## Warning To

You folks who I have been trying to get to pay the good merchants at this town and community for the merchandise you carried off knowing you were not going to pay for it if you could possibly cheat them out of it.

Very soon 2 young ladies will be at your front door twice weekly to collect the accounts I have purchased from these merchants.

You and your neighbors will recognize these young ladies by their attire. They will be dressed from head to toe in BRIGHT RED, including High Top Hets.

## 46TH DISTRICT BASKETBALL TOURNAY PAIRING

### Basketball Teams Eye District Tourney

If anyone hit a "lucky draw" in the 46th District High School Tournament Feb. 28 through March 3, it was Mt. Vernon and Livingston.

Both teams drew into the "low" upper bracket, leaving the district "powers" to fight it out in the lower bracket.

Both Mt. Vernon and Livingston had a lucky second break in that both drew first-round "byes" or that is advanced free of charge into the quarter-finals of the tournament.

For Brodhed, the row will be harder to hoe. The Tigers managed to get a first-round first-game with host team Memorial, always a threat one way or another on its home floor.

If Brodhed get by the first game, the Tigers will be idle until Thursday when they meet Liberty-Crab Orchard winner and in all probability, that will be Liberty.

Stanford-Lincoln, one of the tourney's top contenders, got an easy spot in the rugged lower bracket, if there is an easy spot, Lincoln drew a "bye" and a mediocre Hustoville in the first game of the quarter-finals.

The tournament begins Monday night and continues until Saturday night, the usual long week for the tournament. There is action scheduled every night.

### MVHS-Pine Knot

A Big, rugged Pine Knot basketball team got a first-half surprise from MVHS Tuesday night, but came back in the second half to win handily over the Red Devils 69-51 at Mt. Vernon. Billed as a powerhouse, Pine Knot failed to live up to its press notices as far as Tuesday night's game was concerned when Mt. Vernon led 19-12 at the first rest stop. But the Devils failed to maintain the pressure and fell behind 32-29 at the half-way mark.

It was only in the third period, when Mt. Vernon apparently ran out of steam, that Pine Knot was able to pull away to a substantial 30-28 lead. In the final period Pine Knot breezed to its final victory.

Scoring for Mt. Vernon were: Price 20, Coffey 16, Childers 11, Taylor 2, Makin 1, Hayes 1.

Scoring for Pine Knot were: Douglas 22, Cordell 15, Smith 18, Daugherty 6, Strunk 8.

### BHS - Pulaski

Brodhed's Tigers also gave Pulaski County a first-half surprise Tuesday night, but like Mt. Vernon, fell behind in the second half to lose to the Pulaski team 65-53 at Pulaski County.

Brodhed led one point at the end of the first two stan-

das, 8-7 and 28-27, dogged the third stanza 43-39, then dropped behind in the final period for the 48-53 loss.

### Southern States Plans Meeting

Approximately 80 members of Southern States Co-operative's community advisory boards, directors of affiliated co-operatives, stockholders committee members and local retail agency managers from this area will attend a regional meeting in Burnside on Feb. 22. The meeting will be held at the Lakeview Restaurant and will begin at 10 a. m.

There will be a total of 48 of these regional meetings held by Southern States Co-operative in a five-state area. The organization serves over 350,000 farmer-members who live in Virginia, West Virginia, Maryland, Delaware and Kentucky.

The board members attending the session, will hear a report on the cooperative's operations during the first six months of the 1961-62 fiscal year presented by John J. Feland, a representative.

### Heart Fund

Heart Sunday February 25

### FOREST FIRE OUT IN HUMMEL AREA

A forest fire burned over 20 acres in the Hummel section of the county before it was brought under control last midnight Tuesday, according to G. Stewart.

A strong wind and a record breaking 76 degree temperature dried out the woods which resulted in a fire as well as several of a minor nature in the county. Normally, the woods are damp at this time of the year.

Mr. Stewart said woods in the Hummel area have been burned several times in the past. He cautioned farmers to be careful in burning tobacco beds.

### William C. Proctor Buried At Ottawa

William Connie Proctor, 73, died Feb. 9 at his home on Brindle Ridge after an illness of several weeks.

Mr. Proctor was a native of Rockcastle County, a retired farmer and a member of the Brindle Ridge Baptist Church.

He is survived by two sisters: Mrs. Gladden Coffey, Dayton, Ohio, and Mrs. Grace Coffey, of Berea, as well as several nieces and nephews.

Funeral services were conducted Feb. 11 at the Brindle Ridge Baptist Church with Bro. Cecil Dillard officiating. He was buried in Rimmel Cemetery. Sparks Funeral Home was in charge of arrangements.

### WEATHER

The month's extended forecast calls for unseasonably warm temperatures.

## County C of C Elects Group

Roy Brown, Rockcastle business man and farmer, was re-elected president of the Rockcastle Chamber of Commerce at a recent meeting.

John Houston was re-elected first vice president, John Souder was re-elected second vice president, Floyd Owens was re-elected secretary and W. E. Hunt was chosen treasurer for another year.

This is the second year of the re-activated Chamber of Commerce which was not active for a considerable time. The following committees were chosen to serve for the year:

Agriculture Committee—Wayne Stewart and Les Elder; Industrial Committee—N. M. Smock, John Lair, Jimmy Robinson and Atty. James Lambert.

Better Roads Committee—John Houston, County Judge C. C. Carter and Roy Brown. Education Committee—Estill Hodges, W. E. Hunt and John L. Saylor.

Service To Existing Industry Committee—Carl Brown and John Cox. Retention Division Committee—Estill McBee, Les Elder, John Souder, James Taylor and John Cox.

Community Development Committee—Dr. Jack Henderson, Atty. John Allen, Arden Hensler, Mrs. C. Cox, and Mrs. Barbara Owens.

Membership and Finance Committee—W. E. Hunt, N. M. Smock, Raymond Anderson and Dr. R. G. Webb.

Finance and Taxation Committee—Clarence Carter, James Lambert, W. H. Cox and Carl Brown.

## Tobacco Vote On Tap Tuesday

Burley tobacco growers are reminded they will vote Tuesday, February 20, on marketing quotas for the next three crops, 1962-1964, chairman of the County Agricultural Stabilization and Conservation Committee, reminded farmers today.

Growers eligible to vote on the referendum are all those who produced burley in 1961 and shared in the proceeds. Also, each person who was either the owner or operator of a farm for which a 1961 burley tobacco allotment was established is eligible to vote, even though no tobacco was actually produced on the farm, if any of the allotment was preserved for historical purposes.

## HEART FUND

Heart Sunday February 25

## Morton Talks On 8th District

As I travel through the Eighth District, I am always impressed by the great natural resources and the untapped potential they hold for advancement of the entire area. I am highly pleased with the progress we have made in the Cumberland Valley toward ultimate realization of maximum benefits from its abundant water resources. Sen. Thurston Morton told a Republican meeting recently at Cumberland Falls.

Full development of Kentucky's water resources has been neglected too long. Many of the projects started in recent years were authorized more than 25 years ago.

Development of Kentucky's water resources has been neglected too long. Many of the projects started in recent years were authorized more than 25 years ago.

## Charley S. Webb Buried At Ottawa

Charley S. Webb, 70, of Route 2, Brodhed, died Feb. 6 in Stanford Hospital after an illness of about five days.

Mr. Webb was born in Tennessee, but had lived most of his life in Rockcastle. He was a retired farmer and member of the Ottawa Baptist Church.

Besides his wife, Minda Webb, he is survived by two daughters: Mrs. Robert Lewis, of Crab Orchard, and Mrs. John Murphy, Sheridan, Illinois; one brother, Jim Webb, Knoxville, Tenn.; one sister, Mrs. John Brown, Ottawa, and one half-brother, Dave Webb, Brodhed, as well as 14 grandchildren.

Funeral services were conducted Feb. 8 at Ottawa Baptist Church with the Rev. R. C. Flynn officiating. He was buried in Ottawa Cemetery. Morgan and Fox Funeral Home were in charge of arrangements.

The month's extended forecast calls for unseasonably warm temperatures.

## Green Pastures Program Underway

VALENTINE BANQUET was held Monday at the First Christian Church. Mt. Vernon for young members of the church. Elected king and queen at the banquet were Gary Coffey and Sandy Murrell. Gathering around the king and queen were: from left, Frankie Collier, Walter Watkins, David McCauley, Perry Sam, Bonnie Centry, Judy Carter and Lisa Colsey. The children enjoyed the evening of activities. A total of 75 attended.

A green pastures program, sponsored by the Rockcastle Livestock Improvement Association, is now underway in the county.

The program will be called the Green Gold Pasture Program.

The association discussed county pastureland at a recent meeting and decided county farmers had overlooked their pastureland in the last few years, and that county farmers would be able to increase their income markedly by once again concentrating on better pastureland and more livestock.

Forming a committee to work out the details of the program are: John Houston, chairman; Roy Brown, Walter Durham, Clyde Linville, Keith Stewart, James Robinson, Bill Norton, Clay Colson, Wallace Proctor and Wayne Stewart.

The committee will promote the program through a series of newspaper articles and radio broadcasts.

Also to be mailed to farmers will be thick route enrollment cards to be filled out if the farmer desires to participate in the program. Enrollment cards will also be included in the Soil Conservation District newsletter.

A score card will also be kept in each of the participants and will be evaluated from time to time.

During the summer the group plans a pasture tour to various farms in the county. No date for the tour has yet been set.

At the end of the year, and probably at the Farmers' and Businessmen's banquet, there will be a recognition program for the farmers who participated. The group will name a master pastureman and he will receive a score card. Also to be given will be five plaques, 100 certificates and certificates of outstanding contributions to grassland farming.

Directors of the co-op also awarded three contracts for a total in excess of \$850,000. (Continued on page 4)

## Tobacco Vote On Tap Tuesday

Burley tobacco growers are reminded they will vote Tuesday, February 20, on marketing quotas for the next three crops, 1962-1964, chairman of the County Agricultural Stabilization and Conservation Committee, reminded farmers today.

Growers eligible to vote on the referendum are all those who produced burley in 1961 and shared in the proceeds. Also, each person who was either the owner or operator of a farm for which a 1961 burley tobacco allotment was established is eligible to vote, even though no tobacco was actually produced on the farm, if any of the allotment was preserved for historical purposes.

The 1961 crop of burley tobacco, the Department of Agriculture reported, was valued at \$100 million.

## RECC Declares Wholesale Rate

The East Kentucky Rural Electric Co-operative Corporation of directors today approved a reduction in wholesale cost of power to rural electric co-ops in Kentucky.

The board said the reduction will exceed \$120,000 during the remainder of 1962 and will result in a savings of \$3,268,505 in the next years.

Directors of the co-op also awarded three contracts for a total in excess of \$850,000. (Continued on page 4)

The 1961 crop of burley tobacco, the Department of Agriculture reported, was valued at \$100 million.

## DOUGLAS O. CLIFFORD

DOUGLAS O. CLIFFORD, son of Mr. and Mrs. Jesse Clifford, who is in the Air Force, was promoted from Airman third class to Airman second class recently at Reese Air Force Base, Texas.

Airman Clifford is a 1961 graduate of Mt. Vernon High School. He enlisted in the Air Force Feb. 16, 1961.

## RECC Declares Wholesale Rate

The East Kentucky Rural Electric Co-operative Corporation of directors today approved a reduction in wholesale cost of power to rural electric co-ops in Kentucky.

The board said the reduction will exceed \$120,000 during the remainder of 1962 and will result in a savings of \$3,268,505 in the next years.

Directors of the co-op also awarded three contracts for a total in excess of \$850,000. (Continued on page 4)

## BRODHED LION'S LADIES NIGHT

The Brodhed Lion's Club will sponsor their quarterly Ladies Night at the Brodhed School Cafeteria, February 15, at 6:30 p. m.

All wives of the Brodhed Lion's Club are invited. Entertainment will be provided by the Cash Quartet.

Color slides will be shown of the annual spring trip through the Eastern United States and Canada. Points of interest will be Natural Bridge, Virginia; Washington, D. C.; New York City; Niagara Falls, Canada; and parts of Ontario, Canada.

The Club expects a large turnout for the evening.

## Dairy Meeting Planned Feb. 23

Edg Troutman, dairy specialist at the University of Kentucky, will hold a meeting with all interested farmers in Rockcastle County on February 23 at 7 p. m. at the Christian Garage building just across the street from the County Agency Office.

Mr. Troutman will discuss feeding and management, Mastitis control and other management practices essential to profitable dairymen.

## New Bridge Helps Children

Pupils on the Boone-Fairview school bus run in Rockcastle County are enjoying safer transportation since the new bridge has been built across the west part of Roundstone Creek.

T. R. Marsum, Commissioner of Rockcastle County, said he has received letters from school officials in Rockcastle County expressing their appreciation for his work in providing for the improvement to the Fairview School Road.

Mrs. Nevel Miracle, superintendent of Rockcastle County Schools, has informed the Highway Department that she has had no trouble at all since the bridge was finished. Previously, school officials said, the bus was forced to pull out onto heavily traveled US 25 with breaks which were still wet and therefore not reliable—after fording the creek less than a mile from the highway.

The bridge was built with \$3,344 of the Rural Secondary funds allotted to Rockcastle County. The Rural Secondary program is operated with two cents of the gasoline tax.

Commissioner Marsum cited this bridge as an example of the type of improvement that can be made in a community when state and local officials work together to solve a problem. The bridge was the best use of available resources.

PRESENTATION OF AWARDS - Colonel C. A. Cosart, commanding officer, Blue Grass Ordnance Depot, presented and sustained superior awards at his regular scheduled Supervisors' Luncheon on January 30. Pictured above from left to right: George L. Turner, Depot Facilities Division; Raymond A. VanWinkle, Planning and Engineering Division; Ote L. West, Engineering and Procedures Branch; Colonel Cosart; Lester G. Rowlett, Depot Facilities Division; Paul L. Childress, Transportation Division; Joe F. Taylor, Depot Facilities Division; Elizabeth B. Coy, Procurement Office; and Thomas B. Records, Comptroller's Division. Absent when the picture was taken: Joseph M. Fothergill and Thomas F. Powell, Depot Facilities Division.

Gary Noe of Dayton, Ohio and Ben Dale Wilson of Mt. Vernon visited Mr. and Mrs. Burgess Hysinger Saturday.

Cecil Hysinger had dinner Monday with Mr. and Mrs. Tilden Owens.

Mr. and Mrs. Wade Hysinger and Oliver Dowell visited their mother, Mrs. Sallie Dowell, and aunt, Mrs. Bess Treadway, Tuesday.

Gravelly Burton and Chester Hysinger went fishing Sunday.

Mr. and Mrs. Chester Hysinger visited Mr. and Mrs. Howard Linnville Saturday night.

Mrs. Etta Noe, Mrs. Lew Hunt, Hal and Jeanette and Mrs. Tilden Owens had lunch together at Mt. Vernon recently.

Cecil Hysinger had supper with his brother, Chester

Hysinger, and Mrs. Hysinger Friday night.

Burgess Hysinger and Mr. and Mrs. Tilden Owens attended the funeral of Mrs. Luther Cummins Saturday at Mt. Vernon.

Marsha Whitaker spent the week end with her grandparents, Mr. and Mrs. Chester Hysinger.

Mrs. Etta Noe was in Mt. Vernon Saturday.

Dave Tallant, who makes his home with Mrs. Etta Noe, is reported about the same.

Mr. and Mrs. Wade Hysinger and Mr. and Mrs. Tilden Owens visited Mr. and Mrs. Roscoe Hysinger at Broodhead Sunday afternoon.

Mr. and Mrs. Tilden Owens attended a fish supper at the home of Mr. and Mrs. Chester Hysinger Wednesday night.

**AUCTION**  
March 3, 1962 at 10 a. m.

Located on New Chestnut Ridge Road one-half mile off blacktop, At Thompson Farm.

**Farming Tools:** Disc Harrow, Mowing machine, Lime Spreader, 1 Hay Rake, Plow, Corn Drill - horse drawn, 1 mule harness and wagon, 1 tobacco press, 3 tarpaulins, 4 steel drums, 1 florescent light for tobacco stripping, 1 stripping room heater, all kinds of farming tools and other things too numerous to mention.

**Household Furnishings:** 1 Home Comfort stove, 1 Warm Morning Heater, 1 Dinnette Set, 6 chairs and other articles, 4 bed springs and mattresses, 1 living room suite, 1 Buffet, 1 dresser, 2 antique beds, 1 antique trunk, 1 stat. tub, 5 used rugs, 5 chairs, 1 Victrola - spring type, 1 ice box.

**To The Citizens**  
OF ROCKCASTLE COUNTY

Having introduced House Bill Number 54 in the House of Representatives, I have heard rumors by some that it is not a good Bill. My friends, let me explain this Bill and you will agree that it is a good Bill.

In my campaign I stated that if I were elected, I would introduce a Bill in which those children who are mentally retarded and totally disabled would receive aid at twelve years of age instead of eighteen. These children cannot draw public assistance through the aid of dependent children system. Having served as County Judge, I know of the need of this aid. I believe that you will agree with me that this Bill is greatly needed. I have introduced the Bill and will do all in my power to get it passed. I have talked to the Governor about the Bill and urged his and the Legislature's support of the Bill.

This Bill would provide a monthly check through public assistance of the age of twelve and upward instead of having to wait until they are eighteen years of age, in order to draw. A child, as the law is now, must qualify through the Pauper Idots Claim through the County Government. This aid reaches them through their guardian or committee in allotments of \$37.50 each six months being a total of \$75.00 per year. If we could pass this Bill for these unfortunate children they could draw, probably, more than \$37.50 per month. At the present, a child must be, by law eight years of age before he can receive aid from the Pauper Idots Claim. This would give the child a four year period to see if they might improve or see what they accomplish between the age of eight and twelve years of age. This would be a great advancement for these children.

This Bill applies to and amending Kentucky Revised Statutes: 205.010.

I hope I have explained this to you, and if any one wishes to talk to me about the Bill, please feel free to do so. You can be assured that I will do nothing against the will of the people to the best of my judgement.

Your Friend as Ever,

**Money Ed Cummins**

Land Sakes Younguns: Hiss Sassafras Tee time an one's dont begin to live in the spring until after they use drink plenty of the Tee. And the Tee will make a person feel off and bed list like a snake shedding its skin. Why one of my cousins and after he shed off last spring he found out he wurnt a Indine. He'd bin living in a dry country where theyrus didnt have no Sassafras Tee.

Announcing

Mr. and Mrs. Don Bullock announce the arrival of a new daughter born Jan. 30-11. They named her Sandra Gail and she weighed 9 lb. 3 oz. Her mother is the former Deanna Smith.

Sympathy is extended to Mrs. Flora Mullins in the death of her only sister, Mrs.

Martha Young, of Big Hill, Ted Pittman returned to his job at Lexington Monday. Mrs. Elijah Smith, Jr. of Dayton, Ohio, Mrs. Ollie Kirby and Ricky, Mrs. Bert Kirby, and Mrs. Troy Kirby of Well Hope visited Mrs. Elizabeth Zieger last week. Mrs. Bert Kirby is recovering from a severe case of the flu.

Mr. and Mrs. James Renner and baby and Mr. and Mrs. Monroe Gibson and children of Lockland, Ohio were guests of their parents, Mr. and Mrs. Ray Renner, last week.

Francis Francisco reports his father, Mr. Victor Francisco, is slowly improving from a recent illness and is able to return to his home from a Louisville Hospital.

Mrs. Jerry Kirby has returned home from Rockcastle County Baptist Hospital but is still very ill.

Oscar Mullins received word his mother, Mrs. Beeler Mullins, is in critical con-

dition at the home of a son in Richmond, Ind. She recently underwent a operation and later suffered a stroke.

Mrs. Maude Robinson and Mrs. Eliza Holsing of Hebron visited Mr. and Mrs. Balhard Cummins Saturday. Miss Landa Holsing accompanied them.

Mr. and Mrs. George Sturgill and baby of Louisville are visiting her parents, Mr. and Mrs. Ray Renner.

The Rev. and Mrs. J. C. Arny and sons were Sunday dinner guests of Mr. and Mrs. Bascom Payne at Pine Hill.

Mr. and Mrs. R. G. Langford and children of Ohio visited relatives here over the week end.

A speedy recovery is wish-

ed for Randy Mink who has been quit ill.

Mr. and Mrs. E. T. Lovell, Judy and Vicky, spent Sunday afternoon with Mr. and Mrs. Russell Nicley at Sand Hill.

Bobby Elliot was able to return home last Friday after spending several days in the Rockcastle County Baptist Hospital. He had pneumonia.

Mrs. Phyllis Mullins, Mr. and Mrs. Ed Mullins and Edith Martin visited Mr. and Mrs. Vernon Mullins at Berea last week and attended the funeral of Mrs. Martha Young at Big Hill.

June and Phyllis Francis and Betty and Doris Smith were at Mt. Vernon Saturday on business.

Sadie Dean was Tuesday

guest of Mary Sullander.

Mrs. Leone Sullander and children are here to be with her mother during her illness.

Virgil Pensel and family of Madison County spent the week with her parents, Mr. and Mrs. Eddie Kirby.

Week end guests of Mr. and Mrs. Richard Anglin Sr. and Mrs. James were, Mr. and Mrs. Richard Anglin and family and Mr. and Mrs. Samuel Anglin and children of Hamilton.

Mr. and Mrs. John Pittman and Jean, Mrs. Beulah Moore and Bobby were at Lexington Monday.

Randy and Rodger Clifford are reported to be improving from a bout with the flu.

Mrs. Ray Renner and Mildred and Mrs. Lella Sturgill and baby were at Mt. Vernon Monday on business. Mr. and Mrs. James Shoemaker and son of Dayton, Ohio spent the week end with their son, Bruce, at the home of Mrs. Edith Martin and Patsy.

Mr. and Mrs. W. M. Robinson and Mrs. Eliza Holsing of Hebron visited Mr. and Mrs. Russell Holsing and

family Saturday.

Mr. and Mrs. Francis Francisco, Phyllis and Vicky, attended the funeral of Mr. Schaffer at London last week.

Ballard Cummins is on the sick list.

Sunday guests of Mr. and Mrs. Joe Mink were, Mr. and Mrs. Chester Baker and Dennis of Louisville, Jones French and son, Doug, of Mt. Vernon, Gene Mink and Billy Cummins of Withers, Mr. and Mrs. R. V. Howard of Laurel County, Fred Baker of Pine Hill also June Francisco. (See Whillikers.) If I knowed that many peopled, I'd keep my door

closed.

Dr. A. J. Ohlroge, Purdue University agronomist, says hand fertilizer placement method puts the plant food where it will be in the path of the young corn roots. The nutrients in this starter fertilizer go to the knee-high stage and save the way for high-protein fields at harvest time.

Dr. Henry Foth, Michigan State University soil scientist, points out the growth of corn roots is mostly outward and down until plants are about six weeks old. After that the roots begin to go down more than out.

Ohlroge says the early growth period is perhaps the most important in the corn plant's life cycle. During the seedling stage there is a particular development of all the roots, root system, auxiliary buds, nodes, internodes and terminal tassels the corn plant will ever have.

Dr. John Pesek, Iowa State University agronomist, says that starter fertilizers containing nitrogen, phosphate and potash actually need to be placed near the seed row at planting time. Depending on soil tests and the soil type involved, the ratio of nitrogen-

Starter Fertilizer Helps Corn Make Fast, Healthy Growth

STARTER fertilizer will get the corn crop off to a vigorous, healthy start if it is placed, in a band one to two inches to the side and slightly below seed level, reports the Midwest division of the National Plant Food Institute, in planting statements by agricultural college agronomists.

Dr. A. J. Ohlroge, Purdue University agronomist, says hand fertilizer placement method puts the plant food where it will be in the path of the young corn roots. The nutrients in this starter fertilizer go to the knee-high stage and save the way for high-protein fields at harvest time.

Dr. Henry Foth, Michigan State University soil scientist, points out the growth of corn roots is mostly outward and down until plants are about six weeks old. After that the roots begin to go down more than out.

Ohlroge says the early growth period is perhaps the most important in the corn plant's life cycle. During the seedling stage there is a particular development of all the roots, root system, auxiliary buds, nodes, internodes and terminal tassels the corn plant will ever have.

Dr. John Pesek, Iowa State University agronomist, says that starter fertilizers containing nitrogen, phosphate and potash actually need to be placed near the seed row at planting time. Depending on soil tests and the soil type involved, the ratio of nitrogen-

to-phosphate-to-potash should be 1-4-0, 1-4-4 or 1-4-2. Starter fertilizer isn't the entire story; the National Plant Food Institute reports. The corn crop has to be fed all season long. Hence the soil

Well-fertilized corn matures quicker, is ready to pick earlier in the fall.

must have sufficient nitrogen phosphate and potash to do this crop nourishing job. The needed nutrients can be supplied in the form of fertilizer broadcast and plowed about before planting time. Extra nutrients where needed can be side-dressed and until the last cultivation of corn.

What would happen to you if all the Rural Electric Co-ops in Kentucky ceased to operate? "Nothing," you say? You live in town. Think Again! Rural electricity, as supplied by the Rural Electric Co-ops has done more than any other thing to raise the buying power of the Kentucky farmer. Thanks to low cost rural electricity he can operate his farm more efficiently, can produce more and better crops, can make more money. And this money that he makes he spends in the towns and cities of Kentucky. Take away rural electricity and you take away the farmer's power to buy... and much of your own prosperity. Kentucky's farmers originally built their rural cooperatives for one purpose—only... to get the electric power they could not buy elsewhere! Out of their cooperation has grown a force powerful enough to keep Kentucky's prosperity growing.

(Continued from page 1)  
ative from the organization's central office in Richmond, Va.

C. G. Colson of the co-operative's regional office, Campbellville, is in charge of arrangements for the meeting and will present an "Analysis of Volume Needs of the Cooperative's Plants Serving This Area."

Presiding at the session will be C. M. Wade, of Cecilia, a director of the co-operatives.  
Other highlights of the Meeting will include two discussion periods—one by board members and the other by young farmers who attend the meeting as guests of the cooperative.  
Expecting to attend the meeting from the Mt. Vernon area are: Wayne Stewart, manager, Rockcastle Farm Service, Stephen Bullen, Sherman Hinsel, Lewis Adams, Roy Brown, William B. McWhorter and John Huston.

**DISTRICT TOURNEY**  
(Continued from page 1)  
were: Doyle 21, Hamm 18, Rowe 6, Adams 4, Newland 2, Colson 2.  
Scoring for Pulaski County were: Jasper 23, Hamilton 16, Dutton 8, Foster 6, Stringer 16, Harper 1.

**BHS - MVHS**  
Brothead made it three in a row against Mt. Vernon Friday night when the Tigers defeated the Red Devils in a close 49 - 48 ballgame.  
For the first half it appeared Mt. Vernon would possibly come out on top in this third game. Mt. Vernon and Brothead were tied 15-15 at the end of the first stanza, and Mt. Vernon forged ahead 28 - 26 at half-time.  
A poor third quarter by MVHS spelled doom for the Devils. Brothead went into a 42 - 35 third period lead. In the last quarter, Mt. Vernon fought back but failed in the last to lose the one-point.

Scoring for Mt. Vernon were: Childrens 18, Coffey 15, Price 10, Whitehouse 5.  
Scoring for Brothead were:

an average investment of more than \$103 for each of the 221,954 K. U. customers, almost twice as much per customer as in the 1961 budget which called for a total of \$19,850,000.

The largest construction expenditure of the year will be the \$12,000,000 on the second generating unit which will more than double the capacity of the E. W. Brown Generating Station at Dix Dam. The new generator, the total cost of which is estimated at \$17,500,000, is scheduled to be in operation in June, 1963.

Other major projects include a double-circuit transmission line from the K. U. Tyrone Plant to the Frankfort - Versailles - Lexington line and converting this line and related facilities to a higher operating voltage. This will more than double the capacity. Cost is estimated at \$534,000.

A transmission line from Lancaster to Stanford and conversion of the Stanford to Somerset lines and related facilities to higher-voltage-to increase capacity, \$443,000.  
Some \$16,000,000 of the total budget is allocated for special projects with the rest on smaller scattered construction, rural and subdivision extensions, substitution work, office improvements and similar items.

### Tobacco Plant Bed Work Needs Doing

Plant bed sites for the 19-62 tobacco crop should be picked now and prepared as soon as weather conditions are right, says Ira Massio, UK, Cooperative Extension Service specialist.  
Here are his tips:  
Treat the bed sites when weather conditions are right—soil is warm and dry and will "work" freely. This way chemicals or heat used for weed-control will penetrate the soil.

Pick a soil site that is loamy, as fertile as can be found and which has southern or southeasterly exposure to take advantage of the sun.  
Work the bed site in relation to the weed-control method you'll use. Weed-control is a must because young plants cannot compete with weeds and be healthy, growthy and vigorous.  
Methyl bromide gas, steaming and burning are excellent ways to control weeds.

Drenches (such as Vapam, allyl alcohol and Mylone) are very promising.  
Sowing can begin soon after methyl bromide is applied, or the sites are steam-sterilized. When drenches are desired, these drenches should go on the site at least three weeks before the site is needed. This gives plenty of time for grass released in the soil to escape.

March is a good time to seed tobacco plant beds. There's little need in seeding them earlier.  
for equipment, including boiler, feed water pumps and 2,750-horse-power motors.  
Amounts of the individual contracts were not announced pending further study of the specifications.  
Site preparation work on the Cooper Station is being done by the Codell Construction Co., Winchester, and is scheduled to be completed within the next 90 days.

### MORTON TALKS

(Continued from page 1)  
ing ahead at full speed since then, he said.

The Eighth District has been the beneficiary of considerable activity in recent years. The Laurel Reservoir is in the second year of construction. Devils Jump probably will be authorized this year; the Bunches Creek survey is slated for completion this summer, and the Rockcastle River study and Pineville floodwalls have been completed since 1957, and we have a construction start this year on the Corbin local project, Senator Morton declared.

"The impetus of Kentucky's development program can best be told by the record. In 1933 - 1953, civil works spending was at an annual rate of about \$6.9 million. In the nine years, 1954 - 1962, it amounted to about \$38 million annually. In the five most recent years, it has averaged \$66 million. Since John Cooper and I entered the Senate in 1957, expenditures have jumped from \$35 to nearly \$75 million each year. Kentucky has gone from the bottom to the top during this period," he noted.

America's expanding population and industrial capacity call for more and more water. Maximum development of our natural resources is vital to our future, not only to enable us to live more comfortably but to strengthen America's hand in the international field. We talk about marshalling our productive resources to cope with such challenges as the Common Market and international Communism. In my opinion, it is just as imperative to mobilize our natural resources to maximum capacity, Senator Morton emphasized.

The Senator said civil works projects are often called "pork barrel," Critics seem to forget that each and every project must be justified by rigid guidelines set by law. A project must return more in benefits over a 50-year period than its original cost or it won't be built. Congress simply will not approve any project not so justified regardless of the "pork" involved. Water programs are an investment in our future.  
Speaking of investments, he said, I would also like to mention briefly the extent of federal spending in Kentucky. In Fiscal 1961, state tax revenue approximated \$301 million. Federal grants-in-aid representing federal contributions to a long list of co-operative programs, amounted to \$172.8 million, or 57.4 per cent of state tax revenue. This is only the grant figure. It does not include \$85 million in water resource money, nor the value of federal contracts, nor the federal payroll, nor Social Security payments, nor other federal spending. Totaling these it is apparent that the Federal government is now putting more dollars into Kentucky each year than Frankfort is collecting in state taxes each year.

### RECC DECLARES

(Continued from page 1)  
for work and equipment at the new Cooper Station plant to be constructed at Burnside.

The East Kentucky RECC generates electrical power for rural electric co-ops serving more than 150,000 customer-members in 15 Kentucky counties.

H. L. Spurlock, general manager, said the rate reduction will go into effect immediately. "Many of our member co-operatives will be able to pass this reduction on to the members," he said while to others, "the reduction in the cost of their wholesale power supply will enable them to maintain their present rate in the face of other rising operating costs."  
"These reductions," Spurlock added, "will put much of rural Kentucky in an enviable position for attracting large industry that will employ our young people. As we continue to reduce the cost of power, rural Kentucky will become more attractive to large industry, mechanized farming and all-electric living. Several of our member co-operatives are now considering an industrial rate which will be substantially below any existing rates in Kentucky with the possible exception of TVA territory."

One of the contracts awarded today was for a transmission crew headquarters building to be ready for use in April, awarded to the J. M. Chick Construction Co., Bowling Green.  
Another was for substructure and underground construction, the first construction planned at the Burnside site, awarded to the Fuel Economy Engineering Co., St. Paul, Minn.

The third contract was awarded to Byron Jackson, of Huntington Park, Calif., for equipment, including boiler, feed water pumps and 2,750-horse-power motors.  
Amounts of the individual contracts were not announced pending further study of the specifications.  
Site preparation work on the Cooper Station is being done by the Codell Construction Co., Winchester, and is scheduled to be completed within the next 90 days.

33.2 cents per pound; fire-cured types 22 and 23 at 33.2 cents per pound; and dark air-cured types 35 and 36 at 34.8 cents per pound. The 1961 support levels for these tobaccos were 35.0 cents per pound.

The increase in these levels of support for the 1962 crop are due to the increase in the cost of things which farmers bought during the past three years as compared with the 1959 costs. These costs are measured by changes in the index of prices paid, including interest, taxes, and farm wages rates, as provided by law.

Fire-cured types 22 and 23 and dark air-cured types 35 and 36 are grown principally in Kentucky and Tennessee. Fire-cured type 21 tobacco is grown only in Virginia.

### State X-Ray Units Now More Available

Mobile X-ray units, the initial step in a new tuberculosis control program in Kentucky, are in operation in four of the six tuberculosis hospital districts. A fifth unit is expected to begin operation soon.  
"These units are working directly with the hospitals in their district and with the Kentucky Tuberculosis Hospital," said Thomas M. Layton, executive director of the Commission.  
Eventually these State Health Department units will coordinate their work with that of mobile tuberculosis clinics in the same five districts. Layton said plans now are to put the first mobile clinic into operation in the Ashland district by July 1. He said the Commission envisions at least two additional mobile clinics during the next two years.

### Fire-Cured Tobacco Quotas Reported

The U. S. Department of Agriculture has announced 1962 marketing quotas for fire-cured type 21, fire-cured types 22 and 23, dark air-cured types 35 and 36 tobacco. For most farms, 1962 allotments will be the same as for 1961.  
The 1962 quota of 11,930,000 pounds of fire-cured type 21 tobacco will result in a total of 8,149 acres available for allotment; the quota of 48,240,000 pounds of fire-cured types 22 and 23 tobacco will result in a total of 33,012 acres available for allotment; and the quota of 23,300,000 pounds of dark air-cured types 35 and 36 tobacco will result in a total of 15,903 acres available for allotment.  
As in the past, a small acreage for each kind of tobacco will be reserved for establishing allotments for new farms, for correcting errors, and for adjusting inequities.

USDA also announced that prices for the 1962 crops of these kinds of tobacco will be supported at the following levels: Fire-cured type 21 at

33.2 cents per pound; fire-cured types 22 and 23 at 33.2 cents per pound; and dark air-cured types 35 and 36 at 34.8 cents per pound. The 1961 support levels for these tobaccos were 35.0 cents per pound.

The increase in these levels of support for the 1962 crop are due to the increase in the cost of things which farmers bought during the past three years as compared with the 1959 costs. These costs are measured by changes in the index of prices paid, including interest, taxes, and farm wages rates, as provided by law.

Fire-cured types 22 and 23 and dark air-cured types 35 and 36 are grown principally in Kentucky and Tennessee. Fire-cured type 21 tobacco is grown only in Virginia.

### She Is Not Dead

I cannot say, and I will not verify the hand, She has wandered into an unknown land And left us dreaming how And left us dreaming how It needs must be, since she lingers there. And you - oh you, who the wilder year For an old-time step, and the glad return. Think of her faring on, as dear In the love of There as the love of Here. Think of her still as the same, I say. She is not dead - she is just away. By James W. Riley

### In Memory of our daughter

Mr. and Mrs. Phillip Davis  
district will not have an X-ray unit or mobile clinic. Layton said the TB control program now in operation in Jefferson County is an effective one.

### Brooks On Destroyer

Earnest D. Brooks, boilerman second class, USN, son of Mr. and Mrs. Charles L. Brooks of Mt. Vernon, is serving aboard the destroyer USS Willard Keith, which is scheduled to complete an eighty-day visit to Cannes, France, Feb. 17.  
For the past four months the destroyer has been participating in Sixth Fleet exercises in the Mediterranean.

## Mr. and Mrs. Harold Franks

### Harold Franks Weds Washington Girl

Miss Shirley Diane Tresting of Orting, Wash., and Harold Rodney Franks were married in recent ceremonies at the home of the bride's mother.

The bride is the daughter of Mrs. Bertha Tresting and the late H. E. Tresting, and the bridegroom's parents are Mr. and Mrs. George H. Franks of Mt. Vernon.

The Rev. R. N. Olson read the vows and Walter McGregor gave his niece in marriage. She wore a green two-piece wool suit with mint green blouse and a corsage of roses.

Honi Anderson was maid of honor for the bride and Kenneth A. Hayward was best man.

Pink gladioli and greens decorated the living room for the wedding. Gail and Kim Meddaugh carried the rings.

The bride's mother wore a beige sheath dress with a corsage of pink carnations.

Mrs. Al Meddaugh cut the wedding cake and Sharon Mead poured for the reception following the ceremonies.

The bride attended Orting High School and the bridegroom, who is stationed with the U. S. Army at Fort Lewis, is a graduate of Livingston High School.

## Beat Anthracnose

Plant Southern States RED CLOVER

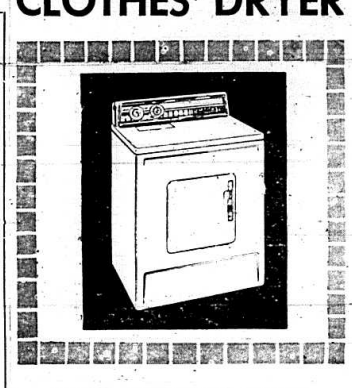

You can beat Anthracnose, the fungus disease that shortens the life of your Red Clover stand. Be sure the seeds you plant can trace their parentage back to the Anthracnose Belt, an Southern States Red Clover Seed. These seeds have inherited their own natural resistance to Anthracnose. Beware of seeds bred outside the Anthracnose Belt. They have little or no resistance to the disease.

Yes, when you plant Southern States Red Clover Seed you get protection from Anthracnose. You get big yields of straw and pasture for the full life of your stand. Order yours now.
