BE ALERT! YOUR CHILDREN ARE GOING . . .

DRIVE CAREFULLY!

**School Time is Safe Driving Time - -
The Child You Save May Be Your Own!**

STOP and WAIT when school buses are taking on or discharging passengers.

More and more children are on the streets again — some of them going to school for the first time. Children will be crossing the streets, walking along country roads, waiting for school busses. Children are sometimes unpredictable, and it is up to drivers to stay alert and in full command of their vehicles in case an emergency arises. PLEASE drive extra carefully. Watch for children at crossing and on the streets. Give the right of way to school busses. Be alert. The children may not see you — be sure you see them!

KEEP ALERT for Children walking to school in the city or on country roads.

GIVE RIGHT-OF-WAY to children at cross-walks. Be sure they arrive safely.

Follow These Rules For Safe Driving

- ☞ Be doubly careful near schools or where children play. Children don't realize the danger and may take chances. That's why you, the driver, must take extra care.
- ☞ Obey traffic laws. Know the traffic laws whenever you travel and don't break them.
- ☞ If you drive, don't drink—if you drink, don't drive. Remember, death takes no holiday.
- ☞ Be a courteous driver. Yield right-of-way, even when it should be yours. It's better to stay alive than to be dead right.
- ☞ Keep your car in top mechanical condition. Use chains when roads are slippery.
- ☞ Slow down. Speed is dangerous at any time—doubly dangerous when visibility is cut by rain, fog, or darkness.
- ☞ Keep lights and windshield wipers in good condition during rainy or snowy weather. You have to see danger to avoid it.

201 Stanford St. Phone 792-2211 Lancaster, Ky.
The management is among the most active merchants in the city or state, and practices the "Golden Rule" in all business dealing. It proved the rightness of this business policy by the rapid growth of the establishment, for only honest, quality merchandise is sold at the fairest prices. Naturally many friends have been made and are consistent boosters for this popular firm.
We suggest to all our readers that whenever they need furniture of any description for the home, they pay a visit to this popular store, where each piece of furniture sold carries behind it a complete guarantee, for its service only ends with your satisfaction.

CHESTER POWELL GROCERY

Quality Meats - Fresh Fruits & Vegetables
Country Produce - Everyday Low Prices

25 Public Square Phone 792-3241 Lancaster, Ky.
Chester Powell Grocery invites the people of this section to make this their store headquarters in town. This store has one of the finest lines of staple and fancy groceries to be found in this part of the state. They bend every effort to satisfy their customers needs. They have the store well arranged for the rapid handling of goods, thus assuring you of prompt service and their customers find their food in first class condition.
Being large dealers, they purchase the stock in such large quantities that they are able to undersell many similar concerns and their customers reap the benefits of their buying power.
The owner is a prominent citizen, and has won the admiration of the entire community and in this review we feel justified to say that this is one of the most progressive concerns of its kind in this territory, and we feel no hesitation in referring them to our readers of this edition.

HESTER & ZANONE MENS FURNISHINGS

Nationally Advertised Brands
Curlie Clothes - Arrow Shirts - Freeman Shoes

79 Public Square Phone 792-3111 Lancaster, Ky.
That much discussed word "SERVICE" finds its true expression in the friendly atmosphere which envelops every customer of this popular store because "service" is interpreted in so many ways that it may well be said to be the sign manual for their entire organization.
Hester & Zonone has maintained an air of calm, friendly dignity which can only be ascribed to the steady standing and sure position. Every customer of this store knows that the management has before it the record of the institution's growth, and treasures the "confidence" the people have come to place in its early statement.
We wish to take this means of commending Hester & Zonone and its employees upon the manner in which this business is operated, feeling assured that in product and practice they will not fall short of their present high standards.

WILLIAM SOWDER HARDWARE

General Hardware - Porter Paints - Home & Farm Supplies
Electric Contracting - Plumbing & Heating

South Campbell St. Phone 792-2671 Lancaster, Ky.
A glimpse behind the scenes of any large firm has always been pleasure to those who have never studied the inner workings of such a business.
As you walk into William Sowder Hardware in Lancaster, you are accustomed to the many shelves of quality merchandise that are offered for your selection. The display tables have new, modern and attractive merchandise at outstanding prices. Each of you know the friendly service, the large selections and the unqualified guarantee.
When you think of all these things you can readily understand why William Sowder Hardware has been the leading paint and hardware store in Lancaster. William Sowder invites you to give them a visit and become better acquainted with this modern store.

CECIL LANE INSURANCE & REAL ESTATE

Writing all lines of Insurance with Service - Complete Real Estate Service
Auction Sales - Auctions A Speciality

115 Richmond St. Phone 792-2481 Lancaster, Ky.
This is one of the reliable and representative real estate offices of this section. It is conducted by a man of experience in the real estate business and highly conversant with true value.
Those who have property which they wish to dispose of to advantage will do well to consult Cecil Lane for he will be able to obtain for them the highest price that the market permits.
In realty transactions both the buyer and seller are at the mercy of the man who stands between. It is, therefore, well to consider such matters carefully before entering into any transactions or agreements. In this respect, no one stands higher in the estimation of the public or is possessed of a riper experience than Cecil Lane.
In making this review of the progress of today we desire to point to this firm that is reading the times and are pointing the way to a happy home for the many.

Compliments

DR. THOMAS A. BROOKS, CHIROPRACTOR

Complete Chiropractic Health Service

270 Stanford St. Phone 792-2811 Lancaster, Ky.
Dr. Brooks is one of the leading professional men in this section of the state. He is an expert in analysis and offers the people the highest type of professional service. Many people from out of this part of the country are visitors at his office and receive beneficial adjustments.
In the professional line of this part of the state there is no one who has attained a more successful career than Dr. Brooks who is recognized as an authority on chiropractic. The work of the chiropractor is to correct subluxation found in the spinal column. This is done by an adjustment performed with the forehead in a specific manner. When such adjustment is completed, mental impulses will flow unretarded and health will result naturally.
We wish to compliment Dr. Brooks upon the very valuable work that he is doing in this section and direct your special attention to his efficient methods.

POWELL MOTOR INC.

Ford Sales, Service, Genuine Parts - Complete repairs on all makes
Wrecker Service - Bear Wheel Alignment - Goodyear Tires

214 Richmond St. Phone 792-2131 Night Call 792-3552 Lancaster, Ky.
The real test for an automobile comes in the manner in which it actually stands up on the road. Those who have never enjoyed the satisfaction of driving one of the new Ford automobiles cannot fully appreciate the wonderful value offered at such a reasonable price.
The manager enjoys the distinction of being an authority on the value of cars and trucks and if you are thinking of selling your car or trading it in you should have their appraisal before making a deal.
They offer the new Ford cars for a small down payment and the remainder can be arranged on automobile payments. This gives one the time to pay and make money out of the car that is paid for it.
We take pleasure in this business review in directing your attention to the Powell Motor Inc.

GARRARD LUMBER CO.

Lumber and Building Materials - Paints - Builders Hardware - Building Contractors - Aluminum Storm Doors and Windows

R. W. MEADOWS

Gray - Seal Paint - Wallpaper -
Fine Furniture - Glass
115 South Campbell Phone 792-3431
LANCASTER, KENTUCKY

The matter of paints and wallpaper is a most important one. They have left nothing to chance. The paints and wall paper offered by them have been scientifically tested and found to be the best possible. Prices are the lowest possible and the service rendered under the direction of a management thoroughly conversant with every feature of the business. We might sum it all up by saying that it is quite appropriate to give this establishment the title of "top and wall paper headquarters."
The management and the establishment are important features of the life of the community and no matter what may be your needs in this line when you call at their place you will find the courteous and efficient service, friendly and capable. Their charges are right. They are prominent business people of the section and are worthy of extended mention.

KENTUCKY CLEANERS

Fine Cleaning - Fast Service -
Satisfaction Guaranteed - John Mann, Owner
Buford St. Phone 792-3251
LANCASTER, KENTUCKY

The latest cleaning machinery in their plant makes it possible for them to turn out work that not only cleans out the dirt, but so handles the most delicate fabrics as carefully as they would be in your own home. The service has met with instant approval by all who have work done by them.
It is a pleasure for the editor of this review to point out this foremost cleaners as one of the leading enterprises of this section of the state and to say that it has been eminently fair and honest and that they have won for themselves the reputation of being the leading concern engaged in this special field of endeavor. It is to your advantage to transact business with them. For anything in cleaning, pressing, alterations contact Kentucky Cleaners.

LANCASTER AUTOMOTIVE

Jobs - Automotive Parts and Accessories -

Filing Slow For Several City Offices

FRIDAY MIDNIGHT FILING DEADLINE

With only one day left to file as a candidate for city office to be filled in the three county towns in the November election, there will be opposition only at Livingston, if no one else files.

Two slates of candidates have filed for city trustee posts at Livingston. One slate has the incumbent trustees: Dr. R. G. Webb, H. R. Mason, Sampson Halcomb, H. L. Holland and Ellis Marshall. The other slate includes C. H. Webb, Lester Arnold, Henry Cummins, Clell Pike and P. L. Poynter.

Livingston voters, however are not required to vote for a slate. They may choose five members out of the group of 10. This also holds true in case there are slates in other towns.

At Livingston, one police judge candidate has filed. He is not required to vote for a slate. They may choose five members out of the group of 10. This also holds true in case there are slates in other towns.

For a time it appeared Mt. Vernon Mayor Carl Brown would have opposition from former mayor, Roy Cummins. (Continued on page 4)

Mayor Carl Brown

MVHS Defeated For Third Time

Mt. Vernon High School's football team made it three losses in a row Tuesday when Camp Dick Robinson eeked out a 7-6 victory over the Red Devils.

The victory ended Camp Dick's season at 1-1. Camp Dick scored its only touchdown in the game in the first quarter when Jimmy Moore completed a 30-yard pass to Tommy Pruitt. Camp Dick then scored the extra point.

Vernon's lone touchdown came in the final play of a two-yard plunge by Stanley Hellard, but the extra point attempt failed when Camp Dick's secondary broke up a pass in the end zone.

In a previous game Berea High School scored four touchdowns for a 25-13 win over the Red Devils.

Mt. Vernon appeared to be off to a good start when they scored early in the game, but a shoulder injury by Lee Hays, ended the team plan to spark, and Berea came from behind to win the game. McNew completed five out of nine passes attempted in the game.

Mt. Vernon's next game will be with Eminence at Mt. Vernon Friday night.

BHS DAIRY TEAM 11TH IN STATE

The Broadhead Future Farmers judging team placed eleventh in the State Fair Dairy Judging Contest Sept. 15.

Broadhead was among 84 chapters participating in the judging. The boys judged three rings of heifers and three rings of cows. When one ring was placed on both type and production.

Members of the team were Jimmy McKinley, Carl Lewis and Dale Mink. McKinley was the highest scoring member of the team with 274 points of a possible 300. The boys were coached by James Coomer.

Jackie Hayes Enlists

Jackie Ray Hayes, son of Mr. and Mrs. Raymond W. Hayes, enlisted in the Air Force on Sept. 19. Mr. Hayes is a former student at the University of Kentucky.

Explains ASC Election Set-up

Election of community committees in the ASC program for the coming year will be held September 26 at 10 a. m.

Community A will vote at the ASC Office at Mt. Vernon; Community B will vote in D Community; A copy of community boundaries is available at the county ASC office for your information, and the event you believe you are placed in the wrong community, you may appeal this to the county committee for a change.

The election meeting to elect community committees will be conducted by Mr. Mullins, chairman of the committee, and to be eligible (Continued on page 4)

Area Re-Development Program Gets Underway With Meetings

A meeting to set up the working organization and future plans for 10 counties under the newly formed federal Area Development Program has been scheduled for 10 a. m. Sept. 21 at the D & W Cafe, Barboursville.

The working organization for the counties, designated the Cumberland Valley Counties, will include Harlan, Bell, Knox, Whitley, McCreary, Laurel, Clay, Rockcastle, the Jackson and Madison counties.

At the meeting of the so-called depressed counties, the Kentucky Area Program Office will provide: A map, outlining a suggested group of counties in Kentucky counties into Areas, selected on the basis of their best relationship for overall development programming.

An organization plan for Area Program Councils, suggesting membership types, purposes and procedures by which such groups might organize to plan, promote and coordinate area development.

An Area Program Work Kit, including working materials for the Area Program councils to use in writing and putting into action an overall area program.

An area approach to action on many programs in Kentucky, including a sound approach to get action with all practical speed.

According to John D. Whisman, administrator of the program, the new federal Area Program is a "Berea Man Fined Over Police Car"

Hitting the Livingston City police car while Police- man Gene Senter was attempting to arrest him, cost Herman W. Whitt, Route 1, Berea, a total of \$212 and 10 days in jail.

Whitt was fined \$156 on a drunk driving charge, and \$56 on a charge of driving while his drivers license was revoked.

Monday night, with two more days of the 10-day term left to serve, Whitt complained to the Livingston jailer he was cold. The jailer let him out to warm and Whitt ran off.

Whitt was arrested Sept. 11 by State and Laurel County police officers at a road block near London after he was driving through the Livingston Police Car as Police- man Senter tried to pass him.

Vanhook Named To 4-H Council

Wayne Vanhook has been elected president of the Rockcastle County 4-H Council for the coming year.

Roy Brown was elected vice president, and June Stewart, secretary-treasurer. The new officers were chosen at a meeting held at the home of Mr. and Mrs. Roy Brown, of Quail. The group also enjoyed a pot luck supper.

The council planned a complete program of work for the coming year. A special effort will be made toward strengthening the Council by getting new members. All persons interested in 4-H Club work are urged to become members of an active 4-H organization.

Commission Grants Closing Of Depot The Public Service Commission of Kentucky gave the L & N Railroad permission to close its agency at Mt. Vernon effective Oct. 16.

Audience Listens To Speakers On Proposed Rockcastle Dam

Six Counties Approve Rockcastle River Dam At Hearing; Five Counties Ask Dam Be Located 'Above Livingston'

Participating in a public hearing at Renfro Valley on the proposed Rockcastle River dam was Army Col. Vincent Carlson, of Nashville, Tenn., seated, and accompanied by two secretaries, Miss Thelma Cummings and Mrs. Evelyn Haggarty. At rear, standing, Atty. James W. Lambert, County Judge Money E. Cummins, Dr. R. G. Webb, and Rep. Eugene Siler. Colonel Carlson is head of the Army Corps of Engineer's Nashville District.

Spokesmen for Rockcastle, Laurel, Jackson, Clay, and Madison counties, suggested to the Army Corps of Engineers at a public hearing Tuesday night that a dam on the Rockcastle River is needed and would best serve the interests of the most people if it were located on old US 25 about a mile "above" Livingston.

Pulaski County spokesmen did not voice a direct opinion for a site for a dam, but indications were the group would prefer a site nearer Somerset, probably at a location in the narrows of the Rockcastle River about 30 miles south of Mt. Vernon.

An editorial entitled "We Choose A Site For A Dam" is on the editorial page of this issue.

Some 700 people, mostly from Rockcastle and Jackson counties, attended the meeting. In fact, so many turned out at the hearing that last minute switch had to be made, to the Barn at Renfro Valley.

The hearing began in a dignified and orderly manner, but the dignity and order soon diminished when members of the Somerset delegation took the floor for a "read-athon" that threatened to continue through the entire evening.

The Somerset "read-athon" began after a speaker representing each of the four counties of Rockcastle, Jackson, Laurel and Clay, had voiced countywide opinion that a dam on the Rockcastle River above Livingston was greatly needed and would be an economic aid to all counties.

After the last of the spokesmen had sat down, Paul Hughes, of Somerset, took the floor and asked the meeting's director, Army Col. Vincent Carlson, if he could call on various spokesmen from the Somerset delegation to read testimony into the record or to say a "few" words. Colonel Carlson agreed.

For the next hour and a half, a parade of Somerset witnesses, well organized and armed with facts and figures, paraded to the microphone. As the reading progressed, the audience thinned. In some sections of the barn, and outside the barn, tempers began to flare as delegations from other counties became aware that if the reading continued there would be nothing in the record but Somerset testimony. A move to halt the read-athon then began.

After considerable backstage discussion, the Somerset delegation was requested to yield the floor, and did, after Colonel Carlson and Rep. Eugene Siler conferred amid mounting noise. The Colonel asked Mr. Hughes: "How many more witnesses do you have?" Mr. Hughes told the colonel there were a few more. "There were about 50 in the delegation." The colonel then suggested that other counties be allowed to talk, and the crowd roared and yelled its approval. The Somerset delegation then halted the read-athon.

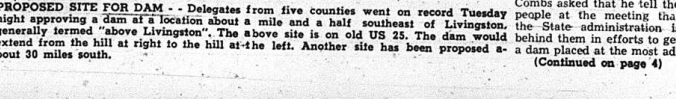

The meeting went back to routine speeches by representatives from various counties. On the matter of a dam for the Rockcastle River, every delegation agreed there should be a dam. Apparently, if there is to be open disagreement, it will be on the exact location of the dam. A rumor had spread through the county prior to the meeting that there would be organized opposition to a dam above Livingston by residents in that area, but the opposition failed to materialize.

The meeting got underway with Atty. James W. Lambert, of Mt. Vernon, introducing Colonel Carlson and his staff, and called for a dam on the Rockcastle River as an economic aid to the six-county area. Colonel Carlson then read telegrams from various federal agencies each pledging cooperation with the engineers in any project on the Rockcastle River.

Introduced next at the meeting was Stephen Wakefield, Frankfort, director of the Division of Flood Control and Water Usage, and personal representative of Governor Bert Combs.

Mr. Wakefield expressed the governor's regrets at being unable to attend the meeting. He said Governor Combs asked that he tell the people at the meeting that the state administration is behind them in efforts to get a dam placed at the most advantageous site.

(Continued on page 4)

PROPOSED SITE FOR DAM - Delegates from five counties went on record Tuesday night approving a dam at a location about a mile and a half southeast of Livingston generally termed "above Livingston". The above site is on old US 25. The dam would extend from the hill at right to the hill at the left. Another site has been proposed about 30 miles south.

OTTAWA

Mr. and Mrs. Everett Wayne Frisby, Judy Ann and William Wayne, of Seattle, Wash. visited Mr. and Mrs. Virgil Lawrence, Phyllis, Mrs. Carlos Lawrence and son, Wendell, and Mrs. Amanda Tyree Sunday.

Carlos Lawrence is working in Clay, West Va., working with a construction Co. Mrs. Lola Roberts, Mr. and Mrs. H. E. Jones spent one day last week with Mr. and Mrs. Bill Coffey on Brindle Ridge.

Mr. and Mrs. Carl Buckner and Stella Boone of Kings Mountain, N. C. were last weeks visitors of Mrs. Kizzie Seoggin and Daniel Boone.

Mrs. Charlotte Ann Bullock and Kimberly Ann of High Point, Ohio returned home after spending a few days with her parents, Mr. and Mrs. Marshall Seoggin, and Dale.

Mrs. Alta Bullock has returned from a visit with relatives in Illinois.

Mr. and Mrs. Harold Cable and Dacia of Cincinnati, Ohio spent this week end with homefolks and Debra stayed this week with her grandparents, Mr. and Mrs. Walter Chaney.

Miss Louella Gentry is attending Spencian Business School at Louisville.

Miss Loretta Roberts is attending Cumberland College at Williamsburg.

Mr. and Mrs. James Payne of Webb spent last Sunday with Mr. and Mrs. Curtis Bradley, Alton and Jeanelle.

Bro. Etzel West of the Temperance League Theological Seminary in Louisville preached at Ottawa Sunday.

Miss Carol Roberts who is a member of the general nursing school in Danville, brought the following girls home with her one night last week; Miss Jenny Lou Harris, Miss Ramona Vinson, Miss Jerrie

Farris.

Mr. and Mrs. Laddie Garrison and Judy of Perryville visited Mr. and Mrs. Dean Jones, Vickie and Jarace, Sunday afternoon.

Mr. and Mrs. H. E. Jones and Mr. and Mrs. Dewey Roberts visited Mr. and Mrs. J. E. Harris and family at Mareburg.

Mrs. Dewey Roberts, Carol Ann Roberts, Jenny Lou and Judy Harris were in Somerset Saturday shopping.

Miss Joyce Flynn, who is attending the practical nursing school at Danville, was accompanied home by Miss Pearl Cole of Michelsburg, one night last week.

Mr. and Mrs. Floyd Flynn of Wagsville were Sunday afternoon guests of Bro. and

Mrs. R. C. Flynn and daughter, Valory Wright, who is working in Florence, took his wife, Doris, Roy Wayne and Rhonda Kay, back with him.

We have received word from Bro. W. L. Randall who is in a hospital in Missouri that he is getting along well. A speedy recovery is wished for him.

The W.M.S. held its week of prayer four nights last week with Bro. Flynn as the speaker.

Mr. Albert Hayes, correspondent

WILLAILLA

Visitors of Mrs. Julia Nor-

ton last Sunday were: Mrs. C. S. McKinney and daughter, Mrs. Keith Norton and family, Charles McClure, Betty Sue and Charles, Ray McClure and Arvil Burton.

Mrs. Exie Brown was Tuesday dinner guest of Mr. and Mrs. W. E. Burton and Mrs. Exie Brown left for her home in Florida Wednesday.

Mr. and Mrs. Delmus Taylor and sons visited the Whitakers Tuesday night.

Mr. and Mrs. Lewis Taylor, dinner guests of Mr. and Mrs. Willie Taylor.

Mrs. Belle Cox, who is reported ill, remains about the same.

Mrs. Sharon Burton recently visited Mr. and Mrs. Oscar Owens, at Mt. Vernon.

Mr. and Mrs. W. E. Burton visited their daughter, Mrs. Mary Jane Randolph, and Linda Tuesday.

Mr. and Mrs. Maurice Thompson attended church at Somerset Tuesday night.

Mr. and Mrs. Roy Gill of Sevierville, Tenn., visited Mr. and Mrs. W. E. Burton last Sunday.

Joe VanHook is reported not feeling so well. A speedy recovery is wished for him.

Joe Hamm of Brodhead and Bob Hamm visited the Burtons this week.

visited Mr. and Mrs. Chester Hensley Wednesday.

Geneva Sparks visited her parents, Mr. and Mrs. Chester Hensley, Tuesday afternoon.

Belle Trail spent Sunday with Darlene Allen of Roundstone.

Junior Byrd is reported very sick at his home. He is the son of Mrs. Cora Byrd. A speedy recovery is wished for him.

George Bethuram was dismissed from Berea College Hospital Tuesday. He spent a few days with Bro. and Mrs. Ray Botto, Larry and Betty Sue, of Lexington. He is slowly improving at his home.

Larry and Betty Sue Botto and Mildred Presley spent Sunday evening with Alice and Brenda Banks.

John Carpenter has recently been dismissed from a hospital. John, nephew, of Tommie Carpenter of Hamilton, Ohio, is visiting his uncle and aunt and visited Mr. and Mrs. John Banks.

David Riley spent Saturday night with Bobby Banks.

When a car is this beautiful, you know Pontiac built it!

Who else but the buldler of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with from 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3½ feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a 1962 Pontiac show you its stuff while it's showing you off!

The '62 Wide-Tracks are here!

This is the new silhouette of the Bonneville Sports Coupe

We Choose A Site For A Dam

Before going on record approving or disapproving a particular site for a dam on the Rockcastle River, it was our desire to hear all sides of the question and also visit the areas of sites most likely to be considered.

This we have done and, at the risk of being presumptuous, we believe the best site, and one that will benefit the most people in this six-county area, would be above Livingston on old US 25.

This county, designated "depressed" by the federal government, is in need of a water supply to attract industry and the vacationing public. With a dam above Livingston, and a lake spreading over several hundreds of square miles, and with 125 miles of shoreline, both the industrial and recreational problems that now beset the counties will be well on the way to being solved.

Recently, a second site has been "thrown into the ring" for consideration. This site is about 50 miles south of Mt. Vernon in the general area of the Narrows of the Rockcastle River. Pulaski County people, with Somerset and US 27 about 12 to 14 miles away, appear to be more interested in this site. At least, a picture in last week's Somerset Commonwealth showed a scene at the Narrows and was headed as a good site for a dam.

At a public hearing Tuesday night, led by the Army Corps of Engineers, the Somerset delegation read facts and figures, not only to prove a dam is needed somewhere on the Rockcastle River, but should be at the Narrows. Never once did any of the reasons for a Rockcastle River dam, but as the reading progressed it seemed to us the facts and figures presented and related through the Pulaski viewpoint, spoke clearly for the Narrows site. In short, the delegation appeared to be talking the dam above Livingston right out of consideration.

We believe the following points justify a dam above Livingston:

(1) A large water supply would be more readily available to Livingston.

(2) Rockcastle, Jackson, Clay, Laurel and Madison counties are so-called depressed counties. Pulaski and these counties would benefit directly economically from the dam above Livingston.

(3) The fluctuation of the water level of Lake Cumberland is one of the prime reasons for a Rockcastle River dam. In dry seasons, and at other times, some water from various auxiliary dams would be poured into Lake Cumberland to stabilize the water level. Water in a dam above Livingston would be just as wet as water in a dam at the Narrows.

(4) The possibility is not remote by any means that a large body of water in Southern Rockcastle could change the routing of Interstate 75. Better Rockcastle keep I-75 where it is routed than have the Atlantic Ocean in Rockcastle. A dam above Livingston would not interfere with I-75, with US 25, or with the L & N Railroad.

(5) A large body of water in the Livingston area could well open, in a big way, such possible tourist attractions as Salspetre Cave, Lettered Rock and Wildcat Battlefield.

(6) If flood control is needed in the Rockcastle River basin, any area above the bridge at Fort Sequoyah would not benefit since the backwater would just reach that area or even farther south.

We are of the opinion, a dam at the Narrows of the Rockcastle would be utterly useless to all counties adjoining the river, except Pulaski. The lake that would be formed would be sandwiched mostly between narrow rock cliffs and almost inaccessible by road, especially in the Rockcastle County area.

We hope the Corps of Engineers has not already made up its mind as to the location of the dam and will consider more than one site. We have been assured it has not made up its mind. We are told, if the decision had been made, the Corps would have announced it as a going concern. It has made up its mind, then a lot of people wasted a lot of time Tuesday night.

Also, we will be extremely sorry, if it is true, that Pulaski County will only agree to promote a dam at the Narrows. Over the years, Rockcastle and Pulaski have been closely associated through business and social activities. It would be unfortunate if that association became so strained as to be unworkable.

As Representative Siler said at the meeting, these counties need a water supply for industry, recreation, and other uses. If there is a group that does not agree on a dam, it should adhere to the will of the majority and abandon its resistance so that wise and just decisions can be made. We hope so.

Hearing

(Continued from page 1)

vantageous location on the river.

"The Army Corps of Engineers will make the final decision on the location of a dam on the river," he said. "Whatever decision the corps will make, the State will be ready to realize its completion."

Representative Siler then read into the record a letter pointing his aid in any project undertaken along the river. Mr. Siler also expressed his view that the Corps should listen closely to all the testimony and act in a way that would be best for the people in all the counties concerned.

Following Mr. Siler, A. E. Dykes, planning chief for the Corps of Engineers, took the floor to explain the steps related to the approval of a dam on any river.

Mr. Dykes listed five steps: (1) Gathering of facts that will support the construction of a dam on the river. (2) A hearing is the first step in this process.

(3) An evaluation of benefits of the project. (4) Seeking and maintaining cooperation with local people.

(5) Weighing of the benefits of the project against the cost of the project.

After the five steps have been completed, Mr. Dykes said the Corps will send its report to the Chief Engineers at Cincinnati, Ohio, who will study the report, and a pass it along to the Rivers and Harbors Board for study. The Board will then mail the report to the Corps and its comment. The report and recommendations will then go to the Bureau of Reclamation, Washington, and to Congress for the authorization of funds.

Colonel Carlson then called on Clay Bishop of Manchester, who discussed the local economic situation and called for a dam at a location on old US 25 above Livingston.

Charles C. Carter, Republican candidate for County Judge, then spoke and in no uncertain terms expressed the view that a dam above Livingston would be most desirable for Rockcastle County and would solve many of the economic ills of the area. He also pointed out that Rockcastle County has been designated a "depressed" county by the federal government and therefore "entitled to the dam."

The position Laurel County citizens would take on a site for a dam was uncertain when Laurel State Representative Paul Cornett was called. The position became quickly clear when Mr. Cornett put Laurel on record favoring the "above Livingston" site as the best for the greatest number of people.

"Pulaski County has plenty of water over there now," Mr. Cornett said. "It's time some other areas reaped the benefits of a large body of water." The crowd roared its approval.

Luther Farmer, of McKee, then explained the reasons why a dam would be more beneficial to the area if it favored the "above Livingston." He reported McKee citizens filed a map and a brief with the Corps of Engineers in 1959 pointing out the benefits, and related that a Jackson County people had just changed their mind in the intervening months.

At this point, Colonel Carlson called on M. Hughes who requested members of the Pulaski delegation be heard.

One of the bright spots of the evening was a considerable time later when Dr. R. G. Webb was allowed to speak. He asked the Corps of Engineers to first consider the site above Livingston, and if possible, build a dam at two sites. In reference to the reading of briefs by the Somerset delegation, Doctor Webb said he preferred to talk rather than read. "I always like to look a man in the face when I talk to him," Doctor Webb said, and again the crowd cheered.

Other persons were heard at the meeting including: J. M. Cummins, a professional engineer from all the counties. All stressed the importance of the dam on the Rockcastle and asked the Corps to consider all feasible sites.

CANDIDATES (Continued from page 1) ins. Mr. Cummins reported Wednesday night he would not be a candidate for the county judge's office.

Two other residents have filed as candidates for county posts at Mt. Vernon. They are Dennis Halcomb and G. M. Isaacs. At present on a police judge candidate has filed at Mt. Vernon. He is Jess Baker. Larney Durham, incumbent police judge told the Signal he would be a candidate for the job.

At Brodhead, only four candidates have filed. Three police judge candidates are incumbent E. C. Watson, and G. H. Berry and S. C. Davis. One trustee candidate is Charles Carmack.

Though no one else has filed at Brodhead, it is expected there will be two slates of candidates. The present trustees are Millard Robbins, Elmer Riddle, Henry Crawford, Willie Wallin and Bobby Proctor.

Last date for filing is the election is midnight Friday. The petition bearing 20 names of legal city voters must be filed with County Clerk Clarence Carter. Proponents candidates should consult Mr. Carter as to the wording of the petition, and other information.

ABC ELECTION

(Continued from page 1)

to vote at the meeting you must have a farming interest in the community as owner, tenant, or share-cropper and meet other specific eligibility requirements. The detailed regulations on eligibility to vote as well as eligibility to hold office will be read by the community chairman at the election meeting. The meeting will begin promptly and persons in attendance will have an opportunity to nominate eligible farmers for positions on the community committee and to vote. By secret ballot on the nominees, Ballots will be tabulated and results announced at the election meeting by the committee conducting it.

"It is important to you and to the administration of farm programs in your community and in the county that you vote in this election. Please make arrangements now so you will be able to attend the election meeting on Sept. 28 and assist in nominating an eligible farmer for the program for the coming year. Additional information and a detailed procedure on eligibility to vote will be available for conducting the election meeting as available at the county A&S Office and is available for inspection by any interested person."

Miss Cora Schooler, Former Teacher, Dies

Miss Cora Schooler, a teacher for several years at Mt. Vernon Grade School, died Sept. 16 at St. Joseph's Hospital, Lexington, after a long illness. She was 51.

Miss Schooler, as she was known to the many students she taught, served as a teacher in the early 1930's of the administration of Superintendent Otis C. Amis. At the time of her death, she was a teacher in the Garrard County School System.

She was a native of Lancaster and a member of the Christian Science Church of Boston, Mass.

Miss Schooler is survived by her father, Roy C. Schooler, Lancaster; a brother, Paul B. Schooler, Lancaster; a sister-in-law, and a sister-in-law, and her mother.

Funeral services were conducted Sunday at her home at Lancaster. She was buried in Lancaster Cemetery.

The Evangelist Speaks

BY Rev. Paul R. McFarland

Man has no dignity except that which was given by Divine revelation. Without the Bible you could not prove that man has any preeminence above a dog, a pig, or a monkey.

To be sure there are those who live almost on the dog level and might sink even lower if it were not for the hunting fear that when they die they shall not be as dead as a dog.

The best of man without a regenerated spirit is only flesh. A hog is flesh too. He eats without looking thankfully to God. He roots his fellows out of the trough. And the only thing he counts of value is food. It is little wonder that some made a study of men and found them to be brute.

Real dignity and nobility will never be found in persons who do not have a working knowledge of the Bible. You cannot construct a worthy building without a foundation. The very fact that one has taken no stand in regard to his conduct and corruption.

Instructor Billy Reynolds (turning front wheel) and Shell dealers check out a car at one of Shell's 123 training centers.

Warm Morning Heaters New and Used Liberal Trade-In Allowed on Most Models In Stock. You'll Find a WARM MORNING Coal Heater Just Right For Your Home. Ponder's Furniture Store (Formerly J. F. Griffin & Son) Phone 256-2472 Mt. Vernon, Ky.

Ready Mixed CONCRETE COMPLETE LINE OF BUILDING MATERIALS. S. T. Proctor Lumber Co. Phone 256-2521 Mt. Vernon, Ky.

HOW TO SPOT TROUBLE: Shell instructor Billy Reynolds reveals 10 trouble signals he tells Shell dealers to watch for. You should know about them too. They may help you spot trouble before it starts. 1. Mushy brakes. When your car is standing still, push your brake pedal down with a firm, steady pressure. If the pedal feels soft and sinks all the way to the floor board, you've got trouble that should be fixed right away. 2. Wandering wheels. If your front tires show more wear on one side of the tread than the other, your wheel alignment is probably at fault. 3. Jiggly front end. Put your foot on either bumper, and shove down hard. If your car bobs up and down for a long time, ask your Shell service man to check your shock absorbers. 4. Deceitful tail pipe. If your tail pipe is rusted through in spots, it should be replaced. Same thing for your muffler. A worn-out exhaust system can make your car roar like a wounded hippo. 5. "Blasted" radiator hose. Inspect all of the rubber hoses that interconnect your cooling system. If they are cracked or swollen, they can fail at any time and cause your engine to overheat. Replacing hoses is a simple task for any Shell dealer. 6. Marred windshield. Feel the blades on your windshield wipers. If they're frayed, they can smear the glass. Ask your Shell dealer to check the spring pressure on your wiper arms too. 7. Strange noises. Listen for squeals, squeaks, rattles and other mysterious noises. Strange noises are often warnings of troubles on the way. 8. Under-the-hood clues. You can learn a lot just by looking at your engine. Watch for oil, fuel or water leaks. Even tiny leaks can lead to big trouble later on. 9. Sluggish battery. If your engine turns over more slowly than usual when you start up, an inspection of your electrical system is in order. A run-down battery is usually the cause of starting problems. 10. Oil-streaked sidewalls. It may take a bit of back bending, but it's worth the effort to check the side of your tires you seldom see—the side facing in. Look for signs of leaking fluid on the tire walls. Could be a leaking brake cylinder, or faulty oil seals on the rear wheels. Both can be serious. Any trained Shell dealer knows many more trouble signals than the ten listed here. Ask him to give you a car bumper-to-bumper inspection next time you stop in for a Shell lubrication—or any service job. One last tip: when you've got your car in top condition, keep it filled with the gasoline that's made for top performance—today's Super Shell with 9 ingredients. Super Shell's 9 Ingredients for top performance: #1 is TCP—for power, mileage, longer plug life. #2 is Pentane mix—for fast warm-ups. #3 is anti-knock mix—for resistance to all kinds of knocks. #4 is Alkylate to control "high-speed knock". #5 is Butane—for quick starts. #6 is "cat-cracked" gasoline—for power. #7 is an "anti-ice". Added in cold weather. #8 is gum preventive to keep carburetors clean inside. #9 is Diformate for extra mileage. A Bulletin from Shell—where 1997 scientists are working to make your car go better and better. SHELL
