

"I Endorse School Merger" - Champion

(Because of a mix up in type, another story was combined with the school merger story in last week's Signal. As a public service we reprint the story this week.)

"I would endorse 100 per cent the principles expressed by the State Department of Education as well as those expressed by Mt. Vernon School Superintendent, Clyde Linville, and former Superintendent Otis C. Amis, that Mt. Vernon Grade and High School should merge with the Rockcastle County Public Schools."

With this statement, W. R. Champion, London business man and superintendent at Mt. Vernon High School from 1935 to 1944, joined with Mr. Amis and Mr. Linville favoring merger. His opinion was expressed in an interview this week at London.

"In thinking of merger," he continued, "I think there are two important factors that should be considered."

He explained the county seat (Mt. Vernon) is about the center of population and wealth of the county and the large school unit should be located at the center.

"For the county seat to have a school and the county maintain two other high schools is not fair to the children or the county, and contrary to the principles set forth by the Department of Education. For an effective long-range program of education, Mt. Vernon School and county schools should, and must, be considered together," he declared.

Mr. Champion pointed out that it is now necessary for the county to transport pupils through Mt. Vernon to take them to schools under the county system.

"This is unfair to the students and very tiring to travel such a distance. Were the school centrally located at Mt. Vernon, many of the students would be able to attend school without traveling about ten miles, or longer, each day. That is worth a lot to a child," he said.

He noted the county is in the process of building another elementary school at Roundstone and while this re-alignment is taking place the school program should be set-up with Mt. Vernon included in the county at this time. Old grievances should be forgotten and the Mt. Vernon Board of Education should enter into a plan of merger with the county," Mr. Champion said.

al circles. The school is bound to hold the line because of a tremendous transportation problem, a problem that would be even worse than the present problem," he stated.

The former superintendent is of the opinion that the question of indebtedness is not a vital one, at this time, in deciding on merger. Neither does he believe taxes a question. The present tax rate is \$1.50 per \$100 property evaluation and at the taxable limit by law.

On the question of administration, Mr. Champion said Mt. Vernon could retain a representation on the Board of Education—and—while in the management of the school, he does not believe, because of changing times, it practical or progressive to restrict the action.

of future school boards on policy.

"It has been 14 years since I left Mt. Vernon, but I still have a vital interest in the people of Mt. Vernon and Rockcastle County. I still remember the many good students who have received an education at Mt. Vernon. But I think the time has come when merger should take place in the embarrassing situation in a few years. I feel certain Mt. Vernon's parents and leaders will see with the children's future uppermost in their minds," he concluded.

Mr. and Mrs. Robert Hayes and daughters visited Mr. and Mrs. Thomas Hayes, Sunday.

OTTAWA

Sunday guests of Mr. and Mrs. Edd Brown were: Mr. and Mrs. Floyd Brown and children, Sue and Mike, and Mr. and Mrs. Irvin Brown of Lockland, Ohio, and Mr. and Mrs. Edward Thompson and children.

The family of Clangman Hann have had flu.

A freezer—frees her

A HOME FREEZER makes LIFE EASIER

... the modern way to save **TIME • FOOD • MONEY**

You, too, will feel like dancing when there's a freezer in your home. You'll cook less and cut hours of preparation and clean-up time by cooking and baking in quantity—storing foods for future use. You'll prepare food when it's convenient—not when time is pushing you. Holiday or company cooking can be done weeks in advance... your freezer preserves flavor and food value. What's more, you'll cut shopping time... save money by freezing left-overs, and taking advantage of special sales. You get big savings with a freezer and the cost of operation averages less than a nickel a day.

Choice of a variety of beautiful models

FREEZERS or REFRIGERATOR-FREEZERS

Space-saving combination
It's a Refrigerator
It's a Freezer
... all in ONE compact unit

Save precious floor space... shopping time and money with a combination refrigerator-freezer. Keeps food safely in the roomy, self-defrosting refrigerator. Stores a variety of frozen foods in the big freezer compartment. You can buy and store food when prices are low... shop and cook ahead for weeks at a time. Ideal for small families.

aker, and family.

Mr. and Mrs. Charlie Barnes and son and Ida Cromer were guests of Mrs. Mary Bullock, Sunday.

Mr. and Mrs. Arthur Bullock and family visited her parents, Mr. and Mrs. Charlie Evans, and family, Sunday afternoon.

Speed New Legume-Grass Growth With Plant Food

Well fertilized first crop hay (left) has almost no weeds the year following seeding. Weeds took over (right) where legume seeding ran out of nutrients.

HERE are two steps recommended by Midwestern agronomists for speeding the growth of new legume-grass seedings this summer, after the small grain harvest.

1—Clip and haul off the straw after the wheat crop is combined, except where the legume seeding is made up of sweet clover. By removing the straw, you allow sunshine and air to reach alfalfa, red clover, Ladino and pasture grasses.

2—Top dress with fertilizer high in phosphate and potash, after the straw is taken off, unless the seeding has had a full feed of nutrients before planting. This will give the small legume plants the nutrients they need to make thick growth and to build husky roots that can fight off winter kill.

One of the advantages of getting rid of the straw is that it cuts down the danger from fungus and molds. The fungus and molds encouraged by the dampness under the straw can sometimes destroy the new seeding, says the Middle West Soil Improvement Committee.

Agronomists recommend that new legume seedings should not be grazed for at least a month to six weeks before growth stops. The plants need this time to store up in their roots the plant food needed to carry them over the winter and to help get growth started promptly the following spring. Over most of the Corn Belt this period runs from around the first of September to the middle of October.

After growth stops for the fall, then the topgrowth can be taken off, for then the plant will not start regrowth and use up the food reserves in its roots.

Plant Food Returns Double-Barreled Benefit

Fertilizer is an investment that can give these double-barreled dividends, reports the Middle West Soil Improvement

Committee: It can get immediate benefits the first year from higher crop yields per acre; 2—after growth stops, the fertilizer is left in the soil as a "carry over" to increase yields another year.

Abney, Thursday afternoon.

Mr. and Mrs. Dill Stewart were at Berea, Saturday.

Mr. and Mrs. Bill Young were at Mt. Vernon, Saturday.

Mrs. Young was dinner guest of Mr. and Mrs. Elijah Abney.

Mrs. Mabel Mullins was at Mt. Vernon, Sunday, to see a doctor.

Mrs. Anna Drew and children, Louise and Nele, were at Mt. Vernon, Saturday.

Mr. and Mrs. Walter Soudner visited Mrs. Fannie Abney, Friday afternoon.

Miss Geneva Ballinger visited Mrs. Dovie Drew, over the week end.

"WHERE THE BOONERWAY JOINS THE DIXIE"

THURSDAY, MAY 15, 1958

VOLUME—68 NUMBER 33

MOUNT VERNON, KENTUCKY

Adults Urged To Take Polio Shots

All age ceilings have been lifted on polio vaccine, and the protective shots are now available to all Kentucky residents. Dr. Russell E. Teague, Commissioner of Health has announced. More than 20 percent of all paralytic polio cases for the past four years were in individuals past the age of 20 years, Dr. Teague said. Kentucky has received sufficient vaccine for 2,970,777 shots, from the beginning of the program three years ago through late March, Dr. Teague said.

This is an average of 977 shots for each resident of Kentucky.

The national total domestic vaccine shipments through late March is 198,047,000 cubic centimeters, of which 1.2 shots for each of the nation's 172,000,000 inhabitants.

This encompasses all vaccine shipped by contracting firms to public agencies to regulate commercial outlets, and includes vaccine used in the 1955 programs of the National Foundation for Infantile Paralysis. The figures were compiled by the U. S. Public Health Service. County chapters of the National Foundation throughout the state are cooperating with local medical societies and public health officials in promotion of wide use of the polio vaccine this spring, before the summer season.

Dr. Walker Owens, director of Rockcastle County Health Department, urges all adults to see their doctor for polio shots.

Dental Trailer Here Through May 20

The dental trailer is at Mt. Vernon Grade and High School from now through May 20. Dr. Walker Owens, director of Rockcastle County Health Department, said the trailer is for indigent children. The trailer has two dental chairs and is fitted like a dentist's office.

Stephen Meador of the Dental Division of the State Health Department is the dentist.

The trailer is sponsored by the Jaycees, Meridian Woman's Club, Mt. Vernon Woman's Club, Farm Bureau, Lexington Club and the County Board of Education.

Appointments for County School students have been scheduled. Brodhead and Livingston students are to be brought in by bus. Other county students will be brought in by their parents.

When the dental hygienist checked children's teeth she found that 77 percent of them had dental decay.

U-S Air Mail Service Established 40 Years Ago

Postmaster James O. Smith called attention this week to the coming 40th anniversary of the establishment of the United States of the world's first regularly scheduled air mail service on May 15, 1918. The start of this air mail service by the United States has been of tremendous importance in aviation history and in the development of commercial aviation all over the world," Mr. Smith noted.

Air mail in this area totals an estimated 7,500 pieces a year, Mr. Smith said. Today's volume is approximately 10 percent above ten years ago. The first flights which started 40 years ago flew between Washington, D. C., and New York City, with a stop at Philadelphia, required about three hours about three times the time required today. The first air mail planes used were the "Jennies," famous airplanes of the period. Postage for an early air mail letter was 24c, but it included special delivery.

The Department was assisted initially in the development of

INVENTION FOR AIR FORCE - Technical Sergeant John L. Norton of the 8th Fighter Bomber Squadron at Etain Air Base, France, receives an award for an Air Force accepted "major improvement" from Colonel Harry E. Peckham, Base Commander (right), Sgt. Norton's invention, an A. C. generator tester for aircrafts, is expected to save the Air Force many man-hours and considerable expense. He is the son of Mr. and Mrs. Roy Norton.

Sgt. Norton Made Device For Army

Pleaz Mobley Candidate For Governor

Technical Sergeant John L. Norton, of Mt. Vernon, received an incentive award at Etain Air Base, France, recently for creating a new technical device that will save the Air Force time and money. Sgt. Norton, assigned to the 8th Fighter Bomber Squadron at Etain, was awarded \$28 for designing an aircraft A. C. generator tester that eliminates the need of an electrician for this particular job. The tester is installed in the cockpit of the aircraft and can be operated by one man, consequently eliminating many man hours and considerable expense. He is the son of Mr. and Mrs. Roy Norton, Route 1, Mt. Vernon, and married to the former Pat Swinford of Maysville, Okla. Sgt. Norton is a graduate of Mt. Vernon High School. The couple have a son, Mark Alan, four-months-old.

The candidate's campaign headquarters would be opened in Louisville and Lexington. Mobley said, "I realize people better than most voters that the Republican party is in the minority in our state. And we can win only when the Democratic party's big-wing politicians get so corrupt, and become so envious and jealous of each other that they splinter into factions and disgust the good, old, solid, everyday common voter."

OLD AGE ASSISTANCE

Last week's Signal said that no applicant for Old Age Assistance is eligible if his personal property exceeds \$500. It should have read, if his personal property exceeds \$500.

OLD AGE ASSISTANCE

The adjudicator's (judges) were: George Wain of Oberlin College in Ohio; Keith Stein and George Wilson, both from the faculty of Interlochen Camp at Michigan. All three were very complimentary to the band on their performance. Some comments they made were: "You handle the band ably. Mr. Director, and your players respond effectively." Mr. Wain declared.

"This is an excellent band," all prepared excellent congratulations. Mr. Wilson said, "The band shows attention to fundamentals of tone, projection, attack, and release. Very fine rhythm, indeed," Mr. Stein stated.

(Continued on page 4)

Prizes Given In Art Contest

Entries in the annual school art exhibit filled the Kentucky Utilities office, Thursday and Friday. It is sponsored by the Mt. Vernon Woman's Club.

The display included drawings done in crayon, pencil and water color; scrapbooks and handwork.

Girls in Mrs. Edna Fain's 6th grade class made lunchcloths and napkins for their mothers on Mother's Day, and the boys painted vases.

Prizes were awarded. First prize was \$1, second prize was 50c and third prize was 25c.

Winners are listed in the order in which they won: Grade 4 and Sharon Childress, Marsha Whitaker and Coleen Smith; Grade 3 and 4, Ray Coffey, Jimmy Bickel, Judy Kendrick, Paul Linda Foman and Linda Miller; Mrs. Alza Mitchell's 5th grade class, frizee of Mexico.

Jimmy Hysinger's sketches of Sal Mineo attracted much attention. Judges of the contest were Mrs. John Lair, Mrs. Tom Hargis and Mrs. Lewis Miller. Mrs. Sadie Ramsey is chairman of the art committee of the Woman's Club. Other committee members are: Mrs. Ralph Griffin, Mrs. William Landrum and Mrs. Nancy Helton.

Livingston PTA Voted Against School Merger

The Livingston Parent Teachers Association went on record as being 100 percent against any form of school merger, any other plan that might disrupt the Livingston school as it is now operating.

This is a report of a decision made last night at the Livingston PTA meeting, according to Robert Waddell.

Dr. E. E. Combs announced recently that he would continue the Chiropractic practice of his late father, Dr. E. C. Combs, at Richmond. He will also be at Mt. Vernon.

Joe E. Riddle Made Kentucky Colonel

Joe E. Riddle of Baltimore, Md., has been appointed a Kentucky Colonel by Governor A. B. Chandler.

Mr. Riddle is a self-employed engineer and designer. He is formerly of Brodhead. He has a brother, Ben, who is still living in Brodhead.

Mr. and Mrs. Riddle have a son. They own a home at Dade City, Fla.

MRS. MAGGIE MCCLURE SUFFERS AMPUTATION

Mrs. Maggie McClure recently has her left leg amputated above the knee.

Mrs. McClure was badly burned, December 6, and admitted to the Rockcastle County Hospital. She has been in Berea College Hospital and in Rockcastle County Baptist Hospital several times since.

The amputation was reported by the daughter of the late Mr. McClure, who died in 1954.

Brodhead Graduation

D. A. Robbins, principal of Brodhead High School, announced that Rev. Ed Beck will deliver the Baccalaureate sermon May 18, at 7:30 p. m., at the Brodhead Auditorium.

Achievement Night will be May 22, at 8 p. m. Activities on this night will be band concert, 7th grade graduation, certificates for perfect attendance and presentation of awards.

Cossie McKinney Recieves Foot Injury

Cossie McKinney of Ohio, was injured last week end when she drove a power lawn mower over a piece of wire. The wire went through his foot and chipped the bone. After being treated by a doctor, Mr. McKinney was able to drive back to Ohio.

The accident occurred at the home of Mr. and Mrs. Sam McKinney, where Mr. and Mrs. Cossie McKinney spent the week end.

L & N To Discontinue 2 Trains

What Do You Think About School Merger?

Are you in favor of Rockcastle County School merger? Yes or No.

This question was posed to 10 residents of Rockcastle County, this week, all in different walks of life. They were all asked, "Are you in favor of the school merger?" "If so, why?" "If not, why?"

Mack Bales, garage owner of Livingston, said, "No, I don't think the whole County business should be grouped in one town. Brodhead and Livingston should have a share of the school benefit."

Wynedye Barnett, Mt. Vernon grocer, said, "I am in favor of going into the county system because, as I understand it, we would get a bigger school and another building. It would benefit the town and help all business people in town. As I see it, the County seat should have a large school."

Mrs. Prudie Thomas, housewife, of Route 3, Crab Orchard, said, "Yes. The schools that we have are crowded. Better schools would build up the County."

O. V. Hilton, merchant of Mt. Vernon, said, "I am opposed to the school merger in its present form and I see no reason to merge until Mt. Vernon is assured of a new graded school building which, according to financial report of the combined assets of Rockcastle County School system and Mt. Vernon City School system is impossible and will be for many years to come."

That this should be left up to the people of the Mt. Vernon City School district and not to certain individuals from Lexington, London and other places who have been trying to tell us how we should run our school system."

Mrs. Daisy Miller, Mt. Vernon housewife, said, "I think it benefits more people to have consolidated schools. We should consider the interests of the majority rather than the few."

Glean Coffey, printer and farmer of Wildie, said, "I believe consolidation would bring better, more qualified teachers. Schools would have better facilities and be better operated."

Jack Fugate, Brodhead farmer, said, "Yes, I would like to see it more convenient for the children who must wait so long for a bus, especially in rainy, bad weather."

Charles McDilred, Mt. Vernon student, said, "Undecided. Mt. Vernon is running out of prospective athletes. I also think if Mt. Vernon did go into the county system there would be more courses to choose from."

Wayne Stewart, Mt. Vernon merchant, said, "Yes, I think it is the only way out because I don't think Mt. Vernon and the County combined can maintain three separate, four-year, high schools. A consolidated school system would be more economical for both Mt. Vernon and the County system. Larger consolidated schools are able to offer a broader curriculum and better prepare the students for college work."

Ottie Rash, Kentucky Stone Company worker, Mt. Vernon, said, "Yes, I believe it would be best to merge with the County so that Mt. Vernon can get a grade school which would help all children in the county."

Renfro Valley Pony Sale Set

The Renfro Valley Spring Pony Sale is set for May 23 and 24. It will be under the direction of The Four Sons of Pat Pruitt Auction Company of Belmont, S. C.

This will be the ninth pony sale held in Renfro Valley and should be the biggest and best, according to John Lair because, "the pony business continues to grow by leaps and bounds."

Mr. Lair also says, "this is not one of the bigger national sales where registered ponies predominate and prices reach unbelievable heights. It is more a pony sale for the average pony breeder."

Mrs. Berda Martin Landidge, of Rockcastle County Baptist Hospital, died at her home at Lynchburg, Va. Mrs. Landidge was 80 years old.

The daughter of the late Mr. McClure, who died in 1954, was not caused directly by the burns.

Senior Trip

Brodhead High School seniors visited New York City, Niagara Falls, Natural Bridge and Luray Caverns, Va., last week. Formations in Luray Caverns have been estimated by scientists to exceed 10,000,000 years. D. A. Robbins, principal, and Charles Hurt were in charge of the 12 day class tour.

SENIOR TRIP - Brodhead High School seniors visited New York City, Niagara Falls, Natural Bridge and Luray Caverns, Va., last week. Formations in Luray Caverns have been estimated by scientists to exceed 10,000,000 years. D. A. Robbins, principal, and Charles Hurt were in charge of the 12 day class tour.

Cheapest Soil Building Plan Boosts Yields, Cuts Costs

growing conditions, the committee points out.

"You have to know your soil before you can figure out ways to improve it," says the committee, pointing to a recent statement by M. B. Russell, University of Illinois agronomist.

"Soil tests and full history of previous fertilizer treatments and cropping practices can give you valuable guidance. You need to know, too, whether your particular soil has any special problems relating to droughtiness, erosion or drainage."

Russell lists these factors as essential in any sound soil building program: 1—Sufficient plant nutrients to produce high crop yields; 2—Good till that encourages the development of crop roots and provides good soil, water, air and temperature conditions; 3—Protection against soil loss and erosion damage.

All these practices must team up and be related to each other. The fertilizer you use, he says, must be related to the kind of land you have and the rotation you follow. Your rotation, in turn, may be related to the kind of livestock you have and the amount of labor and machinery you have.

Sweet clover intercrop picks down deep in moisture drains, build deeper top soil and improve structure to increase soil's crop producing ability.

THE CHEAPEST soil building program is the one that gives the highest yields at the lowest cost per bushel.

Developing such a program involves setting your sights on the top production capacity of your soil and then providing what it takes to reach that level, says the Middle West Soil Improvement Committee.

Production capacity will vary according to farm soils and

Gibson visited them.

Mr. and Mrs. Cecil Kirby have returned to their home in Indiana, after attending the funeral of her mother, Mrs. James Kirby.

Misses Wilma Stockmyer and Cornelia Short were at Richmond, on business, Tuesday.

Mr. and Mrs. Floyd Baker and Mr. and Mrs. Frankie Baker were fishing at Lake Cumberland, Saturday, and reported a nice catch.

Joe Phillips is home after a visit with his sons, at Big Creek in Clay County.

Well Youngins! We shore are glad to see this sunshine, soes we can plant garden sasse. We've "dead lifted" all the Poke Sallet around here and face starvation for store iff we don't git sompin razed in a hurry.

MACEDONIA

Bodie VanWinkle, who has been ill, is improving.

Mr. and Mrs. Orville Hunt and children, Kelly, Janice and Anthony, of Conway, were guests of Mr. and Mrs. John Abney, Sunday afternoon.

Mr. and Mrs. Al Williams and son, David, of Latonia, were week end visitors of Mr. and Mrs. Ben Blair.

Harold Bullen of Troy, Ohio, spent the week end with his father, Jess Bullen, and Nancy.

Mr. and Mrs. Billie Hamilton and family left Monday morning for Atlanta, Ga., where they will make their home.

Mr. Loua Burrell, who has been quite ill, is improved.

Mr. and Mrs. Howard Powell visited with Mr. and Mrs. Kermit Blair, at Fairview, over the week end.

Mr. and Mrs. Virgil Bullen were at Richmond, Saturday, shopping.

Rev. Bill Hamilton preached at Flat Rock Baptist Church, Saturday night, in the absence of Rev. Lester Arnold, who is in a revival at Indian Creek Baptist Church.

Mr. and Mrs. Gilbert Lamb and children of Berea, visited her mother, Mrs. Della Bullen, Sunday.

Rev. and Mrs. Bill Hamilton of Berea, visited Mr. and Mrs.

BOONE NEWS

Mr. and Mrs. Bob Poynter and children of Huntington, W. Va., visited his parents, Mr. and Mrs. Laney Poynter, and family, last week.

Mr. and Mrs. Larken Hensley and Mr. and Mrs. Chester Hensley visited with friends Sunday, on Kentucky River.

Mrs. Lula Alcorn was in Berea, Tuesday, visiting Mrs. Alfa Gadd.

Mr. and Mrs. George Bowman and children, Beverly and Tommy, of Cincinnati, Ohio, visited Mrs. Bowman's sister, Mrs. Casper McCracken, and family, Saturday and Sunday.

Mrs. Laney Poynter Sr., and Mrs. Laney Poynter Jr., and son visited Mrs. Casper McCracken Monday. Mrs. Casper McCracken Jr., and children of Berea, also visited them.

Casper McCracken was in Mt. Vernon, Monday, on business.

Mrs. Betty McCracken and son, Blaine, and Casper McCracken were at Berea, Tuesday.

Mrs. Georgia Clark and children visited Mrs. Larken Hensley and family, Monday night.

Mr. and Mrs. Junior Nuz of South Gate, Calif., were recent visitors of Mr. and Mrs. Forrest Sloan, and family.

Brenda McCracken remains on the sick list.

B. L. Poynter is recuperating in a Lexington Hospital, where he underwent surgery, last Thursday.

Mr. and Mrs. Millard Poynter of Lima, Ohio, were called home due to the illness of his father, Mr. B. L. Poynter, who became ill, last week.

Dewey Lamb was in Hamilton, Ohio, on business, Monday.

Hewey Lamb and family are spending a few weeks here. He is building a house for George Wren.

Forester Sloan visited Laney Poynter and family, Monday night.

CLEAR CREEK

Rev. Bill Hamilton of Berea conducted prayer service at the home of Mr. and Mrs. Bodie VanWinkle, Sunday night. Those attending were: Mr. and Mrs. Joe VanWinkle and family, Mr. and Mrs. Shirv VanWinkle and family, Mr. and Mrs. George Richards and family of Bummer, Mr. and Mrs. Herman Baker, Mr. and Mrs. Bill Gibbons and son, Mrs. Pauline Bowman and baby of Climax; Mr. and Mrs. Henry VanWinkle and children of Burr; Joe Abney and Mr. and Mrs. Sherman Crawford and family of New Hope; Mr. and Mrs. Edd Croucher and Billy, Mr. and Mrs. Aster VanWinkle and family and Mr. and Mrs. Johnnie Cope and family of Clear Creek.

Mr. and Mrs. Joe Abney and children and Mr. and Mrs. Bodie VanWinkle were dinner guests of Mr. and Mrs. Aster VanWinkle, Sunday.

Bodie VanWinkle was at Berea, Thursday afternoon, to see Dr. Hoy. He is improved.

Mr. and Mrs. W. D. Forsythe visited Mr. and Mrs. Bodie VanWinkle, Sunday morning.

Rev. W. M. Durham of Copper Creek, visited Bodie VanWinkle, Friday.

Mr. and Mrs. Edd Croucher attended the singing at Conway, Sunday afternoon.

Mr. and Mrs. Gene Gray and daughter, Juanita, of Dayton, Ohio, visited her parents, Mr. and Mrs. Edd Croucher, over the week end.

Deeds Recorded

(Place indications of the following deeds are not specific and represent a general area.)

Mary Elizabeth Lawrence Adams to John W. Griffin, property at Mt. Vernon.

Richard Brahanman Heirs to R. R. Wolfe, property at Clear Creek.

Glyndon Baker to Eb Baker, property at Clear Creek.

Eb Baker to Virgil Baker, property at Clear Creek.

Charles Fish Jr., to Charlie Fish, property at Wildie.

Charlie Fish Heirs to Byron Russell, property at Wildie.

George Farrell to Jack Vaughn, property at Mt. Vernon.

Casper B. Sowder to Caleb Sowder, property at Mt. Vernon.

week end with his parents, Mr. and Mrs. Henderson Hurley.

NEGRO CREEK

Miss Mary Lou Chandler of Cincinnati, Ohio, is here on vacation with her parents, Mr. and Mrs. Leon Chandler.

Mrs. Iva Williams of Pennington Gap, Va., Mrs. R. H. Atkinson and Mrs. Marshall McKinney and daughter, Teresa, spent an afternoon last week with Mr. and Mrs. D. B. Chandler.

Mr. and Mrs. Glenn Burke visited Mr. and Mrs. D. B. Chandler, Tuesday.

Mr. and Mrs. Leon Chandler and Mary E. Carson were hosts and hostess at a Mother's Day Dinner, Sunday, in honor of their mother, Mrs. D. B. Chandler. Several relatives were present.

A Mother's Day program and home coming was held at the Holiness Church here, Sunday.

Loyd Brock has done a nice job cleaning our cemetery for Memorial Day.

Mr. and Mrs. Glenn Burke visited her parents at Pine Mountain, over the week end.

Mrs. Betty Ferris was Sunday afternoon with Mrs. Leon Chandler.

Mrs. Virginia Fletcher and daughter, Mrs. Don Merriman and children visited Mrs. Leon Chandler, Sunday afternoon.

This community was sorry to learn of the loss of Mr. and Mrs. Clyde Cummins' home by fire, Saturday night.

Mr. and Mrs. Don Stevens and son, Don Ambrose, were here from Louisville, over the week end, with their parents, Mr. and Mrs. Ambrose Albright and Mr. and Mrs. Colson Stevens.

CALLOWAY

ANOTHER GIRL

Mr. and Mrs. Earl Phillips are the parents of another daughter, which makes them six girls.

Mr. and Mrs. Floyd Baker and Mr. and Mrs. Frankie Baker of Dayton, Ohio, spent week end with their parents, Mr. and Mrs. George Baker.

Mrs. Atha Hood of Cincinnati, Ohio, is spending this week with her mother, Mrs. Schrida Langford.

Mrs. Winnie Miller has returned to Cincinnati, Ohio, with her daughter, Mrs. Willie Higgins, and Mr. Higgins, at Mt. Vernon.

James Renner spent the week end with his parents, Mr. and Mrs. Ray Renner. James is employed in Ohio.

Miss Betty Milburn has returned to Cincinnati, Ohio, after spending a vacation with her parents, Mr. and Mrs. Willie Milburn Sr.

Mr. and Mrs. Bill Fletcher and son, Mike, of Lexington, visited Mr. and Mrs. Carl Mullins, last week.

Caleb Lamb has purchased the former Willie Renner farm from Mrs. George Baker, and moved his family there, Sunday.

Mr. and Mrs. W. L. Kincer of Mt. Vernon, and Mr. and Mrs. B. G. Cummins were fishing at Lake Cumberland, Sunday afternoon.

Sunday guests of Mr. and Mrs. George Baker were: Mr. and Mrs. Oscar Head and daughter, Jerry, of Orlando, and on Monday, Mr. and Mrs. Dan

SHOE BOX ELECTIONS

The entire tobacco industry is dissatisfied with the Shoe Box Election method. A new and fair method should be devised and used. A vote for **DANIEL BOONE SMITH** for Congress is a vote to get this done.

Farm And Home News

BY
H. Lee Durham, Martha Owen and Paul Claiborne, Co. Extension Agts.

County Agent in St. Louis

For A Week:
H. Lee Durham, Rockcastle County Agent, and Rex Wesley, County Agent in Laurel County, were chosen from this district to attend a Livestock Study Class at Swift and Company, National Stock Yards at East St. Louis, Ill. Mr. Durham and Mr. Wesley will leave for St. Louis, Saturday, May 17 and will return May 23. There will be approximately 25 county agents from Kentucky going to St. Louis for

the class. This class is sponsored by Swift and Company. They will also pay the expenses of the trip. This should be a worthwhile trip for all those who go. **Anthracnose Control Methods Are Listed:**
Here are control methods for anthracnose disease in tobacco seedlings, issued by the Kentucky Experiment Station plant pathology department.
Use one of three chemicals, Ferbam, Zineb or Maneb.

Use two pounds of Ferbam per 50 gallons of water, for sprays, which figures out at 5 level tablespoons per gallon of water; or a 15-percent Ferbam dust.
Use 1 1/2 pounds of Zineb per 50 gallons of water, for sprays, this figures out to 2 1/2 level tablespoons per gallon of water; or a 10-percent Zineb dust.
Use a quarter-pound of Maneb per 50 gallons of water, for sprays; this figures at 1 level teaspoon per gallon of water. The two-percent Maneb dust will completely cover the pile of litter dumped each day.
2. Screen buildings where practical.
3. Spray with Malathion all fly roosting places in barns and other buildings, except milk rooms. To make this spray mix together at the rate of 1 gallon of 50-percent Malathion emulsion, 20 pounds of sugar and 50 gallons of water. With good sanitation one application should give effective control for three weeks. In making the application, protect feeds, feeding troughs, water cups and tanks to avoid contamination.
4. As a supplement to the spraying program use a dry bait. One such can be made by mixing 1/2 pound of 25 percent Malathion wettable powder and 10 pounds of sugar. Sprinkle from a "salt-shaker" type jar on floors in barns and on window sills and ledges. Apply about four ounces to 2,000 square feet of surface.
5. Space sprays containing pyrethrins will effectively control flies in enclosed spaces. They should be applied daily with hand sprayers, aerosol bombs, or mist sprayers to give a quick kill of flies in enclosures.
Malathion is a poison and the usual precautions governing the use of such materials should be observed.

antibiotics, such as streptomycin, used for wildlife control, are of NO value in anthracnose control.
Suggested Program For Household Control On The Farm:
1. Sanitation is the most important single factor in the program; practice it with reservation. Clean barns daily and either scatter the litter on fields where it can dry or put it in a pile. In the latter case, spray the surface of the pile with Malathion concentrate 8 ounces, 1 measuring cupful, in three gallon water. A three gallon knapsack sprayer is suggested for this purpose. Wet completely the pile of litter dumped each day.
2. Screen buildings where practical.
3. Spray with Malathion all fly roosting places in barns and other buildings, except milk rooms. To make this spray mix together at the rate of 1 gallon of 50-percent Malathion emulsion, 20 pounds of sugar and 50 gallons of water. With good sanitation one application should give effective control for three weeks. In making the application, protect feeds, feeding troughs, water cups and tanks to avoid contamination.
4. As a supplement to the spraying program use a dry bait. One such can be made by mixing 1/2 pound of 25 percent Malathion wettable powder and 10 pounds of sugar. Sprinkle from a "salt-shaker" type jar on floors in barns and on window sills and ledges. Apply about four ounces to 2,000 square feet of surface.
5. Space sprays containing pyrethrins will effectively control flies in enclosed spaces. They should be applied daily with hand sprayers, aerosol bombs, or mist sprayers to give a quick kill of flies in enclosures.
Malathion is a poison and the usual precautions governing the use of such materials should be observed.

RED HILL

MEMORIAL HOME COMING JUNE 14
There will be an all-day Memorial and home coming service, June 14, at Red Hill Baptist Church. Everyone is invited to bring some lunch and come spend the day with us.

SON BORN

Mr. and Mrs. Dewey Gilbert are the parents of a new son. He has been named Walter Lee. Mrs. Gilbert is the former Miss Maggie Jones.

Irvin Fields and granddaughter of Lamer, attended church at Red Hill, Sunday.

Sunday visitors of Mr. and Mrs. Ollie Mullins, included: Mr. and Mrs. Hubert Anderik Mr. and Mrs. Jesse Mullins and sons—Oliver, and Robert Abney of Mt. Vernon.

Sunday guests of Mr. and Mrs. Jack Gilbert were: Mr. and Mrs. Silas Tankersley and son, Mrs. Bill Gibson, Mrs. Bill Daugherty and Mr. and Mrs. Ray Carpenter.

Howard Phillips of Three Links, spent Wednesday of last week with his brother, Earl Phillips, and family.
Rev. and Mrs. H. L. Ponder were Sunday dinner guests of Mr. and Mrs. Burgess Abney and family.

Mrs. John McCollum of McKee, spent a few days last week with her parents, Mr. and Mrs. Beeler Mullins.

Mr. and Mrs. Donald W. Mink and son attended church at Red Hill, Sunday, and were dinner guests of Mr. and Mrs. Sherman Ponder and family.

Mr. and Mrs. Ben J. Ponder of Livingston, and Rovie Ponder of Hamilton, Ohio, spent Saturday, with Mr. and Mrs. Earl Phillips, and family.
Mr. and Mrs. A. F. Hoffman and children of London, were recent visitors of her parents,

Fertilizer is "Bright Spot" In '57 Farm Cost Picture

FERTILIZER and lime are "the one bright spot" in the farm cost picture for 1957, reports the Middle West Soil Improvement Committee, in citing a recent statement by Dr. Arthur Mauch, Michigan State University agricultural economist.

Mauch reports that most everything else a farmer buys is increasing in cost. The committee says: "Over the years, prices of fertilizer have remained relatively low, says the committee, whereas prices of other crop production items have increased 100 percent or more. Yet each dollar invested in fertilizer can return as much as \$3 to \$5 in increased crop value, the committee says."

Mauch points out that among the farmer's best opportunities for increasing his 1957 income are:
—Building his individual volume of production.
—Reducing his unit costs of production.
—Keeping informed on new technical developments in crop and livestock production.
—Taking advantage of price support programs and the Government acreage and conservation reserve program where they fit.

The Middle West Soil Improvement Committee points out that fertilizer can play an essential part in helping the farmer boost his income through increased efficiency, higher yields per acre and lower costs of production per unit. Over the years, it says, prices of fertilizer have remained relatively low, while prices of other crop production items have increased 100 percent or more. Yet each dollar invested in fertilizer can return as much as \$3 to \$5 in increased crop value, the committee says.

Mauch points out that among the farmer's best opportunities for increasing his 1957 income are:
—Building his individual volume of production.
—Reducing his unit costs of production.
—Keeping informed on new technical developments in crop and livestock production.
—Taking advantage of price support programs and the Government acreage and conservation reserve program where they fit.

The Middle West Soil Improvement Committee points out that fertilizer can play an essential part in helping the farmer boost his income through increased efficiency, higher yields per acre and lower costs of production per unit. Over the years, it says, prices of fertilizer have remained relatively low, while prices of other crop production items have increased 100 percent or more. Yet each dollar invested in fertilizer can return as much as \$3 to \$5 in increased crop value, the committee says.

Plant food helps boost yields per acre and cut costs of production, for farm production will be higher in the New Year. Among such items, he lists farm machinery, building and fencing materials, seed, and wages for farm workers.

Mr. and Mrs. J. D. Mobley, Mr. and Mrs. Dennis Mullins and family of Dayton, Ohio, were guests of Mr. and Mrs. Daniel Mobley and sons, recently.

Miss Geraldine Robertson of Cincinnati, Ohio, spent two weeks with her grandfather, Irvin Fields.

Why Mistreat The Tobacco Farmer?

In traveling around, I find that a great many good, industrious, hard-working tobacco farmers of Southeastern Kentucky are being fined and having their tobacco base reduced or taken away from them, just because they know how to raise tobacco, and make their land produce. I hear of instance after instance where farmers have had their base taken away from them and sometimes fined in addition, simply because their yield was greater than the average in the county or area. This yield becomes for some reason an "indicated violation," and without taking into consideration the type of land, use of fertilizer, method of farming, and amount of work expended, he becomes "GUILTY WITHOUT A HEARING." Then he can appeal after following some procedure set up. The burden is apparently upon him to prove his innocence, before he has been proven guilty. This reverses the American system of government and law. Other people in the United States are innocent, until proven guilty, why shouldn't the tobacco grower be too. Is he no longer a citizen? Why penalize him for working hard? Why should he be harassed by this man Siler, and those under him, by having his crop measured time after time, why should one man be treated differently than another? Why reduce the income from the one money crop these hardworking people have? Can it be that someone somewhere wants another state to have some of our tobacco acreage.

This is all wrong. It's unAmerican. These people need their acreage, industry should be rewarded, not penalized. I propose to do everything that a member of Congress can do to protect the Tobacco Farmer from these abuses, and if these laws are being abused find out why and do something about it, or if the laws are being carried out then the laws should be changed. If you want a friend in Congress, who will watch your problems and fight for your protection then go to the polls May 27 and vote for,

Here's why Plymouth, America's favorite family wagon, is

TODAY'S BEST BUY-TOMORROW'S BEST TRADE.

You get more wagon for your money today... more money for your wagon tomorrow!

Any way you look at it, you can't find a better wagon buy than Plymouth! So big—it carries more, does more, provides more room for family fun. So beautiful—just look at those long, years-ahead lines. So economical—Plymouth is priced right in the low-price "3", yet you can't buy a bigger wagon at any price. And further proof: Plymouth beat every car in the low-price class in the 1958 Mobilgas Economy Run; Plymouth's second consecutive victory!

Get the biggest wagonload of value at a price far lower than you would expect. See your Plymouth dealer today.

FIVE BIG REASONS WHY YOUR NEXT WAGON SHOULD BE A PLYMOUTH

1. Biggest of the low-price "3". Big as wagons, costing thousands of dollars more. You can't buy a bigger wagon at any price!
2. Holds so much more than the "other two". Over 7 cu. ft. extra passenger and cargo space. Optional "secret" luggage compartment available in 6-passenger models.
3. Rear-facing 3rd seat. Folds flush into floor. You don't store it outside when it's not in use. Easy to enter, has convenient back step.
4. Disappearing rear window. Rolls down into the one-piece luggage. Doesn't jut out. Only on Plymouth wagons in the low-price "3".
5. Torsion-Aire Ride at no extra cost. Only Plymouth has it in the low-price "3". No sideways on turns... no nose-dive on stops.

They don't come any bigger than **Plymouth** station wagons

Complete the circle of safety... check your car... check your driving... check accidents!

The Signal Says--

WE'LL MISS THE OLD 10 P. M.

Everyone will greet with a note of sadness the decision of the Louisville & Nashville Railroad to take its last passenger trains from the Louisville to Corbin run through Rockcastle.

The company has decided to ask the Public Service Commission at Frankfort to allow it to discontinue the trains since last year the company had to meet dwindling fares with money from other areas. And it can see nothing better financially in the future for this particular run.

We had wondered on occasion how long it would be before the L & N took these two trains out of service. Gradually buses, and now airplanes, have taken over the passenger service because of the many conveniences both offer. At the peak of train travel in the 40's, this short run was only a connecting train for passengers on the Louisville-New Orleans, and Cincinnati-Florida runs. Of late, we had noticed the many vacant cars on the train that arrives in Mt. Vernon about 10 p. m.

The discontinuance of the trains leaves us with a feeling of sadness—a remembrance of things past—the "good old days." We will miss the whistle at 10 p. m. But we have learned in the past few years that a service such as this cannot long be rendered if no one takes advantage of it. In this day of high costs, even the L & N cannot absorb continued losses.

As we say, we will miss the whistle of the 10-p. m., but we understand.

NATIONAL HOSPITAL WEEK

On the occasion of the 207th birthday of hospitals in the United States, it is only fitting that we at this time pay fullest tribute to all the people connected with our local health-care facilities for the dedicated task they perform. The hospital is one of the greatest humanitarian institutions on this earth.

It is here we meet the beginning and the end of life. It is here joy goes down the corridors in step with sorrow. It is here tragedy is changed by miracles. It is here the sword becomes a scalpel, and the modern discoveries of science become the means of saving lives. It is here man becomes his brother's keeper and the Fatherhood of Almighty God becomes a reality in the brotherhood of his children.

Now, during Hospital Week, make a special point to visit your community hospital so that when the time comes for you to make use of its services, you will have a greater appreciation of the many wonders therein on your behalf.

LETTER TO THE EDITOR

I have been working for better schools and better education long enough, so I think I can speak for the Livingston District. We were the first to merge with the County, and we are ready and willing to merge our High School, when the

County Board, complies with the recommendation of the State, and that is one generally located high school building on a tract of land of 35 to 50 acres of land. This is already being done in counties that are ready for it. The object is a little university in each county.

We are 100 percent against the Champion or present plan. It is not right and will not work. It will not satisfy us. We stand for progress in every thing and will be ready with no checks, when all three high schools go into one, out in the open where all of the county's High schools will feel free, and breathe good fresh air, and breathe R. G. Webb, M. D. Livingston, Ky.

P. S. Our high school enrollment is 215 and we have the best school of our history, a number 1 school building and gymnasium, and they are not undemanded, an A credited High.

LETTER TO THE EDITOR
Brothead, Ky.
May 13, 1958

Shall We Merge?
Of course, any community hates to surrender its school; therefore, from a selfish standpoint I would say that a merger of Mt. Vernon City Schools with Rockcastle County would be unsatisfactory to the people involved.

At the same time the intelligent approach to such a grave question must be focused on the welfare of the children of Rockcastle County. With this in mind, I would say that consolidation of the two systems would lead to a larger and stronger school system. This would mean greater concentration of funds from which a greater per dollar educational return could be received.

Fortunately, this is an opportune time since the two schools would be merged under a capable superintendent who seems to keep abreast with the current work in the educational world.

Faculty Member of Brothead School

AIR MAIL

(Continued from page 1)
that the Air Mail Pioneers, Inc., an organization of past and present postal employees, who were in the early air mail service, is considering plans for this May 15 to re-enact the May 15, 1918 flight, using a vintage airplane to carry air mail between Washington, Philadelphia and New York City.

Also, in recognition of the 40th anniversary of the first regular scheduled air mail service, the Post Office Department has authorized dispatch of air mail on a flight May 15, 1958. This is expected to be the re-enactment flight.

A special cachet has been authorized for application to covers dispatched on this flight from Washington to Philadelphia. Covers to receive the special cachet should be sent to the postmasters at Washington and Philadelphia with request to hold for the flight, and must be prepaid at the air mail rate. Covers will be backstamped at termination of the flight and dispatched onward to destination.

In addition to the cachet, the Department is authorizing a one-day "slogan" cancellation reading "40th Anniversary—Air Mail Service" for use by the main post offices at Washington, Philadelphia and New York in cancelling the stamps on letters on May 15, 1958 only. Meanwhile, Mr. Smith noted

that U. S. domestic air mail has shown a tremendous increase in volume since its start 40 years ago. The early air mail flights carried between 100 and 200 pounds of mail, and only a few million pieces of air mail were flown annually. The total air mail volume last year was 1,483,291,000 pieces. This is approximately double the volume of 772,185,000 of only ten years ago in 1947.

"The pioneering of regular scheduled air mail service for civilian use by the United States was a notable achievement of world-wide significance and one of which the nation can be very proud," Mr. Smith concluded.
