BERT COMBS

HAS THE RIGHT EXPERIENCE

His experience is born of a *devotion* to duty, a *dedication* to his state. His experience comes from long and *distinguished* service in public life.

Some unsavory politicians, pointing with mud-stained fingers, boast of their "experience." But they neglect to remind you what that experience has meant—personal profit for *them*, a complete disregard for *you*!

At the right you may read of the *good* experience of Bert Combs. You'll want him as your governor. Kentucky *needs* him.

WILSON WYATT

HAS THE RIGHT KIND OF EXPERIENCE

FOR LT. GOVERNOR, TOO

Few men in Kentucky's history have achieved such a local, state-wide, national and international reputation as Wilson Wyatt.
 This great man has joined with Bert Combs. Read his record at the right. Wilson Wyatt is needed to build a better Kentucky.

BERT
COMBS
 for Governor

WILSON
WYATT
 for Lt. Governor

BERT COMBS— A GOOD man with GOOD EXPERIENCE

Bert Combs spent his boyhood on a farm. He worked his way through Clay County High School, graduating, at 15, with the highest honors in his class.

He worked his way through Cumberland College, firing the furnace, sweeping out the buildings. He worked in the Kentucky Highway Department, saving money to attend law school at the University of Kentucky. He graduated with the second-highest honors.

Bert practiced law successfully in Manchester, then in Prestonsburg, until 1942. In 1942 he volunteered as a Private in the Army of the United States—served in the Philippines under General MacArthur—was awarded the Bronze Star—was discharged in 1946 as a Captain.

Bert resumed law practice in 1946 in Prestonsburg. He served as City Attorney, then as Commonwealth Attorney. He was appointed a Judge of the Kentucky Court of Appeals (Kentucky's highest court)—then was re-elected for a full term, over Governor Simeon Willis.

During his years on the Court of Appeals, Bert Combs learned the operation of government—earned the genuine respect of every informed Kentuckian. Far-reaching improvements were made under Bert Combs' direction as Chairman of the Judicial Council.

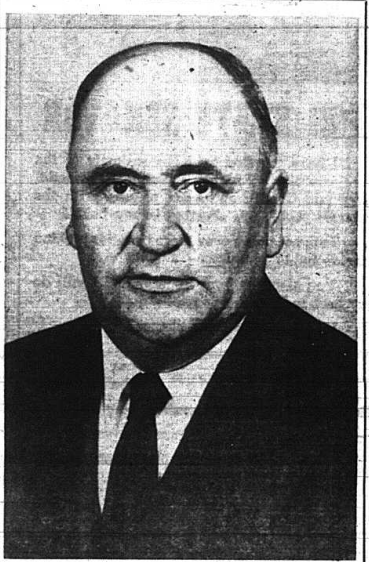

In 1956, Bert ran for Governor, was defeated by his opponents' campaign of falsehoods and misrepresentations. The Chandler-Waterfield win is now generally conceded to have been one of the greatest disasters to ever strike Kentucky. On Tuesday, May 26, Kentucky will right the wrong!

WILSON WYATT— another GOOD man with GOOD EXPERIENCE

Wilson Wyatt graduated at age 16 as Valedictorian (top honor man) at Louisville Male High School. After one year at college he went to work. Driving a milk wagon while also holding a full-time job at the L & N, he earned the money to attend Louisville's Jefferson School of Law—graduated as top honor man.

Wilson helped organize and was the first President of the Young Men's Democratic Club. In 1941 Wilson left a booming law practice to become Louisville's youngest Mayor (winning by the largest majority ever given a Democratic candidate).

As Mayor of Louisville he made a historically successful record—going on to serve in a number of important posts under President Truman. He was Democratic National Campaign Manager in 1952—personal adviser in 1955—today is known almost as well in Washington as in Kentucky.

Fred V. Lucas

A letter from Vera Beckham, Acting Secretary Teachers' Retirement System of the State of Kentucky to Senator Fred V. Lucas reads as follows:

"Dear Senator Lucas:
 On behalf of the 25,000 active members of the teachers' Retirement System and the retired teachers, I want to express appreciation to you for the great part you had in enacting into law Senate Bill 107 and Senate Bill 108.

This legislation has strengthened Kentucky's Teachers' Retirement System. It is now one of the strongest retirement systems in the Nation.

"You have contributed not only to the welfare of teachers, but to the welfare of our State system of public education, thus to the welfare of Kentucky's children."

Teachers, retired teachers and friends of Rockcastle County won't you go out and work and vote for a friend that is proven true to you.

BIG DIFFERENCE

IN ECONOMY

Plymouth, traditional economy champ, again won its class in the Mobilgas Economy Run... won for the third straight year! In this recognized competitive test for economy, a Plymouth V-8 averaged 21.15 miles per gallon. Plymouth's proven high gas mileage, initial low purchase price, low maintenance cost and good resale value all add up to the Big Difference in economy!

PLYMOUTH DELIVERS BIG DIFFERENCE IN PERFORMANCE

But you don't have to sacrifice performance to enjoy Plymouth's top economy. The Fury V-800 engine that powered the Plymouth to its Mobilgas victory is the biggest standard V-8 in Plymouth's field. Its 230 horsepower packs plenty of power.

BIG DIFFERENCE IN QUALITY

We sincerely believe that the '59 Plymouth is the finest car Plymouth has ever built. Check every inch of this car. See the difference great engineering makes.

TAKE A "TWO-MILE TRY-OUT" NOW!

Get behind the wheel of a Plymouth and really feel Plymouth's Big Difference. Take your "Try-Out" soon. To be fully appreciated, must be driven...

BIG DIFFERENCE IN RIDE

Plymouth's famous Torsion-Aire Ride is the most comfortable ride on the road. It acts as a built-in road-Jeweller—it virtually eliminates roll or sway on turns—front end dives on stops. And it's yours at no extra cost on Plymouth.

BUT YOU DON'T PAY FOR THE DIFFERENCE

The top-selling, low-price cars are all priced about the same but only PLYMOUTH gives you the Big Difference for your money.

NEW HORIZONS

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a living Church, neither democracy nor civilization can survive. There are four main reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	1 Kings	12	16-33
Monday	Revelation	12	1-17
Tuesday	Revelation	12	17-18
Wednesday	1 Kings	17	16
Thursday	1 Kings	17	16
Friday	1 Kings	18	26-28
Saturday	1 Kings	18	26

When does a baby start to think?

Nobody knows, exactly. But thoughts do come by association. Baby eagerly responds to the sight of a bottle because experience has proven that the bottle offers both satisfaction and comfort.

Because baby does learn by association, it is important that parents take care to enlarge their children's horizons as they grow. A very small child will respond to a simple prayer. And a child of three will find great enjoyment in attending Church School geared for youngsters of that age.

Religious instruction and guidance is not for the mature only—it is needed regularly by everyone. The spiritual life of your child needs constant cultivation, just as the mind needs day by day development and the physical body needs exercise and training.

Burglars Take \$348. Papers From Sundry

Burglars forced a front door of Maggard's Sundry in Brodhead early Wednesday morning and left through the rear door after taking over \$300 plus some valuable papers, from the safe of the establishment.

Manager Willie Dillingham, a partner of Mrs. Amanda Maggard in the Sundry establishment, said the burglars worked the combination of a safe in the store and took from it \$348 in cash and various valuable papers. In addition to the cash and papers, he said, they took 12 cartons of king-size cigarettes.

Dillingham, who said the store has not been burglarized in the past, said a neighbor's dogs began barking loudly at approximately 2:30 a. m., leading him to believe that to be the approximate time of the illegal entry.

The manager said that he found contents of boxes scattered about on the floor Wednesday morning, where the thieves had emptied them, apparently in order to carry their booty away.

The city policeman in Brodhead reportedly went off duty soon after midnight. Dillingham said the officer told him that all was quiet when he went home.

Conservation Practiced On 201 County Farms

Rockcastle County farmers used Agricultural Conservation Program cost-sharing to establish conservation practices on 201 farms in 1958.

Conservation practices included: 1,677 tons of lime were used to permit growth of conservation cover, and six ponds and dams were built to prevent soil erosion. Management of grazing land or to control erosion.

The number of participants was a decrease of 11 farms from the number taking part in 1957 and 1958. The total acreage of cropland and 37 per cent of the farm land of the county.

ACP assistance for conservation cost-sharing totaled \$44,865 in the county, with Federal cost-shares averaging about 50 per cent of the total cost of establishing the practices.

This public investment resulted in Rockcastle County farmers applying more than \$89,330 worth of conservation on their land for conserving soil, water, and forest resources as security for the future," Mullins said.

The ACP is administered by the Rockcastle County Agricultural Stabilization and Conservation Committee announced this week.

"All farmers, Mullins pointed out, are eligible to use ACP cost-sharing on their farm. All requests for ACP cost-sharing receive a personal consultation by ACP county committees on their merits for conservation."

"The ACP offers farmers a choice," he said. "We want them to be able to get the kind of help they need when they need it, to best advance the conservation program they desire on their individual farms."

Under the 1953 program, 2,087 acres were put under protective cover of permanent or grass or legumes; 51,000 square feet of waterways were prepared and seeded to prevent erosion; 66 acres of trees were planted or had their

LETTER TO EDITOR

R. R. 1,
Mt. Vernon, Kentucky
May 18, 1959

Don Deaton,
Editor of Mt. Vernon Signal
Mt. Vernon, Kentucky

Dear Sir:
My attention has been called to the fact by many of the good citizens, who were present at the Fiscal Court meeting, which was held in the Leasure room May 11, 1959; that I had been misquoted in your newspaper. As you know, I am certainly well aware of this. In the edition of the Mt. Vernon Signal of May 14, 1959; you quoted me as saying "I apologize," "that these two people (Durham and Owen) have been victimized by broken-down old politicians who want to return to power two years from now." At no time during my address to the citizens, the court, and Mr. Lee Durham our County Agent, did I make any such statement as appearing in your newspaper. Once again I wish to repeat the statement I made, which was misquoted by your newspaper. The statement I made was as follows: "I believe that the members of the Fiscal Court, the County Judge, and the Leasure our county agent, have been victimized by a few old broken-down, worn-out, defeated-peace politicians who want to return to power two years from now."

All that I ask of you and your paper, is that the misstatement be corrected, and reprinted made of it and displayed in the next edition of your newspaper, along with this letter, which I have sent you. I feel as if my address should have been given as much consideration as the other speeches, which were made prior to mine. At the conclusion of my address the applause which I received, indicated that I was well understood by all. I am of the opinion that you made an honest mistake, which was not premeditated or a deliberate one on your behalf to mislead or confuse the public concerning the misquotation of my statement, which was printed in your newspaper.

Respectively,
Carl B. Williams

As election day draws near I realize that I am not going to see a large number of my good and loyal friends before you go out to vote.

I want you to know that I am deeply grateful for the encouragement it gives me to hear from all parts of the county that you have been working for me.

The man you elect on Tuesday, May 26th will serve you as your State Senator for the next four years.

You know me, I have lived in your county. I have worked made my living and raised my family as your neighbor in an adjoining county.

I have served as your senator for the last four years. I have a record with you and I stand on that record. I have tried my best to be of service to Rockcastle County. I have worked for you and with you by being in my seat at every session of the Legislature.

I have tried to work without prejudice and without hatreds for any group in order to best serve the people of this district.

I know the problems a man and woman face as they work together trying to make a living, raise their children and educate them. I know, because my wife and I have had the same problems. I have supported the small trucker, the farmer, the small business man and the working man against big interests that would harm him. I have worked for the interests of the Veterans. My own son is a Veteran.

I voted to repeal the law that made our good old people mortgage their homes to the state before they could draw a small Old Age Assistance. I will continue to fight that kind of legislation.

I ask you to go out and vote for me on Tuesday, May 26th and I will do my best to make you a good Senator, to work with you for the good of all our people.

MORE PROOF...it pays to feed PURINA

"No doubt about it... the two-year-olds weigh more than the three-year-olds," says Elmo Hedges (left) as he and Checkerboard Serviceman Pete Goetz weigh demonstration heifers.

it cost \$43.92 less to raise heifers the Purina Way!

"Most dairymen know it's a mistake to neglect heifers," says Elmo Hedges of Dry Ridge, Ky., "but it took a heifer growing demonstration on my own place to show me how profitable feeding heifers the Purina Way can be!"
Mr. Hedges and his partner, C. J. Norton, started three heifer calves in the fall of 1955 on their traditional feeding program. A year later, they grew three other replacements on the Purina heifer growing plan.

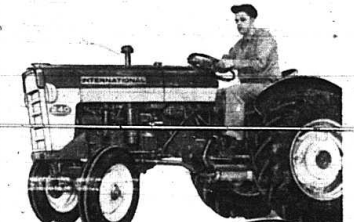

Soon, the Purina-fed heifers "caught up." All six heifers freshened in the fall of 1958.

Heifers grown on the Purina calf and heifer program (1) freshened 10 months earlier, (2) weighed 21 pounds more and (3) cost \$43.92 less to feed than heifers grown "as usual" on the Hedges-Norton place.
Try a heifer demonstration on your own farm. See us for details of the research-backed Purina heifer growing plan.

In the Best Tradition

HARRY LEE WATERFIELD

Has risen from the obscurity of a small farm in Calloway County to the front rank of Legislative and Executive Leadership in Kentucky.

He worked on a farm in early youth, then worked his way through Murray State College. He leased a small newspaper, at La Center, Ballard county, as his first business venture and was successful. He now owns the Hickman County Gazette and a good farm in Hickman County, where he raises pure bred Shorthorn cattle and the region's crops.

His 20-year Record as a Public Servant, in the Legislature, as Speaker of the House (twice), President of the Senate and Lieutenant Governor has well prepared him for the high office of Governor.

No Kentuckian of Today can match his high qualifications and none can equal his record of service.

To The Republicans Of Rockcastle County

We, Clyde Barnett and Ann Farris, county chairman and chairwoman respectively of Rockcastle County, urgently request the voters of this county to go to the polls next Tuesday and vote for some candidates for each office that will appear on your ballot. We have a wonderful lot of people seeking office and we also have the best opportunity we have had in a number of years to elect a governor and other high officials this fall, therefore it is very necessary that we make a good showing in this primary election which will be a benefit to us Republicans in this county should we elect a governor this fall.

Go Vote It Is Your Duty
