Burley Needs Much Potassium Added

Since burley tobacco is a "rich land" crop, high amounts of phosphorus and potassium, nutrients should be supplied. Actually, says Ira Massee, U. of K Agriculture Extension Service specialist, the crop should get more of these than it needs.

Nitrogen applications should be adjusted to other production factors of the soil to obtain the yields desired without cutting quality.

Generally, Massee said, the crop begins to ripen soon after topping, the proper amount of nitrogen has been used. Excessive use of nitrogen usually produces higher yields but quality is adversely affected.

A complete fertilizer, such as 5-10-15, 5-10-10, 6-6-18 or similar analyses, is recommended. The potassium, however, should be applied in the sulfate form; this form is satisfactory for use on most Kentucky burley fields.

Amount of fertilizer used should be based on a soil test. A general rule is that about 1,500 pounds an acre of fertilizer is best.

If farm manure is used to build up fertility, it should be spread on the sod or the cover crop, and turned under as soon as practical after application.

Wool Payments Set - At 16.5 Per Cent

Shorn wool payments for the 1964 marketing year will amount to 16.5 percent of the dollar returns each producer received from the sale of shorn wool during the period from January through December 1964. Freeman M. Hockensmith, chairman, Agricultural Stabilization and Conservation State Committee, has announced.

The rate of payment was determined recently by the Department of Agriculture as the percentage necessary to bring the national average wool price of 2 cents per pound received by producers during 1964 up to the previously announced incentive level of 82 cents per pound under the national wool program.

Producers thus will receive an incentive payment of \$18.50 for every \$100 received from the sale of shorn wool during the tenth year.

Plow Tobacco Field 6 Weeks In Advance

There's a good reason for the recommendation to plow tobacco fields about four to six weeks before setting tobacco.

It is tied in with what is called organic toxicity of tobacco, says Dr. Joe Smiley, U. of K Agriculture Extension Service tobacco specialist.

"Organic toxicity comes from plant residues from such things as cover crops, grasses and manure. They may injure the tobacco roots shortly after transplanting so that the roots are more susceptible to black root rot."

They may stay in the soil from 30 to 50 days after plowing. "Therefore, he says, the amount of organic toxicity and the amount of root disease can be reduced if the tobacco field is plowed well in advance of tobacco setting. Amount of manure applied should be limited to about 10 tons per acre because amounts higher than this will not rot rapidly enough and will still be present and in the rotting stage when the tobacco is set. He also advises adding manure and part or all of the fertilizer to the field and turning it under. Addition of the fertilizer will assist in decomposition of the organic matter."

Color Movie Of Bannance To Be Filmed At Renfro Valley

The color camera are expected to roll in the key of early June filming the Renfro Valley Bannance from the stage of the barn at Renfro Valley.

John Lair, director of Renfro Valley Enterprises, announced this week that the Bannance Production Co. of New York and Louisville will make the hour-and-fifteen-minute film.

The movie will be similar to such full-length features as "The Bandwagon After Dark" and the "Grand Ole Opry," and will feature Bannance songs, plus a host of past performers, possibly including Homer and Jethro, and Merle Travis.

The production company has already sold theatre rights to the film to three theatrical chains, guaranteeing national showing.

According to Mr. Lair, contracts for the filming are expected to be signed this week.

Mr. Lair said the movie will be the biggest boom to date in the Bannance.

"With such wide coverage in theatres all over the country, we will be in a better position than we have been in many years, certainly since a series of television shows were filmed here in 1935," Mr. Lair declared.

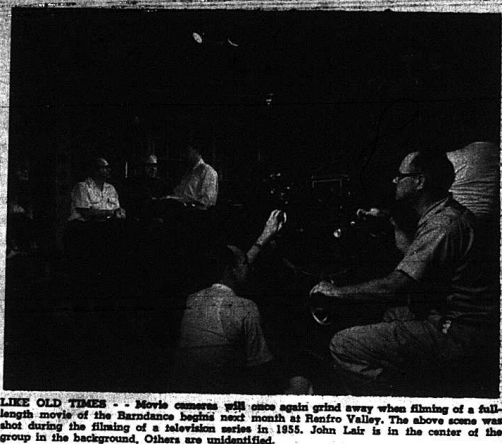

He reported the film's purpose is to tell of the development of Renfro Valley over the years. There will be scenes from around the Valley as well as the Bannance, the name of the film has not been announced.

Beginning this week, each Bannance will act up to become an addition stage for additional talent to perform in the film.

Persons interested in performing such as square dance groups, music groups, or others, should contact John Lair, Renfro Valley Enterprises, Renfro Valley, Ky.

On a Saturday night yet to be designated, the film company will roll the cameras up to the stage to film the entire Bannance.

On that night, special reservations will be sent out to those who will make up the audience. The audience is not expected to be large since the camera will take up considerable room in front of the stage. The audience will sign a permit and be paid for watching. The audience will be seen from time to time in the film.

LIKE OLD TIMES - Movie camera will once again grid away when filming of a full-length movie of the Bannance begins next month at Renfro Valley. The above scene will show during the filming of a television series in 1935. John Lair is in the center of the group in the background. Others are unidentified.

4-H Rally Day Held At MVHS

Staturday was a great day for many 4-H Club members in Rockcastle County.

It was the annual 4-H Rally Day which will be held at Mt. Vernon High School.

Twenty 4-H boys and girls received championship ribbons in the various events, and will represent Rockcastle County in the District Rally Day which will be held at London, Saturday, April 17.

Activities of the day included a demonstration contest, public speaking contest, foods exhibit, woodwork exhibit, electrical exhibit, and sewing exhibit.

Events, participants, and ribbons awarded are as follows:

Boys Speaking Contest (Senior Division)—David Parsons, Wildlife Club, champion; Dennis Burdette, Brindle Ridge Club, red ribbon.

Boys Speaking Contest (Junior Division)—Howard Saylor, Mt. Vernon Club, champion; Dennis Burdette, Brindle Ridge Club, red ribbon.

Girls Speaking Contest (Senior Division)—Carolee Carlisle, champion; Sylvia Halcomb, Livingston, blue ribbon; Doris Coffey, Brindle Ridge Club, blue ribbon; Bernice Bullock, Mt. Vernon Community, blue ribbon; Virginia Coffey, Brindle Ridge Club, red ribbon; Linda Holland, Brindle Ridge, red ribbon.

Girls Speaking Contest (Junior Division)—Patricia Ramsey, Wildlife Club, champion; Linda McFarigue, Livingston, blue ribbon; Koula Carlisle, Livingston, blue ribbon; Carolyn Reppert, Mt. Vernon, blue ribbon; Joy

Rockcastle County's 66 service establishments had total receipts of \$632,000 in 1934, a decrease of 20 percent from 1933, according to a report of the 1935 census of business just released by the Bureau of Census, Department of Commerce.

The last previous census of business covered operations in 1933.

The service trades in the census of business include those providing: Personal services to individuals; miscellaneous business services; auto repair and other auto services; and other repair services.

Also included were motion picture production and distribution businesses; motion picture theatres; other amusement and recreation services, and hotels and motels.

The selective service trade establishments in the county employed 41 persons (exclusive of proprietors) and had a payroll for the year of \$91,000. The state as a whole included 15,188 establishments with receipts of 386 million dollars.

STATE AWARDS ROAD CONTRACT

A contract for \$100,806.30 for three bituminous surfacing projects in Rockcastle County has been awarded by the Highway Department, Commissioner of Highways Henry Ward announced today.

The projects are: The Mt. Vernon-Bloss Billows Road from KY 80 at Billows to KY 1152, a distance of 2.1 miles; and the Dog Hill-Lincoln County Line Road from KY 150 0.75 mile south of Broodhead to the Ottawa Road, a distance of three miles.

L. P. Cavett Company, Lockland, Ohio, submitted the low bid of \$100,806.30.

Shot In The Neck

Homer Singleton, of Red Hill, was treated for a backshot wound in the neck at Rockcastle County Baptist Hospital Mar. 31 and released.

Charged with "shooting and intent to kill" is Richard Singleton, brother of the shot man. The shooting occurred near the home of Richard Singleton, Sheriff Lovell Clontz reported.

ROOF LEAKS AT HOSPITAL

The Rockcastle Fiscal Court Tuesday instructed County Atty James W. Leimbright to write Phelps Roofing Co. of Lexington, and inform them the roof is leaking at the Rockcastle County Baptist Hospital and needs repairs.

The court was told the roof has leaked for about five or six years and the roof firm has not repaired it. Some court action could be forthcoming since the roof is guaranteed for 20 years.

In another item relating to the hospital, the court returned the annual \$500 rent to the county by the hospital to defray some of the bills of county patients using the hospital.

Sewing Class At Livingston

Do you need a new spring or summer dress? Do you have some material put back but no time to sew?

An adult class in sewing will be held in the home economics room at Livingston High School on Tuesday and Thursday nights, April 13 through 29, from 7 p. m. to 9 p. m.

There will be six lessons on instruction in: Laying patterns and cutting material; staystitching prevents stretching; darts, tucks; finishing; necks and sleeves; zippers can be simple; and guides.

The sewing machines and guidance are available. The lessons are free. Classes will be taught by Anne Cole, home economics teacher.

WEATHER

Showers are likely beginning late Friday.

HERE and THERE

By The Public

TO VISIT US

Col. James B. Newman, top brass at the Army Corps of Engineers, Nashville, Distributors, to say he will visit us sometime in April to discuss what the Signal recently called editorially "the static policy" of the Corps. Some 12 newspapers quoted the editorial in their columns, and five congressmen called for copies. Sgt. Colonel Newman apparently wants to set us straight. With all due respects to Colonel Newman, the only thing we can tell the Corps is: Give us a dam on the Rockcastle River, and stay out of Cumberland Falls State Park!!!

STICK AROUND, BOYS!

A story in last week's Signal reports the Kentucky State Police have considered withdrawing from Rockcastle County. We hope this will not be the case. We need them. With US 27 closed at Lancaster from now until October, and Interstate 75 already taking an increased traffic load, we ought to think of the traffic congestion in our area during the summer months. We hope the troopers will "stick around."

MAY COME BACK

Speculation has it that guitarist-singer Merle Travis of "Sixteen Tons" fame may show up in Rockcastle Valley indefinitely when he returns to take part in filming of a movie, "The Yellow Peril" was once a regular on the Bannance before New York. We hope he'll be back in Europe, but expects to be back in time to perform in the fall.

WANT A PINE TREE?

The Rockcastle County Bookmobile Library has about 2,000 white pine seedlings for sale. They are free to those who want them. Mrs. Philip Davis, Librarian, has a list of just right for setting out. If you pick them up Friday around 2 p. m., you can stay and see the movie "The Yellow Peril" for Boys." That's a mighty lot of free items.

BALLOT POSITION

For those who are interested in the drawing for position on the May 25 primary election ballot at Rockcastle County Court Clerk Clarence Carter, Jr., 2 p. m., April 13. If you're interested, be there.

CREDIT BUREAU

Jerry Hanzel and Robert Gorman plan to open a credit bureau and collection agency to operate in Rockcastle County. If things go as planned, they'll have it open by May 1.

RETRFO DAM PETITIONS

A check with Jess Bullock at the Bank of Mt. Vernon shows that the Retro Valley Dam petitions bearing 700 names had been turned in. It's estimated that there will be many more names will be added before the petitions are finally in. Have you signed one of the petitions?

NATURAL GAS

We see by the papers that the gas company in the Standford area delay some line extensions. Wouldn't it be nice if they extended them over to Orchard Branch, Redhead, and Mt. Vernon. Maybe with all the grants expected to be floating around county can get some money to help defray the cost of the extension. Industry likes natural gas. It might be worth a try.

LOST CONTROL

The Wisly-Washly Laundry Mat on US 150 got a lucky break Saturday. A truck driver came out of the mat, jumped the curb by the Signal, rolled along and struck a post in front of the laundry. The truck was left in a dry mat before the unidentified driver from out-of-state could stop. Damage was considered minor.

ADD ANOTHER ROAD

A road was added to the Rockcastle rural road program this week by the Rockcastle Board of Commissioners in the Well Hope Road between at Sand Springs Road near the 25. Bullock property, and running to Silk Branch Road at Well Hope School.

Judge Carter Questions State Policemen's Motive

County Judge Charles C. Carter "wondered" this week in a written statement if the announcement by Kentucky State Police last week that State Trooper Johnny Sims will not be replaced, isn't "some kind of political shenanigan."

Last week State Police Capt. Oakley Watkins and Sgt. Robey of the London Post, announced that Trooper Sims had been transferred to Pulaski County and would not be replaced by another trooper stationed in Rockcastle.

The two State Police officers said there had been a "lack of cooperation on the part of some county officials, and a lack of desire to cooperate, which makes it difficult for State Police to do a good job."

The officers also announced that Troopers Gary Godby and John Anderson would remain in the county for the present time, but that their patrolling would be mostly on US 25 and US 150.

In a written release, Judge Carter said he was not writing "in defense of myself. He said he didn't like to have all the people in our county brought into focus by two people who don't even live here."

The judge pointed out he had 35 convictions in Rockcastle County Court during March, and said, "I'll compare that with any county in the State of Kentucky with a comparable population." The report by State Police and the rebuttal by Judge Carter was the first article of controversy that has been stirred in the primary campaign.

The written release, Judge Carter asked State Police to be "more specific," and said:

"It's just last week's Signal, Captain Watkins and Sgt. Robey of the London Highway Police Department made some very broad statements about officials of Rockcastle County.

"First they say there is a lack of cooperation. Now as to that, I don't know just what they mean. If they mean the officials don't do everything they say do, and don't conform every person they bring into court, then I'll say we don't cooperate, and we don't need officials—just want everything out of the State Police."

"On the other hand, just who are they talking about? Are they saying our Circuit Judge, Commonwealth Attorney, County Justice, County Attorney, our three Sheriffs, five Magistrates, five Constables, Jailor, Coroner, three police judges—one in Livingston, one in Mt. Vernon, and one in Broodhead—or the grand jurors who are officials in every session of the trial jury, or when they are trying people, they too are officials at that time? Every person above is a

SHE'S A HUNDRED - Mrs. Emily Jane Mullins of Mt. Vernon celebrated her 100th birthday this week at the Rockcastle County Baptist Hospital with a birthday cake and a release to go home after a short stay. Mrs. Mullins is a native of Withers, and is probably the oldest resident of Rockcastle County. She is the daughter of the late Champ and Mary Ann Mullins. Her oldest son, Danny is 78. Several friends and relatives were on hand at the hospital when she cut her cake.

Edd Hibbard Gets Five Years

Edd Hibbard of Buffalo was sentenced to five years in the penitentiary by a Rockcastle Circuit Court jury Tuesday for the Jan. 24 fatal shooting of James Price, also of Buffalo.

The jury found him guilty of "wilful murder."

Hibbard's attorney filed notice the case would be appealed to the Kentucky Court of Appeals and Hibbard posted a \$3,000 bond.

Hibbard is also charged with "malicious shooting, at and wounding another," with intent to kill. His trial on this charge has been set for July 21. In this indictment he is charged with the shooting of Thelmer Whitaker, who since has recovered.

Walter Waddle, also involved in the late hour ruckus, is charged with "carrying a concealed deadly weapon." His trial has been set for July 21.

Price was shot to death and Whitaker was wounded while at the home of Hibbard at Buffalo. Price apparently died instantly. When deputies arrived they found Price dead in a bed. Whitaker shot and bleeding in another bed, and Hibbard asleep in another bed. Waddle was arrested later while walking along the road near Frogate.

Airman Graduates

Airman First Class Donnie E. Hale, son of Mr. and Mrs. Joe Reed of Route 2, Paint Lick, has been graduated from the U. S. Air Force Noncommissioned Officer Preparatory School at Sewart AFB, Tenn.

Airman Hale, who was trained in leadership and management, is a personal flight equipment specialist with a Tactical Air Command (TAC) unit at Sewart. His unit supports the TAC mission providing fire-power and other air support to U. S. Army forces.

The airman, who attended Kingston High School, is married to the former Ruby C. Repper, daughter of Mr. and Mrs. Robert Roppert of Fairview.

NOTICE!!!

It will be appreciated if all political advertising and news from correspondents are brought to the Signal no later than noon Tuesday. Because of the increased number of ads, more time is needed to get them ready for printing.

Student Teachers

Two Eastern Kentucky State College seniors are performing student teaching at Livingston High School. They are Rex C. Combs and Freeman Mink. They are among 282 students participating in this phase of their teacher-training in 47 off-campus centers.

WHERE THEY'LL BE GOING

The group shown above from Livingston High have chosen the career which will follow after graduation. Students in the front row will attend a professional school, attend Eastern Kentucky State College, and attend the Well Hope Road between at Sand Springs Road near the 25. Bullock property, and running to Silk Branch Road at Well Hope School.

From left, are: Wilmae Hallard, Lexington Beauty School; Jerry Waddie, Spencer, Ky.; Bruce Mahaffey, Spencer, Ky.

File This Week

Four candidates for county officers filed their declaration papers this week.

Last day for filing is April 10.

Elmer Hale filed for magistrate of District 4. He will be opposed by Hubert Thacker, incumbent, and Robert L. Hubbard.

Earl Cromer of Blue Springs filed for constable of District 4.

Billy Ray Nicholas and Charles W. Lamb, both of Conway, filed for constable of District 4. Also filed for the job is Charlie Forbes of Boone.

NATIONAL HONOR SOCIETY members at Livingston High School were inducted into the society at a ceremony Tuesday morning at the school. Front row, from left, Beverly Cook, reporter; Nell Mullins, Phyllis McVey; Carolyn Stalworth, president; Faye Duff, Peggy Phillips, treasurer, and Sylvia Halcomb, secretary. Second row, from left, Wanda Vansant, Edna McQuinn, Jo Ann Hallard, Darlene Laine, Dolores Bond, and Brenda Thomas. Third row, from left, Miss Halls, Elizabeth Bond, and Theresa Bond. CALL ON THESE MERCHANTS
YOU'LL ALWAYS BE GLAD YOU DID

To The Citizens And Voters Of Rockcastle County

The distinguishing mark between a democracy such as our's in America, and a totalitarian nation such as Russia is freedom of expression and of action. But if our democracy is to survive, we as citizens must recognize that even in a democracy there must be proper restrictions that permits freedom with just and righteous limitations.

When one man's freedom interferes with the freedom of other men, it ceases to be freedom. This is why we enact laws, pay taxes, and elect men to our county offices.

When these laws are being enforced by our elected officials, peace and order reigns, and our citizens can feel secure knowing that their lives and property are being protected.

But if our elected officials neglect to fulfill their sworn duty, lawlessness rules, and fear of losing both life and property grips the hearts of our people.

Over the past several years, Rockcastle County has been greatly blessed in having good State Police protection on our heavily traveled highways. As a result, our traffic deaths have been drastically reduced and our roads have been made safer for us to travel.

Now this has been changed. Last week, Sgt. John Robey of the London State Police Post stated that because local state troopers were having difficulties with local law enforcement agencies due to their lack of cooperation, that State Police protection in our county would be reduced to a minimum.

I know that the citizens of this county desire and deserve good law enforcement, and after you elect me as your next County Judge, I promise you that by your help and cooperation, I will do all within my power to give you this protection, and to help make our county a better and safer place in which to live.

At the present time I can only take two days each week to visit with you, so please be patient with me as I hope to see each and every one of you before May 25th.

Tobacco Weed Control Important Task Now
Weeding a tobacco plant bed is one of the most difficult farm tasks of all, says Ira Massie, University of Kentucky Agriculture Extension Service specialist.
Early spring weed-control before the plant bed is seeded is a must, he says. Steam- ing, burning or chemical treatment are recommended.
(1) Never treat a plant bed

site if the weather is very cold (below 50 degrees F) or if the ground is wet. Any of the three recommended methods is almost useless for weed control under such conditions.
(2) Check your county agent for specific directions on controlling weed seed by burning, steaming or chemicals. Though none of these jobs is difficult, certain procedures are necessary in certain order.
(3) After treatment, the bed is ready for fertilizing, seeding and covering with canvas. Use 30 pounds of a complete fertilizer for each 100 square yards of bed site. Use two teaspoonfuls of a certified tobacco seed for the same area, and be sure to have a good grade of canvas ready. Put the canvas on immediately after fertilization seeding.

BAKER FOR REPRESENTATIVE

A Vote For BAKER Is A Vote For PROGRESS

A Vote For BAKER Is A Vote For PROGRESS

Republican Primary Rockcastle & Lincoln Counties May 25, 1965

Since I announced as a candidate for the office of Representative for Rockcastle and Lincoln Counties and stated my platform in this paper, I have had lots of people ask me what Baker I am, since there are about ten families of Baker's in this County, and most of the ten families of Baker's are not related in any way.

I am the son of Billy Baker, the Billy Baker that ran a store in Mullins Station for many years, and later ran a store at Pine Hill until his death. I only have one brother and his name is Raymond Baker. My Mother's maiden name was Chessie Anglin from over in the Clear Creek section of Rockcastle County.

I own and operate the Kentucky Casket Company, Inc., at Livingston, Ky. My wife's is Audrey and she is from East Bernstadt, Ky. We have two sons, one in college, and the other in high school.

You know as well as I do that there are a lot of wild stories told during an election, but I don't have anything to hide from you. I have had a lot of hard times during my life, but God has been good to me and I have had a lot of good times in my life also. I have been in many jobs and in many businesses since I started raising my family 22 years ago. But just like most people, some of my business was a success, and some of my business was not a success. But I was never a quitter. If I had a job or a business that put me down, I always had enough guts and will power to get up and come back again and make a living for my family. So like most of us, I have had some of the bad and some of the good.

There are (4) four of us candidate's running for Representative of the 80th District, and I have nothing bad to say about any of my (3) three opponents. I don't know any of my opponents as they all live somewhere way over in Lincoln County. I am the only man running for Representative who is from Rockcastle County.

I want to say here and now that I am NOT taking any part whatsoever in any other local county races here in Rockcastle County. As I said before, I am running against men that are NOT from Rockcastle County and I have no reason to get into anyone else's race, and I don't intend to get into any other races.

I think the voters should do a lot of good, clear, sound thinking for themselves in this election. I think that Rockcastle County is at the very crossroads of a progressive turning point in the industrial field which will be very important to all of us. You know when you run for any public office you will always have some who are against you, and of course, I will have a few even here in Rockcastle County that will be against me. Of course, you will meet these men on our streets and highways that will try to tell you how to vote. Now let us call this kind of man, Mr. X. Now when one of these Mr. X's begins to talk to you about why you should be for his man and against MONROE BAKER for Representative, you go ahead and let him pop off and tell all his big, wild stories and all the bad things that Mr. X. can think of to tell you. I ask each and every one of you who might run into Mr. X. to do me one favor, for remember that I won't be there with Mr. X. to defend myself and there may be a lot of Mr. X's on different streets and towns. Of course these Mr. X's are not running for anything themselves but they always manage to find someone to talk bad about during an election. So if you run into any Mr. X's, don't make any decision about me until you do this favor for me. When you leave Mr. X, you ask yourself these questions:

(1) What kind of success has Mr. X made for himself from a business standpoint?

(2) What has Mr. X ever done for Rockcastle County?
(3) How many public offices has Mr. X held?
(4) What does the general public really think of Mr. X, himself?
(5) Is Mr. X the type of person you would want to visit in your home with you and your family?
(6) Would Mr. X be talking about you if you were running for office?
(7) Is Mr. X the type of man that you would take his advice and use his judgement over and above your own judgement?

I really think that sometimes we are all inclined to make too many decisions on some Mr. X's word alone without really checking Mr. X, himself. I believe that we are all to ourselves to keep these questions in our minds all during this election about Mr. X.

VOTERS I ask you to think POSITIVE. Don't be led astray by some political rumor that has been sent to you by some Mr. X. I have stated my platform to you through this paper before and I will state it before you many times again before election day. I say that the people of Rockcastle are with me all the way in this fight to make Rockcastle and Lincoln industrial counties. I have looked at our people here on our streets and I have looked at people in other towns, and for my life I just can't seem to be able to tell any difference in the way we walk or talk, . . . but still when I drive around these other towns, I find small factories, New Housing Projects, New Business Places, New Parks and Playgrounds and it seems everyone is working and making money. But I don't find this in our County. Have you ever given much thought to why we don't have these things in our towns? Well, I will give you one reason: We don't have these things, because our state and federal officials that we help elect have never made an all-out fight to even try to bring something to our County.

Another reason is that we, the voters, have never banded together and exercised our voting powers. We have had too many Mr. X men. But I say that the time is here that all of us voters are going to exercise our voting powers and we will go forward like all the other counties all around us have done.

I say that this one small step in this fight for progress is now beginning this very election day by electing MONROE BAKER to the office of Representative by the largest majority ever voted in Rockcastle County.

I say that we will pound all our high-up elected officials until we do get something going for our county. Let's start this fight for progress NOW! We have tried before to beg some Company to locate here, but never got the job done. So now let's use our powers of voting and put the pressures where it counts. Let's don't be meeky mouth about it! Let's speak up! Let's say what we want! Let's demand from our politicians that Rockcastle County get some factories located here! They get them in all the other counties in Kentucky and I want some in Rockcastle, and I believe you do, too. I am not speaking of 5 years from now. I say we need and want some action soon.

Now don't be afraid or ashamed to speak your mind for there are thousands of us on our team.

I have nice car Bumper Stickers that need to be on your car. I have all kinds of literature that needs to be on display. You can have all this literature you want, just go by the Mount Vernon Signal in Mt. Vernon and tell them you want some MONROE BAKER literature. Let's put these bumper stickers on our cars and let everyone in our County know we mean business.

Your Friend,
Monroe Baker

We Can Only Wait For Dam

If proof were needed that the old adage "there's many a slip between the cup and the lip" is true, it was never more evident than last week when State Highway Commissioner Henry Ward announced that more time is needed to study a survey of a dam on Renfro Creek at Medina Valley.

The "slip" in this case was the re-evaluation of an engineering study that came about between the time it was learned that Engineers Bogt-lyers of Cincinnati had declared the dam feasible, and the time Commissioner Ward reported everyone was "concerned" about the dam and that every angle would have to be studied before a final decision—one way or the other—could be made.

Reason the decision will come in the very near future is undeniable. The dam is to be roadbed for Interstate-75 and take the place of a bridge, and right now I-75 is "bearing down" on us from both the north and the south. So the decision cannot be delayed for long.

But for the general public, the question asked most each day since the announcement is: Will the dam be built?

Obviously, we cannot answer this question. But there are reasons that speak for its construction. To name three:

- (1) Mt. Vernon needs the water, not only for home consumption, but to operate more efficiently the new half-million dollar sewer system now under construction. Broadhead also needs another source of water.
- (2) Commissioner Ward has been quoted (we hope correctly) that he is a good friend of John Lair, and will help Mr. Lair in every possible way. No doubt Renfro Valley would be helped by the 300-acre dam.
- (3) The water will be a boon in the Appalachian program efforts to boost the economy of one of the most depressed areas.

But as there are always assets, there are also liabilities. On the debit side, there is always the chance that the Federal Bureau of Roads would not want I-75 across the top of a dam. Also, the Corps of Engineers is skeptical that the dam might "change the drainage of its doornest, the Schute River, and turn it into a Lake Cumberland. And, the dam is a large project, one that Commissioner Ward calls "our largest." On top of all this, the State Highway Department says it does not know how to build dams, and is a little skeptical about the whole project.

No doubt, all the factors in the situation will be (and should be) weighed with the utmost care before the final decision is made.

If it "no," then the town should go to work at once in an effort to get a grant of some kind to build a dam somewhere, if at all possible. Mt. Vernon simply has to have more water.

If the answer is "yes," then we have a lot to be thankful for in this area. And a lot of thanks should go to Henry Ward who will have the last say.

JOCKEY SYMBOLIZING KENTUCKY'S 1965 HOMECOMING YEAR was presented to Governor Edward T. Breathitt by Martin Dyche (right), publisher of the *London Sentinel-Echo*, as a kickoff to Homecoming Year activities. Dyche presented the statue in behalf of the Laurel County Homecoming Committee, founded in 1935. It is the oldest such group in the state and as such, is the origin of the statewide homecoming campaign.

How to find happiness as a mother-in-law

No reason to be sensitive about being a mother-in-law. There are a lot of happy ones these days.

Like the ones who start the bride and groom out saving—with a gift of U. S. Savings Bonds.

This provides them with the wherewithal for those little emergencies that always seem to crop up with young couples. Or helps them meet the down payment on their first home. A gift of Bonds will tell them you're happy to help. It's a bit late for a wedding gift, Bonds make a good way to celebrate grandmotherhood, too. Bonds will grow right along with the new baby. And he'll get back \$4 for every \$3 you invest if the Bonds are held to maturity.

Millions of Americans help themselves—and others—with U. S. Savings Bonds. And every dollar they invest helps their country spread the freedom word a little farther.

Any way you look at it, U. S. Savings Bonds make a dandy nest egg. And a very happy mother-in-law.

Deaths

Mrs. Lula Large
Funeral Thursday

Notice Of Sale Of Franchise

By virtue of a resolution heretofore passed by the City Council of the City of Mount Vernon, Kentucky, directing the undersigned to advertise for bids and sell by franchise to use the streets, avenues, alleys and public places of the City of Mount Vernon, Kentucky, for the purpose of owning, operating, equipping and maintaining a system for the distribution of television cable service, the undersigned, City Clerk of the said City, will on Thursday, the 29th of April, 1965, at or about the hour of 2:00 P. M., sell at public auction to the highest and best bidder at the City Hall in said City, a franchise for the purpose above set out.

Said franchise is more particularly described and fully defined in a proposed ordinance granting and creating in and said and said proposed ordinance defines the terms and conditions upon which said sale will be made, and in full as follows:

Mary A. Bullock
City Clerk, Mount Vernon, Kentucky

AN ORDINANCE NO. 279

THE CITY COUNCIL OF THE CITY OF MOUNT VERNON, ROCKCASTLE COUNTY, KENTUCKY, DOES ORDAIN AS FOLLOWS:

SECTION 1. That the purchaser and grantee of this franchise, his or its legal representatives, successors, and assigns, heretofore and hereafter, be and is hereby authorized and empowered to acquire, purchase, construct, maintain and operate in and through this City, a system of works for the generation, distribution and transmission of television cable service from points either within or without the corporate limits of this City, to the City and the inhabitants thereof, and from and through this City persons, corporations and municipalities beyond the limits thereof, to erect and maintain poles, wires and other apparatus necessary or convenient for the operation of said system in, upon, across and along each and every one of the streets, avenues, alleys and public places within the present and future corporate limits of this City to have and hold, as by law authorized, any and all real estate easements, franchises and other rights necessary or convenient for said purpose, to use any and all such streets, avenues, alleys, and public places while constructing or operating said television cable service or works, and to erect and maintain poles, wires and other apparatus for the purpose of constructing, maintaining or extending such poles, wires and other apparatus as may be necessary or convenient for the proper distribution of television cable service in and through this City.

SECTION 2. The purchaser shall indemnify, and save harmless the City from and from all damages, judgments, debts, costs and expenses, including a reasonable attorney's fee, which the City may legally suffer or incur as a result of the exercise by the purchaser of any of the privileges herein granted, and, if any claim shall be made or suits brought against the City for damages alleged to have been sustained by the City as a result of the exercise of any street, avenue, alley or public place of the exercise of any privileges herein granted, by the purchaser, the City shall immediately notify the purchaser in writing thereof, and the purchaser is hereby given the right and privilege to defend or assist in defending such suit, in the name of the City.

SECTION 3. The purchaser may furnish television cable service to any person or persons residing along or near the aforesaid streets, avenues, alleys and public places, and may make such lawful contracts for the use thereof as may be agreed upon between the purchaser and the said person or persons.

SECTION 4. The purchaser shall have the right to make and enforce reasonable rules and regulations necessary to the proper conduct of its business and protection of its property.

SECTION 5. This franchise and all rights and privileges granted hereunder shall be in full force and effect for a period of ten (10) years from and after the date when this franchise is granted to the purchaser.

SECTION 6. This franchise may be transferred by the purchaser and the word "purchaser" whenever used in this franchise shall include and be taken to mean and apply also to all the successors and assigns of the purchaser.

SECTION 7. It shall be the duty of the City Clerk, as soon as practicable after the introduction of this ordinance, to sell at public auction, to the highest and best bidder, the proper franchise at the City Hall on some day to be fixed by her after advertising the proposed ordinance and the time and place of sale thereof on a week for three consecutive weeks, in the Mount Vernon Signal, Mt. Vernon, Kentucky, and making said sale she shall receive no bid for less than the total expense connected with the making of said sale including the cost of advertising, and she shall report her results to the City Council at its subsequent meeting of this Council. This Council reserves the right to reject any and all bids.

JUDGE CARTER
(Continued from Page 1)

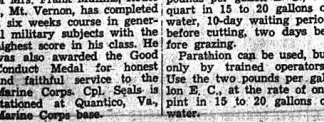

"Seems to me as though they are accusing everybody in Rockcastle County of not cooperating with them. If they mean me, I am ready and willing to back up everything I have done in court and the Statutes of Kentucky."

"In the month of March alone, I had 35 convictions in my court. I'll compare that with any County in the State of Kentucky with a comparable population."

"I'm not writing this in defense of myself, but I don't like to have all the people of our County brought into focus by two people that don't even live in this county. I'm wondering if you're some kind of a political schemanigan"—Chas. C. Carter, County Judge.

Phone Firm Adds Another Company

Telephones, Inc. has acquired Dixie Telephone Company, serving some 2,300 telephones in southeastern Georgia, subject to Public Service Commission approval.

This represents the seventh State in which Telephones, Inc., will operate, including the Kentucky Telephone Co. The entire system will be serving approximately 90,000 telephones.

Perry D. Woodward, president of Telephones, Inc., said that the purchase involved an exchange of stock.

Dixie Telephone Company serves parts of six counties West of Savannah, operating primarily in the Springfield-Rincon area, through seven community dial exchanges.

To The Voters Of Rockcastle County

As this is my first time to run for any public office, I would like to introduce myself to those of you who may not know me. My name is Billy Dowell and I am soliciting your support in the primary election of May 25, 1965 for the important office of Coroner of Rockcastle County.

I am 28 years old, a lifelong resident of Rockcastle County. I graduated from the Kentucky School of Embalming.

I sincerely believe that I am the most qualified candidate for this important office. My education greatly exceeds that of my opponents. I am the only candidate that is licensed by the State of Kentucky to practice Embalming and Funeral Directing.

To graduate from embalming school one must know many many different diseases of the human body and how to recognize them plus the cause of death when someone suffers a tragic death. I promise you, the citizens of Rockcastle County, a thorough investigation of all cases where there is suspicion of foul play.

So I say to you: THINK.

Many times the decision of the Coroner determines whether or not an insurance claim is settled. I would like to say in closing that I will show no partiality between funeral homes.

THANK YOU,

BILLY DOWELL

Mr. and Mrs. Obenshain

Bowman - Obenshain Vows Exchanged

Miss Stella Ruth Bowman, daughter of Mr. and Mrs. Jack Bowman of Orlando, and Mr. Roy Kenneth Obenshain, son of Mr. and Mrs. Everett Obenshain of Roanoke, Va. were united in marriage Friday, March 26.
