STOP! SCHOOL DAYS AHEAD

PROTECT Our American Heritage

In July of 1776, Town Criers throughout the Thirteen Colonies shouted news that was never to be forgotten: "Congress declares that these United Colonies are, and of right ought to be FREE AND INDEPENDENT STATES!"

Our Declaration of Independence had been adopted, marking a new era of freedom for a young nation, giving it the right to life, liberty and the pursuit of happiness. Our country's freedom was not, of course, won for us by this historic document, but the Declaration of Independence was the call to arms that inspired Americans to throw off the chains of oppression and to forge a new destiny for themselves and their children. Men who were willing to "mutually pledge to each other their Lives, their Fortunes and their sacred Honor" for the cause of freedom, answered that call. Because they did, we now enjoy the greatest form of government ever devised by man. It is our way of life . . . it is our American Heritage.
