'TB's Major Control Problem' - Dr. Owens

Health Dept. Program In '59

During 1959 the Rockcastle County Health Department has moved to a new location on Main Street. The new office is located on the first floor.

Among other things the local health department conducts programs for control of acute communicable diseases, venereal diseases, tuberculosis and animal diseases that might be transmitted to humans.

Visits to schools and homes where communicable diseases have been reported are a routine health department activity to guard against epidemics. During 1959 some 2,838 immunizations were given.

In the interest of venereal disease control 115 blood tests were given. Twelve cases were treated and 30 persons, who were contacts and under supervision, were treated.

Ten new cases have been diagnosed. A total of 687 contacts and suspects are under supervision. There are also 33 arrested cases who are regularly x-rayed and given instructions as to control and spread of the disease.

While the x-ray mobile unit was in the county 620 persons were x-rayed. Of 358 persons

who received skin tests for tuberculosis, ten percent were positive.

Maternal and Child Care Mrs. Anna Mae Crawford, public health nurse in Rockcastle County, visits expectant mothers and mothers with new babies who are not under the care of a physician.

Maternity care was given 63 mothers at the health department. A total of 38 follow up home visits were made, she stated.

School Services Physical examination or individual inspection has been given 1,129 school children. Visual tests were given to 1,614 children. Of this number, 156 visual defects were found.

There were 184 school children who received services at the Health Department.

Some 1,544 school children received dental inspection by technicians at the Health Department. A total of 58 were referred to the dentist on 574 children.

Mrs. Crawford made nine dental health talks to 957 school children. During 1959 some 174 individuals were visited and 31 more were sent to the cancer clinic. A total of 58 persons were examined at the health department, 32 of which were referred for further treatment.

Bicillin tablets furnished by the American Heart Association are being distributed to 17 patients for home treatment of rheumatic fever.

Sanitarian Robert D. Hays Sr., Rockcastle County sanitarian, has inspected 236 restaurants, 20

hotels and motels and 14 schools. Some 53 pasteurized milk samples and 85 water samples were taken.

Dr. Owens reported 322 births in the county during 1959 and 126 deaths.

Laboratory services which are available at the health department include: tests for syphilis, diphtheria, bacteriology, and chemical analysis of milk, water, food and sewage examination of stool specimen for the presence of intestinal parasites and examination of the brains of animals suspected of having rabies.

The play is directed by class sponsors, Mrs. Doris Nicely and Lawrence Travis. Student director is Ruby Sigmon.

Dr. John Riddle Instructs Psychiatry

Dr. John J. Riddle, chief psychiatrist of the continued treatment service at the Brentwood Hospital in Los Angeles, Calif., was recently appointed to the faculty of the University of California at Los Angeles.

He is clinical instructor in psychiatry in addition to his regular duties at the hospital. Dr. Riddle, a native of Rockcastle County, is a graduate of Mt. Vernon High School. He received his pre-medical training at Berea College and his doctor of medicine degree from the University of Louisville Medical College. He also holds a doctorate degree in neurology and psychiatry.

Dr. Riddle was formerly on the staff at Pontiac State Hospital at Pontiac, Mich. Three of Dr. Riddle's sisters reside in Mt. Vernon: Miss Virginia Riddle, Miss Fanny Riddle and Miss Susie Riddle.

The spring critical period for forest fires in the county now, according to C. G. Stewart, Rockcastle County fire guard.

Dry conditions of forests and fields and the high winds which are prevalent during the month combine to make this a highly dangerous period for forest fires, Stewart reported. Two or three fires have already been caused by burning trash. If convicted, a person can be fined from \$10 and up. The fine could include the cost of damage to the property of others plus suppression costs (cost of personnel, equipment and supplies necessary to extinguish the fire).

The spring critical period for forest fires in the county now, according to C. G. Stewart, Rockcastle County fire guard. Dry conditions of forests and fields and the high winds which are prevalent during the month combine to make this a highly dangerous period for forest fires, Stewart reported.

A forestry improvement Association, sponsored by the Bank of Mt. Vernon, has recently organized. Their regular meeting is April 23.

The Agriculture Stabilization and Conservation office has furnished approximately 100,000 tree seedlings to farmers. Most orders have been on a cost sharing basis. One order of Scotch pine has been ordered outright because these trees are strictly for ornamental uses, like Christmas trees.

To protect forests in Rockcastle County there are two federal forest towers, located near the town of New Hope and one state tower located west of 150 near Earl Hick's store.

The state tower was completed about a year ago. During the five months of the year when towers are manned, Forest Guard Stewart reported that persons exercise great care in the burning of trash and debris. He warns that violators may be prosecuted.

Churches Plan Special Service For Easter

Special Easter Services are planned in the Baptist and Christian Churches at Mt. Vernon.

The Christian Church plans to conduct a sunrise service Easter-morning at 6:30.

Rev. Raymond Favin, pastor of the Christian Church, will conduct the service. The theme of the service will be "The Dawn of a New Day." Rev. Favin said the public is invited.

At the Baptist Church two special services are being held. Rev. Hopkins pastor of the Baptist Church announced.

The first service, which will be identical to the later church service, will begin at 8:30 a. m. Rev. Hopkins said this early service was especially for those who must get up early to get to work. He will have dinner with friends and relatives.

Sunday school will be held, as usual, at 9:40. Immediately after Sunday school the second church service will begin. The service will be performed in two anthems: "They Have Taken A Way My Lord and Opened A Gates of the Temple."

LHS Holds Contest During Library Week

As part of the Library Week observance the students of Livingston High School will participate in an essay and picture illustration contest.

Philip Argenshert and Patricia Hays were winners in the contest for making illustrations of a book they had read.

Awards were also given Bruce Mahaffey, Wyatt J. O. Cromer, Carolyn Foster, Harold Thomas and Randy Clifford.

Other winners were Sharon Bullock, Wanda Mink and Joe Anglin.

Apply For Wool Pay Early, Farmers Urged

Chairman Shellie Mullins of the County Agricultural Stabilization and Conservation Committee today urged wool growers to apply for wool payments under the 1959 marketing year which ended March 31 to file their applications for wool payments as early in April as possible.

Early filing is highly desirable, Mullins said, because the information on applications is needed for use in computing the average price received by growers under the marketing year. The payment rates on shorn wool and unshorn lambs can be determined. Since April 30 falls after the marketing year, the date for filing applications is May 2, 1960.

The applications being filed at this time are show card of wool and unshorn lambs during the period between April 1, 1959, and March 31, 1960. For wool to be considered completed during that period, title must have passed to the buyer, the wool must have been delivered, and the last of the factors needed to determine the net sales proceeds must be available.

Mullins urges growers to be particularly careful in reporting purchases of unshorn lambs on their applications. Inaccuracy on this point is the most troublesome problem in administering the wool payment program, he said.

Under the wool program, payments are made to growers as an incentive to increase wool production. The payment rate is the percentage necessary to bring the national average price received by growers up to the national level of 62 cents a pound. Under the percentage system, the grower who receives the highest price for his wool also receives the largest payment.

On Honor Roll

Linda Marie Ramsey, daughter of Mr. and Mrs. W. Russell Ramsey of Mt. Vernon, has been named to the Transylvania County Honor Roll at Transylvania College at Lexington.

She received a 4.33 standing on the 1959-60 semester. She was announced from Mrs. Annette Mayer of Transylvania College.

Bids For New Fire Truck Being Advertised By Mt. Vernon City Council; Opened May 5

Library To Be Moved

Bids are now being advertised for a new fire truck chassis and equipment by the Mt. Vernon City Council.

Bids will be accepted by the council until May 5. On this day at the regular meeting of the City Council bids will be opened.

Final awarding of contract will not be made until some 30 days after bids are opened. Councilmen decided to study the proposals thoroughly before making the final decision.

Henry Cox presented a long list of minimum recommendations for state approved fire truck to the group.

The City Council also voted to pay the rent for the Rockcastle County Library when it becomes necessary for the library to move into a new location.

Mrs. Joyce Henderson requested \$800 from the group for library operational funds. She said that in the past three weeks 44 persons had checked out books of the library. Of those, 361 were residents of Mt. Vernon.

Since the fiscal year ends in July and the books are to be delivered to the City Hall at Mt. Vernon, probably some time in September, Mrs. Henderson asked that action be taken.

The library needs more space for story books and section children's reading rooms or

areas. A possibility of damaging the fire truck exists due to cramped quarters and natural curiosity of children who would be passing the truck to get books.

In her plea for library funds, Mrs. Henderson stated that there are some 30 libraries in Russia comparable to the library of Congress in Washington. D. C. Russian libraries are open 24 hours a day, she said.

Mayor Carl Brown said he would like to support the library, but city officials usually large amount of repairs that must be done on the city streets as a drain on the treasury.

Mrs. Henderson pointed out that she and others contacted with the library were compelled to bring the local library up to requirements of the state and federal libraries in order to qualify for books on a loan basis.

Rev. Lee Hopkins, pastor of Mt. Vernon Baptist Church, said that the city council have the road, at the rear of the Rockcastle County Baptist Church, closed to traffic.

Mt. Vernon Police Judge Larry Durham reported that fines collected during last month amounted to \$427.25.

Councilmen are seeking someone to fill the vacancy created by the resignation of City Councilman Warren P. Russell when he moved to Louisville.

Eugene Bradley requested that the city have city water put up to his water meter.

now within 270 feet of his property. He reported that he had paid city taxes for three years.

Henry Cox, superintendent of Mt. Vernon Water Works, said that enough material was purchased last year to put city water to Bradley's property and the manufacturer shored the order by some 250 feet of pipe.

Cox declared that the extension should be made in 6 inch pipe. "It is a critical link in the extension of that area," he said.

After some discussion, Dr. Rudolph Burdette motioned that the city of Mt. Vernon purchase 300 feet of six inch pipe from Danville. This would be less expensive than buying broken lots of pipe from the manufacturer.

The motion was seconded by Clyde Payne. All councilmen voted yes.

Mrs. Rosie Greener and Mrs. Donna Baker requested the city council to make water available to residents of the area known as "The Blueberry Patch."

Mrs. Joyce-Henson asked that something be done about the traffic conditions near the playground. She stated, because persons who are in the playground that cars are allowed to park only on the side of the street away from the playground. The motion was seconded by Rudolph Burdette. All councilmen voted yes. Policemen were directed to watch and enforce this order carefully.

Cummins Brothers Return To Key West

William K. Cummins, chief quartermaster, USN, husband of the former Miss Mary Price of Mt. Vernon, and Earl D. Cummins, signalman second class, USN, sons of Mr. and Mrs. Joe Cummins of Route 1, Mt. Vernon, returned to Key West, Fla., March 23 aboard the escort vessel USS Peterson upon completion of participation in this year's "Operation Deep Freeze '60" in the Antarctic.

The Peterson crew crew departed Dunedin, N. C., Feb. 22, and made a four-day recreational visit to Tampa before proceeding to the Antarctic.

As a station ship for Deep Freeze the Peterson was instrumental in guiding 165 Air Force and Navy planes on the 2,400-mile flight between Christchurch, N. Z., and McMurdo Sound in the Antarctica.

Tobacco Growers Cautioed 'Nonquota' Tobacco

Kentucky tobacco growers were cautioned today about growing what they consider to be "nonquota" tobacco.

According to W. G. Gilchrist, Chairman of the State Agricultural Stabilization and Conservation Committee, the question of growing milk production cigar-filler tobacco is not under quota.

The Chairman explained that marketing quota regulations issued by the United States Department of Agriculture under the Agricultural Adjustment Act of 1938, as amended, provide that the acreage of tobacco shall be considered as burley, fire-cured, or dark air-cured tobacco regardless of the type of tobacco.

According to W. G. Gilchrist, end analysis is a service given by the agency which makes loans to eligible farmers to expand, fire-cure, or enlarge family-type farms.

As a result of the study of the farm operations, Winn said some of the better practices that farmers are working into their 1960 plans include: 1. Keeping milk production record through DHIA or Weight-a-day Month Plan.

2. Providing a better roughage ration for marketing, quoting for good silage as well as improved hay management. 3. Testing soils.

4. Keeping more economical balanced rations according to production. 5. Topdressing of meadows and pastures with proper fertilizer material. 6. Raising hogs on legume pasture for cheaper gains. 7. Construction of good waterways, terraces and diversion ditches.

Keeping more accurate records of farm income and expenses. 8. Farm families in this area now under FHA credit include 48 with Operating Loans, 10 with Farm Ownership loans, six with loans to build or repair homes, and one with a loan for one soil and water conservation loan.

Loans totaling \$114,185 have been made to farmers in this area in a 9-month period since July 1, 1959. This money and the extra money from loan proceeds circulate through local trade channels. Winn said in spite of the decreased net income of farmers that 85 percent of farmers obtaining credit through FHA repaid the amount they borrowed.

Winn Announces FHA Plans For 1960

A good proportion of families using Federal credit in Rockcastle County have completed a series of individual meetings with Robert Winn, the Agency's County Supervisor, to take a careful look at their 1959 operations and to make plans for 1960.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor in each for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend church regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Please go to church regularly and read your Bible daily.

It is not strange that someone chose this lonely spot to erect a reverent memorial. It was on a desolate hill that three crosses stood many centuries ago . . . the Cross of the Saviour . . . and of the penitent . . . and of the scoffer.

Always these crosses have seemed to belong to the desolate hills of life. When a man feels the crushing burden of worldly care upon him, when he trudges the steep trail lost and alone — then, either he will claim the Love and Strength of Christ as did the penitent, or like the scoffer he will let his unbeliever destroy his soul.

But no man should wait for a time of desolation to make life's most joyous decision. It can be made today . . . and sealed with years of happy service in the church of one's choice.

Elect Homer Neikirk To Congress

Our great Eighth Congressional District has furnished thousands of soldiers in our wars. We now have many veterans, their widows, orphans and dependents living here. Since my discharge as a veteran of World War II, I have been actively engaged in all veterans affairs, and I have never failed to give assistance in every way possible to all veterans, their widows and dependents, and this with, out cost to them.

As long as Mr. Walter Ray Smith served as secretary to our Congressman, we veterans had a real friend, able and will, ing to handle all veterans affairs in that great office. Mr. Smith no longer is in our Congressman's office to answer our letters of inquiry and to help us with our claims. He resigned due to the way he was treated by our present Congressman, and all veterans lost a tried and true friend.

Our present Congressman has

not evidenced too great an interest in veterans affairs. When he was first elected to the Congress, he was placed on the Committee on Veterans Affairs of the House, one of the most important committees in Washington, a place where he could have been of real service to all veterans. He resigned from this important Committee and asked for, and on his insistence, was given a place on the Committee of Banking and Currency, where he is now serving in the present Congress. The veterans of our District feel that their af-

airs are of such importance that our Congressman should not have deserted them in favor of banks and money. When I am elected to Congress, you may rest assured that I will seek to be placed on the Committee on Veterans Affairs and I will not resign. I want the opportunity to work for, and fight for, every interest of all veterans of all our wars, of all widows, orphans and dependents.

Elect Homer Neikirk, an active veteran, to Congress. (Pol. Adv.)

The best friend your home has ever had! 2912

COOPERATION is a Kentucky tradition!

WELCOMING NEW NEIGHBORS... OR LIGHTING NEW HOMES!

Kentuckians have traditionally given a warm welcome to new neighbors with gifts, friendly visits and offers to lend a hand. Helping a new friend to unpack or find out about the school bus schedule is the kind of everyday cooperation found in both towns and rural communities.

Rural electrification is neighborhood cooperation, too. Kentucky's Rural Electric Co-op... created by folks who got together to make a better life for themselves... are a good example of how neighborhood cooperation can serve an entire state. As the countryside has brightened and prospered... so the townspeople have benefited, too. The additional income of Kentucky's farmers made possible by electricity is spent in town.

Rural Electricity Benefits Everyone

JACKSON RURAL ELECTRIC CO-OP

brings electricity to 15,409 rural families in Jackson, Rockcastle, Laurel, Clay, Owsley, Estill and Lee counties.

WHY PAY \$1000 MORE and get less than a Galaxie by Ford?

Last year, hundreds of thousands of people found that the Galaxie was "the buy" of a lifetime. In every detail it was the equal or master of cars costing hundreds of dollars more. The Galaxie by Ford became the best-selling car in the world. And now - for 1960 - with all its advances in style, ride, room - the Galaxie is a better buy than ever!

Yes, this year more than ever, Galaxie is the Thunderbird of the low price field.

Want Thunderbird elegance? Look at Galaxie's rich carpeting and pleated fabrics!

You want Thunderbird performance? Thunderbird's own V-8 gives it to you, under Galaxie's sloping safety-vision hood.

Want a wonderful new world of ride? Feel how Galaxie's new wide tread and five-foot-long rear springs can uncurl the corners.

This 1960 Galaxie - for all its go and glamour - has all the room you'd ever want or need. More room and true room for six passengers than you can get in some high-priced cars.

Honestly, does it make sense to spend more when you can travel in luxury at a low Ford price? We're waiting to prove our point with a ride and a deal to please you. We'd be delighted to see you now.
