County Dam 5 Years Away

COLONEL TELLS SOMESET GROUP

The earliest possible date for construction to start on a dam on Rockcastle River would be in about five years, Col. Vincent P. Colson, Nashville district engineer of the Corps of Engineers, told Somerset and Pulaski County civic leaders last week.

The date is contingent on action by State and federal agencies.

Meeting with committee members of the Somerset Chamber of Commerce and Area Redevelopment Council, Colson explained there are 17 steps from the time the first request for a study of such a project is made by Congress until the study is completed.

The Rockcastle River dam study is under way by personnel in the Nashville district, but it will be June 1962.

He added that a location for the dam would be recommended by the corps before the end of the year.

Paul Huesch, chairman of the Area Redevelopment Council in Somerset, pointed out that a location for the dam would be recommended by the corps before the end of the year.

Carlson said construction would probably start on the dam in 1967. He said that as much as that remains to be done on the project is for South-eastern Power Administration to let the power that would come from the power station at the dam. As soon as this is done, construction will probably start.

DeVil's Jump in McCleary County is two years ahead of the Rockcastle dam in planning, the engineer continued, and it will probably be 1965 before construction is started there.

Construction work on Devil's Jump dam will probably require \$8 million years.

3 Teachers Hurt In Wreck

Three Rockcastle County school teachers were hospitalized Tuesday morning following a collision with a coal truck on US 150 near the accident location at the intersection of West Main Street, Mt. Vernon.

Three Rockcastle County school teachers were hospitalized Tuesday morning following a collision with a coal truck on US 150 near the accident location at the intersection of West Main Street, Mt. Vernon.

No charges were filed by State Police in the auto-truck accident.

Mrs. Henderson Seals Chairman

Mrs. Jack Henderson of Mt. Vernon will serve as chairman of the 1962 Easter Seal appeal for crippled children in Rockcastle County.

The appointment was made by W. T. Isaac, Danville, state chairman.

Contributions received during the annual campaign, which opens on March 22 and continues through April 22, will be used for care and treatment given physically handicapped children by the Kentucky Society for Crippled Children.

Last year, a total of 4,210 children received help at one or more of the following: Eastern Seal centers; Cardinal Hill Convalescent Hospital and Cardinal Hill Nursery School, Lexington; the West Kentucky Center for Handicapped Children, Paducah; the Northern Kentucky Crippled Children's Treatment Center and Opportunity School, Covington; the Hearing and Speech Center, Louisville; and Camp Kysoc, Clark.

RED CROSS AIDS FLOOD VICTIMS

Flood victims who suffered losses in the recent flood, and who need help, can get it from the Red Cross if they qualify.

Applications for help will be made by contacting a Red Cross field representative at the Mt. Vernon City Hall. Firehouses during the next several days. Food, clothing and shelter will be furnished to those who qualify.

Game Club Elects

Estill McBee, of Mt. Vernon, was elected president of the Rockcastle Fish and Game Club at a recent meeting.

Billy Frank Martin was elected vice president and Robert L. Cummins was elected secretary-treasurer.

Federal Man Likes Sewer

A field representative of the Planning and Home Finance Agency of the federal government was in Mt. Vernon this week to go over plans for a sewer system at Mt. Vernon.

When Robert R. Goetzman, the representative, had concluded his visits over the area proposed to be served by the sewer, he told city officials the project looked good, was feasible and he will recommend the federal loan to finance the system at a three and three-eighths percent interest rate.

In his inspection of the area, Mr. Goetzman also recommended that a sewage sewer lines for adjacent areas outside the city limits. The areas were not announced.

Recreation Council President Elected

Kenneth Cummins, of Mt. Vernon, was re-elected president of the Rockcastle Recreation Council for the year at a meeting held last week.

Phyllis Bray, of Mt. Vernon, was elected vice president and also represent the Mt. Vernon Christian Church.

The Recreation Council directs the summer recreation program, including softball, arts and other activities. The program gets underway as soon as schools are dismissed for the summer.

Establish Goals On Area Forests

At a meeting of the Rockcastle County Forestry Improvement Association, Wednesday, goals for 1962 were set up and officers were elected.

Officers are Madison Lee, president; W. S. Brown, vice-president and Roy Brown, secretary.

According to County Agent H. Lee Durham goals for 1962 are:

(1) Set 130,000 tree seedlings.

AUTO WRECKS, MAN FINED HERE

Joe Mason Baber, of Richmond, will have reason to dislike snowy roads in the future.

Baber was traveling south on US 25 early Monday when his car slid off the road during a snowstorm near the Wide intersection. Baber, uninjured, went to a wrecker.

A short time later, State Trooper Paul Blewins spotted the car and made his routine investigation. Very soon Baber returned with the wrecker and Trooper Blewins asked for identification.

He cited Baber for reckless driving and no registration receipt. When the trooper asked if there was anything in the trunk, Baber opened the trunk to 20 cases of beer. Further investigation turned up two cases of whiskey on the back seat floor.

In Rockcastle County Court, Judge Charles C. Caradeo fined Baber \$21.50 on each traffic count and \$80 and gave Baber 30 days in jail for transporting alcoholic beverages in a local option territory for the purpose of sale.

He appealed the case to Circuit Court and posted bond.

FRITH HOTEL AS IT BURNED - It's History Ended In The Ashes -

BRODHEAD VOLUNTEERS FIGHT HOTEL FIRE - The Fire Spread Too Rapidly - FRITH HOTEL FROM AN OLD PHOTO - The Best Hotel In Kentucky -

Fire Destroys Old Frith Hotel

For a visitor at Brodhead in the late 1890's, THE place to stay of course, was the Frith Hotel.

It was the finest, the most handsome, the most elaborate - yes, by all measurements, THE place to stay.

A statement like this would certainly have been on the road-side advertising had there been road-side advertising in those days. But since there were no signs for horsemen, word of mouth became the best advertising, along with the Mt. Vernon Signal.

One such item is in the Dec. 22, 1905 issue of the Signal that attests to the reputation of the hotel. It says: "I heard one drummer remark to another yesterday after coming out of the Frith Hotel dining room: 'I was ashamed of you, for you ate like you were not used to good things at all.' The other answered: 'Excuse me, but I don't get square meals every day, and I always try to make hay while the sun shines.'"

Last Friday, an oil stove exploded in an apartment in the old hotel, and the history of the building came to an end in the ashes.

When the fire broke over three families had most of their belongings destroyed: Mr. and Mrs. Johnny York, Mr. and Mrs. Billy Deberda, Mr. and Mrs. Omer Wilson, and Mr. and Mrs. Joe Spoonamore. Stuffed furniture belonging to Mr. and Mrs. Junior Leese also was lost.

As if not to care at all about the long, colorful history of the hotel, the fire roared unchecked through the old structure. Brodhead firemen fought it unsuccessfully. Mt. Vernon firemen

came to help, but drafts and wind spread the fire too rapidly.

Many older residents of Brodhead stood by in silence in the cold wind as the flames shot high in the air, all remembering the hey-day of the hotel.

During the late 1890's through the 1920's, the Frith Hotel was one of the best hotels between Louisville and Knoxville. Since the main modes of travel were by horseback and train, and the hotel was near the railroad, it was a busy place for visitors as well as Brodhead residents.

On the hotel porch every one gathered as the trains came in to see "Who's arriving?" Generally they were drummers and traveling salesmen, loaded with trunks filled with the latest from New York, or the newest type harness for the best type harness for the best.

The hotel, like hotels today, furnished a room for the salesman to display their wares to merchants who gathered.

A lively stable was also run by the hotel for ladies and gentlemen to ride before breakfast along the paths beside Dix River until they heard the sound of the large dinner bell. The bell survived Friday's fire.

The chronological history of the hotel is in the memory and records of Mrs. Ruth Frith Hendrickson, a Brodhead school teacher, and Charley Hurt, a Brodhead resident. Together they recount it.

The Frith Hotel was built in 1878 by J. G. (Uncle Jerry) Frith. A small building was constructed first and later enlarged to a two-story general store about 110 feet long. The hotel building was added about 1890 and had

Re-Districting Bill Passes State Senate

The State Senate voted 31-6 Wednesday for a bill to reduce the number of Congressional Districts in Kentucky from 8 to 7.

The necessity of reduction is because Kentucky's gain in population in the decade ended in 1960 was less than other states and the bill places the old fifth and the old fourth districts into a new Fourth District. The Eighth District, which includes Rockcastle, remains virtually unchanged, but will be designated a new 7th District.

The Secret of Buying Hospital Insurance That PAYS

On its record of paying claims—the most important way to judge any insurance company—American Republic, of Des Moines, Iowa, ranks Number One among the "Top 40" firms in its field. The few minutes it takes to read the facts below may be worth hundreds of dollars to you — at a time when you may need every cent you can lay your hands on:

How Does Your Company Rank Among "The Top 40"?

Company	Rank Premiums Earned	Rank Claims Incurred	Rank Percent of Claims Incurred
American Republic	13	8	1
Company A	6	6	2
Company B	2	2	2
Company C	1	1	4
Company D	27	23	3
Company E	18	16	6
Company F	22	22	5

See for yourself the claim-paying records of the "Top 40" companies writing individual accident and health insurance, as compiled from official published statistics. This list (with actual company names) is available from American Republic representatives who are now calling on all residents of this county.

Although eight out of ten families today already have some sort of hospital, surgical and medical insurance, the need for this type of protection is greater than ever.

This surprising situation is due to the rapidly rising costs of hospital and medical care. These costs, which have been going up steadily at the rate of nearly 1% each month since 1950, have outlasted 9 out of 10 policies now in force!

Thus, if your present policy is 2 years old or older, and was adequate when you bought it, chances are good that you need more coverage yourself—right now.

With over 900 companies writing individual accident and health insurance, how can you choose the company that's best for you?

Insurance experts say the most important way to judge an insurance company is on its record of paying claims.

For this information, one need only refer to the latest available Statistical Edition and Argus Chart of the National Underwriter Company, publishers of official and authoritative insurance statistics since 1887. This vital information is a matter of public record.

According to the most recent figures, of the top 40 companies writing individual accident and health insurance:

- American Republic Insurance Company ranks 13th in premiums earned.
- American Republic ranks 8th in the amount of claims incurred. But—and this is most important to you—based on the above information...
- American Republic ranks FIRST in percent of dollars paid to policyholders in claim benefits.

American Republic ranks 8th in the amount of claims incurred. But—and this is most important to you—based on the above information...

American Republic ranks FIRST in percent of dollars paid to policyholders in claim benefits.

This unequalled record of claim payments is American Republic's way of paying back its policyholders' confidence in cash—when they need money most. It is made possible by AR operating efficiencies. It is one of the benefits of "Protection... The American Way."

And hundreds of policyholders write American Republic each week expressing appreciation for fast claim payments. Policyholders are so pleased with AR service that

they refer American Republic to thousands of their friends every month.

American Republic policyholders further enjoy the money-saving benefits of TAILORED[®] protection. This feature makes it possible for qualified people OF ALL AGES to have up-to-date health insurance protection—and, at the same time, avoid buying coverage they may not want or need.

Instead of a single "standard" policy designed for an "average" family in an "average" community, American Republic offers a selection of modern "protection units." These "units" can be put together like building blocks to provide the specific hospital, medical and nursing benefits any individual or family needs.

If you already have hospitalization insurance, American Republic TAILORED[®] protection can start when your present coverage leaves off. And it pays fully stated benefits in addition to any amounts you may collect from any other health insurance policy you may now have.

American Republic has published a 12-page illustrated booklet, "7 Ways You Can Benefit With TAILORED[®] Protection." In it are vital facts about "Protection... The American Way." This booklet is available free from American Republic Representatives who are now contacting residents of this community. One of those representatives is also pledged to offer you a free showing of an educational film which describes how a low-cost American Republic TAILORED[®] protection plan can bring your present insurance up to date. Watch for him.

Advertised in leading magazines, American Republic TAILORED[®] protection is now being made available to all residents of this county who qualify. Look for your American Republic representative to call. Ask him to show you, in your own home, a new educational film.

School As Usual

It is with both sadness and irritation that we read a story in this issue of the Signal concerning the injuries this week of two of the county's most popular teachers in an auto accident near Mt. Vernon.

It is with sadness that we view the temporary loss of Mrs. Lois Hamm and Mrs. Margie Dees Wilcox for the many days, and perhaps weeks, they will be confined to the hospital with multiple injuries sustained when the auto in which they were riding slid on a slippery road into a coal truck.

No doubt their temporary absence will be reflected in the disruption of their classes and their classes' future plans.

It is also with irritation that we view the reason for their being on a slippery road in the first place.

On that particular day most schools in this part of the state were closed because of hazardous driving conditions, with State Police warning motorists to drive with extreme caution, or better still, not drive at all. Despite this fact, Rockcastle schools remained open with the teachers expected to be present for "business as usual" to teach the hundreds of students who came to school over the same hazardous roads on school buses.

We have never under-taken to even suggest what's good or not good for the school population. We have not criticized the school program or curriculum, leaving what's best for the students to the school administration.

However, we do feel that student and teachers should not be expected to attend school under wretched conditions such as existed Tuesday morning.

We do not believe the loss of one day of school, or the loss of money from the Minimum Foundation Program for one day, or even one week, is worth the pain and sorrow that car, accompanying a traffic mishap involving a bus or a teacher in route to school.

We think it is much better to be safe than sorry.

Thompson, of Lexington, and Lester Thompson, Blue Ash, Ohio.
One brother, Leonard Osborn, of Bandy, 27 grand children and 15 great grand children, also survive.
Funeral services were conducted March 3 at Fairview Church of Christ with Bro. Kelley Ellis, Danville, officiating. She was buried at Fairview Cemetery, Willila. Sparks' Funeral Home in charge of arrangements.

County Native Dies

Delbert Bullock, 60, of Richmond, Ind., and formerly of Rockcastle County, died recently at Richmond, Ind. A member of the Wesleyan Methodist Church, he was a former employee of the highway department in Indiana. He is survived by two daughters, six sons, two brothers and one sister, none living in Kentucky.
Funeral services were conducted and burial was at Fountain City, Ind.

Daughter Dies

Alfreda Smith, one-day-old daughter of Glenn and Edith Smith, Renfro Valley, died March 2 at Berea College Hospital. She is survived by a husband, her parents, her paternal grandparents, Mr. and Mrs. Alpha Smith, of Renfro Valley, and her maternal grandparents, Mr. and Mrs. Olive Hill on Saturday. Cox Funeral Home was in charge of arrangements.

Insurance Visitor Coming To Mt Vernon

Don Schilling, of Lexington, Kentucky, state manager of the American Republic Insurance Company, is visiting in Mt. Vernon this week.

While here, Mr. Schilling is completing arrangements for representatives of the American Republic Insurance Company to personally interview all residents of Rockcastle, to fully explain the various plans of hospital, surgical and nursing insurance that are available to those who can qualify.
Mr. Schilling said that several different plans of protection are available, but one thing they all have in common is courage.

A successful 1962 Easter Seal campaign will enable the Society to reach more of Kentucky's physically handicapped youngsters, he added.

SNIDER

Mrs. O. R. Foley visited Mrs. Matt Howard Monday. Mrs. Howard has been reported very ill. A speedy recovery is wished for her.

FORESTRY GOALS

(Continued from page 1)

(2) Establish tree plots on highways for observation. These are to be set at Salie Mullins' farm at Calloway; at Edna Grace McKenney's farm on U. S. 10; on Leonard Graves' farm at Sand Springs; on the Floyd McCallister farm near the White Stone Restaurant. The Mt. Vernon FFA boys are to be asked to plant these.
(3) Recruit the Mt. Vernon Bank to purchase six double bars for setting trees and make them available to people for setting trees.
(4) Hold community meetings of forest fire prevention and setting tree seedlings.

The new forester, James Shearer, will give talks and discuss topics of conservation and reforestation. The first meeting is scheduled at Pine Hill School, March 28 at 10 a. m. The second is the same afternoon at 1 p. m. at Sand Springs School.

Two meetings are scheduled for March 28: the first at Roundstone at 10 a. m., and the second at 1:30 p. m., at Maple Grove School.
Goal 5 is to compile and publish a book.

Did you say THOUSANDS?

Right! New RPM deposit-free motor oils give thousands of extra miles without engine overhaul!

New from Standard—RPM motor oils with a revolutionary ashless detergent that halts engine wear. It leaves no ash deposits . . . keeps combustion chambers so clean, moving parts so free of thick, sticky sludge that your engine can now outlast the life of your car! Result: you can save hundreds of dollars in overhaul costs, and get cleaner, smoother engine performance.

Choose from the only complete line of deposit-free motor oils: Unsurpassed RPM Supreme . . . an all-season multigrade oil that cuts friction so effectively it can save up to 1 gallon of gasoline in every 8 you use. Or new RPM Special . . . the only single grade deposit-free oil available.

See your local Standard Oil dealer and get the full story on how RPM motor oils can give you thousands of extra miles without overhaul!
