## Our Trip

by: Joe Fain

April 26 - 7 a.m., the motors turned over, the wheels began to turn forward, and we're on our way. We saw Kentucky slowly grind away into Tennessee. We see Clinch Mountain, the beauty of Cherokee Lake, Norris Lake, and many, many others just as strikingly beautiful. Next we see Bristol, Tenn., change to Bristol, Va., and still yet look the same. Now we are tiring, even though the scenery is beautiful. Suddenly mountains appear again we drop down over a steep hill and we are approaching Natural Bridge, Va.

April 27 - We get up and pack ourselves in the buses. We see Skyline Drive which holds undoubtedly the most beautiful woodland scenery in the Eastern United States. Humming down the road for a few sleep hours, we are waken to find us rounding Manassas, a great place to be, Arlington National Cemetery, and we catch our first glimpse of Washington, D. C. across the Potomac. We see Gen. Robert E. Lee's mansion as we visit the grave of the late President John F. Kennedy and the family of Covington. We also see the changing of the guard at the tomb of the Unknown Soldier, and our

first stop in Washington, we see the Lincoln Memorial. Finally we arrive at the House of Representatives and we are ourselves comfortable.

April 28 - We visit many, many places including the White House, the Capitol, U. S. Bureau of Engraving, Justice Building, Supreme Court Building, and the Smithsonian Institution. We stayed at the hotel we went and dressed for what is perhaps the most enjoyable part of our trip "The Moonlight Cruise along the Potomac" which ended at Marshall Hall Amusement Park in Maryland. We stayed at the amusement park for about an hour and a half. Then, two boats from the skipper, and we charged back down the Potomac to Washington, D. C., and the hotel.

April 29 - We leave for New York, via about three cities and four turnpikes, and let us not forget one Howard Johnson. We arrived in New York weary, but willing to go.

April 30 - We tour the Empire State Building, exit our first (perhaps) subway, and are off to the World's Fair. We see everything from A to Z, and from everything, we come back to Rome. Each exhibit is built in likeness of the mother country. Undoubtedly the most interesting and visible ones were General Motors, General Electric, Bell Telephone, Disneyland, Ford, Coca Cola, and perhaps the most from our own USA. We took back via subway to the hotel. Some go to the movies, some sleep, and gain some see Liz and Richard.

May 1 - We head back to D. C. We are all in a rush to get home, though there isn't anything to do in Washington that night. Some go on the Moonlight Cruise again, some go to the movies, and just a lot went to bed. A few toured the Archives Building. Oh! Yes! We row up Washington Monument, and toured Jefferson Memorial that evening before going to the hotel.

May 2 - We ride-ride, tour George Washington's Mt. Vernon, which reminds us of home (the name). Then we ride some more, and personally, I think visited the most unique and perhaps the most beautiful home of early American style in the USA, the home that was designed by its owner, a home with so many conveniences. Thomas Jefferson was the most thirty person in the world or either the latest in the world. Monte Carlo. We ride straight on to Natural Bridge, and we're in the rest or some of us were. Some were so excited about going home, they stayed up all night and had everybody on the buses at 6 a.m. on Sunday.

May 3 - We being on our way home, a lot of sleeping goes on until Kentucky shows her face. Then no rest for the weary. Four o'clock, we see Rockcastle County, four-twenty we see Mt. Vernon and we see it a great place to be. I kid you not.

## McCauley Offers Challenge To Debate Issues

Joe McCauley, candidate for the Republican nomination from the 5th District, May 26th Primary, has issued a challenge May 22 to all fourteen candidates to debate the issues of the Republican nomination.

To date not a single candidate would accept or has even agreed to debate. Challenge—many have come to Middleboro and Bill County to utter "We would be glad to debate." McCauley will accept the challenge with his usual high standards for government official and leader.

McCauley has manna his telephone twenty-four a day and has been picked up by the Middlesboro Post Office and NOT ONE candidate has accepted his friendly offer to debate. "To debate the issues for the 5th District Republican nomination.

The aggressive Middlesboro Mayor has said in all twenty counties of the 5th District, "I want to work hard to improve my fellow man's life and bring aid to working conditions, and yet my opponents REE LITE to discontinue these basic issues that affect so vitally the lives of every man, woman and child in our district."

The mature and dynamic McCauley asks every 5th District voter, "Why have the various candidates refused to debate the 5th District issues on how to improve economic conditions?" "Every man knows that you one can mouth words on outer space, the age of the atom, and bring aid to the Hottentots, but what is going to be done for the people of the 5th District? ## Mary Lou Schiff To Tour Europe With 4-H Group

Miss Mary-Lou Schiff, 17-year-old junior at Brodhead High School, will be among the 41 Kentucky 4-H Club members who will make up the state's 4-H People-to-People delegation to Europe this summer, according to Ray Ranta, chairman of the University of Kentucky Extension 4-H programs.

The Kentucky group, accompanied by Ranta, will leave Kennedy Airport in New York on July 14 by jet airplane for a 21-day trip to England, France, Belgium, Czechoslovakia, Hungary, Scotland, Denmark and Berlin. The boys and girls will be guests of various youth organizations, see typical agricultural operations and learn something of the conditions in the countries they visit.

Invitations to take part in the People-to-People program were sent to outstanding 4-H members throughout the state, Ranta says.

Mary Lou is expecting the trip to cost \$997 for food, travel expenses and lodging besides incidentals. The trip will be financed entirely by the delegates themselves.

Membership in the delegation is limited to official invitation only.

In preparation to depart, Mary Lou has taken her smallpox, typhoid and dysentery

shots and received her passport and visa. To enter communist countries, Czechoslovakia and Hungary, you must have a visa and pay a toll charge.

"This is not a trip devoted to strictly tourism," Ranta emphasizes. "It is an informative, educational, goodwill mission dedicated to improving relations and understanding between the United States and the people of Europe and Western Europe."

The 41 4-H'ers plan to stay in college dormitories, mostly in London.

Members of the delegation include Mr. and Mrs. Andrew Schiff of Crab Orchard, Route 3.

## Livingston Businesses At Auction June 1

Half of the town of Livingston is to be sold on June 1 at public auction. The property is a part of the estate of the late Dr. R. G. Webb, his widow, now Mrs. Estill Jones and Mr. Jones.

This deal, in a sense, is the close of an era for Livingston. Dr. Webb practiced medicine in Livingston and in southern Rockcastle County for over 50 years and struggled in every way to put Livingston on the map.

Since Dr. Webb's death Livingston seems closer to being put "on the map" than it has been since the days when the tourist business was booming in Livingston. If the two proposed damites are put in,

**Revival Scheduled At Holiness Church**

These boys won the same events at Somerset and placed second in all three events at the regional track tournament at Barbourville May 15. In addition, Tommy won the broad jump at Somerset with a jump of 18 feet and two inches.

The time for each event at the regional meet was: 100-yard dash - 10.4 seconds; 220-yard dash - 2:58.80; and the 440-yard dash - 55.8 seconds.

Coach Parkerson said these boys are to be complimented for these feats because they were accomplished without being able to practice consistently because of participation in baseball.

## City Gets Lease On Depot For Library

The L & N Depot, Mt. Vernon, was formally leased to the City Thursday (today) at 10:30 a. m., in the office of Atty. James W. Lambert.

The lease was offered to Mt. Vernon by John W. Lovell, superintendent of the L & N Railroad Co., at Louisville.

Effective immediately, the lease is a five year perpetual lease with provision for renewal.

The depot is to be used by the City for a library, only. A token fee of \$1 per year will be charged.

Requirements are the usual ones. The City must maintain the building (paint it and keep normal repairs made), erect a barricade between the building and the tracks for the sake of safety.

At the meeting Mr. Lambert said, "The Railroad industry has been instrumental in the development of this country."

The Railroad is the largest taxpayer of this county. The amount of tax they pay Rockcastle County each year is \$46,000 in addition to taxes they pay to the towns of Mt. Vernon, Livingston and Brodhead.

Attending the meeting were: Mayor Brower, Atty. Lambert, Mr. Lovell, G. H. Griffin, Floyd Owen, Bob Jasper, Ed Winstead, and Warren Carpenter of the L & N police department.

Mr. Griffin asked Mr. Lovell if the City could blackout the area in the back of the depot to make a parking lot. Mr. Lovell replied yes, the City may make any improvements they wish.

IN MEMORY - In memory of our son, Manuel Owens, who passed away May 24, 1961. Cannot say and will not say he is dead, he is just away. He quietly wandered into an unknown land. And left us weeping here. How near Heaven seems. Since he lingered there. Now, my darling, how we miss you. Since you went away. But we shall meet you again. Where parting cometh no more. In the love of there. As the love of here. We think of him not dead. He is just away. He will be with us. A homecoming someday.
