Again we grow! We've very happily accepted several visiting brothers into our energetic and working club. Joining were business and professional men from Berea, Russell Parsons, Dr. Hubert C. Jones, and William Botkins. Needless to say, we are all very aware of the strength these men will add to our Club.

The Dinner Club meeting, attended by this fine group was completely successful and each and everyone had a very informative and enjoyable evening. A footnote to this report would be the fact that if there exist any doubts as to the growingest club in Eastern Kentucky, ask anyone who attended the Rockcastle County Shiner's Dinner Meeting.

## INCOME TAX TIME MEANS STUDY OF TAX-SAVING TIPS

Income tax preparation particularly for the farmer, can be a laborious job. But the careful return-preparer can save money legally by following some rules and tips. Here are some, says S.Q. Allen, U. S. Cooperative Extension Service geonomist:

**INVESTMENT CREDIT:** This is not an option; it must be claimed the same year the investment was made. It is subtracted from the tax due. If the credit is higher than the tax, apply it against taxes paid in prior years, or carry it ahead.

**DEPRECIATION:** Claim it on all eligible property. Use rates that truly represent the usable life of the property. Claim depreciation for the established life as long as you own the item even though it is no longer in use.

**CAPITAL SALES:** Keep these apart from ordinary income and report gains and losses from capital transaction on Schedule D. Long-term gains are only 50 percent taxable, and losses are fully deductible.

**CHILDREN:** Claim exemptions for children under 19 if you provide more than half their support. If children are more than 19 but are full-time students five months

of the year or more, and get more than half their support from you, they are still eligible. If the child earns more than \$600, he must make a laboring job. But claim himself as a dependent and his parents can, too.

**INVESTMENT CREDIT SUSPENSION PERIOD:** This ended March 9, 1967. Investment tax credit on machinery and certain real property is limited to investments of \$20,000 or less. During the period Oct. 10, 1966 to March 9, 1967, investments after March 9, 1967 date are eligible for the investment credit, but there are certain regulations on these. Check your income tax man for help. There are also new rules on "accelerated" depreciation rates on buildings costing \$50,000 or more. A check ought to be made of these rules too.

**SELF EMPLOYED PERSONS:** During the year up a retirement plan which may lead to income tax savings for themselves. Beginning in 1968, contributions to such retirement plans are tax deductible. The limit on contributions (for tax savings purposes) is \$2,500 a year, or 10 percent of the investment income, whichever is less. Starting this year, farmers can take a business tax deduction for all contribu-

tions. Income earned from these contributions is not taxable. So, a good ESTIMATE DEADLINE: You may avoid extra interest charges by filing an estimate of 1967 income taxes and applying that amount by Jan. 15 or by filing a return by Feb. 15.

Beginning this year, farmer taxpayers may run into a six percent penalty if they miss these estimates. File by Jan. 15 if possible, if you have doubts about meeting Feb. 15 deadline.

Estimates must include the amount for income taxes, and self-employment tax. If you're an employer, file Form 943 for Social Security taxes on wages paid in 1967, and do it by Jan. 15, 1968. You'll pay 8.8 percent -- 4.4 percent deducted from wages and 4.4 percent paid by you as employer. There is a penalty for late filing, too.

**INVESTMENT CREDIT:** For machinery or other equipment bought within the last year, the taxpayer's tax liability may be reduced as much as 7 percent. You must hold the eligible property not less than eight years to get full credit; property with a useful life of fewer years will qualify for a smaller credit.

**INCOME TAX RETURN DEADLINES:** Since returns will be handled by automatic data-processing machines, and dates should be set several weeks early. Due date for farmers (persons who get at least two-thirds of their income from farming) have Feb. 15.

Those who receive less than two-thirds of their income from farming have until April 15.

You can file an estimated return by Jan. 15 and pay at least two-thirds of the actual tax when the return is captioned later.

**TOBACCO STALKS LEFT IN OPEN JURY THROWING MONEY AWAY**

Don't leave tobacco stalks in the open. It's the equivalent of throwing money out the window, says Ira Massie U.K. Cooperative Extension Service Specialist.

Tobacco stalks contain valuable nitrogen, potash and phosphorus. Three-quarters of these can be lost to just normal spring rains if the stalks are left in the open.

Put stalks on pastures or meadows. Rains will leach out the nutrients. Plants will take it up.

Use stalks on fields which need extra fertilizer. If stalks were from tobacco fields that did NOT have a disease problem, the stalks can be put on fields almost anywhere. Two things to remember:

1. Tobacco fields get liberal amounts of fertilizer from stalks. So, good tobacco fields will probably not need the stalks for fertility purposes. So, use the stalks where an extra shot of fertilizer may be needed.

If you had a disease problem in tobacco, never put the stalks back on tobacco fields. Use them elsewhere.

**FARMER'S FARM-NEEDS DETERMINE BURLEY VARIETY HE SHOULD PICK**

Farm needs determine the variety of burley tobacco to be grown, says Dr. J.H. Smiley, U.K. Cooperative Extension Service Tobacco Specialist.

Soil environments are an important factor in selection; soils may have nematodes from black root rot, fusarium wilt, or black shank, for instance. These diseases will influence variety selection. Pick the one that does the best job for you.

**BLACK ROOT ROT, FUSARIUM WILT OR BOTH:** If your farm has a problem from one (or both) of these, KY 12 or MS BULKY 12 (a hybrid) is recommended. If wild-fire is a problem, either Burley 21 or KY 12 are recommended. (These latter two are the only ones recommended for wildfire control.)

**BLACK SHANK:** Using a black shank-resistant variety is a last resort. Stay off infested ground three years if possible. This is the best control system. But it depends on land availability and carefully managed tobacco operation. Black shank resistant varieties are B21 x L8, KY 12 x L8, B37 x L8, and B37.

If there are no disease problems, stick with the variety that has given best yields and quality. If you want to switch varieties, try the stick-root system first to compare varieties.

Some of the characteristics of burley varieties:

**BURLEY 21:** Extreme stand-up, good yields of high quality leaf. Plants are early and vigorous. One of the easier varieties to work because of its stand-up character. Loses bottom leaves under some conditions, particularly in a shallow, thin, compact soil or during a dry season.

**BURLEY 37:** Generally recommended in areas where shank is a problem. When grown in black shank-infested soil, produces good yields of fair quality tobacco. Has medium resistance to black shank and low resistance to black root rot.

**KY 12:** Stand-up, high yielding variety of fair to good quality. Leaves are shorter than other varieties but

there will be more leaves. There will be fewer if plants are topped early (when half the plants are in bloom) and there are 22 to 25 leaves per plant. Late-maturing variety. Most useful variety where black root rot and fusarium wilt are problems.

**KY 10:** Late-maturing variety but may get green spots in cured leaf if cut before fully ripe. Standup variety, high yield and produces fair to good quality leaf. Multiple resistant variety, with good resistance to black root rot and fusarium wilt.

**BURLEY 21 x KY 10:** This is a hybrid of two acceptable and satisfactory varieties. Produces high yields of good quality smoking tobacco. Good resistance to wilt, to black mosaic, and medium resistance to black root rot and fusarium wilt. Plants are taller than KY 10, stalks usually larger than Burley 21. Matures about five days later than Burley 21.

## OTTAWA

We are glad to report Mrs. Della Scoggins and Mrs. Mae Jones home from the Rockcastle County Baptist Hospital. But we are sorry to report Mrs. Virgil Lawrence being a patient at the Somerset City Hospital. Mrs. Lawrence underwent surgery Monday morning. We wish her a speedy recovery.

Mrs. and Mrs. Edward Daugherty of Richmond were with homefolks this week end. Mr. and Mrs. Johnny Henson of Danville spent this week end with Mr. and Mrs. Cam Holcomb.

Mrs. and Mrs. Carlos Lawrence and Wendell of Cincinnati, Ohio visited Mr. and Mrs. Virgil Lawrence over the week end. Little

Mark Allen Parsons accompanied his aunt and uncle home for a visit while his grandmother is ill in the hospital.

The household showery given for Mr. and Mrs. Timothy Adams Saturday night at the home of Mr. and Mrs. William J. Adams was well attended, and many useful gifts were received.

Mr. and Mrs. Justin Blevins were Sunday dinner guests of Mr. and Mrs. Atlos Proctor and family.

Mr. and Mrs. Roy Brown, Mr. and Mrs. Wallace Proctor, and Mr. and Mrs. Cecil Gentry were Saturday evening dinner guests of Mr. and Mrs. Olney Sutton.

The W.M.U. members did some visiting Tuesday afternoon. Mrs. Helen Albright, Mrs. Lola Roberts, Mrs. Maggie Blanton furnished the cars. We all enjoyed it very much.

Mr. and Mrs. Thomas Chaney of Mareburg visited Mrs. Susie Chaney Thursday afternoon.

Mr. and Mrs. Wade McClure and children of Fort Mitchell, Mr. and Mrs. Howard Deborde and Betsy of Crab Orchard and Mr. and Mrs. Johnny Harris and family of Negro Creek visited Mr. and Mrs. Ivan McClure recently.

## "BASKETBALL"

(Cont. From Front Page)

at 57-57 at the end of regulation play and again at the end of the first overtime period 63 to 63.

The Blue Devils finally won over the Deaf over time, defeating the Red Devils by a score of 70 to 67.

Mr. Vernon led at all the first three quarter stops. The score at the end of the third quarter was 48 to 43 and LHS came on strong in the fourth quarter to tie the game up and finally win.

Norman Owens led the leading scorer for LHS with 27, followed by Lonnny Mick with 21, Earl Jackson 12, Danny Reynolds 6, and Larry Shepherd 2.

Eight Mt. Vernon players scored for the Red Devils led by Helton with 18, Saylor 15, Kirby 12, Renner 8, Howard 6, Coffey 4, and Powell and Phillips each with 2.

It was nip-and-tuck for Livingston Tuesday night against Kentucky School of the Deaf when the Blue Devils wound up their four-game division by beating the Danville School 63 to 49 in a home game.

LHS led at the end of the first quarter by 5 points, at the end of the half by 2 points, and were behind at the end of the third quarter by 2. However, they rallied in the fourth by pouring 24 points through the hoop while KSD could only manage 8.

Individual scorers for the Blue Devils were: Jackson 17, Owens 25, Mick 13, Hurley and Reynolds 6 each, Gambel 3, and Holt 2. The Blue Devils will meet Brodhead at home this Friday night.

The Brodhead Tigers at another close one last Friday night when they were downed by Jackson County by a score of 61 to 59 in a home game.

The Tigers were ahead by 4 at the end of the first quarter but behind 6 at half time and 7 at the end of the third period of play. They rallied in the fourth quarter scoring 23 points to Jackson County's 5 but couldn't come up with the needed two more points.

The game wasn't quite so close Tuesday night when the Tigers were soundly defeated 103 to 58 by Madison High School. The Madison club have only been beaten three times this season, twice by Henry Clay and once by Danville.

Scoring individually for Brodhead were: Bussell 13, Brown 4, Stevens 25, Daugherty 4, Moberly 6, Sargent 3 and McWhorter 2. The Tigers will meet Livingston Saturday night and their next after that will be with Eubank next Friday night, February 16.

"Macedonia" (Cont. from Page 3)

Ther and Mr. Roy Owens, Mr. and Mrs. Bowman are still on the sick list.

Mr. and Mrs. Robert Jones and children of Middleboro spent Sunday evening with Mr. and Mrs. Robert Bowman.

Mr. Thomas Barrett is staying with his son, William Barrett and family.

Check Our Community Activities

We're not saying that we are a member of all of these activities, we're just saying that we have an interest and would like to take an active part in the growth and development of this community and county. Chances are that when you look around, you will find a member of the COX FUNERAL HOME in at least one or even more of these organizations. They are people who are interested in other people and like to help out.

As full-time members of one of the world's oldest professions, their job is serving people and helping them during one of the greatest tragedies of their lives.

In memory of Thelma Thomson who died February 5, 1967.  
 One year ago today, God called our loving daughter away to live with him in Heaven above where all is joy, peace and love. Each day 'and night as we lie awake, we know there is no one that can take her place. She always had a friendly smile and a kind word as she passed by. Her memory will never fade away, it seems as only yesterday. I seem to hear her laugh and say how is everyone today. So many times, tears dim my eyes when I think of the sad good by. But we are glad to know when God calls us here below that if we put our trust in him joy and peace there will be no end.  
 So I am glad to say I will meet you again some day where there will be no aching hearts knowing we won't have to part and best of all Jesus we shall see and all our loved ones that has gone on before to wait for us at Heaven's door.

Sadly missed by Mother, Father and Family - Falin Family

**REFLECTIONS IN A GOLD-EN EYE**

Each part of an automobile no matter how small or how large, has a special purpose or duty to perform, either to make the car function properly or to protect its passengers.

It is essential that each item be functioning properly to assure the safety of its passengers and to prolong the lifespan of the automobile.

Two of the newest things in safety devices to come on the market are seat belts and shoulder harnesses. Some people take their safety for granted, and would not use these devices if they had them. You can be sure they are just as essential as the gasoline your car takes to make it operate, or the brake you use to make it stop.

Many new devices have been developed for the comfort, safety and convenience of the mobile home dweller. When you are making an investment in something as important as a new home, you will naturally want the most and best for your money. With a mobile home, you not only get modern devices, furnishings, and generous living space but you also get quality and durability in its actual construction. JASPER & JASPER MOBILE HOMES, INC., invites you to stop in and tour the numerous makes and models of mobile homes on display. We will be happy to answer your questions and advise you about the advantages of mobile home living.

**MUM ... A FALL FLOWER**

Have you ever wondered why the mum is a fall flower? Well, it is a simple matter. The mum is known as a "photosensitive" plant. It simply has to have darkness at least 12 hours of the day to produce buds. When the days grow shorter, and the right amount of darkness is given to the plant - it buds and then blooms.

We are flower merchants - dealing in beautiful flowers. We feel we have the loveliest, freshest flowers you will find anywhere. Call us the next time you need flowers.

## Round About

By: Perlina M. Anderkin

### THEY'LL MEET

The Cedar Rapids Recreation Center, Inc., will hold its regular yearly meeting of all members Monday night, February 12 at 7 p.m. in the Fiscal Courtroom of the County Courthouse.

All members are urged to attend this important meeting as the club's progress to date will be discussed and any questions which club members may have will be answered at that time.

### NEW BUSINESSES

Two new business houses were opened in Mt. Vernon over the week end, Rockcastle Auto Parts on Main Street and the House of Wonders on W. Main Street. The new Auto Parts business has its home office in Corbin and is managed by Jack Bright. The House of Wonders is a second hand store dealing in all kinds of merchandise operated by Jimmy Robinson and Mrs. Rollie Pillion.

### PTA MEETING

The Mt. Vernon School PTA meeting will be held February 12 at 7 p.m. at the school. The Rockcastle County Glee Club will participate in the Founders Day Program. All members are urged to attend this meeting.

### GOOD SALESMAN

The Rockcastle Jaycees asked the Signal to mention the fact that Sheriff Tip Reppert was their big advance ticket salesman for the Jaycees grade school tourney just completed. Sheriff Reppert sold almost \$70 worth of tickets for the event. Good deal.

### NEW BUILDING INSPECTOR

Keith Cummins of Tevis Street has been named building inspector for the City of Mt. Vernon. Mr. Cummins replaces G.H. Griffin who had to resign the post when he was appointed assistant county highway foreman.

### SHORTER SCHOOL DAYS

Senator Fred Bishop, 19th District Representative to the State Senate, succeeded recently in getting the Senate to pass his bill allowing the State Board of Education to establish shorter school days for first graders and handicapped children. Sorry mother.

### CONTRIBUTIONS

The Rockcastle County Baptist Hospital recently received four cash contributions. The amounts received, and those contributing were: Wyeth Laboratories \$350; Mt. Vernon and Ottawa Baptist Churches \$134; Cox and Henderson Insurance Co. \$52.00 and Mrs. Myrtle Woodall \$25.00.

### BANKS WILL CLOSE

Both the Bank of Mt. Vernon and Citizens Bank of Brodhead will be closed Monday, February 12 in observance of Lincoln's birthday.

### SADDLE CLUB MEETS; OFFICERS ELECTED

The Rockcastle Saddle Club met Monday night February 5 at the courthouse and elected officers for the coming year. Elected were: William I. Norton, President; G.D. Burton, vice president; Mrs. and William I. Norton, secretary; Delpha Cox, treasurer, and Roy G.

## Fiscal Court Meets; Settle Road Program

The Rockcastle County Fiscal Court met Tuesday morning in the fiscal court room of the courthouse for their regular monthly meeting.

One of the first items of business taken up was the resignation of G.H. Griffin as Magistrate of District 1. Mr. Griffin's resignation was accepted by the court and, on a motion made by C.W. Phillips and seconded by Hubert Thacker, a notation was read into the minutes showing appreciation for the county for the past 14 years.

For the most important business of the day to be taken up with the court, two representatives of the State Highway Department were on hand to discuss the county aid road program for the fiscal year beginning July 1, 1968 and ending June 30, 1969.

Each magistrate was asked to suggest a road for the county aid program for repairs and then the court would decide on priority projects. However, the magistrates agreed to divide the projects equally among each district.

The roads chosen for repairs by the magistrate by districts were:

District 1 - Buckeye Road, District 2 - Chestnut Ridge Road to Calloway Road; District 3 - Slaty Branch Road and Jep Cash Road; District 4 - Wildie Clear Creek Road and District 5 - Johnetta Road. The motion to set these roads up for repairs was carried unanimously.

Each magistrate was then asked to suggest a road to be set up for rural secondary road program.

Five projects were set up for the secondary road program as follows:

Project 1 - 3 1/2 miles on Brush Creek Road; Project 2 - Road from Clear Creek to Climax; approximately three miles; Project 3 - two miles on Billows Road from Sand Springs to Route 60 on the Mt. Vernon side.

In other business before the court, Proctor Buck was appointed as truck driver and loader for the county and the office of the county treasurer was rented to Mrs. Hazel Cummins from now until April 15 for a fee of \$40.

The court also voted to issue the courthouse bond and interest due February 1. The amount of the bond is \$5,000 principal and \$3,419.50 interest.

Sheriff Tipford "Tip" Reppert has been named to the Kentucky Peace Officers Standards and Training Council by Governor Louis B. Nunn. The Council was created in February of 1967 for the purpose of studying the feasibility and desirability of various proposals and to improve recruitment and training standards for personnel of both state and local law enforcement units. The council is advisory in nature, but has a very important status with regard to the commonwealth participation in improving law enforcement and is successfully preventing any increase in the crime rate in Kentucky. Sheriff Reppert and Chester H. Wolfe, Mayor of Middletown, were named to fill existing vacancies.

### Brown, reporter.

Directors elected were: Harris Burton, Paul Gentry, Andy Cox, Sr., W.J. Randolph, Bobby Taylor, Dallas Ray Barnett, Emory Martin, Monroe Reams, and R.R. Wolfe.

Over 60 members were present for the meeting and committees were selected for horse shows, program, and constitution of by-laws. The name of Rockcastle Saddle Club was selected by the group which has over 100 members.

Regular meeting time of the club will be the first Monday in each month.

### NEW OWNERS

Mr. and Mrs. Earl Grimes have purchased Brown's Supermarket from Joe Brown. Before entering the grocery business, Mr. Grimes was a materials supervisor for two years at Stearns and Foster in Ohio and prior to that he was an insurance salesman in London, England. He is married to the former Beverly Bennett of London and they have two sons, Greg, 6 and Derrick, 3. They are now residents of Mt. Vernon.

### RUNAWAY TEENAGERS APPREHENDED HERE

Four run-away Michigan teenagers were apprehended early Thursday morning by Sheriff Tip Reppert after the sheriff had stopped their car for speeding.

After stopping the car at Renfro Valley, for speeding, the sheriff checked the license of the driver and found that he had none. Then the whole story came out.

One of the teenagers in the car, a boy 15, finally admitted that the station wagon was stolen Wednesday night from his mother and that they were heading for Florida.

Sheriff Reppert brought the youths to Mt. Vernon and placed charges of speeding against the driver, who had to serve about a week in jail here in lieu of paying his fine.

The others were all released in the custody of their parents.

### HOUSE BURNS

The above home located on Williams Street in Mt. Vernon belonging to Earl Bullock, was severely damaged by fire Wednesday afternoon. The home was occupied by the Ed Hubbard family and Mr. Hubbard, who was at home at the time, said the fire started in the attic. Severe smoke hampered firemen's efforts to extinguish the blaze and the Hubbards were unable to save but a few pieces of furniture. The home was covered by insurance but Mr. Hubbard stated that his household goods were not home.

## Vocational School Bids Rejected By School Board

The Rockcastle County Board of Education rejected all bids submitted on the proposed Harry M. Sparks Vocational School to be built on old Brodhead Road. The bids were submitted to board last Thursday afternoon when the board

met for its regular meeting. Nine bids in all were submitted but one bid (from Mays Construction Company) was not read because it was submitted on the wrong forms and because it did not include the company's estimate for the rockneeded.

Bids ranged from \$464,700 to a low of \$392,905. However, the total budget for the building and equipment is \$375,000.

Jack Clothfelter, a representative of the architectural firm which designed the building, read the bids and reported back to the bidders that the board had rejected all bids. He informed the bidders that the project would again be advertised for bids in about three weeks. He said the plans would have to be redone but that he felt there would be no problem in salvaging the basic building plan.

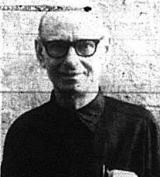

## Gov. Nunn Appoints Nichols Magistrate

Earl R. Nichols of Route 1, Mt. Vernon, has been appointed Magistrate for the First Magistral District of Rockcastle County. Mr. Nichols will replace G.H. (Hobe) Griffin who had to resign after being appointed assistant highway foreman.

## Somerset Wins Jaycee Tourney

The Somerset Grade School team carried off top honors Saturday night when they defeated McKee in a close 20 to 17 championship game of the Rockcastle County Jaycees Tournament.

The Roundstone Eagles were the third place winners over Tynes. The three other county teams, Mt. Vernon, Brodhead, and Livingston, plus Berea were knocked out in the opening round of play.

Named to the all-tournament team were: B. Burkett and B. Clouse, Somerset; B. Gay and L. Coffey, McKee; T. McClure, Mt. Vernon; B. Howard, Roundstone; M. Berry, Berea; J. Thomas, Livingston; C. Cash, Brodhead, and L. Combs, Tynes.

The Jaycees grossed \$977.51 from the tournament and presented a check for \$835.23 to the Rockcastle County Baptist Hospital Monday night. This was the proceeds of the tourney less expenses.

Attendance at the games was judged average by the Jaycees. However, for the final night of play, the Jaycees were forced to move the games to the Brodhead gymnasium since the Mt. Vernon floor had been oiled and could not be played on.

Individual scoring for LHS was led by Earl Jackson with 16, by Norman Owens 11, Lonny Mink 10, Kenny Hurley 3, and Donnie Holt and Danny Reynolds with 2 each.

It was a close game at the quarter stops but had to fight off a strong third quarter by the Cubs. Earl Jackson again led all scorers with 20 points, followed by Norman Owens with 17, Kenny Hurley with 9, Danny Reynolds 8 and Lonny Mink 7. And you would have to go so far to beat the game the played Monday night between Livingston and Mt. Vernon. The score was all tied up. (Cont. to Page 8)

**BABSON'S POINT OF VIEW**

## SPREAD OF MUNICIPAL INCOME TAXES

No matter what city you live in, you may be subject to municipal income taxes in the not-too-distant future. If you are not already, for most wage earners the federal income levy is a fact of financial life. In recent years it has become customary for a steadily rising number of people to pay state income taxes too. However, in most cities, the municipal income tax is still little more than a threat. This will not be true very long.

## ALREADY ENTRENCHED IN THE EAST

Thus far, the concept of a municipal income tax has been largely limited to the Eastern section of the country. In fact, about 86% of all the larger cities using this method of enriching their exchequers are located in Ohio and Pennsylvania. But the idea is intriguing to city fathers everywhere who are responsible for budget requirements, especially with all types of costs and out-

lays soaring spectacularly. Since 1966, New York City, Baltimore, and Cleveland have introduced income taxation. Other large centers have contemplated such an innovation, including Atlanta, Boston, Chicago, Dallas, Fort Worth, Minneapolis, and San Francisco.

Despite the concentration in the East, it is significant to note how swiftly the city income tax has spread since its inception at Philadelphia in 1938. By mid-1967, more than 170 cities having a population of 10,000 or better were receiving part of their revenue from income taxes on their inhabitants and usually also on non-residents and companies operating within local limits. This figure did not include an unknown, but large, number of villages, towns, educational districts, and other geographical units resorting to income taxes to augment their spendable funds.

## WHAT THE CITY INCOME TAX MEANS

In most communities with

such a system, the method is simple. It usually involves a flat-rate tax on earned income of individuals or on the net profits of corporations. There are no personal deductions or exemptions, but the percentage tax generally runs quite low. For the smaller cities, the rate ranges from 0.25% to 2%. But New York and Baltimore employ a graduated schedule of rates on personal income, ranging from 0.4% to 2% in New York and from 1% to 2.5% in Baltimore. It is safe — if unfortunate — to estimate that such rates will increase as local expenses rise, as has been the case in federal and state levies.

How much of a city's total tax revenue comes from a community income levy appears to be highly variable, according to Tax Foundation, Inc., of New York. Its study of the situation indicates that income taxes as a percentage of total city collections run all the way from 20% in Pittsburgh, Pa., to an impressive 71% in Columbus, Ohio. One thing is clear, however: That the community income tax, where it has been operative, brings in sufficient money to make it definitely worth consideration for these cities not yet tapping this source of funds.

## GUESSES OF THE FUTURE

The Tax Foundation's study is optimistic — to strong and optimistic growth of community income taxes. In fact, it is estimated that by 1975 substantially more than half of the large city inhabitants of the country will be subject of these levies if municipal individual and corporate income taxes keep on expanding at the rate that prevailed from 1960 to 1966. There seems no doubt that smaller taxing entities will add many, more to the list.

There is, as yet, no end in sight for the mounting pressure on the taxpayer, at all levels. Perhaps the only citizen who may not mind so much the incursion of the city income tax is the property owner. It has been noted that property taxes tend to increase far less vigorously than usual where community income taxes are put in operation. But with skyrocketing governmental, educational, and social outlays, even this apparent boon may not long survive.

## SOCIAL SECURITY NOTES

A new leaflet describing the improvements in social security, signed into law by President Johnson on January 2, is now on hand at the Somerset Social Security Office, James Mustian, Officer-in-Charge announced today.

The leaflet, "Recent Improvements in Your Social Security," is available free of charge. Mustian said, and may be requested by telephone or mail, or picked up at the social security office.

The more than 439,000 social security beneficiaries in Kentucky will be getting increases in their monthly payments. Mustian pointed out: "These increases, he said, will be included in the checks delivered early in March."

As the new leaflet indicates, beneficiaries do not need to take any action about the increases. It will go to them automatically.

"Another 8,000 residents of Kentucky are made newly eligible for monthly benefits by the new changes in the social security law, Mustian stated. But they must make applications to the social security office to get their benefits started. The leaflet describes the groups of people who will be eligible for payments beginning in March — if they apply promptly. Mustian said. Among them are disabled widows between 50 and 62 years of age, the children of women workers who have died; the dependent husbands and widens of women workers who have retired — become disabled or died; and workers disabled before age 31.

The new leaflet also outlines the improvements in medicine, the program of health insurance for persons 65 and over. Among the most important of these changes is: (1) that an older person need not pay his doctor's bill before claiming his medicare payment; (2) full payment can now be made for pathologists' and radiologists' services to medicare hospital patients; and (3) a lifetime reserve of 60 days of inpatient hospital care to draw upon in addition to the 90 days already provided for each spell of illness. Residents of the Rockcastle area may obtain a copy of the new leaflet by calling 678-8168. The Somerset Social Security Office is located in Truettwood Shopping Center.

Mustian urged persons made newly eligible for payments — by the amendments to get in touch with the social security office promptly. A telephone call ahead of time, he suggested, would save waiting time and help speed payment of a claim for benefits.
