To The Voters of Rockcastle County

Time may not permit me to see all of you before the election which is May 25th. It would be a pleasure to see each of you and discuss the issues of this Primary election, thoroughly. If I am not able to see you, please consider me as your next County Judge.

If I am elected as your County Judge, I will do my very best to deal justly and consistently with the problems that lie ahead, realizing that this is by no means a small responsibility.

I am Your Friend,

Compare the 5-year/50,000-mile warranty* on Simca 1000's vital engine and drive train parts

CHRYSLER'S ALL-NEW ECONOMY CAR

with warranties on other economy imports:

VW 6 months or 6,000 miles **Renault** 12 months or 12,000 miles **Fiat** 12 months or 12,000 miles **Opel** 24 months or 24,000 miles

Who's the leader now? Simca 1000. Chrysler's all-new economy car. Great performer, best protected.

WHY ARE THE FACTS? Chrysler Motors Corporation warrants all of the following vital parts of the Simca 1000 for 8 years or 80,000 miles, whichever comes first, during which time any such parts that prove defective in material or workmanship will be replaced or repaired at an Authorized Simca Dealer's place of business without charge for each part or labor on engine block, head and internal parts, water pump, intake manifold, Trans-Axle parts and rear wheel bearings.

WHY ARE YOU SURE? Give your car this normal care—change engine oil and retorque the cylinder head at 500 miles and thereafter change engine oil every 8 months or every 6,000 miles, whichever comes first; clean oil separator every 8 months (spring and fall), clean carburetor air filter every 8 months and replace it every 2 years; and clean the automatic transmission and filter oil and change Trans-Axle lubricant every 8 months, or 6,000 miles, whichever comes first. AND every 8 months flush and replace the oil required service to an Authorized Simca Dealer or other Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of each evidence and your car's mileage. Double check for each business protection.

"To me, its amazing cleanliness alone is worth the cost of electric heating."

The Vaughn's new home is 1803 square feet and all electrically heated. Cost last year was only \$145.10

"House cleaning, and even day-to-day cleaning is so much easier", says Mrs. Vaughn. "Flameless electric heat just doesn't cause dirt." Mr. Vaughn adds, "It's so comfortable. With individual room controls you get just the temperature you want in every room. And there's nothing to maintain or repair."
The advantages of electric heating make it a lasting investment in better living. All these advantages cost less than you think.
So do what the Vaughns did. See your KU heating specialists and discover the joy of Total Electric Living that is yours with safe, flameless electric heat.

BAKER For REPRESENTATIVE

A Vote For BAKER Is A Vote For PROGRESS

Republican Primary Rockcastle & Lincoln Counties

It is very important that each and everyone of us VOTE in this election, because it will have a great bearing on our future and the progressive future of our county.

I want to tell you again some of the things that I will fight for if you elect me your Representative. I want Factories to locate here to give employment. I want the old age pensions raised. I want the state unemployment checks raised. I want FREE medical care for our needy and old people. I want more FREE food and clothing for our needy people. I want better school programs and more pay for our teachers. I want more programs that will help our small farmers. I want more of our country roads blacktopped. I want you to be paid \$16.00 per day for jury service. I want more of our tax dollars to get back into your hands here at home. I am tired of seeing everything going into other counties and nothing coming into our county here. I say to you again, that it is very important that you VOTE in this Representative race so that our county can be recognized, and not our share of state aid that we pay for in the form of taxes.

camera to get his name in the paper. But did you ever try to feed your family on a newspaper that he had his picture in! When you read of him getting on some committee that he brags about, you take that paper out to the grocery store and see if it will pay your grocery bill. Of course it is no secret that he hasn't done anything for us and he just can't run on his past record where there is nothing on his record for us but ZERO. So here's what he does. He comes over here and gets his little small group together and they begin to tell on the streets about what a bad man I am, and tries to start all the false rumors he can on me hoping you will believe those false rumors and vote for him. Now he has never yet said or offered you anything whatsoever for the betterment of Rockcastle County. I will agree that he will not be obligated to any one that votes for him, for he sure hasn't promised to do anything for us. It seems to me that his only interest is to get on the streets and talk about MONROE BAKER. He really thinks that if he can get enough lies started on me that the people will vote for him. But I say that he will have to offer the people something better than this. Everybody know that it is an old political trick just before an election for one candidate who thinks he is beat to run false rumors on the other. He will try to get it spread over the county that the man is a democrat or has some scandal. But I say this is an insult to the intelligence of the people of our county. My opponent really thinks that the people will believe such as this. I say that he will have to do better than just make lies on MONROE BAKER.

We have tried other men from other counties for our Representative. You have one that is in office this day, but can you see anything that he has done for you? Can you name just one single thing he has done for you? Has he done anything whatsoever for Rockcastle County? After he was elected, did you ever see him in Rockcastle County anymore until he now comes asking you to vote for him this time? Did you ever know this man before he was elected as Representative or did you know anything about him whatsoever? Do you know any reason why he would work hard for Rockcastle County? Does he have any property or interest whatsoever in Rockcastle County? Since he has served his term out this past two years as your Representative, have you earned even one dime from any program as in way, shape, form, or fashion, that he got or caused you to get during the whole term of his office as your Representative? I can answer all these questions for you in one word, the answer is NO. I believe he is in the wrong business. I think he should go to Hollywood because he will run as hard as he can to get in front of a news

I have the utmost confidence in the intelligence of the people of this district and that they will not fall for this kind of falsehoods. I say we have had too much of this type of thing pulled in an election too many times and that he has underestimated our intelligence this time.

I have told you many times through the columns of this paper openly and publicly what I, MONROE BAKER, stands for and I have quoted you facts. I say to you, if you want I progress and a man who will work for the interest of our district, VOTE FOR MONROE BAKER for your Representative.

Your Friend, Monroe Baker

County Schools Schedule Commencement Programs

Baccalaureate and commencement exercises for all county high schools have been scheduled.

Baccalaureate at Mt. Vernon High School is set for 7:30 p. m., Sunday, May 16, at the Mt. Vernon Baptist Church. The baccalaureate sermon will be delivered by the Rev. Howard E. Ray, pastor of the Mt. Vernon Baptist Church.

Baccalaureate at Livingston High School is also scheduled for 7:30 p. m., Sunday, May 16, in the school auditorium. The Rev. Cleon Wright, pastor of the Livingston Christian Church, and the Rev. Phillip Hinton, pastor of the Livingston Baptist Church will conduct the program.

Broadhead High School does not have baccalaureate exercises.

Commencement exercises are scheduled at Mt. Vernon High School at 7:30 p. m., Thursday, May 20. Dr. Lynn V. Ginger, of the University of Kentucky will deliver the commencement address. School Superintendent Neutrino Miracle will present diplomas to the 61 graduating seniors.

Commencement exercises at Livingston High School are set for 7:30 p. m., Friday, May 21, at the school. Dr. Malcom A. Miller, president of Union College, will be the commencement speaker. A total of 41 seniors will receive degrees.

Commencement exercises at Broadhead High School are scheduled for 8 p. m., Wednesday, May 26, at the school. Commencement speaker will be Dr. Robert Martin, president of Eastern Kentucky State College. D. A. Robbins, principal of BHS, will present diplomas to 62 graduates.

Eighth grade graduation exercises will be held at Livingston High School auditorium at 7:30 p. m., Tuesday, June 1.

Eighth grade graduation ceremonies at Roundstone School are set for 7:30 p. m., Tuesday, June 1. Principal speaker will be Dr. Clyde Orr, dean of the graduate school at Eastern Kentucky State College.

The public is invited to all ceremonies.

Community Night At Baptist Revival

Community night will be held at the revival underway at the First Baptist Church at Mt. Vernon, Friday, May 14 at 7 p. m.

Various community organizations will be recognized during the evening, including the Lion's Club, Masons, Boy Scouts, Civil Scouts, Town Council, Chamber of Commerce, Junior Chamber of Commerce, Eastern Star, Meridian Woman's Club, Woman's Club, Businessmen's Club, and the Fish and Game Club.

Evangelist at the revival is Walter Braslier of Greenville, S. C. Sons leader is J. R. McPhadden. The revival services will continue through Sunday morning, May 16.

BIG CATCH - That no man can deny, Johnny McCoy of Dix River near Preacherville. He also got five Buffalo, two in the Carp was 17 and a half pounds and measured 37 inches long. The largest was caught on a spinning reel with a 10-pound test line. It took 40 minutes to land it.

County Schools Top Rated

The three county grade and high schools and Roundstone Elementary School have again received top ratings from the State Department of Education.

Receiving the rating of "standard" are: Mt. Vernon Grade and High School, Broadhead Grade and High School, Livingston Grade and High School and Roundstone Elementary School.

Standard is the highest classification these schools can be rated because the classification is based on the number of students enrolled.

In past years, and presumably this year, taken into consideration in rating schools are such things as curriculum, a good organization, a good faculty, a good environment for study, graduates who rank well on state and national tests, and the cooperation of non-certified personnel.

According to Mrs. Neureul

Gets Degree

Russell H. Parsons, agriculture teacher at Mt. Vernon High School, was awarded a master of science in education degree at commencement exercises Monday at the University of Kentucky.

WEATHER

Fair and warmer through Sunday with temperatures in the mid 80's.

HERE and THERE

By The Public

WINS APPROVAL
We understand that Mt. Vernon's proposed housing project has been approved by the FHA at Atlanta, Ga., and documents have been forwarded to Washington for final approval, a routine matter after Atlanta approval. The housing project will be constructed with a grant with nothing to pay back. Might as well take the free money.

THEN THERE WERE NONE
The last of the State Troopers bid us farewell this week unofficially when Gary Godby began patrolling in Laurel County. He will still be in Rockcastle County, since he maintains his home here, but we notice by a classified ad in the Signal that his house is for sale.

GOODYE, BETTY
We at the Signal took leave of Betty Shehan at night when Mrs. Betty Shehan resigned to take a position at Berea. Ruben, Betty's son, has been "among us" for 10 years mostly as secretary and bookkeeper. Part of her duties will be taken by Mrs. Sybil Lunsford, who is in charge of advertising. Bye, Betty! But stop and see us from time to time.

GOOD SPELLERS
Four students in the Fifth Grade at Mt. Vernon school could be called top-notch spellers. At least we hear they are. Information on spelling all year. The young Webster's are: Jimmy Mullins, Lisa Kelsey, Rebecca Ray and Judy Carter.

WANTS INFORMATION
Mrs. Henry K. Dorothy, Montgomery, 318 Alcorn Dr., Dayton, Ohio, made a rare visit to Mt. Vernon recently to see her mother, Mrs. Mary Ann Carter. The ancestors for whom she was searching were John and Elizabeth Montgomery. If you know anything about these people, drop her a note.

FOR THOSE WHO ASKED
The excitement at Renfro Creek Bridge Sunday night turned out to be much ado about nothing. Someone called Sparks Funeral Home to report a man lying beside the road at the end of the bridge. Sunday night's heavy northbound traffic was halted and congested with scores of tourists and local residents joined in the search for the body. It was all a case study by someone, or a case of seeing things.

BREAK-UP AT BROCKS
As we went to press, we heard that Brock's Standard Service Station at Broadhead had been closed since Tuesday night with an undetermined amount of merchandise taken. Deputy Sheriff P. P. Reppert and State Detective Les Yaden are investigating.

FINAL REPORT
We find from the City of Vernon that 227 persons purchased privilege licenses this year. Of the number, 144 were local. Seems the city did a good collecting job.

NEW EMPLOYEE
Robert McClure of Sand Springs, has been employed at the Signal as a trainee in printing and machine operation.

MOVE HERE
Mr. and Mrs. Bernard Franklin have moved to their home on West Main Street. Mr. Franklin recently retired after spending many years working with Detroit, Mich. newspapers. Mrs. Franklin is the mother of Mrs. Maude Martin.

Franchise Sold
A franchise to operate a television cable at Mt. Vernon TV Cable Inc. owned by Wayne Stewart and James Taylor, when the franchise was sold last week to Mt. Vernon City Council. The franchise brought \$25 plus advertising costs.

Broadhead Buys Land For Lake To Increase City Water Supply

BOWLING WINNERS - Winners of the Mt. Vernon Mixed Bowling League were awarded trophies recently at a dinner at Renfro Valley Lodge. Winners shown above are, from left: Mrs. Bill Norton, second; Mrs. Glenn Faulkner, second; Bill Norton, second; Ralph Allen, first; Mrs. and Mrs. Bill Reynolds, first. Not available for the picture were Glenn Faulkner, second, and Charles Norton, first. Dr. and Mrs. Jack Lewis won a trophy for best sports.

Council To Ask For Money To Buy Renfro Lake Land

The Mt. Vernon City Council Thursday night authorized Mayor Clyde Lanville to make an application with the Federal Housing Authority, Atlanta, Ga., for money to purchase land that would be undated by the construction of a dam on Renfro Creek.

The announcement by the State Highway Department the dam will serve as a road bed for Interstate-75, and the water impounded for city water and recreational purposes.

State Highway Commissioner Henry Ward advised the council to pass the resolution.

Rural Highway Commissioner Mitchell Tyndler told the Signal Wednesday the Federal Bureau of Roads in Washington has the project under study, but he would not speculate on when they would give a report. Mr. Tyndler said, "our standpoint here, the dam looks good."

Council Sells Sewer Bonds

The federal government will be awaiting sale of the bonds.

A check with Engineer Jack Crawford shows that construction of the sewer plant at Mt. Vernon is ahead of schedule. The installation of distribution lines will soon be ahead of schedule if the rate of progress continues.

To date, about 3,000 feet of lines have been installed.

The first government inspection of the sewer system construction was held Tuesday. Inspector must be made for the purpose of auditing so as to make partial payment on Health Department grant money, Mr. Crawford reported.

The sewer system is scheduled to be completed in January, but will probably be completed earlier.

Completes Training

Pvt. Virgil L. Abney, son of Mr. and Mrs. Lester Abney, 2, Mt. Vernon, completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla. recently.

Abney was trained in the preparation, loading and firing of field artillery guns and mortars.

The 22-year-old soldier entered the Army in December 1964 and completed basic training at Fort Knox.

Abney is a 1960 graduate of Broadhead High School.

Dedication Ceremony

Dedication ceremonies for the new Rockcastle County Courthouse are scheduled for 1:30 p. m., Saturday.

Sen. John Sherman Cooper will give the dedicatory address in the Circuit Courtroom. George Murphy will cut a ribbon across a door to officially open the courthouse.

According to County Judge C. C. Carter, no specific invitations have been sent. Everyone is invited.

The ceremonies have been billed as non-political, meaning no campaign speeches will be made.

The ceremonies will be preceded by an open house during Saturday morning.

New Ministers

Rev. Phillip Hinton and Rev. Hayward H. Yeary graduated from Clear Creek Baptist School, Pineville, on May 6.

Rev. Hinton is pastor of the Lexington Baptist Church. Rev. Yeary is pastor of the Freedom Baptist Church.

Spokes for the commencement exercises was Dr. Wayne Dehoney, president of the Southern Baptist Convention Twenty-eight seniors composed the graduating class.

Clear Creek Baptist School is an adult theological institution. It is affiliated with the Kentucky Baptist Convention.

PROJECT TOTALS ABOUT \$250,000

The Town of Broadhead has purchased 35 acres of land as the initial step of a plan to increase the city water supply for residents.

The 35 acres were purchased from Roosevelt Brock on Bowman Branch, locally known as Fuzzy Duck Hollow.

Engineer Jack Crawford, who is handling the project for the city, said when contacted that if financing of the project goes well, it will mean the construction of a 40-foot dam at a cost of about \$50,000, and a water treatment plant valued at about \$140,000, and will up the capacity of the town's water supply to about 250,000 gallons a day.

Total cost of the project was estimated by Engineer Crawford at \$250,000.

Mr. Crawford said there is no plan at this time to increase the number of water distribution lines in the city. He said only slight modifications will be made to the existing plant, but there would be an additional storage tank.

Broadhead's trustees have discussed the city's water problem off and on for at least two years. Broadhead's water supply, like Mt. Vernon's, becomes very low in extreme dry times. The new lake made by the dam would be about five times as large as the lake now being used at Mt. Vernon.

The method of financing the water project is still under consideration. Mr. Crawford said it could be done with revenue bonds, or through loans from state or federal government.

Willie Gilliam Found In River

Willie Gilliam, 35, of Lamer, was found dead in the Rockcastle River about 3:30 a. m. May 8.

He was pulled from the water by Banford Robinson, after Charles Stallworth, with whom Gilliam had been frog-egging, summoned help.

Mr. Gilliam was found near the mouth of the river in the vicinity he was last seen. To date there has been no coroner's ruling on Mr. Gilliam's death, pending further investigation.

Mr. Gilliam was born in Richmond, Va. He was a construction worker for most of his life.

He is survived by four brothers and three sisters: Fred of Lamer, Leroy of Berea, Ray of Eaton, Ohio, Herbert of Dayton, Ohio, Mrs. Edna Gibson, Crystal River, Fla., and Mrs. E. E. DeWright, and Mrs. Ena Faulkenberg, both of Richmond, Ind.

Funeral services were conducted May 9 at graveside in Walnut Grove Cemetery with Rev. Deaton Sears officiating. Rev. F. H. Horne was in charge of arrangements.

Soil District Gets New Memorandum

The Board of Supervisors received assistance from Clay Colson, work unit conservationist, Soil Conservation Service, Jim Hill, field representative with the Kentucky Division of Soil and Water Resources, along with the Agricultural Extension Service, Farmers Home Administration, and the Agricultural Stabilization and Conservation Service.

In a letter to Mr. Proctor, Secretary Freeman said: "I want to commend the governing body of your district for their progressive action in updating the soil and water conservation program and in sponsoring the memorandum of understanding with the Department of Agriculture."

The memorandum of understanding is an important step in helping private landowners move forward more effectively with their resource conservation and development effort."

Mr. Taft, Soil Conservation Service State Conservationist, Lexington, Kentucky, in a letter to Proctor expressed the commitments of Administrator Williams to the members of the District governing body which he foresaw and vision in broadening the concepts of conservation and water development in their District and commended them for recognizing the new challenges and opportunities which lie ahead in this field. He pledged to them the full cooperation of the Soil Conservation Service in meeting these new challenges.

The revised district program is a basic memorandum replace those developed in 1944 when the district was first organized. The document sets forth modern concepts in resource development and soil and water conservation and provides for full use of current programs and modern techniques.

ATTEND MEETING - Members of the Torchlight Chapter of the National Honor Society at Livingston High School attended the second annual Regional Blue Grass National Honor Society April 24 at Lexington. Those attending, from left, Daloris Bond, Judith Brown, Martha Sue Leach, and Sylvia Halcomb. Shown with the group is school Principal Charles B. Parsons.

Citizens Of Rockcastle County

A few weeks ago I announced my candidacy for Jailer of Rockcastle County. Since then I have campaigned through most of the county, and I am grateful for the encouragement given me.

I am an honest and reliable citizen. I served you people in World War II in the South Pacific and was wounded twice.

I think that I am capable of serving the county as Jailer. This position requires a great deal of responsibility and hard work. If elected to this position, I will uphold it to the best of my ability. I am number 5 on the ballot for Jailer.

I will appreciate your vote and influence.

TO THE PEOPLE OF ROCKCASTLE COUNTY IN BEHALF OF

Wayne VanHook

FOR

County Judge

I wish to bring to your attention certain character traits which most of us expect in a public servant but seldom find. Give us a man who has the ideals of justice, but who is tempered by age. Give us one who has demonstrated his knowledge in working directly with our youth—always up-grading their attitudes and values. Give us one who can deal sincerely and logically with all whom he meets. Give us a man who willingly accepts the responsibility, with statesman-like dignity, of passing our heritage on to posterity.

We can be certain that a man of this high quality is hard to find. Furthermore, the country with such a man is fortunate, and we are fortunate because we have such a man in WAYNE VANHOOK. Those of us who know Wayne realize that he truly fits this description and more.

We must give him our support and allow him to do for our county what a man of his character can do.

Mrs. Nancy J. Clontz Buried At Mt. Vernon

Mrs. Nancy Jane Clontz, 91, formerly of Rockcastle County, died May 9 at Hamilton, Ohio, where she made her home.

Mrs. Clontz was born in Rockcastle County, daughter of A. C. and Nancy Kirby Sowder. She was a member of the Baptist Church.

She is survived by two daughters and four sons: Mrs. Dollie Bullock of Mt. Vernon, Mrs. Bessie Cummins of Boynton Beach, Fla., May Clontz of Blue Ash, Ohio, Robert Clontz of Maud, Ohio, Fred Clontz of Hamilton, Ohio, and Lovell Clontz, of Mt. Vernon.

Two sisters and one brother survive: Mrs. Della Wadley of Memphis, Tenn., Mrs. Emma Barnes of Reading, Ohio, and Paris Sowder of Detroit, Mich., as well as 25 grandchildren and 57 great-grandchildren. She was preceded in death by her husband, John Clontz.

Funeral services were conducted May 12 at the Pleasant Run Baptist Church with Bro. J. William Hall officiating. She was buried in Elmwood Cemetery. Cox Funeral Home was in charge of arrangements.

William Henry Mink Funeral Conducted

William Henry Mink, 75, of Mt. Vernon, died May 8 after a short illness.

Mr. Mink was born in Rockcastle County, the son of Ellick and Mary Mink. He was a member of the Baptist Church.

Mr. Mink is survived by eight sons and two daughters: Earl of Florida, Robert of Arizona, Rog and Homer of Pennville, Ind., Charles of Livingston, Albert of Louisville, Walker of Howell, Mich., James of Warren, Mich., Mrs. Ruby Wyble of Pennville, Ind., and Mrs. Bertha Wyckoff of Howell, Mich.

Two sisters and one brother survive: Mrs. Logan Marshall of Livingston, Mrs. Sarah Cummins of Mt. Vernon, and Albert Mink of Pineville, as well as 21 grandchildren and four great-grandchildren.

Funeral services were conducted May 8 at Sand Hill Baptist Church with Bro. Henry Parrott and George Anderson officiating. He was buried in Elmwood Cemetery. Sparks Funeral Home was in charge of arrangements.

Monroe Griffin Dies

Monroe Griffin of Oneida, Tenn., and son of Mr. and Mrs. Claude Griffin of Renfro Valley, died April 30 in Tennessee following an illness of about a year. Funeral services and burial were in Oneida. No further details are available.

63rd BIRTHDAY

Mr. Shird VanWinkle of Orlando celebrated his 63rd birthday with a dinner served at his home recently. His guests were: Mrs. Shird VanWinkle, Mrs. Etta Ahney, Mr. and Mrs. John H. VanWinkle, Mr. and Mrs. William I. VanWinkle, Delina, Vicki, Sandra, and Alan, Mr. and Mrs. Hubert Vanzant and Roger, Mr. and Mrs. Dave VanWinkle and David, Mr. and Mrs. Johnnie Cope and Melissa, Mr. and Mrs. Lizzie VanWinkle, Eva and Lewis, Mr. Isaac Barnett, Mr. David Ballinger, Mr. and Mrs. Wendell VanWinkle and Marecca, Mrs. Ruby Croucher, Minnie and Darrell, Sandy, Carla and Nicki of Richmond, Mr. William Marie and Genevieve Mink, Mr. T. agencies.

A sewer system for the city, which has undergone some discussion at Brodhead, would not be in the initial construction, Mr. Crawford declared.

One other note of interest: It was learned that Brodhead has at no time discussed the use of water that might be made available from the construction of a dam and lake at Renfro Valley.

It has been generally accepted that Brodhead planned to use the water from the Renfro Lake if it is constructed.

Tent-Caterpillar Can Be Controlled

Large silken webs in the croches of wild cherry, apple and crabapple trees mean the eastern tent-caterpillar is invading now.

These pests feed on leaves of host trees, says Dr. R. L. Miller, University of Kentucky Agriculture Extension Service entomologist, and return to live in the silky webs. Soon they will leave the trees and can damage trees severely.

Treat foliage of trees with 50 percent strength wettable powder DDT. Use two tablespoons in a gallon of water. Also, useful is a spray made of the 25 percent strength emulsifiable concentrate of DDT, used at two tablespoons per gallon.

Webs also may be burned out, which requires safe handling, or cut out the web and then burned. Little can be done to control the cater-

Important Points In Alfalfa Spraying

Should alfalfa fields be given a second spraying to control the alfalfa weevil? Several factors are involved, says Dr. R. L. Miller, University of Kentucky Agriculture Extension Service entomologist. They are:

(1) If the alfalfa is 12 to 18 inches tall and the infestation is 15 to 20 percent of the field, spraying is indicated. But running spray equipment through these fields may damage the plants, possibly more than the weevil would do.

(2) Some farmers are finding very small weevils now. These are newly hatched from eggs laid in April.

(3) If alfalfa is tall, the infestation at 20 percent and it is within two weeks of normal cutting time—cut the crop rather than spraying.

(4) High temperatures will kill many of the weevils. But some will survive and feed on the new growth after first cutting. They may need to be controlled.

(5) Check bud areas carefully on second growth (after first cutting) for larval feeding. Don't worry about lower portions of the plant. Examine the top one inch of new growth for feeding damage. Bud-feeding will cut growth severely.

(6) If stubble (after first cutting) has 15 to 20 percent of the buds showing damage and one or two live larvae per bud, spray the stubble. Check fields at least twice a week. Spray when damage is

15 to 20 percent of the living plants.

(7) Use 10 to 12 gallons of water an acre for stubble spraying, rather than the recommended 15 to 20 gallons for growing plants.

Using too much water will cut control efficiency. Use methoxychlor, 25 percent concentrate, 2 quarts, or malathion 57 percent at 1 quart, or Guthion 2 pound

concentrate at 1 quart, or diazinon 4 pound concentrate at 1 quart, per acre of alfalfa.

LETTER TO EDITOR
 To The Editor:

I want you to know just how much I enjoy reading your newspaper. I have been away from Mt. Vernon since 1911. My father and mother have passed away, but I have one brother left there (Ooster Harper) and one sister in Pine Hill (Pearl Southern) and I used to go back home often. But now I have to be satisfied just reading the news and I know several people here that came from Mt. Vernon and we all enjoy the Signal. I am sending my best to all of you good people in Mt. Vernon. Margaret (Harper) Lawrence 17216 Gilre Avenue Detroit, Michigan—48205

To The Citizens And Voters Of Rockcastle County

Over the past several weeks I have been beating a path to your door. I have enjoyed the hospitality of your homes and the fine reception you have extended to me. We have talked together as friend with friend about the future prosperity and progress of our county. I am greatly encouraged by the support you are giving me and the deep concern that you good people of our county have expressed for the need of civic and economic advancement. As your next COUNTY JUDGE I will work together with you for a greater and more prosperous county.

As this campaign draws to a close you will no doubt hear many false rumors. I have from the beginning kept the issues of this race before you. Every voter in the County knows where I stand on these issues. As I stated last week, my opponents so far, have evaded these issues and have promised you nothing.

The attitude of our present County Judge toward the Bookmobile and the County Health Department proves that he does not believe in progress. He stood, as it were, in the door of the courthouse and dared you to vote for these important necessities. You showed your resentment toward him by voting for both of them. You believe in progress. You believe that our boys and girls, our men and women who have been deprived of an education should be given the opportunity of improving themselves mentally that the Bookmobile offers them. You believe that our aged and indigent citizens who are not financially able to provide medical care for themselves should be given this attention through our health department, and you voted for this aid. You have proven that you want a progressive administration in our courthouse and I promise you this kind of an administration.

I am now serving my second term as police judge of Mt. Vernon. Evidently the citizens of this town approve my administration or I would not have been re-elected to this office.

During my tenure as Police Judge I have cooperated with all law enforcing officers of the city and county. As your next COUNTY JUDGE I shall continue this cooperation. I wish to repeat what I have so often told you, that I will have State Police protection restored to this county. This can be done by a County Judge who will cooperate with them. As it now stands our school buses that transport our children to and from school do not have the police protection that they have enjoyed over the past several years. We must have this protection as our Sheriff's department is numerically too small to provide the necessary protection to all phases of our county life. Our present Circuit Court Judge Mr. Tartar said, "if it were not for the State Highway Patrol we would not be safe on our highways."

After I am elected as your next COUNTY JUDGE I will take care of the duties of this office and not interfere with the operation of the other county offices except to work in cooperation with them to the best advantage of our County. You will find my office open for business and service every day and you will always receive a warm, courteous, and a cordial welcome when you drop in for business or a visit. You can feel at home when you are in my office.

Since there are only two more weeks of the campaign I will be absent from my barber shop until after the Election. I hope all of my good patrons will understand this, but after election day you will find my shop open for business as usual.

RESPECTFULLY,

Oscar "Larney" Durham

To The Citizens Of Rockcastle County

In the past few weeks, Frank DeBord, Billy Kirby, and I have been in many parts of Rockcastle County and have talked with many people.

We wish to take this opportunity to thank each of you for your kindness and the encouragement you have given us in our political race for Sheriff of Rockcastle County.

We are trying to see as many of you as possible before the election, but we hope you will not be offended if we fail to see you as we already have obligations which must be fulfilled.

We sincerely solicit your vote and support in the forthcoming election on May 25th. We pledge that if elected as your Sheriff and Deputies to devote our energies to the fulfillment of the duties of the Sheriff's office and be available to serve you at anytime.

SINCERELY,

Tip Reppert

Vote For Earl Nichols

Restore The County Government Back To The People

Since the beginning of this campaign, I have met the good people of this county and have never mentioned any other candidate's name other than my own.

Rumor has it that I am a paid candidate whose purpose is to make the chances of another candidate more secure in this primary.

Now that the election is only a few days away, there is another rumor going around that I have quit, this is absolutely untrue. I am strictly on my own and I assure you that I will be very much in this campaign until the last, which is May 25th or till the last vote is OFFICIALLY counted.

All three of my opponents hold public offices at present, therefore, they have records as public servants, and I have none. So, I am asking the people to trust me with this highly honored office.

I am the son of John J. Nichols and Mattie Dyer Nichols, they were born in this county and have lived here 81 years. I am a married man with only one living wife, Ruby Harris Nichols, and 5 children. Three of my children graduated from Brodhead High School.

Next Saturday, May 15th, according to the Newspaper announcements, there is going to be a dedication of the new \$368,700.00 court house, for which the county owes \$190,000.00 and on which only one payment of \$4,000.00 has been made. It has been stated that this occasion has no political significance, but I feel that it does! With only one candidate out of 19 participating in the ceremonies, which are scheduled 10 days before the primary election, we will be honored with a United States Senator and a United States Representative. And I truly hope that the occasion will be as stated, non-political.

Friends, don't be misled by propaganda, I am sincerely interested in all of our people, both young and old, I would like to see more job opportunities, better roads, schools and police protection. I have been told by good, reliable citizens in our rural areas, that they were afraid to travel some sections of our county, that they have actually been stopped and insulted and threatened by a bunch of drunks, and they are unable to get cooperation from county officials. Now in a society in which decent people want to live, we must have adequate law enforcement so that we do not have to fear for our wives and daughters to go out on the streets.

If nominated and elected to this office, I promise to do everything within my power to better our protection and to administer justice fairly to all.

I sincerely solicit your vote and influence.

Earl Nichols
