCK SUBSCRIPTION?

ANSWER: It is a promise, signed and legally binding to buy stock when called for by the board of directors of a corporation.

(3) WHY IS A STOCK SUBSCRIPTION NECESSARY IN THIS CASE?

ANSWER: It is a means of showing an industrial prospect that we are willing to invest money in their enterprise, without actually having to put up this money until a firm is ready to sign a lease or rent the property.

(4) WHEN WILL WE BE CALLED UPON TO PUT UP THE MONEY WHICH WE HAVE PROMISED BY SIGNING STOCK SUBSCRIPTIONS?

ANSWER: The legal answer to this is that it may be called for at any time the board of directors so decides. However, the committee which has organized this venture suggests that at the stock holders meeting when members of the board of directors are elected, you vote only for nominees who pledge that no money will be called for until an agreement can be entered into with a company who will operate a factory here.

(5) IS THIS ATTEMPT TO LOCATE AN INDUSTRY IN ANY ONE OF OUR THREE TOWNS OR IN ANY SPECIFIC SPOT OF THE COUNTY?

ANSWER: No, the money is subscribed to show our county wide interest. The industry's choice of the location will decide where in the county the factory will be located.

(6) IF A FACTORY IS LOCATED IN ANY ONE OF THE TOWNS IN THE COUNTY, DOES THAT MEAN ALL THE WORKERS WOULD BE HIRED FROM THAT TOWN?

ANSWER: No, there are not enough people in any one town to supply enough labor, therefore workers would have to come from all over the county.

(7) IF I SUBSCRIBE FOR \$100.00 AND THE FACTORY LOCATES IN THE COUNTY, WOULD I EVER GET MY MONEY BACK?

ANSWER: Yes, your money will be used to buy or build a building, stockholders would be repaid as rent is received, or if building is sold, your money would be returned.

(8) WHY WON'T A FACTORY MOVE IN WITHOUT US PUTTING UP THIS MONEY?

have been three companies contacted concerning Rockcastle as a possible industrial site and all three have expressed interest in the locality. However, all these prospects and State Economic Development Board have told us that they or no other industry will settle here unless they have assurance that this county will be now, and in the future, friendly to their enterprise. All three suggested that the only way they could be sure of this continued friendliness and cooperation would be for many of the people in the area to be financially interested in their enterprise. This is possible at no loss to the people of the area if our people own land and - or buildings occupied by the industry and rented to the industry. This is the reason for the stock subscription program, which will result in wide ownership of some land or building to be rented to an industry.

The location of the factory would be left to the choosing of the industry, not to the directors of the corporation just so it would be in Rockcastle County.

Since the formation of the Rockcastle County Development Corporation there have been two public meetings at which time various members of the organization have explained the program to the folks attending. There have been many questions asked at these meetings, which may be also in the minds of people who were not able to attend. These questions and the answers are included below.

ANSWER: An industry wants to know if the people want the factory to move in their county, they feel that if a large group of people own shares in this development corporation, then the factory can be assured of good cooperation from the people.

(9) I HAVE ALREADY SIGNED UP FOR TWO SHARES, CAN I SIGN UP FOR MORE?

ANSWER: Yes, if you sign up before March 10.

(10) IS THERE ANY LIMIT TO THE NUMBER OF SHARES I CAN BUY?

ANSWER: No.

(11) WHERE CAN I SIGN UP FOR SHARES?

ANSWER: The following are a few of the business places in the county that have them: Mt. Vernon Locker Plant; Bailey's Jewelry; Sinclair Refining Co.; Bank of Mt. Vernon; Dr. John D. Henderson's office; Rockcastle County Baptist Hospital; Watkins Florist; Mt. Vernon Signal Office; Clarence Carter's Office; Mt. Vernon Hotel. In Broadhead some of the following: Maggard Sundry Store; Eddie Hurt, John Sowder, Jack Owens, Les Elder, Bradley Bros. Service Station; In Livingston: Dr. Webb's office, Calvin Webb, Mack Bales. In County: Hiatt and Parsons at Wildie; Earl Turner at Pine Hill; and others who have picked up stock subscriptions or you may mail in the coupon in this Signal and you will be contacted, or a stock subscription will be mailed to you.

(12) HOW MAY WE BE SURE THAT OUR DIRECTORS WILL DEAL FAIRLY WITH US AND CARRY OUT OUR PROGRAM IN THE CORPORATION?

ANSWER: It is believed that since the stock holders are composed of many hundreds of Rockcastle County people, they will assure themselves by their vote for directors that only men who are honest and interested in our county's welfare will be elected directors of the corporation.

(13) I HAVE BEEN TOLD THAT IT COSTS A LOT MORE THAN \$30,000.00 TO PUT UP A BUILDING FOR A FACTORY. WHY HAS THIS AMOUNT BEEN SET AS A GOAL?

ANSWER: The laws of our state under which the corporation was set up require that some amount be decided on and enumerated in the Charter. None of us can know how much will be needed. The amount will be determined by the size of the factory which locates here. One person at the last meeting suggested that he hoped we would need two or three times this amount for it would mean that much more employment and additional wealth to the county.

The amount of \$30,000.00 is approximately \$2 for each man, woman and child in the county and it was felt that amount would be enough to at least show county wide interest. If a really big factory comes here, this amount of interest would show them that we could raise what ever amount might be necessary.

There will be another public meeting on March 10 at the Courthouse at 7 p. m. At that time bring in all the subscriptions which you have not already turned in or bring to the meeting any person who might decide at that time to subscribe for shares in the corporation. If you sign or interest anyone else in signing a subscription, before that time and can come to Mt. Vernon, please bring the subscription to Mr. R. H. Hamm at the Sinclair Refining Co., for he is expecting a visit from one of the industrial prospects before the next meeting and would like to show this man how interested we, in Rockcastle County are in his project.

Did you know that you can lighten that case of "Spring Fever"? But, only if you get an adequate amount of vitamins in the daily diet.

Green and Yellow Vegetables Important In Daily Diet

Don't overlook color when you buy vegetables. The color of green and yellow are particularly important for they indicate that the vegetables are important for vitamin A—a protector against night blindness, respiratory infections, rough, dry skin, and retarded growth.

The darker the color of the leaves, the more valuable they are vitamin-wise, hence the outside leaves should not be discarded unless they are in poor condition. The outside green leaves of both cabbage and lettuce are many times richer in Vitamin A than are the lighter green inside leaves. Likewise the green variety of celery is more important than the white. Celery leaves may be used in soups, cooked vegetables and salads.

Kale and broccoli, including the outside leaves of the latter, are other good sources of vitamin A, as are carrots, winter squash, pumpkin and yams. To retain the most food value in vegetables, avoid soaking in water since water-soluble vitamins would be removed; cook quickly in a small amount of boiling water and be careful not to overcook; when possible, cook root vegetables in their skins after scrubbing thoroughly, or pare thinly.

4-H Water Management Training

Kermit Mills, Extension Agricultural Engineer, will be here in Rockcastle County, Wednesday, Mar. 12, to work with 4-H members on the 4-H Club contour cultivation contest.

Club members will enter this contest as a team composed of two members who are carrying a regular 4-H Club project and are otherwise eligible to attend Junior Week according to the rules of the 4-H Club department. Each team in the county will be required to learn how to use a commercial or home-made level in staking out guide lines for contour cultivation. They will also be required to stake out at least one field for contour cultivation before the district or state contest.

All 4-H Club members in the county are invited to participate in this training. Clay Colson, Soils Conservation Technician, is expected to assist 4-H members in the county in this water management training.

4-H Soil Judging Program

Soil judging training will be offered again this year to 4-H Club boys in Rockcastle County. Lyle Leonard, Extension Specialist in Soils, and Mr. Clay

Colson, S. C. S. Technician in this county will give training to the boys interested in soil judging. The first training session is set for Mar. 18.

The principal purpose of the 4-H soil judging program is to assist 4-H Club members to recognize and understand the capabilities and management of the different types of soil on the farm where they live, as well as to gain a general knowledge of similar soil types in their community.

In soil judging one type is not judged over or under any other type of soil, but is judged or classified as to the practical uses of a given soil type.

After a number of study periods to acquaint the 4-H boys with the purpose and procedures of the program, the 4-H boys will do some actual judging of soils.

We feel that this will be a chance for the boys to get some valuable training in soil judging, therefore, all 4-H Club boys are urged to take the training.

SAND SPRINGS

Week end visitors of Mrs. Bertha O'Neal were, her grandsons, Glen Sowder and Bobby Harper, from Ohio.

Mr. and Mrs. Carl Robbins of Ohio, visited their parents, Mr. and Mrs. Daniel Robbins, and Mr. and Mrs. Edd McClure, over the week end.

Mr. and Mrs. Joe Petrey and children and Pauline Bullock were week end guests of Mr. and Mrs. Pat Bullock.

Visitors of Mrs. Della Miller, Sunday, were Mac Whitaker, Mrs. Martha Phelps, Mary Renner and children, Rachel Price, Mrs. Wilma Renner, Loren Graves, John Graves and family and Aunt Mattie McKinney.

Ida Billcock was called home due to the illness of her mother, Mrs. Della Miller.

Mr. and Mrs. Herbert Evans were guests of her father, Mr. George Renner, Saturday night.

Dewey Graves visited George Renner, Sunday.

Mrs. Lucy Graves attended the funeral of John McKinney, of Woodlawn, Ohio, spent the week end with their parents, Mr. and Mrs. Otto Renner.

Forster Sowder returned Friday, after spending a week in Indiana.

Mr. and Mrs. Denver Miller of Woodlawn, Ohio, spent the week end with their parents, Mr. and Mrs. Everett Graves, and Mrs. Della Miller.

Stanley Graves left for France, where he is stationed with the Air Force, after a 30-day leave with his parents, Mr. and Mrs. Leonard Graves.

The Signal Says...

OUR SYMPATHY

We are sure no person in this world can feel other than great sympathy for the many families of 27 children who drowned Friday morning when their school bus crashed into the Lavisa fork of the Big Sandy River.

It is impossible to fully imagine the horror and fright that must have passed suddenly over the happy, smiling and chatting children when they suddenly felt the cold waters of the Big Sandy slowly claiming the bus. It is made even more terrible when such tragedy strikes children.

Who is to bear the terrible responsibility for this accident has not yet been determined. In all probability, when the questions are answered and the jury has gone, only the memory of a voice or the sound of feet across the floor will remain for the parents, relatives and friends. In all probability, the cause will be established. But the cold, hard fact will remain— nothing will bring these children back to life.

The great problem that now confronts the people of Cow Creek and area is the lack of funds for a reasonable funeral. Many of the children are from poor homes. In one case, three children from the same family perished.

We have been called on for expressions of sympathy—not in the form of flowers—but in money to help take away some of the great burden from these sorrowful people. A Prestonsburg Disaster Committee has been set up to receive contributions.

If you have a dollar, or more, send it to the Prestonsburg Disaster Committee, Prestonsburg, Ky. It will be greatly appreciated and no better spent.

George Prewitt Named Hospital Staff Official

George Prewitt has been appointed assistant administrator of the Rockcastle County Baptist Hospital, by the hospital Board of Directors.

5 Mining Fatalities During January

Coal mining fatalities in Kentucky totaled five during January, James H. Phalan, chief of the State Department of Mines and Minerals, reported. He said five were killed in coal mine mishaps during the same month last year.

Four of the deaths last year were caused by roof falls, Phalan said. He advised miners to take special care to know that the roof under which they work has been made safe.

Phalan told mine operators "your safety program is the most important operative problem that you will be required to solve during 1958."

Label Mail Boxes

RR 2 Patrons Advised

James O. Smith, postmaster at Mt. Vernon, has requested that all people on the newly established Rural Route 2, put their name and box number on their mail boxes and on their correspondence.

Mr. Smith stated that this would speed mail delivery and reduce the possibility of getting mail lost or delayed.

Fifth Quarter

BY LYLE UNDERWOOD

Regular season play has been completed for the three county teams. The last and final test of the season has finally arrived with the start of the District Tournament. Mt. Vernon, the first county team to see tournament action, registered its first victory surge, two of the first when they defeated Lincoln 70 to 58. Hustonville rated as the top team in the district. Perhaps it is right, but I would be willing to go out on a limb and say that a Rockcastle County team will walk off with the championship trophy Saturday night.

With the improved playing of Mt. Vernon and Brodhead along with Livingston's recent victory surge, two of the first three teams could easily finish first and second in the district finals. A College For Rockcastle

In last week's Courier-Journal an incident happened where a bill had been introduced in the House of Representatives to build a state college in the vicinity of Mt. Vernon. The purpose of the bill was to enable students in Rockcastle County schools to achieve a higher education. The representative stated that due to the lack of industry in Rockcastle County, it was financially impossible for the county to support such an institution. It was financially impossible for the county to support such an institution.

Livingston's Paul Sturgill was listed in Tuesday's Courier-Journal as a candidate for one of the five-star players of the week in the Louisville paper. The Blue Devil ace is averaging better than 30 points per contest and 16 rebounds. As of last Friday, Livingston coach, Preston Parrett, listed him as a doubtful starter at the opening district game against Stanford, due to a thigh injury received last week. With his determination, it will be hard to keep him on the bench.

Livington Breezes By Annville In Season Finale 76-47

Livingston's Blue Devils warmed up for the district tournament last Friday night, when they walked to an easy victory over the visiting Annville quintet 76 to 47.

Playing without the services of star Paul Sturgill, coach Parrett started the four seniors on his squad along with Walker Ballinger, in what was a comparatively easy victory.

The home team completely outmanned the visitors in the first quarter as they jumped out in front 23 to 14. Livingston's height, speed and ball handling was entirely too much for the inexperienced visitors.

Increasing their lead in every quarter, coach Parrett substituted freely in order to hold down the score. Possession basketball was the order of the day. In the first half and all 13 men were "oiled to a 49 to 24 half time margin. Seven of the eight men used by Parrett scored in the first half and all 13 men were "oiled to a 49 to 24 half time margin. Seven of the eight men used by Parrett scored in the first half and all 13 men were "oiled to a 49 to 24 half time margin.

OLD SIGNAL

(Continued from page 1)

caption said that the building was estimated to cost in excess of nearly \$10,000.

Some of the Brodhead scenes included the Brodhead public school; The Citizen's Bank and a Handle Factory which employed 11 persons, and which the Signal reported, helped the people of the County.

The celebration week is called "Salute to Parents," with emphasis on the farming, home-making and community service volunteer leaders and their youthful club members render.

far the best game of the tournament, in which Livingston was victorious by the score of 64-60. Livingston jumped out in front in the first quarter, 3 to 1, and then held on for a 14-11 first quarter margin. Both teams were playing their best game of the season with Livingston's press being the deciding factor in the outcome of the game. Employing their full court press caused the Stanford Wildcat to commit several errors, which Livingston turned into scoring opportunities.

Bibbo-Halcomb and Paul Sturgill handled the rebounds for Livingston while Walter Ballinger and Carlos Shehan handled the floor duties of setting team plays. The first quarter went close, until one minute left when Sturgill scored three quick baskets to put them in the lead.

After intermission, Stanford jumped back and took the lead at 33-32. Livingston then regained the lead on a basket by Owens and held on to that lead until the close, until one minute left when Sturgill scored three quick baskets to put them in the lead.

Sturgill handled the rebounds for Livingston while Walter Ballinger and Carlos Shehan handled the floor duties of setting team plays. The first quarter went close, until one minute left when Sturgill scored three quick baskets to put them in the lead.

THE BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

Bible Material: Matthew 5:12, 13:16; Acts 19:21-41; 1 Thessalonians 5:4-6; Revelation 14:13-15

Church's Voice

Lesson for March 9, 1958

DOES society have a conscience? We all know what we mean by a conscience. Do we have a conscience? We all know what we mean by a conscience. Do we have a conscience?

Dr. Foreman

live with him, because he is dangerous, a human ratiemake.

How God's Voice Is Heard

The voice of conscience is the voice of God. It is sometimes a nagging voice that is constant in its presence. It is the voice of God. It is sometimes a nagging voice that is constant in its presence. It is the voice of God.

What Stifles the Voice?

As with individuals, so with the community. The voice of conscience is stifled in many ways.

What Stifles the Voice?

Fish And Game Club To Meet At Courthouse

The Rockcastle Fish and Game Club will present a movie, Friday night, at 7 p. m., at the Courthouse.

Words and Deeds

The church itself, let it be repeated, ought to be the world's conscience: not the other way around. Every congregation ought to be a conscience in that community. It should never surrender that right and duty.
