**WIRING \$20 OFFER**

You'll be money ahead with a modern automatic electric water heater. Even distribution of heat by electric heating elements reduces scaling and pitting of tank. That means long life—low maintenance. All the heat goes into the water—no heat loss by venting. Avoid long pipe-runs that waste heat. You can install an electric water heater anywhere for convenience and economy.

Faster recovery with new higher-wattage elements and lower rate for water heating give you all the hot water you need anytime—safely, automatically and economically.

do you know that additional telephones can save you money?

To a farmer time is money. And there's no better way to save time than with additional telephones.

For example, a telephone in the barn can save a trip up to the house to make or receive a call. Add a telephone in an "out shed" can end those time consuming trips from the field when equipment breaks down or something needs to be ordered from town.

Give our business office a call today. Find out how little it costs to get additional telephones for your farm.

To be included in the expansion, if made, are a hard surface court to be used for basketball, volley ball, tennis or shuffle board; two new light poles and an arts and crafts program.

## Elect Neikirk

The Republican Primary will be held Tuesday, May 24th. On this day we will nominate our Congressman from this District. Many in our Party have been, and are expressing anxiety over the lack of positive, constructive leadership by our Congressman. Our present Congressman has not evidenced too great a concern about this problem. Many believe that he is just not interested in politics, and just not too interested in being in Congress any longer. In support of this belief the people of our District point to the many absences of our Congressman from his duties in Washington, and his lack of interest in the affairs of our Party, except when he is running for office.

As Congressman from this great Republican District, it shall be my purpose to attend to all the duties of the office and devote my time and energies to making our Party stronger. I will not be a part time servant!

# ECONOMY PROVED IN MOBIL GAS RUN!

## CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U.S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

- Practically flat floor... real foot room for the man in the middle. Fold-down rear seat gives 17.6 cu. ft. of extra storage space.
- Four-wheel independent suspension for a smoother, flatter ride.
- Power windows... that come with the engine's weight bearing down on the rear wheels.
- You probably realize already that the mileage figures Corvair recorded in the Mobilgas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.

# Building A New Life

Quite a thrill — building a new home! Day by day you watch it take shape. And somehow, you have the feeling that this new house will bring new life for you and your family.

But building a new life isn't as simple as building a new home. One just can't move out of the drab past into a sparkling future.

The life to which conscientious men and women aspire is built on foundations that cannot be laid in a week or two. Character, courage, consecration — these are concrete evidences of faithful years in the worship and service of God.

Today, where there are new houses there are new churches — and where there are old houses there are old churches. And through the portals of all the churches pass the millions of earnest families who are serious and happy about building a new life.

**THE CHURCH FOR ALL ASK FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a showcase of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend church regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Reward

\$100,000 for information leading to the arrest of human cancer; \$50,000 to the person who discovers a method of preventing it; \$50,000 to the one who develops a cure. Anyone may apply. This offer was made in 1926 by William Lawrence Saunders, chairman of the Ingersoll-Rand Company. The contest drew 1,500 applicants and the cause of cancer control was advanced to a whit.

Today, reliance is not placed on flashy rewards, but on generous support of a soundly planned attack by scientists, physicians and lay volunteers. The fact that 800,000 Americans are living normal, useful lives, cured of the disease, 150,000 saved last year, and the hope held out to half of all cancer's victims of a complete cure suggests the progress made. In spite of this, 75,000 people died needlessly last year. To save these 75,000 by age, by sex, by site, singly, by scores, hundreds, thousands—is the day to day goal while striving for the research breakthrough that will bring on relief for the doomed half which now have absolutely no hope.

There are approximately 3,000 people now living in Rockcastle County who will develop cancer. Of these, 1,500 are beyond help at present. Their only hope rests with the generosity of their friends, neighbors, and themselves—now! Remember that when you are called on this year to contribute, the life you save may be your own. So give freely, that your dollars may enter the fight to cage the dreaded killer all the more quickly.
