Fifth Quarter

BY LYLE UNDERWOOD

The Last Quarter

I feel it only appropriate since the last of the basketball season is over, to summarize this season's basketball accomplishments of the three county teams in the last of the Fifth Quarter articles.

At the start of the season Rockcastle County teams were faced with the problem of a rebuilding year at Mt. Vernon, a new coach at Broadhead, and Livingston's well-balanced team.

As a whole the three county teams won a total of 46 games while losing 34, or a percentage of 57. They won one tournament, finished second in another and represented the 46th District in the 12th Region at Somerset.

Mt. Vernon's Red Devils, under the able guidance of Jack Laswell, started the season out very slow, but finished in a blaze of glory. With the marked improvement of Charles McEldred and Cotton Davis the Mt. Vernon quartet continued their post season tournament supremacy as they finished second in the 46 District tournament. With the lack of height being the deciding factor in many games, the Red Devils had to rely on their shooting ability and speed. Both showed

considerable improvement as the season progressed. Next year doesn't show too much promise for the Red Devils as they will be without the services of McEldred and Davis, the two spark plugs of the team. Nevertheless, Mt. Vernon can expect some good basketball.

Broadhead Better Balanced

Broadhead's Tigers, with coach Kesper Singleton at the helm will be the team to reckon with next year, as they lose only one man off the four-man team. This year the Tigers, who had to get used to the plays and patterns of Coach Singleton were unpredictable during the first half of the season. With confidence being gained with every game, the Tigers began to show signs of greatness after the first of the season, and played an improved and deliberate type of ball. Coach Singleton, who succeeded Joe Harper, has done a very fine job with the Tigers this year and can be expected to do even better next year.

Livingston Experienced

Livingston's Blue Devils were the most impressive team in the county this year, compiling a 26 and 7 season record. Coach Parrett, who had ten men good enough to be playing on the first team, had only to polish his team into a champion. Led by Paul Sturgill, the Blue Devils won the Berea Foundation School Invitational Tournament during the Christmas holidays, and were considered strong contenders for the 46 District title. A lot of the Blue Devils success should be given to their two guards, Carlos She-

Take Care!

As we approach the tobacco growing season, it is wise to mind again that tobacco is extremely sensitive to 2, 4-D. Extra care should be taken to make sure the equipment you use has not been used previously to spray this weed killer. Not only the spraying equipment itself but also measuring cups, funnels, hose and other articles should be free of 2, 4-D.

Keep The Seedlings Moist Before Planting

Forest tree seedlings may be kept moist from the time they leave the nursery until they are planted. Unless care is taken, roots will dry out very rapidly and many of the trees will die, warns James A. Newman, Extension Forester of the University of Kentucky.

With a large increase in tree planting being done by many landowners without previous experience, he is advising that the seedlings should be watered immediately upon arrival from the nursery and planted as soon as possible. Stored in a cool place and kept moist, they will remain in good condition for several days.

Seedlings that must be kept for more than 4 or 5 days should be "heeled in" in moist soil. To do this, dig an open V-shaped trench. Then open the bundle of trees and spread them out along one side of the trench. Fill in with soil so all the roots are covered and drench with water. Stomp down the soil for a firm covering and keep moist until planting.

On planting day, keep the roots covered with a damp material. Better still, keep the roots submerged in a bucket of water. Never allow the roots to be exposed to sun or wind for even a half-hour.

County Agents or local foresters will give advice about the best methods for planting trees on your local land, says Newman.

Strawberry Growers

Because two mad years have discouraged you in growing strawberries I'm afraid you are not going to be very well prepared for a good one.

All indications at the present time are for a good year. Acreage is down over the United States, surplus stocks are disappearing, southern states have been heavily damaged by cold and here we are with strawberries in a weed field.

Many of our berries will not be picked simply because we won't be able to find them. Our yields will be low and our berries will likely not "grade up" to fresh market standards because they haven't been cared for.

One of the most encouraging sights today is to see a good strawberry field. This shows a man that has faith and vision.

Let's get every ounce of production and quality that we can out of our strawberry fields this year. Don't wait another day to fertilize good with 20% phos-

phate. Get your captain and althiof on the plants the first week of April and do this at weekly intervals for four applications.

It's late but get a new field started right now. I don't care where you get your plants as long as they are good ones and preferably Tennessee Beauty.

Final Plans For Homemaking Program

Eight Homemakers Groups in Rockcastle County are making final plans for the 1958 - 59 homemaking program.

During this month each woman in a homemakers group will help determine the program for next year by checking the items that is most interested in, on a list that was derived by a counselling group of homemakers.

This is the list that the homemakers were asked to check.

Vote for either Food's or Clothing for several lessons.

Foods - planning to save money; Clothing - care and recognition of new fabrics, selection of suitable line, trends in styles. Check any below in which you are interested for one lesson: Social Security, Christmas Party, Craft, Picnic, Other. Special interest - check first and second choice; sewing machine attachments - 1 day; Chair bottoming - 1 day; Slip covers - 3 days; Basic Sewing - 3 days; Refinishing furniture - 3 days; How many months a year do you want a club meeting?

On April second, a represen-

tative from each homemakers group will meet as council and vote for her group. In order for a group to get to vote for the lessons preferred by most of its members, a representative from that group must attend the advisory council meeting.

Free Chest X-Ray

Will be available to Rockcastle Countians when the Tuberculosis X-ray Mobile Unit of the Kentucky State Department of Health visits Mt. Vernon, Brodhead and Livingston as follows:

Brodhead, April 1st. Hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M.

Mt. Vernon, April 2nd. & 3rd. Hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M.

Livingston, April 4th. Hours 9 A. M. to 12 noon, 1 P. M. to 3 P. M.

All persons over twenty years of age are urged to make sure they do not have tuberculosis by having a chest x-ray. The service is being made available through the cooperation of the Kentucky State Department of health, the Rockcastle County Health Department and the Kentucky Tuberculosis Association.

Nearly three-fourths of all cases of tuberculosis in Kentucky are being discovered through these mass x-ray survey programs. The units tour throughout the state and approximately 300,000 persons get chest x-rays annually under the program.

Persons under twenty years are x-rayed only if they have had a tuberculosis skin test or upon a physician's referral. The tuberculosis case rate among this younger group is quite low. All teachers and food handlers are required to have an x-ray made.

UNITS ARE DONATED BY THE KENTUCKY ELKS ASSOCIATION.

Feeder Pig Market

The possibility of establishing a feeder pig market, in Rockcastle, was discussed Tuesday night at the second meeting of the Livestock Improvement Association, at the Mt. Vernon High School Shop Building.

John Houston, president of the Livestock Improvement Association, appointed a Feeder Pig Sales Committee to determine the number of sows in this area. The committee elected Roy Brown chairman and Bill Norton, secretary.

Other members of the committee are Andrew Schiff, Clay Colson, Clyde Linsville, Charlie Busell, Stewart Parsons, Bert McWhorter, Forest Bryant and Wayne Stewart.

Zack Saufley, extension marketing specialist, stated that it would be necessary to have around 2,000 pigs at one time for a successful sale, such a number is needed to attract several buyers.

Mr. Saufley discussed some problems in swine production, the organization started.

The group estimated that 300 sows farrowing early next spring, would be needed to produce 2,000 pigs for the first sale in May, 1959.

Grady Sellards, extension specialist in swine production, emphasized the importance of selecting meat type sows and gifts rather than any particular breed. He also discussed housing, equipment, feeding and control of parasites and diseases.

Bob Hager, marketing department, Kentucky Department of Agriculture, reviewed the services that his department could give to make a successful feeder pig sale, such as publicity, separating and grading pigs by weight and color and contacting buyers.

The Feeder Pig Committee met immediately following the Livestock meeting and made plans for making a survey. They plan to complete the survey by the last of April.

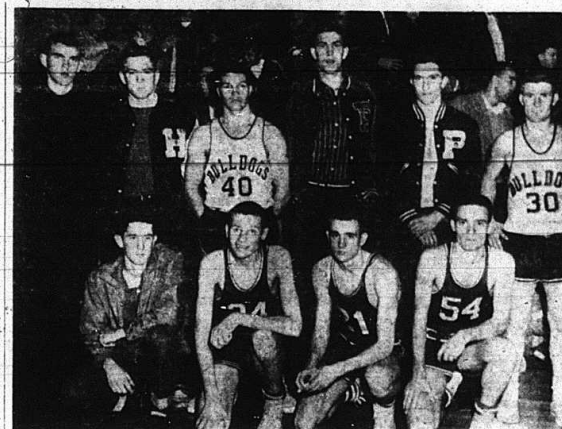

The next meeting of those interested in the Feeder Pig Program is April 15.

Four Court Cases Heard

Community Concert Scheduled In Berea

A community concert at 8 p. m., Eastern Daylight Time, Mar. 31 in Help Stokes Chapel at Berea will feature violinist Carroll Glenn and her pianist husband, Eugene List.

The Lists met and married when they were students at Julliard School of Music. In 1956 they traveled around the world giving concerts.

Of the 44 cases that are on the Rockcastle Circuit Court docket, the following ones have received action, to date:

A case against William Theodore DeBorde for forgercy, was dropped.

Ashley Hasty was cleared of the charge of possessing liquor for the purpose of sale.

The case against William Thomason for having a concealed weapon was transferred to Laurel.

Jesse Baker was cleared of a charge of child desertion.

Chester Blevins who is now in the penitentiary for house-breaking, will be brought to Mt. Vernon April 2, and tried for grand larceny.

A civil suit against Grant Huff, Berea, and et al., has been filed in Rockcastle County Court by Robert Sigmon with the trial date set for Apr. 11.

Sigmon's son, Chinnie Morris, and another youth, Alvin Barnett were killed in an accident in February, 1957, at Renfro Valley. Injured in the accident besides Huff, were two other Rockcastle County youths, Billy Chaney and Jimmy McGuire. A third auto-accident also involved in the accident.

Local Cancer Group To Open Fund Drive Here On April 1

Group Told Of Children

Services for Children in Their Own Homes, a service being emphasized by present child welfare programs, has been publicly or privately sponsored.

The discussion was led by Mrs. Ada Mollette, Community Relations Advisor, Dept. of Economic Security. Mrs. Mollette pointed out that this emphasis on modern child welfare programs has come about by evaluations of services and the resultant observation that in general the trends of services have deviated from their stated objectives related to strengthening family life.

The objectives of services for children in their own homes is based upon the observation that children mature and absorb the standards of society most effectively in the setting of the family, which is the basic institution of our culture. Therefore, the children have greater prospects for more satisfying and better personal and social adjustments, the speaker told the committee.

Accordingly, the objectives of the Division of Children's Services, as described by Mrs. Mollette is to preserve, strengthen, or re-establish, through local staffs, the nearest possible approach to a stable, permanent life for children whose families are unable to do so.

Won Friends - - They Liked Joe Harper

The Trojans just weren't being considered by those in the know. The 12th Region representatives signed they would be tough by leaving defending champion Russell County, 70-64, in the district finals, but other than that the Trojans didn't make too much noise.

When you start rehabbing the 1958 edition of the State Tournament, save plenty of conversation for Jumpin' Joe Harper and his Monticello Trojans.

When touring time rolled around fans were taking about St. Xavier, Daviess County, Clark County, Dunbar, Hazard and Covington Grant.

What about Monticello? Well

The following story is from the Lexington Herald-Leader, March 27. It is from "Fishes Picked Up By Billy Thompson and concerns Joe Harper, until this year coach at Brodhead High School. He was not re-hired as baseball coach at Brodhead."

H. H. TRACTORS

25 years is a long time in the life of a tractor. Yet, right here in Rockcastle County you will find many International Farmall tractors that have been serving faithfully and well, for 25, 30 and even 35 years.

After all these years the paint may be worn off, the fenders crumpled or gone and its outward appearance not too impressive. But it still remains the owners pride and joy.

If you divide the cost of an International Farmall tractor outfit by the number of long, troublefree years it will cost you.

You can buy a new Farmall fast-hitch tractor, mower for as little as \$1,795.

We back our sales with parts and service. There are more International tractors in Rockcastle County than all other makes combined.

WE FINANCE AT 6% INTEREST.

The Signal Says...

Rockcastle Has Many Merits

Talking with officials from various companies on the merits of Rockcastle County for locating a factory in the county has become the "order of the day" for the Rockcastle County Development Corporation.

The talks will no doubt continue through the next few weeks and probably months.

The men who do the talking are very familiar with the merits of the county. They have pointed out the county has a fine school system. It has an ample water supply, and could have more improved. There is plenty of electricity. Telephone service has improved and a new die system is forthcoming. A railroad crosses the county. Labor is no great problem.

One very important point, and one that should be stressed and stressed, is the county's future relation to Interstate 75 (Cincinnati to Knoxville) and U. S. 150 (Bardstown to Mt. Vernon).

At the present time, there is under way between Stanford and Danville on a new U. S. 150 of four lanes. When this highway is complete it will be four lanes from Bardstown to Mt. Vernon and will join Interstate 75 to be located, at best guess, somewhere between Mt. Vernon and Mareburg, a three mile stretch.

The importance of this cloverleaf (intersections) to the county cannot be stressed enough. On Interstate 75 will travel the great streams of future auto and truck traffic between Cincinnati and Knoxville. Along Interstate 75 there will be a few accesses. One such access is scheduled for Lexington; one for the Blue Grass Ordnance Depot, and one for U. S. 150. It still remains a question (and probably a political question) whether there will be other accesses. At the moment, the outlook for other intersections is not too bright.

Further, city and suburban planners have pointed out time and again that around these huge cloverleaves of Interstate Highways new towns and cities will spring up. Prompted by the necessity to have access to federal highways for their trucks, companies will move into areas where these accesses are available. It appears Rockcastle is going to be fortunate enough to be in an area where such a cloverleaf will exist.

Any company with its eye to the future, will no doubt recognize this great asset which Rockcastle has to offer. We predict, that with the continued fine work of the Rockcastle County Development Corporation, and the many merits the county has to offer, it will only be a matter of time before Rockcastle will be on the industrial map.

voluntary agencies — with the indispensable aid of volunteer workers, the cooperation of the medical profession and the financial support of the public," Mrs. Hurt said.

"I ask our good citizens here in (Rockcastle County) to bear in mind the recent victory against polio which was brought-and-paid-for by the generosity of the American people. Eventually we can do the same with cancer, if we get the same generous public support," she stated.

home to care for it and the children while the mother is ill or temporarily absent, thus keeping the family group intact. This service, by Federal Government regulations, is available only in rural areas of the State. Other services of the Division such as foster care, adoption services to the courts, services to unmarried mothers, interstate planning, and licensing of child caring and child placing institutions also support the plan of a more stable and permanent development for children. These services are scheduled for discussion at future meetings of the committee.

Community interest, understanding and support, the speaker told the committee, are most necessary in order that the child welfare programs in a community may attain maximum effectiveness.

The Rockcastle County committee, appointed by the Governor, serves in an advisory capacity to the Commissioner of Economic Security in relation to the programs of the Division of Children's Services and the Division of Public Assistance. Members of the local committee include: Money E. Cummins, chairman, Mrs. J. D. Henderson, secretary, other members are Rev. Marion Parkey, John Cox, Floyd L. Owens, Earl Watkins, R. L. Kelsey and Mrs. Irene Blair.

The next meeting of the committee is scheduled for April 24, at which time the Old-Age Assistance program of the Division of Public Assistance will be discussed by a representative of that Division.

ourney, if you lead off your list with Harper, you lead off with the right man.

Harper has done a terrific job at Monticello. It's his first year at the school and any time a newcomer comes to town, it's hard to get adjusted. But Jumpin' Joe has that certain knack to get along with people and to win friends. And, perhaps, that is the chief reason that he is in defeat. Monticello and Harper were the "talk of the tournament."

Of course, it's a pity there isn't some place in the results to list "jobs well done." In years to come, folks will look at the semi-final results and see that St. X won, 52-48, and figure that Monticello was no match. But until the final 46 seconds, the "Monties" were very much in the game. In fact, only three points separated the Trojans and the Tigers at that point.

"We're mighty glad that Monticello did come to town. It proved once again you don't have to be a winner to win friends and influence people. And you won't find many people who know basketball that will argue for a second that the best-coached team in the tourney was Monticello."

Captain, Jumpin' Joe and Trojans. The folks back in Monticello (and in the 12th Region) should be mighty proud of you. The champ's name will be engraved on the trophy, but in the hearts of thousands of cage-hungry basketball fans, the name of Monticello will be stamped a little deeper.

Womens Club Discusses Libraries And Ethics

"Libraries aren't a new convenience," Miss Clo Era Sewell of London told the Mt. Vernon Woman's Club, Tuesday night when they met at the home of Mrs. James Lambert.

She explained that the first library was used only for churches. The earliest one started in 1683. About 1700, Benjamin Franklin established the subscription library so that all young men, who wished, could have access to books.

Fiction was included in libraries in 1800 when the Boston Public Library received a grant for \$5,000 per year for up keep. Later children's books were added, she reported.

Rockcastle County obtained a bookmobile as a result of an American Library Association appropriation of \$7,500 for rural services. The Association contributed as much money to the County as the County raised for the bookmobile.

Miss Edna G. McKenzie, bookmobile librarian or Mrs. Phillip Davis, Mt. Vernon librarian (library located in the Fire House) will obtain desired books that are not on hand.
