Roy Rowlette of Paint Lick visited Mrs. Less Ambrose and family Monday. Sunday night visitors of Mr. and Mrs. Clint Dooley were, Mrs. Henry Hale and daughter and granddaughter, and Mrs. Less Ambrose and Mr. Stanley Cope and two daughters. Miss Mary Ambrose spent a very busy Sunday night with Miss Sue Brock. Mrs. Jane Anderkin remains very ill at the home of her daughter, Mrs. Ollie Mullins.

Fertilized Pasture Cuts Feed Costs, Ups Milk Profits

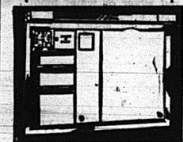

SIX steps to help dairymen keep costs down and income up in the year ahead are listed here by the Middle West Soil Improvement Committee, in a statement summarizing suggestions by Purdue University extension dairymen: 1-Raise and feed all the high quality roughage that will eat. This will reduce the necessity of purchasing high priced concentrates. 2-Cull out low producing cows that cut into profits. 3-Adopt a herd health program to reduce diseases. 4-Produce only Grade A milk. 5-Raise heifer calves that are the progeny of tested dams and proved sires. 6-Plan to have cows freshen in the fall. Fall-born cows usually produce more milk and return more income. "Of all the various management practices, the matter of keeping feeding costs low with high quality forage is particularly important," says the committee. "Feed costs represent 50 to 60 per cent of every milk production dollar. "Good pasture, hay and grass silage can be produced for about one-third to one-half the cost of corn and other grains. "Pasture production can be boosted by the use of lime, where needed, and fertilizer to build up soil fertility. When the soil can support high yields of legumes and grasses. "In such a program, a regular top-dressing with fertilizer can keep the pasture production high. Also essential are good seed mixtures adapted to the soil, growing area and good grazing management that prevent grazing.

her foot at the St. Joseph Hospital. Mrs. Della Allen was in Mt. Vernon, Monday on business. Harold Burchall Clark, who is a student at Eastern College at Richmond, spent the week end at home. Mr. and Mrs. Claude Witt and children and Miss Viola Anderson of Cincinnati, Ohio spent the week end with relatives here. Mrs. Carrie Smith of Orlando and Mr. and Mrs. Willie Hig-

Commissioner's Sale THE COMMONWEALTH OF KENTUCKY ROCKCASTLE CIRCUIT COURT

Notice Of Sale

OLLIE M. BRAY, ET AL Plaintiff, VERSUS MARGIE JONES, ET AL Defendant By virtue of a judgement and order of sale of the Rockcastle Circuit Court rendered at the July Term thereof 1958, in the above cause, because said property is jointly owned and indivisible, I shall proceed to offer for sale at the Court House door in Mt. Vernon, Kentucky, to the highest bidder, at

Public Auction On The 20th Day of October at 11:00 a. m.

or thereabout, upon a credit of six months, the following described property, to-wit: Tracts No. 11 and 12, containing .243 acres as shown on the plat of S. P. Caudill farm, which plat is of record in Deed Book No. 52, at page 100 in the Rockcastle County Court Clerk's office, and said tract is situated in Rockcastle County, Kentucky, near Roundstone Station, and the same tract was said to be the same land conveyed to S. P. Caudill and Stacy S. Caudill by the three following deeds: John C. Miracle and Ida M. Miracle by deed of August 28th, 1919 recorded in Deed Book No. 38 at page 526, W. S. Sigmon and Sarah M. Sigmon by deed of November 29th, 1919 recorded in Deed Book No. 37, at page 422, Joseph Taylor and wife by deed of April 20th, 1920 recorded in Deed Book No. 37 at page 595, this being the store house and lot belonging to the late Clarence Hayes.

For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgement. Bidders will be prepared to comply promptly with these terms.

John W. Griffin Master Commissioner Rockcastle Circuit Court

**QUAIL**

Mrs. Julie Hamm spent two weeks with Mrs. Oscar Todd and her sister, Mrs. Linda Albright.

Sympathy is extended to the

family of Willis Renner who died at Rockcastle County Baptist Hospital.

**CARD OF THANKS:**

We, the family of Albert Childress, Dad and Husband, find it hard or almost impossible to express ourselves for the many things done for us during the sickness and death of our loved one. Our thanks go to each of you for the lovely flowers, also to our wonderful neighbors who helped in so many ways and for the dishes of food that was brought so

**SPORTSMEN'S MEETING**—Pheasant hunting at the Renfro Valley preserve was a pleasant prelude to a meeting of Sixth District Sportsmen's Federation members last week in Rockcastle County. Shown at the preserve after a hunt are, in front from left, Bill Wells, Martin (Barkie) Aicher, Nick Smith, and J. M. (Treck) O'Connell, president of the federation. Standing are Henry Van Outer, Norman Fildes, Melvin Meyer, L. C. Mathers and Dewey Mullins. All are from Lexington, except Mathers, a Frankfort resident who serves as district vice president for the League of Kentucky Sportsmen.

MOUNT VERNON, KENTUCKY

## Mt. Vernon Tops Burgin In Season's First Win

### 13-7 Is Final Score Of Game

After losing their third straight game since the season's opener, Mt. Vernon High's Red Devils scored two touchdowns here Friday night to beat the Burgin football team 13-7.

Mt. Vernon lost control of the ball on the first play of the game but shortly afterward Oscar Fain, behind improved blocking, ran around the end, cut back into the center of the field and ran 50 yards for the game's first touchdown, which placed the Red Devils out in front at 6-0, after missing the extra point.

The team drove 55 yards for their second touchdown, with Penny Nunneley and Oscar Fain alternating and advancing the ball to Burgin's 7-yard line where Fain ran wide around the right end to score. The extra point was also made by Fain.

Quarterback Jim Nunneley's passing, Fain's running, the continuous hard line play of guards Benny Chaney and Darrell Stepp, and the close teamwork of ends Jim Cox and Buddy Cox and Center Jerry Hansel all stood out in the team's first victory.

Cocher Larry Travis said he was well-pleased with the defense playing of Lester Sandusky and Mason Gregory.

The whole team deserves a pat on the back," the coach said, "and the best way to show your appreciation for a job well done is to give the players your support. Follow the team to Paint Lick Thursday afternoon and turn out in droves to see them play Perryville Oct. 17 at home.

"And, too, we play Berea on Monday, Oct. 20. Come out and cheer the team."

And a little cheering would seem in order after Friday's game.

## John Wm. Renner Dies In Hospital

John Wm. Renner, 74, a retired farmer of Quail and a member of Ottawa Baptist Church, died Oct. 5 at the Rockcastle County Baptist Hospital after a 2-week illness. He was a native of Rockcastle County.

Survivors include two daughters, Mrs. Eliza Bullock, Mt. Vernon, and Mrs. Margaret Sowers, New Richmond, Ind.; two sons, Daniel L. Renner, Mason, Ohio, and Wm. L. Renner, Ladoga, Ind.; 22 grandchildren and 12 great-grandchildren.

Funeral services were conducted at Sparks Funeral Home Oct. 7 by Bro. Eugene Bradley. Burial was in Livesey Cemetery, Sparks Funeral Home was in charge.

## James G. Morris Dies In Lockland

James G. Morris, 64, a former resident of Berea, died unexpectedly at his home in Lockland, Ohio, Sept. 23. He joined New Chestnut Ridge Church of Christ in 1911.

Survivors include three brothers, John Morris, Elmwood, Ohio; Brightie Morris, Hamilton, Ohio, and Hayes Morris of near Georgetown, Ohio; two sisters, Mrs. Sarah Baker, Hamilton, Ohio, and Mrs. Helen Collins, Dayton, Ohio, and nieces and nephews.

Funeral services were conducted at Lockland. Burial was in Oak Hill Cemetery in Glendale, Ohio.

## Concert Series Is Soliciting Memberships

Saturday, Oct. 11, is the last day for obtaining membership in the 1958-59 Community Concert Series in Berea. Jack L. Adams, local chairman for the concert association, announced this week.

For the past several seasons, memberships in the association has been open to residents of Mt. Vernon, and last year some 30 persons from this area attended the programs.

Performers last season included the Vienna Choir Boys, who also made a nationwide tour and several TV appearances in this country, and the "Potsdam pianist," Eugene List, who played at the meeting between President Truman and Joseph Stalin.

Included Eugene Conley, Nadine Conner and other internationally known artists.

The series is sponsored by subscription and those desiring to attend must obtain membership before this year's program can be announced. Anyone interested in becoming a member and attending these concerts at Berea, have been asked to get in touch with Jack L. Adams by this Saturday.

## WINS LAS VEGAS TRIP

L. D. Bryant, along with other contest winners from the Louisville district, is spending this week end in Las Vegas, Nev., as a guest of the General Electric Co. They are making the trip by chartered plane and while there will visit Hoover Dam, Boulder City, Mt. Charleston and take a cruise on Lake Meade. Earlier this year, Bryant won a GE trip for himself and his wife to French Lick, Ind.

# Calloway Hollow Citizens Hire Lawyer In Protest To Disrepair Of County Road

### Group of 35 Sign Petition In Request To Fiscal Court; Residents Offer Free Labor If County Will Give Material

A group of about 20 persons, represented by a Berea attorney, appeared before the Rockcastle Fiscal Court Tuesday to protest what was termed as "deplorable... regrettable" conditions on the Calloway Hollow road in the southeast section of the county.

Jerry Fish, attorney for the Calloway Hollow group, said after the meeting that he would take whatever action he deemed advisable, "including legal action against the Fiscal Court as individuals."

## ASC Elections, Conventions Scheduled During Next Month

### Oct. 10 Is Deadline For Conservation Reserve Applications

Shelley Mullins, chairman of the Rockcastle County ASC, has announced that Oct. 10, 1958, is the deadline for signing applications for contracts for Conservation Reserves.

If you own a farm and are in doubt as to whether you should put land in the Conservation Reserve of the Soil Bank, Mullins said you should ask yourself these questions:

1. Are your crop yields usually lower than those of your neighbors?
2. Are crop failures common in your area or your system of farming?
3. Do the prices of the products you sell vary greatly from year to year?
4. Is a low proportion of your investment in buildings and equipment, and a high proportion in land?
5. Could you give up part of your land without seriously upsetting your farm business?
6. Would your costs be reduced a great deal if you grew no crops?
7. Are you in need of a tenant or of hired help that you cannot find?
8. Do you need, because of your age or health, to reduce your farming operations?
9. Are you considering off-farm employment for more of your family?
10. Would you like to quit farming but continue to own your farm and live on it?

The more of these questions you answer "yes" and the more emphatic your yes answers, the more likely it is that the Reserve will be to your advantage, Mullins said.

Mullins added that payments will be made for eligible property that is entered on a contract. Land that qualifies as eligible is land that has a cultivated crop on it one year out of the past five or has been seeded to a crop since 1953; or land from which tame hay has been harvested.

If you are interested, you may contact the ASC office by or on Oct. 10, to enter your farm in the Conservation Reserve for 1958.

### Anderkin Graduates From Army Academy

Sp-4 John D. Anderkin, son of Mrs. Sarah J. Anderkin, of Mt. Vernon, recently graduated from the Seventh Army Non-Commissioned Officer Academy in Munich, Germany.

Sp-4 Anderkin received instruction in the principles of unit leadership.

The 34-year-old soldier is advised by Mrs. Gray to call at the ASC county office and ask particulars on their allotment rights.

Regularly assigned as a pole lineman in Company A of the 32nd Signal Battalion in Dramstadt, Germany.

### KU Offers Special Rate For House Heat

A special electric rate for house heating effective in October, was announced by Kentucky Utilities Co. this week.

Customers using electricity in homes or places of business as the primary source of heat will pay only 1 1/2 cents a kilowatt hour for the electricity used between October and April, according to KU Vice-President W. H. Skinner.

The special low heating rate, Skinner said, was made possible as the primary source of heat requirements from winter to summer. Because air conditioning loads have now made the heating, according to users, winter peak, generation and transmission facilities already abundant can be used in winter to take care of additional heating loads.

Widespread customer interest in the use of electricity for house heating was also instrumental in bringing about the new rate, he said. Recent advances in electrical heating equipment and techniques, he added, have raised public interest in electric house heating.

One manufacturer of electrical equipment has estimated that, within 15 years, from 40 to 50 per cent of all homes will be heated electrically, Skinner said.

Major advantages of electric heating, according to users, is the room-by-room control zone of "cold room" construction, speed, cleanliness, and timing program.

REUNITED IN VIRGINIA—Last week in Marshall, Va., several former residents of Mt. Vernon were reunited at the Marshall Baptist Church. A revival at the church, where the Rev. Clinton Helton is pastor, was conducted by the Rev. Wm. Wendell Below, former pastor of the Mt. Vernon Baptist Church. Singing was led by the Rev. Albert E. Griffin, now pastor of the Woodbine Baptist Church, Manassas, Va. Shown above, standing, is the Rev. Below. Seated, left, is the Rev. Griffin, and right, the Rev. Helton. Also present at the services but not shown, was Mrs. Eugene Stokes of Mt. Vernon.

## October PTA Meet Set For Monday

A discussion of "Action for Favorable Legislation" is on the agenda for the October meeting of the Mt. Vernon Parent-Teachers Association scheduled for 7 p. m. Monday in the school library.

Following the discussion a shower will be given for the school lunch room. According to PTA officers, the following equipment is needed:

Large dish-towels, can opener, large spoons, forks, tea spoons, meat grinder, pancake turner, serving and mixing spoons, trays, pot scraper, salt and pepper shakers, tea strainer, vegetable bowls, and cream and sugar bowls.

All parents and others interested in the school have been invited to attend.

## Nicaraguan In Rockcastle For Study

### Visit Is Part Of 4-Month Tour Of United States

A Nicaraguan county agent, Francisco Urey, is visiting Rockcastle County this week as part of a 4-month tour of this country while he studies North American farming methods and community development.

Urey, an agricultural engineer from Chinandega, Nicaragua, is being accompanied on his tour of Rockcastle County by the county agent, H. Lee Durham.

Urey will stay here one week and then go to another community to study methods.

His trip to the United States is in connection with a scholarship he was awarded. His work in Kentucky is being directed by Sp-4 Anderkin.

Urey said he wanted to find the opportunity to stay a day or two with a Rockcastle farm family and get a first-hand view of farm life here.

Asked if the farmers in his native country grow crops similar to ours, Urey replied, "Of course. We grow tobacco, corn and cattle, among other things."

Upon leaving the United States, Urey said he would go to Puerto Rico.

L & N ACCIDENT CAUSES \$14,000 DAMAGE—An L & N Railroad accident near Wildie about 5 m. Sunday left 22 cars derailed and rolled up a total damage estimated at about \$14,000. Some 50 men were still at work this week cleaning up the debris. A railroad official on the debris scene said the accident occurred when a north-bound train from Corbin burned out a journal on an axle—and left the track wrecking 17 cars loaded with coal. A south-bound train in the accident. The accident occurred about one-half mile south of Wildie. Two entire wrecks were called out to help clear the track of the wreckage.

"I realize there are financial problems involved," Fish said, "but something must be done."

The Court took no action in Tuesday's meeting concerning the Calloway Hollow road.

District Two Magistrate J. R. Poynter, in whose magisterial district the protesting group lives, said in reply to a charge by a woman constituent that he had used county equipment to build private roads:

"Yes, I have. That's my business."

The citizens of the Calloway Hollow section—about 35 of whom have signed a petition to the court calling attention to their problem—asked the Court that they would volunteer the labor themselves if the county would furnish the material needed to repair the road.

Their attorney said that about 20 families with some 35 school children had retained him to speak to the court for them.

At several points during the stormy meeting, County Judge Money E. Cummings rapped his gavel to call for order.

One of the group of Calloway Hollow citizens said to the court:

"We need a culvert put in at the creek; we need grading and we need gravel. We know there is gravel to be given to us, and there are enough of us to do the work."

Another man offered the use of his team. "I'll horse-draw gravel and put it on the road if the county would help."

County Attorney James W. Lambert told the court, "I think these people are to be admired for offering their services to work on the road."

Attorney Fish said that the school buses which travel over the road break down very often because the road is so rough.

Lambert replied:

"You have mentioned an isolated case. Actually, this applies to every road in 114 counties, and it is a deplorable condition."

Several members of the citizens' group took the floor before the court and recounted personal incidents to point up the need for road repairs.

One man said he sold his car after he had to leave the area on it while traveling the road.

County Treasurer Ernest Bullock told the attorney for the citizens, "I can take you to roads in the same district that can't be travelled for 10 miles by a horse. There are places that would make this stretch look like a highway."

"There are places where you'd have to carry a sick man 10 miles to get him out," Bullock added.

District One Magistrate J. H. Griffin, whose district joins the district Two, said, "I'm not ashamed of my record. They are open to the public and anyone can look at them."

It was pointed out by County Clerk Clarence Carter that all fiscal court records, including (Continued on page 4)

### Fertilizer 'Best Buy' in '58; Ups Crop Yields, Cuts Costs

Fertilizer will continue to be the farmer's best buy in 1958, reports the Middle West Soil Improvement Committee, in citing a recent statement by H. R. Moore, Ohio State University agricultural economist.

Moore says fertilizer prices have increased the least of any of the major items going into farm costs.

"Of seven major prices, the 1957-58 average of 100," he says, "fertilizer had increased to 151 by 1957 whereas farm wage rates had gone up to 563 and farm machinery to 360."

Fertilizer's low price makes it one of the farmer's most powerful weapons for fighting the cost-price squeeze, the Middle West Soil Improvement Committee points out.

"When a farmer uses fertilizer in teamwork with other good management practices, he cuts the cost of producing crops, because the plant food enables him to get higher yields per acre," says a statement issued by the committee.

"With lower costs and higher yields, the farmer gets a bigger return for every acre he tills every year he works and every year he devotes to crop production."

"Based on estimates of Midwest agronomists, each dollar invested in fertilizer can return as much as \$3 to \$5 in increased crop value."

Mrs. J. M. Coffey, who is a patient in Stanford Hospital, is reported improving.

Mr. and Mrs. Shirley Bullock and daughters of Cove Branch spent Sunday with Mr. and Mrs. Aster McGuire.

Bessie Duncan spent the week end at her home here.

their mother in the hospital.

Ray, Walter and Lloyd Coffey of Lockland, Ohio were also here.

Mr. and Mrs. Joe Mink were Sunday evening guests of Mr. and Mrs. Oscar Kelley at Livingston.

### "My tobacco is in the barn . . . and it's protected by FARM BUREAU"

I'm taking no chances with my tobacco crop this year while it's in the barn. I've just taken out a FARM BUREAU fire and extended coverage policy that gives me full protection at a very small cost. If you don't have this type of protection, I'd suggest you see your local Farm Bureau agent right away.

## To Settle Estate Of T. J. Niceley

### Saturday, October 18

#### At 10:00 A. M.

LOCATION: Corner of Richmond and High Streets in city limits of Mt. Vernon, Ky., one block from city school and hospital. Less than a mile from center of town.

REAL ESTATE: A large two-story eight-room house. First floor, with all-hardwood floors, consists of two bedrooms, den, living room, dining room, kitchen and bath. Second floor, two bedrooms, hall and adjoining sleeping porch. There is a garage and two large utility buildings. Lot is 71 feet by 145 feet.

The adjoining vacant lot has a frontage of 142 feet and a depth of approximately 189 feet. This lot will be divided into two tracts of 71-foot frontages each. The heirs reserve the right to sell each of the three tracts separately, in combination, or as a whole.

This vacant property is one of the few remaining on the heavily travelled U. S. Highway 25 which lies in the city limits. It is a highly desirable location for a motel, drive-in restaurant, service station, grocery, garage or residential site.

PERSONAL PROPERTY: Antiques, rugs, piano, beds, pictures, sofa, lamps, chairs, pans, dining-room suite, breakfast set, dishes, cooking utensils, chest of drawers, porch furniture, oil heating stove, coal heating stove, and other household items.

The house will be open for inspection on October 15, 16 and 17.

There will also be sold at absolute auction, 27 shares of the Bank of Mt. Vernon Stock.

REASON FOR SALE: To settle an estate.

TERMS: 25 per cent day of sale and balance with delivery of deed. Immediate possession.

For further details, contact Lewis D. Niceley, Mt. Vernon, Ky.

## Delbert Laswell, Auctioneer

Phone 5902 Brodhead, Ky.

# BRODHEAD Personal

Mrs. and Mrs. Ernest Wallin Jr. left Saturday morning for a weeks vacation in Little Rock, Ark.

Mr. D. B. Chandler, who fell from a truck load of hay and broke his leg, was brought from the Rockcastle County Baptist Hospital in Mt. Vernon to the Atkinson Nursing Home in Brodhead to recuperate.

Mr. and Mrs. A. B. Chandler, who have been visiting his parents, Mr. and Mrs. D. B. Chandler, left Saturday for their home in North Carolina.

Mrs. Pearl Henderson of Paint Lick visited her sister-in-law, Mrs. Betty Newland, last week. The freshman class gave a

party at the school building Friday afternoon. Proceeds go toward electing the halloween king and queen.

The junior class have their party at the skating rink each Friday afternoon.

Jerry and Edd Brooks were in Somerset last Monday to see Dr. Morgan.

School was dismissed last Friday due to the teachers meeting at Richmond.

NOW ON DISPLAY! New Swing-Out Swivel Seats invite you to discover the newness and greatness of the '59 Dodge, the first all-pushbutton car.

# The Newest of Everything Great!

The Greatest of Everything New! New things, great things, reward you in this '59 Dodge. Seats swing out to invite you in. New HC-HE engines — high compression, high economy — deliver more thrust, use less gas. Orderly rows of buttons on a gleaming panel welcome you to the first all-pushbutton car, with fingertip control of driving and weather. New Level-Flite Torsion-Aire introduces you to three dimensional comfort-ride

control, road control, load control. Outside mirrors adjust from inside. Inside mirrors adjust themselves electronically to banish glare. A new Lustre-Bond Hi-Baked enamel finish keeps its sheen up to twice as long. Its Swept-Wing beauty sets the trend for other '59 cars. All this is great. But the final reward is the greatness built into this Dodge. It is deep down, through and through, and thoroughly satisfying.

## AVERAGE POCKETBOOK IS NO BOTTOMLESS WELL

Reprinted from the HARLAN DAILY ENTERPRISE

Where does it end? Once again the federal government is speaking of new postal increases for next year and higher federal gasoline taxes to meet the expected deficit.

Anyone who spends money for any purpose today knows that prices are constantly going up. The government doesn't need to point this out. However, if the government were in the same position as most of us, they would realize that there is a limit. The average citizen's pocket book is far from being a bottomless well of money.

When the price of a necessity goes up, the housewife can't go to the husband and say he has to bring home more money. She is forced to do without something else in order to get the necessity.

Every business man today knows that he can't keep raising the price of his product or service in order to meet his rising cost. He knows that he must find ways to cut corners and decrease his ordinary expenditures in order to meet the rising costs. Or else he goes out of business.

If this economic fact is true for the average citizen, certainly it must have some application to our governments. Maybe our congressional and executive leaders in Washington need to take a little closer look at what's going on in the cities and towns around them. Maybe they need to give a little more thought to the fact that our pocket books aren't bottomless wells.

The people of Harlan County and the entire Eastern Kentucky coal region know what happens when the price of a product becomes too high for the public to buy it. Isn't it possible that democracy, like coal, is being priced out of the market?

## Albert Childress Dies At Snyder

Albert Childress 62, died Sept. 25 at his home at Snyder. He was a farmer and later a merchant until his health failed some time ago. He was a member of the Fairview Baptist Church.

Survivors include his wife, Tallie VanWinkle Childress; one daughter, Mrs. Clyde Swinford; three brothers, the Rev. George Childress, Bloomfield; John Childress, Dayton, Ohio; and Cecil Childress, Dayton, Ohio; two sisters, Mrs. Anderson Cope and Mrs. W. D. Rodgers, both of Dayton; and two grandchildren.

Funeral services were conducted at Fairview Church Sept. 28 by the Rev. James Dean, the Rev. Ballard Rader and the Rev. Burton Byrd. Special songs were sung by Mr. and Mrs. Virgil Tinch, Jessie Mullins and Velma Mullins. Burial was in the Britton Funeral Home, Berea was in charge.

## Rockcastle Students Enrolled At Western

Two students from Rockcastle county, Margie Dees of Brodhead and Ronnie Neil Sutton of Brodhead are among the 2581 students enrolled at Western Kentucky State College for the 1958 fall semester, according to figures released this week by Registrar E. H. Canon.

Dr. Kelly Thompson, president of Western, stated that this is the largest fall enrollment in the history of the college. Enrollment in the freshman class is also the largest in the history of the college.

Thanksgiving holidays at Western begin at 5 p. m. on Wednesday, Nov. 26.

Classes will resume at 8 a. m. Monday, Dec. 1.

Christmas holidays begin on Saturday, Dec. 20, and classes will resume on Monday, Jan. 5.

The first semester closes on Thursday, Jan. 29. The second semester will open on Monday, Feb. 2.

## Elizabeth Loudermilk Dies At Brodhead

Mrs. Elizabeth Loudermilk, 86, died Oct. 4 at the residence of the Rev. J. W. Bryant at Brodhead Route 2, after an illness of 14 months. She was a native of McCreary County and a member of the Baptist Church.

Survivors include one son, Ed Hamlin, Williamsburg; one daughter, Carrie Loudermilk; one step-son, Ledford Loudermilk; one step-daughter, Carrie Loudermilk; one son, Jess Hamlin, Pine Knot; and Will C. Hamlin, Williamsburg; one sister, Lee Ann Cresskore, Pennington Gap, W. Va.; one adopted daughter, Lizzie Watson, McCreary County.

Funeral services were conducted at 2 p. m. Oct. 5 at the Philadelphia Baptist Church by Frances Jones. Burial was in the Philadelphia Cemetery on Brodhead Route 2. Howard Funeral Home at Crab Orchard was in charge.

## Ten Kentuckians May Participate In Examinations

The opportunity for several Kentuckians to obtain a 4-year college education at the U. S. Merchant Marine Academy has been explained by U. S. Senator or Trustee B. Morton as the Academy announced plans for examinations of nominees for its class beginning in August, 1959.

"The law provides that I may nominate 10 constituents to participate in the competitive examination to be held next March," Senator Morton said, "and I am sure that there are many in Kentucky interested in taking advantage of this excellent opportunity."

Persons interested in the program should write to him in Washington as soon as possible because the recommendations must be made to the Academy by Jan. 31, 1959, he stated.

Senator Morton said that the age, educational and physical standards are similar to those required for appointment to the U. S. Naval Academy. The Merchant Marine Academy is an accredited institution, and offers a 4-year course at college level, leading to a license as a Merchant Marine officer as either third mate or a third assistant engineer and a Bachelor of Science Degree.

## Qualified candidates also may be commissioned ensigns in the U. S. Naval Reserve, he said.

## Flora Stevens Barnes Dies At Age Of 58

Mrs. Flora Stevens Barnes, 58, the wife of Lee Barnes of Oak, died at her residence Oct. 2. She was a member of the Ottawa Baptist Church.

Other survivors include four daughters, Mrs. Grace Sweetney, Crab Orchard; Mrs. Martha Sweeney, Mt. Vernon; Lestie Barnes and Mary Barnes, both of Quail; three sons, Ed Barnes and Herman Barnes, both of Ottawa; and Robert Barnes, Quail; two sisters, Mrs. Sam McFerron, Mt. Vernon, and Mrs. Fannie Hargan, Somerset; two brothers, Ed Stevens, Orlando, and Russell Stevens, Lexington; 31 grandchildren and one great-grandchild.

Funeral services were conducted at 2:30 p. m. Oct. 4 at Ottawa Baptist Church by Bro. Willie Randall. Burial was in the church cemetery. Sparks Funeral Home was in charge of arrangements.

## Brodhead Home Ec. Dept. To Discuss Children's Clothing

"Children's Clothing" has been selected as the subject for this year's adult meetings at the Brodhead School Home Economics Dept. according to an announcement this week by Mrs. Hobart Thompson, home economics teacher at the school.

The subject for the first meeting, scheduled for 7 p. m. Oct. 13 in the home economics room, will be "Guides for Selecting Clothing." The school's Agriculture Dept. will be having meetings for the men at the same time in the agriculture room of the school. "There will be a series of six meetings on successive Monday nights and they are open at no charge to anyone who wishes to attend."

## CALLOWAY HOLLOW GROUP (Continued from page 1)

These concerning road expenditures, are open for inspection. County Attorney Lambert told the group that "we've been bypassed in Rockcastle County when it comes to the state's blacktopping roads."

Fish replied, "That is politics—we know that. But we are concerned with this road now—these people need this road for their children to travel to school."

The only positive action on the road that seemed to come out at Tuesday's meeting was in the statement by County Treasurer Bullock:

"We'll naturally do everything we can to remedy not only this case, but all such cases in the county."

## Ordinance Depot Will Sell Timber

The property disposal officer at the Blue Grass Ordinance Depot has announced that bids will be received before 1 p. m. Oct. 22 on a stand of timber 3,900 by 72 feet which will be sold by the depot.

A letter from the officer, Lucille T. Manuel, said that the timber is cedar, ash, locust, wild cherry, elm, walnut, oak and thorn trees varying from 4 to 10 inches in diameter.

Purchasers of the timber may bring the necessary equipment on the post to cut down and remove the trees, the letter said. An area will be set aside for the disposal of the debris resulting from the removal of the useable timber.

Inspection of the timber may be made from 8 a. m. to 2 p. m. Mondays through Fridays, Oct. 6 through 17. Further information may be had by calling Richmond 1180, Ext. 122.

## IN MEMORY

In loving memory of my beloved husband, Ray J. Brown, who passed away Oct. 12, 1953. I do not forget him, nor do I intend. Gone and forgotten by some, he may be. But dear to my memory, he ever will be.

His loving wife,  
Lillian Brown

## WANT TO HELP YOURSELF? LISTEN . . .

Every time you mail a letter, send a statement, pay a bill, or use written correspondence in any way, you have an excellent chance to promote your business.

How?

By using quality printed letterheads, envelopes, and business forms of all kinds. Forms printed with your own individual business signature—distinctive and unmistakable.

Here at the Signal, we specialize in doing first class work on all kinds of commercial job printing. We begin with the very best materials available, add the workmanship of highly trained printers, and the resulting product is one you can be proud to have associated with your particular business.

And the cost of this work is so small that no business need be without its own distinctive printed-to-order stationary and business forms.

Won't you see us today about your individual needs? We know you'll be glad you did.

SOCIAL AND PERSONAL

CELEBRATES BIRTHDAY

Mrs. Charles Lovell celebrated her 80th birthday Sunday. Dinner was served to the following guests:

The Rev. and Mrs. Edgar Workman, Cincinnati, who brought a large cake to the dinner; the Rev. and Mrs. Wesley Rector and family; Mrs. Zula Drew and son Doug; Mr. and Mrs. Fred McCoy. Other visitors of Mrs. Lovell over the week end were Mr. and Mrs. Arthur Lovell and son Charles of Big Stone Gap, Va.; Mrs. C. M. Lovell and grandson Paul; Mr. and Mrs. Bud Lovell and Floyd Lovell of Indianapolis, and Charles and James Lawrence of Hamilton, Ohio.

Mrs. Gilbert Adams of Flemingsburg visited her mother, Mrs. W. T. Crawford, and family recently.

Mrs. Green Carpenter is in Franklin, Ohio, to attend the dinner of her mother, Mrs. Betty Martin.

Mr. and Mrs. Roscoe Thompson and son of Corbin and Mr. and Mrs. Tilden Owens of Mt. Vernon were Sunday guests of Mr. and Mrs. Will Dowell and son Billy.

Mrs. James Chaney and Mrs. Dennis Price visited Dr. and Mrs. N. J. Mason and children for lunch at Lexington Sunday.

Mr. and Mrs. Paul Mullins and daughter of Dayton, Ohio, have moved to Mt. Vernon, but Paul will continue his work in Dayton, coming home for week ends.

Mrs. Grace Bethuram has just returned from a 2 week visit with her son, Bruce Hamilton, and daughter Mrs. Virgil Hale, and Mr. Hale, in Cincinnati.

The Rev. Lee Hopkins and the Rev. W. L. Reynolds are in Chicago, this week assisting in a Training Union Enlargement Campaign, sponsored by the Southern Baptist Convention.

Mrs. Hazel Owens is spending the week in Louisville with her daughter, Mrs. Pete Coker, and Mr. Coker, and little new granddaughter.

Mrs. Earl Wilson and Mrs. Bradstreet of Savannah, Ohio, spent Sunday with friends here and attended the First Baptist Church.

Mr. and Mrs. Cecil Salter and Mrs. W. C. Rhodus of Richmond visited Mr. and Mrs. Dee Ramsey Sunday.

Mr. and Mrs. Chester Cress of Cincinnati, spent the week end with her parents, Mr. and Mrs. Dee Ramsey.

Mrs. Carl Baker and Mrs. Shannon Franklin were in Lexington Monday shopping.

Mrs. Carrie Baker and Mrs. Mintie Pender were in Lexington Thursday of last week on business.

Mr. and Mrs. Chester Cress, Mr. and Mrs. Dee Ramsey and Mrs. Edna McGuire visited Mrs. Owen Ramsey and family in Berea Monday.

Bill Johnson of Berea was in our town Tuesday.

Mrs. Nettie Rice Griffin of Richmond was here Saturday on business.

carries us to higher goals are very necessary drives unless our lives are to become empty and dull and lack of color and interest. However, as the old proverb suggests, we must not "have too high".

We must try not to move too far and too fast. The milestones to success in our particular goals are met and passed only when we are personally equipped in terms of education, experience and maturity to meet the challenges posed by each new milestone. It only follows that if we knew too high, the sharp edge of our ambition is likely to be blunted by the delay and frustration of meeting challenges for which we are not properly equipped.

You Take No Chances

When We PROCESS AND FREEZE YOUR FOODS

Don't gamble with your valuable foods and the health of your family by trying to process and freeze large amounts of foods yourself. Bring your meats and other foods to our locker plant for proper processing and handling. We're specialists in frozen foods and handle hundreds of thousands of pounds a year for the people of this community. This experience is your assurance that the foods you bring in, or the things you buy at our plant, will be professionally cut and trimmed... wrapped in special materials... and sharp frozen at sub-zero temperatures. Remember, the locker plant does it best, and at low cost.

# THE WEEK IN LIVINGSTON

ROBERT WADDLE, REPORTER

### DOUBLE BAPTIZING

A double baptizing ceremony here last Sunday attracted a record attendance. This was the first time in our memory that two churches held baptisms at the same time and place. Services were by the Sand Hill and Livingston Baptist Churches.

### ANOTHER RECORD

Another record has been set by Russell Mullins of this city. Russ accidentally planted a gourd seed and by actual count this seed produced 64 gourd. They were of the small green and yellow sock-darner variety. You may have one free if you stop and ask at the City Hall.

### WATER SYSTEM

City Council met on Oct. 1 and accepted plans and specifications of engineers and at the same time approved the plans for our water system. The plans were submitted to the State Board of Health on Oct. 3 for approval. Advertisement for construction bids should appear about Dec. 1 and the expected finish date is set for late spring.

### "COVERLIDS" AND DOORSHUTTERS

How many of you can remember when a bedspread was called a "coverlid" and all doors were known as "doorshutters." If you can remember this you can qualify for membership in

our "Hog-and-Hominy" Club, which we expect to organize soon. Only persons who have actually eaten homemade hominy cooked with fatback will be accepted as members.

### NEW ORDINANCES

New Parking and "U" Turn ordinances for Main Street became effective Oct. 1. They were designed to safeguard school children, and police ask your cooperation in their drive to prevent accidents.

### SCHOOL "DAZE"

Tuesday was Freshmen "Daze" at the local school and some of the makeup of students could only be described with a camera. Following is a complete list of Blue Devils basketball team, managers and cheerleaders:

Paul Ponder, Tilmon Milburn, Alvin Owens, Amos Owens, Denny McGuire, Hubert Smith, Randall Mullins, Walter Ballinger, Gary McClure, William Smith, Cecil Smith, Shelby Smith, Coy Kirby, James Barnett, Ronnie Black, Jerry Waddle, Jerry Mink, Billy Bales, Darrel New, Delbert Renner, Billy Cummins, Eugene Taylor, William Durham, Jack Martin, Truman McGuire, Dewey Stewart, Henry Vanzant. Managers are Kenny Waddle, Team, and Chester Newcomb, 2 Team. Cheerleaders are Kathy Hasty, Janet Kelley, Carolyn

Poynter, Janice Mullins, Billie Jo Mink and Gerry Sams. The "devils" lost some weight last year but Coach Parrett informs us that the new team will offset this by speed and that he expects a trophy-winning team this year.

### RUMMAGE SALE

Don't forget the Lions Club rummage sale that is scheduled for Saturday, Oct. 11, at the City Hall. We strongly urge you to attend this sale and assist the Lions in their sight-saving program. All proceeds will be used to purchase eyeglasses for local needy children.

### MORE ABOUT CHESTNUTS

Our chestnut article last week was answered by a gift from Jess Bullock of some Rockcastle County-grown chestnuts. Their taste and texture was as good or better than the old fashioned variety but they were somewhat larger. We intend to try a few trees and dedicate them to the pleasure of future generations.

### NEWSPAPER WEEK

Did the Ads and Editorials on "Newspaper Week" gain your attention? And did you give some thought to the importance of your local newspaper? Or did you place it in the same category as "Combread," "Hollyhock" or "Old Tippers" Week that are proclaimed yearly by

unborn politicians in order to gain publicity. You may not realize it but there are people who advocate censorship for our newspapers. They would have you believe that a mild form of censorship would help to protect our national interests but history has shown us that all dictatorships start with the suppression of speech and religion. Don't be misled by false propaganda. Support your newspaper and preserve your freedom.

### RECIPES FOR REAL RELIGION

Get religion like a Methodist Experience it like a Baptist Stick to it like a Lutheran Conciliate it like a Congregationalist Be proud of it like an Episcopalian Simplify it like a Quaker Glorify it like a Jew Pay for it like a Presbyterian Practice it like a Christian Scientist Work at it like the Salvation Army Propagate it like a Roman Catholic Enjoy it like a Negro.

### NO APOLOGY

We do not expect to make an apology for our article about the moral and law-abiding status of Livingston. Our information came from city and county Court Records, actual

religious surveys and more than 50 years of personal knowledge. It will always be my policy to boost and build the community in which I live. One of Rockcastle County's greatest obstacles is her failure to stress her good points.

### STRIKE STILL ON

Local employees of the Kentucky Stone Co. inform us that their strike for wage revision is still in progress and that no effort for settlement has been made by either side.

### THEY LET US DOWN

Well! The Katydids let us down on their frost prediction. We don't know what happened so we turned the matter over to our Curbstone Committee for study. They have taken the question up for investigation and we will keep you informed of the results. The necessity for getting to the bottom of this question of the failure of a tried and true method of predicting frost cannot be given enough consideration. Who knows? We may be forced to change all our planting signs and reroute the Moon. Queer things happen in election years though, and it is possible that all the hot air that has been blown off by this years candidates has centered around the North Pole and blown us an early winter. Only time and our Curbstone Committee can answer this.

### WHAT IS WRONG?

Any direction you may choose to travel from our County you will encounter a buzz of industrial activity. What is wrong with us? We have the desire for expansion, we have natural resources, transportation, labor and adequate utilities. The one thing we need most is financial support. It is almost impossible to get an industrial loan from another county. Why is it necessary that we depend on outside help for our industrial growth? Why not do it ourselves? We have nothing necessary for this except organization. One of our neighboring counties have proven that greater returns can be had from an investment in man's initiative than from a barrel of corn or a fat hog.

When you read this I will have passed another milestone in the journey of Life. Five years ago a doctor told me I could only live six more days. He must have been wrong or else confused his days with my years.

OUR THOUGHT: Ambition is like a rifle; you can only shoot as high as your aim.

Misses Billy Jo Mink and Beulah Pittman spent Sunday with Miss Janet Kelley at Livingston.

Mr. and Mrs. W. H. Ponder and Mr. and Mrs. Walter Turner visited Mr. and Mrs. E. T. Lovell Saturday night.

## District 4-H Achievement Day

Fourteen 4-H members from Rockcastle County competed in the District Achievement Day which was held at London City Schools on Oct. 4.

This District is made up of nine counties—4-H members from this 9-county area compete with each other in the various 4-H projects. Those attending the District Achievement Day from Rockcastle County are: awards received are as follows: Foods (Jr. Div.) Joyce Stepp, Mt. Vernon Club, Blue Ribbons; Housekeeping (Jr. Div.) Linda Chandler, Brodhead 6 Club, Blue; Good Grooming (Jr. Div.) Charlotte Fain, Mt. Vernon Club, Championship; Yard Improvement (Jr. Div.) Randall Clark, Mt. Vernon Club, Blue; Baby Beef (Jr. Div.) Cecil Linville, Fairview Club, Blue; Baby Beef (Jr. Div.) Jack Martin, Livingston Club, Blue; Pigs (Jr. Div.) Lewis Coffey, Brodhead 7, Championship; Dairy (Sr. Div.) Mary Ellen Hansel, Brodhead High Club, Blue; Bees (Sr. Div.) Jimmy Hunt, Mt. Vernon Club, Championship; Lawn Improvement (Sr. Div.) Libby Parsons, Wildie Club, Championship; Foods (Sr. Div.) Martha Sowder, Mt. Vernon Club, Blue; Clothing (Sr. Div.) Barbara Witt, Mt. Vernon Club, Blue; Housekeeping (Sr. Div.) Norma Ramsey, Club, Blue; Blue; Good Grooming (Sr. Div.) Judy Jordan, Maple Grove, Blue; Jr. Leadership (Sr. Div.) Helen Cummins, Mt. Vernon Club, Blue.

## Landscape Notes

October is one of the grand months of the year insofar as the landscape program is concerned. It is the month when nature puts on the finest show in the world; it is the time when the home owner should plant bulbs of tulips, crocuses, etc., and it is the time when new plantings of shrubs, trees, and evergreens may be made, or the old planting reworked. Many sections of Kentucky will not have killing frost until later in the month, and the hybrid roses will have some of their biggest and best colored flowers.

In Kentucky it is possible to take drives and see some of the most beautiful landscapes any-

where on earth. The colors, shades and blends of the foliage are superb during October. Many of the plants have attractive fruits hanging on the twigs and branches that add to the riot of color produced by the foliage. Even the native dogwood with its brownish leaves and scarlet fruits in clusters of two and three is probably better looking than in the spring when it is in flower. The fruits of the button bush, hazel-nut, elderberry and buck-bush are a few examples of the

shrubs that have attractive fruits. The acorns of the oaks, horned fruits of the sweet gum, the balls on the sycamore, and the bean pods on the redbud are all examples of trees that have interesting fruits. The evergreens should not be omitted because the scarlet fruits on some taxus, the greenish irregular fruits on some junipers, and the berry-like fruits on the arbutus-vitae should command the attention of every home owner growing some of these plants.

As one rides along the highways and admires the beauty of the hillsides, it should be realized that it is possible to transport some of this beauty home by selecting shade trees that have colored foliage in the fall. If a home owner has nothing but silver or water maples for trees around his lawn, the color will be absent. On the

other hand, if sugar, Norway or Crimson King maples are used, they will all have highly colored foliage in the fall.

## Fall Seeding of Pastures Should Be Started Now

Seed pastures to bluegrass or fescue, or even orchardgrass, this fall, says Lyle Leonard, Kentucky Agricultural Extension Service conservationist; many established pastures became weedy this last season.

Growth on fields now is usually enough to provide some mulch that will last well into the winter, he says; if it is not too heavy, grass seed can be drilled directly into the field; if the cover is heavy, light to moderate disking may be required.

New seeding usually will not make much progress in the fall but will come up earlier in the spring, before weeds get started

only exception to this rule is cheat, which already has germinated and which will get ahead of any other seeded grasses.

Use some fertilizer, depending on soil test, Leonard says, and stick to grasses for fall seeding; legumes can be seeded next spring on the ground or drilled in at that time.

## PREVENTION TIPS ON FIRES ON FARM

Fires are easier to prevent than put out—and a check of equipment and training of personnel will pay dividends for fire prevention.

Here are few things to check or watch on the farm during Fire Prevention Week Oct. 5 through 11.

HOME: Clean, repair or replace defective equipment or worn parts on heating systems; rebuild defective flues or chim-

neys. Be careful in storing and handling inflammable liquids; put spark arresters on roofs; do not overfuse electric circuits; replace worn, frayed or old cords; install lightning rods; watch cooking or handling of grease, etc.

OUTBUILDINGS: Watch spontaneous ignition in hay, being sure to cure hay well before storage; watch for frayed insulation on electric lines, sagging wires, and electrical circuits or lines near inflammable liquids; install lightning rods; repair defective heating equipment, flues, brooders, hot-water tanks; store flammable at least 40 feet from major buildings; watch tractor backfires; fuel spillage or storage; friction sparks from machinery, etc.

Training School On "Guidposts To Ready To Wear"

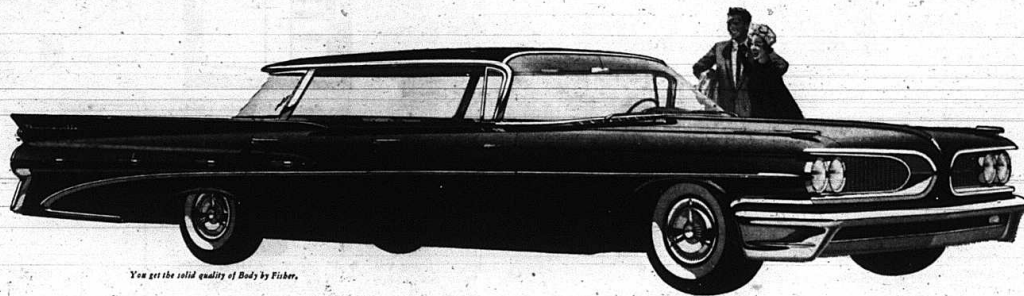

Ten homemakers from var-

ious homemakers clubs in the county attended the training school Monday which was held in the basement of the Christian Church. These leaders were: Mrs. Pat Hammond, Mt. Vernon Club; Mrs. Joyce Baker, Mt. Vernon Night Club; Mrs. Bettie Baker and Bernice Halcomb, Orlando Club; Penny Holmes and Barbara Watson, Brodhead Club; Clara Proctor and Sophis Brown, Quail Club; Josephine Adams and Barbara Adams, Sunshine Club.

These leaders will teach the October lessons in their respective clubs.

The November lesson will be another Guidposts lesson; this time taking up the new fabrics and their care.

Mr. and Mrs. George Robinson and daughters of Covington were week end guests of Mr. and Mrs. Kelly Shelton.

You get the solid quality of Body by Fisher.

Who in the world built this beauty . . .  
the only car with wide-track wheels?

## EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number 1 Road Car!

# PONTIAC! America's Number 1 Road Car!

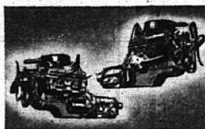

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look . . . it's inches lower without sacrificing roominess or road clearance. You'll discover this beauty handles city corners and clings to curves in a way conventional narrow-gauge cars can't hope to imitate. And the ride . . . the miraculous freedom from sway, dive and bounce . . . this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Come in and see why no other car can possibly be so new as the new Pontiac—three great series: the magnificent Bonneville, the dramatic Star Chief and the brilliant new Catalina.

### 2 Great New Engines

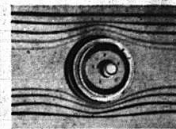

If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the smoothest economy, choose Pontiac's revolutionary new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" . . . and it uses regular octane fuel for further savings!

### Seats Wider than a Sofa

Plus plenty of leg and head room. Pontiac's living-room comfort lets you change position naturally . . . choose the way you like to sit—the way you have to! Pontiac seats offer still other new comfort advantages over the average sofa. They're wider; have higher backs and slant downward at the rear for maximum support under the knees for safer, more comfortable driving.

### Air-Cooled True-Contour Brakes

High efficiency cooling flanges in the air stream dissipate heat far faster . . . 39% bigger drums absorb quick-stop heat . . . 25% thicker lining lasts far longer . . . 10% greater lining contact plus true contour fit of lining and drum mean precision action, less pedal effort. The industry's largest front cylinders give better front and rear brake balance for smoother high speed stops.
