The students welcome Miss Chafene Crawford as the new history teacher.

There have been many absences in the past week due to the virus.

We regret the loss of Dick Artley as our town policeman but want to welcome Lee Galkner.

The bookkeeping class will be going to London to visit the IBM computer installation there Monday, March 4.

The art class is learning to put locking on the wallets they are making.

Be sure to get your 1968 copy of "Footprints" which will be in Wednesday.

The students enjoyed an assembly on Forestry Friday.

The Dramatics Class has selected "Everybody's Crazy" as the title of their Senior Class Play.

Veila Hellard, Ruth Brown, Delores Shepherd, Carcellie Carlolis, Merrita Gattiff, Rask Mullins, and Joe Robinson have taken the ACT test at London.

The Home Economics class is starting a unit in sewing. They plan to make sportswear.

86TH BIRTHDAY- Lloyd Brock, seventh from left, was honored recently on the occasion of his 86th birthday. Ten of his eleven children were able to be on hand for the event which was held at the home of his granddaughter, Mrs. Walter Lee Cash, at Brodhead. Members of his immediate family shown with Mr. Brock in the above photo are, from left: Mrs. Perry Proffitt and Denver Brock, both of Reading, Ohio; Mrs. Correl Blanton of Brodhead, with whom Mr. Brock makes his home; John Brock of Monroe, Ohio; Mrs. John Spoonamore of Brodhead; Walter Brock of Glendale, Ohio; Mr. Brock; Mrs. Joe Parrish of Reading, Ohio; Mrs. Vina Bengs of Brodhead; Ernest Brock of Somerset, and Ben Brock of Middletown, Ohio. Mr. Brock's wife, the former Nora LaFavers, died in 1947. Two daughters also died in infancy. Mrs. Lewis Bowling of Blue Ash, Ohio was the only child unable to attend. Mr. Brock has 32 grandchildren, 35 great grandchildren, and 1 great-great grandchild.

KENTUCKY EXEMPTED

Amendments enacted last year to the social security law require that federally financed programs for needy children be organized under one agency in all states except Kentucky and Illinois. The reason they—the only states with separate cabinet departments of child welfare—are exempt is that they "found a better way to get their services to needy children," according to the law.

ATTEND BANQUET-75 YPA members, their wives, and guests attended the South-Bluegrass Young Farmer of America awards banquet held February 22 at Brodhead High School. Receiving awards at the banquet were the above local FFA members. They are, from left: Kenneth Parsons, tobacco; Arlos Proctor, and Wayne Stewart member; Jack Whitaker, corn; Paul Hansel, hogs; Kenneth Adams, hay; Carl Lewis, dairy; Charles D. Burton of BurtonFeed and Supply, outstanding chapter of the Rockcastle Farm Service, who were sponsors in the hay category.

FATALITY-Madge Sollars, 83, of Washington Courthouse, Ohio, was killed instantly Monday afternoon when the above car, in which she was riding, was struck in the left side by a truck at the intersection of US 25 and I-75 at Conway. Three other occupants of the vehicle were also injured in the collision. They were: Carrie Duncanson, 52, Martha Lewes, 83, of Hartwell, Ohio, and Susan Kreuziger, 75, of Cincinnati, Ohio. William Neal of Cookeville, Tenn., driver of the truck was also injured. According to police reports, the car, which was heading south on US 25, apparently failed to stop, as required, at the intersection before continuing north and drove into the path of the truck which was heading north.

There's A Diet To Fit Your Need

The American public is now well aware that any effective weight control program must include dieting.

Hundreds—perhaps thousands—of different diets are presented to us. Most are billed as a "sure-fire" means of trimming off excess pounds.

The American Medical Association's home health book, Today's Health Guide, points out that weight can be lost on virtually any dietary plan, good or bad, that ensures a caloric intake less than energy used. It is apparent, however, that many diets are only temporarily effective and do not promote the fundamental purpose of permanent weight loss.

Reducing diets, ideal weight charts, caloric-counting tables are available almost everywhere. It is your purpose here to discuss briefly some principles of the good reducing diet.

The diet should be individualized in harmony with income, national origins, religious principles and personal circumstances.

The diet should be practical, consistent with work patterns and other everyday obligations and responsibilities.

The diet should be balanced, and in conformity with good nutritional practice.

The diet should be a pattern for life, not just for the period of weight reduction.

Generally, physicians do not recommend the crash diet in routine weight reduction. Instead, they are more likely to prescribe a diet aimed at a gradual weight reduction over several months.

It usually isn't necessary to go hungry while dieting. Your physician can help you work out a diet that will be satisfying and at the

same time permit you to lose weight.

Farmers Reminded

Mr. Shellie Mullins, Chairman of the Rockcastle County ASCS Committee, today reminded all eligible voters in the Burley referendum to return their ballots to the ASCS county office by not later than March 1, if they have not already done so.

Mr. Mullins said if the ballots are mailed they must be returned "not later than March 1.

If any eligible person did not receive a ballot, he should request one immediately by calling or visiting the ASCS county office.

The vote is on quotas based on acreage allotments for the years 1968, 1969, 1970, with price support, and a two-thirds majority of those voting must favor quotas in order for them to be in effect. Mr. Mullins said.

MERCHANTS CLEAN UP WHEN THEY ADVERTISE IN OUR NEWSPAPER

Because it takes them into more homes in our town and their ads are seen by more people who enjoy reading a good newspaper.

Knowledgeable merchants know the most likely people to become customers are those who have already decided to buy. They know that these people will read the ads before they decide "from whom" they will buy. By advertising in our newspaper, we guarantee you will reach those who are the most prospective customers in this area, and make more sales.

Fighting Fatness Makes Good Sense

There's no doubt about it. Many of us are too fat. Almost everyone who is too fat would like to slim down to average size for his height and build. Many women would like to be on the skinny side.

The American Medical Association's home health book, "Today's Health Guide," points out

that most physicians consider obesity an important factor in personal health for three reasons:

- * It is common.
- * It is associated with increased sickness and death rates, notably in respect to heart, circulatory, kidney, and metabolic disorders as well as surgical and obstetrical complications.

* It can be successfully treated to help control associated medical conditions.

Medical experience strongly suggests greater risks for overweight persons in respect to most of the major disorders besetting our population. The evidence for generally adverse effects from obesity seems too massive and too consistent to be ignored.

So we need to lose weight. It should be simple: just cut down on the calories. Unfortunately, it often isn't simple. Taking fewer calories than are needed seems to be within the theoretical capability of most of us. Yet results suggest that this is difficult and often not achieved. Long-term observations indicate poor success for most dieters.

One factor involved in overweight is psychological. Emotional factors are operative in all of us. Psychological factors may help cause overweight, or help to maintain it. Seldom is psychiatric consultation required. The general practitioner, the internist, the pediatrician usually can provide suitable guidance and support as part of the weight-reduction program. The AMA book says. The physician's aim is to prod and reinforce our will to lose weight, to help us be so determined to trim off excess pounds that we will stick to the reducing regime.

The physician may prescribe drugs at first, as a crutch to help us get started. These can reduce appetite, promote a feeling of well-being, add bulk in the stomach, eliminate excess fluids. They can, at best, afford only temporary help. They postpone the day when facts must be faced, when we finally make up our minds that we must change our eating habits to keep our weight under control.

Local Red Cross Reorganized

County Judge Wayne Van Hook was elected Chairman of the local Red Cross Chapter at a meeting of about 25 persons held at the courthouse Tuesday night.

The meeting was held to reorganize the local chapter back to an active status. The chapter is presently on a reserve status.

Other board members named were: Mrs. Jack Lewis, Mrs. Clay Colson, William I. Norton, Roland Mullins, and Edith Hodges, no co-chairman or secretary-treasurer of the organization has been named as yet. However, other officers filled were: Fund Drive Chairman, Jimmy Robinson; Fund Drive Co-Chairman; Roy Martin; Home Service Agent, Mrs. Rudolph Burdette; Disaster Chairman, Dr. Jack Henderson, and Publicity Chairman, Floyd Owens.

An honorary board of directors was set up. Members of this board are: Dr. John D. Henderson, N.M. Snock, Earl Hammons, Ed Hunt, L.D. Bryant, and Clyde Linville, all of whom were recognized for having served 20 years or more in Red Cross work.

March is the month set aside for the club's fund drive and Chairman Jimmy Robinson discussed with the group various suggestions for raising funds, some of which included a rock-and-roll show with all admissions going to the Red Cross, door-to-door and business solicitations on Thursday, March 14, and solicitation of members for the chapter at \$1.00 per membership.

It was pointed out during the meeting that since the Red Cross is the only liaison between a serviceman and his family that it is vitally important that the county acquire an active organization. The Red Cross is the only agency which can recommend that a serviceman be sent home in time of emergency and since we have no active local chapter this service is almost impossible for our servicemen to obtain. Judge Van Hook told the group that we presently have 30 servicemen in Vietnam alone.

Mrs. James Mullins, last elected treasurer of the organization, told the group that at present there was

\$517.39 deposited in the organization's name at the Bank of Mt. Vernon. 50% of all funds collected during March stay in the county while 50% is sent to national headquarters.

There will be another meeting of the club Monday night at 7 p.m. at the courthouse. Contributions or memberships may be sent to Jimmy Robinson, Box 18, Mt. Vernon, Ky.

One Called For Induction

Only one Rockcastle youth, Delbert Lee Owens, will be inducted into the Armed Forces March 31, according to Della Seaver, clerk of the Selective Service Board No. 85. However 21 have been called for physical examination on that day.

Called for physical are: Dexter Carter Bishop, Robert Gadd, Donnie Lee Smith, Gary Everett Thompson, Danny Ray Bullock, Johnny Lewis Barron, Charles Faris Horn, David Eugene Buttry, Delroy Douglas Bishop, Everett Wayne Mullins, Gerald Woodall, Eugene Wynn, Daniel Lee Hines, Charles Richard Ross, M.B. Mink, Robert Donald Ross, Jerry, Lee Burke, Lonnie Ray Vanzant, Gary Monroe Renner, Larry Wendell Doyle, and Paul Wendell Mink.

Tourney Scheduled

The Livingston Lions Club will again sponsor a Midget and Freshman Basketball Tournament at the Livingston gymnasium. The games will be played March 4, 5, and 7.

The midget teams will come from Roundstone, Mt. Vernon, Brodhead, and Livingston and will be composed of boys through the sixth grade. The Freshman team will be ninth grade players from Jackson County, Mt. Vernon, Brodhead and Livingston.

Monday night March 4 at 7 p.m. the Brodhead and Livingston Midget teams will clash in the opening game followed by a game between the Brodhead and Livingston Freshman teams at 8 p.m.

On Tuesday night at 7 p.m., Roundstone and Mt. Vernon Midget teams will play, followed by the Freshman team of Jackson County and Mt. Vernon.

No consolation games will be played and the games will be played Thursday night beginning at 7 p.m. Admission to the tournament will be 25 cents students and 50 cents adults.

SHAKE WEATHER-Tommy Woodall, son of Mr. and Mrs. James Woodall of Brodhead killed three snakes recently on the ice of a small brook near his home. One of them got away however. Probably decided it was safer to finish his winter's hibernation.

Stanford Atty. Files For Court Of Appeals

Marvin Comett, 52, Stanford attorney, has filed with the Secretary of State as a candidate for Judge of the Court of Appeals of Kentucky for the Fifth District. This district is composed of Boyle, Bourbon, Carroll, Fayette, Rockcastle, Franklin, Garrard, Gallatin, Henry, Jackson, Jessamine, Lincoln, Madison, Mercer, Owen, Scott, Trimble and Woodford.

Mr. Comett has filed for both Republican and Democratic nominations for the May, 1968, primary, as permitted by law.

He attended Berea College, Eastern Kentucky University, the College of Law of Cumberland University at Lebanon, Tennessee, and the College of Law of the University of Kentucky. He taught school for three years in Lincoln County and has practiced law for over twenty years in Stanford, six years of which he served as city

attorney for the city of Stanford. During his administration of Governor Simon Willis, he was state director of probation and parole. He was elected representative of Lincoln County for the 1942, 1944.

Several Projects Discussed At Development Corp. Meeting

The regular meeting of the Rockcastle County Development Corporation was held in the county courtroom February 26 at 7 p.m. President Roy Brown presided.

President Brown told the group of the interest shown by the Universal Plastic Pipe Co., Inc., of Hillsboro, Texas in locating a plant in Rockcastle County. He also told the group that the company, has shown an interest specifically in locating in Livingston.

C.H. Webb of Livingston stated that he had been authorized to negotiate with Universal Plastic Pipe Co., for a location site at Livingston on a tax free basis.

A report on a water system at Brodhead was made by Clay Colson who stated that a system there had great possibilities. He stated that he had talked with Robert Wynn, FIA supervisor, about a water system for Brodhead. Bill Cass told the group that he had checked with both Representative Tim Lee Carter and Senator

John Sherman Cooper and the application for the water project at Brodhead, to date, has not been turned down. It was brought out that one application, which was submitted some time ago, was turned down by EDA (Economic Development Association). After EDA's disapproval of a combined water and sewer system application, FIA decided to handle the application for a water system only. This application was dropped by FIA after EDA showed renewed interest in the previous application and after FIA sent through the necessary inquiry to EDA for confirmation that no assistance was available.

Mrs. ZI Graves, of the Sand Springs area, asked about the possibility of getting a water system established in that area. Clay Colson informed Mrs. Graves that this could be established through the organization of a water district. Rex Wesley, area development specialist from London, will work with the group in

making a feasibility study. Mr. Wesley stated that the key to such an effort is the cost per customer which usually runs about \$1200 per customer.

Further discussion concerning a water district revealed that there must be about 12 houses per mile to make a district feasible and Mr. Wesley said that he would like to meet with groups interested in organizing such a district.

President Roy Brown announced that the Kentucky Water District's annual association meeting will be held at the Executive Inn in Louisville on March 8.

FISH AND GAME CLUB WILL MEET FRIDAY

The Rockcastle Fish and Game Club will meet Friday, March 1 at the county courthouse at 7:30 p.m.

Officers for 1968 will be elected and all members are urged to attend this important meeting.

Brodhead Wins In Tourney Play

The Brodhead Tigers won the first round of the 49th District Tournament at Brodhead Tuesday night when they downed Anville 73 to 71 in a hard fought game.

Brodhead took a commanding lead in the first quarter on the hot hand of Brian Bussell and Clissett Brown. Together, Bussell and Brown, scored 15 of the first quarter's 19 point total with Bussell getting 8. Randall Stevens contributed 4 points in

first quarter and Brodhead finished with a 19-8 lead at the end of the first period only to see Anville come back and out score them in the second quarter. The half ended with Anville only behind 5 points 34 to 29.

Anville came back strong at the start of the second half and with five minutes to go in the third quarter tied the score 35 to 35. Then with a little over four minutes to go in the quarter, Anville took the lead for

the first time in the game 40 to 39.

However, Brodhead, immediately regained the lead and were never behind again as they led 57 to 46 at the end of the third period.

Anville gained continuously through the fourth quarter but were never able to overtake the Tigers who hung on for the 73 to 71 victory.

With this win, Brodhead will now meet Oeids in

GETS 31 POINTS-Brian Bussell, high scorer in the Brodhead Tigers against Anville Tuesday night, goes up for two points in the final quarter of play.

Mt. Vernon Awarded Excellence Certificate

Mt. Vernon was awarded a Certificate of Excellence at Lexington recently in the 1967 Opportunity For Progress contest, sponsored by the Kentucky Chamber of Commerce.

Danville, Elizabethton, Prestonsburg, and Middletown were designated as All Kentucky Cities - the top award - by the state chamber.

Nearly 80 entries were received in the 1967 contest. From the total number of entries submitted, 52 cities received awards of excellence and those being awarded participation certificates, excellence certificates or All-Kentucky designation.

Mark B. Davis, president of the Kentucky Chamber of Commerce, pointed out that the dividing line between the cities receiving awards of excellence and those being designated All-Kentucky is a thin line and that this year it was an extremely difficult task for the out-of-state judges to make the final decision.

To be eligible for the All-Kentucky designation, the communities considered must have won certificates of excellence in four or more areas of community development to achieve a certificate of excellence in a category of development, the submitted report must reflect a great measure of results based on the potential of the community. However,

since a community of the size of Mt. Vernon could not begin to compete with a community the size of Danville, for instance, we are allowed to enter only one category each year. It would win a certificate of excellence in this category each year for four years, then our community would win a designation as an All-Kentucky city.

This year, the Rockcastle County Chamber of Commerce submitted a report to the Kentucky Chamber of Commerce on the excellent progress made by the citizens of Rockcastle County in obtaining 200 water subscribers at \$100 each or purposes of clearing the way for the dam to be built at Renfro, they also reported on Mt. Vernon's summer recreation program, and finally submitted a report on the progress of the Cedar Rapids Recreation Center.

Other Certificates of Excellence recipients were Mayfield, Eddyville, Russellville, Clinton, Marion, Central City, Barlow, Greenville, Dawson Springs, Livermore, Hartford, Earlington, Morganfield, Sturgis, Hodgenville, Vine Grove, Campbellsville, Columbia, Greensburg, Lebanon, Springfield, Shelbyville, Lawrenceburg, Taylorsville, Glasgow, Lagrange, Carrollton, Maysville, Carlisle, Cynthia, Eminence, Lancaster, Irvine, Beattyville, Mt. Sterling, Owingsville, Wilmore, Winchester, Ver-

papers often granted. . . paying our dime to get a dollar's worth and more of news and information, and failing to realize the value of the personal, social, and economic service provided us.

PURVEYORS OF NEWS

The history of the press in the United States is a long and fascinating one. Beginning with the first regular newspaper, the Boston Newsletter, originating in 1704, our newspapers have played a glorious part in the development of our country, its economic growth, and its advance to its position of prestige among the nations of the world. Not only the large city dailies, but also the

numerous weeklies and the small papers in rural areas have an enviable record of service as purveyors of news, protectors of liberty, guardians of public morals, and champions of the better life.

PROTECTORS OF LIBERTY

The first of the ten Amendments to the Constitution of the United States . . . which form our Bill of Rights . . . reads in part as follows: "Congress shall make no law abridging the freedom of speech or of the press. . . . But what has become the law of the land in 1791, a scant 15 years after the Declaration of Independence was established in principle back in 1775 when John Peter Zenger - editor of the Weekly Journal of New York City - was acquitted of libel charges arising from his critical reports and comments respecting the conduct in office of the Colonial Governor of New York.

GUARDIANS OF PUBLIC MORALS

As we have grown to our present greatness as a nation . . . and have become more knowing and more tolerant in the process. . . newspaper editors too have grown in stature and perspective. Today, editors try to win adherents for their views. They endeavor to persuade rather than to impose their ideas upon the communities they serve.

CHAMPIONS OF THE BETTER LIFE

During the past quarter-century, advertising on the airwaves has grown tremendously. Radio and television now share with newspapers the promotion and sale of a wide variety of products and services. Yet

until radio and TV become more effective gatherers of news as well as dispensers of entertainment, they will not hold the same consumer interest the newspapers hold. The mass production and distribution of news which have so greatly and so quickly advanced our economic growth would have been almost impossible without the preparation of mass consuming markets by our newspapers.

Your newspaper, large or small, deserves your patronage and support. Subscribe to it, read it, ponder what its editors call to your attention, advertise in it. Your newspaper is still your best and most dependable source of news. More . . . it is the steadfast champion of the better life we all seek.

WASHINGTON REPORT BY: Cong. Tim Lee Carter

Since the United States foreign aid program was inaugurated in 1948, the Federal Government has made available in direct assistance nearly 130 billion dollars to 124 countries.

Without question, it has, in fact, the economies of many countries which we helped are now considerably stronger than ours. As a result, I believe it's high time we took a serious look at our entire foreign aid program - particularly in the light of recent scandals disclosed by the Inspector General of the Foreign Assistance program - scandals involving waste, graft and just plain inefficiency, which have cost the taxpayers billions of dollars.

In Algeria, an inspection team discovered sizable amounts of food - including 2,000 cases of cooking oil and 1,000 sacks of dry milk - which has never been distributed.

FLOWER SEED SELECTIONS

Each year as the spring wild flowers begin to bloom, amateur gardeners begin to think about colorful displays around their homes. Since most wild flowers do better in their native situations than on home grounds, and have only a limited effect when used in mass, it is advisable to use commercially developed bedding plants around the home.

Some of these, such as petunias, celosia, marigolds, salvia and vinca, will tolerate a wider range of environmental conditions than spring wild flowers. This year gardeners may choose from several new varieties of annual flowers, including seven 1968 All-America Seed Selections. On celosia variety, 3 geranium, 2 marigold, 1 verbenas and 1 zinnia variety qualified as this year's All-America selections.

The plum celosia, Golden Triumph, is a relatively compact plant which will attain a height of about 2 feet. The plant bears one large central plume, surrounded by 10 or more smaller inflorescences (blossoms). Growing geraniums from seeds, a new concept in the bedding plant industry, seems to be advancing rapidly. The new hybrids are known as Carefree geraniums. Because of their hybrid origin and freedom from disease (present in some material propagated by cuttings), the plants are exceptionally vigorous. These geraniums naturally produce numerous branches, thus eliminating a need for pinching to induce new breaks. Usually 2 to 4 heads (about 3 or 4 inches in diameter) are present throughout most of the growing season. Carefree geraniums chosen as All-America Selections include Carefree Bright

Pink, an intense rose-pink; Carefree Deep Salmon, a deep salmon color; and Carefree Scarlet, a rich, orange-red.

The marigold, First Lady, with its bright yellow flower heads about 3 inches in diameter, blooms freely and uniformly most of the growing season. The marigold Orange Jubilee, has rich orange flowers on a bushy plant. Both of these marigold cultivars range in height from 18 to 24 inches.

A dwarf compact verbenas cultivar, Blaze, is very showy with its nearly solid brilliant scarlet florets about a half inch in diameter and arranged in 3-inch clusters.

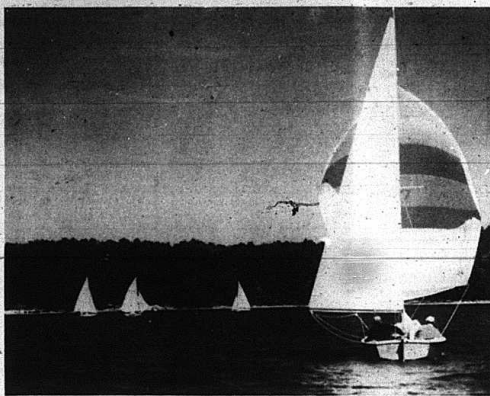

The zinnia, Wild Cherry, a giant cherry-rose cactus type flower will develop flowers up to 6 inches in diameter. The bushy plants, which bloom abundantly, will attain a height of about 2 1/2 feet.

The 1968 All-America Seed Selections are only a few of the many excellent cultivars of flowering bedding plants which will be available at garden centers, florist shops, nurseries and other outlets this spring. Plan for a splash of color around your home in 1968.

FEED-GRAIN PROGRAM RULES EXPLAINED IN U.K. LETTER

Regulations of the 1968 feed grain program were explained this week by the University of Kentucky Cooperative Extension Service agricultural economics department's bi-weekly outlook letter.

Professor Wilmer Browning, author of the report, says the 1968 voluntary feed-grain program is "basically" the same as the 1967 program. Signup is through March 15 at ASCS offices in the counties. He noted these main points in the program: 1. Farmers to be eligible for any benefits from the 1968 program must divert 20% of their total farm feed-

SAILING AT KENLAKE—One of the most popular forms of water recreation at Kenlake State Park near Aurora is sailing. Sailboat launching sites are available at the park. Sailing enthusiasts from a dozen states are expected to attend a sailing seminar slated for Feb. 23-25 at Kenlake which lies on the western shore of giant Kentucky Lake.

District Fairgrounds, Mayfield, Graves county. The Kentucky Department of Agriculture and the Reelfoot Packing Co., Union City Tenn., are sponsors. Cooperators include the U.K. Cooperative Extension Service of Division of Agricultural Education, Murray State University and the Mayfield Graves County Chamber of Commerce. Entries will be received at 12 noon Thursday, March 7. At 8 a.m. Friday, on-foot judging will be started for pens-of-three purebred singles, commercial singles and youth singles. On Monday, March 11, at 5 p.m., carcass judging will be conducted at the Reelfoot Packing Co. At 6 p.m., there will be a dinner and presentation of awards and trophies.

8TH ANNUAL WEST KENTUCKY BARROW SHOW SET The eighth annual West Kentucky and Barrow Carcass show will be held March 7-11 at the Purchase

of Blue Ash, Ohio visited by Dr. R.J. Henshaw, acting state veterinarian. "Time is being allowed for a changeover to cholera serum," Dr. Wise says. The serum provides immediate immunity to non-exposed swine for two to three weeks. Federal regulations have been amended to allow interstate shipment of serum-only treated swine to the 21 states which will now accept them. The ban on the live virus vaccine is part of a long-term Federal state cholera eradication program, Dr. Henshaw says.

PAINTING FOR GOVERNOR—Kentucky Governor Louis B. Nunn receives a print of an oil painting, "Horses at Watering Place," from artist Joseph Petro of Lexington. Petro has exhibited throughout the United States and is listed in "Who's Who in American Art" and "Outstanding Young Men of America." He was commissioned by the Keeneland Association to paint portraits of past winners of the Breeder's Futurity, Blue Grass Stakes and Spinners' Stakes. Limited edition prints of his works were first made available in 1966 and are valued by collectors throughout the U. S. and Canada.

Library Notes

By Mrs. Phillip Davis
A shipment of new books has been received from the Department of Libraries in Frankfurt. Among them are:
DARK AND BLOODY

GROUND, by Betsy Creekmore. This is the exciting story of the assassination of our first Presidents, from George Washington through John Tyler.
THE FRONTIERSMEN, by Allen Eckert. A fascinating and dramatic account of that remarkable breed of men who opened the country which would one day become West Virginia, Kentucky, Michigan, Ohio, Indiana, and Illinois.

THE FIRST TEN, by Alfred Steinberg. An interesting re-creation of the administration of our first Presidents, from George Washington through John Tyler.
THE FRONTIERSMEN, by Allen Eckert. A fascinating and dramatic account of that remarkable breed of men who opened the country which would one day become West Virginia, Kentucky, Michigan, Ohio, Indiana, and Illinois.

HOW TO DO YOUR OWN WOOD FINISHING, by Jackson Hand. This handy book encourages the amateur with simple, easy-to-follow directions for all types of furniture refinishing.
JUST AROUND THE CORNER, by Robert Bendiner. A lively and diverting history of the era of the depression, the new deal, and the coming war.

NICHOLAS AND ALEXANDER, by Robert K. Mestie. An intimate account of the Romanovs and the fall of Imperial Russia.
SECRETS OF MAGIC, by Walter Gibson. Seventy amaz-

ing feats of magic revealed, with 100 illustrations and diagrams along with history of ancient and medieval magic.

AMERICAN CATTLE TRAILS, by Morton Place. This book shows how the cattle industry was affected by the Revolution, by the Civil War, by the Gold Rush, by the sick fever, and finally, by the coming of the railroads which ended the era of trail blazing.

BACKFIELD BUCKAROO, by Jackson Scholz. Hank Tabor was on the rodeo team but he also loved to play football. How he mixed riding and football is excitingly told by the author.

THE DEVIL'S SHADOW, by Clifford Alderman. A story of witchcraft in Massachusetts. This is one of the few histories written for young people about a hysterical period in American history.

GINNIE AND THE WEDDING BELLS, by Catherine Woolley. Ginnie was to be a junior bridesmaid but calamity struck and Ginnie had to cancel her plans. How she did get to the wedding where she had a wonderful time after all makes a spirited and suspenseful story which is sure to please the readers.

JOHN MARSHALL, by Patricia Martin. A "See and Read Biography" well written with informative illustrations.

L'IL WILDCAT, by Edmund Scholefield. A realistic look behind the scenes in professional baseball combines with exciting moments on the diamond in this fast, funny and unusually well-written sports story.

THE MAGIC WORKER, by Joyce Arney. Theme of a young boy always in trouble and the nice teacher who comes to his aid.

THE PELICAN CHORUS, by Edward Lear. An imaginative picture book of nonsense verse. A pure delight.

RED LION AND THE GOLD DRAGON, by Rosemary Sprague. A novel of the Norman Conquest is well worth reading. The spirited characters well represent the English viewpoint in those troubled years.

THE SPECKLED HEN, by Horve Zemach. A Russian nursery rhyme.

VANISHING THUNDER by Adria Stoutenburg. The purpose of the book is to make young people aware of the great need for extensive conservation measures.

THE WALK THE MOUSE GIRL TOOK, by Karla Kuskin. The mouse girl

takes a walk for nature study and then again for a birthday celebration.

QUESTIONS & ANSWERS

Q — I am a Viet-Nam Era veteran, married, and plan to take college courses under the new G.I. Bill. I know the educational allowance for a veteran with one dependent is \$155 a month for full time enrollment, \$115 for three-quarter time, and \$75 for half time in college. But how many semester hours are required in these classifications?

A — Full time college training means 14 or more semester hours or the equivalent; three-quarter time training consists of 10 to 13 semester hours; and half-time is 7 to 9 semester hours of college courses or the equivalent.

Q — I understand most VA benefits are tax exempt and do not need to be reported as income. Is there any VA derived income that a veteran must report as taxable income?

A — Yes. A veteran who holds a G.I. insurance participating policy and has left his dividends on deposit with the VA source of income in the interest that these dividends are drawing. This must be reported as income. The dividends themselves, however, are tax free and need not be reported as income.

Q — As a widow of a retired officer. I am drawing a portion of my husband's retirement pay for my five children under the Servicemen's Family Protection Program. Does this preclude my children's receiving a survivor's pension allowance from the VA and college educational assistance under the Orphan's Educational Assistance program?

A — Your children may receive pension payments from the VA and may continue to receive them while attending college. But the fact that they are receiving pension indicates your husband did not die from service-connected causes, so the children are not eligible for the Orphan's Educational Assistance Program.

PERSONALS

asked to attend this convention.

Each club has the responsibility for raising necessary funds. At the present time, we are selling table napkins. If there is any money left over it will be deposited into our treasury for our summer project.

The summer project, rally day, and similar subjects were discussed before closing the meeting. Our club hopes to work in educating younger children this summer. Incidentally, 4-H 'eats' these county, area, and rally days aren't far off.

The next meetings were set on the dates of the first and twenty-second of March.
