Brodhead School News
The holidays are over for awhile and we are getting settled into our old routine. We hope everyone had a relaxing and enjoyable Thanksgiving.

On November 22, the Freshman Class presented a tumbling act to all of the students. They had learned to do various stunts in their physical education class. It was enjoyed by all.
The suspension was over last Friday night for the 14 girls who were contestants for the Basketball Queen. Tying for second runner up were Lynette Hunt - Freshman and Anita Helton - Junior. The first runner up was Vicki Riddle - Freshman. Chosen as the BHS Basketball Queen for 1967 was Rita Benge - Sophomore. Red roses for the queen and corsages of carnation for the runners up were presented by Sharon Payne, last year's queen. The Seniors wish their

class presidents, Shirley Adams a speedy recovery.
At the November meeting of FHA the girls drew names for the Christmas meeting in December. Plans were also made for the annual Christmas Teachers' Tea.
Our guidance counselor, Mrs. Jean Gentry showed a film to the Senior class on "Teenage Marriages." Some good points were given on the reasons and problems of teenage marriages.
Mr. Whalin from Spencian Business College in Louisville talked to the seniors about their careers after they finished high school. He gave them a very important "tip" for success. The seniors are complaining again! The subject of

their complaint, term papers! Mrs. Mullins, (the English teacher) please remember; they want to graduate in May.
Before school closed for the holidays BHS had some very important visitors. They were from South Vietnam. Their purpose of coming to our school was to observe and obtain some ideas for their own schools in Vietnam. It was reported that one told Mr. Mullins, "I hope to see you in Vietnam very soon."

Library Notes

THE MOON SPINNERS by Mary Stewart. High-tension, adventure story of an English girl vacationing in Crete, who finds a wounded Egyptian during a hike in the mountains, and becomes involved with him in a series of events that lead to a kidnapping, a killing, and a robbery in England.

CITY UNDER THE ICE: The Story of Camp Century by Charles Michael Daugherty. A whole community, buried beneath the Greenland ice-cap and powered completely by a nuclear reactor, this is Camp Century, built by the U.S. Army Polar Research and Development Center to serve as a scientific outpost for the study of environmental effects on people and on objects. This is an authorized account of a pioneering venture on the cold frontier of science.

MORTE D'URBAN by J.F. Powers. The story of Father Urban, a priest in the impoverished Order of St. Cleary, and his tribulations in dealing with a rich, but questionable benefactor of the Order. Father Urban has great success in guiding the Order to flourishing prosperity, but in a series of small decisions favoring principle over popularity, he loses his benefactor, and his standing.

FANNY AND THE REGENT OF SIAM by R.J. Minney. In the same exotic setting, but a generation later than the famous ANNA AND THE KING OF SIAM, this is the story of a love that survived despite bitter opposition and tragic hardships inflicted by a vengeful ruler. Based on diaries, letters, and the author's researches in Bangkok, it is a suspenseful drama that unfolds amid the splendor of the royal palace, the stately British Consulate and elegant parties and balls.

GIVE FATHER A HARD KNOCK, by Ken Kraft. The humorous results when Father invites two sons and a daughter-in-law to live with him and they begin taking over the

house.
THREESCORE AND TEN, by Angela Thirkell and C. A. LeJeune. A party planned to celebrate Mrs. Merland's seventieth birthday is the background for the doings of the Pomfrets, St aples, and all the other Barsestahire families with a couple of romances, an Agricultural Show, and of course the birthday party.

HOLD APRIL, a new volume of lyrical, perceptive poems by Kentucky's poet laureate, Jesse Stuart.

THE MAN WHO TOLD THE TRUTH, by Louie Grace Erdman. The story of a stranger in a Texas town. Oddly reticent about his own past, his personal observations about other people's lives brought understanding and help to some, love to others. Then he disappeared as mysteriously as he came, and in shocked disbelief the townspeople learned his secret.

THE KING'S BED, by Margaret Campbell Barnes. Against the rich-tapestried background of Bosworth Field and the dawning Tudor era Margaret Campbell Barnes has woven one of her most appealing historical novels. Figuring prominently in the story is the White Boar Inn, which is to become notable, infamous and sensational in turn because the King spent his last night there in his richly carved traveling bed.

CALL HOME THE HEART, by Elizabeth Ogilvie. When Leslie Whitney sees her fisherman husband of for the summer, she expects to spend a leisurely summer with her friends on their island home. But the placid contentment of the Maine island community is disturbed by the intrusion of a ghost from the past.

HONEY FOR TEA, by Elizabeth Cadell. A delightful tale of mystery and romance by the author of "Six Impossible Things."

HUSBAND, LOVE YOUR WIFE !!! KEEP HER WARM THIS WINTER WITH A MONOGRAM OIL HEATER ONLY MONOGRAM CAN GIVE YOU ALL THESE ADVANTAGES

to provide a world of wonderful warmth throughout the living level of your home

The first thing most people like about MONOGRAM Oil Heaters is their attractive, modern styling. But, more important than their outside appearance, are the inside features that provide the abundance of floor to ceiling heat that assures uniform warmth for every room in the house. The exclusive MONOGRAM three-way heat circulation that gently distributes the warm air like a blanket along the floor from room to room. This is efficient heat—heat that you can feel and enjoy throughout the entire "living level" of your home whether you're standing, seated or lounging on the floor itself. And because the fuel you use does more actual heating, you realize big savings on fuel bills with a MONOGRAM—often as much as a 40% fuel saving over ordinary oil heaters!

NEW TWIN Reverse Flow
HEAT EXCHANGER
SQUEEZES MAXIMUM WARMTH
FROM EVERY DROP OF OIL

In the new Models 70 and 50 MONOGRAM Oil Heater, the heated air travels further before it moves into the home. Passes through long tubes which are located within the heat exchanger and which continue to add heat to the moving air. Specially designed baffles within these tubes deflect the heat and direct it into added radiant comfort at the "living level" —with more heat on the floor. This heavy gauge, electrically welded heating chamber will not crack or leak—ever.

Crab Orchard Victorious In Brodhead Tournament

It's all down in the record books and a part of history but the 1967 Brodhead Thanksgiving Tournaments will be one of the best remembered. It's for many years. It was a heart-breaking tournament for Brodhead who lost our first round game to Crab Orchard players. It was a 20 foot shot which sailed through the net winning the game for Crab Orchard by one point 61 to 60.

In the first game of the tournament between Mt. Vernon and Livingston, Mt. Vernon battled a much taller Blue Devil squad to emerge victorious 46 to 42.

The Red Devils held a small lead throughout the game and according to Coach Jack Laswell showed a lot of desire and determination in their playing. "The boys played a good defense and rebounded well and with these factors were able to defeat the Livingston squad," Coach Laswell said. Paul Kirby was high scorer for Mt. Vernon with 24 points.

In the second game of the night between Brodhead and Crab Orchard, Brodhead was caught flat footed the first quarter when the tall Lincoln County team lead at one point by about 13 points. "The boys weren't rebounding and seemed to be very tight and nervous during the first quarter. It helped quite a bit when we changed our defense from zone to full court press, however, and seemed to loosen the boys up somewhat," Coach Billy Riddle

said. "I would like to congratulate the Crab Orchard team on winning the tourney and to say that they played good basketball and deserved the win," Coach Riddle further stated.

Brodhead led the Cubs with two second seconds showing on the clock by one point and attempted a goal. The goal failed and the ball was knocked out of bounds and was awarded to Crab Orchard. Crab Orchard immediately called a time out and went for the one shot. During the twenty seconds left, Brodhead managed to touch the ball three times in their attempt to get the ball back and prevent a Crab Orchard score but to no avail as with only one second on the clock a Crab Orchard player, cut loose with a long shot and the buzzer sounded but the shot cleaned the basket cleanly.

Crab Orchard led at all the quarters with scores of 20 to 9, 32 to 29, 48 to 44, and the final 61 to 60.

Individual scoring for Crab Orchard was as follows: B. Bussell 21, Brown 17, Stevens 5, Mobley 6, and Daugherty 11.

The consolation game between Livingston High School and Brodhead was the first game on Saturday night and Brodhead was the winner of that game by a score of 62 to 53.

Scoring for Brodhead was: B. Bussell 24, Brown 6, Stevens 9, Mobley 13, Daugherty 2, and J. Bussell 1.

It looked as though in the championship game that the much smaller Mt. Vernon Red Devils might be able to handle the Crab Orchard Cubs as the score at the end of the first half would indicate when Mt. Vernon led 22 to 12.

MVHS played a strong defensive game and allowed the Cub only 3 field goals the entire first half.

But it was another story the second half as the Red Devils slowly lost their lead when the tall Crab Orchard team began to out-rebound them and get the second and third shots.

The final score of this game was Crab Orchard 52, Mt. Vernon 44.

"Our inexperienced squad is showing a lot of hustle and desire and are improving every game. The boys are coming along a lot better than I thought they would this early in the season," Coach Laswell said. "The Red Devils will be helped greatly the second semester when big Joe Howard becomes eligible.

With his size, we certainly be a lot better out-rebounding which has been our weak point the last few years," Laswell further said.

YOU BETTER BE GOOD-- seems to be the point Santa's trying to make to Margaret Kirby as her older sister, Mrs. Nite, and father, Deputy Sheriff Billy Kirby, look on. The Kirby children were two of hundreds who flocked to see "Ole Saint Nick" despite the heavy downpour which cancelled the parade scheduled to bring Santa to Mt. Vernon in style for the holidays.

Tree Lighting Set For Tonight

The annual tree-lighting ceremony is scheduled for Thursday, November 30 at 7 p.m. in front of the Rockcastle County Courthouse.

The Glee Club and Rockcastle County Schools Band will participate. Mayor Clyde Linville will give the welcoming speech and Billy Hiatt will read the Christmas Story after which the lights on the tree will go on.

The next afternoon, Friday, December 1, at 4:30 p.m. the first of the Merchant's Appreciation drawings will be held in front of the Bank of Mt. Vernon.

Survivors are three sons, Delbert Lee of Cleveland, Ohio, Leonard of Brodhead and George Jr., of Louisville; six daughters, Mrs. Rosemary Wilson and Mrs. Dessie Mobley both of Brodhead; Mrs. Beulah Broome of Louisville, Mrs. Bonnie Bradley of Reading, Ohio, Mrs. June Hutcherson of Frankfort; and Mrs. Nine Cummins of Mt. Vernon; two sisters, Mrs. Nath Brummett and Mrs. Nancy Burdine, both of Brodhead; three brothers, Levi, William, and Jim Bishop, all of Brodhead, 40 grandchildren and 5 great grandchildren.

Funeral services will be held Thursday, November 30, (today) at the Brodhead Baptist Church at 2 p.m. with Rev. Eugene Bradley and Rev. Cornelius Hryn officiating. Burial will be in Negro Creek Cemetery.

Watson Funeral Home is in charge of arrangements.

Xmas Letter

The Rockcastle County Jaycees will be sending Xmas Letters to our local servicemen in Vietnam this year. The letters will be mainly slating appreciation for their services in Vietnam.

Any county resident who has a member of their immediate family serving in Vietnam should send their name and address to the Rockcastle County Jaycees, Box 396, Mt. Vernon, Ky., no later than Saturday, December 2.

Mrs. L. M. Decker Dies At Somerset

Mrs. Lillie Mae Decker, 83, of Mt. Vernon, passed away Tuesday morning at the home of her daughter Mrs. Kate Burdine, in Somerset.

She was born in Rockcastle County, the daughter of the late John and Mary Mink Dean. She had lived in Mt. Vernon most of her life and was a member of the West Main Holiness Church. Besides her daughter, she is survived by one son, Monk Norton also of Somerset, two brothers, Bill Doan of Mt. Vernon and Charles Doan of Glasgow, and four grandchildren and three great grandchildren.

Funeral services will be conducted Thursday, November 30 at 2 p.m. at the West Main St. Holiness Church with Bro. George Murphy officiating. Burial will be in Elwood Cemetery. Cox Funeral Home is in charge of arrangements.

Sp/4 Charles E. Parker, son of Mr. and Mrs. Henry Parker of Livingston, is now stationed in Thailand and has recently been promoted to the rank of Sp/4. Parker has four months left of his tour of duty. This is the fourth son of Mr. and Mrs. Parker to serve in the Armed Forces.

MVHS Wins BHS Loses By 1

It was another one of "those nights" for the Brodhead Tigers as they lost to Garrard County by 1 point in the last seconds of the game.

Brodhead led at the end of the first quarter by 6 points but went cold the second quarter when they only pushed through 8 points while Garrard County was garnering 25 for a half time score of 35 to 24. The Tigers improved in the third quarter by getting 20 points but not enough as Garrard countered with 16. However, in the fourth quarter, the determined Tigers led by one point 71 to 70 with only 2 seconds on the clock and it was the same story as before with a Garrard County player attempting, and making a 15 to 70 foot shot for a final score of Garrard County 72, Brodhead 71.

New Rates

The Rockcastle County Baptist Hospital has announced new room rates effective December 14 according to Mrs. Joyce Brown, administrator.

Effective on the 14th, the new rates will be as follows: Semi-Single Room \$20 per day, Private Room Without Bath \$22.50, Private Room with Bath \$25.00, and Emergency Room \$4.00.

Potluck Supper

The Mt. Vernon Night Homemakers will have a potluck supper Friday night, December 1 at 6:30 p.m. at the Mt. Vernon Christian Church for members only.

After the supper, Christmas decoration ideas will be exchanged and names will be drawn for a secret pal.

Our Thanks

We would like to take this opportunity to thank everyone who was so kind and helpful to us during our recent misfortune last Sunday when, without the prompt action of our neighbors and the Mt. Vernon Fire Department, our home and all furnishings would have undoubtedly been lost to us.

We especially want to thank Mr. and Mrs. Joe Swinney and members of the city fire department for their efforts on our behalf.

Mr. and Mrs. James Anderkin, Rick, Jamie, and Jane,

LICENSING AUTO MECHANICS
 Better Business Bureau and local law enforcement agencies all over the nation are receiving complaints about the poor performance of nonperformance of mechanics at repair garages and service stations.

FRAUDULENT PRACTICES
 These complaints range from beefs about carelessness in auto repairs to howls from those victimized by the fraudulent practices of the repairmen who con motorists into okaying repairs or replacements not actually necessary and sometimes not even desirable. One of the most frequent gripes concerns charges for work which subsequent investigation reveals had not been done at all.

ing more and more widespread nationally, is the overinflated property damage estimate. This particular type of "swindle sheet" is a very important factor in the final price of accident insurance. Every padded damage estimate helps jack up the cost of all auto property-damage insurance.

IMPACT ON PUBLIC SAFETY
 For every motorist who has been gouged deliberately by crooked garages, there are perhaps a score or more who have been victimized by incompetent repairmen who either have done sloppy work or have failed to diagnose car troubles correctly. Often as not, the poor quality work or wrong diagnosis has complicated things for the unsuspecting motorist.

expense, there is the impact on public safety. No one knows how many accidents each week are directly traceable to the misfeasance or nonfeasance of mechanics when the non-mechanically-inclined driving public have trusted, but it is obvious that the number is large enough to be called for a crusader of the persistence of a Ralph Nader.

STATE SUPERVISION
 Law enforcement officers in several areas have lately been citing the need for legislation that would provide supervision of repair garages and legal redress for those victimized by the sharp practices of repairmen. Their argument is that the petroleum corporations which largely control the service outlets, are not policing these operations.

In N.Y. State this failure has led to serious consideration of possible methods of licensing auto mechanics. Reported there is significant police support for such a move and public interest in it has been growing. In New York City, a full-blown campaign for reform of the repair garage industry is being sponsored by the Citizens Committee for Metropolitan Affairs. Probability is that New York will enact enabling laws before too long.

FEDERAL CONTROLS
 Meanwhile, federal officials are becoming more aware of this overall problem and of the acute need for protecting the public and the honest mechanics in the business from the incompetents and the gougers. At present, Congress is studying the auto insurance problem to determine whether Uncle Sam should exercise control over underwriters in this field. Senators and Representatives will be reminded that one of the significant factors contributing to high auto insurance rates is the outright dishonesty of a sizable segment of the repair industry.

Make no mistake about it, federal controls over such garages and service outlets are coming... possible even federal licensing of mechanics UNLESS the industry does something about the problem... and does it fast. Little more than a year ago, few of us expected that federal controls over the automobile manufacturing industry would come so soon... or be so extensive. If the large gasoline companies which operate—either directly or through franchise—the bulk of the nation's auto service stations cannot voluntarily bring about honesty and responsibility, as well as competence, on the part of mechanics, they are going to be forced to do so by Uncle Sam. And they will find that federal regulation will hurt profits.

Insuring Glass
 NEW YORK—Americans spent some \$42 million to insure glass during 1966, the Insurance Information Institute reports. This is more than double the \$18.6 million in glass insurance premiums recorded in 1946.

Is A Silent Killer Loose In Your Home?

A silent killer may be loose in your home.
 The deadly criminal is carbon monoxide—CO—a colorless, odorless, tasteless gas produced every time a carbon-containing material burns.
 A leaflet from the American Medical Association reports that CO combines with blood 200 times more easily than oxygen. If you breathe air containing a normal amount of oxygen and a moderate amount of carbon monoxide, your blood will be starved for oxygen. When blood cannot supply oxygen to your brain, permanent brain damage or death may result.
 Dangerous quantities of CO usually accumulate when a cool, slowly burning fire in limited air. Since you can't see, smell, or taste the gas is hard to detect except by your symptoms—drowsiness, headache, tightness across the forehead, confusion, nausea, and muscular weakness. CO poisoning may confuse you so that you cannot reach fresh air to relieve the symptoms and prevent serious injury.

- To prevent a carbon monoxide attack in your home:
 - Have all heating systems checked annually for operating efficiency. Make sure that vents, pipes, flues and chimneys are tight.
 - Make certain that your heating plant is not starved for air.
 - Be sure that all heating devices designed for venting are properly vented to the outside.
 - Provide additional fresh air for charcoal grills and hibachis used indoors.
 - Never tamper with ducts or vents of a heating device to get more heat out of it.
 - Be sure that heating appliances have been tested by a reputable firm. Follow the manufacturer's recommendations for installation and use.
 - When changing types of fuel, ask a qualified serviceman to adjust all appliances involved.
 - Don't close your fireplace

damper until you are certain the fire is out.
 • Be sure that your garage is sealed from the house. Never run the car in a closed garage. — 12467

Mount Vernon Signal
No. 10 Church Street
Mount Vernon, Ky.

Perlina M. Anderkin,
Editor:

I saw in the Signal, Nov. 21st issue, an article written by Mrs. Estil McBee (granddaughter of Granville

Owens, a good friend of mine during his lifetime). Mrs. McBee's article was in regard to how Brodhead came by its name and a lot of other history about Brodhead and its people. She was correct. I have known that wonderful city for over 75 years and watched it come and mingled with its people off and on over the years. I knew all the names she mentioned except a few, Colyer, Farmer, and Pettus.

and many many names she didn't mention. Well, maybe the readers of the Signal would like to know how the names of Negro Creek, Boones Fork, and Dix River, came by their names in the Seventeen hundred and seventies. I would like to explain if I may. First, my great grandfather, Capt. or Col. Richard Henderson, the organizer, president, and surveyor, of the Transylvania Land Company of Oxford, N.C., hired Daniel Boone, a hunter in North Carolina

and Fincastle County, Virginia (this was the county forming present day Kentucky in 1775, but by the end of that year it was called Kentucky County of Virginia) to back away from Cumberland Gap (where Kentucky, Tennessee, and Virginia now join) to Boonesboro (now in Kentucky). So said company, later in 1775, came through the gateway from the North to the South, through the gateway, from the North to the South, through Rockcastle County up Roundstone Creek crossing over Boone's Gap into what is now the Blue Grass Region on their way to Boonesboro. The Transylvania Land Company bought 20 million acres for 50 thousand pounds from the Cherokee Indians. So, a few years the company returned another way to what is now Rockcastle County, went down the Kentucky River until they came to what is now Dix River went up the river until they came to a wilderness where the river seemed to have two heads (now Brodhead) and there they decided to take the left prong of the two tributaries. My great grandpa was a slave owner and seemed to have one of them with him so they named the right hand prong, Negro Creek, the left prong was named Boone's Fork, after Boone and where the two prongs came together to make the main river, they named it for one of the members of the land company, Mr. Dix, or Dix's River. So, they passed up the left prong, over the watershed onto the south prong, which is now known as Renfro, or facing upstream the left prong of Renfro Creek and following on down the creek back to Roundstone, which they had passed going to Boonesboro, they went back to Granville County, and Oxford, North Carolina.

That is the way that Negro Creek, Boone's Fork, and Dix River, all got their name. There is no other city west of Brodhead, as far South, of the Kentucky watershed as Brodhead of its size. Yes, I agree with Mrs. McBee that Brodhead was named for Mr. Brodhead, I know a lot about several other places and how they came to be named. I am a native of Rockcastle County.

When Bill Davis was editor of the Signal, several articles were written along with Uncle Jim Merit, a onetime editor of the Signal. I am very respectfully a continuous subscriber to the Home paper.

at the Fairview Baptist Church over the week end with good attendance. Thank God for each one.

Sympathy is extended to the family of Mrs. Mayme Payne, May God bless them in their sorrow.

The Reppert family once again wishes to express our thanks and gratitude for the sympathy and kindness shown us during the death of Marcus Reppert of Mt. Vernon. Our friends and neighbors have been so thoughtful and kind. We thank you for your prayers, food, flowers, and every act of kindness shown us at this time. Thanks again and may God bless you all. I hope you'll still remember us in your prayers as it is hard to give up two brothers in three weeks, but I know it is even worse for the wives and children and mama. But we have to be in mind that God knows best.

Mr. and Mrs. Cletus Peters and family and J. M. Noland spent Wednesday night and Thursday with Mr. and Mrs. Gerald Peters in Shepherdsville.

Brodhead Tournay Grosses \$1367.80

The Brodhead tournament was the most successful tournaments (financially) ever staged at the school.

Gross proceeds from the affairs were \$1367.80 with miscellaneous expenses for the games totaling \$121.50 making a pot of \$1246.30 to be divided between the three invited teams and the Brodhead Lions Club who sponsor the tournament.

The Brodhead's Lions share of 311.59 is used for the summer recreation program at Brodhead, according to Roland Mullins, president.

"HOUSE BURNS" (Cont. From Pg. 1)

The living room was already falling in and they were unable to save anything. Approximately 600 jars of canned food and all furnishings were lost in the blaze and Stallsworth carried no insurance.

The house was owned by County Attorney James W. Lambert.

Despite scientific progress, the death rate from breast cancer remains alarmingly high. Early detection and treatment can reduce these deaths. The American Cancer Society advises an immediate visit with the doctor, if you have any unusual breast symptoms.

Mr. and Mrs. Brownie Martin are the parents of a son born at the Rockcastle County Baptist Hospital. He has been named Richard Shannon.
