

THE WEEK IN LIVINGSTON

ROBERT WADDLE, REPORTER

HALCOMB STORE SOLD

The Halcomb Sundry Store was sold this week to Mr. Paul Philpot of Dayton, Ohio, and Laurel County, Kentucky. Mrs. Mollie Wise was glad to welcome the Philpots to our city and wish them great success in their new venture. The Halcombs will continue their residence here and Mr. Halcomb is to retire from the Louisville and Nashville Railroad soon.

FREIGHT SERVICE—GONE

The report that our Railway Freight Service is to be discontinued was verified recently. There is a possibility that we can hold this service if we really want to. If you would like to help, contact the City Clerk at Livingston.

POLITICAL PREVENTION

It seems that our waterworks program has run into a political "snag". The State Health De-

partment has been holding our plans for almost three months, while world wars have been planned in less time. We believe that some changes in out-of-town personnel are due.

WORRY-FREE

If you have ever lived in a two room house that had only one window and was five miles from the nearest neighbor, and you never heard of underwear until you were eighteen years old, and had as your daily fare gravy and bread for breakfast, liver and cracklin' hockeak for dinner and buttermilk with cornbread for supper, wore broken shoes in the worst part of the winter and slept on straw tick beds, didn't know that money would rattle until you were fifteen, had one kerosene or lamp (less chimney), went to

school two months each year, and if you have ever made lye tannery, sopped molasses, eaten home-cured sow belly, drank assafra tea and got one pepper-stick of candy for Christmas and was satisfied; Then brother, you need not worry about politics, sickness or hard times, because YOU have been tempered.

RUSH IS ON

Well, neighbor, the mad rush is on. Once again we have the opportunity of seeing about 75 per cent of our population go crazy for three weeks. If you have been out and spent your good money (money you probably needed for taxes, groceries or Johnny's shoes) for gifts that will neither please nor fit the one you are buying them for, or if you have spent hours and

dollars sending cards to people you barely know, then you have had 'D'. I would gladly vote for a law that would prohibit any commercial exhibit of Christmas before Dec. 20. I shall probably be branded as "frugal" now, but on Dec. 26th most of you will agree with me. (More next week.)

ILLNESS CONTINUES

Aunt Mary Johnson continues very sick at this writing.

NEW SON

Mr. and Mrs. Logan McClure are the proud parents of a new son, born Sunday night at London.

PERSONALS

Miss Wilma Stockmyer, of Calloway, who collapsed in Livingston last Saturday, has been discharged from the hospital

and is reported improved. Mr. Ben Funder has purchased and will move into the Ted Meadows home. Mr. Meadows has purchased a house trailer,

which was placed on Walnut Street at the rear of C. H. Webbs' store;

Mrs. Jean Bowles has moved into the home she purchased from Lawrence Williams.

MUST WE GO TO CHURCH TO BE CHRISTIANS?

You've probably heard people comment at times on the fact that their Catholic neighbors go to church so often. Perhaps you have wondered... is all this necessary?

Catholics, you may be sure, have good reasons.

Going to Mass on Sunday is, of course, an obligation for every Catholic. Confession and Holy Communion at least once a year are a sacred duty. But most Catholics go to Confession and receive Holy Communion often.

There are also many other special services and devotions for which Catholics go to church. In the average city, the Catholic Church is always open—and seldom empty. Many will enter the church at any hour of the day to visit Jesus Christ present on the altar, mindful of His invitation: "Come to Me, all you who labor and are burdened, and I will give you rest."

Catholics believe that Christ not only called upon us to honor and serve God... but prescribed the ways in which we should do so. He did not say how often we must go to church... nor how many prayers we were to recite. But He did establish a Church with the power and authority to carry on His work... and He promised that His Church would last to the end of time—that it would have God's protection in teaching all men to observe all things He had commanded, especially to believe and to be baptized and thereby become members of His Church to attain the purpose of their lives.

And how do Catholics know theirs is Christ's Church?

Because it possesses the distinguishing marks Christ gave His Church. It covers the earth as Christ said it would. Unchanged after nearly 2,000 years, it continues to live and grow.

But the most convincing mark that He gave it is its unity of faith, worship and obedience under the authority of the lawful and historical successor of Peter, the first Bishop of Rome and the "rock" upon which Christ built His Church. Just as Peter was the first Pope and the first Vice of Christ, so also is John XXIII the 263rd Pope and the Vicar of Christ today.

If you would like to know more about the distinguishing characteristics which Christ declared His Church must have and which the Catholic Church possesses today, write for Pamphlet KY-2. It will come in a plain wrapper—and nobody will call on you.

Monday Night Fire Damages Barber Shop: A 10:15 a. m. fire alarm Monday sent Mt. Vernon firemen to the McHargue Barber Shop on Main Street in Mt. Vernon, where they were able to arrest the flames in relatively few minutes.

The fire, which caused minor damage to the business, was caused by a defective flue for a coal stove near the entrance to the shop. The flue became hot and ignited the ceiling, but damage was not serious and business has been resumed.

Smith Gives More Tips

Postmaster James O. Smith has announced that the Mt. Vernon Post Office will remain open all day Saturday, Dec. 13, and Saturday, Dec. 20.

He also asked that senders living on rural routes please stamp all cards. Carriers will not be expected to pick up unstamped letters, whereas a stamped letter will reach its destination 24 hours earlier.

Noting the Christmas season is already at hand, Postmaster Smith today urged the public to begin Christmas mailings now.

Mr. Smith coupled this plea with a warning that the Post Office Department is unable each year to deliver or return about half a million parcels, including many lost at Christmas time because of poor packaging or addressing.

He suggested several steps that can be taken by mailers to protect themselves against loss:

1. Check and revise mailing lists.
2. Type or hand-print gummed mailing labels.
3. Use complete addresses. Don't abbreviate. Include delivery zone number.
4. Make a list of your mailing needs and start buying good quality mailing materials now—strong cord, heavy wrapping paper, and so forth.
5. Get as many as possible of your Christmas parcels in the mails now with a notation that they are not to be opened until Christmas. This will minimize mailing problems during the Christmas rush.
6. Plan to use insurance on all parcels. Neither insurance fees nor parcel post rates are affected by recent postal rate changes, incidentally.

Postmaster Smith also discussed what happens when parcels become lost, and some interesting stories that have grown up over the years surrounding parcel post auction sales.

Lost parcels are auctioned, yielding about a quarter million dollars annually, or approximately half a million parcels, for the U. S. Treasury.

However, this is one of the least welcome aspects of revenue. Postal employees know that, in addition to the expenses and delays involved, lost parcels usually mean disappointment for someone at Christmas time, frequently for children.

Postal employees cannot participate in the bidding. They do, however, act as auctioneers, and take pride in attempting to get as much as the true value of the article as possible.

This is illustrated by the following:

Hustling Red Devils Suffer Fifth Defeat As Brodhead Wins Two Of Three Games

The Mt. Vernon Red Devils, hustling like a bunch of veterans, had difficulty finding the range Tuesday night as they lost to the visiting McKee team during the first quarter and fought valiantly for the remainder of the contest.

The score standing at 21-7 at the end of the first quarter, the Red Devils seemed to find themselves, and outlined the visiting McKee team during the second quarter to cut two points from the lead and went into the dressing room at halftime trailing 33-21.

Coming back in the second half, the Devils continued to hustle and cut two more points from the lead during the third frame. A fourth period rally, that brought them within six points of tying the score had the excited fans hoping for the Red Devils' first win of the season, but once again the locals lost the range of the basket and eventually fell behind by 10 points once more.

Outplaying their opponents in every phase of the game but ballistics, the hustling local five repeatedly stole the ball, but took rebounds from the taller

and more-experienced visiting team. Even in defeat, the Devils proved to be a crowd-pleaser. Working spectators up to a feverish pitch with their antics.

In other games among local quints over the past six days, Livingston downed Mt. Vernon 40-47 Friday night, while Brodhead lost the other game of the double header, to Memorial 75-55.

Brodhead, in a home-and-home engagement with Berea Foundation, brought its season record to 4-4 by taking both games, 68-49 and 57-36. Livingston brought its win-loss column to 8-1 with a 73-37 rout of Stanford Lincoln Institute.

At Brodhead: (55) Stevens, 17; Brown, 11; Lawless, 11; Bradley, 8; Turpin, 4; Singleton, 1; Larry Harris, 3.

For Memorial: (75) New, with 26 and Sowder with 21 paced the winners.

Livingston (70) vs. Mt. Vernon (47) at Brodhead: Sturgill, 18; Milburn, 16; Norris, with 16.

Brodhead (55) (At Berea Foundation): Lawless, with 19; Brown, 11; Singleton, 9; Bradley, 8; Turpin, 5; Stevens, 3; Roberts, 2.

Berea Foundation: (36) At Brodhead: (69) Lawless, 14; Bradley, 12; Turpin, 10; Singleton, 9; Brown, 8; Stevens, 5; Les Harris, 3; Houston, 3; Larry Harris, 2; Roberts, 1.

Berea Foundation: (49) Cunningham was leading scorer with 19 points.

Mt. Vernon will be at home tonight, Thursday, Dec. 11, against Buckeye, while Brodhead meets Cordia in the opener and

Livingston goes against Hall in a double header Friday night at Brodhead. The following night, Saturday, the two county schools will switch opponents. Brodhead meeting Hall and Livingston playing Cordia in another double header event.

Brodhead will meet Crab Orchard at home next Tuesday night.

Overflow Crowd Attends Farm Bureau Banquet

An overflow Monday night dinner crowd at Brodhead High School heard Farm Bureau president John Houston compare old and new farming methods and have caught novelties to the farming industry.

In recognizing the changes that have come over farming methods in past years, Houston called on numerous farm-leaders responsible persons and organizations which have helped the farmer to achieve his goals.

First to be recognized by Clay Colson were the heads of various soil conservation agencies which have aided the farmer.

Wallace Proctor then awarded bronze plaques to Marvin Crawford, of the 4-H club, and Tommy Parsons, of the Future Farmers of America, recognizing that the two boys had distinguished themselves by acquiring the greatest number of points in competition with others of their organization in the field of soils judging.

Martha Owen, County Home Extension agent, then presented silver pitcher to Norma Sue Ramsey and Crawford, Farm Bureau pitchers, donated by the Winn-Dixie supermarket chain, were given as recognition of the two girls in the county.

County Agent H. Lee Durham told the crowd of approximately 170 that, "We have all depended upon you folks for leadership, and I must say that we have had good leadership in this county."

Bradley Taylor, 4-H council president, was then awarded a Certificate of Service and a lapel pin.

Saylor in turn made awards of Certificates of Service to the following some of whom were not present: Clyde Linville, Mrs. Margaret Harris, Richard Harris, Wayne Van Hook, Edith Van Hook, N. M. Smock, Mrs. Helen Saylor, E. J. Smith, Juanita Stevens, Mrs. Hazel Taylor, Mrs. Roy Pierce, J. B. Hix, Iona Parsons, Mrs. Vernon Parsons, Kenneth Stewart, Mrs. Martha Hill, Mrs. Lucille Hy-singer, Verla Scott, Roy Brown,

Mrs. Willetta Owens, Mrs. Charles Parsons, Mrs. Betty Baker, Mrs. Ellie Halcomb, Mrs. Betty Fain, Mrs. Juanita Smith, Mrs. Penzy Robinson, Mr. Robert Wills, Mrs. Benjamin Halcomb, Mrs. Flora Mae Brown, Mrs. Hazel Mullins, Mr. Harry Harmon and Mrs. June Stewart.

Robert F. Spencer, former county agent, was recognized by Farm Bureau officers. After complimenting the cooks, the affable Spencer went on to say that the privilege of seeing his many friends again was worth more than "all the dinners in the world."

Jim Houston, of the FFA, presented plaque awards to Charles Daugherty and Ronnie Singleton. Daugherty placed in the top 10 at the State Fair in the category of soils judging, while Singleton placed in the top 10 in the dairy show.

Roy Brown, state director of the Farm Bureau, pointed out that 800 farm families in Rockcastle were members of the Farm Bureau organization, and (Continued on page 4)

New Rules To Govern Meridian Light Contest

For the fourth consecutive year, the Meridian Woman's Club of Mt. Vernon will sponsor a Christmas Lighting Contest for homes and Main Street businesses. As in the past, the contest will be open to residents of Livingston, Brodhead and Mt. Vernon, and prizes will be awarded to first and second place winners in each of the two divisions: residential and Main Street business.

In announcing that the contest will be held this year, the Woman's Club also announced two changes in the method of selecting a winner.

Most directly concerning participants is the fact that all decorated homes and businesses are automatically considered as entries, whereas it has been the policy in the past to have entries registered before the contest. In attendance, most will be donated for the first time by the Meridian Woman's Club rather than be solicited from local merchants or other civic clubs.

The judges will tour Livingston, Brodhead and Mt. Vernon on Monday evening, Dec. 22, between the hours of 7 p. m. and 9 p. m. All entries should be decorated and well-lighted by that time. Winners will be announced in the Christmas issue of the Signal, which will be in country homes by Christmas Eve.

The Meridian Woman's Club is putting special emphasis on the need for more and better lighted Christmas displays in Main Street merchants. After all, they contend, this is the face we present to the tourist and customer—let's see that it reflects the Christmas spirit of the entire community.

Judges for the event will be announced at a later date.

What Is The Largest "Woman's Club" In Kentucky?

415,300 Women Who Save Trading Stamps Are The Largest "Woman's Club" In Kentucky

Every day about 415,300 Kentucky women make it a point to shop where they get trading stamps. This large group of smart, thrifty Kentucky shoppers, through their common interest in trading stamps, can be thought of as a huge "woman's club" with membership throughout the state.

Of course this "club woman" gets wonderful things for her home and family through such favorites as S&H Green Stamps. Through her thrift and diligence she provides "extras" for her family. And although she may seldom think about it, her active saving is enormously good for business in our state.

Last year, for example, trading stamp companies purchased \$1,064,000 worth of products from Kentucky manufacturers. Making these things provided jobs for 263 Kentucky people. S&H Redemption Stores, paying local rent and taxes, employ many more.

In the light of these facts it would seem that not only Kentucky women, but everybody in the state can be thankful that the trading stamp is a part of our way of life.

This message is published at public information by THE SPERRY AND HURCHISON COMPANY, originator 62 years ago of S&H Green Stamps.
