Did you ever buy a piece of clothing in a large city many miles from home and discover when you got home that it didn't fit too well, or you wished maybe you had gotten another color or something else?

If you buy at home, all you have to do is take it back. It is expensive to crate merchandise and pay postage to send it back. Buy at home and this will never happen.

CITIZENS BANK STAFF - Employees of the Brodhead Citizens Bank are, from left to right, Mrs. Miranda DeVault, Mrs. Lena Hurt, Bob Proctor, A. M. Hiatt and seated, R. C. Anderson.

We feel that our Banking Institution is something the County as well as the city of Brodhead and adjoining territory, should be proud of. The Bank was organized in 1904. In the 56 years of operation, we have never turned a customer down for a loan, if his reputation was satisfactory and his surety sufficient.

We operated over 50 years without having a single note in an Attorney's hand for collection. Our loans today, to our customers, are considerably over half a million dollars. We were organized as a \$15,000 capital stock bank. This has been increased to \$25,000. We had no surplus to begin with. Our present surplus, and undivided profits are over \$100,000. Our customers all over Rockcastle County have made this possible and we want you to know it is appreciated. We invite you to make this your banking home.

Serving Brodhead and Rockcastle County For Many Years,

We feature:

School supplies, magazines, newspapers, patent medicines, stock and poultry medicines, cosmetics, jewelry, greeting cards, cameras, film supplies, receive film for developing, first aid supplies, make keys and have

'Shop At Home' Campaign

Merchants featured on the Buy in Mt. Vernon and Rockcastle County page this week are W. E. Dillingham and the Citizen's Bank. Dillingham was born near Asheville, N. C. He attended High School at Berea College and college at Eastern State College at Richmond. He spent some 25 years teaching and supervising at attendance in Rockcastle County Schools. In 1949 he purchased half interest in the Maggard Sundry Store at Brodhead. He started in business there in April of that year and reports that he has been very happy trying to serve the people of this part of the county to this date. He is married to the former Miss Anna Brown, daughter of James Brown of Ottawa. They have one daughter, Mrs. Garnie Kirby of Brodhead. She and her husband recently moved from Bloomington, Ill. Organizations to which he belongs include the Masonic Lodge, the Christian Church, the Order of the Eastern Star, Knights Templar, the Brodhead Lions Club. He has also served three terms on the Brodhead Board of Trustees. If he had time, Mr. Dillingham reported, he would enjoy hunting. The five employees of the Citizens Bank of Brodhead have served a total of 148 years in the bank. A. M. Hiatt, chairman of the Board, retired from active service in 1958 after being employed by the bank for some 50 years. He still maintains an office in the bank and spends much of his time there. R. C. Anderson, vice-president and cashier, has been employed at the bank some 40 years. He is still working daily. O. R. Cass, vice-president has served many long years, Hiatt stated. Mrs. Miranda DeVault, assistant cashier has been em-

THE 70-YEAR OLD HOUSE which Sallie J. Newcomb has occupied.

THE RECENTLY COMPLETED HOUSE which was built by Jaycees and other interested persons of Mt. Vernon. Pictured are, left to right, Sallie J. Newcomb, Ed Hunt, Rev. Lee Hopkins and John Jarber.

Local Men Build House For Only Colored Woman In Rockcastle Co.

Miss Sallie J. Newcomb, the only colored woman in Rockcastle County, moved into her new house recently. The house was built for her by Jaycee and other interested citizens of Mt. Vernon. Miss Newcomb, partly disabled and with no means of support, is a proud person. She asks for no aid and receives only \$10 a month from the county and what other persons contribute of their own accord. Until several citizens actually moved furniture into her new house Miss Newcomb found it hard to believe that the house was to be hers. This project, the first of its kind in Rockcastle County, was started in the early winter of 1959. Inclement weather caused work to stop and it was spring before work began again. The value of this house has been estimated at \$2,500 to \$3,000. All labor was contributed and all money for materials was sent in from far and near. Even furniture for the

new house was contributed and Sallie only had two or three pieces of her old furniture moved into the new house. Miss Newcomb has a brother who lives near Stanford. He has a large family and is able only to support them. Born in Rockcastle County Aug. 22, 1907, she was living in a boxed house which had been built some 70 years ago. Miss Newcomb is of such proud nature that she would have lived in the crumbling house until it fell in before she would have requested assistance.

Since the registration books were opened after the May primary total of 746 persons have registered, according to an announcement from Clarence Carter, county clerk of Rockcastle County. Of that number, 651 registered Republican, 90 registered Democratic and 5 registered as Independents.

Auto Burned, Man Injured In Car Wrecks

An automobile burned some five and one half miles west of Mt. Vernon on Ky. 461, Tuesday night. According to Trooper Darrell Steele, the auto was driven by James Delmas Poynter, 21, of Route 1, Mt. Vernon. Trooper Steele reported that Poynter was alone at the time of the accident. He apparently had a blow-out, lost control of the car and went over a 40 foot embankment. Poynter was thrown out of the car. He was taken to Rockcastle County Baptist Hospital suffering bruises and abrasions over his entire body. Witnesses told Trooper Steele that the auto burst into flames immediately after the impact. Marshall Ray Bullock of Route 1, Mt. Vernon and Jackie Farris Pittman of Mt. Vernon were in an auto in front of Poynter. His Aid Run Chaged. Sam H. Carroll, 20, of Route 1, Crab Orchard has sworn out a hit and run warrant against William Douglas Hoskins, 34, of Cincinnati, Ohio. Carroll who is employed at a Mt. Vernon garage informed Trooper Steele that he was appointed. (Continued on page 4)

The Rockcastle County Development Association met Tuesday night at the Bank of Mt. Vernon to discuss the promotion of dairying and agriculture in Rockcastle County. Several Development Association Board Members met with the group from Mt. Vernon and Rockcastle County to ascertain what could be done to promote dairying.

R. H. Hamm, president of the Development Association, presided. Speakers were: Wayne Stewart, Wm. I. Norton, Lee Durham, James Robinson, Kenneth Stewart. Other persons were asked to comment. Wayne congratulated the Association for their efforts in trying to bring industry to Rockcastle County. He stated that much could be done with the resources we already have in the county.

Wayne reported that if 1,000 good producing dairy cows could be added to Rockcastle County and the milk marketed as manufactured milk, it would bring an additional \$260,000 revenue to the County each year. It would also represent full time employment for 80 persons. This does not take into consideration the number of people who would be employed through the additional revenue he added. Wm. I. Norton stressed that Rockcastle County is best suited for dairy cows, hay and pasture and that the dairy animal is the most efficient animal on the farm.

Lee Durham reported there are some 11,000 head of live-stock in Rockcastle County. Of the 199,040 acres of land in Rockcastle County he said 61, 847 acres are crop land. With correct management and pasture the number of head of live-stock could be doubled, he reported.

James Robinson, Armour Manager at Mt. Vernon, said the plant now has 12 milk routes on which 13 trucks pick up milk. Up until Aug. 15 money paid by Armour for milk amounted to \$271,945.04. A large percent of that was from new customers, people who had not been selling milk. The Armour plant provides employment for 27 persons in the county.

At the meeting a committee was appointed to investigate the erection of three signs to advocate dairying. The committee is seeking a slogan for advertising purposes on the signs and in the paper. Floyd Owens suggested that county people choose a slogan. The Signal agreed to sponsor the campaign for the slogan. Complete details and an ad will be announced in next week's issue. A \$25 prize will be awarded to the person who suggests the winning slogan. The prize will be contributed by the Development Association. Kenneth Stewart discussed the market for milk. Several grade A establishments are buying milk from Rockcastle County producers in the amount of milk. These are in addition to the local Armour plant. (Kenneth is one of the largest milk buyers in the county. He is expanding his dairy enterprise.) According to Kenneth, Rockcastle dairymen are the fastest growing dairy County in the world. Funeral services will be conducted Friday, Sept. 16, at 1 p. m. at Red Hill Baptist Church. Complete details will be in next week's Signal.

A 44 INCH RATTLE snake with Poisonous Fangs Killed by Aiva Ponder at Long Branch near Livingston. The reptile was killed June 20.

According to Kenneth, Rockcastle dairymen are the fastest growing dairy County in the world. Funeral services will be conducted Friday, Sept. 16, at 1 p. m. at Red Hill Baptist Church. Complete details will be in next week's Signal.

Mrs. Carrie Coffey Succumbs, Sept. 11

Mrs. Carrie Coffey, 75, died Sept. 11 at the Rockcastle County Baptist Hospital. She was born at Wallins Creek in 1884, the daughter of Hugh and Elizabeth Helton Howard. She is survived by her husband, Willis Coffey of Brodhead; six daughters, Mrs. May Elizabeth Lawrence, Mrs. Grace Newby, Mrs. Edna Bradley and Mrs. Minnie Hart; 25 grandchildren, 16 great-grandchildren and a brother, Hugh Howard of Wallins Creek. Her death was preceded in death by a son, Charlie, and a daughter, Rose. Funeral services were conducted Sept. 13 at the Brodhead Christian Church where she was a member. Bro. O. O. Cloud was officiating minister. Interment was in Piney Grove Cemetery. Watson Funeral Home was in charge of arrangements.

Mrs. Norma Anderkin Employed At Hospital

Mrs. Norma Anderkin, 21, daughter of Mr. and Mrs. Cecil Anderson of Roundhead, began her duties as nurse at Rockcastle County Baptist Hospital, Monday. Mrs. Anderkin, cousin of Elmer C. Anderkin, graduated from the Louisville General Hospital School of Nursing Aug. 28. She has completed the three year course of nursing and plans to take the State Board Examination, required to become a registered nurse, at Louisville Oct. 25 and 26. Miss Anderkin is a graduate of Berea City High School and a member of the Baptist Church. Her hobbies include reading, hiking, and horseback riding.

BULLETIN

Louis Bond, 84, of Pine Hill died Tuesday night at the Rockcastle County Baptist Hospital after an illness of several months. Funeral services will be conducted Friday, Sept. 16, at 1 p. m. at Red Hill Baptist Church. Complete details will be in next week's Signal.

Happenings At The RCB Hospital

Last week the Board of Directors of the Rockcastle County Baptist Hospital requested the State Department of Health and the Kentucky Medical Association to conduct a hearing to determine the validity and cause of rumors concerning the hospital, chairman of the board R. H. Hamm reported. The dining room of the hospital was filled and people were standing in the hall when the board of directors met Monday night in the hospital dining room. A delegation of people appeared and presented arguments favorable to Dr. Donald L. Arnett. Several persons present reported they were only interested in the welfare of the hospital. Chairman Hamm reported he told those present that the board had not questioned the ability of Dr. Arnett. Hamm stated that Dr. Arnett had charged that the staff would not work with him. The staff had been called before the board, at an earlier meeting, and informed that if they could not work equally well with all doctors they would be released.

Mrs. Norma Anderkin, 21, daughter of Mr. and Mrs. Cecil Anderson of Roundhead, began her duties as nurse at Rockcastle County Baptist Hospital, Monday. Mrs. Anderkin, cousin of Elmer C. Anderkin, graduated from the Louisville General Hospital School of Nursing Aug. 28. Mrs. Edna Prewitt Resignation, Oct. 1

Mrs. Edna Prewitt, R. N., submitted her resignation to the local hospital some three and one half years ago. She has served as head nurse since June, 1959. Mrs. Prewitt reported that she will work part time at the hospital in cases of emergency or at any time she may be requested as a registered nurse at Louisville Oct. 25 and 26. Her husband, George Prewitt, Rockcastle County Baptist Hospital Administrator reported that he has no plans to resign in the immediate future. Nurses now employed at the hospital include Miss Joyce Whitaker, R. N., to be head nurse; Mrs. Edna Prewitt, R. N., licensed practical nurse, Mrs. Ollie Hampton, L. P. N., of Berea and Miss Edna Anderkin, graduate nurse.

The effective date of the resignation is Oct. 1. According to Mrs. Prewitt, she resigned because "for the first time, the hospital has enough nurses and I want to stay home with my two small children."

Farm And Home News

SEPTEMBER IS A GOOD MONTH TO:

Treat beef cattle (not dairy cattle) with Co-ral or Ronnel to prevent ox warbles in their backs late next winter.

Kill peach tree borers in peach, plum and cherry trees. Spray or paint the trunks with DDT and let a little run down the bark into the ground.

Take a vacation if you didn't get it in August. Farm people deserve and need vacations.

Fertilize strawberries if you didn't get it done in August. Go to the State Fair. It's your fair. Be there.

Seed bluegrass on the lawn. September and March are the best months for fertilizing the lawn.

Cull dairy cows. If they won't or can't make you some money, then you shouldn't work for her.

Sow Balbo year for winter pasture.

Make preparations for next year's tobacco beds by plowing and sterilizing the soil.

Get heating equipment in order and use heat in curing tobacco. Heat is practically always necessary in curing. Plant ornamental evergreens. (Water plentifully).

SEPTEMBER PASTURE FOR DAIRY COWS

September pastures may look pretty good but they're not as good as they look. High producing dairy cows should gradually become accustomed to a supplementary feeding of silage or hay. Gradually bring them up to one-fifth of a full feed even if pastures look good. Begin this supplementary feeding of silage or hay two weeks before you think the cows need it and you'll be about right. Remember if cows go down in

production you probably won't get them back up until they freshen again. Begin feeding a little extra silage or hay now.

FALL TOP DRESSING OF PASTURES

Most pastures that go out are mowed out. If pastures haven't been top dressed this year, and soil tests indicate a need for fertilizer, September is a good month to put it on. Don't put it off until it is too late.

FARMERS' FEDERAL GASOLINE TAX REFUND

Farmers have only until September 30, 1960 to file claims for refunds for federal tax paid on gasoline used on farms during the period July 1, 1959 to June 30, 1960. The Internal Revenue Service Form 2240 must be used. If you do not have copies you may get them from the District Director of Internal Revenue, Louisville 2, Kentucky, or the County 2.

SAVINGS BONDS

The federal tax on gasoline was increased from 3 cents to 4 cents a gallon October 1, 1959.

Someone asked for a simple explanation of the difference between the kinds of Savings Bonds available for general purchase—and where each can be bought.

TEENAGER'S DAY NEEDS GOOD "TAKE OFF"

The "take-off" is important—not only in launching a satellite but in "launching" a good day at school. Let a good breakfast gives you the "take-off" you need for a successful day.

TRENDS IN FALL HOME FURNISHINGS

Fashions in home furnishings do not change as rapidly as clothing fashions, but each season does bring some furnishings changes. The summer furniture market is over and here are some of the fall trends.

Why do you need a good breakfast? In the morning you literally break the long fast since your night meal. Your body's supply of energy from yesterday's food is almost gone by morning. You need "energy food" for breakfast to give you the pep you need for morning activities.

What is a good breakfast?

Breakfast should include one-fourth of the calories and one-fourth of the protein you need during the day. A whole-grain or enriched cereal, toast or hot biscuit will furnish the energy you need. A protein-rich food—an egg, a glass of milk, or both—will help prevent a mid-morning slump. You need vitamin C every day, too, and citrus fruit or orange juice for breakfast is a good way to get it, she recommends.

Don't let the lack of breakfast rob you of pep and good looks.

September is Better Breakfast Month. For the rest of the month, why not try getting out of bed a few minutes earlier and eating a good breakfast? Your school day will go much better and you'll want to make breakfast a year-round habit.

COOPERATION is a Kentucky tradition!

SEWING CIRCLES... OR APPLIANCE CENTERS

The ladies, God bless them, love to get together at sewing circles. That's where they exchange recipes, trade a little harmless gossip, discuss everything from old schools to new hats and, to their everlasting glory, pitch in to do the sewing chores of an ailing neighbor. It's a tradition to do things like that here in Kentucky... the oldest tradition we have... helping out a neighbor.

Rural electrification is neighborly cooperation, too. The electrical appliances that help take the drudgery out of homemaking on the farm are symbols of that cooperation. Kentucky's Rural Electric Co-ops... created by folks who got together to make a better life for themselves... show how neighborly cooperation serves our Commonwealth. As the countryside has brightened and prospered, so the townspeople have benefited, too. The new rural prosperity made possible by electrification is spent in the cities and towns.

Rural Electricity Benefits Everyone

DAIRYING PROMOTED BY BUSINESS MEN

In 1948 a survey was made of the farming situation in Rockcastle County by Vocational Agriculture teachers and veterans of Rockcastle County. They found a total of 232 dairy animals and 1 1/2 bulls. (The half bull was owned by Berea College and a resident of the Boone community.)
At that time there was not a single milk route operating in Rockcastle County. Through the combined efforts of all County Agricultural agencies two milk routes were developed in late 1949.
Since the starting of the first milk routes, some six milk companies have bought fluid milk in the county and dairy animals have increased from 233 1/2 to over 11,000.
Several hundred of these animals were bought in Wisconsin, Ohio and other dairy areas by Agricultural personnel.
Since Rockcastle County has the type land that must be devoted to pasture and hay crops, small farms and an abundance of labor, dairying was the logical choice for efficient management of this type farm.

Many farmers have been able to triple their gross income through better pastures, hay crops and high producing dairy cows.
With good foundation cows purchased and the opportunity to breed these cows, artificially, to the best bulls in the United States, rapid progress has been made in the number of cows and production per cow.

Rockcastle is one of few counties able to boast two artificial breeding services. Bulls valued at many times over \$15,000 are made available to small and large dairy farmers. The American Breeders company artificial breeding service is managed by K. R. Burdette, veterinarian. The Kentucky Cooperative Association service is managed by Wayne Adams.

The Rockcastle County Development Association has recognized the importance of the dairy industry in the county and decided to promote the industry in any way they can. It has been estimated that the \$1,000,000 dairy industry in the county can triple in the next few years, if everyone joins forces and works toward that goal.

The business men have gotten behind the dairy enterprise with the idea of developing "what we have at hand" and then hoping that industry will want to come to us.

Even if no industry should come, if the dairy enterprise makes progress the project will have been a success.

(Material for this editorial was obtained from Wayne Stewart, Ed. Note.)

Wayne Stewart, James Robinson, W. S. Stewart, John Houston and Roy Brown.
Be thinking of a dairy slogan for Rockcastle County Judges and complete contest details will be announced later. Judges will be from out of the county. The winner of the slogan contest will receive \$25.
