HOUSING PROJECT

(Continued from page 1)
which automatically includes a housing, plumbing, electrical and several other codes and ordinances.

Water Bill
Kenneth Cummins came before the Council and voiced his unwillingness to pay for some 35,000 gallons of water which ran on his meter after a break in the water line.

Mr. Cummins contended that it was not his responsibility to pay for the water since it was released after a break in the water line which the city had recently installed.

Mt. Vernon Water Superintendent Jack Craig said, "Since I have been working the city has never adjusted any leaks outside the box, and on the customer's side."

Land Purchased
Edna Winstead made a motion that the Mayor be authorized to execute a 60-day promissory note for \$4500 in lieu of another motion made last week for the property owned by Bill Norton to be used for construction of a sewage disposal plant.

The Mt. Vernon Development Association (less Billcock, and others) received \$100 for a quick-claim deed to a portion of land.

Water Lines
Goldie Barnett requested the council to install water lines off the main line on his farm which he intends to sub-divide into lots. The Council decided to install lines to his property line.

Postponed Nov. 18 - 20
There will be no road tests for drivers' licenses adminis-

tered by State Police testing stations on Nov. 18, 19 or 20. State Police Director Colonel James E. Bassett announced. The 58 State Police examiners who administer the tests will be attending an annual service workshop at the State Police Academy in Frankfort on those dates.

Bassett said the workshop is designed to bring the examiners up to date on new testing methods to insure standardization of scoring throughout the state.

He said testing stations will be open on those dates to take permit applications only at Louisville, Elizabethtown, Owensboro, Covington, Newport, Lexington, Catlettsburg and Pikeville.

CHOIR ATTENDS CRUSADE

The Youth Choir of the First Baptist Church was invited to the Billy Graham break was the fault of the city or the fault of Mr. Cummins. I make a motion we split the difference and each bear half of the \$25 cost. The motion was seconded by Councilman Bob Jasp.

GI Insurance Available Again
The Veterans Administration is preparing to handle next May's flood of applications for the reopening of National Service Life Insurance as provided for in the bill President Johnson signed into law Oct. 13. John S. Gleason Jr., Administrator of Veterans Affairs, reported today. Gleason said that more than three million veterans with service-connected disabilities, and an unknown number who up to now have not applied for service-connection but can do so in order to obtain

insurance, may now be eligible to buy up to \$10,000 in permanent GI insurance coverage. They may do this under terms of the new law on or after May 1, 1965, and before May 1, 1966, the VA pointed out. The VA is planning before May 1, 1965, to mail full details and application forms to all veterans receiving monthly compensation payments. Those veterans whose disabilities are service-connected but who are not drawing compensation will not be included in this mailing. For these, and for other veterans who believe they may be eligible, full explanatory material and application forms will be on hand at all VA Regional Offices by April 1965.

Somebody actually stole one. We were filled up to hear that somebody wanted a Volkswagen Station Wagon badly enough to go out and steal one. Not long ago we couldn't give them away. So when Martin Carlson reported his loss to the police, we took it as a triumph. In its own way, the VW Station Wagon is one of the world's best getaway cars. You can escape north or south of the border. But a VW engine can't freeze up or boil over because it's cooled by air! You can go farther in a VW than in any police car (24 mpg at an average). You have 21 windows to spot anyone who's tailing you. And it carries more load (1632 lbs.) than the biggest wagon you can steal. Unfortunately, the whole theory blew apart when Mr. Carlson found his VW abandoned in the very spot he had left it. Maybe everyone's not ready for it, after all. Not ever cracks.
