2 Rockcastle River Reservoirs Backed By Leaders From 5-County Area

An overwhelming majority of the some 1,000 persons who attended the meeting at Livingston Monday were in favor of the construction of reservoirs on the Rockcastle River at the Narrows and Parker Branch damsites.

Only one speaker objected to construction of the dams and he said the project is such construction, if he had more information as to who would benefit from such a project.

Witnesses at the hearing conducted by the Army Corps of Engineers emphasized the idea that the project would be an alleviation through projects of the type proposed.

Citizens are community leaders of Rockcastle, Clay, Pulaski, Jackson and Laurel counties spoke to the assembly which was conducted by Col. James B. Newman, III, district engineer of the Nashville District.

Another hearing was held at Somerset Monday night.

SPEAKING FOR TWO RESERVOIRS at the Rockcastle Narrows and at the Parker Branch sites is Galiff Craig, a Livingston High School teacher. Also pictured are: John Sharp, a representative of Senator Thurston B. Morton. Senator John Sherman Cooper, Col. James B. Newman, III, and Congressman Eugene Siler.

The Rockcastle Narrows dam site is located near the Pulaski-Laurel county line to create a 40-mile reservoir extending nearly to Livingston.

The Parker Branch dam site near Livingston would create a 27-mile reservoir extending to the vicinity of McKee.

The United States Senator John Sherman Cooper declared at the meeting that he had always wanted the two dams. He said they would provide the water needed locally, provide electric power, and employment.

Beat Anthracnose

Plant Southern States RED CLOVER

You can beat Anthracnose, the fungus disease that shortens the life of your Red Clover stand. Be sure the seeds you plant can trace their parents back to the Anthracnose Belt, as Southern States Red Clover Seeds. These seeds have inherited their own natural resistance to Anthracnose. Beware of seeds bred outside the Anthracnose Belt. They have little or no resistance to the disease.

Yet, when you plant Southern States Red Clover Seed, you get protection from Anthracnose. You get big yields of hay and pasture for the full life of your stand. Order yours now.
