Leg al Notice

MINUTES OF REGULAR MEETING OF THE CITY COUNCIL OF THE CITY OF BROOKHEAD, ROCKCASTLE COUNTY, KENTUCKY, HELD THE 1ST DAY OF MAY 1967.

A regular meeting of the City Council of the City of Brookhead, Rockcastle County, Kentucky, was held at Brookhead at the City Hall on the 1st day of May 1967. There were present: Clarence E. Brodley, Mayor, who presided and the following councilmen: Loyd Adams, Johnny Wilcox and Bobby Proctor.

E. H. Robbins, Clerk, was also present, recorded.

The following councilmen were absent: Preston Farret.

The members constituted a quorum.

The following ordinance was introduced by councilman, Bobby Proctor, and by the Mayor, and publicly read by the Clerk, E. H. Robbins.

An ordinance providing for the sale of franchises and appurtenant equipment for the purpose of transporting, distributing and vending natural and artificial gas or a mixture of said gases for public and private use, along, under, over and across the streets, avenues, lanes, alleys and public grounds of the City of Brookhead, for a period of twenty (20) years.

THE CITY COUNCIL OF THE CITY OF BROOKHEAD, ROCKCASTLE COUNTY, KENTUCKY, by ordinance as follows:

That the right and privilege to use the public streets, avenues, lanes, alleys and public grounds within the city limits of the City of Brookhead for the purpose of constructing, laying, maintaining, operating, repairing and removing mains, pipes and connections and appurtenant equipment through which to transport and vend natural and artificial gas or a mixture of said gases for a period of twenty (20) years, be duly advertised for sale publicly to the highest and best bidder, the City of Brookhead reserving the right to reject any and all bids; and which franchise, right and privilege shall not be exclusive for any part of such twenty (20) year period.

Said sale shall be made for cash in hand at time of sale, plus all cost of advertising and selling. Said sale shall be subject to confirmation and ratification or rejection by the City Council of the City of Brookhead, Ky., and if the sale shall not be so confirmed and ratified, the amount shall be returned to the successful bidder.

The sale of the franchise herein contemplated shall be made by E. H. Robbins, City Clerk of the City of Brookhead, or by someone designated by him, who is hereby commissioned to make due advertisement of said sale, which advertisement shall include a description of said franchise, right and privileges in the Mt. Vernon Signal, a newspaper of general circulation published in the City of Mt. Vernon, Kentucky, and by posting typewritten notices in three public places in the City of Brookhead at least ten (10) days next before June 30 1967, on which date, between

one hour of 1:00 p.m. and 2:00 p.m. as shall be the case with the CITY HALL in the City of Brookhead offer for sale at public outcry to the highest and best bidder for cash in hand or a certified check, plus all cost including advertising cost, the franchise, right and privilege herein contemplated. The newspaper advertisement aforesaid shall be published in the three issues of the aforesaid newspaper next preceding the date of sale. The aforesaid Clerk shall submit a report of such sale in writing to the City Council of the City of Brookhead at its next regular meeting.

The terms and conditions of the franchise, right and privilege so to be advertised and offered for sale, and to be granted in and to be confirmed by the City Council shall be as follows: (Section 1.) The purchaser, his or its successors or assigns, shall have the franchise, privilege, right and power to open the streets, avenues, alleys, lanes and public grounds within the city limits of the City of Brookhead, Kentucky, to construct, lay, maintain, operate, repair and remove mains and pipes with street boxes, valves, gauges, regulators, meters, house connections and other connections along, over, under, across, in and upon said streets, alleys, lanes and public grounds, necessary or convenient for the purpose of conveying, transporting, distributing and vending natural and artificial gas or a mixture of said gases, for public and private use, during a term of twenty years from and after the date of the ratification of this sale; but under the restrictions and subject expressly to the provisions hereinafter contained.

(Section 2.) All excavations made by the purchaser, his or its successors or assigns, for introduction, maintenance, repair or removal of such mains, pipes and appliances shall be made with the least practicable inconvenience to the public or individuals and with all reasonable dispatch, and shall be protected property at night to avoid danger, and all damage to streets, sidewalks or other public property caused by such excavations shall be repaired by the purchaser, his or its successors or assigns, at his or their reasonable expense without unnecessary delay, and if he or they shall fail or neglect

to remove all obstructions caused by him or them or shall fail or neglect to make necessary repairs within a reasonable time, the City of Brookhead may remove or repair the same after reasonable notice of its intention so to do, at the cost of the purchaser or the then owner and holder of said franchise; and the purchaser, his or its successors or assigns, shall be responsible for all injuries or damage to persons or property occasioned by acts of care in opening, closing or repairing, or in any other manner unnecessarily or carelessly obstructing said streets, avenues, lanes or public grounds.

(Section 3.) All mains, pipes and appliances shall be so constructed, laid, placed and maintained as not in any manner to interfere with the drainage of the City, or with underground fixtures for the conveyance of water, or its successors or assigns, shall have the franchise, privilege, right and power to open the streets, avenues, alleys, lanes and public grounds within the city limits of the City of Brookhead, Kentucky, to construct, lay, maintain, operate, repair and remove mains and pipes with street boxes, valves, gauges, regulators, meters, house connections and other connections along, over, under, across, in and upon said streets, alleys, lanes and public grounds, necessary or convenient for the purpose of conveying, transporting, distributing and vending natural and artificial gas or a mixture of said gases, for public and private use, during a term of twenty years from and after the date of the ratification of this sale; but under the restrictions and subject expressly to the provisions hereinafter contained.

(Section 4.) The purchaser, his or its successors or assigns, shall have the right to remove all mains, pipes, connections, appliances and other property from the streets, avenues, lanes, alleys, ways and public grounds of the City of Brookhead within a reasonable time after the expiration or other termination of this franchise.

(Section 5.) The franchise,

right, privilege and power herein described, together with all the terms and conditions hereof, shall extend and apply to the successors and assigns of the purchaser, and unlimited and unrestricted power and authority to assign and transfer the same to and with further consent thereto by the City of Brookhead, or its inhabitants, is hereby expressly given and granted to the purchaser, his or its successors and assigns.

(Section 6.) The purchaser, his or his heirs, personal representatives, successors or assigns shall proceed with due diligence to obtain the necessary and proper approvals or applicable federal and/or state regulatory bodies to construct and operate under this franchise; and as a condition hereof the purchaser shall begin construction of a gas distribution system in the City of Brookhead and commence within two (2) years, and upon failure to commence such construction as aforesaid, this franchise shall be and become null and void.

(Section 7.) All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed, and this ordinance shall be in full force and effect from and after its final passage.

Flower Talk

By RUTH FAIR

THE LOVELY IRIS

In Japan the Iris is grown on the flattened roofs of the humble homes and in a public house known as the Roof Iris. Here's how it all came about:

Once there was a great famine in the land, and it was forbidden to plant anything in the ground that could not be eaten. The virtuous Irises only supply the powder with which the women white their faces (accomplished by grinding the dried roots). But the ladyship could not be denied that she ever wept, not a tiny plantation on the roof of her home, where they are growing to this day.

Arrangements of cut flowers are not common without the stately Iris standing in their midst. For those wonderful occasions when a special knockout is needed, call us. We are as close as your telephone... phone 256-2091 or all your floral needs.

Library Notes

A shipment of new books has been received from the Department of Libraries in Frankfurt. Among them are:

COLOSSUS, by D. F. Jones. A science fiction novel of tomorrow - that could happen today!

COMMON CAGEBRIDS IN AMERICA, by Val Clear. Complete feeding and care information of all popular types of cagebirds.

DIALOGUES WITH THE DEVIL, by Taylor Caldwell. A sequence of tart, ironic, deadly serious dialogue between the Archangel Michael and the mover of the underworld.

THE FRÉD ASTAIRE DANCE BOOK, by Lyle Engel. From this book you can learn the fundamentals of good ballroom dancing and the basic steps of all the popular dances as taught at the famous Fred Astaire dance studios.

HOW TO BUILD CABINETS FOR THE MODERN KITCHEN, by R. P. Stevenson. This is a book for every man or woman who plans or hopes to build a new kitchen or modernize an old one. There are easy-to-follow, full page working drawings for every need.

LOST BONANZAS, by Harry Drago. Here are true and exciting tales of the legendary lost mines of the American West.

MOVIN' ON UP, by Mahalia Jackson. The life of the famous gospel singer, who has devoted her life to "spreading the good news" all over the world.

GIANTS IN THE SKY, by Norman Richards. This book tells the story of dirigibles, balloons, and blimps. Although this mode of flying has passed, reading about it is exciting and absorbing.

A PAPA LIKE EVERYONE ELSE, by Sydney Taylor. This is a truly satisfying family story that is filled with everyday details of Jewish family life, interwoven with Hungarian and Czechoslovakian celebrations.

PLANTS WITHOUT LEAVES, by Ross Hutchings. Algae, fungi, slime - molds, lichens, liverworts, and mosses, are examples of plants without leaves. This book describes these interesting plants, explaining their reproduction, their uses, and their odd ways of surviving.

TO SAVE THE SOIL, by Naomi Talley. This book outlines the nature and causes of soil erosion, and traces the history of soil conservation efforts in this country down to the present day.

UP FROM APPALACHIA, by Charles Raymond. Life for the Castrell family of Kentucky closely resembled that of their neighbors - a day-to-day struggle against hunger, poor living conditions, disappointment, and the realization that nothing would ever change as long as they remained where they were. But things both humorous and sad happened to the Castells as they struggle to adjust to "accept, and to be accepted."

WILLAILLA
W. D. Gentry, Irvin Demmy, Robert Taylor all remain ill at their homes. A speedy recovery is wished for them. We extend our sympathy to the Fred Thompson family. Opp Bussell, Jr. Selected "Outstanding Personality"

Opp Bussell, Jr., of Mt. Vernon, has been selected to appear in the 1967 edition of "Outstanding Personalities of the South." Other recipients of this honor include Governors, U.S. Senators, and Congressmen of the Various southern states. The publication, "includes" many citizens such as educators, leading businessmen, members of state legislative bodies, civic and political leaders, elected leaders of various political subdivisions, farmers, ministers, officers and officials of various trade organizations, leading sports figures, and many other individuals who, because of past achievement and service to their

community, state and or nation, are recognized as outstanding personalities of the South.
Mr. Bussell, who is presently principal of Falmouth High School, received his M.A. degree from Eastern Kentucky University. He has been named a Kentucky Colonel; Kentucky Admiral, a Kentucky Commodore, a member of the Society of Kentucky Mountain Men, a Honorary Colonel of the Kentucky State Police and received an Outstanding Teacher Citation from the Kentucky Educational Association in 1964. Bussell is also a member of the National Educational Association, a member of Phi Delta Kappa, Kentucky Historical Society, Kentucky Civil War Round Table and a 32 degree mason.

ESCAPES SERIOUS INJURY—James D. Arthur, 27, of Columbus, Ind., escaped serious injury when his brakes apparently failed when he attempted to stop for traffic on US 25 near Fort Sequoyah Wednesday. The above photo shows the truck which had been heading north, after it had rammed another truck and veered across the highway into a ditch.

Indiana Man Injured Slightly In Accident

James D. Arthur, 27, of Columbus, Ind., operator of a tractor trailer truck belonging to the Albert Litta Truck Line also of Columbus, escaped serious injury Wednesday when, according to witnesses, he stated that the brakes failed on his truck. The accident occurred near Fort Sequoyah Indian Village on US 25 where traffic had been held up due to repairs being made on the road.

According to Arthur, the brakes on his truck failed, causing him to ram a truck, operated by C. E. Jones of state 5, London, and veer across the highway and into a ditch on the left hand side of the road. Jones was then forced into a station wagon sitting in front of him which was loaded with antiques and driven by Leo J. Staff of Cincinnati, Ohio.

Bids To Be Let

Bids for three bituminous surfacing projects in Rockcastle County will be received by the Highway Department on June 30. Governor Edward T. Breathitt and Highway Commissioner Mitchell W. Tindler announced today. The projects are: The Scaffold Cane Road beginning at the end of bituminous surface, 3.5 miles northeast of US 25 and extending northeast a distance of three miles; the Brush Creek Road beginning at the end of bituminous surface at Orlando, and extending northeast a distance of 4.00 miles; and the Hansford-Level Green Road beginning at Ky. 461 and extending a distance of one mile. The total miles to be surfaced is 8.9.

ATTEND DAIRY DAY THURSDAY, JUNE 22

Livingston and Mrs. Vernon will be replaced at Livingston* Robert Kelsey. Robert Payne, a Remedial Reading teacher last year at Koundstone, will replace Miss Karen Marx as director of the Rockcastle County Schools Band. Mr. Payne, a graduate of Tennessee Tech University in Cookeville, Tenn., holds a Bachelor of Science degree with a major in music education. Payne was previously band director here for the 1964-65 and 1965-66 school years.

OFF TO TENNESSEE—Joe Lambert, son of Atty. and Mrs. James W. Lambert, left Sunday for Nashville, Tenn., to attend a week of Salesmanship School. On completion of the course, he will be working this summer in Marion, Arkansas for the South Western Co., selling Bibles and other religious material. Joe has completed his freshman year at Georgetown College where he was active in all campus activities. He is a member of Lambda Chi Alpha Fraternity and plans to return to Georgetown in the fall.

Opp Bussell, Jr.

Rockcastle Co. Builds Cabin At 4-H Camp

Construction of a Rockcastle County Cabin at J. M. Feltnor 4-H Camp was recently completed and made ready for this camping season. The cabin is one of seven completed last fall and this spring by counties in the Wilderness Trail Area. The Rockcastle Cabin was sponsored by the County 4-H Council. Money to pay for construction materials was donated by various individuals and organizations in the county, including stable donations by the Bank of Mt. Vernon and the Farm Bureau. Various Extension Agents, 4-H Members in the area gave several days of their time in excavating, concreting and actual construction of the cabins. Bill Wade Slusher, K. U. Commercial Service Representative, wired the cabin free of charge. 4-H Members from Rockcastle who donated their time were: Paul Morgan, Livingston; Larry Strickland, Livingston; Wayne Vanzant, Orlando; Larry Latferly, Livingston; Charles Reppert, T. S. Mt. Vernon; Mike Hansel, Orlando; Tim Hansel, Orlando; Danny Ford, Mt. Vernon. Camping season opened June 5, with a special "Opportunity Awareness Institute". Other camping periods for Rockcastle County 4-H members are as follows: Senior Camp (14-18 years of age), June 19-23; Special Camp (any 4-H member may attend), July 5-9; Junior Camp (10-13 years of age), July 17-21. Officers of the Rockcastle County 4-H Council are: Roy Brown, President; Rex Johnson, Vice President; and Helen Saylor, Secretary-treasurer.

Dairying Becoming Even More Important

By: H. LEE DURHAM Area Extension Agent

The population onslaught is upon us. Everybody knows that by 1980 the United States resident population will have increased tremendously, about 25 to 30%. From the beginning of the human race until 1960, world population built up to more than three billion people. By year 2000, 3.5 billion from now - at current rates - will be another three billion. Projected food needs by USDA, Economicists indicate that by 1980 we will need 40% more beef; 25% more pork; 45% more mutton; 13% more lamb; 50% more feed grains and an estimated 43% more milk production. Since this is June Dairy Month, let's look at the estimated dairy needs a little further from a national, and approximately 400 man-

state and county level. Nationally, with cow numbers at about 70% of what they were right after World War II, the chances of dairyman meeting this increased need looks dim. On a state level production will have to increase in various areas from 15 to as high as 55% if the state contributes its share to national production. That is the dairy picture on a local level and how can dairymen in the county help meet the needs and at the same time increase their farm income? Some of the answers to this double-barrel question can be summed up as follows: Dairying is second only to tobacco with an annual income of over \$85,000. At the present time there are estimated dairy needs a 25 grade "A" milk producers little further from a national, and approximately 400 man-

ufactured milk producers in Rockcastle County. The county produces 6,540 lbs. of milk per year. Nationally, milk cow production was 8,513 lbs. in 1966. This means that the average cow in Rockcastle County is producing 1,973 lbs. below the national average. Rockcastle County dairy industry follows the state and national trends, declining milk-cow numbers and higher producing cows. Milk and milk products surpluses are no longer a problem despite surpluses at the high prices being paid for milk at the present time will tend to create surpluses in the near future. Right now, milk processors are asking for more milk. For example, manufacturing milk plants in Kentucky can handle, without expanding (Cont. To Page 4)

Hay - Giant On Move

By: Clay A. Colson Soil Conservationist

A dozen years ago, the average farmer regarded hay as a side crop needed in crop rotations. But as feed costs continue to rise, more farmers perked up their ears to conservationists', college and industry reports saying hay was worth growing as a regular crop. These farmers proved to themselves hay could compete with cash crops given the same high level of management. They found with new hay making methods hay gets better, feed bills come down, and production increases. Today, top farmers smash yield records for many crops like corn, tobacco and wheat, and hay yields are hitting record heights too.

Some farmers are growing cause without fertilizer, seven and eight tons of alfalfa-grass hay. And eight tons of alfalfa yield equal 200 bushels of corn in feed nutrients. Few farmers harvest 200 bushels of corn from an acre. Whereas corn, wheat, tobacco, and other are grown in specific production belts. Of the total farm land about 70% goes into forage production. Forage production of hay and pasture is about twice corn acres harvested for grain. Why is such a big crop often treated as a tag along crop? Barely one acre in ten is fertilized on a regular basis, even in areas where 80 to 90% of corn is fertilized. This helps keep the farmer's opinion of forage low.

What's holding you back from cashing in on high potential hay profits? Here are some checkpoints to use in analyzing your own hay production system. Do you: (1) apply fertilizer and lime according to soil test? We have some farms where soil is heavily fertilized, limed soils have produced high (Cont. To Page 4)

Powell Discusses Dairy Practices

By: Smith T. Powell, Jr. Vo-Ag Teacher Adult Education Program

To secure a high net income from dairying in Rockcastle County, the first necessity is a herd of high producing cows. After this a number of management principles enter the picture such as providing high quality roughages being one of the most important. Pasture renovation, silage production, and good hay are all necessary in the area of providing high quality feeds. But how can the dairy farmer know when he is providing the necessary ingredients for a high producing cow to do her most efficient job of making him money? Forage testing by a laboratory is the only way to know the quality of hay and silage being fed dairy cows. Rockcastle County dairymen can narrow the cost squeeze of producing milk by using the forage testing facilities at the College of Agriculture, University of Kentucky at Lexington. This service is provided on a cost basis to Kentucky farmers. It is a known fact how much and what nutrients are needed for profitable milk production. Just a few days to long in the field before cutting - a few hours top mowing in the swath of - little rain at the wrong time can materially change the quality of hay being produced. Stage of maturity of silage is all important for the proper storage of the maximum quality feed nutrients. The old "eye-ball" test may say it is number one hay or silage but no one can look at a sample of hay or silage and tell the protein content or the digestible nutrients contained therein. Laboratory testing will determine the exact amount of these things available. With this information the dairyman has facts necessary for balancing the old cows ration and saving him money in the milk producing process. Rockcastle County dairymen are encouraged to take the guess out of feeding. Use the available facilities for forage testing. The highest profits secured from efficient forage management. Interested persons can get help in having these tests made from the County Extension Agent, Soil Conservation Service Technician, Vocational-Agriculture Teachers, dairy fieldmen, or the local Production Credit Association office.

PCA Says Thanks

ROY G. BROWN, FIELD REPRESENTATIVE

Thanks to the dairy farmers of Rockcastle County for their cooperation in raising the standard of living and a boost to the economy for everyone in Rockcastle. Income from milk was second only to tobacco last year and could be the county's main income. A few years with better cows, better forage growing and sales. Forage crops is the key to more milk income and greater profits. Everything we can produce from the farm in the way of feed means more profit from milk, meat and eggs. Cumberland PCA has welcomed the opportunity to work with farmers in getting more and better livestock, equipment, feeds, water supplies, education for our children and every-

New Teachers Named

At Livingston and Mrs. Vernon will be replaced at Livingston* Robert Kelsey. Robert Payne, a Remedial Reading teacher last year at Koundstone, will replace Miss Karen Marx as director of the Rockcastle County Schools Band. Mr. Payne, a graduate of Tennessee Tech University in Cookeville, Tenn., holds a Bachelor of Science degree with a major in music education. Payne was previously band director here for the 1964-65 and 1965-66 school years.

CONTRACT AWARDED

R.R. Dawson Bridge Company of Bloomfield submitted the low bid for grade and drain on Interstate 75 and the construction of dual bridges across Rockcastle River in Laurel and Rockcastle Counties. The firm was awarded the contract on a low bid of \$3,292,927.47. It was announced by Governor Edward T. Breathitt and (Cont. To Page 4)

Livestock Assn. Prominent In Dairying

ROY G. BROWN, PRESIDENT

Rockcastle County Livestock Improvement is the sponsor of Dairy Day in Rockcastle County. We are happy to honor the dairy farmers on this day and give the opportunity for others to recognize and pay tribute to the job dairy farmers are doing. This Dairy Day also gives dairy farmers the opportunity to educate and make known what dairying means to many other business people of Rockcastle County. Milk not only is a basic food for young and old but a higher standard of living for everybody in our county. The Rockcastle County Livestock Improvement Association is an active association working to help all farmers increase the income from farming through better livestock, better ways of handling livestock and feed, better crop and animal farming. It has sponsored farm tours to let farmers and businessmen see how other farmers are doing things and better themselves, we might find better ways to do things on our own farms. We would like to ask you as farmers to become a member of the association that more may be accomplished.

Club To Present Play At Fair

Wildie 4-H Club will represent the Wildie Trail Area in play competition at the Kentucky State Fair in August. The Club will present "Snow White" in which all 21 members of the club are cast. The Wildie Club placed first in Area Group Competition last fall and was then one of the eight area winners chosen to present their play. There were actually 16 winners, one for each area, but only eight were chosen, by a committee of extension agents, for state competition. Mrs. Larry Johnson, Mrs. Everett Eversole, and club members' parents wrote and produced the script, designed the costumes and the club members built the stage setting. The play will be presented Saturday night, August 19 at 7:30 p.m., in the East Room, Western Auto Store. (Cont. To Page 4)

What does it take to produce... a Glass of Milk

This is where we come in.

We're specialists ourselves, in providing the dairy farmer with the modern equipment, the new machinery, that helps him to more efficient operation of his modern farm.

This, in turn, helps him to a better profit on his operations... something to which he is so much entitled for the services he renders the people.

We salute the Dairy Farmers of our country for the modern manner in which they go about their work. We invite them to consult with us about equipment that will help them produce more milk—more profitably.

SNIDER

Mrs. Rebecca Creech of Mt. Vernon and Mrs. Christy Ann Mullins of Sider and Mr. and Mrs. Hubert VanZant and son Roger of Burr, Mr. and Mrs. Isaac Barnett and family of Fairview visited Mr. and Mrs. Bodie Van Winkle last Sunday.

Mr. and Mrs. Lewis Van Winkle and son of Dayton, Ohio were here over Memorial Day to visit his parents, Mr. and Mrs. Bodie Van Winkle.

Pearlie Van Winkle was in Berea last Friday to see Physician for a physical examination.

Mr. and Mrs. Leroy Morris and daughter of Johnetta visited Mr. and Mrs. Bodie Van Winkle last Sunday afternoon.

Mr. and Mrs. Leonard Alexander and granddaughter Annetta visited Mr. and Mrs. Bodie Van Winkle Friday evening.

Mr. and Mrs. Leonard Alexander, Mr. and Mrs. Bodie Van Winkle attended the singing at Roundstone School Saturday night.

son, Brodhead, Major Robin Rolter, Cornwall, N. Y.; Cadet John Bolger, USMA and John L. Mings, Jr. both of Westport.

A reception following the ceremony was held at the Peliterson Club in Fairfield, Conn.

The bride was graduated this week from Salem College, Winston-Salem, North Carolina. Her father is president of Life Circulation Co. The groom is a member of the 1967 graduating class at the United States Military Academy, West Point, N. Y. His father is with the United States Department of Agriculture.

After a wedding trip to the Virgin Islands, the couple will make their home in Columbus, Ga. until November when they will move to Fort Walnright, Fairbanks, Alaska.

Mrs. Robert M. Colson

Eyerly-Colson Vows Said In Connecticut

Miss Dale Eyerly, daughter of Mr. and Mrs. Williams Andrews Eyerly became the bride June 10 to Lt. Robert McCarvey Colson, son of Mr. and Mrs. Clay Colson of Brodhead. The double ring ceremony was performed by the Rev. Gibson Daniels at the Sauglick Congregational Church.

Given in marriage by her father, the bride wore a gown of imported silk organza with a ruffled Val lace bodice, bishop sleeves, full skirt and chapel train. Her two tiered French illusion veil fell from a double organza Dior bow. She carried a cascade of white daisies, woodland fern and baby's breath.

Serving as maid of honor for her sister, Miss Beth Eyerly

PERSONALS

Mr. and Mrs. John I. Gaines and Miss Jill Gaines of Ft. Thomas, Ky., and Dr. and Mrs. Byron Young of Nashville, Tenn., were weekend guests of Mr. and Mrs. F. Earl Mullins. Mrs. Mullins returned with Mr. and Mrs. Gaines to Ft. Thomas for a visit.

Mr. and Mrs. John R. Bishop have returned to their home in Hendersonville, North Carolina after a visit with their daughter Mrs. Arthur Harris Jr. and Mrs. Harris.

Mr. and Mrs. Jap Adams from Richmond, Indiana, visited with relatives over the weekend.

Mr. Roger Sargent who is stationed at Fort Knox spent the weekend with his parents Mr. and Mrs. Sherman Sargent. Mr. and Mrs. O. R. Cass of Berea spent Sunday with Mrs. and Mrs. Bill Cass.

Recent visitors of Mrs. Emma Frith were Mrs. Bill Laigore of Jacksonville, Florida, Mrs. Hazel Quins, Mrs. Charles Baker, Kathy, Miss Alma Pike of Mt. Vernon.

Mrs. Robert Hendrickson attended a Library Dinner and meeting at Du Pont Lodge at Cumberland Falls.

On June 8, twelve members of Brodhead Christian Church Ladies Aid Missionary Society met at Mrs. Ray Johnson's home. Mrs. F. Earl Mullins led the program on "Christian Hospitality".

Baker - McWhorter In Home Ceremony

Miss Joanne Baker, daughter of Mr. and Mrs. Russell Baker of Brodhead and Larry W. McWhorter, son of Mr. and Mrs. Bert McWhorter also of Brodhead, were united in marriage June 9 at the home of the groom.

Bro. Lorraine Wilson officiated at the double ring ceremony.

The bride wore a knee length pale green dress covered with satin. She carried a cascade bouquet of white carnations and stephanotis.

Miss Carol Anne Carter of Mt. Vernon, niece of the bride served as maid of honor.

Johnny McWhorter served his brother as best man.

Guests were Mr. and Mrs. Maurice Brown, Ed McWhorter, Mr. and Mrs. Russell Baker, Johnny Baker, Mr. and Mrs. Jack Dally, Mr. and Mrs. Bobby Carter and Mr. and Mrs. Bill Melcher.

Following the ceremony, a bride and groom wedding cake and punch were served.

After a brief wedding trip south, the couple plans to make their home with his parents until college starts this fall.

semy Camp for a picnic and baseball games Friday afternoon.

SOIL CONSERVATION

Thieves Steal Horsepower

Poor maintenance causes lots of farmers to lose up to 15 HP. That's over \$1000 worth of power lying dormant. Here's where it goes and how to stop it:

- (1) Spark plugs lost 3 to 5 HP if they are not cleaned and adjusted.
- (2) Timing gets off as points wear. Spark tends to be late. Use a timing light when you put in new points.
- (3) Valve tappets out of adjustment knock power by 5 hp and cause valve burning. This is one of the most important factors in good engine performance and should be checked twice each year.
- (4) Governor overhaul may save up to \$48 a year, according to a Kansas State University study. The loss of 100 r.p.m. is equivalent to 5% power loss.
- (5) Air cleaner needs attention at least every 100 hours. Pre-cleaners need attention daily. A 1/8 inch build-up of dust and oil can cut air intake by 25% and waste 3 to 10 hp. Tractors pulling a load

"breathes" almost 10,000 gallon of air to each gallon of fuel.

- (6) Cooling systems steal 3 to 5 hp if you don't have a thermostat. Engine should run at about 180°.
- (7) Dirty Carburetor drains up to 10% of your horsepower. Keep fuel sediment bowl clean. Good carburetor adjustment saves gas.
- (8) Wheel slippages does not mean you are using all the engine's power. It means you're wasting power and tearing up tires. Use wheel weights to avoid slippage.

Stop these 8 thieves from stealing your horsepower.

traffic truths!

Street intersections are especially hazardous to both vehicular and pedestrian traffic, according to accident statistics. Many traffic accidents can be eliminated at intersections through reduced vehicle speed to allow for emergencies and through better obedience to traffic signals.

PERSONALS

Mr. and Mrs. Boyd Whitaker are visiting their parents Mr. and Mrs. Ray Nickels and Mr. and Mrs. Tom Whitaker for a week. They plan to spend a few days camping at Cumberland Lake.

Mr. and Mrs. William and sons of Cincinnati, Ohio, visited his mother, Mrs. Etta Nee and sisters Ruth and Mabel over the weekend.

TO ALL OF YOU Thanks....

We, at Armour Creameries take this occasion - JUNE DAIRY MONTH - to thank each and every one of our milk patrons for their confidence and loyalty. We also want to include our business associates and our friends in the state and federal agencies serving agriculture. Their cooperation is greatly appreciated.

On our part, we pledge our best efforts to the manufacture of dairy products that meet the highest quality standards and provide a profitable and enduring market for milk producers of this area. We will strive to expand these markets.

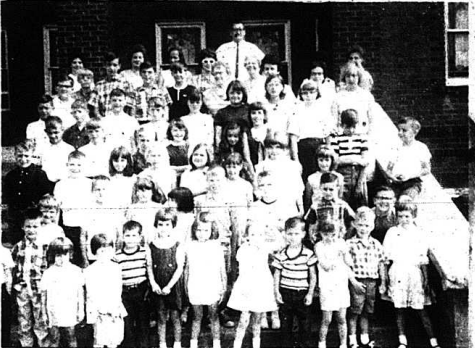

With all of us working together, dairying can become a still greater factor in the economic and social life of Central Kentucky. Let's make every month DAIRY MONTH.

Babson's Authentic Report

Babson Park, Mass., June 15. No matter which side of the fence you're on -- the employer's or the employee's -- you can't help but be fascinated with the idea of a guaranteed annual wage for everybody. And it is especially "hot" right now because Walter Reuther, President of the United Auto Workers, is out to get a guaranteed yearly income for employees at the auto factories, from top to bottom.

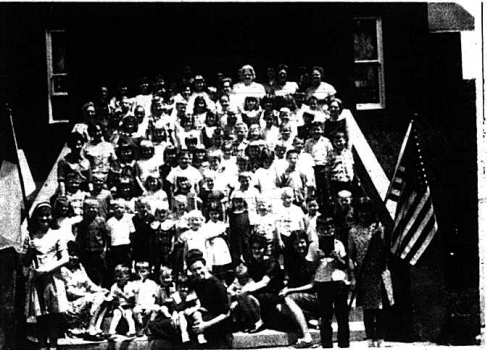

How It Appears To The Employees
 Men and women in seasonal enterprises know how tough it is to be laid off when the work load drops. They may have a put up with it, but they never get used to it. It means getting temporary jobs or signing up for unemployment insurance, and it almost always adds up to "going without" for a while. Mr. Reuther won't have much trouble selling the idea of a guaranteed annual wage to his members, especially the belt-line and blue-collar men who

get laid off when the new-model changeovers are being made or when the car market suddenly dries up. A dozen years ago he took a giant step in this direction when he won from the big auto concerns what is known as supplemental unemployment benefits. They work like this. After a year's job tenure an employee can get company payments when he is laid off. A high-seniority worker can get this type of help for as much as a year, which isn't too bad when it is added to state unemployment outlays. With this combination a man may get up to 65% of his regular straight-time wage, and an extra \$1.50 a week for each dependent up to a total of four.

But Now: Full Yearly Pay For Everybody
 This is fine for the worker, up to a point. But now Mr. Reuther thinks the time is ripe to plump for a yearly pay guarantee for everybody. In short, all the production employees

ATTEND BIBLE SCHOOL--Approximately 58 children and teachers attended Bible School studies at Wilde Christian Church recently. On the last day of bible school, the church along with several other Christian Churches in the area attended a picnic at the Christian Churches' camp at Brodhead. Bro. Larry Johnson is pastor of the church.

LARGEST BIBLE SCHOOL--Brodhead Baptist Church had the largest attendance for their Bible School session, held last week, of any of the churches in the county. Daily attendance averaged 95. Commencement exercises were held Sunday night with all classes participating. Mrs. Johnny Wilcox was principal of the school and Mrs. Dwight Whitehead was Superintendent.

before, innovations that have started in the auto industry have gradually spread out through other lines. It is our opinion that the guaranteed annual wage in one form or another is on the way and that it will be turning up more and more at bargaining tables everywhere. Employers know it will be expensive and they will fight it as long as possible.

Mr. and Mrs. T. Y. Pace visited Mr. and Mrs. Harrison Mink Sunday.

Those people operating services and retail outlets in heavily industrialized localities will have a special interest in the expansion of the guaranteed yearly income. It could mean far greater stability for their businesses, particularly where highly cyclical enterprises now prevail. It could lower buyer resistance stemming from uncertainties about seasonal layoffs, and at the same time increase consumer desire to purchase a wider variety of goods and services. This is longer-term stuff, but merchants will be watching.

Brindle Ridge
 Ray Arnold Mink and Larry Burdette have returned home after spending several months in the Army Reserves.

Mrs. Pearl Hamilton of Richmond, Ind. is here for an extended visit with her brother, Mr. Jim Burdette and other relatives.

Mrs. Pearl Burdette is on a three weeks' vacation from the Parker Seal Company at Berea.

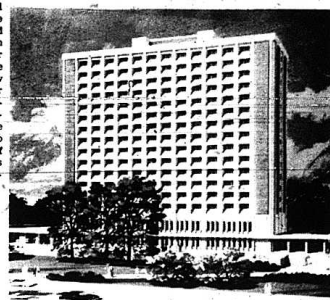

Mrs. and Mrs. Willis Coffey and sons and Mr. and Mrs. W. L. Coffey and family attended the Coffey family picnic at Berea, Sunday.

Miss Doris Coffey is at home this summer from Berea College. She returned home Thursday from Virginia where she dettes and Mrs. Pearl Hamilton spent a week's vacation with Mr. and Mrs. Arvel Burdette.

Mr. and Mrs. Charles Lamb Lewis Adams, Mr. and Mrs. Wayne Adams and children spent the weekend at Richmond, Ind. with Mr. and Mrs. L. C. Burdette.

Mr. and Mrs. V. G. Ramsey and Jimmie Burdette spent a day last week at Palmsouth visiting their daughter, Mrs. W. McKinney and Mr. McKinney.

Mrs. Charlotte Burdette and Jeffrey are attending the vacation Bible School at Brodhead.

BID DAY FOR EKV DORM--Governor Edward T. Breathitt has announced bids will be opened at Frankfort soon for construction of Men's Dormitory No. 9 at Eastern Kentucky University, Richmond. The building, as shown in this architect's drawing, will be 16 stories high with accommodations for 616 students in 308 rooms. It is the first in a complex of four men's dormitories and a cafeteria planned at Eastern. Breathitt said completion is expected in the fall of 1968.

would be on an annual salary just like the executives and the department heads. The management are being told that it means only a slight extension of the supplemental unemployment program, that changeovers can be smoothed out so that the men are busy about all the time.

Reuther is going to have plenty of support for his proposal, not only among the hourly workers but even among some of the salaried men. He is planning to ask for big wage and fringe benefits, far bigger than he expects to get, so he can cut back on these expensive demands if the company negotiators look as though they could be "brought around" to his guaranteed annual pay proposal.

How Employers Look At It
 The companies are not going to be a pushover for this concept. They don't like it. Even the labor economists are willing to admit that it may cost the firms as much as 10% more in labor costs if a full yearly income is assured for all. If they admit that much, it very likely would cost far more than 10%, at least during the early trial stages. And it seems like a pretty big order at a time when output is down, sales have been discouraging, and the government's safety regulations are needling the industry.

Employees in other fields will keep a sharp eye on this issue as it is "bargained" in Detroit this year. Many times

PUBLIC AUCTION
Approx. 4-Acres Land With Garage Bldg. — 4-Room House & Lot. Tractor With Equipment.
Sat., June 17 11:00 A.M.

Located at Middletown, just a short distance from Berea City Limits on the Walnut Meadow Pike.

We have been authorized by Mr. and Mrs. Luther Lunsford to sell the following described property:
 Approximately 4 acres of land ideal for a baby farm or it could be divided and sold in several nice building sites. This land, all level, has a good road frontage on two sides. There is a 30 x 35 ft. garage building in good condition.

New 4-room house and lot — only been occupied for approximately one month. There is a living room — 2 bedrooms — bathroom (no fixtures) — kitchen with wood cabinets. The living room and bedrooms have hardwood floors and the kitchen and bath are tiled. This is an ideal home for someone or will make a good rental investment.

This property is located near schools, churches, stores and just a short distance from town.

22 Ford tractor — 14" double plow — disc harrow — heavy duty blades. These are all in top form. This tractor and equipment are in excellent condition.

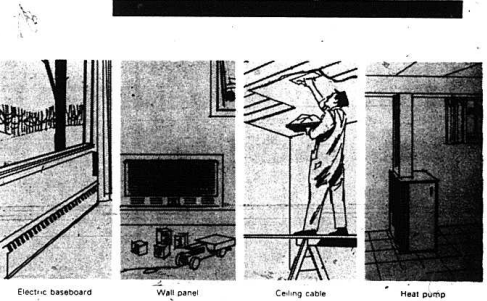

Terms: 25% down of sale. Balance with deed and possession within 30 days. Cash on personal property.

Inspection: See owners or Webb & Powell.

Winstead-Martin Vows Said June 4

The marriage of Miss Judy Carol Winstead, daughter of Mr. and Mrs. Roy Winstead, and Roy Arnold Martin, son of Mr. and Mrs. Emory Martin, was solemnized at 2:30 p.m., Sunday, June 4 at the First Baptist Church in Mt. Vernon, Rev. J. William Hall officiating.

Miss Diane Davidson was the organist and Mrs. Margis Wilcox was the soloist.

The church was decorated with an arch covered with vines and Stephanotis. On both sides were urns of white gladiolas and snap. Fern balls and candelabras with white tapers.

The bride, given in marriage by her father, wore a gown of white peano-de-sole fashioned with a pearl-embroidered yoke, extended into a full chapel train. Her veil was attached to a crown of pearls and crystals. She carried a luxuriant bridal cascade bouquet of phalaenopsis orchids, ivy, and lily of the valley on a white Bible which was topped with her white cattleya orchid corsage.

Mrs. David Jo Griffin of Campbellsville, Kentucky was the matron of honor. She wore a street length yellow crepe A-line dress with an empire bodice accented in the back with a bow. She wore a yellow matching veil. She carried a nose gay bouquet of white carnations with yellow net and yellow and white streamers.

The bridesmaids, in identi-
