Fiscal Court Rejects New State Highway Program

The Fiscal Court voted Tuesday to reject the road program which was suggested by Ted Marcum of the State Highway Department.

Magistrate G. H. Griffin, Roy Norton, Cletl Pike, E. E. Bullock, Mason Poynter Jr., and Judge Money E. Cummins met with Ted Marcum at Frankfort April 20.

They were told that the state highway department proposed a program whereby the county would purchase a bulldozer, heavy grader and air compressor on a lease purchase basis, when the equipment is paid for it will belong to the county.

Rockcastle County would purchase this equipment and about 20 percent of the price, down. The county would rent the equipment to the state for a specified rate per hour. The equipment was in operation. This money could then be used for maintenance.

Ernest Bullock told the court, "if the county had the money it would be the finest thing in the world" (to adopt the new program) but he added we just don't have the money.

It was brought out that most of the money in the road fund is now obligated. A payment of some \$2,000 on the county gravel road is due in July.

According to Cletl Pike, we have not received any money from the two per cent gas tax money in the past four years. We won't receive any this year, he said, unless we purchase the suggested equipment and bring the roads up to state specifications.

State specifications for RS roads are a 50-60 foot right-of-way with the state holding a deed for said right of way, surface of the road must have at least one inch of rock and the road must be smooth and well drained.

One other requirement for the county to meet would be employ a qualified maintenance supervisor.

Pike told the court that if the program passed in the county, roads would not be blacktopped a mile at a time they would be completed over a period of some 25 or 30 miles of road would be accepted by the state for maintenance.

Clarence Carter, county court clerk read a letter to the court concerning tax on soft drinks, restaurants and pool rooms. The letter stated that the state has repealed the law

Colson Heads Area Southern States Office

Southern States community supply distribution services in the entire south central Kentucky area will be grouped in a new operating region with headquarters offices in Campbellsville on July 1. Calfee Colson, Assistant Manager of Construction and Maintenance has been named to manage the new regional operation. He will be assisted by five specialists in farm supply distribution, all of whom will have offices in Campbellsville.

This new region is one of 10 being set up by Southern States throughout its five-state operating territory.

While Colson is the only employee named so far for this region's headquarters, there will be five other key workers to be named shortly. They include a regional feed supervisor, operations supervisor, agronomy supervisor, farm supply and petroleum supervisor and a marketing supervisor, where needed.

The new reorganization plan replaces the present system of some 40 operating districts scattered throughout the cooperative's territory, each headed by a district manager who replaces the district manager for separate local farm supply cooperatives, private service agencies or petroleum cooperatives. The new system will place supervision of all types of distribution in a single region directly under the regional manager.

Several changes have been made in the cooperative's Headquarters Staff at Richmond, Va., to implement the reorganization.

Mother away on her big day?

Remember to call her!

Fortunately, most mothers can be with their families on Mother's Day. But when circumstances make this impossible, long distance telephone service really lends a helping hand.

It's the most appreciated way to keep in touch. Your mother is certain to be pleased about your thoughtfulness on her day. And you'll be delighted, too, at the wonderful way long distance lets you say just what you want at the time you want to say it.

If Mother is away on her big day this year... you remember to call her. You'll both be glad you did.

A Mother's Prayer

Dear God . . . help me to live up to the faith I see in my child's eyes. Help me to be the person she thinks I am. I am, so very human . . . yet to her I am wise as a sage. I am so very frail . . . yet to her I am a tower of strength.

I can bind her cuts and bruises . . . I can soothe her small hurts, both physical and mental . . . I can give her love . . . I can protect and cherish her. Yet I can never be half of all I must be, without You to guide me.

Help me . . . and watch over her. In Your Church, teach her the things that are beyond my power . . . so that she will one day be a better woman than I; and in her turn, a better mother.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor in the world for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four essential reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs the moral and material support. Plan to go to church regularly and read your Bible daily.
