VETERANS QUESTIONS AND ANSWERS

Q -- I suffered a disability while I have been in the Army. Does this mean I'll have to pay higher insurance rates when I get out of service next month?

A -- No. To begin with, servicemen are covered by their Servicemen's Group Life Insurance for 120 days after discharged at no cost to them. During that period you may secure insurance from any of some 500 private commercial insurance companies at regular rates, regardless of any disabilities incurred in the service.

Q -- I draw a pension as a widow of a veteran. With a recent check was a folder which reported a new benefit, the supplying of medicine by the VA. May I get medicine from the VA?

A -- No. The present law authorizes the VA to furnish medicine only to certain types of veterans.

Q -- I am a veteran of Vietnam era service. I have a private pilot's license and want to train to become a commercial pilot. May I get training assistance under the G.I. Bill?

A -- Yes. Since Oct. 1 the VA will pay for 90 per cent of the cost of your pilot training if you are other wise eligible. One month of your G.I. education eligibility will be cancelled for each \$130 the VA pays for your training. You have earned one month of eligibility for each month of service.

Q -- My wife is a veteran receiving disability pension of \$119 a month as we have three minor children. I have been retired from the armed forces after 24 years service due to service-incurred disability. If I am rated 100 per cent disabled, will I receive additional compensation for my wife and three minor children?

A -- Yes. If rated 50 per cent or more disabled, and if you elect to waive retirement pay and receive compensation from the VA, you will be entitled to additional compensation, allowance for your wife and your three children as dependents.

MUSHROOM BUSINESS

A mushroom-growing business to include a cannery and employ up to 269 people will locate in Carter County, according to Governor Louie B. Nunn. Kentucky Mushroom Farms, Inc., has acquired an abandoned rock quarry at Lawton where conditions permit underground growing. Kentucky Commerce Commissioner Paul Grubbs says financing was arranged through a loan of \$47,820 by the Federal Economic Development Administration, including \$95,000 from the Kentucky Industrial Development Finance Authority, and another loan of \$29,000 by the Olive-Hill Development Company.

merger between the Rio Grande National Life Insurance Co. of Dallas, Tex. and the Kentucky Central Life Insurance Co. of Lexington, Ky., with the latter to be the surviving firm.

NEWS OF SELECTIVE SERVICE

Q - After reading the SSS Form 104 I refuse to sign it. If I submit a letter requesting a student deferment, will I be granted a II-S (student) classification?

A - The law requires an undergraduate student to make a written request to his local board before he can be considered for a student deferment. SSS Form 104 has been prepared for the convenience of the registrant for making the request. In lieu of the SSS Form 104, the registrant may make a written request over his signature to meet the minimum requirements of the law.

Q - Is it true that it would be to my advantage, time wise, if I am appealing my classification, to submit my written notice of appeal at the latest time before the appeal period expires - this procedure giving me the benefit of a few extra days or weeks?

A - The law permits the registrant to submit an appeal within 30 days after he is mailed a Notice of Classification.

Q - I am classified IV-F because of a bad discharge from service. How can I get my discharge changed and get reclassified?

A - It will be necessary to submit documentary evidence to the appropriate branch of service establishing the basis for reconsideration, such as education, employment record, character references, etc.

SOME HELP
The Rockcastle County Baptist Hospital has received donations from individuals and churches totaling \$328 which will be of some help in their present dilemma but will of course not solve the problem completely. Personal donations have come from Mr. and Mrs. Willis Craig, Mrs. Maitland F. Weaver of Alexandria, Virginia 20, and Bro. Eugene Bradley \$12. The remainder of the money has come from Baptist Churches in the county.

Scoring, individually for LHS were: Mink 26, Reynolds 13, Owen 19, Jackson 6 and Holt 1. The Brohead/Tigers went down to 6-6 at the hands of Owsley County in the championship game. Details of this game and individual scoring were not available to the Signal at press time.

SELF HELP MEDICAL COURSES
From March, 1968, through August 1967, more than 158,700 Kentuckians were trained in medical self-help courses, reports the Kentucky Department of Health. Purpose of the courses is to train the citizen to take care of himself and his family during an emergency when medical help is not immediately available. Information about the courses may be obtained from the 15 Department's Office of Health Mobilization at Frankfort.

RECEIVES CHECK—Ed Hunt, left, Chairman of the Sight Conservation Committee of the Mt. Vernon Lions Club presents a check for \$225 to Estil Hodges, president. The check represents a yearly donation to the club from the Keeneland Foundation in Lexington.

Local Lions Receive \$225 Contribution

A \$225 contribution from the Keeneland Foundation was turned over to the Mt. Vernon Lions Club recently. Present Estil Hodges accepted the check from the Chairman of the sight conservation committee, Ed Hunt.

The money, a yearly gift for about the last 10 years, will be used by the club for its sight conservation program. The club purchases on the average of 25 pairs of eye glasses each year, for children who cannot afford them.

BHS Second LHS Third In Jackson Tournament

It was a nip-and-tuck battle between Livingston and Owensley County in the opening round of play of the Jackson County Tournament last Friday night. Owensley dominated the first quarter with a 19 to 10 lead at the end of the first period but Livingston came right back and it was practically even seven the rest of the game. With 15 seconds left in the game Livingston tied the score 59 all but to no avail as Owensley came right back and added two points with three seconds left for a final score of 61 to 59.

According to Coach Preston Parrett, "Woman Owens played an outstanding offensive game while Lanny Minkset up several baskets with a fine passing game. Danny Reynolds, Earl Jackson and Billy Gambrel played very good ball."

"Our mental lapses on defense early in the game paved the way for the win by Owensley. After scouting Owensley three times, we felt

PRETTY GOOD SHOT—Ricky Barnett, son of Mr. and Mrs. Clyde Burnett of Mt. Vernon, got a pretty good shot for a 16-year-old. He killed a deer with one shot from a 20 gauge double barrel shotgun while visiting his sister and family, Mrs. William B. Mahan, in Leesburg, Florida over the holidays with his parents. But that wasn't all. Ricky also brought down three doves on his hunting trip. He is shown in the above picture with a fawnling by his prize.

NOW IS THE TIME Tax Commissioner Robert Cromer tells us that property owners in Rockcastle County may now come in and assess their property for 1968. Oh well, some of us don't have that problem.

TWO PERCENT MORE For those of us who were lax in paying our county tax bills for last year, a two percent penalty was added January 3. The penalty should have gone on Monday, January 1 but Sheriff Trip Reppert decided that since the office was closed Monday he would not assess the penalty until Wednesday the third. But there's more, if tax bills aren't paid by February 1, a six percent penalty will be added. Better hurry.

BRRR! According to local weatherman Bill Cox, it was a chilly 6 above Sunday night, which is the coldest it's been this winter. Total snow accumulation so far is 6 inches.

GOOD LUCK Raymond McClure, former editor of the Mt. Vernon Signal, has purchased part ownership in the Whitley County Republican. Mr. McClure was scheduled to take over management on January 1. We wish him much success in this new endeavor.

PROGRESSING NICELY We are told by the Board of Directors of the Cedar Rapids Recreational Center, Inc., that they are working nicely with various architects on plans for the swimming pool, golf course, and club house and things are moving along nicely. At least we have something to look forward to besides thinking about the present weather.

BY-PASS - FINALLY Although we are sure everyone knows by now, we'll still mention it in case that the Interstate 75 By-pass from Reno to Burr was opened to traffic at noon on Saturday. It was no doubt the quietest New Year's week end in many, many years for Mt. Vernon, traffic-wise.

NEWS LETTER Fifth District Congressman Tim Lee Carter mailed a year end news letter to all registered voters in his district. It's a very interesting and informative letter and gives his views on such issues as Vocational Schools, The Appalachian Program, Health Centers, the Poverty Program, Inflation, the War in Vietnam, Social Security Increase and Pension Increases for War Veterans and Dependents. If you haven't read yours yet, do so. It explains these issues and their effects on us very well.

CLUB MEETING The next regular meeting of the Mt. Vernon Lion's Club will be Thursday night (tonight) at 6:30 p.m. at Billy Acres Restaurant according to Larry Travis, secretary.

MORE MONEY Rockcastle County Treasurer, Mrs. William L. Norton, was granted an increase in salary by the Rockcastle County Fiscal Court at their regular meeting Tuesday. The increase is from \$75 to \$100 a month. This is a very long-coming job and the increase is no doubt justified.

COMPLETES BASIC—Airman William C. Norton, son of Mr. and Mrs. William L. Norton of Mt. Vernon, has completed basic training at Lackland AFB in Texas. He has been assigned to the Air Force Technical Training Center at Keesler AFB in Mississippi for specialized schooling as a communications specialist. Airman Norton is a graduate of Mt. Vernon High School studied at the University of Kentucky.

New Postal Rates

Increased rates for all classes of mail except parcel post and international mail will go into effect January 7. Postmaster James Smith reminded postal customers today, "Even with the new rates of six cents for first-class mail and 10 cents for air mail postal service is still a real bargain." Postmaster Smith said, "For six cents you can send a letter to any of the 50 States, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

Postmaster Smith pointed out that the new rate for post cards will be five cents and for air mail post cards eight cents. He said the added cent in the letter is a 20 per cent increase compared to a 24 per cent boost in the rates for mailing newspapers and magazines and a 34 per cent hike for advertising circulars. "Occupant" mail and other material in the third-class category.

The new rate of six cents per ounce for first-class mail applies up to 13 ounces and the new rate of 10 cents per ounce for air mail applies up to 7 ounces. Under the new rate structure all first-class mail over 13 ounces and all air mail over 7 ounces will be charged into a single category.

These heavier pieces of first class mail and air mail subject to the single rate schedule will be delivered by the fastest available means of transportation. A flat rate of 80 cents will be charged by all mail in this category, up to one pound. For all mail weighing more than one pound, the present air parcel post rates will continue to apply, except that the postage on matter weighing between one and

City Council Requests \$165,000 Additional Funds From EDA

The City Council of Mt. Vernon has asked the office of Economic Development Administration in Washington to grant the city additional funds of about \$165,000. The request for additional funds became necessary after the council found that more land than originally anticipated would have to be purchased and due to the rising cost of materials for the project.

The City had originally anticipated a 100 foot buffer zone around the lake but were recently informed by the State Department of Natural Resources and the Highway Department that an additional 100 feet around the lake area would have to be purchased. According to Mayor Clyde Linville, Hill Smith of Hindman, local representative for EDA, recently told him that the chances of the additional \$165,000 being granted were very good. The Council should know within the next 30 to 40 days if the additional funds will be made available.

Contracts for the water lines, of which scheduled to be let until the final word comes through since if the money is not forthcoming either the number of water lines scheduled to be laid will have to be cut back or several suits will have to be filed to try and get some

of the land assessments lowered. If the additional funds requested are made available the total of the loan and grant to the City by EDA will then be \$1,345,000. Clearing of the lake property, scheduled for completion by September 15, has been completed.

Eight To Be Inducted

Eight Rockcastle youths will be inducted into the Armed Forces January 24 and 25 will report for physical examinations, according to Mrs. Delia M. Seals, clerk of local Selective Service Board No. 85. To be inducted on January 24 are Clifford Mew, Merville Brown, Benjamin Orvie Richmond, Ronald Keith Wilnot, Vemes Edward Jones, Tony McGuire, Vernon Brown Sams, and Earl Phillips. Reporting for physicals will be Gary Wayne Towery, Larry Edgar Dwyer, Timothy Wayne Adams, Larry Lee Travillion.

Lonnie Dale Bishop, Vernon Smith, Thumie Douglas Bradley, Benny Beal Evans, Raymond Lewis Hurley, Stephen Childress, Jessie Glenn Childress, Benford Campton, Edward Wayne Brock, John William Burke, Jr., Lloyd Harrison Durham, Robert L. Taylor, Luther Shelby C'otner, Jr., James Leon Frith, Larry Carter Mink, Larry Wayne Moberly, Charles Ray Rogers, Leroy Burton, Robert Childress.

CHARLIE L. BROWN DIES AT DANVILLE

Charlie Lee Brown, 78, died Sunday, December 31 at Danville. He was a retired farmer and a member of the Friendship Church of Christ. A native of Rockcastle County, Mr. Brown was the son of the late Jarvis and Mary Mullins Brown and had been a resident of Route 1, Mt. Vernon.

Mr. Brown is survived by two sons, Cecil Elbert and Charlie Leonard, both of Route 1, Mt. Vernon, two brothers, Jasper Brown of Route 5, Somerset and E.C. Brown of Iowa, 10 grandchildren and 1 great-grandchild.

Funeral services were held Wednesday, January 3 at Cox Funeral Home Chapel officiating. Burial was in Friendship Cemetery.

George and Sally Bullock Childress and a member of the Chestnut Ridge Church of Christ.

Mrs. Owens has lived in this community all her life and in March of 1914 she was married to Harry Owens. Besides her husband, she is survived by seven children Mrs. Sylvia Lewis of Lexington, Mrs. J.C. Collier of Brodhead, Mrs. Edson Coldiron of Romulus N.Y., Mrs. Dorothy Lovell and William Owens, both of Mt. Vernon and Robert and Henry Owens, both of Richmond, Ind., one sister, Mrs. Pearl Deatherage, of Mt. Vernon; five brothers, Jessie Daniel, Russell, Paul, and

HO-HUM—Jeffery Earl King doesn't seem too concerned about the fact that he cheated his parents, Mr. and Mrs. Cecil King of Oak Orchard, out of an income tax deduction for the first baby born in Rockcastle in 1968 checking in at 4:04 a.m. Monday morning at a bouncing six pounds and eleven ounces. Dr. George Griffith, who delivered the new arrival, was the doctor who delivered Mrs. King, Jeffery's mother 21 years ago.

Cummins Buys Interest In Berea Car Firm

William K. Cummins, a former Reno Valley resident, has purchased an interest in Baker-Cummins, Inc., in Berea. Mr. Cummins has been associated with the automobile business since October, 1964. He was formerly a partner in Anderson & Cummins Automobiles in Reno Valley and later associated with Glen Cummins Chrysler Products in Berea prior to purchasing an interest in Baker-Cummins.

BIG MAN—Michael Norton, left, son of Mr. and Mrs. William K. Norton, and Terry Cromer, son of Mr. and Mrs. Russell Cromer, seem rather pleased with their snowman which they built in front of the old Bank of Mt. Vernon Building on Main Street Sunday. The boys had plenty to work with as Rockcastle's first snowfall of the year setted the county six inches accumulation.

regular doctor will make you feel safer from diseases that early detection may make easily curable. Weight control programs are extremely valuable, although frequently ignored or postponed. Safety features—such as night lights in treacherous parts of the house, hand-bars on bathtubs, and non-slip rugs—may avoid broken bones and hospitalization. Exercise, especially outdoors, should be included wherever possible. Dr. Paul Dudley White's insistence upon walking and bicycling to prevent heart disease has gained nationwide attention. Even the milder sports such as ping-pong, swimming, croquet, and golf are fine constitutions, and good for the morale as well as the physical condition. Particularly rewarding for those with no regular occupation are the simple hobbies that cost little or nothing: Birding, painting or sketching, collecting wild flowers, mushrooms, mosses, sea shells, tree leaves, or minerals.

PLANNING AHEAD IS A MUST
 With such people—most of them 60 years old and more—there is a real need for meticulous health care, including the consumption of goods that are nourishing but within monetary reach. Most people think of meats as the prime source for meticulous health care, and the cost of most meats may be just about prohibitive for many fixed-income older people. But there are ways of having plenty of proteins without laying out \$1.50 a pound or better for fine steaks. The cheaper cuts of many different types of meat are fully as tasty and nutritious even though they usually have to be cooked longer. Then, too, it should be emphasized that there are many other common sources of proteins, such as beans, cheese, milk, and eggs. For those who are planning nourishing but thrifty meals, the government has many booklets obtainable. Your local library will help you find plentiful sources of such information. Also on the shelves there will be books on sound nutrition which may open entirely new doors to those who have never given enough thought to the importance of careful food selection and cooking in terms of health.

ILLNESS PREVENTION EASIER THAN CURE
 While balanced meals are an essential for those in the higher age groups, there are many other considerations that are worth attention in preventing costly and distressing medical outlays. An annual checkup with your

MANY PAYING JOBS HANDY FOR RETIREES
 Many who have looked forward to their retirement work at least part-time either through restlessness or from a need for additional income. In practically every part of the country there are openings for such folk, if they will look a dand a bit. Men can usually find opportunities in field work, their forte, and often only when they feel like helping out. Women are often needed as part-timers in selling, typing, receptionist work, baby-sitting, and cooking or cleaning in private homes. Wages are generally high, and even an occasional job can boost income nicely. Social workers usually find that those retirees maintaining their own homes are in better spirits than those who try to cut back too drastically. Advance planning on

Local Shrine Club Progress Report

An outstanding progress report of 1967 local and newly chartered Shrine Club which Rockcastle County is justified in being very proud of. This achievement could not have come about

BRINDLE RIDGE 4-H NEWS
 The Brindle Ridge 4-H Club met December 6 and exchanged names for Christmas. Project work was discussed at the meeting. The club met again on Dec. 20 and toured the community singing Christmas Carols. Gifts were also exchanged and refreshments served. The club taped a Christmas program which was played over WVRK on Christmas Day.

part of those looking toward retirement should take this into consideration. When a couple is parted by death, there may be a way for the widow or widower to pool resources with a relative or close friend. In this fashion the pain of loneliness and personal loss can be reduced, as well as the expenses of living during price-inflationary times. Here, again, social workers often see better result in contemporaries making a home together than in the elders moving in with young couples or in-laws.

had it not have had great local support, very able leadership and hard work from our president Monroe Baker and Jimmy Robinson, secretary-treasurer as well as other members of our club and also the encouragement and guidance from our parent club, Oleika Shrine Club of Lexington.

Progress to date in Rockcastle County has included the addition of a very vigorous club in the short period of less than six months growth. Our club will more than equal any in the state per populated county. Our Lexington club and surrounding club are very proud of our achievements and enthusiasm.

Reflecting back at this writing, we have experienced a very successful candy sale and circus arrangement for school children and according to reports coming in, we performed exceptionally well for such a young club. In fact, our unusual performance has been responsible for a large number of visiting Nobles to our club.

Our regular monthly meeting was held Friday night at Renfro Lodge. Attendance was very good including four visiting nobles from the Berea club. Visiting from Berea were: Nobles John Wray, Curtis Reppert, John B. Allen, and Frank Wren. We felt very fortunate to have these successful businessmen also join our club as well as our local business "spark plug" Alfred Sparks.

Our election results included the re-election of our able president Monroe Baker and vice president Raymond McGuire and the writer of this report will very humbly attempt to do justice to the fine work Noble James Robinson has always done as this will indeed be a challenge. After each monthly, we will attempt to make a detailed

in our progress and in view of this very fact, we have laid down very vigorous and energetic plans for growth in the New Year.

 Richard C. Swaney

NEARING COMPLETION in time for its Jan. 16 dedication is Jewel Manor, the Kentucky Child Welfare Department's treatment center for delinquent girls on Frey's Hill Road, near Anchorage in Jefferson County. The center will consist of an administration building and three residential cottages, each housing 16 girls between the ages of 10-14. It is named for Mrs. W. Ed 'Jewel' Hamilton, Bardonia, former president of the Kentucky Federation of Women's Clubs, which contributed \$75,000 toward the \$697,000 construction cost. Checking the administration building is Donald E. McClure, director of the Child Welfare Department's division of institutional services.

Area Agent's Notes

BY: H. LEE DURHAM
 DISEASE PREVENTION TOPIC FOR SWINE MEETING
 Swine producers of this area will meet Monday afternoon, January 8 at 1:30 in the County Courtroom in Mt. Vernon to hear Dr. W.E. Wise of the University of Kentucky outline a health program to

be followed as well as treatment for the more commonly occurring diseases and parasite control.

With the expanded hog program in Rockcastle County it becomes increasingly important for producers to familiarize themselves with steps to follow in the production of healthy hogs. "Increased numbers of hogs on farms multiply the necessity of parasite and disease control," said Clay Colson, Chairman of the Livestock Improvement Association Swine Committee.

Past monthly meetings have been well attended but there are still many hog producers in the county who can profit from attendance at these meetings.

FARMER'S AGRICULTURAL SHORTCOURSE SET
 During the month of January, farmers from Whitley, Laurel, Rockcastle, Knox, Clay, Jackson, Bell and Harlan Counties will have an opportunity to attend a series of educational meetings designed to bring them the latest information on soils, feed production, beef, dairy, and swine production and farm management.

Each Friday during January farmers from these counties will meet in the Community Room at the Laurel County courthouse, in London, Kentucky at 10:00 a.m.

On Friday, January 5 the group will be discussing soil problems, including the use lime and fertilizer, soil conservation, land use and

management, Mr. Harold F. Miller and Mr. George D. Corder, Extension Specialists in soils from the University of Kentucky will assist in this meeting.

On Friday, January 12 the group will be discussing feed production, including pasture renovation, hay and pasture production and utilization, corn for grain and silage, and the product on of stored feeds. Assisting with this meeting will be Mr. S.H. Phillips and Mr. Warren Thompson, Extension Specialists in crops, University of Kentucky.

On Friday, January 19 the group will be divided into three groups according to the type of livestock they are interested in. Specialists from the Animal Science Department at the University of Kentucky, Dr. Roy Gray - beef; Dr. M.C. Whitaker - swine; and Dr. H.H. VanHorn - head of the dairy science department, will assist in meetings on beef dairy and swine production.

Friday, January 26 will bring the entire group back together again for a session on farm management problems. Mr. Steve Allan and Mr. Wilmo

Shawling, Extension specialists in agricultural economics, University of Kentucky, will assist in this phase of the workshop.

All farmers are urged to attend this series of educational meetings. Please contact Mr. H. Lee Durham, Area Extension Agent, Mt. Vernon, Kentucky, for further information on this workshop.

DAIRY SITUATION AND OUTLOOK

Total U.S. Milk Production in 1968 will likely be near the 119.5 - 120 billion pound level of 1967. Total milk production has leveled off during 1967 after declining almost 7 billion pounds between 1964 and 1966. If the present dairy price support level is continued in 1968 and there is no change in the Federal milk marketing order pricing, cash receipts from dairying in 1968 will equal the 5.8-billion dollar record level of 1967. Owing the higher costs, net income to dairying in 1967 was about the same as in the year before, even though cash receipts were up. However, with lower feed costs in prospects for 1968 net income from dairying will likely increase.

Cont. From Page Three

Cooperative Extension Service, some of the salt used to clear driveways, walks and steps may get onto shrubs or around trees. When that happens, the plant may be in trouble. They will brown up or may die.

Many cities use salt to clear streets of snow. But when that snow is plied up around trees, the plants are adversely affected. Symptoms are yellowing or browning in late spring or early summer. Symptoms in greenhouses showed seedlings treated with salt (sodium chloride or calcium chloride) had the same symptoms. Sawdust or sand may be better materials to offset snow. There is no damage to trees and shrubs, for one.

TAKE ALL DEDUCTIONS AVAILABLE IN MAKING OUT INCOME TAX RETURNS Here's 1968 - and the need to face up to income tax reporting soon.

But, says S.Q. Allen, U.K. Cooperative Extension Service tax specialist, you can help yourself by taking farm-business deduction to which you are entitled. The following list may help:

1. Fertilizer, feed, seed and other chemicals are deductible items. But so are farm and bred organization dues, farm magazine subscriptions, and business extension telephone in farm buildings and long-distance farm business telephone calls.
 2. Record-keeping service fees, management help, and attorney and tax consultant fees.
 3. Expenses to exhibit at fairs, and lost farm-business property such as wrenches, grease guns and chains.
 4. And if your farm was hit by a tornado or similar natural catastrophe repair, and cleanup costs afterward are deductible.
- Claim all the legitimate deductions you have, Mr. Allen warns.
