"FORD"
(Cont. From Front)

Under a law which took effect this year, a 5% state usage tax is collected on 90% of a vehicle's full Blue Book value each time title is transferred if no trade-in is involved. The law sets a formula for tax on other vehicle transactions.

Ford has asked Governor Louie B. Nunn not to oppose the suggested repeal. In a courteous letter to Nunn last week, Ford said: "This new tax is part of the Tax Package you sought and obtained from the 1968 Legislature and on which you were then unwilling to accept any major changes. I sincerely hope you will not oppose justified changes to this law during the 1970 session."

Ford is also asking the Legislative Research Commission and the Senate Committee on Appropriations and Revenue to study his proposal and join in recommending the change to the 1970 General Assembly. "If the public does not get more fairness from State Government on taxes, a lot of people will resent even the good things government tries to do," Ford said.

CARD OF THANKS
We would like to thank everyone who was so kind during the illness and death of our father, Andrew J. Meece. A special thanks to the staff of the Rockcastle County Baptist Hospital, Dr. Jack D. Lewis, and Cox Funeral Home.

Mt. Vernon Beats Brodhead; Livingston Loses Two

By: Roger Jones

In a hard-fought game last Friday night in the Mt. Vernon gymnasium before a capacity crowd, the Mt. Vernon Red Devils edged the fighting Tigers of Brodhead 68-65, to avenge a previous defeat from Brodhead. The game was close from start to finish and the Red Devils performed well for the victory.

Playing an outstanding game for Mt. Vernon on offense, defense, and rebounding was Howard Saylor, who led the Devils in scoring with 24 points and also captured 9 rebounds. Following Saylor in scoring was Dave McCauley with 15, Jesse Powell with 13, James Phillips 6, Dale Coffey 7, Joe Howard and Rudy Burdette with 2 each. Leading scorer for the Tigers was Bryan Bussell with 30 following by Cletus Brown with 23.

The Red Devils are improving from game to game, according to Coach Jack Laswell who said, "our improved game is due largely to the efforts of the three sophomores, Dave McCauley, Dale Coffey, and Rudy

Burdette. These three are making fewer errors now than in previous games."

The remaining home games for Mt. Vernon should be close and exciting for basketball fans. The Red Devils will meet Casey County Friday night and next Tuesday will be host to Jackson County. On February 14, Annville will journey to Mt. Vernon and the final home game will be against Berea on February 20. This date is pending as the game with Berea is a make-up game.

Coach Billy Riddle of Brodhead stated that "I would like to thank Coach Jack Laswell, Mr. Saylor, and the fans of both sides for the sportsmanship shown to us (the Tigers)." "It was the best sportsmanship shown to our team of any game we have played this year," he further said.

In a game played Tuesday night at Mt. Vernon, the Red Devils went down to defeat at the hands of Shopville 70-67. It was another close hard-fought game throughout and Coach Jack Laswell remarked "our team just made too many costly errors near the end of the

game to be able to emerge winners.

The Devils managed to take an early lead and led 23 to 14 at the end of the first quarter. But, Shopville bounced back and the Red Devils lead was cut to 34 to 30 at half-time. The third quarter ended with the score 50 to 49 in favor of Mt. Vernon. With 10 seconds to go in the game, Mt. Vernon led by one point and had the ball but a costly passing error gave the Shopville team the ball and they went in for the score and the victory.

The Red Devils were led in scoring by Powell with 16, followed by Coffey with 14, Saylor, 13, Howard 10, Phillips 8, Burdette 4, and McCauley with 2.

Whitaker with 22 and Snell with 14 led the scoring for Shopville.

During the B Team game between Mt. Vernon and Shopville, Ronnie Inabmitt, 15, suffered a broken leg when he slammed into the wall under the north goal going up for a possible rebound. Inabmitt was taken to the Rockcastle County Baptist Hospital and later transferred to the Central Baptist Hospital in Lexington.

The Brodhead Tigers were defeated their fourth straight game Tuesday night by Pulaski County 59 to 53. All of Brodhead's last four losses have been on the road.

It was a close game throughout the contest with the score tied 14 to 14 at the end of the first quarter. Brodhead managed a one-point lead 29 to 28 at half-time, but Pulaski County had pulled ahead 43 to 40 at the end of third period play.

Cletus Brown led the Tigers in scoring with 23, followed by Bryan Bussell with 20, McWhorter with 6, R. Bussell with 2, and Sargent and Scoggins had each.

In a game at Annville last Friday night, the Livingston Blue Devils went down to defeat in a very close game 49 to 48.

The game was close all

the way with the Blue Devils leading a 10 to 9 lead at the end of the first quarter; the score all tied 23 to 23 at the end of the first half of play, and 40 to 38 at the end of the third quarter. Livingston was led in scoring by Norm Owens with 23, Mink with 12, Jackson 7, Hurley 5, and Shepherd 1.

The Blue Devils also lost to Eubank Tuesday night 60 to 51. Eubank led at the end of all the quarters with the half-time score 25 to 21 in favor of Eubank.

Norm Owens again led the scoring with 15 points, followed closely by Hurley with 14, Mink 9, Jackson 7, Gembred 4, and Mink 2.

RCDA Officers Elected At Monday Meeting

Roy Brown was re-elected chairman, and Clay Colson and H. Lee Durham, were re-elected vice chairman and secretary, respectively, at a meeting of the Rockcastle County Development Association last Monday night, James Andekin, Jr., was named treasurer at that meeting.

Besides the election of officers, the group heard a report from Mayor Clyde Linville that an application had been made to the Economic Development Association (EDA) for a 60% grant (\$62,400) to extend the

present sewer system to the Harry M. Sparks Vocational School. Mayor Linville said that Bill Davis of the EDA felt that the grant would be approved leaving only \$41,600 for the city to come up with. Linville told the Signal that the EDA already has about \$20,000 which could be applied on their portion. About 48 homes, besides the school, would be able to hook onto the sewer system if it is extended.

Bill Cass of Brodhead reported that an option on 28 acres of land had been taken from A.A. Proffitt for

industrial site in the city limits of Brodhead. Mr. Cass said that this option was taken primarily to show EDA that the City was making some effort to obtain industry so that EDA might allow Brodhead's original application for the sewer system to stand. EDA has said that they would prefer that Brodhead cut back their sewer project mainly to encompass the business district only. The option on Mr. Proffitt's land was taken at a purchase price of \$28,000.

Mr. Cass also told the group that a Mr. Hom from the Research Division of the State Department of Commerce had been working with Brodhead on a supplement to Brodhead's brochure which was published about two years ago.

Representative Harold DeMarcus reported at the meeting that he had been in contact with the State Chamber of Commerce at Frankfort concerning industrial development in Rockcastle County. He said that he had called their attention to Rockcastle's progress such as: Lake Linville, the new vocational school, the new completion of Interstate-75 in the county, the new county high school in the making, and that they (the Chamber of Commerce) were very pleased with what was going on here. Rep. DeMarcus said "I am vitally interested in getting industry in Rockcastle County."

The progress of the Cedar Rapids Recreation Center also came under discussion as Clay Colson gave a report on the club to the group. He reported that the Soil Conservation Service had recommended that about two feet of earth be put in the bottom of the lake on the golf course and packed down. This should help the lake to quit leaking according to Mr. Colson. The lake is not filling up as it should because of a leakage. Mr. Colson also told the group that the pool and bathhouse were very near completion and would not doubt be ready for use next summer along with the clubhouse and probably the golf course.

The water system, Mr. Colson said, for the club pool and other facilities will be supplied by the city's present water system and will not have to wait until the completion of the new water system.

SHRINE OFFICERS ELECTED— The Rockcastle County Shrine Club elected their officers for the coming year at a meeting held Friday, January 24 at the Rock Castle Steak House with 41 members present. The new officers are shown in the above photo with the installing officers from the Lexington Temple. They are, from left: A.C. McGinnonch, Assistant Rabbah; J.M. Injuries Fatal To Kathy M. Clark, 2

Kathy Marie Clark, two and one-half-year old daughter of Jimmie and Eva Renner Clark, died about 6 p.m. last Friday afternoon from injuries suffered when she fell from a moving auto on Main Street in Mt. Vernon. According to police reports, Mrs. Clark double-parked in front of the post office, put the car in park, and went into the post office to pick up her mail. Kathy, along with her five-year-old sister, Sandra Carol, was in the car and one of the children pulled the gear out of park. The car began moving and the children became frightened and opened the door. Kathy either fell or jumped out

the passenger side and the right front wheel ran over the child's abdomen. She was rushed to the Berea Hospital where she lived about four hours. Her sister fell out of the car but managed to hang onto the door.

The car continued across the street and struck a parked car belonging to Estill McFerron of Mt. Vernon.

The child's father, a career soldier, has been serving in Vietnam for the past few months. He arrived from there Tuesday afternoon. Kathy was born in San Diego, California August 3, 1966. Besides her parents, she is survived by two sisters, Patricia Lynn and Sandra Carol, both at home; paternal grandfather, James W. Clark of Frankfort; maternal grandfather, Mrs. Nannie Smith of Sand Springs; maternal great-grandparents, Mr. and Mrs. James French of Mt. Vernon; and maternal great-grandfather, Joe Renner.

Funeral services were conducted Wednesday afternoon at the Sparks Funeral Home Chapel by Bro. Bill Hawkins. Burial was in the Phelps Cemetery.

Drawers were dumped out and the house was messaged up quite a bit, according to Sheriff Reppert. A television set had been unhooked but was not taken away. The same night several items were also stolen from the car lot of Junior Poynter on the Old Brodhead Road. A boat motor and several batteries were among the missing articles.

CAMPING EQUIPMENT STOLEN FROM SCOUTS
The Raven Patrol of the Mt. Vernon Boy Scouts is now minus the major part of their camping equipment, since it was stolen last Saturday afternoon. The patrol took the equipment to their campsite, across from Leo Hunt's residence on the Old Brodhead Road about 11 a.m. Saturday. They left it there and returned about 2:30 to find it gone.

Stolen were three scout tents, marked Raven Patrol, a sleeping bag, a shovel, and a bow saw. The scouts are, needless to say, quite upset at the theft since the equipment was purchased through their fund raising efforts and donations and will be quite hard, financially, to replace.

FISH & GAME CLUB MEETS FEBRUARY 7

50-YEAR MASON— A 50-year pin for Masonic membership has been presented to Leroy Mullins of Berea. He formerly lived at Wildie but during his active years was a Morse telegrapher for the Pennsylvania Railroad. Mr. Mullins was raised in Ashland Lodge 640 in Mt. Vernon and later transferred to Excelsior Lodge 369 in Cincinnati, Ohio who authorized the pin. The presentation was made by Robert Cromer, Sheriff Tip Reppert, and John L. Bullock from Ashland Lodge.

Ford Asks Repeal Of Auto Transfer Tax

Lieutenant Governor Wendell Ford has recommended repeal of the 5% State tax on transfer of automobiles where there is no sale and no money changes hands. Pointing out the tax applies even when the title of a car is transferred between husband and wife or a parent and child and even though no money changes hands, Ford said:

"This is an unfair tax and there's no justification for it."

"Many Kentucky boys returning from Vietnam are having to pay from \$75 to \$150 State tax just to get their own car transferred back to their name from their parents' name."

"That's pretty rough on a fellow who's been fighting for his country for 12 1/2

months," Ford said. (Cont. To Page 6)

COMMITTEE COMPLETE FOR NEW SCHOOL

The remaining six members of the committee to study plans for the new county high school have been named. They are: Stephen Bullen, Virgil Aloom, and Charlie York, from Board Member Kenneth Adams' district; and Dr. George Griffith, James Robinson, and Howard Bullock, from the district of Preston Nunnally.

Breathitt hailed the increasingly successful series of heart transplants throughout the nation as "another long step forward in the battle against our nation's

greatest health problem." He pointed out that "last year our more than 45,000 volunteers established an other record high total of over \$515,000 in contributions to support Heart's major projects in the fields of research, community service and health education." Breathitt added that "we hope and expect to do even better this year."

HOW ABOUT A DRINK?— Could have been when Edward Barnett, left, and Edward Lee Jackson, Livingston City policemen, are saying; but, they are merely displaying some of the liquor which they confiscated from Jim Blevins, about 38, of Route 1, East Berea last Saturday night. Some Insecticides No Longer Recommended For Tobacco
 Most of the insecticides in the chlorinated hydrocarbon group will be dropped from UK's 1969 list of recommended soil insecticides for use on tobacco, according to the University of Kentucky Department of Entomology.

Aldrin, chlordane, dieldrin, and heptachlor are included in the materials no longer recommended. These materials were dropped several years ago as foliage insecticides by other states in the tobacco belt.
 Most states this year, including Kentucky, are suggesting that DDT be used only on plant beds and newly set plants. DDT should not be used for mid-season or late season tobacco plants, UK entomologists stated.
 "Long-lasting residues," Dr. R. A. Scheiber, UK entomologist, said, "are the problem with the chlorinated hydrocarbon insecticides." In some fields around the state, excessive residues have resulted from the use of these insecticides, and these soil residues can contaminate certain vegetable and forage crops. This contamination, according to UK, can occur through mechanical harvesting of these crops.
 Another concern is residue on the tobacco itself. Because some foreign markets

plan to curtail imports of tobacco containing excessive residues of certain insecticides, Kentucky buyers farmers should protect this market by starting now to reduce residues in the soil and on tobacco leaves, UK advises.
 Some of the alternative insecticides recommended to replace the chlorinated hydrocarbons do not persist in the soil or on the plants as long. However, some are more toxic when first used, and caution must be exercised in applying these materials, UK said. The 1969 insecticide recommendations will be available soon in the county extension offices.

Check List for Beef Cattle
 1. Keep vitamin A before all beef cattle during this month by mixing 30,000 units per each ½ ounce of salt put before the cattle. I still favor use of plain loose salt, free choice, in animal feeders, with access 24 hours a day. Most feed stores carry a Vitamin A premix; if not, contact an extension beef specialist and he will help you locate a source. (Don't forget about Ca and P).
 2. If you haven't already started the treatment to get rid of lice, mites, etc., start now. (½ lb. 25% W.P. EC-50 or 1 quart Kotex 24% EC in 25 gallon water does well as spray, as do other ma-

terials.)
 3. Feed the cows according to their production: a 1,000 pound dry cow 18-20 pounds grass hay daily, b 1,000 pound cow nursing a calf needs about 40 percent more than a dry cow back after the meeting. The following program is fairly firm at this time:
 —Beef Cattle Roundup—
 12:30 p.m.—Registration - Lobby, Agricultural Science Center; 1:00 p.m.—Dr. O. D. Butler, Texas A&M University. "What's Important in the Beef Cattle Business." 2:45 p.m.—Dr. James Wilbanks, Colorado State University. "Cow Herd Management." 4:45 p.m.—Annual Meeting, Kentucky Feeder Calf Sales Association Annual Meeting, Kentucky Cattlemen's Association; 6:00 p.m.—Social Hour, Springs Motel; 7:00 p.m.—Banquet, Springs Motel.
 Proceedings of the "Roundup" will be mailed to everyone who registers and pays the small fee that will also include tickets to the Social Hour and Banquet. Check with your area beef specialist for additional information.

What types of bargains or specials have you found? It takes a good manager to know one when she sees it. This isn't an easy task. But to help you become more skilled in managing for your family a Learn By Mail Course has been developed by the University of Kentucky Cooperative Extension Service. This is a course in family financial management entitled "Make Your Money Behave." A series of six lessons will

think of using only money but there are other resources. A good manager utilizes all family resources toward achieving family goals. These may be time, energy, materials, interests and abilities, knowledge, skills and community facilities. Management is using these tools to reach the goals we desire. A good manager seeks out ways of using other resources if one is limited.
 To learn more about your role as manager, visit your County Extension Office or call 256-2403, and enroll in the Learn by Mail Course. All participants must be enrolled before February 10th. So, call today and get your name added to the registration name.

Veteran's Questions & Answers

Q- I have been waiting to file my 1968 income tax return until I receive a statement from the Veterans Administration as to the amount of service-connected disability compensation I was paid last year. When may I expect this statement?

A- Since your service-connected disability compensation is not taxable, you will not receive any statement from VA and need not delay filing your return. As a matter of fact, veterans' benefits are generally exempt from taxation and not reported on income tax returns.

Among those exempt veterans' benefits are pension payments, educational assistance allowances, grants for specially-equipped homes and cars for the severely disabled, and payments to surviving dependents of deceased veterans. The only reportable item is the interest earned on G.I. insurance dividends left as deposit or credit with VA. This interest is not considered a veteran's benefit and must be reported as income. Veterans were advised on the anniversary date of their policy in 1968

of the amount of interest their policy earned for the year.

Q- I neglected to have some needed dental work done while in the Army because I was anxious to get out of the service. Can I get treatment from the Veterans Administration? I have been out of service three months.

A- Under a new VA policy, a veteran may receive such treatment, without regard to supporting military records, if he applies within six months after release from service, and if it is determined professionally within eight months after separation that the condition is service-connected. With supporting military records, a veteran may receive VA dental treatment for service-connected conditions during the first year after release from service.

Q- I have kept my World War II National Service Life Insurance as a term policy. Is there any way I can find out how much my premium will be increased for the next five-year period? Also, I can find out the comparative costs and advantages of permanent plan G.I. insurance policies?

A- Yes. By writing to the VA office where you send your G.I. insurance premiums, you can obtain information about your present term policy, including the next five-year premium cost. VA insurance officials will also be happy to send you information about the comparative costs and advantages of permanent plan policies.

It will probably be to your advantage to find out about these various plans as soon as possible. In any event, you should keep in mind the fact that the modified life plan, which offers the lowest permanent plan premium, is available only through age 60.

Cook Joins Hatfield Sponsoring Military Act

Senator Marlow W. Cook (R) of Kentucky has joined with Senator Mark O. Hatfield (R, Oregon) to sponsor the Voluntary Military Manpower Projection Act of 1969. Cook, who has strongly advocated an overhaul of our present Draft laws, joins in the measure designed to terminate involuntary induction, increase pay rates for certain enlisted personnel, and to improve the Ready Reserve and National Guard. The Bill provides safeguards for reinstatement of the Draft in event of national emergency and provides that young men continue to register at 18 so that the Draft could be re-established quickly. The action is a fulfillment of a campaign pledge and

was a popular issue on campuses, where Cook received widespread support. In other Senate action, Cook joined with Senator John Sherman Cooper (R) of Kentucky, in sponsoring a bill to add additional Federal Judgeships for the Eastern and Western districts of Kentucky. Kentucky state and local bar associations have pressed for additional judgeships for the State. The recommendations were made following study of accumulated statistics and analysis of court dockets in both districts.

Dinner Party Features Crab-Stuffed Chicken Rolls

Crab-stuffed Chicken Rolls, with certain small informal dinner parties rather than large gatherings. There is more opportunity for talk and an exchange of ideas. You may opt for two dinner parties on following days while the hostess spins and spin. Use the same menu and party decorations and do not let the food preparation tasks.

For this type of entertaining, feature a festive main dish, one that is a little unusual. Our Crab-stuffed Chicken Rolls, for example, combine three interesting foods in a new way, best-fillet chicken, exotic crab, and double-rich double-thick condensed cream of chicken soup. Ask your butcher to bone the chicken breasts for you unless you have a sharp boning knife and a doctor's hand. The remaining preparation is easy when you work your "magic" with a can of soup. Many seasonings are already combined in the soup so that all you need to add is milk, chopped parsley, and a bit of crushed tarragon. Arrange meat and vegetables in the same dish for easy serving (pour extra sauce from the chicken into a separate heated bowl). Complement the Crab- and

CHARLES C. CARTER Announces His Candidacy For County Judge

At this time I wish to inform the people of our county that I am a candidate for County Judge.

I have been your County Judge 16 years, a State Representative 2 years, and a Deputy Sheriff 4 years.

I don't believe any one will question my qualifications for the office I seek.

I will in the future as the past see that everyone brought into my court will be dealt with according to law.

There will be candidates for all the offices of the county, and I want to assure you I will take no part in any of them regardless of who they are or the office they may seek, save my own.

If nominated and elected, I will work for the benefit of our country and the future generation, having in mind that the first duty of any official is to see that justice is done.

Your influence and help will certainly be appreciated regardless of your political affiliations.

My nomination is subject to the action of the Republican Party at the Primary Election May 27, 1969.

At the present time, I am working at construction work, but will quit in time to canvass the county and carry on an active campaign.

If you have any questions concerning my candidacy, you may call me at my home any evening after 5 p.m.

THANKS FOR PAST FAVORS,

Charles C. Carter

Library Notes

A shipment of new books has been received from the Department of Libraries. Among them are:

THE BEATLES, by Hunter Davies. A mature biographical assessment of this famous musical group.

CAN WE WIN IN VIETNAM?, by Frank Ambuster and others. Mr. Ambuster and his colleagues attempt to provide a systematic clarification of the issues involved over the future course of the war in Vietnam. The authors, all experienced analysts of political and military affairs, represent different points of view.

THE FIRST PRESIDENT JOHNSON, by Lotely Thomas. A comprehensive biography of the 17th President of the United States.

MISS ONE THOUSAND SPRING BLOSSOMS, by John Ball. A love story involving a conservative, 35 year old bachelor engineer from New England and a beautiful Japanese geisha girl.

ONE MAN'S MEXICO, by John Lincoln. Mexico is a country which is much visited but only superficially understood by the average tourist. The author spent several years there and his book is an understanding account of its cities as well as its lonelier regions.

SEVEN GLORIOUS DAYS, SEVEN FUN-FILLED NIGHTS, by Charles Sogkin. One man's struggle to survive a week watching commercial television in the U.S.A.

TWIGGY AND JUSTIN, by Thomas Whiteside. From his closing view, Mr. Whiteside has drawn an incisive portrait of two oddly fascinating people, and of the surrounding commercial world of fashion and mass communications.

New books for children have just been received from the State Department of Libraries, Frankfort, Kentucky.

THE BUS GIRLS, by Mary K. Harris. This absorbing

novel, set in an English seaside town is the deceptively simple story of two girls and their growing friendship. A book that readers will find difficult to put down this will appeal to those in the fifth to the eighth grade.

ORDERS TO VIETNAM; A NOVEL OF HELICOPTER WARFARE, by W.E. Butterworth. A young draftee counters horror and heroism while flying a combat helicopter in Vietnam. An authentic, uncompromising novel of today for junior and senior high school readers.

THE STARLIGHT BARKING, by Dodie Smith. This is a humorous story about dogs taking over the world while all the humans are temporarily put to sleep. Pongo and Missis, two delightful Dalmatians, are the heroes of this book written for those in the fifth to the ninth grade.

Mrs. Phillip Davis, Librarian
