How to get MORE out of your tax refund When you get your '68 tax return (Form 1040), take a look at line 23 on the bottom of the page. It gives you the option of taking your refund in U.S. Savings Bonds instead of a check for the total amount. There are two big advantages: 1. Taking your refund in Savings Bonds gives you an easy way to keep onto it. 2. When your Bonds mature, your refund becomes 2 1/2% bigger. You get back \$4 for every \$3. You also get a nice red, white and blue feeling from knowing you're helping your country's future as well as providing for your own. Keep freedom in your future with U.S. SAVINGS BONDS

"Electricity Wins Every Time! ... we love our electric appliances—now it's even heating our home!"
say Mr. & Mrs. D. Thurman of Sacramento, Ky.
"Like most people, when we planned our new home, we chose all electric appliances. Then when your company's heating specialist told us about electric heat, we hardly believed how little it cost to install and operate. Are we ever glad we chose electric heat!
It's the cleanest, most economical heat we've ever had. The temperature in each room is individually controlled; we don't have to worry about ordering fuel, and there's no expensive heating plant to break down right when you need it most."
So take a tip from the Thurmans of Sacramento. Find out why electric heating is such an important part of the "joy of total electric living." Have a talk with our heating specialists. They will help with your plans and tell you your annual heating costs before you decide.

Heart Fund Sets Record

Opp Buswell, Jr., Rockcastle County heart fund chairman reports that Rockcastle established a record in collecting \$116,219. This amount more than doubles the amount collected in any previous year.

Rockcastle received a salute and was determined a "Champion County" by the Kentucky heart association for its very fine showing in the 1964 heart fund campaign.

Mr. Buswell attributes the success to the very fine county organization, the close cooperation of all the towns and the generosity of the citizens of our county.

A total of \$517,800 was collected from the businessmen and non-profit events. On heart Sunday \$256,000 was contributed. The schools of the county gave \$110,682. The balance was made up from outlying communities and miscellaneous contributions.

Mr. Buswell thanks everyone who helps make this drive a success. We should be proud of our county, he added.

Mrs. Lilla Thomason Funeral Thursday

Public Meeting Set For Livingston Dam

Col. James B. Newiman, engineer from the Corps of Engineers at Nashville will be in Livingston Wednesday to meet with Clarence Carter, Rockcastle County Judge Charles C. Carter, Atty. James Lambert, Charles B. Parsons and Calvin Webb.

Col. Newiman said that a dam would be built at the Narrows, where the Rockcastle River empties into the Cumberland, or four miles above Livingston or maybe both.

The purpose of the dam would be for power and to help unemployment.

The group set up a public hearing for April 13. Col. Newiman said that persons in Madison, Jackson, Laurel and Clay would be contacted and invited to attend the meeting.

A dam above Livingston would back up the river four to five feet.

Crab Orchard School Basketball Tourney

A sixth grade basketball tournament will be held at Crab Orchard school gymnasium on Monday night.

Some 53 persons attended. Guests were: Smith T. Powell, State Farm Bureau Director, Mrs. Powell and her children; James H. Deaton, Jackson, Kentucky District Field Service man, Helen Brown, H. Lee Durham, Mr. and Mrs. James Pike and Miss Linda Houston, all of Mt. Vernon.

Teachers Get Salary Increase

Friday 13 was a lucky day for Kentucky teachers. That was the day that the House of Representatives at Frankfort passed two bills which would raise State aid for teachers' salaries \$500 per classroom unit in the next two years. They now go to the Senate.

Representative Brooks Hinkle said that the bills would raise State aid for teachers' salaries \$500 per classroom unit in the next two years. They now go to the Senate.

Not every teacher will get the full \$500 raise because increased State aid is based on classroom units, which may be less than the number of teachers. Hinkle said many teachers probably don't realize this. The increase would be \$300 next school year and \$200 in 1965-66.

Recreation Council Sets Organizational Meeting

The first meeting of the Mt. Vernon Recreation Council will be held Tuesday, March 24, at 7:30 p. m. in the Rockcastle County Library.

The purpose of this meeting is to elect new officers and chart the program for the year 1964.

Dr. Joe Henderson, president and Kenneth Cummins, secretary of the council during 1963, will be the recreation program is a popular and necessary adjunct to our town.

They challenge everyone to show their interest in their children by attending this meeting.

The life line of the program, relies upon the Radio auction. Plans for the event will be started now. Be there, if you care, they concluded.

Safety Contest Awards State Park Vacations

Entries are being accepted for the second annual Kentucky Farm Family Contest. Chairman June Davis has announced.

Deadline is April 15 for the statewide contest which offers an engraved plaque a top prize of a five-day, all-expense paid holiday at the Kentucky State park of its choice.

The runner-up family will also be presented to the winning family. Davis said.

Every family entering the contest will get a certificate of recognition, Davis added.

The contest is sponsored by the Kentucky Farm Safety Committee. The prizes are made possible by the cooperation of the Kentucky State Parks and Information Bureau.

Last year's state winner was the Andrew A. Frisich family of Bourbon County. Purpose of the competition, Davis said, is to promote farm and home safety by creating a safety awareness among families and family members of useful and practical safety habits.

Those who also headed the contest sub-committee last year, is director of administrative services in the Kentucky Department of Agriculture.

The state winner will be selected from among the winners of the county contests.

Families interested in entering their county competition, can contact Brodhead Senior Farm Bureau insurance agent, for complete information and entry forms. These points will be considered in judging the safety practices of farm families: (1) The good safety practices of the farm employes around its home and farmstead; (2) The family's individual safety record; and (3) The enthusiasm and degree of participation the family displays in community safety.

County CAP Rates 5th In State

Rockcastle's Civil Air Patrol is rated fifth place in the state, according to information received by Commander Jack Lewis from Kentucky Wing Commander Col. Frances Blevins at Louisville.

Col. Blevins said something must be done to increase and implement the cadet program.

There are 10 aircraft in the Kentucky Wing to be assigned on a priority basis to the squadron having greatest cadet enrollment. These aircraft are for the purpose of cadet orientation rides, search and rescue and pilot proficiency. They will be assigned to units with 25 or more cadets.

The next squadron meeting will be held March 19 at Berea High School. Lt. Addie Rush says that whether you are 16 or 64 you are needed in the squadron.

AMERICA'S most modern refinery now serving Kentucky

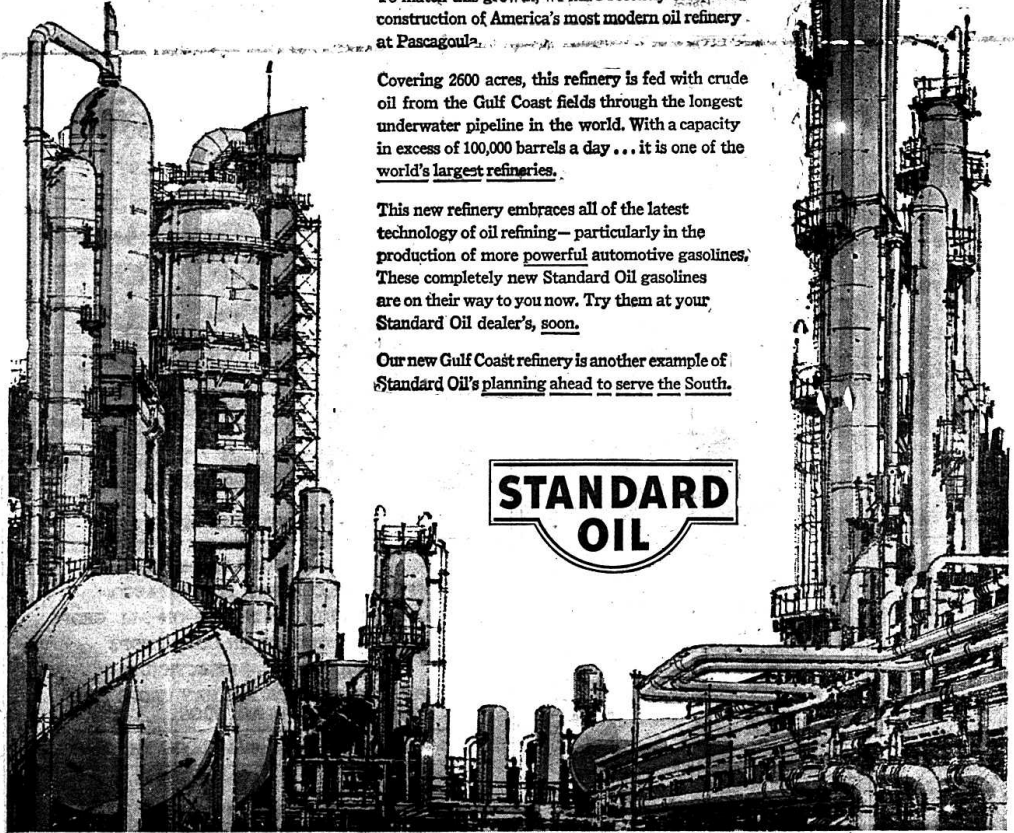

With giant strides, the South marches forward. More industries! More people! More tourists! More income! And—far more automobiles, requiring hundreds of millions of gallons of petroleum products each year.

To match this growth, we have recently completed construction of America's most modern oil refinery at Pascagoula.

Covering 2600 acres, this refinery is fed with crude oil from the Gulf Coast fields through the longest underwater pipeline in the world. With a capacity in excess of 100,000 barrels a day... it is one of the world's largest refineries.

This new refinery embraces all of the latest technology of oil refining—particularly in the production of more powerful automotive gasolines. These completely new Standard Oil gasolines are on their way to you now. Try them at your Standard Oil dealer's, soon.

Our new Gulf Coast refinery is another example of Standard Oil's planning ahead to serve the South.

DeMarcus Opposes Bonded Indebtedness

Representative William H. DeMarcus of Stanford voiced his opinion on the bonded indebtedness of the State.

The Republican Party wishes to point out that Governor Breathitt has just asked for an additional \$176,000,000 of bonded debt. Our existing bureaucratic system of State Government is demanding that more money be extracted from the taxpayers. We point out that more money by any other name is still higher taxes.

Some figures make dull reading, but the following figures are real eyeopeners, i. e., our present State bonded debt of 724,718,611.63 dollars is to be further bloated to the total of \$900,718,611.63, almost a billion dollars of State indebtedness. This results in almost \$60,000,000 a year in principal and interest payments leaving the State, never to return. In short, we are now up to our ears in debt and the Governor wants to push us all the way under. He wants to obligate our people, our resources, and our State for the next 30 years.

The Republican Party believes that when these facts are presented to the people of the Commonwealth, the referendum for the bonded indebtedness will certainly

Louis J. Payne Operation Backpack

Louis J. Payne, fireman apprentice, USN, son of Mr. and Mrs. C. E. Payne of Route 3, Mt. Vernon, is participating aboard the attack transport ship USS Calvert in a coordinated U. S. Nationalist Chinese amphibious exercise called "Operation Backpack" being conducted off the coast of Taiwan.

Backpack is an exercise to test the amphibious capabilities and readiness of the forces of the Seventh Fleet and the Nationalist Chinese Navy. The exercise, with over 40,000 men and 140 units participating, will culminate in an amphibious assault beaches of southern Taiwan, and will demonstrate the effectiveness of the United States Seventh Fleet to rapidly move a significant command and control element in order to assist an ally.

Prior to the assault, aircraft of the Seventh Fleet will soften beach defenses. In addition, support ships will conduct anti-submarine warfare exercises and the area surrounding the beachhead will be cleared of any ob-

PCA Meeting At Louisville

University of Kentucky President John W. Oswald will be the featured speaker at the combined 30th Anniversary and director-managers conference to be held by Kentucky's production credit associations at Stouffer's Inn, Louisville, March 19 and 20.

Some 125 Kentucky farm leaders are expected to attend.

The Cumberland Production Credit Association of Somerset will be represented by Wm. O. Gilreath, C. V. Waddle, L. G. Colby, Larn Colton, Edward May, B. F. Colson and D. C. Sherman.

Farmer directors of the state's ten production credit associations will visit the offices of the Federal Intermediate Credit Bank, in Louisville, before registering for the conference to learn about the procedure the bank followed in providing funds for \$6 million of loans for their 16,000 borrowing members in 1963.

Officers of the Intermediate Credit Bank will report on 1963 loan operations in the state and discuss such subjects as operating policies and member and public relations. "Lessons Learned from Our History" will be discussed by a panel whose members have served through the system's first 30 years. They are Walter Brown, senior vice-president, Federal Intermediate Credit Bank of Louisville; Jack Lacey of Hopkinsville and O. D. Messersmith of Paducah, farmer-directors; and R. Y. Cravens, manager of the Green River PCA at Owensboro.

"What About the Future?" will be dealt with by a panel comprised of Charles Webb, senior vice-president, Federal Intermediate Credit Bank of Louisville; Eugene Kelley of Louisville; Perry Kephart of

Minneola, Clays Hobbs of Mayfield and Earl Wilson of Glasgow. Another panel discussing "From a Director's Viewpoint" will be comprised of Homer Hayward, President, FICB of Louisville; Leonard G. Colyer of Somerset, H. D. Hillard of Clinton and C. J. Herron of Providence.

Oil Refinery World's Largest

The fast-moving industrial upsurge of the Southeast was given added impetus as the new Pascagoula refinery of the Standard Oil Company of Kentucky is placed on full stream.

With a capacity in excess of one hundred thousand barrels of oil a day, this new refinery is America's most modern, and one of the largest in the world.

Covering twenty-six hundred acres, it is fed with crude oil from the Gulf Coast fields through the world's longest underwater pipeline.

Gasoline consumption is growing faster in the South than in any other section of the world.

Ashland Sunday afternoon: Mrs. John Gill visited Mrs. Edd Madden at Burr recently.

Mr. and Mrs. Henry Mason, who have been ill, are reported better and able to be out.

The son of Mr. and Mrs. Kenneth Adams is a patient in Berea College Hospital.
