THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The sight of a child playing in the sun — a reflection of God's goodness!

At such moments, children seem like echoes of God's love. In their own boundless joy, with their unquenchable enthusiasm, they point the way to truth, love, faith and beauty.

It is a way all of us can follow. By turning to God with a child's simplicity, by seeking Him through the Church, we can emerge from life's shadows and stand again in the full light of eternal truth.

Find your way to church... this Sunday.

Wrecks, Chase, During Fourth

Two wrecks and one hot pursuit kept State Troopers busy over the holiday week end.

Paul Russell Hutchinson, 44, of Danville, suffered a skull fracture when his car ran off the road and turned over on the old Brodhead Road, four and one-tenth miles from Mt. Vernon.

State Police Trooper Willis Martin and Hutchinson was driving too fast to negotiate a curve. No charges were placed against him.

The accident happened at 11:20 Friday. He was taken to the Rockcastle County Baptist Hospital and later transferred to the Central Baptist Hospital at Lexington.

Hutchinson was driving a company owned car. The top was caved in and the left side damaged, Martin stated.

The other wreck was a three-car collision involving Abil James Gentry, 19, of Brodhead; James Jerry Proffitt, 44, of Reading, Ohio and Wm. Douglas Hoskins, 23, of Reading, Ohio.

According to Trooper Martin, Gentry and Hoskins were headed west on U. S. 150. Hoskins was attempting to pass Gentry. Proffitt was coming east on U. S. 150.

Gentry was charged with operating a motor vehicle while under the influence of intoxicants.

The Proffitt car was damaged most.

In the early morning hours, Saturday, (2:15 to be exact) Livingston City police chased the fleeing car on Burr Hill.

Playground Activities

During the past two weeks the players and fans have seen many changes in the type of baseball and softball at the playground, according to Larry Davis, playground director.

The Dodgers of Brodhead continue to lead the Little League baseball with five victories and no losses. They played excellent baseball to win the first All Star game played, July 4. The score was 5 to 3 over the All Stars. Gregory Ennis pitched the full five innings leading the three runs while scattering the seven hits. They looked like champions, says Travis, "so all you fans come and watch the youngsters display their abilities."

It was a busy week for the Adult softball League. Another final game was added to the League. The Mt. Vernon Independents with their first victory by beating the Reds 7 to 6. In the final game before the All Star game the Giants beat the Cubs 20 to 14.

In the Pony League the White Sox are having trouble winning their first game. They, once again, lost to the Indians

1 to Roy Hines pitched superb ball by coming up with a no-hitter. This was the first victory for the Indians.

The Red Sox added another victory to their credit by dominating the Orioles from Livingston, 12 to 3.

The Pony League All Star game was played immediately after the Little League All Star game played, July 4. The score was 5 to 3 over the All Stars. Gregory Ennis pitched the full five innings leading the three runs while scattering the seven hits. Decision Of Auditor Foust May Be Tested In Court

Missing Girl Seen Locally

"Have you seen the missing woman?" Residents of Rockcastle County are asking each other this week.

State Police Trooper Sidney Carter says her name is Mary Jane Keeling. She is 29 years old and from Portland, Ind.

Rumor had it that Miss Keeling had stayed over night at a local motel and left, leaving a stolen car. Trooper Carter said the car was owned by Miss Keeling's father, J. W. Keeling, and behind Johnny Eaton, at the request of State Troopers, pulled the car to Mt. Vernon.

Trooper contacted Miss Keeling's parents at Indiana. They informed the police that Miss Keeling had been in and out of several institutions, in the past four or five years, in which she had been treated for mental illness.

Mrs. Beth Albright at Renfro Valley reported seeing a strange woman, at about 12 Saturday night walking toward Mt. Vernon. She was later reported seen at the Trolley Inn, south of Livingston. So far she has not been found. Trooper Carter said her parents told him she had disappeared before and on several occasions had called them when she was ready to return and they had gone after her.

County Attorney James W. Lambert, County Court Clerk Clarence Carter and County Jailer Lovell Clontz will likely have the order on the County Order Book, which State Auditor Mary Louise Foust declares correct, interpreted by the Court.

Before the year of 1950, all salaries of County Officials were not to exceed \$5,000. In 1950, the legislature passed a bill allowing all county officials to be paid an amount not to exceed \$7,200. Soon after the Rockcastle County Fiscal Court entered an order on the Order Book setting the salaries not to exceed this amount. The order specifically says, "not to exceed this amount," instead of stating the amount is correct.

Auditor Foust says this is not clear as to what the Court meant.

Local officials contend that the Fiscal Court at that time intended officials to be allowed the \$7,200 limit.

Former Judge Carl Williams, who was the Fiscal Court when the order was written, has written a letter to the editor, which appears elsewhere in the paper. The letter declares his belief that Fiscal Court members had in mind the \$7,200 limit when they wrote the order. A letter from then County Atty., Felix Bowman also appears.

Carter says three magistrates of that court also held the same belief.

The County Atty. is the only County official who has exceeded the \$7,200 limit which he thought governed his circumstances. Lambert returned \$1,848 to Rockcastle County in February of 1958 because it was above the \$7,200 limit.

No other County official made a refund because they did not exceed the \$7,200.

If the \$5,000 is held binding by the Court, Lambert, Carter and Clontz will all have to make refunds. They all declare, had they known they were held to a \$5,000 limit it would already have been complied with.

Annexation Case Set For July 17

Judge R. C. Tartar continued the annexation case until July 17 for a complete report of the petitioner and for a complete list of protesters, verified by each protester. That is, each person who signed the petition must sign a verified statement that they are opposed to the annexation.

The proposed area to be annexed reaches from the court house to the dam on the old Brodhead road, including most of the Foxglove Hill area to the top of the hill in the rear of Dr. Joe Henderson's home, including all of the Crawford Heights sub-division; out U. S. 25 through the area known as Horse Shoebend.

Witnesses, Wednesday, described the growth that has taken place in the area under discussion. Dr. Joe Henderson said his new home was well progress near his home. Dr. Henderson testified that he wished the property to be annexed by the city and that there were many suitable building sites near his property.

Carter says three magistrates of that court also held the same belief.

James Joel Anglin Succumbs Sunday

James Joel Anglin, 90, died at the home of Harland Skidmore near Empier Creek, July 5. He was born the son of Joel and Martha Barrett Anglin, in Clay County.

Survivors are five sons, three of whom are deceased, of Cincinnati, Ohio; Nathan and Ludlow; Woodrow of Indianapolis, Ind., and Wm. McKinley; four daughters, Mrs. Cassie Allen of Brodhead; Mrs. Pearl Sanders of Indianapolis, Ind.; Mrs. Evesh Bullock of Orlando, and Mrs. Laura Blythe.

Mr. Anglin was a member of the Flat Rock Baptist Church. Funeral services were conducted at graveside Tuesday. Bro. Paul Allen was officiating minister. Interment was in Briar Field Cemetery at Orlando. Arrangements were made by Cox Funeral Home.

Dr. Henderson testified that he wished the property to be annexed by the city and that there were many suitable building sites near his property.

Register Saturday For Swimming Classes

Registration for swimming classes will be conducted Saturday, July 11, at the Kentucky Utilities Office from 9 a. m. to 12 p. m.

The class is sponsored by the Methodist Woman's Club. Club members will chaperone the group to Somerset.

Berea Club Presents Cummins An Award

Bentley Cummins, Berea car salesman, was named the "most valuable Lion" of the year by the members of the Berea Lions Club at Boone Tavern, recently.

Cummins was presented a plaque bearing his name and the nature of the award, by Carl G. Ford, chairman of the secret committee who chose Cummins on the basis of his interest and activities in the affairs of the club. Ford especially cited him for his outstanding job as chairman of the "talent committee" which secures the services of local entertainers for Lions Club Homecoming program last August. He will serve in the same capacity again this year for a similar program in August.

Cummins is married to the former Betty Foley, daughter of Red Foley, and they have two children.

Bentley is the son of Mr. and Mrs. Joe Cummins of Renfro Valley.

Dial Exchange Building Being Constructed

Work began last week on the new dial exchange building at Mt. Vernon.

The local central office is being constructed by Hines and Todd of Somerset. It will contain a commercial office, switching room and a garage.

Two other buildings are to be constructed in Rockcastle—one at Livingston and one at Brodhead.

Most poles have been set in Rockcastle. Lines will be strung in about two weeks. Tractors, Singleton and Leath, have moved into Pulaski County to begin erecting poles.

They are to do three contracts for four exchanges (three unattended) in Pulaski. Work has not begun on these buildings.

FELTNER 4-H CAMP GETS BOOST—this picture was taken at Lewis J. Feltner State Park recently. Ruses Dyer, center, front, lifelong friend of youth groups, London newspaper editor, gave to the Feltner 4-H Camp organization in Laurel county a \$10,000 donation toward erecting the Feltner 4-H Camp. Feltner 4-H Camp Dyer had told the Laurel county 4-H Council that if he raised \$10,000, he would match their funds—which they did. Here he holds his check for the amount. At left is William Hamm Laurel county attorney and former 4-H group president. Mr. Dyer and Woodrow McIntosh, immediate past president of the Feltner organization. Back row, John Bruner, treasurer, the Laurel County Council; and George Gordon, state 4-H Club leader.

Mount Vernon Signal

—PUBLISHED EVERY THURSDAY—
At No. 10 Church Street, Mt. Vernon, Ky.
Entered at Mt. Vernon, Ky., Post Office as Second Class Matter
ELMO ANDERKIN, Publisher ARLETTA NORTON, Editor
In Rockcastle County, \$2.50
Outside The County, \$3.00

LETTERS

Dear Sir:
I read an article in the Signal last week concerning an audit of the County Official's fee's and salaries in Rockcastle County. This article stated that the limit on fee's and salaries of our County officials was only \$5,000.00 per year according to the State Auditor, Mary Louise Fountain.

I was County Attorney of Rockcastle County in 1957 when the State Legislature raised the limit for \$5,000.00 to \$7,200.00 on County official's fee's and salaries provided the officers paid that much.

At that time the Rockcastle County Fiscal Court made an order stating that our County official's limitation on fee's and salaries be raised from \$5,000.00 to \$7,200.00 but not to exceed the \$7,200.00.

I do not remember the exact wording of the order as reported in the Fiscal Court order but I do know that the contents of the order was in compliance with the act of the General Assembly of 1950, which raised the limitation of County Official's fee's and salaries to \$7,200.00.

Very Truly Yours,
S. F. Bowman

To The Editor of The Mount Vernon Signal, Mt. Vernon, Kentucky:
Dear Editor:
I have read in the Signal and other papers that there is some question as to the salaries of the present officials of this county and that the question is based on an order of the Court during the time that I was Judge of Rockcastle County in 1957. I recall that there was an order made pertaining to the salaries and it was the intention of the Fiscal Court to raise the salaries not to exceed \$7,200. This matter was discussed and all of the members agreed on this, and I believe that the order so recited.

Judge Bowman, County Attorney at the time that I discussed this with Frank Ort of the Fiscal Court and we were assured that the order of the Fiscal Court was in conformity with the Acts of the legislature at the 1950 session. I am sure that the officials have acted in good faith in retaining the \$7,200., and I certainly feel that they are entitled to this and further that they are being done a grave injustice by now questioning this salary limit.

Very Truly Yours,
Carl B. Williams,
Ex-County Judge

LETTER TO THE EDITOR

Dear Sir:
Enclosed you will find money order for one year subscription for the Mount Vernon Signal.

My former residence was Rockcastle County and I went to school and church at Fairview.

I sure miss my friends I grew up with and would like to hear from them. My name then was Hazel Mullins. I now live in a farm near Bowersville, Ohio.
Thank you,
Mrs. Charles E. Bost

ANNEXATION

(Continued from page 1)
Mabel Rieckels, Mrs. Mary Walin and Roy Owens declared that they were in favor of an annexation and would not have their property annexed by the city.

Roy Owens stated that the light bill runs one \$14 per month. He said the annexed area would not double the bill but would increase it some. He said it would be necessary to install complete lighting everywhere but it would be done where necessary on large numbers of people. If the area should be annexed.

Several witnesses stated that areas proposed had been considered as industry sites, and that officials preferred sites in the city limits.

City councilmen say an annexation would provide employment for 2 persons in the Post Office, perhaps allow mail delivery to homes, help in the industry, provide fire and police protection to all residents.

Opposition forces say: How can the city raise the funds to help us and when?

WRECKS

(Continued from page 1)
Trooper Martin reported the auto rammed the patrol cruiser five times on the right hand side and tore the side out of the cruiser. The car was trying to force the cruiser into the path of oncoming traffic. Martin said, Police finally got around the car and tried to pass them in the face of a tractor-trailer. To avoid an accident, Martin turned the car around and chased him through Mt. Vernon at 85 miles per hour and down U. S. 150 to Brodhead.

In Brodhead the driver of the fleeing car lost control of his vehicle and almost wrecked. The car was going east and continued toward Crab Orchard. In the center of Crab Orchard he failed to round a curve, went back upon the sidewalk and stopped against a telephone pole. The driver and one passenger jumped out of the car and escaped in the night.

Trooper Martin and Hail searched several hours for the fugitives. They were not found. One man was described as a five feet-ten-inches tall, dark haired man, weighing about 175 pounds. He wore a white shirt.

The car they drove was stolen from Clay County Judge Charles White of Manchester. It was pulled to Mt. Vernon where the owner called for it.

The car was processed for fingerprints by Detective Sam King of the London State Police. Results are unknown.

PLAYGROUND

(Continued from page 1)
Construction 27 to 21. The highlight of the week's schedule was the best all around game to date played between Livingston and Ottawa. Ottawa finally won by a score of 6 to 5.

The Adult League All Star game on the Fourth of July climaxed the week's play and to the surprise of many fans, the Christian Church combined with the fielding team and the Stars by 16 to 14. The Christian Church won in the late innings, scoring two runs and holding the All Stars scoreless in the last inning. It was a decided victory for the Christian Church who have yet to taste defeat.

A new team (Brindle Ridge) will be added to the Adult League starting Monday, July 13. Travis urges managers to get a copy of the schedule at the playground office. New lights are contemplated for volleyball, badminton, croquet and box hockey areas.

This would allow the various activities to be played at night and give many the opportunity to participate, after their working hours.
Total attendance at the playground last week was a 2,000. Average attendance for the five week period is approximately 1,300 a week.

"Every Man is like the composite of good and bad. This is another way of saying, we suppose, that 'birds of a feather flock together'."

Good or bad, honorable or not, people tend to turn toward others who share common ambitions, beliefs and ideals. Generally speaking, people seek out companionship where they know that like attitudes are to be found; where a sympathetic audience for their strengths or weaknesses is readily available.

Whatever standards an individual may answer to, it is reasonably safe to assume that this person will associate in the main with others of like standing and character.

Gasoline Explodes

Badly Burns Boy

David Ray Hammons, 15, suffered second and third degree burns over his right shoulder, the right side of his face and his right hand and wrist, according to his physician, Dr. George H. Griffith.

David was reportedly pouring gasoline on the side walk and igniting it with matches when the gasoline in the metal container exploded. The Hammons had the gasoline for their power mower, they said.

The accident occurred Sunday afternoon at the Hammons home at Crab Orchard. David was treated at the Rockcastle County Baptist Hospital.

Check Supplies and Equipment Now!
Now is the time to get supplies and equipment ready for food preservation. Whether you can food or freeze it, some beforehand thought can save time and some temper in a lot of instances.

Nothing can be more aggravating than a pressure cooker that does not work. To avoid this, check the sealing ring to see that it is in good condition. If any cracks or splits are noticed, replace the ring before starting to can. These rings can usually be purchased at a hardware store or ordered from the company which has made the cooker.

The pressure gauge is a very important part of the pressure cooker. This gauge should be checked every year. The gauge can be checked for accuracy at the county extension office. There is no charge for this service.

Now is the time to take inventory of the jar lids available for canning and plan to use this year. Canned foods lose their quality if kept on hand for more than a year.

To get best results from a home freezer, quality material suitable for the foods that are to be frozen should be used for packaging.

Some pointers that will be helpful when storing foods in the freezer: Freeze foods that you need and use often.
