Electric Company Official Discusses Rockcastle Dam

I am H. L. Sparlock, General Manager of the East Kentucky Rural Electric Cooperative Corporation, with headquarters in Winchester, Kentucky. I have been employed in this position for just over ten years. Prior to that I served as manager of the Jackson County Rural Cooperative Corporation, Meade, Kentucky, for four and one-half years. I am a native of Clay County and lived in this area until joining East Kentucky Rural Electric Cooperative.
East Kentucky Rural Electric Cooperative is a generation-transmission cooperative with 21 member distribution cooperatives who serve approximately 160,000 rural homes, farms, schools, business and industries located in more than two-thirds of Kentucky's counties.
We operate the coal fired Dale Power Station, located on the Kentucky River, 10 miles south of Winchester, which has a capacity of 192,000 KW. We are now constructing the Cooper Station on Lake Cumberland, at Burnside. This station, with a 100,000 KW unit initially, will be expanded to 800,000 KW as the rapidly growing demand for power requires it.
East Kentucky RECC's purpose for existence is to supply power at the lowest

possible rate to our member cooperatives. We are also vitally interested in any development which will result in the improvement of the socio-economic level in our service area. These are my reasons for being here tonight.
Our interest in the Rockcastle River is that of full development of its power potential, its recreational aspects and its other economic potentials.
The Rockcastle River Valley does not contain any great wealth of farm land. Its timber areas are its main value presently, and many timbered areas that would be affected by impoundment are too remote at the present time to be of great interest commercially. This means that the cost of developing this river will be somewhat less than that incurred in other areas and on other rivers. This, lower overall cost will tend to reduce the cost of power generated by such development. Full development may eventually lead to the construction of more than one dam, even a series of dams, each complementing the others and compounding the benefits to the area.
It is my hope that East Kentucky RECC may be able to contract for the power produced by this development to the benefit of an even larger area of our state than that under consideration at this hearing.

Now may I speak briefly on some related factors. As manager of the generating cooperative that supplies power to several member cooperatives represented in this hearing room, one of our efforts now is to attract industry, large and small, to this region. Power supply alone, even low cost power supply alone, does not do the job. An industrial site with a large impoundment of pure, cool water, even within ten miles of a town or city, is necessary if that area is to attract industry today. Even the smaller industries require quantities of process water, of cooling water, of water for a variety of needs that were undreamed of years ago. The impounded waters of Rockcastle River will add a second attraction to the low cost power that will be produced by full development of the river.
I can foresee the day when pipelines, financed by loans available from any one of a large number of agencies, will carry water from this development to McKee, to Mt. Vernon, to London, to Livingston, and to other communities that now cluster around the Rockcastle watershed.
I can see rural industries, using electricity supplied by our member cooperatives and possessing a water supply from this development, providing off-season employment for our farm workers. They could manufacture everything from wooden souvenirs for the shops that now dot

the highways to dimensional parts for furniture factories. Some of this work is done on the farm, right in the farm workshop. The disposition of the directors of our member cooperative is to assist the farmers or small industries to purchase the electrical equipment they would facilitate the manufacture of these items.
Then I see the tremendous expansion of recreational opportunities, of commercial, recreational and tourist development that would come about as a result of this development. I can see new roads to provide fishermen, outdoor lovers, and tourists access to these lakes and commercial developments of entertainment, restaurant, and other facilities on these lakes. As a matter of fact, the development of Rockcastle River and the proposed Laurelton area will do more than almost anything else to act as a magnet to draw tourist traffic off the new superhighway to spend days and week in our area. Once off the superhighway they will enjoy not only the new lakeside facilities but our existing facilities. We need these lakes to hold our investment in the recreation and tourist industry secure.

Gentlemen, of the Corps of Engineers, I know that you want to push the construction of projects that can contribute to the development of depressed areas in East Kentucky. Suitable dam sites within that area are not hard to find. But on Rockcastle River there are several. Select one and start work on the first dam as quickly as possible. You can depend on this, we will push you. We will stay behind you until every possible available site is put to use.

We ask for this complete development of the Rockcastle River for what we feel are sound reasons:
The area has tremendous coal and timber resources and low cost power potential.
Water resources and industrial sites will be greatly enhanced.
Eastern Kentucky manpower, long sought by our industrial north, will have the opportunity to stay at home and work.
The recreational and cultural advantages are obvious. The benefits to the immediate area and to our region from complete development of the Rockcastle River can mean much to this recently economically depressed area. Our support, our influence, and our efforts shall be directed toward this goal.

Advertise In The Mount Vernon Signal. It Pays Big Dividends.
Smokey Says!
WOODLOTS CAN BE GOODLOTS!
I can see rural industries, using electricity supplied by our member cooperatives and possessing a water supply from this development, providing off-season employment for our farm workers. They could manufacture everything from wooden souvenirs for the shops that now dot

PUBLIC AUCTION
496 Acres of Land With Fishing Lake
FRIDAY, OCT. 20
10:30 Fast Time
LOCATED 3 MILES FROM BEREA, JUST OFF SCAFFOLD CANE ROAD
We have been contracted by Mr. and Mrs. Charles Mason and Mr. and Mrs. William Mason to sell this 496 acres of land located just 3 miles from Berea just off the Scaffold Cane Road.
This farm will be sold in 4 tracts as follows:
Tract No. 1 consists of approximately 17 acres with 1 1/2 acres in a fishing lake and has 5 minnow ponds. The lake is stocked with fish and is now open to the public for fishing and is doing a profitable business. There are numerous good building sites located around the lake.
Tract No. 2 consists of approximately 80 acres, 12 acres in good tillable soil, the balance in timber and grass. This tract has a good 3-room house.
Tract No. 3 consists of approximately 156 acres, 15 acres creek bottom land in cultivation now. The balance is in timber and grass. There is a barn on this tract.
Tract No. 4 consists of approximately 243 acres of timber land.
These four tracts have a 6 tobacco base. There are a lot of beautiful building sites and with little cost the land could be cleared for cultivation. There is some good post timber, etc. The fishing lake is advertised and is already a paying proposition. This is the place to build a permanent home or a restful summer cottage.

11 Students Win Awards

Several young people from Rockcastle County won awards at District 4-H Achievement Day Oct. 7 at Williamsburg.

Mary Ellen Hansel, Greer Hill, was chosen district champion in dairying. She also received a blue ribbon for clothing.

David Parsons won district champion award for strawberries. Jack Martin was awarded district champion honors for beef, and Libby Parsons was chosen district champion for lawn improvement.

Others who won blue or red ribbons for projects include:

Roaland Baker, red ribbon, junior leadership and housekeeping; Delores Bond, red ribbon, photography; Judy Jordan, blue ribbon in entomology and a red ribbon in good grooming; Jane Shivel, red ribbon in foods; Darlene Lakes, red ribbon for clothing; Louise Jordan, blue ribbon for good grooming and Norman Linville a red ribbon for dairying and a red ribbon for garden.

Main speaker at the Achievement Day exercises was Rep. Eugene Siler of Williamsburg.

Eight counties were represented: Rockcastle, Clay, Laurel, Bell, Harlan, McCree, Knox and Whitley.

The 4-Hers also toured the campus of Cumberland College. The Achievement Day was sponsored by the four Williamsburg banks.

COUNTY SCHOOL BANDS PERFORM

The Rockcastle County schools bands and director Jack L. Adams were among the guests attending Eastern Kentucky State College's first annual Band Day at Richmond October 7.

The 45 band members were a part of a day-long festival which began with a parade and ended with a massed band performance at half-time of the Eastern-Middle Tennessee football game. Following the parade the 2900 bandmen gathered on the football field for a rehearsal of the afternoon performance, conducted by Eastern Band Director, Nick Koenigstein.

After lunch, served by Eastern, the band re-assembled in the stadium and presented the massed band performance, called colorful and spectacular by Mr. Adams. Forty bands from throughout Kentucky attended.

L & N Railroad Pays \$50,893 In Taxes

A check for \$50,893.82 from the L & N Railroad was paid to the city this week for all taxes due from the railroad for the year ending June 30, 1962.

The announcement of payment was made by James A. Gruver, traveling freight agent, when he visited Mt. Vernon this week.

MISS MARY ELLEN HANSEL, daughter of Mr. and Mrs. Sherman Hansel of Green Hill, was chosen District Dairy Queen at a contest this week at Stanford. There were 19 counties represented at the contest. Miss Hansel is a home economics major at Berea College. She will compete in the state Dairy Queen Contest, sponsored by the American Dairy Association, at Louisville Feb. 10 through 12. Sherman Hansel was elected a district director at the meeting at Stanford.

Swearing-in ceremonies for three new members of the State's Soil and Water Resources Commission are held in the office of Commissioner J. O. Matlock, second from right. They are, from left, J. W. Matlock, Auburn; James Gregory, Madison; and Kenneth Stewart, Wildie. Harry Brown, right, of the Division of Soil and Water Resources of the Conservation Department administered the oath to the new commissioners.

Stewart Re-Elected To Southern States Board

Kenneth G. Stewart, of Wildie, was elected to the Southern States Cooperative Board of Directors for his second consecutive term at a meeting for representatives of the cooperative's members in eastern Kentucky, held here October 6.

A progressive, young dairyman, Stewart was only 32 when chosen for his first term three years ago. He represents a district made up of the counties in eastern and central Kentucky and will be confirmed at the cooperative's annual membership meeting to be held in Richmond, Va., October 26 and 27.

The dairyman has been a chairman of the Rockcastle Livestock Improvement Association and president of the Madison-Rockcastle unit of the Artificial Breeders Association. He is

City Approves Annexation

The first major land annexation to the City of Mt. Vernon was voted by the Mt. Vernon City Council at a meeting last Thursday.

By a unanimous Council vote, Crawford Heights in northwest Mt. Vernon, became a part of the city. As expected, no property owners in the area to be annexed protested the annexation.

Previously, all property owners affected petitioned the Council to be a part of the city.

The Council voted on the request after the annexation ordinance had appeared in four subsequent editions of the Mount Vernon Signal. In other action, the Council warned residents of Mt. Vernon against dumping garbage inside the city limits, and especially warned against dumping in the sink hole in front of Mt. Vernon Grade and High School.

The Council also voted a fire plug to be installed at the corner of Joyce and Floyd Streets in the Owens neighborhood.

Fines and costs in Mt. Vernon Police Court totaled \$175 during September, Police Judge Larpner Durham reported.

City Sewer System Feasible

Proposed Sewer System Questions And Answers

In order to inform the public on various aspects of the proposed sanitary sewer system for Mt. Vernon, the following questions were answered by Jack Crawford, engineer of Renfro Valley, who has completed a preliminary survey for the sanitary sewer system:

- (Q) What makes a sewer system feasible? (A) The rates, as far as a cost is concerned. In other words, it is feasible if the rates take care of the total cost of the project.
- (Q) How much will the sewer system cost? (A) About \$419,469.
- (Q) How will the city get the \$419,469? (A) From revenue bonds.
- (Q) What is a revenue bond? (A) A bond that is paid through revenue from water users.
- (Q) Is a vote of the people necessary on a revenue bond issue? (A) No.
- (Q) Could a revenue bond issue be placed on the city ballot to be voted on in the November election? (A) I don't know. If it should be on the ballot, the government will not participate in any way.
- (Q) Will it be on the ballot? (A) Yes.
- (Q) Is there another method available to finance a sewer system for Mt. Vernon? (A) None that is practical.
- (Q) Would this be a general obligation bond? (A) A bond issued by a city that is paid off from tax assessments.
- (Q) Would this type of bond have to be voted by the people? (A) I don't know.
- (Q) What are the advantages, or disadvantages, of general obligation bonds for a proposed sewer system such as Mt. Vernon? (A) There is no reason for them. They wouldn't be cheaper or easier to get.
- (Q) Granted the city issues revenue bonds, how long will it take to pay off \$419,469? (A) It would be possible to pay it off in 24 years.
- (Q) What will the interest rate be on the bonds? (A) If sold to a brokerage firm, 4 and three-quarters percent annually.
- (Q) How much cash would \$419,469 in bonds bring if they were re-sold on this interest basis by the brokerage firm? (A) I couldn't answer that. It would be the business of the brokerage firm, and not in my department.
- (Q) Why is it necessary to increase water rates \$1.30 a bond issue? (A) Why not let the sewer rates take care of the bond issue?
- (A) To make it fair for all water users. This method has been tested over the years all over the country and found to be the fairest and most practical.
- (Q) How much will a minimum water user pay over the entire bond period? (A) A \$690 increase over what he now pays if the sale of the water user be responsible for hook-ups to the system between their house and the line?
- (A) That's up to the council.
- (Q) Will the water and the sewer system be one unit or operated separately? (A) Together.
- (Q) Will bills owed by the sewer system and water works for water services and purchases be paid by the city from a common fund? (A) Yes.
- (Q) Will the water bill and sewer bill be itemized together for the customer? (A) Yes.
- (Q) Will minimum water users pay more proportionally than big water users? (A) No.
- (Q) Will water customers be charged whether they use the sewer or not use the sewer? (A) If they are in the city limits, they will pay a combined

A sanitary sewer system is economically feasible for the City of Mt. Vernon and should be constructed.

This was revealed in a report of a preliminary survey for a proposed sewer system completed this week by Crawford and Crawford, engineers, of Renfro Valley, and presented to the Mt. Vernon City Council Wednesday night.

The report shows the proposed system will cost \$199,469. The money will come from revenue bonds retired over an approximate 30-year period.

The report also shows an increase in the base water rate will be necessary from the present \$2 to \$3.30 per month, plus an added sewer fee of 50 percent, bringing the total monthly cost to a minimum water user to \$4.95. The increase will go for the retirement of the revenue bonds.

Jack Crawford, who was retained as engineer for the project by the council, presented the report to the city for study. The preliminary survey will also be sent to the various federal agencies and the Kentucky State Board of Health for review.

As noted, the money for the project will come from the sale of revenue bonds. This type bond can be sold to a brokerage firm which, in turn, sells the bonds to clients as investments. The City Council could sell the bonds to the federal government if the government agreed to participate.

Mt. Vernon will probably sell \$380,000 in bonds. This would realize enough money for the system. A total of \$39,390 has been allocated to Mt. Vernon by the State Health Department, with the \$39,390 from the State Health Department subtracted from the \$419,469 cost, the city would need \$80,079 for construction.

Mr. Crawford pointed out \$380,000 would be all the city could borrow from revenue bonds. Any amount over this figure would make the city sewer project unfeasible. Based on the sale of the bonds to a brokerage firm,

(Continued on page 4)

Sewer Construction Costs

In order to clarify construction costs for the proposed sanitary sewer system for the City of Mt. Vernon, the following breakdown of figures is made from a preliminary survey by Crawford and Crawford, engineers, of Renfro Valley.

Pipe, trenching and installation	\$138,619
Manholes	\$26,900
Rail and highway crossings, restore sidewalks, blacktop, concrete, seeding	\$20,400
Crushed stone, intercepting present system	\$20,400
Trench rock excavation	\$43,500
Sewage disposal plant	\$99,750
Engineering and inspection	\$27,500
Land and easements	\$5,000
Legal and administrative fees	\$2,000
Fiscal agent to take care of bond sales	\$11,500
Interest on principal during 1 year	\$18,300
Construction period	\$16,000
Contingencies	\$16,000
TOTAL	\$419,469

Local Men Hurt In Auto Wreck

Two Rockcastle men were injured Sunday afternoon in a wreck a mile south of Morrill on US 25 near Big Hill. Hurley and Hurley, Matthew Moore, 58, both of Mt. Vernon were admitted to Berea College Hospital for treatment of reported serious injuries. Also admitted, was Henry Combs, 27, of Ansville.

All three suffered concussions, broken ribs, punctured lungs and internal injuries, state police said. State Trooper John Nixon said Combs was driving north when a car driven by Hurley attempted to pass him. The cars locked front bumpers and both went off the left side of the road.

INSURANCE DISCUSSION—Members of the Rockcastle County Board of Education and county school officials met recently to discuss the new \$1 million insurance policy which is available to schools and churches. Arnold Guess, of the State Department of Education, met with the group to discuss the matter. He strongly recommended that the Board adopt the insurance plan for all buildings and equipment, seated from left, Mrs. C. Taylor, trustee; G. H. Berry, police judge; J. K. Hamm, trustee; second row, from left, Billy Riddle, trustee; Millard Robbins, trustee; Arch Cash, trustee; Herb Adams, trustee; Bobby Proctor, trustee; Ed Brown, trustee; and Walter Fowler, trustee. Absent when the picture was taken was Billy Bussell, trustee, and E. C. Watson, police judge.

BRODHEAD CITY CANDIDATES—Candidates for office in the City of Brodhead posed for a picture recently at the City Hall. The candidates and the office they seek are as follows: Front row, from left, Charlie Carmick, trustee; S. C. Davis, police judge; J. H. Taylor, trustee; G. H. Berry, police judge; J. K. Hamm, trustee. Second row, from left, Billy Riddle, trustee; Millard Robbins, trustee; Arch Cash, trustee; Herb Adams, trustee; Bobby Proctor, trustee; Ed Brown, trustee; and Walter Fowler, trustee. Absent when the picture was taken was Billy Bussell, trustee, and E. C. Watson, police judge.

SCOUT SUPPER CALLED SUCCESS

The chili was delicious, but there wasn't enough to go around. This was the situation Tuesday night when the Mt. Vernon Scout Troop held a chili supper at the Mt. Vernon Grade and High School lunchroom.

The Scouts prepared for 250 but ran out of chili when many customers went back for seconds. Regardless, the Scouts cleared \$250 and will spend it for equipment and other items.

Scoutmaster Larpner Durham thanked everyone for making the night successful. He especially mentioned Dr. George Griffith for his ticket sales efforts; Mrs. Clifford Pittman and Barbara for cooking for the chili; Cleston Taylor for using the lunchroom; Logan Bryant for printing the tickets, and the Signal for publicity.

AROUND BROADHEAD

Mr. and Mrs. Russell Atkinson spent last week at Herrington Lake fishing. There were in Pennington Gap, Va. visiting Mr. Atkinson's two sisters, Mrs. Myrtle Hinkle and Mrs. Iva Williams Sunday and Monday.

Mr. Marshall McKinney, who works in Louisville, spent the week end at home with his family.

Mrs. Jessie Howard has returned from a visit with her sons in Ohio.

Mr. and Mrs. Wajel Robbins and daughters spent the week end with his mother, Mrs. Jennie Robbins.

Sympathy is extended to the Martin Family in the death of Mr. U. K. Martin who passed away Tuesday at Rockcastle County Baptist Hospital.

Mrs. John Lawwell and Mrs. Earl Kidwell were in Somerset Monday to consult a doc-

tor—Dr. Kenneth Darrell Stevens is at home on a 2-day furlough from Ft. Bliss, Texas with his mother, Mrs. Omar Wilson, Mr. Wilson and family.

Mrs. Wanda Noe, was in Lexington Monday to consult a doctor.

Mr. and Mrs. Vernon Cromer and Phillip of Richmond, Ind. are visiting their parents, Mr. and Mrs. S. R. Cromer, and Mr. and Mrs. Hughie Taylor.

Mr. and Mrs. Reece Wallin and son of Cincinnati, Ohio are visiting his parents, Mr. and Mrs. Cecil Wallin.

Mr. and Mrs. Ray Johnson were here from Corbin Friday afternoon with her grandmother, Mrs. Bettie Newland, and Mr. and Mrs. J. C. Newland.

Mrs. Mary Gravelle and Mrs. Elizabeth Huff returned

home to Louisville with Mr. David Gravelly for a visit.

Dewey Roberts is able to be out after being confined to Rockcastle County Baptist Hospital.

Mrs. Edra Hesterman is here from Louisville visiting her father, W. O. Yaden, and sister, Mrs. Billy Bussell, and Mr. Bussell.

Mr. Fred Sowder was here from his home in Middletown visiting his mother and brother, Mrs. Rhoda Sowder and Mr. John Sowder and family.

Mr. R. C. Owens of Louisville was here over the week end due to the illness of his uncle, Mr. Dick Martin.

Mr. John Sowder is able to be back in his store after an illness.

Mr. and Mrs. Ben Pike were Sunday dinner guests of Mr. and Mrs. Jack Owens.

The Rockcastle County Baptist Association held their annual meeting at the Broadhead Baptist Church Tuesday with good attendance.

Mr. and Mrs. Charley Johnson of Elizabethtown spent the week end with Mr. and Mrs. Edd Barger.

Mr. and Mrs. Bill Wright and son of Washington D. C. are visiting her parents, Mr. and Mrs. Carlo Saylor.

Mr. and Mrs. Lewis Livesay and children, Mrs. Wanda Berry and children and Mrs. S. R. Cromer were guests of Mr. and Mrs. Fred Hasty Sunday.

Mr. and Mrs. John Sowder were visitors in Shelbyville Sunday.

Mr. Jimmy Parsons, who is attending Cumberland College at Williamsburg, spent the week end with his mother Mrs. Virginia Parsons.

Mr. and Mrs. Bernard Riddle and Mr. and Mrs. L. B. Elder were in Melton visiting Mrs. Margaret Melton recently.

Mr. Teddy Brown, who is stationed near Augusta, Ga., is spending a 15-day furlough with his parents, Mr. and Mrs. Hobe Brown. When he returns to camp he will leave for France.

Mr. Don W. Jones from Great Lakes, Ill., is visiting his parents, Mr. and Mrs. George Jones.

Mrs. Joseph Pilkenton of Louisville is visiting her sister, Mrs. Gertrude Owens, and it is here due to illness and death of her brother, Mr. Dick Martin.

Mr. and Mrs. Ervin Hunt and daughters of Shelbyville visited her parents, Mr. and Mrs. John Laswell over the week end.

Bro. and Mrs. E. P. Whitt have returned from a visit with their daughter, Mrs. Bill Dyer, and Mr. Dyer in Saylorville and her mother, Mrs. Edward Stencil, and Mr. Stencil of Huntington, W. Va.

Mr. Lawson Whitt and friend, Bobby Hampton, who are attending Cumberland College, were at home this week end. They visited Miss Linda Sowder in Lexington Saturday night. She attends the University of Kentucky.

Mr. and Mrs. Harold Vanhook and Martha Lynn were in Lexington Monday on business.

Mr. William Painter was here from Cincinnati, Ohio several days this past week.

Mr. and Mrs. Millard Allen Jr. of Lexington visited with his parents, Mr. and Mrs. Millard Allen Sr., last week end.

Mr. and Mrs. John Roberts and Mary Lou of Dayton, Ohio, Mr. and Mrs. Guy Roberts Jr. and children of Independence, Mr. and Mrs. Felix Bowman of Mt. Vernon were guests of Mr. and Mrs. Guy Roberts during the week end.

Mr. and Mrs. J. B. Sutton visited Mr. and Mrs. W. E. Burton at Willalla Sunday afternoon.

WILLALLA

Visitors of Mrs. Julia Norton last Sunday were: Mr. and Mrs. Henry Owens, and daughter, Lewis Brown, Mr. and Mrs. Dee Norton and Ronnie, Arvil Burton, Mr. and Mrs. Lois Stevens.

Mr. and Mrs. Henry Brown and Mr. and Mrs. C. E. Herrin spent a few days in Florida. They returned home last Monday.

Lewis Brown visited the Burton home Friday.

Mr. and Mrs. Owen Burton and Mrs. Zora Burton attended the funeral of Mrs. George Sutton at Providence Thursday.

Sympathy is extended to the Sutton Family.

Mr. and Mrs. Russell Albright, Mr. and Mrs. Junior Burdine and sons spent last Sunday afternoon with Mr. and Mrs. Charles McClure.

Mrs. Ola Burton and Diane were in Somerset Thursday shopping.

Arvil Burton visited the Whitakers Thursday night.

Mr. and Mrs. Grover Burton had a furnace installed in their home this week.

Mrs. Ella Gentry is visiting in Ohio.

Aubrey Phelps was the Sunday dinner guest of Mr. and Mrs. Wayne Burton.

Farmers in this community are busy stripping tobacco

and bailing hay.

J. M. Burton visited Mr. and Mrs. W. E. Burton Monday.

then the city mouse said to the country mouse...

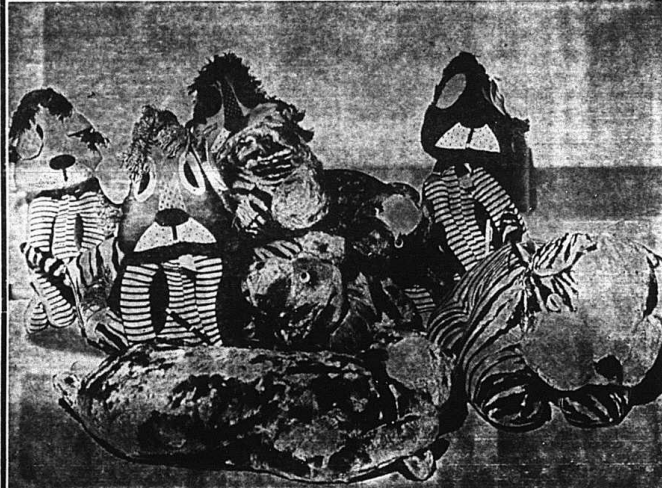

"I can't understand why you think rural electricity should mean as much to me as it does to you."
And here's how the country mouse answered: Low cost rural electricity, supplied by Rural Electric Co-ops, has completely changed the Kentucky farmer's life. It has improved his operations, increased his profits and given him more money to spend. And he spends it for the goods and supplies sold in the towns and cities of Kentucky. There's more: With his increased prosperity the Kentucky farmer has become a more important citizen and a bigger taxpayer. Not only does he pay more taxes directly, but Kentucky's Rural Electric Co-ops, individually and as a group, are among the largest taxpayers in the state. And these rural electric tax dollars are used for all Kentucky. Kentucky's farmers originally built their rural cooperatives for one purpose only... to get the electric power they could not buy elsewhere! Out of their cooperation has grown a force powerful enough to keep Kentucky's prosperity growing.

"Sponsored by 15,819 Member-families of the Jackson County Rural Electric Co-op."

Sewer System Questions

(Continued From page 1)

- water-sewer bill.
- (Q) Are there some water users outside the city limits? If so, will they get sewer service?
 - (A) Yes, there are some water users outside the city limits. No, they will not get sewer service at the present time.
 - (Q) Will these people outside the city limits have to pay the increased water-sewer rate?
 - (A) No.
 - (Q) Will their base water rate remain the same if they are outside the city limits?
 - (A) No.
 - (Q) What will be the base water rate for those customers outside the city limits?
 - (A) It will be \$3.30.
 - (Q) Do we have a health problem from the current method of drainage?
 - (A) Very much so.
 - (Q) Has the City Council ever had a complaint from the State Health Department regarding sewage in Mt. Vernon? If so, when? If so, to whom was the complaint made?
 - (A) I don't know for sure whether the City Council has had a complaint or not. But the State Board of Health has made derogatory remarks personally to me about the sewage condition in Mt. Vernon.
 - (Q) During your survey, how many sewers did you find that are overflowing or being drained into open ditches?
 - (A) Approximately 35.
 - (Q) Will construction of sewers help or hinder present surface drainage in any way?
 - (A) It will help. The sewer will take care of sewage water that is now getting into the storm drains.
 - (Q) What effect will the disposal plant have on property values in the immediate area?
 - (A) Increase property value, due to the accessibility of the area and the general appearance.
 - (Q) If areas not currently served should be annexed to the city, would the proposed system take care of the additional sewage load?
 - (A) Yes.
 - (Q) Is the system going to be designed to take all kinds of sewage, including industrial, such as Armour, or other types that might come into the area?
 - (A) Yes.
 - (Q) If Armour milk waste is not acceptable for the sewage system, would Armour be charged?
 - (A) Milk waste is not sewage and would not be admitted to the system. Of course they would be charged. They are inside the city limits.
 - (Q) Will roof water be admitted to the sewer?
 - (A) No.
 - (Q) Will service station wash racks, or home basement drainage be admitted to the sewer system?
 - (A) No.
 - (Q) Will other drainage have to be provided by the city to take care of such drainage?
 - (A) It will be up to the city.
 - (Q) Will sewage have to be pumped to the disposal plant?
 - (A) Yes, about 75 percent.
 - (Q) Is a gravity type sewer system possible in Mt. Vernon? If not, why?
 - (A) No, it is not possible. It's uphill part of the way.
 - (Q) If a gravity system were possible, how much less would a gravity system cost than a system where pumps are used?
 - (A) Very little difference in cost. Perhaps two percent.
 - (Q) Concerning the general sewer system design, is it a conventional design that has been used in other places? If so, where?
 - (A) It is a conventional design. Places where this type has been used include Paris, Georgetown and Owingsville.
 - (Q) What method will the city use to acquire rights-of-way?
 - (A) Like other utilities, we hope the necessary rights-of-way will be contributed by the owners of the land as a public benefit and improvement. As a last resort we would be compelled to use condemnation proceedings through the courts.
 - (Q) What are some public relations problems confronted by other cities who have been installed?
 - (A) There are some problems. There is always a problem when a contractor maliciously destroys property. However, this problem is not frequent.
 - (Q) Will construction be damaging to streets?

- (A) Of course we will have to tear up some streets but there is guaranteed replacement. This is one of the obligations of the contract that will be awarded.
- (Q) What is the expected percentage of rock ditching you anticipate?
- (A) 28 percent.
- (Q) If the 28 percent turns out to be, say, 30 percent, what would the result be?
- (A) We couldn't increase the amount of the bonds, therefore the amount spent on construction would have to be decreased.
- (Q) What if the 28 percent turns out to be, say, 20 percent, what would the result be?
- (A) It would be left in an accumulative surplus fund or used for added water or sewer lines.
- (Q) Is there any reason to believe the \$419,469 proposed for the system is not enough money to serve everyone in the city limits?
- (A) It is enough to serve everyone we anticipate to serve. There are 39 customers in the city limits who will not be served due to excessive construction costs necessary to reach them.

SEWER FEASIBLE

(Continued From page 1)

ling basins, or designed for 2-hour retention at average flow. The digester, which will be heated for the present design, and designed for four cubic feet per capita, is sufficient for growth for 30 years.

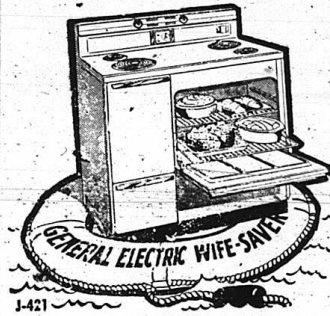

The disposal plant is equipped with mechanical sludge removal and recirculating pumps. The trickling filter is designed for 30-year city population growth. The trickling filter removes 90 per-

cent of foreign matter and then recirculates it so as to pass through the degreasers. It is then refiltered back to the trickling filter.

The outfall of the disposal plant will go into the Town Branch and will be 98 percent pure. There will be no unpleasant odor, Mr. Crawford said.

The disposal plant will be fenced with an access road from Newcomb Avenue.

A breakdown of construction costs of the system is found in another story on the front page.

Bryant Bros.

Main Street Mt. Vernon, Ky.

TO THE CITIZENS OF ROCKCASTLE COUNTY:

As the general election is drawing near, I wish again to state my plea to you, the people of Rockcastle County. First, I wish to thank you for your past support, and again for bestowing upon me the Republican nomination for State Representative of the 79th district. I humbly accept this great honor and trust. I also thank you for your loyal support and encouragement which you have given me in this campaign.

As I have stated before, if elected as your State Representative, I will serve you to the best of my knowledge and ability. I will work for all good legislation, being for that which is good and against that which is not good.

Let me say to you, if elected, I will represent all classes of people, not just a chosen few. Before election day, Tuesday, November 7, 1961, I wish to see all of you. I have already seen many and shall try to see those remaining.

In the following weeks I shall again outline my platform for you. Because of office duties, which I wish to perform for you, I will not be able to talk personally with many, but I shall do as time permits.

I urge each and every one of you to go to the polls and give me your loyal support, which will be greatly appreciated. I hold no malice nor hatred toward anyone.

Your Friend,
Money Ed Cummins

The engineer did not state when construction would begin on the new system if approved by the Council. Because of the lateness of the year, and the many details to be worked out, construction probably wouldn't start until at least the Spring of 1962.

DEATHS

U. K. "Dick" Martin Funeral At Brothead

U. K. "Dick" Martin, 68, of Brothead, died at Rockcastle County Baptist Hospital October 10 after an illness of several years.

Mr. Martin was born the son of Richard S. and Louisa Harris Martin and lived in Rockcastle County most of his life.

Besides his wife, Mrs. Mary Proctor Martin, he is survived by a brother, Virgil Martin, Brothead; two sisters, Mrs. Gertrude Owens, Brothead, and Mrs. J. L. Pilkerton, Louisville, as well as several nieces and nephews.

Funeral services were conducted today at the Brothead Christian Church, by the Rev. O. O. Cloyd officiating. Graveside Masonic services were held at Piney Grove Cemetery, Watson Funeral Home was in charge of arrangements.

Mrs. Mary Belle Cox Buried At Providence

Mrs. Mary Belle Cox, 86, died at the home of her son William Brown, at Willalla, Oct. 8.

Mrs. Cox was the daughter of Robert Duke and Elizabeth Laswell. She was a member of the Providence Church of Christ.

She is survived by two sons: Chester Brown, of High Point, Ohio, and William Brown, one step-daughter, Mrs. Maggie Herrin, Willalla; two step-sons: Ed Brown

and Dan Brown, both of Brothead; seven grandchildren, 16 step-grandchildren and nine great grandchildren.

Funeral services were conducted Oct. 10 at the Providence Church of Christ with Rev. Alvin Holt officiating. She was buried in Providence Cemetery. Cox Funeral Home was in charge of arrangements.

NOTICE

I, Preston Anderkin, announce my candidacy for Magistrate of 4th Magistral District, on a write-in ballot. The cause of my announcement is the encouragement of many voters and friends of this District.

I feel assured I can serve the needs of the people better than the present Administration, and can also administer a better road program.

I'm 47 years of age, a life long citizen of the 4th District.

For the past eight years the people in general have not been at all pleased with the road services they have received from the present road system.

I will cooperate with any aid which should be offered from any source, state or any other means. I will benefit our people of our District.

I will do my best in every way possible to keep the roads so our school buses and church buses can go at scheduled time because I feel that schools and churches are a great need of our county.

I also feel I'm better qualified, to go at all times when the road equipment is being used on our roads to offer any help or assistance I can give in any way. I am retired, disabled from the Blue Grass Ordnance, have no job to go over the roads and see them myself. Please don't forget to write Preston Anderkin when you go vote, November 7.

Preston Anderkin

Social & Women's News

Mr. and Mrs. William Preston Hill

William Preston Hill Weds Kathryn Sands

Miss Kathryn Sands became the bride of William Preston Hill, Aug. 26, in the Brevar d-Davidson River Presbyterian Church.

The bride is the daughter of Mr. and Mrs. Clyde G. Jones, of route 2, Brevard, N. C. and the granddaughter of Mrs. Leila English and the late Dr. E. S. English, of Brevard.

The groom is the son of Mr. and Mrs. Luther Hill, of Berea.

Rev. B. F. Ormand performed the double ring ceremony. Wedding music was

by Mrs. Leon English, organist, and Jan E. Anderson, cousin of the bride, vocalist.

Given in marriage by her father, the bride wore a gown of silk organza over taffeta featuring front and back lace panels and a chapel train. The sabrina neckline was outlined with lace, pearls and sequins, and the long sleeves ended in calla points.

Her fingertip veil was attached to a Juliet cap, and she carried a bouquet of white roses and tuberoses.

Miss Nancy Edwards of Pisgah Forest, was maid of honor. She wore a dress of ice blue organza with cummerbund and full skirt, and a short jacket with large puff sleeves. Her headpiece was a clip of blue flowers and short, blue veil, and she carried a nosegay of asters and pom pom chrysanthemums.

Bridesmaids were Miss Fay Angel of Hazelwood and Mrs. Derwood Brown of Asheville. Miss Elizabeth Jones, sister of the bride, was a junior bridesmaid. They were dressed like the honor attendant.

Miss Roseanne Anderson, cousin of the bride, was flower girl.

Clifton Metcalf of Asheville was best man. Ushers were Terrell Fox, Langdon Seely, cousin of the bride, and Edwin Jones, brother of the bride.

For her daughter's wedding, Mrs. Jones chose a blue silk organza dress, blue flowered hat, and corsage of lavender carnations.

Mrs. Hill wore a dress of blue chiffon and lace, a blue straw hat, and a corsage of white asters.

RECEPTION

A reception was held in the Fellowship Hall of the church, following the ceremony.

For their wedding trip, the bride wore a cream silk suit with beige accessories, and

a corsage of tangerine chrysanthemums.

SURPRISE BIRTHDAY PARTY

A surprise birthday party was held Friday night for Vernon Cummins at his home.

College in Richmond. The groom was a graduate of Berea College and is a member of the U. S. Army reserves. He is employed at Salisbury, Md.

Some 30 persons attended and helped celebrate his 29th birthday.

ANNOUNCING A SON

Rev. and Mrs. Robert Fields of Shelbyville announce the arrival of a son, Edward Todd. He was born Sept. 26 at the Baptist Hospital in Louisville. The couple have

another child, Tammy. Rev. Fields is a former resident of Mt. Vernon, is known to many people as "Bobby Kelley."

ANNOUNCING A SON

Mr. and Mrs. Wayne Lear announce the arrival of a son. The seven pound 13 ounce boy was born Sept. 25 at the Berea College Hospital. He has been named Wayne.

IT'S A BOY

Mr. and Mrs. Donald Hendrickson of Audubon, Minn., announce the arrival of an eight pound 11 ounce son. Born August 26, he has been christened Keith Donald. Mrs. Hendrickson is the former Patry Isac of Conway.

Attention Voters Magisterial District No. 2

Vote for John Cromer, the Country people's candidate on the Democratic ticket. Friends and Voters, I believe - if elected - I can do more for you, the voter, and the second district than any magistrate on any ticket has ever done before. I will work in cooperation with the other four magistrates and the County Judge, in any effort to help the people of the County and district regardless of their politics. I will be fair to all. Your vote and influence will be appreciated.

YOUR FRIEND, **JOHN CROMER**

By: John Houston

CANDIDATE, REPRESENTATIVE 79th DISTRICT

I, John Houston, wish to tell you people of Rockcastle County that I am still a candidate for your State Representative and why. First, I will say, I am a native of Rockcastle (our) county. I am 37 years of age, have never held a public office, or ever before asked for one.

For the past few years, I have worked with the farm organizations such as Farm Bureau, Soil Conservation, Livestock Improvement Association, Rockcastle Development Association and the Chamber of Commerce.

We have observed some improvement in the farming industry in our County, such as: better pastures, better crops, better livestock, a better standard of living.

We recognize that we are in "a changing" Agriculture. On the large farms there is more machinery and more production per man hour.

This brings about the problems of the small farmer and business in our county. The average size farm in our county is about 57 acres. This "average" farmer can not set this size farm up as an efficient operation, therefore the larger part of our people need a part time job or maybe a full time job.

In the past few years, I have seen our County "almost" get a lot of things, but people in the county would wind up going over in the other Counties and working.

Just why has this happened? Possibly because we have not been properly organized. Maybe we have scrapped among ourselves. We have not pulled together enough. Unless we work together - in harmony, it is going to be hard to bring industry into our County. In the past 10 years we have lost over 7,000 in population. Our young girls and boys are going away to find employment.

These are just a few of the problems we have to deal with. I am not concerned about our politics, I am concerned about what we must do and can do for ourselves to make Rockcastle a better place in which to live.

I am only calling myself as a leader in an effort that working together we may solve some of the problems that face us. I am not obligated or tied to anyone.

I will have the rest of my story in the following issues of the Signal between now and November 7.

I urge every one of you to give this your careful consideration and let us work together for ourselves in Rockcastle.

JOHN HOUSTON

MODERN Beauty Salon

Owned by **IMOGENE NOE** Operated by **CAROL JEAN OWENS**

Located: Rockcastle Hotel
Open: 9 a. m. Tuesday through Saturday
OPEN THURSDAY NIGHT
Shop Closed Mondays

Let us tell you about our Permanent wave by Realistic. Leaves hair soft, with body, natural looking and much easier to manage.

Other quality products we use include: Rayette, Breck, Lustron Creme, Zotos. Phone 256-2155 M. Vernon, Ky.
