Plant Southern States RED CLOVER
You can beat Anthracnose, the fungus disease that shortens the life of your Red Clover stand. Be sure the seeds you plant can trace their parentage back to the Anthracnose Belt, as can Southern States Red Clover Seeds. These seeds have inherited their own natural resistance to Anthracnose. Beware of seeds bred outside the Anthracnose Belt. They have little or no resistance to the disease.
Yes, when you plant Southern States Red Clover Seed, you get protection from Anthracnose. You get big yields of hay and pasture for the full life of your stand. Order yours now.

'SNAFU' Is The Word
Carter Opponents Are Bewildered
During World War II the GI's coined a word, "SNAFU", which means, "situation normal—all fouled up."
That word may be aptly applied to the present-time to the situation existing among the opponents of Dr. Tim Lee Carter, Tompkinsville physician, candidate for the Republican nomination for Fifth District U. S. Representative.
On three points Dr. Carter's 14 opponents agree: (1) Each wants to win the nomination; (2) each wants the other 13 to drop out of the race, and (3) each admits that in order to win, he must beat Dr. Carter.
A recent attempt at political skulduggery apparently backfired, as five of Dr. Carter's major opponents met in an effort to narrow the field. This pow-wow, as have others held before and since, yielded no results, as each of the five candidates in attendance came away from the meeting more firmly determined to battle it out to the bitter end, and each was quoted by the Louisville Courier-Journal as stating, "the race is between me and Carter."
As Dr. Carter's opponents jockey daily for an advantage over each other, no one is benefitted except Dr. Carter himself. His support in all 20 counties of the district increases daily.
So, the Republican voters of the Fifth District are called upon to back the winner. **BACK TIM LEE CARTER — OUR NEXT U. S. REPRESENTATIVE!**
He is a strong advocate of Federal aid to education without Federal control; Federal road building programs; stronger conservation measures; increases in medical aid to the aged and disabled under the Kerr-Mills Bill, and aid to industrial development. He is opposed to the importation of foreign beef; he will support the proposed Appalachia Program and any other measures which will provide the people of the Fifth District of Kentucky, the State and Nation an opportunity to share to a greater degree of higher standard of living, better health and greater prosperity.
VOTE FOR TIM LEE CARTER!

Mr. and Mrs. Jones feel they no longer wish to manage the above property and have commissioned the Floyd Owens Real Estate Agency to place the property before the general public in Absolute Auction, and to sell it to the highest and best bidder. (With the exception of the Theatre Building, which will be a Public Auction, reserving the right to refuse any and all bids on this one building.)

The tentative date for this auction has been set for Monday June 1, starting at 10:00 a. m. and terms will be announced later. (Date Subject to Change) Possession on most property will be when deed is transferred, possession on others to be announced. A plot of this property is being made by Crawford & Crawford Engineers and plans will be distributed showing size of lot or buildings, etc., and deeds will be made from this plot.

The U. S. Government Engineers are considering the placing of two Reservoirs on the Rockcastle River near the town of Livingston. One at Rockcastle Narrows and the other at Parker Branch. Both damsites have been surveyed and all indications look good for both damsites, and if done, it will be a boom to the town of Livingston. This should be taken into consideration when bidding on this property.

Folks, this will be one of Rockcastle Counties largest Auctions, selling nice property on the Main Street in the Town of Livingston, Kentucky. A wonderful opportunity to obtain some income producing property or buy a nice home or a good business location. Plan now to attend this "Auction Sale of the Year."

Kentucky Day At World's Fair

Governor Edward T. Breathitt announced today that June 1 has been set aside as Kentucky Day at the New York World's Fair.

Breathitt said that all arrangements for Kentucky Day are being coordinated by Mack Sisk, director of the Industrial Promotion Division in the Department of Public Information.

This special day, Breathitt said, will give Kentucky a splendid opportunity to present to the world our state's tourist attractions and the many advantages for industry and business.

An official Kentucky party, headed by the Governor, will take part in the day's ceremonies.

Sisk pointed out that "to be fully effective the Kentucky Day program must represent progress in every important facet" of the state's economy.

For this reason," he said, "I urge outstanding Kentuckians and Kentucky organizations to help round out the program by getting in touch with me in Kentucky so that full details of the Kentucky presentation can be tied down well in advance of June 1." Sisk can be reached at the Division of Industrial Promotion office, 410 Ann Street, Frankfort.

He said that members of The Kentuckians, an organization of distinguished former Bluegrass State residents now living in the New York City area, are taking "a very active interest" in plans for Kentucky Day.

Sisk added that a special feature of Kentucky Day at the fair will be exhibit of the famed Civil War locomotive, The General, to be made available by the Louisville & Nashville Railroad.

Edualmond Meatt At Boone Tavern
A group of Kentuckians will meet at Berea's Boone Tavern May 1 to wage an all-out war on ignorance.

On that day the Kentucky Association for continuing education will enlist everyone who musters for the organizational meeting and map plans for raising the educational level of adult Kentuckians.

P. F. Ayer, executive secretary of the Council of the Southern Mountains, says the association is being formed

On the silliest whim.

When people get older They become such a care She must have a home, But the question is—where?

Remember the days When she used to be spry? Baked her own cookies And made her own pie?

Helped us with lessons And tended our seams, Kissed away troubles, And mended our dreams?

A READER.

Let's call a meeting, Let's gather the clan Let's get it settled As soon as we can.

In such a big family There's certainly one Willing to give her A place in the sun.

Strange how we thought That she'd never wear out, But see how she walks, It's arthritis, no doubt.

Her eyesight is faded, Her memory's dim She's apt to insist
