Library Notes

By: Mrs. Phillip Davis
 Mt. Vernon's eight grade, Miss Christine Kreuger teacher, visited the library one afternoon last week. Two children were interviewed for a radio tape to be played on the radio, Thursday morning, Oct. 27, on the library program.
 We invite the teachers to bring their classes to visit the library. We are glad for them to browse around in the library and to check out books. A tape was made in the library last week for the radio station by the people coming in the library. They were asked if they enjoyed the library, what the library meant to their community, and what it meant of their school children.

Among some interviewed were: Mrs. Jess Bullock, Mrs. Paul Hantz, Mr. Claude McHargue, Mrs. Ivey Graves, Mr. J.C. Quinn, Mrs. T.M. Jones, Miss Christine Kreuger and Mrs. Frankie Brown.

We hope to have another tape made in the library with people visiting the library soon.

CARL SANDBURG, by Harry Golden. In this volume, the popular Harry Golden has used his best-selling essay technique to present a fascinating portrait of the modern American, Carl Sandburg, who, according to his North Carolina friend and neighbor, "has been with history more than most poets."

KIDNAP, THE STORY OF THE LINDBERGH CASE, by George Waller. To complete story, in all its drama, suspense and tragedy, of the crime that shocked the world.

PRINCESS MARGARET: THE STORY OF A ROYAL ROMANCE, by Alice Hope. In this first complete biography, is told the romantic story of Princess Margaret Rose of England, from her birth on a stormy night in Scotland's ancient Glamis Castle through her wedding in Westminster Abbey. The final chapter describes the life of "the Joneses" in their new London home and tells of their adjustment to a new role in the British Royal Family.

THE GENTLE FURY, by Paul Lewis. An excellent historical novel which recounts the triumphs and tragedies of the Archduchess Margaret of Austria and her nephew, Charles V of France. In this dramatic and unforgettable story, the author relates the romantic history of Margaret—a handsome fiery and fearless creature who began life as a political pawn and ended it as one of the most respected and powerful women in sixteenth-century Europe.

ZEBULON PIKE, SOLDIER AND EXPLORER, by Leonard Wibberley. A detailed biography of Pike for young people, emphasizing his activities as an explorer who helped to open the midwestern part of the U.S. to settlement during the early nineteenth century. This swift-paced biography of the discoverer of Pike's Peak makes as exciting reading as any story of frontier adventure.

EUGENIE, by Hester W. Chop. **BRINDLE RIDGE**

This community extends its deepest sympathy to Mrs. W.L. Coffey and family in the loss of their father, H.E. Jones.

Bro. and Mrs. Lawrence Pruitt of Gohen, Ohio spent Tuesday night with Mr. and Mrs. Jim Burdette. They were enroute home after visiting relatives at Williamsburg.

Mr. and Mrs. Robert Cummins of Lockland, Ohio visited Mr. and Mrs. Charlie Cummins Wednesday.

Gary Burdette was in Lexington last Wednesday to have his leg checked after falling, but is reported doing fine. Clyde remains bed fast.

Mr. Bill Cameron was at Mt. Vernon Sunday visiting his mother who is ill.

Several in this community have been confined to their homes with flu.

man. A novel of the tragic empress of France, and all the glories, intrigues and pageantries of the Second Empire of Napoleon III.

LION IN THE HILLS, by John B. Prescott. An Arizona wilderness story for young people, of a lonely boy, an old hunter, and an orphaned lion cub called Rusty.

YOU CAN SURVIVE THE BOMB, by Col. Mel Lawrence with John Clark Kimball. This manual of survival for every American citizen conveys full information as to the impact of civil defense on the individual and family with practical down-to-earth solutions to problems.

CITY OF MT. VERNON ORDINANCE NO. 294

AN ORDINANCE TO PROVIDE FOR A MUNICIPAL PLANNING COMMISSION FOR MOUNT VERNON, KENTUCKY AND TO REPEAL ALL ORDINANCES IN CONFLICT HERewith:

The Mount Vernon City Council having determined that the County of Rockcastle has no desire to participate in a joint planning

commission by submitting a petition of inquiry to the County Judge and Fiscal Court:

NOW BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MOUNT VERNON, KENTUCKY, in order to accomplish the maximum economic, physical and social welfare and a coordinated and harmonious development of land, buildings and transportation facilities, that the Mount Vernon Planning Commission is hereby created and established as authorized by Kentucky Revised Statutes, Chapter 100 and such shall be organized and empowered as follows:

SECTION 1. GENERAL

This Commission shall be known as the Mount Vernon Municipal Planning Commission. Upon the appointment and subsequent approval of members, election of officers, and adoption of its by-laws, its existence shall begin subject to the provisions of KRS Chapter 100.

The Commission may engage in planning operations within its jurisdiction which shall be continuous with its political boundary except where otherwise provided for by KRS 100.131.

SECTION 2. MEMBERSHIP

(1) The Mount Vernon Municipal Planning Commission shall consist of (5) members. The Mayor of the City of Mount Vernon, Kentucky, with the approval of the Mount Vernon City Council, shall appoint (2/3 or more of total) members to be known as citizen-members. The oath of office shall be administered to all members of the Commission before entering upon their duties. The oath shall be administered as provided by law. (2) The term of office of citizen-members shall be four years, except that the original terms shall be staggered so that a proportionate number serve one, two, three, and four years respectively. Re-appointments or appointments to fill vacancies shall continue the staggered pattern. (3) All vacancies whether by resignation, dismissal, or expiration of the term of office shall be filled within sixty days by the appropriate appointing authority or as otherwise provided for in KRS 100.147. A citizen-member may be removed by the appropriate appointing authority for inefficiency, neglect of duty, malfeasance, or conflict of interest. The removed member shall have the right of appeal in the manner prescribed by KRS 100.157. (4) Note: This section is to be used only when it is desired that public elected and / or appointed officials serve on the commission. (1) member may be appointed to serve and shall be known as an ex-officio member by virtue of an office they hold either through election or appointment. The term of office of all ex-officio members who are elected public officials appointed to the planning commission shall be the same as their official tenure in office. The term of office of all ex-officio members who are appointed public officials appointed to the planning commission shall be for four years or at the pleasure of the appropriate appointing official. (5) Citizen-members shall serve without compensation but reimbursement of expenses may be authorized.

SECTION 3. OFFICERS AND STAFF. The Commission shall elect a Chairman, and other officers which it deems necessary from among its citizen-members. The term of office shall be one year with eligibility for re-election. The Commission may employ staff as it may deem necessary for its work and may contract with professional planners and other parties for such services as it may require.

SECTION 4. MEETINGS. The Commission shall conduct each year at least six regular meetings for the transaction of its business. The by-laws adopted by the Commission shall reflect the schedule of regular meetings, the manner in which notice shall be given; as well notice shall be given; date; time; place; and the subject or subjects to be discussed, as well as the method of calling and conducting special meetings. A simple majority of the total membership shall constitute a quorum. After a quorum has been established, a simple majority of that quorum can transact any official business except in those instances where there is to be an adopting or amendment of the Commission's by-laws or elements of the Comprehensive plan or regulations, then a vote of the simple majority of the total membership shall be necessary.

SECTION 5. BY-LAWS. The Commission shall adopt and approve its by-laws before it may properly transact any business. The by-laws shall set forth the procedures, rules, and regulations necessary for the Commission to conduct its business. The by-laws shall describe the method for administration of funds, and provide for an annual audit thereof.

SECTION 6. POWERS AND DUTIES. The Commission shall have general powers necessary to carry out its functions in accordance with this ordinance and KRS Chapter 100. The Commission may be assigned any powers, duties and functions related to urban renewal or public housing by the legislative body or the mayor of the city.

SECTION 7. SEPARABILITY CLAUSE. Should any section or provision of this ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of the ordinance as a whole or any part thereof other than the part so declared to be unconstitutional or invalid.

SECTION 8. REPEAL. EFFECTIVE DATE. All ordinances or parts of ordinances in conflict with or inconsistent with the provisions of this ordinance are hereby repealed to the extent necessary to give this ordinance full force and effect. This ordinance shall become effective upon publication.

Dated this 16 day of October 1967.

/s/ Clyde Linville, Mayor
 /s/ Mary A. Bullock, Clerk

CERTIFICATION OF CITY CLERK

I, Mary A. Bullock, city clerk of the city of Mt. Vernon, Kentucky, hereby certify that the foregoing is a true and correct copy of Ordinance No. 294 duly adopted by the City Council of said City on September 7, 1967, that said ordinance appears as a matter of public record in the city ordinance book.

IN TESTIMONY WHEREOF, witness my signature as City Clerk, and the official seal of said City on this 16th day of October 1967.

THE FLOWER THAT SPLITS ROCKS

There is a flower that has been said to cause rocks to split, and grow up through the cracks. This, however, is not true. The plant is the saxifrage. It does most commonly grow in rocky and stony soil, and can be seen sprouting out through cracks in the stones.

This plant is very popular with rock garden fanciers, and is very common throughout the cold and temperate parts of the Northern hemisphere. The little white or yellow flowers on the saxifrage grow in clusters and have a very special delicate beauty.

Ward Gathering Held

Between four and five hundred Henry Ward fans met at the Big Barn in Renfro Valley last Thursday evening, according to Dr. J. D. Henderson, Jr., and John Lair, Ward Co-Chairmen for Rockcastle County.

The gathering was held to allow local citizens to explain why Henry Ward should be elected Kentucky's next Governor. Mr. Ward's relation to Rockcastle's past and future progress was the main topic of the evening.

Appearing on the program were: Mrs. Rinda Brown, past welfare official, who discussed the welfare program and what it means to Rockcastle's older citizens; John Lair, who discussed the growth of tourism under Mr. Ward's guidance; Clyde Linville, who spoke on farms; and David Henderson, speaking on behalf of his candidacy for Rockcastle County Tax Commissioner; Wayne Stewart, whose topic was industry; Wallace Proctor, speaking on farming; and David McCauley, who discussed past elections. Entertainment for the evening was provided by the

Renfro Valley Folks. Those mentioned above and all persons interested in Mr. Ward's candidacy will meet Thursday evening (tonight) at 7 p.m. for an organizational meeting.

REVIVAL SERVICES

A revival will begin October 29 and continue through November 5 at the Brothard Baptist Church. Rev. John Zupancic, pastor of the church, will hold the revival. Mrs. Margie W. Cop will be the song leader for the services which will begin each evening at 8 p.m.

Everyone is welcome to attend the meeting.

ASSIGNED

Army Private Billy Ray Price, son of Mrs. Marie Price of Mt. Vernon, is assigned to Company B, 17 Battalion, 5 Brigade, at Fort Knox.

Following the completion of basic training, Pvt. Price will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

The body of Jack Anderson, 20, was found Saturday, October 21, in the Sand Springs section of the county by a group of children. Bostic had been missing from his home since July 14 when he reportedly told his parents he was going to Ohio.

According to Rockcastle County Coroner, Bill Doherty, Bostic placed a 12 gauge single barrel shotgun in the fork of a tree, on a farm owned by Kenneth Cromer of Mt. Vernon, attached a string to the trigger, placed the muzzle against his chest and pulled the string. Coroner Doherty said the shotgun was in the same position with the string still attached and the spent shell in the chamber when he partially decomposed body was found. He was identified by cards still intact in his bilfold.

Bostic was married but was separated from his wife, Mrs. Rosa Lee Bostic, at the time of his disappearance. Besides his wife, he is survived by his parents, William and Ruby Bussell Bostic of Mt. Vernon, three sisters, Mrs. Joyce Ann Rimmel, Miss Virginia Jean Bostic, and Miss Diane Lou Bostic; two brothers, Tim Denver Bostic and James Thomas Bostic.

VICTOR FRANCISCO DIES OCTOBER 15
Victor Francisco, a retired conductor for the Louisville and Nashville Railroad, died Sunday, October 15 at St. Elizabeth's Hospital. He was 70 years old.

He was a native of Rockcastle County and had been retired since 1961. He was a member of Lebanon Junction Christian Church.

Survivors include his wife, Mrs. Ruby Cox Francisco; two daughters, Mrs. Mary

and his maternal granmother, Tom Bussell, all of Rockcastle County.

Funeral services were conducted Monday, October 23 at the Cox Funeral Home with Rev. Cecil Daley officiating. Burial was in the family cemetery.

ROBERT R. REPERT DIES AT RESIDENCE

Robert Roy Reppert, 55, died Friday, October 20 at his residence at Fairview. He was a retired employee of Berea College in the Wood Craft Department.

Mr. Reppert had been a resident of Rockcastle County all his life and was a member of the Fairview Baptist Church.

Besides his wife, Lucille (Gillian) Reppert, one son, Curtis, of Berea, two daughters, Mrs. Wanda Wren of Berea and Mrs. Ruby Mae Liddle Reppert of Fairview; his maternal grandmother, Mrs. Annie Thomas of Sneider; five brothers; Tip, Marcus, and James all of Rockcastle County, Ira Reppert of Tennessee and Everett Reppert of Illinois; six daughters, Mrs. Bertha Vaughan of Pulaski County, Mrs. Anna Lee Chastain of Fairview, Mrs. Ruth Gattiff of Indiana, Mrs. Mary Jane Soreh and Mrs. Myrtle Ross both of Ohio, and Mrs. Dorothy Greene of Arkansas, and four grandchildren.

Funeral services were conducted Sunday, October 22 at Way Funeral Home in Berea with Dr. Lee Morris officiating.

Burial was in the Berea Cemetery.

Ratliff Here Monday Night

Hon. Thomas A. Ratliff, Republican Nominee for Lieutenant Governor will be the principal speaker at the Rockcastle County Republican Rally Monday, October 30, at 7 p.m. at the courthouse, the Rockcastle County Campaign Committee announced today.

This meeting is one of 120 taking place the same evening in each of Kentucky's 120 counties, and is a part of the campaign known as OPERATION CONCERN - concern about the future of Kentucky and its citizens.

The 120 outstanding men speaking in support of the election of Judge Louis B. Nunn and his team mates will bear a threefold message. They will tell WHY Judge Nunn can and must be elected Governor; they will document the record of Henry Ward; and they will advise on election day activities.

Taking part in the OPERATION CONCERN meetings in other sections, carried off by such business, civic and political leaders as: Edwin G. Middleton, Republican National Com-

mittee; George B. Berry, Louisville and Jefferson County Republican Organization Chairman; Joe Easton, Sr., Jefferson County Sheriff; J.E. Johnson, Fayette County Judge; Ralph Homan, Field Representative for Senator John S. Cooper, most of the Republican candidates and leading judges, commonwealth county attorneys across the state.

Everyone is invited to attend this rally and hear Mr. Ratliff speak.

Troop 156 Receives Awards

Mt. Vernon Boy Scout Troop No 156, which has only been reorganized within the last three months, carried off three awards, including a blue ribbon proficiency award, at "Camporee" held last Friday, Saturday, and Sunday at Burnside Island State Park.

The local troop was competing against troops which have been in existence for as long as forty years and they really did themselves proud. A total of 22 boys out of a possible 30 attended the Camporee and the troop competed in eight different events for which they garnered enough points for the proficiency award. Only three blue ribbons were awarded during the District meet. Somerset Troop No 79, which has been organized 40 years, and Troop No 62, also from Somerset, which has been in existence for 3 years, received the other two blue ribbons.

The Hawk Patrol won red ribbon. Four scouts represented the patrol. They were Eddie Hayes, James Dodey, Glenn Whitaker, and John Henderson, James Earl Hammons and Buddy Cox are the leaders.

The Eagle Patrol was awarded a yellow ribbon. It

was represented at the meet by: Jim Mullins, Larry Carter, Doug Mullins, Greg Mullins, Len Davis, and Johnny St. Clair. Jim Cox is the leader for Troop 156. Each patrol was responsible for their own cooking on an outdoor fire. The leaders did not help with the cooking. It wasn't exactly grub as the first menu for the outing shows. Over an open camp fire the boys cooked: center pork chops, hot biscuits, fried potatoes, fresh salad, green beans, milk and for dessert a dutch oven cobbler.

The eight events which the boys competed in and for which they were awarded points were: Signaling, Compass, Brain Teaser, Nature, Cross Country, String Burning, Knot Tying, and Chair Relay. Points were also awarded for the cooking part of the meeting. "It was a very rewarding experience and the boys really came through with flying colors. They were the youngest troop there and accounted for themselves exceptionally well." Scoutmaster Charles Alfred Mullins said.

Approximately 200 boys attended the Camporee which was for the Lake Cumberland District.

WARD RALLY-- Local citizens from all walks of life were the speakers for the evening as local Democrats met at the Big Barn in Renfro Valley last Thursday night. The speakers talked to the gathering on behalf of Henry Ward's candidacy for governor.

Forest Fires In County

Rain Tuesday night in Rockcastle County was a welcome relief for Steve Bullen, local forest ranger, and the State Forestry Division.

Fires in the past week had burned over some 250 acres of woodland in the county. A fire Saturday near the city limits of Livingston around some buildings was quickly extinguished with the aid of about 25 local volunteers from Livingston who answered the call there. The fire began when a small boy dropped an ignited lighter nearby.

A fire Monday and Tuesday burned over approximately 150 acres of forest land on the farms of W.H. Cox and Roy Lucas near Mt. Vernon. It was brought under control Tuesday by about 15 men brought in by the Forestry Division.

Approximately 80 acres burned over Monday in the Sink's section of the county. And another fire in the Sand Hill section Saturday night burned over some 10 acres of land belonging to Preston Collins.

Louie Nunn Victorious In College Mock Elections

Judge Louie B. Nunn has swept to an overwhelming victory in a Mock Election at Murray State University. The Republican candidate for governor captured 79 per cent of the student vote in the election held October 18 in the Student Union Building at Murray. Henry Ward received only 21 per cent of the vote.

The mock election was co-sponsored by officers of the two political clubs on the Murray campus. Ronnie Webb, Treasurer of the Murray Young Democrats, and Fred Brown, Treasurer of the Murray Young Republicans.

Nunn received 948 votes, while Ward received 252. Upon being informed of his overwhelming victory at this state university in far western Kentucky, the center of traditional strength for Democratic candidates, Nunn said: "This election illustrates the tremendous support Kentuckians of all ages and all political parties are giving our campaign. They have had enough of Kentucky being at the bottom in this country. They now believe that it's time for a change in Kentucky, and they are looking to our team for the new ideas and approaches necessary to build a better Kentucky."

In other polls at Kentucky Wesleyan (Owensboro) he

received 73 per cent of the total vote cast, at Elizabethtown Community College 56 per cent, and at Transylvania in Lexington 58 per cent.

However, at the University of Kentucky, main campus in Lexington, in a poll of eligible Kentucky voters only, Ward was victorious receiving 57.8 per cent of the vote.

FIRE CHIEF ADDS-- Mt. Vernon Fire Chief John Cox uses a soda and acid fire extinguisher to put out a road grader fire Monday near Renfro Valley. The grader, owned by Greer and young Construction Company of London, caught fire when a crew was doing welding work on it. The city fire department was also called to extinguish a car Saturday afternoon which had caught on fire on Town Hill. The car, which belonged to Dale McClure of Sand Springs was damaged extensively. Later the fire department was called to the home of Londa Lassa off U.S. 150 in Mt. Vernon but upon arriving on the scene found that the blaze consisted of soot burning in the fire. It was unnecessary for the fire department to extinguish the blaze.

Carnival Plans Listed Set For Friday Night

The Mt. Vernon Grade and High School Halloween Carnival will begin at 6:30 p.m., October 27. Admission will be 25c and food will be served as usual so that anyone who wishes may eat at the carnival.

There will be a costume parade and prizes for the best costume in each age group will be awarded. Various game booths will be located in the gymnasium with chances of prize winning for all. Other entertainment may be seen at the Hootenanny in the lunchroom and the Minstrel show which will be held in the library.

This year's Hootenanny will be different in some respects as there will be mostly children participating. There will be square dancers

with Johnny Sams doing the calling, a go-go girl show, pantomimes, singing, and playing. On the program for the Hootenanny are: Mitzi McCauley, Dale Coffey and Tommy Nicely, Larry and Dale Cook and Stevens Chasteen, Ray and Joe Barnett, Square dancing by Connie Smith, Linda Holland, Genieve McClure, Andrea Anglin, Kenneth Berry, Billy Helton, Jim Hansel and Dana Askren. Pantomimes by Alma Gentry, Judy Carter, Bonita Norton, Brenda Dishon, Gayle Taylor, Beverly Pittman, and Kay Burdette. The go-go dancers will be Lida Moore, Beverly Pittman Alma Gentry, Bonita Norton, Kay Burdette, Gayle Taylor and Brenda Dishon.

Come early, visit the shows, for a night of fun and enjoyment at the Mt. Vernon Halloween Carnival.

Shown with their ribbons which they received during the recent three-day Camporee at General Burnside Island State Park in Burnside are several of the boys scouts who attended and the three leaders who accompanied them. They are, first row from left, Clinton Davis, Tommy Nicely, George Dooley, Doug Mullins, Greg Mullins, and Len Davis. Second row from left, Billy Bales, Glen Whitaker, Mark Bry, Jimmy Mullins, Freddie Morris, Johnny St. Clair, Amos Kendrick, and Danny Ford. Back row, from left, James Earl Hammons, Jackie Anglin, James Dooley, Jack R. Craig, and Charles A. Mullins. 18 of the 30 scouts in the troop have now achieved their second class scout rank.

Editorials Get Things Done

By Eugene Patterson
 Editor, The Atlanta Constitution
 1967 Pulitzer Prize Winner

Newspaper editorials get things done. At times, I've wondered what. By now, I think I know.

They get people to think. They may think the editor is an idiot. The Atlanta Constitution is rich with readers who hold that opinion. In order to arrive at it, however, they must (1) read his unsatisfactory argument, and then (2) justify their own. This is a painful experience on both counts, which may account for the soreness they exhibit in letters to the editor. But they have had to think about the subject.

And the longer I live, the more I believe the value of an editorial is not so much to carry the day, to convince everybody, or to comfort the good and convert the evil. To achieve those goals the average editor would have to be a lot smarter than he is.

The true and lasting value lies in getting people to think for themselves, to talk and to argue, and finally to decide whatever they want to decide. The process of thought may have advanced their decision some small distance toward the side of right, wherever that is.

"I guess a man's job," William Percy's father told him, "is to make the world a better place to live in, so far as he is able—always remembering the results will be infinitesimal—and to attend to his own soul."

An editorial is, of itself, no better than the incentive it provides the reader to attend to his own soul, I think. Whether the editorial opinion itself is accepted is secondary to that. The people will find their own way when they think.

The race issue in the South was editorially muffled for many years. The primary contribution of editors like Hodding Carter and Ralph McGill and Lenoir Chambers lay not so much in convincing all Southerners that segregation was wrong; they obviously failed, had that been their purpose. Primarily, they encouraged people to talk about it—to break the muffling silence, to stop fearing discussion of it, to speak the unspeakable and think the unthinkable, and to realize it was a subject they could argue.

This breaking of a silent fear, this beginning of talking and thinking, is the goal an editor shoots for in a frozen situation where minds have ceased to question. The editorial doesn't have to be right. But it does get things done. It gets the people to think.

BABSON'S POINT OF VIEW

COMMUNIST DUPLICITY

A disturbing development in the Vietnam situation has been the disclosure that Russia has pledged more economic and military aid to Ho Chi Minh. Before that decision was announced, it had been widely believed that behind the scenes—the Kremlin was seeking an end to the Viet conflict.

EMPHASIS ON MATERIALISM

Despite the ideological differences between Red China and Russia international Communism—as practiced in the Kremlin and in Peking—constitutes a military, economic, and political danger to the United States and to all the other nations of the Free World. Insidiously modern Communism preaches that man is a material machine. This idea that man is nothing more nor less than matter in motion is used with great success to advance the basic Communist policy of world conquest. To be sure, Chairman Kossygin and Chairman Mao are separately pursuing long-range programs which—if they succeed—would probably culminate in world peace. The joker is that the peace they want could come only after their defeat of the West and establishment of the world Communist dictatorship.

VICTIMS OF PARANOIA

In the view of the dedicated Communist, whatever helps him advance toward this conquest is peaceful, good and true. It is hard for us to understand what makes the Communist mind tick. To our way of thinking, Communists must be the victims of a type of paranoia, so different from ours is their concept of law, philosophy, and economy. We are appalled to discover that these concepts appear to be far more convincing to them than the evidence of the facts. This element of self-deception is at the very core of Communism. If the leaders in Moscow and in Peking were merely hypocrites, we

could understand — their tactics and counter — their tactics. But we are confused and often tricked by the Reds because they are so adroit at combining the techniques of hypocrisy with the virtues of sincerity.

DENIAL OF HUMAN DIGNITY

The rise of Communism has led to the murder of individuals and of nations, as the dignity of man has been trampled underfoot. The tragedy is that in the eyes of the Communists such murders are moral and righteous. Hence the great evil of Communism rests in its basic concepts, which entail total rejection of the Supreme Being and the materialization and bestialization of man. Communism denies the inherent value and the uniqueness of human personality. It seeks to build an edifice that will effectively destroy every civilized moral, ethical, and spiritual standard.

It would indeed be foolhardy for us to underestimate the potential influence for evil of this system. But perhaps it would be even foolhardier for us to underestimate our own ability to destroy our American way of life through indifference, incompetence, and greed.

OUR TREND TOWARD SOCIALISM

During this 20th century, the general tendency in the United States (as many other countries in the world) has been to limit the area within which man can do what he will and to expand the area in which the State acts on behalf of its citizens. In the minds of many people, this is a good thing. Others are equally sure it is a trend in the wrong direction. At any rate, at one time or another many of the principles of the socialistic or paternalistic state have been endorsed by a majority of the American people. But in an America, which is yet reasonably free, we can still criticize the laws which have so greatly en-

Area Agent's Notes

BY: H. LEE DUKHAM

TIME TO . . .
1. Make your last fertilization of lawns, shrubs, trees, evergreens, and roses before winter sets in. In areas outside the Bluegrass and Outer Bluegrass regions, be sure to use fertilizers which contain the three major fertilizer elements: nitrogen, phosphorus, and potassium.

Be sure the mixture contains as much as or more (2-3 times) nitrogen than either of the other two elements. In most of the Bluegrass and Outer Bluegrass regions, nitrogen is the only fertilizer element needed. Ask your area extension agent for the exceptions with these regions.
2. Finish planting shrubs, trees and evergreens this

month for best results. Stake newly set trees carefully, and wrap their trunks against winter sunburn. Just before the hard freezing weather begins, mulch the soil beneath all the newly set plants. Later plantings can be sure as long as the soil is not frozen or too wet.
3. Assemble rope protection materials for application early in December. Suggestions for winter protection may be found in U. of Ky. Coop. Ext. Serv. Leaflet 280, "Growing Roses in Kentucky."
4. Finish digging tender bulbs and planting hardy ones.
5. Check your house plants for browning of the edges of the leaves. They are probably suffering from the dry air produced since you have started heating your home this fall, but several other factors will also cause this same symptom. When your house plants need water, apply enough to the soil surface to run through the pot into the saucer. Discard all water from the saucer not over 30 minutes later. If the pot or planter has no drainage hole, you need to use your good judgement as to when you have applied enough water to moisten all the soil, or else tip the pot or planter on its side for drainage for about 30 minutes.
6. Tidy up the yard before winter. Place excess leaves (those that are too deep to mulch and leave on the lawn) in a compost pile or pit. Do Not Burn Leaves. Burning adds to smog problems and wastes valuable fertility and organic matter. So let's be a "tidybug" in our yards, as well as in public places.

GOOD CALF-RAISING PROGRAMS HELPS HERD REPLACEMENTS
Fall calves make good herd replacements, but poor management loses a lot of them before they are six years old, says E.C. Troutman, U.K. Cooperative Extension Service dairyman, use good management to prevent calf loss from pneumonia, scours and other diseases. Here are some fundamentals in calf-raising:
1. Give cows a six to eight week dry period after calves are born, if dry cows are enough to have a strong calf at birth, and have cow-freshness in a clean, dry, draft-free area, preferably a maternity stall or a separate lot.
2. After calf's birth, dip the calf's navel in 2 percent iodine, and let them lick the calf dry; feed colostrum milk shortly after birth and milk for at least three days.
3. Raise calves in individual pens (4 by 6 feet) for the first three or four months. Pens must be clean, dry and draft free.
4. Feed one pound of whole milk per day for each 10 to 12 pounds of calf's body weight; feed at regular intervals, at uniform temperature 90 degrees to 100 degrees F. and use clean utensils. Give the calf a good starter at the end of the first week. Keep high quality hay and clean water before the calf at all times.
5. Tattoo or ear-tag the calf, dehorn it, and remove extraneous teeth from heifer calves early. Be sure you have a good vaccination program against brucellosis and blackleg, and test for T.B.

1966 CASH RECEIPTS IN STATE SHOW 5 PERCENT GAIN OVER 1965 FIGURES

The U.S. Cooperative Extension Service noted the report said the figure for 1966 was 5 percent above the 1965 figure, but 4 percent below the 1964 level. That year (1964) cash receipts were \$742,751,000, a record.

Receipts for livestock and livestock products were up sharply in 1966, \$383,868,000. This was 12 percent better than 1965 and 21 percent above 1964. Dairy products were 19 percent, at \$110,395,000. Tobacco showed a drop in total receipts for 1966, it was \$240,160,000, or a 6 percent drop from 1965. (The 1964 tobacco-receipts figure was \$349,237,000; allotment reductions were credited with the 1965 drop.) Receipts for all types crops were \$327,387,000 in 1966, a fraction under the 1965 figure.

The state's realized gross income for 1966 was set at \$863,100,000, 2 percent under the 1964 record high, the report said.

A POEM

Mrs. Elizabeth Kendrick has sent us a poem which she co-authored with Mrs. Maggie Cornett of Whitesburg. We're happy to do so.

A MAN'S DRESS

The best dressed man in the world today is the man in uniform, American way. He's right in style. He is number one among all the dressers beneath the sun. He wears the dress that means for all a many answer to duty's call. A zip and a pep for things that count. As all around us the dangers mount. It isn't whether his suit may fit, but whether his heart's inside of it. His soul is strong and his will to do, is a whole yard wide and wool all through. He does not have to strut or brag, for even if uniforms were a rag. He would still be dressed in the finest way, in the uniform of the U.S.A.

Tale of a tired towel

I was a tired towel . . . always looked wrinkled and grey . . . old before my time. My color was fading. I found myself hanging around with some shabby-looking friends . . . Then my owner bought an electric clothes dryer . . . and I decided to give it a whirl. It was a brightening experience. I came out with a cleaner outlook . . . I was fresh and fluffy. And since we started going around together . . . that electric clothes dryer has proved to be the best friend a towel ever had!

It's easy to dry clothes as white as you wash them . . . with clean, safe, flameless electric heat! And with an electric dryer your clothes come out smelling sunshine-fresh, without sunshine-fade. So for fluffy, bright clothes all the time . . . buy an electric dryer now. You'll find now is the perfect time to buy an electric dryer because you get an automatic electric blanket as a bonus!

Food Cues

enjoy potatoes prepared in a variety of ways, for they are in especially good supply, reports the Consumer and Marketing Service of the U.S. Department of Agriculture.

Serve potatoes, baked, boiled, creamed, scalloped, au gratin, mashed, in stews, soups, hash, pies. . . French fried, fried, browned, or roasted. Each of the variations can be multiplied many times over in intriguing mealtime treats by using an assortment of seasonings and go-with-potatoes foods.

Any potato with which you start adds variety. Fresh potatoes are so easy to use, whether whole, halved, sliced, diced, chopped, or cubed.

Frozen potatoes, too, include a myriad of potato products ready to be used just

like fresh potatoes--baked stuffed, baked, boiled, sugared, creamed, Delmonico, mashed, French fries, cottage fried, roasted, sliced, patties, cakes, knishes, potato and cream of potato soup.

Canned potato products appear whole, sliced and in a multitude of combination-type foods. Instant-type potato products are many-flakes, diced, chiplets, pieces, scalloped, au gratin and granules.

Besides serving alone, potatoes also impart their extra-special flavor goodness to other everyday foods. POTATO PANCAKES. . . Combine 1/2 cup each evaporated milk and dry bread crumbs. Stir in 1 egg, 2 cups scalded raw potato, minced onion and salt. Spoon portions on a greased griddle or frying pan and brown on both sides. Serve with tangy sour cream. Serves 5 to 6.

POTATO MUFFINS. . . A tasty way to use up mashed, fresh, instant or frozen potatoes. Cream 4 tablespoons sugar. Add 1 well-beaten egg. Blend in 1 cup each mashed potatoes and milk. Sift together 2 cups sifted flour, 3 teaspoons baking powder and 1/2 teaspoon salt. Add to the creamed mixture and stir until smooth. Fold in 2 crumbed slices of crisp bacon. Fill greased muffin tins 2/3 full and bake for 20 to 25 minutes at 400 degrees. Makes 1 dozen muffins.

SUNDAY BRUNCH POTATOES AND EGGS. . . Make 2 cups of a medium-thick white sauce seasoned with butter, salt and pepper. Add 3 cups diced, cooked fresh or processed potatoes and mix. Spoon mixture into 4 greased shallow baking dishes. Combine 1/2 cup each finely bread crumbs and grated sharp cheese and sprinkle over the potatoes. Broil until golden brown. Break an egg into each dish and broil until eggs are set.

POTATO CHIP BROWNIES. . . To fill an 8" x 8" x 2" pan: Beat 4 eggs and gradually beat in 2 cups sugar until smooth. Melt and mix together 4 squares chocolate and 1/2 cup shortening and cool. Mix it into the egg mixture. Add 1 cup flour, 1/2 cup each finely crumbled potato chips and coarsely

chopped nuts, and mix lightly. Bake in a wax paper lined and greased pan, for 30 minutes at 350 degrees over. Let brownies cool 5 minutes before removing from the pan.

NEWS OF SELECTIVE SERVICE

Question: I am an alien physician 32 years old, admitted to this country for permanent residence. Am I required to register and serve in the Armed Forces?

Answer: Yes. Under the Military Selective Service Act of 1967 any alien physician admitted on a permanent visa is required to register within 6 months after entering the U.S. and to be eligible for military training and service as a physician up to age 35.

Question: I will be entering the second year of law school this fall. Will I be able to finish law school which will require another two years?

Answer: The present Selective Service Act places restrictions on graduate training. However, any registrant who has completed one year in law school is eligible for continuation of his II-S student deferment for a period of two additional years or until he receives his professional degree, whichever occurs first provided he re-enters school in the fall of 1967.

Question: Our family doctor has referred me to a specialist for treatment of severe hay fever. Will I be inducted?

Answer: Hay fever if severe, or if not controllable by antihistamines or by desensitization, or both will disqualify you for military service under current armed forces standards of acceptability.

Acne --- Teen Problem Can Be Helped

Something can be done about acne. Acne, says a pamphlet of the American Medical Association, is a very common condition affecting the skin of most people during the teen years. The fact that acne is so common does not mean that nothing can be done about it, the AMA advises. Waiting to "outgrow" your acne can be a serious mistake. Acne consists of blackheads, pimples, and sometimes deeper, boil-like blemishes. It can be seriously disfiguring at the time of life when young people are most sensitive about their appearances. Acne blemishes can lead to serious and permanent scarring. Acne is caused by a faulty adjustment of parts of the skin to

the influence of maturing endocrine glands, the glands which produce hormones. The imbalance in hormone secretions will correct itself in time.

It is true that there is no instant and permanent cure for acne. There is no one-shot cure, no magic pill. And acne is not a disease of dirt, even though patients are told to wash thoroughly and frequently. Washing removes the oils and clears plugged oil glands, keeping blackheads to a minimum. Certain foods may be a factor, but a change in diet alone will not clear up acne.

Thorough cleansing, a diet prescribed by your physician and medical care are all needed to cope with acne. Treatment is an individual affair and the patient must not assume that medicines prescribed for a friend will be best for him.

Your physician likely will

warn against picking, scratching, popping and squeezing of pimples. In some patients small doses of antibiotics or other drugs may be helpful. In others ultra-violet light may be administered. Your family physician or dermatologist (skin specialist) can determine your specific needs.

Green Thumb Tips

The common marigold may be useful in ridding soil and crops of nematodes, those tiny parasitic worms that often are the bane of the farmer's or gardener's existence. The United States Department of Agriculture found marigolds the best potential resistor of seven plants tested. The idea, of course, is to starve out the nematodes. If marigolds are grown and resist the pests, then the next

year the nematode population will have decreased and better crops can be grown. The use of marigolds in this manner benefits the home gardener as much as or more than it does the farmer. Do not handle vegetables any more than is necessary after harvesting them. Dropping may cause bruising which does not improve their quality. If it is necessary to put your produce into the refrigerator

(and, of course, all vegetables will taste better if cooked or used raw immediately after picking), store them at temperatures slightly under 40 degrees F. and at a high humidity. Such storage reduces shrinking by reducing the amount of moisture given off by the vegetables.

HENRY WARD

BURL ST. CLAIR

What will Henry Ward and Burl St. Clair do for Kentucky's Farmers?

- ★ A tax structure with safeguards against increase in property taxes.
- ★ Special efforts to develop new sources of income for the farmer and improve and expand market outlets.
- ★ Beef up the Rural Road program so that your county has more road money. Blacktop 10,000 more miles of rural roads.
- ★ Give Kentucky farmers the best backup available for production and marketing of crops and livestock. Complete the Agricultural Science complex at the University of Kentucky.
- ★ Strengthen the timber industry. A better Forestry Department at U of K and work to establish a four-year school of forestry there.
- ★ Accelerate the control of animal diseases. Complete the construction and staffing of the animal disease diagnostic laboratories.
- ★ Expand the "Chain of Lakes" program.
- ★ Support Rural Water Districts.
- ★ Provide educational opportunities for rural youths on a par equal to those in urban areas.

HENRY WARD was born on a McCracken County farm. He knows all about the problems of low profits and high operating costs. And he has strong, positive ideas about how to help farmers solve them. He promises not magic... he promises effort and achievement. He will build on the characteristics and traditions that made Kentucky great: a respect for law and order, honesty and fairness.

BURL ST. CLAIR has, for many years, been a leader of Kentucky's agricultural community, as well as a successful farmer in his native Grayson County. He has held every elective office in both state and local Farm Bureau organizations, including President of the Kentucky Farm Bureau Federation and 20 years on its board of directors. Burl St. Clair is widely known and respected by farmers.

Henry Ward and Burl St. Clair know farming has never been easy, and it probably will never be. But farm income will improve with Henry Ward Governor and Burl St. Clair as Commissioner of Agriculture to fight for Kentucky's farmers.

FORMER KENTUCKIAN WANTS HOUSE-WORKER IN CONNECTICUT
If you have relatives in eastern Pennsylvania, New York, New Jersey, or the New England area that you would like to be near, and if you are a good house-keeper and like to take care of children here is a special opportunity for you.

A family-whose mother was born near Mt. Vernon and her folks all raised in Rockcastle County-is looking for a good woman to live-in and take care of the house-work and the laundry and when parents are away, look after three children (ages 12, 10, and 2). No cooking, except for children and herself when parents are not home.

Job would start after Christmas. Transportation to Connecticut would be paid. Have own room with own television and telephone in it, and own private bath opening from room. Salary-\$45.00 per week plus room and board with two-week paid vacation.

Requirements for the job are that the woman be strong and in good health, dependable and honest, have a pleasant friendly disposition, enjoy keeping a house neat and clean, and have patience with children. She should also be certain that it would not bother her to leave her home and go to live in Connecticut.

For reference information about the family, call or write Mr. and Mrs. Burgess Shell (Zora Allen) 1953 Grand Blvd., Hamilton, Ohio. Both were raised in Rockcastle County, and they can answer any questions about the job.

To apply, write c/o Box No. 185, Mt. Vernon Signal Mt. Vernon, Ky. Please give the following information: (1) name and address (2) age (3) marital status (4) names and addresses of at least three people who have known you for several years (not relatives, but including people you have worked for).

"Candy?" "Cakes?" "Sandwiches?" "Would you like to take a chance on a guitar or cake?"

That's all we've heard at BHS this week, and we have another week to go. Everyone is helping to raise money for their class's candidate for the Halloween Carnival King and Queen.

Is BHS being invaded by the San Francisco hippies? No, look closer! It's just the BHS students and their dates going to the Junior-Senior Hippie Party. We were instructed by our chaperones to come dressed as "decent" hippies.

The excitement is mounting as Halloween night approaches. Those who are especially excited are the people chosen to represent their class in the King and Queen contest.

Basketball game candidates from three of the high school classes have been elected. They are: Linda Howard - Senior; Anita Helton - Junior; and Vicki Riddle - Freshman. The clubs and Sophomore class will be electing

she Riddle who sold \$125. Bryan Busnell was second place with \$110. Congratulations on your fine salesmanship!

BRO. GEORGE ANDERSON

Honored On 70th Birthday

Bro. George Anderson, pastor of the Pine Hill Missionary Baptist Church received quite a surprise Monday, October 23, as he entered the home of Mr. and Mrs. Billy Cash at Pine Hill. Gathered at the Cash home were many friends and members of the Pine Hill church who had decided to help Bro. Anderson celebrate his 70th birthday.

As he entered the home, a cry of "Happy Birthday, Dear Pastor," was sounded. He was presented with many useful gifts among them a very nice reclining chair. Refreshments of cake and punch decorated in the autumn colors were served. The many present reported a very nice time.

Bro. Anderson has often been quoted as saying in his messages that when he

surrendered to the call of the ministry in 1923 that he said "Lord, if you will go with me and fix a place, then I'll preach," and he has never been without a church. He was ordained in 1925 and has been serving churches as pastor since 1927. All of his work has been with churches in the Rockcastle and Laurel River Associations. His longest pastorate was with the Pleasant Run Baptist Church where he served for 21 years.

Bro. Anderson was Superintendent of underground work for Kentucky Stone Company for 33 years from which he is now retired. He and Mrs. Anderson reside near Livingston.

MONOGRAM OIL HEATERS

Smart decorator-design walnut-grained or rich fruitwood vinyl-clad cabinets are handsomely highlighted with gold anodized aluminum to blend with the finest furnishings.

OVERSIZE "CIRCUMATIC" FAN
Keeps warm air in constant circulation throughout the entire house. Provides regulated draft to the burner - balancing oil and air to assure perfect combustion at all fire levels.

TWIN REVERSE FLOW HEAT EXCHANGER
Heats the air more thoroughly before it moves into your home - squeezes maximum warmth from every drop of oil. Provides maximum comfort at the "living level". Puts more heat on the floor.

EXCLUSIVE 3-WAY HEAT CIRCULATION
Distributes an abundant blanket of heat over the floors to provide floor-to-ceiling comfort at the "living level" of your home. Heat you can feel and enjoy - whether you're standing; sitting or lounging on the floor.
