The Spell of a Story

Think back, grown-up! There haven't been many joys in life that compare to the thrill of being read to. Remember—we came to know most of those stories by heart—and we loved them more each time we heard them.

Robin Hood and Little John—King Arthur and Sir Lancelot—they became old friends. And the heroes of our Bible stories—David and Daniel and the Boy Jesus in the Temple—they lived before our eyes as though the centuries had melted away.

Those stories helped to mold our lives. They taught us courage and faith. We sought to be like the heroes we loved.

Today, grown-up, your child needs the right stories. Are you taking advantage of the Church's program of religious education for youth? Are you giving your youngster the best start in life by making yours a worshipping, a church-supporting home?

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor in youth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and support your Bible duty.

ELECT

Homer Neikirk To Congress

The Republican Party in the 8th Congressional District needs dedicated, active leadership. The Congressman from this District should be one of the top ranking leaders of our party, not only in our District but in our State. Our present Congressman has not demonstrated the type of active, energetic political leadership our party deserves. Too many of our erstwhile solid Republican counties have gone Democratic. I propose, as Congressman, to use the power and influence of that office, together with my own dedicated active interest to put new life in our great party and turn our district toward the 50,000 majorities we can and should give our party nominees. Now is the time to act.

Put new life in our party.
