

Rat Control Demonstrations Held In County Recently

The Kentucky Department of Agriculture, by the invitation and cooperation of Cumberland and Production Credit Association and Extension Service were able to provide four Rat Control Demonstrations, Thursday, October 24, in Rockcastle County.

The four farms that participated in the demonstrations were the Hewitt Jones farm, the Mason Poynter farm, the Wayne Taylor farm and the Clyde Linville farm. The farmers paid for the necessary material used, consisting of one pound pival, eighteen pound of meal, and one pound of sugar. The farmers that were only providing the dem-

F.H.A. NEWS
The Mt. Vernon F.H.A. has been at it again. They have sent various items to our boys in Vietnam and other places overseas. Such items being sent were plastic cigarette cases, potted meat, food-aid, vitamin sausage, instant pudding, bubble gum, and various sorts of candy. This F.H.A. activity was performed hoping to make the Christmas holiday just a bit brighter for the boys who are in faithful service to our country. May God bless and protect each and every one of them.

wist and long tapered sleeves and carried white mums and gold colored sashes accented with gold velvet ribbon.

The bridesmaids, Mrs. Gayle Jo Winstead of Mt. Vernon, Mrs. Sharon Coffey of Williamsburg, and Miss Harriet Carlson of Carrollton were attired in moss green velvet gowns identical to the maid-of-honor's dress. They carried white and gold mums with moss green ribbon.

The bride's mother wore a pastel green jacket street length dress with matching accessories and a corsage of pastel gold orchids.

IN VIETNAM—Sp/4 Timothy Wayne Adams, son of Mr. and Mrs. William J. Adams of Brodhead, is now serving in Vietnam. He has been assigned to a combat unit with the 335th Transportation Company of Chu Lai, Vietnam.

Sp/4 Adams received his basic training at Fort Knox then went on for 9 weeks of specialized training in mechanized stock control and accounting at the United States Army Quartermaster School at Fort Lee, Virginia. A graduate of Brodhead High School, Adams was employed by IBM in Lexington before entering the Army in April of this year.

WOULD YOU BELIEVE IT...

BY: LEON JASPER
 Crickets are cherry little insects. They have two sets of wings which are not acquired until adult stage. Their favorite haunts are dark, damp cracks, or crevices. The male of the species is the only one to do the chirping and he spends most of his adult life, which is about a month or so, doing just that -- chirping. Undoubtedly, you have noticed the new mobile homes on display and perhaps you have even inspected and admired them. If so, you will have to agree, that everything about them has a cherry, pleasant, comfortable aspect. They have no damp cracks or crevices to worry about and their cost of maintenance is far below that of the conventional home. These new creations for ultra-modern living are designed and manufactured with both adults and children in mind. They are built strong and sturdy, outside as well as in, to withstand the rugged playground and to afford beauty, comfort and convenience for the whole family. Size is no object, whether your family is large or small, you will find just what you are looking for and many features which you only dreamed of, in the all new, all-modern mobile home. **JASPER & JASPER MOBILE HOMES, INC. 2 MILES SOUTH OF SOMERSET ON U.S. 77** Phone 678-5432

Basketball Roundup

The Brodhead Tigers walloped Berea last Friday night by a score of 75 to 50 in a game played at Berea. Coach Billy Riddle cleared the benches and nine players scored in the contest.

The closer Berea ever came to the Tigers was at the end of the first quarter when they were behind four points. Then the Tigers showed Berea their head-and-neck game for their fourth win of the season.

Leading the scoring for BHS was B. Russell with 37 followed by Brown with 15, McWhorter with 10, Scoggins with 7, Sargent with 7, and R. Russell, Goff, Chesnam, and Adams, each with 2. Saturday night, the Tigers were host to Onaida and came up with their fifth win of the season defeating Onaida 80 to 66. The Tigers led at the end of the first quarter by one point, 15 to 14, and at half-time were only ahead 2, 36 to 34. However, BHS opened up in the third quarter outscoring Onaida by 15 points for a 60 to 45 lead at the third quarter stop.

Scoring for the Tigers were: B. Russell 38, Brown 13, Scoggins 4, Sargent 8, McWhorter 13, Pope and R. Russell 2.

And the Crab Orchard Cubs, winners of the Brodhead Thanksgiving Tournament, also went down to the defeat to the Tigers in a hard-fought game at Crab Orchard Tuesday night by a score of 57 to 55.

The Cubs led at the end of the first quarter by three points, were behind at half-time by one point, and were ahead one point at the end of the third quarter. However, the Tigers were able to make up the one point deficit and hold the Cubs off for the two-point victory.

Bruce Russell again led the scoring with 22 points, followed by Cletus Brown with 19, Carl Sargent with 7, McWhorter and J. Russell, each with 4, and Pope with 1.

The Tigers will be host to the Mt. Vernon Red Devils this Friday night and on Thursday, December 19 will play the Livingston Blue Devils at Livingston. The Livingston-Brodhead game had originally been scheduled for Friday night, December 20 but will be played one night earlier.

The Livingston Blue Devils came from behind after being down eight points at half-time last Friday night to defeat the Mt. Vernon Red Devils on the Red Devils home court.

The score was all tied up 54 all at the end of third quarter

play and it was anybody's game until the final whistle sounded signaling the Blue Devils win over Mt. Vernon by one point 65 to 64. In a game spotted with technicals and many foul calls, Powell played one of his best nights yet for the Red Devils tossing 20 points through the hoops. Howard Baylor got 19, D. Coffey 10, Burdette 8, Howard 6, and Phillips 1.

High scorer for the Blue Devils was Noman Owens with 25, Jackson with 21, Hudley and Gambrel with 2, and Mink with 1. In the Blue Devils' next game with Everts, played at Livingston, the Devils were again victorious this time by a greater margin 80 to 61. According to Coach Preston Parent, "the boys played their best game of the year. They did everything well. After playing the last seven games on the road, the boys celebrated their return home with a real good effort and was well pleased with their play."

Noman Owens led the scoring for the Blue Devils with 22, followed by Ead Jackson with 20, Lonny Mink 13, Billy Gambrel 12, Kenneth Mink 10, and Donald Holt 3.

The Mt. Vernon Red Devils squeaked by Anville Tuesday night by a score of 51 to 49 in a game played at Anville. The game was all tied up 43 all at the end of regulation play and at the end of the first overtime, the teams were still tied 47 all. In the second overtime, the Red Devils put four points through the net to Anville's two and that was the ball game.

Howard Saylor was the high scorer for the Devils with 22, followed by D. Coffey and R. Burdette with 7 each, T. Coffey and Powell with 6, and Phillips with 3. This Thursday night, the Devils will play Nicholas County at home.

WHAT'S COOKIN'?

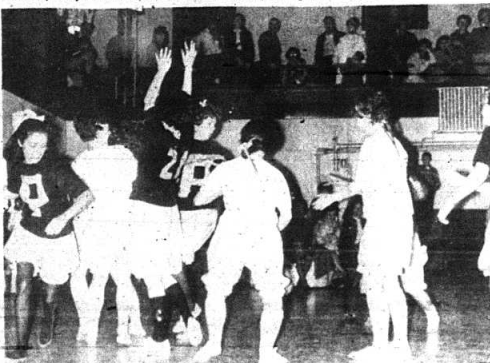

Well, you can find out if you purchase one of the cookbooks recently published by the Rockcastle County 4-H Council.

They are only \$2.00 each and contain seven sections of recipes all the way from Hors D'oeuvres, Pickles, and Relishes to Beverages and Miscellaneous.

The book may be purchased at either the Rockcastle County Extension Office in the courthouse or at the Cumberland Production Credit Office.

THE WINNERS—The Daring Dribblers, shown above, were the champions of their encounter with the Powerful Passers in last Saturday night's game played at the Mt. Vernon gymnasium. The final score was 27 to 20. Proceeds from the game will go toward financing of a kindergarten here. Members of the Daring Dribblers, are, first row from left: Jewell Hansel, Noma Owens, Evelyn Mullins, Jean Jent, and Nancy Gregory, manager. Second row, from left: Shirley Cox, Betty Lewis, Barbara Hiett, Nancy Parkinson, Ruby Cornelius, and Kathleen Machal, manager.

BLOCKED SHOT—An attempt by Marsha Howard, No. 21, of the Powerful Passers to sink two points in last Saturday night's basketball game between the Daring Dribblers and the Powerful Passers, just didn't work out as Evelyn Mullins, better known as "Dancer," No. 11, kept the shot from going in. Carol Pybas, far left, seems to be trying to get out of the hustle. Other players trying to snag the rebound are Nancy Mullins, Jewell Hansel, Shirley Cox, Dollie Roberts, and June Stevens.

Purcell Awarded \$10,800 In Lake Linville Suit

A land case, tried in Rockcastle County Circuit Court, December 4th, resulted in a jury awarding Monroe Purcell, et al., \$10,800 for 27.13 acres taken for Lake Linville at Renfro Valley.

The Purcell had originally been awarded \$13,300 by the Commissioners who assessed the property which the City of Mt. Vernon needed for the lake facilities. In the suit

tried in Circuit Court, Monroe Purcell had asked for \$60,000 for the 27.13 acres stating that this was the fair market value of the land.

Out of the twenty-four suits originally filed, only 10, including the Purcell suit which is expected to be appealed, are still pending. Other parties involved in a suit with the City of Mt. Vernon over the fair market value of their land have been: Lester Abney, Wade Hysinger, John Ramsey, Burgess Hysinger, Aden Ramsey, Curlew Holt, Emmett Roberts, Curtis Roberts, Dollie Abney, and Mitchell Abney (2 cases). In all of these suits, the land owners settled for the amount awarded them by the Commissioners who assessed the land.

Elmer "Dutch" Brock, who last year was convicted of "Voluntary Manslaughter" by a Circuit Court jury and sentenced to an eighteen-year term in the state penitentiary, was granted a new trial by the Kentucky Court of Appeals and was sentenced to two years in the penitentiary by a Rockcastle County Circuit Court jury last Tuesday.

School Financing Explained

Many questions have been asked concerning the financing of a new high school for Rockcastle County. Where will the money come from? Will taxes be raised? Since this school can be financed without new or increased taxes the board of education does not plan to ask for increased tax revenue.

The new school will be financed through the sale of revenue bonds. The school system's indebtedness is down to the point that it qualifies for a bonding potential of around \$1,600,000. This means that the school system can sell revenue bonds to get this amount of money.

CHRISTMAS CONCERT

The Rockcastle County Band, under the direction of Robert Pybas, will present a Christmas Concert Sunday afternoon, December 15 at 2:30 p.m. Admission will be 50¢ and all proceeds will be used to buy music and band equipment.

POWDER PUFF NET \$400.00

The net proceeds from the Powder Puff Basketball game, girls' supper, and bazaar, totaled \$400.00, according to Mrs. Roland Mullins, who organized the event.

There are some bazaar items remaining to be sold and will be on sale Saturday, December 14, from 9 to 12 a.m. in the lobby of the bank.

SCOUTS WILL PRESENT PLAY FRIDAY, DEC. 20

The Boy Scout and Girl Scout Troops of Mt. Vernon will present "A Christmas Carol" on Friday evening, December 20 at 7:30 p.m. in the Renfro Valley Barn.

Admission will be 75¢ for everyone except children under six who will be admitted free.

The play is under the direction of Mrs. William G. Landrum and Mrs. Joe Henderson and the Chorus will be directed by Mrs. H. Lee Durham.

All proceeds from the play will go toward buying equipment for both troops.

NOW IS THE TIME

Well, it's that time of year again, Christmas. The Cromer, County Tax Commissioner. Property owners may come in at anytime to assess their property for the 1969 tax books at Mr. Cromer's office in the courthouse.

MRS. NANCY J. HOWARD DIES AT RESIDENCE

Mrs. Nancy Jane Howard 83, died Saturday, December 7 at her home in Livingston. She was a native of Jackson County and the daughter of the late George and Eliza Carpenter Allam.

She is survived by two daughters, Mrs. Della Mink of Elizabethtown and Mrs. Eliza Howard of Ohio; three sons, Goodlow Howard of Lily, George W. Tommy Howard, both of Livingston, and two sisters, Mrs. Flora Anthony of Hamilton, Ohio; and Mrs. Fannie Richmond of Laurel, Indiana; 35 grandchildren and several great grandchildren.

She was preceded in death by her husband, Jack Howard, and by a son and a daughter. Mrs. Howard was a member of the Morning View Holiness Church.

The board of education will contract with a bonding company whose agent will prepare for sale and sell \$1,600,000 worth of bonds. This money will be used to build the new school.

The school system will then retire the bonds as they come due over the next 25 years. This money will be paid back at the rate of around \$130,000.00 per year.

Where will the school system get the \$130,000.00 per year to retire the bonds? Beginning next year under the new capital outlay program the State Department of Education will be providing around \$163,000.00 a year that is earmarked for building programs, furnishings and new equipment.

While retiring a bond each year this will leave from \$30,000.00 to \$35,000.00 each year to use for necessary expenditures. With close supervision this should supply our needs.

Capital outlay money cannot be used for other expenditures such as salaries, buses, consumable teaching materials, and etc. It is recommended that this money be used for providing facilities for an improved school system.

In twenty five years these high school will be paid for and nobody's tax dollar has been increased as a result.

A new school has not been possible under this plan until now for two reasons: (1) Capital outlay money has been limited in the past. In 1969-70 it will be double the amount received in 1967-68. (2) The second reason is that we owed too much on the Roundstone School Building and the addition made to the Brodhead School in 1951. We still owe a small amount on both these schools, but will soon be paid off.

It is felt that our school system must keep pace with surrounding counties and certainly it must grow and improve as Rockcastle County develops.

Help Asked For Service Hospital

Would you like to help our service boys in the hospital in Japan? Mrs. J. F. Pennington, daughter of Dr. and Mrs. John D. Henderson, Sr. of Mt. Vernon, has formed the Signal, by way of her sister-in-law, Mrs. John D. Henderson, Jr. of Mt. Vernon, of a girl in which we all can help.

If coupons for Betty Crocker products are saved and sent to Mrs. Henderson, they can be redeemed for equipment for the hospital wards. This equipment consists of such items as card tables, books, shower shoes, and recreational devices.

MASCOT FOR FROSTY AND COMET—Well, it's like this, two of the cheerleaders for the Powerful Passers had wives in the Daring Dribblers. So, they decided that it might be wise to appease the other team a little and presented their wives, Betty Lewis and Barbara Hiett, with a mascot of a stuffed Reindeer for luck. The cheerleaders were, from left: Billy Hiett, Floyd Owens, and Dr. Jack Lewis.

Star Citizen

The Mt. Vernon Boy Scout Troop No. 126 has been nominated for the Star Citizen Award by the Mt. Vernon Woman's Club. The award was made for the troop's care and maintenance of the L & N Park in Mt. Evergreen Pruning
 The question, "When should evergreens be pruned?" is often asked throughout the year. The answer is that the time will depend upon the method used, type of evergreen and whether it is desirable to use the prunings for

indoor decorations. Most choicest (narrow-leaf) evergreens fit well in the Christmas theme. If the branches are "headed back" to the side shoots, they may be removed and used on the mantel, in door swags or wreaths, or as part of the Christmas table decorations.

Heading back, when judiciously done, also leaves much of the natural grace of a yew, juniper, spruce, fir, pine, hemlock, etc. Shearing destroys much of this grace and produces severe lines against homes already with severe lines or little "Miss Muffet" tufts across the front of the home.

The upright (capitata) Japanese yew which is placed near an entrance can stand the formalizing effect of shearing. The pieces removed are also very useful for Christmas. You can prune or shear most upright yews at almost any time. The foam of spreading yews is destroyed by shearing. Instead, give these a heading back type of pruning to maintain their form.

Except where formality in landscaping is called for, narrow-leaf or any other evergreens, should not be sheared but rather slanted by removing extra-vigorous branches back to side branches. This also thickens these plants. Many may be kept well in hand by this method, but not well enough to justify planting spruce, hemlock, pine, upright arbutus, and upright juniper next to the foundation of most homes.

You can apply the same method of pruning to many of broadleaf evergreen or semi-evergreens. For instance, remove parts of Bedford holly branches with their berries and use them for Christmas. American holly and many others can be treated the same way. In the English holly-producing area near Portland, Ore., regular removal of spigs for the Christmas trade has been found to produce greater yields over the years.

Even better, though, removing any of the top of a plant tends to make it take longer to reach full price.

3 or 4 inches in length. The "candles" when cut at this time will branch and produce terminal buds. Later on these will set spines, fir and other pine are often treated this way in the nursery to produce more compact plants.

Feeding House Plants

Houseplants, like most other plants, need feeding occasionally. Adequate fertilizer levels may be the key to poor growth problems. Light intensity, duration of light and temperature, for example, always should be considered before fertilizer is applied to plants that are thriving.

Most indoor gardeners over-fertilize in the winter simply because the drabness of winter draws their attention to plants. Plants actually use less fertilizer in winter months because there is less light and the days are shorter.

Several different minerals are used by most plants. However, only three are required in relatively large amounts. The others are in sufficient supply in the soil. The basic three are nitrogen (N) phosphorus (P) and potassium (K). Nitrogen is the element most essential to the continued existence of living organisms. It promotes stem and leaf growth. Phosphorus is needed for growth of young plants and later, for stem structure and producing abundant flowers and seeds. Potassium is important for formation of starch and sugars, and transportation of these materials inside the plant. It also aids in root growth and helps maintain a balance between the other two elements.

The numbers in a fertilizer formula are always given in the order N, P and K. A 10-10-10 complete fertilizer, then, contains 10 percent nitrogen, 10 percent phosphorus and 10 percent potassium.

One of the best times to add fertilizer is when you make your original soil mix. Add slightly less than one teaspoon of 10-10-10 fertilizer to each 6-inch pot of soil. To a 4-inch pot, add one-third of a teaspoon. These are top rates, so measure carefully to avoid injury to your plants. Once plants are established they need infrequent fertilization. Fertilize only when they are actively growing. Most plants will be adequately fertilized if given some nourishment once a month. Study your plants and learn to recognize those that grow rapidly. Rapid growers need more frequent feedings.

The best way to feed pot-grown plants is to use prepared soluble fertilizer which can be applied in liquid form. Nitrogen, phosphorus and potassium are the essential elements. These are supplied with 5-10-15 or 10-10-10 liquid fertilizers.

A practical method to follow might be to mix one teaspoon of 20-20-20 fertilizer to a gallon of warm water. Stir to make sure it dissolves. Apply this solution to the plants, using the same amount of solution you normally use for watering. During the fall days of winter apply this solution once a month. In summer when growth is more active, apply every two weeks.

One word of caution: Do not feed plants when the soil is dry. Fertilizing when the soil is dry may cause plant injury. Water the day before so that soluble fertilizer can be added to a moist soil.

Hog Prices Likely to Drop During 1969

Production increases and relatively low grain prices will be factors in lower prices for hogs in 1969, the U.K. Cooperative Extension Service agricultural economics department reports this week. Average price received by farmer in 1969 will likely be around \$17.50 a hundredweight, the department's bi-weekly business outlook letter says.

"There has been a 21 percent increase in the pig crop since 1965, the report says. The 1966 pig crop was up 11 percent, the 1967 crop an additional 4 percent and the 1968 crop will be up an estimated 2 percent. In addition, hog producers have indicated another 4 percent increase for early 1969.

"Hog prices during this period dropped from record levels in 1966 of around \$28 per hundredweight," says

Wilmer Browning, economist. "To the current level of \$18 to \$19 a hundred during the last quarter of 1968.

Production increases and relatively low grain prices will encourage farmers to feed to higher weights, he says, and thus probably depress the 1969 prices somewhat.

"Rising consumer income and increasing population can absorb some increase in pork production," the report says, "without too much decrease in prices. But there will also be larger supplies of competing meats such as beef and poultry, which will have a depressing effect on hog prices."

Lower feed costs still may mean that profits from hogs in 1969 may be about as favorable as in 1968, Browning said. But further expansion in production in 1969 could bring unfavorable hog prices.

"The year 1969 will be an important and perhaps critical one for hog producers," he concluded in the report. "If there is a holdback in the expansion rate in line with the rate of growth in demand for pork, the stage could be set for average profits from hog production the next two or three years. If the factors favoring expansion should cause producers to over-expand in 1969, lower prices will bring about a reduction in supplies."

"With electric home heating we have just one cost...pay just one bill...and save in ways we hadn't even expected!"

SAY MR. AND MRS. PAUL JACKSON OF MOREHEAD.

"Looking back, it's obvious that the heating system in our old home was costing more than I'd realized," says Mr. Jackson. "There were repair bills, for example, carpet and drapery cleaning bills—even the cost of electricity to fan the heat through the house! In our new electrically heated home there aren't any hidden expenses."

"And our one monthly electric bill is no more than all the separate ones we used to get," adds Mrs. Jackson.

To find out about the many ways electric home heating can save you money, call our local office.

Library Notes

Mrs. Philip Davis Librarian
A shipment of new books has been received from the Department of Libraries. Among them are:

CLOSE YOUR EYES WHEN PRAYING, by Virginia Coy Hudson. With wit and insight, high humor and serious sentiment, this popular author relates several stories of Biblical personalities, great and small. These stories, told to a group of women attending her Sunday-School class, are casual, delightful,

and definitely unforgettable.
DANCE OF THE DWARFS, by Geoffrey Household. The hero of this suspense novel sets out to challenge the unknown and finds, to his horror, that he and his loved one are threatened by incalculable savagery.

EXPLORERS OF THE MISSISSIPPI, by Timothy Severin. A history of the conquistadors, voyagers, and charlatans who discovered, opened up, and exploited the Father of Waters.

HOW TO GET INTO COLLEGE, by Froggy Bowles and others. This new revision of the authoritative book is a thorough and most helpful guide to students and their parents.

MRS. PARKINSON'S LAW, by C. Northcote Parkinson. The title is one of 12 essays in which this amusing brilliant economist covers the conduct of life from Romance to Retirement.

ONCE YOU STOP, YOU'RE DEAD, by Eton Galtwhite. A novel of espionage; so convincing as it is chilling.

OPHELIA, by Florence Stev-

enson. Adult fantasy filled with wambasted whimsy and an icy touch of witchery. The heroine is a cat!

PLANTERS AND PIONEERS, by Parker Ray, Jr. Here is the living image of Virginia, the story of how its people struck roots in the wilderness and grew in the 182 years of its colonial history.

THE RICH - ARE THEY DIFFERENT?, by George G. Kirsstein. The author's aim has been to examine the effect of one kind of freedom - an urban behavior. This book is about today's rich.

WASHINGTON QUADRILLE, by Jonathan Daniels. An insider's account of the intrigues of Washington society between 1910 and 1945. A scintillating survey of the Washington social whirl.

Brindle Ridge

Mrs. Danny Mullins spent last week in Ohio visiting her children and attended the funeral of her brother-in-law, Bradley Mullins. This community extends their deepest sympathy to Mr. and Mrs. Danny Mullins.

Clyde Burdette was at the Central Baptist Hospital last Tuesday for a check up. He will return to the hospital in January for surgery. This will be his third operation since his accident in July of 67.

Little Dawn Burdette, son of Mr. and Mrs. Larry Burdette is on the sick list.

Mr. and Mrs. Elmer Burdette and children, Mr. and Mrs. Charles Brooks spent Sunday with Mr. and Mrs. Ernest Brooks of Jamestown.

Mrs. Laura Cummins, who makes her home at the Singleton Nursing Home spent Saturday night and Sunday

with Mr. and Mrs. Charlie Cummins.
Mr. and Mrs. Charlie Moore and children of Ohio spent last week end with Mr. and Mrs. Arvel Burdette. Mrs. Moore's mother, Mrs. Martha Burdette returned home with them for a visit.

Mr. Bill Burdette of Green Hill visited Mr. and Mrs. Jim Burdette Sunday afternoon. Sunday afternoon visitors of Mr. and Mrs. Arvel Burdette and family were: Mr. and Mrs. Albert Fain of Pine Hill; Mr. and Mrs. Amos Burdette and boys, Mr. and Mrs. Wilf Coffey, and Mrs. Wanda Burton.

The Brindle Ridge Baptist Church will present a Christmas program December 22 on Sunday night.
Mr. and Mrs. Hubert Pruitt and children of Ohio were Sunday dinner guests of his parents, Bro. and Mrs. Lawrence Pruitt.

FAIRVIEW

Services were conducted at the Fairview Baptist Church over the week end with good attendance. 65 persons were present for Sunday School. Thank God for each one.

Our Thanksgiving offering by the church this year for Baptist Children's Homes was \$300. We are so thankful to be able to help with the care of these little orphan children.

Thanksgiving Day dinner guests of Mr. and Mrs. James Seals of Berea were: Mr. and Mrs. Hubert Chasteen, Mr. and Mrs. Johnny Church of Scaffold Cane and son Ricky of Berea.

Those from Fairview attending the Ordination Service at the Berea Baptist Church in Berea last Sunday were: Rev. Ray Dean, Wesley Lambert, Cletus Peters, Mr. and

Mrs. Buddy Gabbard, and Mrs. Mona Treon. Elwood Treon of Berea; son of Mrs. Mona Treon, Mr. Treon grew up in this neighborhood and became a fine Christian man. We are all proud of him. May God bless him as he steps out in this great work for the Lord. Our prayers are with him.

Mrs. Collie Belle Scott of Berea spent the week end with Mr. and Mrs. Tip Reppert and family of Scaffold Cane. She attended Sunday School with the Reppert family Sunday at Fairview.

Mr. and Mrs. Frankie Hayes and daughter of Winchester were Sunday dinner guests of her sister, Mrs. Hobert Spires. Mr. Spires, and son of Disputanta. Later, both families visited their parents, Mr. and Mrs. Willie Cope and Buddy of near Fairview.

Mr. and Mrs. Hubert Chasteen of Scaffold Cane were Sunday dinner guests of their son, Junior Chasteen and family of Berea.
Guests during the holidays of Mr. and Mrs. Gerald Peters of Shepherdsville were J.M. Noland and Mr. and Mrs. Cletus Peters and family of Fairview.

Mrs. Doris Gabbard, Mrs. Gladys Rose, Mrs. Mona Treon, and Mrs. Raye Jones were in Lexington Friday night shopping.

J.H. Lambert, who has been on the sick list, for some time continues to improve. May God bless him as he well soon.

MR. AND MRS. LARRY DAVID STRICKLAND

MR. AND MRS. LARRY MONTGOMERY HOWARD

Miss Carter, Mr. Hodges Wed In Double-Ring Ceremony

The marriage of Claretta Lou Carter, daughter of Mr. and Mrs. Clarence Carter of Mt. Vernon, and Tommy E. Hodges, son of Mr. and Mrs. Estill Hodges also of Mt. Vernon, was solemnized Sunday afternoon, December 1 at the First Baptist Church in Mt. Vernon.

The double-ring ceremony was performed by Rev. Ray Cummins and Rev. J. William Hall. Organ music was provided by Mrs. Mildred Baird

of Stanford and Mrs. Johnny Wilcox of Brodhead, soloist, presented a selection of wedding music.

The bride, given in marriage by her father, was attired in a gown of ivory re-embroidered alencon lace and ivory satin. The lace neckline and long tapered sleeves, extended into a chapel train. The front of the mock satin sheath was accented with a bow and self-covered buttons.

Machal - Strickland Vows Said Nov. 16

Miss Barbara Sue Machal, daughter of Mr. and Mrs. William U. Machal of Mt. Vernon, and Larry David Strickland, son of Rev. and Mrs. Frank Strickland, also of Mt. Vernon, were married Saturday evening, November 16 at the First Baptist Church in Mt. Vernon.

The candlelight, double-ring ceremony was performed by Rev. Ray Cummins, pastor of the church. A program of nuptial music was provided by Mrs. Ray Cummins.

The bride, given in marriage by her father, wore a floor-length satin gown in empire style. Appliques of chantilly lace were used on the bodice with a lace panel down the center of the A-line skirt. The long chantilly lace sleeves came to a point at the finger tips. The empire waist was designed with a detachable chapel train fastened under fabric bow. Her waist-length veil of illusion was caught to a forward design of lace and seed pearls.

Miss French Becomes Bride Of Mr. Howard In Home Ceremony

Miss Vincenta French, daughter of Mr. and Mrs. Ben C. French of Mt. Vernon, and Larry Montgomery Howard, son of Golden Howard and Carrie Louise Howard of Brodhead, were united in marriage Saturday, December 7 in a double-ring ceremony performed by Rev. Charles Shivel at the home of the bride.

The bride, given in marriage by her father, was attired in a street-length dress of white velveteen trimmed with white lace, and carried a bouquet of white carnations.

Dwight Bowling served as best man. A reception was held following the ceremony at the bride's home. The bride's table was attended by Miss Bernice Bulluck and Mrs. Lela Wotter.

After a short wedding trip, Mr. and Mrs. Howard will make their home in Berea.

VETERANS Q. AND A.

Q— I receive a pension from the Veterans Administration. With my November check I received a questionnaire regarding my income for 1968 and 1969. Since my income is what I estimated on last year's questionnaire, must I return this new questionnaire?

A— Yes, it is particularly important that you return the questionnaire you received in early November.

The VA will inaugurate a new pension system on Jan. 1 which will raise income limitations \$200 and key pensions to \$100 variations in income. Thus, the VA must receive your completed income questionnaire in order to determine how much of a pension under this new system you are entitled to receive.

Your questionnaire must be returned to VA by Jan. 15 if you are to continue receiving your pension.

Q— Can I receive Veterans

Administration benefits for flight training under the War Ophans Educational Assistance program? I have my private pilot's license.

A— Flight training is not approved under the War Ophans Educational Assistance Act. Therefore, the VA cannot pay you any benefits for flight training.

Q— Once a veteran has been granted compensation for a service-connected disability, does he receive it for the rest of his life regardless of his income?

A— Compensation payments do not depend on income, but rather on the nature of the disease or disability. Some conditions would be subject to change while others would remain static.

On conditions subject to change, the veteran might be examined periodically, and his compensation adjusted accordingly if his condition has changed.

A veteran may reap his claim at any time by submitting new and material medical evidence to the VA. This evidence could also change previous static rating made by VA.

Land Bank Passes \$700 Million Credit Milestone

The Federal Land Bank of Louisville passed the historical milestone of \$700 million in loans outstanding when its books were closed for the month of November.

This was the first time in the 52-year history of the farm-owned bank that the \$700 million figure has been attained. The loan total of \$700,345,984 was reached only 2 1/2 years after the \$500 million level was achieved in May 1966.

Land Bank President E.V. Landers commented on the rapid growth by citing the high demand for long-term credit by farmers in a period when wholesale interest rates were at an all time high. Mr. Landers also pointed out the need for more long-term farm loans to meet the credit demand as farms increase in size. Full or partial withdrawal from the long-term credit field by some lenders and increases in services rendered by the Federal Land Bank were also reasons cited for the rapid growth.

Land Bank Loans are now outstanding to over 43,600 farmers in Ohio, Indiana, Kentucky and Tennessee, through their 78 farmer-owned Federal Land Bank associations.
