HERE and THERE

By Ray McClure

FOR YOUR OWN GOOD

We hope you will take advantage of the rabies clinic offered by the Rockcastle Health Department this month. There is a story on this page. Have your dog immunized against the disease of rabies is expected next spring. It's a dreadful disease and death by rabies is a horrible one. You might save your child's life, and maybe your own. Don't put it off.

THEY'RE COMING BACK

Sayre School must not be too unhappy with Mt. Vernon's football facilities as was indicated in a story in last week's Signal. We hear MVHS and Sayre have signed to play each other here and there next year. No doubt the present young team, which will be playing against this year, will be waiting for that game. Go get 'em.

NOT QUITE—YET

Dr. Jack Lewis tells us he doesn't know exactly what his status is with the Armed Forces at this point. He has been called for a physical examination at Louisville on Oct. 13. It may be possible in a few days since the army gave him a physical. But then, there's that announcement from the Army that doctors are needed and will be called. Incidentally, he holds the rank of Captain. Stick around, Doc, we can use you.

SOLD OUT???

We hear unofficially from our friends in London that the Kentucky Telephone Co. of London is sold. The Continental Telephone Co. of London is sold. We understand it was a transfer of common stock. If true, the new company is a "big one" compared to Telephones Inc. in number of subscribers. We guess, if you had performed such a feat, you would wonder why there's been no announcement.

NO MORE NICKELS

The Rockcastle Fiscal Court voted at its meeting Monday to eliminate the nickel required to use the restrooms in the courthouse. The nickel requirement was put in when the courthouse was built as a source of revenue.

GOOD COLLECTING

Mayor Calvin Webb of Livingston tells us that the town has collected all but \$7 of the \$1,000 total in 1948 property taxes billed to property owners in the town. There are a few delinquents. The town will be in good money. The mayor also tells us the town has purchased a general public and for school police car purchased as surplus at Frankfort.

NAVES CLOSED

In observance of the discovery of America, both the Bank of Mt. Vernon and the Citizens Bank of Brodhead will be closed on Columbus Day, Oct. 12. That's a next Tuesday. Don't forget.

CHAMPION CLUB - The Brindle Ridge 4-H Club shown above was named the champion 4-H club in Rockcastle County last year at 4-H Achievement Day exercises last week at Livingston school. Front row, left to right: Michael Burdette, Jason Holland, Vicki Burdette, Linda Burdette, and Doris Coffey. Second row, left to right: Clyde Burdette, Stanley Burton, Linda Holland, Rachel Burdette, and leader, Mrs. Darlene Cameron. Third row, left to right: Dennis Burdette, Virginia Coffey, Tommy Coffey, Gary Burdette, and David Holland.

Brindle Ridge 4-H Club Named County Champion

The Brindle Ridge 4-H Club walked off with the year's top honors at Rockcastle County 4-H Achievement Day exercises Friday at Livingston Grade and High School.

The club received top honors for its participation in county 4-H activities including the completion of several 4-H projects, talent show, Christmas activities, 4-H Club picnic, starting Party, horse back riding, radio broadcasting, croquet, project presentation, county Dairy Day activities, 4-H cook-out, a birthday party for each member, and participation in 4-H Achievement Day. Second place went to the Wildlife Community Club, and third place to the Mt. Vernon Community Club.

PROJECT WINNERS - The winners of various 4-H Club projects posed following 4-H Achievement exercises last week at Livingston school. The members and their projects are listed during the second week in October to begin their semi-annual surveillance of Kentucky's forests.

Careful! Forest Fire Season

Firefighters across the state will spend their lookout tours during the second week in October to begin their semi-annual surveillance of Kentucky's forests.

The coming of October signals the arrival of the fall fire season and State Forestry officials are hoping to duplicate the record achieved in forest-fire control during the season last spring. A total of 1,248 fires were recorded during the spring season—the lowest number in the history of state forest-fire protection. Spring fires usually run between 2,000 and 2,500, according to State Forestry Director Gene L. Butcher.

"This fall, the main fire hazard will come from the burning of trash, refuse and dumps," Maynard Marburn, who heads the forestry division's fire-control program, said.

"Also, we have a great worry because some outdoor camp set fires to dead trees stumps to root game, and this causes a great number of fires," Marburn noted. "We urge all hunters to be careful with fire as they hunt in old fields."

The fire lookouts will man a network of 154 towers, strategically located throughout the state's fire protection forest-fire control during the season last spring.

All but 16 of the towers were constructed with steel. Butcher is hopeful that the remaining wooden towers can be replaced with steel ones through funds contained in the \$178 million bond issue to be voted on November 2. The Forestry Division is slated to receive \$100,000 from the bond issue.

The wooden towers were constructed during World War II, Butcher said, "and are constantly in need of repair." Butcher noted that additional manpower this fall will make it possible for tighter enforcement of the state forestry-fire laws.

3 Fugitives Captured Here

Break Ground At Camp Site

Ground-breaking ceremonies for a new Kentucky Christian Assembly Youth Camp near Brodhead will be held at 3 p. m. Sunday, Oct. 17 at the site.

The public is invited to the ceremonies. The ceremonies will be postponed to a later date in case of rain. The new camp is sponsored by the Christian Churches of Rockcastle County. To reach the site, motorists should turn right at the Sower Springs Home on Basin Springs Road, cross the railroad and Dix River and turn left at the first road which begins with a small wooden building. The building is the site of the camp. The building will be available to church groups when the camp is not in session.

Western Star Starkey Dies

Ray Starkey, 51, veteran country and Western music performer, died Saturday night following a heart attack during a performance of the Remfro Valley Bandstand.

Mr. Starkey, who was acting as master of ceremonies of the Bandstand, was stricken about half-way through the performance. He was taken to the Remfro Valley Hospital where he died during the night.

Mr. Starkey had been associated with Remfro Valley Enterprises for about a year. At the time of his death, he had been working day and night booking the Bandstand into various theatres in connection with the forthcoming Remfro Valley movie. A native of Texas, he was on WLSA-TV in 1946. He was a musician and told Western stories on the T-Bar-Y ranch program on WLSA-TV in 1946. In show business 30 years, Mr. Starkey gave his first performance singing from a radio back during a rodeo in Dallas, Texas.

He also had a children's service on WLSA-TV, Cincinnati, Ohio, for several years, and was worked for WLS, Chicago.

He is survived by his wife and one son, both of Cincinnati, and another son of Washington, D. C.

Funeral services and burial were at Cincinnati, Ohio.

4 COUNTY MEN TO BE INDUCTED

Your county men are scheduled to leave for service in the United States Army. The inductees are: Delia M. Seals, Clerk of Selective Service Board 80, Mt. Vernon; Mrs. M. J. Seals, Clerk of Selective Service Board 80, Mt. Vernon; Raymond J. Caldwell, Bobby Ray Kendrick, and Clarence C. C. C.

State To Get To Get Rockcastle River Dam

John Whisman, assistant to Gov. Edward Breathitt, said this week the State would go all out in any effort that would be necessary to get the Rockcastle River off the shelf and back on the working agenda of the Army Corps of Engineers.

"We hope to be able to have these dams back before the end of the year," he said. "The State is very much interested in the two dams and has been interested for over five years. He said he would do all the support possible to the project."

About a month ago, the East Lake Cumberland Area Development Council put the dams at the top of its agenda. At the same time the council, which includes Pulaski and Wayne counties, said through Mr. Whisman, that it would like to see the dams built.

Mr. Hughes reported this week he hoped to set the record for sometime in November, or as soon as Senator Cooper completes his work in Congress.

"That's all we're waiting for," Mr. Hughes said. "As soon as we can get Senator Cooper here, we'll be ready. We will ask Rockcastle people to the meeting to lend support to the project."

The Rockcastle River dams came back into the news a few weeks ago after Congress passed a bill authorizing a proposed \$151,000,000 Devil's Jump Dam in McCreey County.

Red Devils Lose To Burgin 13-6

The Mt. Vernon High School football team made five in a row this week when they lost to Burgin High School 13 to 6.

The only score made by the Red Devils was a touchdown by Joe Lambert on a running play in the second quarter. Burgin scored in the second quarter and again in the third quarter to get its 13 points.

Mr. Vernon's varsity squad scored a 20-0 win over the Burgin junior varsity. The varsity squad, Eugene Lamb, and Jim Kirby all scored touchdowns. The Burgin team.

ROCKCASTLE RIVER DAM
 (Continued from page 1)
 water into Livingston. To-
 gether the dams would create
 an almost continuous lake from
 McKee to Lake Cumberland,
 a distance of about 60 miles.
 The upper dam would feed
 the lower dam, and the lower
 dam would feed Lake Cum-
 berland during dry seasons.
 The upper dam would fluctu-
 ate considerably, but the Nar-
 row dam would maintain a
 fairly stable water level.

The Truth About Taxes

TO VOTERS AND TAXPAYERS OF THE LINCOLN-ROCKCASTLE DISTRICT:

The Good Book tells us, "You shall know the truth, and the truth shall make you free." This Division Information is particularly applicable in this campaign to elect YOUR Representative. To "know the truth" will make YOU the Voters free from the false and misleading political propaganda which has been, and is being, put out by any opposition in this election to "lead" the Taxpayers of Lincoln and Rockcastle Counties.

This self-styled "Farmer's Friend," who calls loudly for "tax relief," and talking the "burden of oppressive taxation" off the backs of the "small farmer," "home owner," and "people on fixed incomes," showed his true colors in the recent Special Session of the Legislature by voting against a "tax cut" for every taxpayer.

The Special Session was called to head off the possibility of local property-tax increases of high as 200 to 500 per cent, which could have come from the Court of Appeals ruling that all property must be assessed at 100 per cent of its fair market value. To guarantee the average local taxpayer against any increase in his tax bill resulting from such reassessment, a rollback in rates to compensate for increased assessments was needed. To meet this need, House Bill 1 was introduced and passed by a vote of 64 to 21 in the House of Representatives. This Bill, now Law, guards against "sky-rocketing" of local taxes by "freezing" the tax burden on existing level, and rolling back the local tax "bite" - total revenues - to this year's level.

MR. DEMARCUS VOTED AGAINST THIS ROLLBACK.

This Law allows only a 1-to-ten per cent increase this year and next, by local taxing authorities - fiscal courts and school boards - if they think it necessary - and then, Only After Full Public Hearing.

MR. DEMARCUS VOTED AGAINST THE LAW CALLING ON ANY TAX INCREASE.

This Law rolls back sharply state property-tax levies, which actually will produce a Tax Cut amounting to an estimated \$500,000,000 to \$750,000,000 Less State Property Tax than This Year's.

Mr. DeMarcus Voted Against this Tax Cut

This Law reduced state taxes on Livestock, Poultry, and Farm Machinery from 50 cents per \$100 of assessed valuation to one-tenth of a cent, - one cent per \$1000 of assessed value. This reduction will save tax-paying farmers \$600,000 a year!

Mr. DeMarcus Voted Against this Tax Cut.

Abraham Lincoln once said, "You can fool all the people some of the time, and some of the people all of the time, but you can't fool all the people all the time," as my opponent has tried to do. As a Farmer, Home, and Taxpayer, myself, I want to be a True Friend of All Taxpayers. If I am elected YOUR Representative. Will you give me the chance to prove it?

SINCERELY YOURS

"We have only one regret about converting to electric heating ...not doing it years ago!"

Mr. & Mrs. Don V. Drey, Sr. of Bradfordville

This reaction is common among homeowners who have converted to this modern, flameless way of heating. Many are amazed to discover that electricity is so cheap they can afford to heat with it. The Dreys felt this way. They said, "We couldn't believe that heating electrically cost so little. Now we'd never go back to our old way of heating."

Flameless electric heating is clean and quiet too. There's very little maintenance because there are no moving parts to wear out or adjust. And individual room controls give everyone in the home their own individual-room choice of comfort-level.
