

KENNEDY WILL SPEAK AT DEMO JAMBOREE

The Kentucky Democratic Party's annual major fundraising affair, the Jefferson-Jackson Jamboree, will feature Senator Edward M. Kennedy as the principal speaker Saturday night, May 10, at Louisville.

The program will begin at 6:30 p.m. (EDT) in the east wing of Freedom Hall at the Kentucky State Fairgrounds. The format for the fund-raiser will be changed slightly from past years. Normally a meal is served before the program begins. This year there will be no food but a larger portion of entertainment. Food will be available at Fairgrounds concession stands.

Senator Kennedy will make two appearances before the Democrats. Immediately before the Fairgrounds program the senator will attend a \$500-a-plate dinner. Tickets for the Jamboree are \$25.00.

VETERANS QUESTIONS & ANSWERS

Q— My son will soon be discharged from the Army after two years of service. He received his college

education under the War Relocation Education Assistant program. Will he be entitled to any additional education assistance under the G.I. Bill?

A— Yes. A recent law increased the aggregate amount of Veterans Administration educational assistance which a veteran may receive under two or more programs from 36 to 48 months.

Assuming your son received 36 months of VA benefits under the War Ophans program, he will be entitled to 12 months of additional aid under the G.I. Bill.

He should make application for a Certificate of Eligibility from the VA regional office where his veteran records will be on file.

Q— I am a World War II veteran who financed my home with a G.I. loan. I am being transferred to another city by my employer. May I have my G.I. loan entitlement restored?

A— Yes, the state of your G.I. home due to such transfer entitles you to restoration of entitlement provided the loan is paid off.

However, as a World War II veteran, you have only until July 25, 1970, to use

your restored entitlement. Check with your VA regional office where your records are now on file for further information and assistance in this matter.

Q— I pay premiums on my G.I. insurance quarterly and am concerned because I have not received my premium due notice. Should I wait until I receive this notice before paying my premium? I certainly don't want to take a chance on my policy lapsing.

A— By all means pay your premium when it becomes due even though you may not have received a premium due notice. Be certain to include your policy number with your payment.

CARD OF THANKS

We, the family of Henry Payne, wish to thank all our friends and neighbors for the abundance of flowers, food, and kindness. A special thanks to Sparks Funeral Home and the staff at the Rockcastle County Baptist Hospital.

LIGHTS! CAMERA! ACTION!—The lobby of the Lexington-Fayette County health department provides background for health officer William R. Elson, M.D., and a group of busy nurses as filming begins on the State Department of Health's first production for the Kentucky Educational Television network. The 30-minute program on home health services is the first in a series of public health in Kentucky created for ETV by the Department's Office of Health Education. Under the direction of ETV staffer Don Van Cleave, portions of the home care program have already been filmed at eight locations in Lexington. The program is scheduled for completion in May. Upcoming subjects include teenage nutrition and Kentucky's open dumping problems.

Area Agent's Notes

Area Extension Agent

Lawn Mowing
The lawn mowing season is coming into full swing. To make your mowing job as easy as possible check your mower to insure good operation. The engine should start easily and the blade should be sharp to cut the grass evenly.

Rotary mowers in recent years have permitted the homeowner to expand the

unattended the motor should be stopped.

Keep the mower clean for cooler operation of the engine and when inspecting the blade or other moving parts, always disconnect the spark plug wire. As a final safety precaution, do not let small children operate the power mower or be in the area of the mowing operation.

Pruning Spring Flowering Shrubs

Spring flowering shrubs that produced blooms on last year's growth should be pruned as soon as the flowers fade. Pruned plants will have larger flowers next year than the unpruned ones. When cutting out deadwood, cut an inch or two below the deadwood into live wood. Control the size of the shrub by thinning out disorderly branches and stems. Cut the branches back to larger stems by cutting them back to the ground.

Thinning allows room for the growth of side branches, which make the plant bushier. When you thin the stems, cut out the taller stems first. Do not remove all the old stems in one year. Cut out about one-third of the stems each year for three years so you always have a flower display.

Some spring flowering shrubs and their pruning requirements are as follows: Forsythia - cut old stems to the ground as necessary to promote new growth; Firethorn (Pyracantha) - prune to control size and shape. Severe pruning reduces the number of berries on the plant; Azalea - prune branches to promote new growth; Flowering Quince - cut old stems to the ground to thin the plant and promote new growth; Spirea - some common early flowering types are Bridle-wreath, Garland and Van-houck. Remove 3 year old wood and prune branches to shape plants; Weigela - prune old branches and thin new growth as necessary to prevent crowding; Mockorange - prune 3 year old wood to promote new growth.

Summer Flowering Shrubs
The summer flowering shrubs bloom from mid-June into fall. These shrubs should be pruned in the dormant season, usually in the spring before growth starts.

Coniferous, evergreen shrubs, leaved, evergreens are also best pruned in the spring, usually May or June, when the buds and shoots are newly forming. If pruned early in the spring, can

usually be pruned to cutting back part or all the new growth. When they need more severe pruning, cut them back to a growing shoot shortly before or just as growth starts in the spring.

Time To . . .

Begin spraying to prevent black spots on roses. Mow the lawn high. Mowing the grass high encourages bluegrass & discourages crabgrass.

Keep weeds and grass hoed away from young trees and shrubs.

Use Amaze or Amigo Triazole to kill poison ivy about the home. Be careful not to spray desirable plants.

Use general-purpose sprays on backyard fruit trees.

After blooming, keep narcissus and tulip tops alive as long as possible for the benefit of next year's bloom.

Put on several sprays to prevent black rot of grapes. Prune spring flowering shrubs after blooming.

ATTEND WORKSHOP

Mrs. Jack Henderson, Mrs. Tom Coffey, and Mrs. Philip Davis recently attended a workshop at Berea.

The class was on "Laubach Literacy," which provides an opportunity for anyone who can already read to make an important contribution to the total well-being of the community.

According to Dr. Frank C. Laubach, it becomes more than just teaching a

person to read or write, it becomes a matter of concern and consideration. Kentucky has 10 to 14% of persons, 25 years old and older, with less than five years of formal schooling. Dr. Laubach's motto is "each one teach one."

Are you interested enough to help? If so, contact Mrs. Davis or Mrs. Coffey at the Rockcastle County Library.

Washer with the Silver Lining
The Lifetime Stainless Steel Tub is a Speed Queen exclusive. Chip Proof, Rust Proof, Corrosion Proof. Stainless Steel is ideal for Durable Press clothes. The Speed Queen tub is designed with a load capacity best suited to meet the present-day trend in fabrics. Clothes are requiring more and more sorting. The average size load in the average family is not calling for a bigger and bigger tub. In fact, the opposite is true. The Speed Queen tub has the ideal capacity to handle the widest range of loads created by modern home laundering conditions. There's economy too! By having a tub sized right for most of the loads a woman has to wash, she enjoys definite savings in hot water and detergents. Speed Queen tub capacity has the additional advantage of providing the best load balance between washer and dryer. Remember this: In the average family, the tub is not governing the size of the wash load. Synthetic fabrics, less and less bulky of clothes, and more frequent washings combine to "dictate" the size of wash loads. In keeping with this trend, Speed Queen engineers have designed the optimum size tub that fits most efficiently into today's home laundry picture.

"SCHOOL BOARD"
(Cont. from front)

The buses will cost \$6,080.29 each.

Three school trips, two while school will be in session, were authorized by the Board. Sand Springs and Blue Springs Schools will be allowed to take May 22 for a trip to Berea to visit the Arts and Crafts Fair, Mrs. Edna Fain was authorized to use a school bus to take her class to see the Stephen Foster Story at Bardstown in June, and Bill Pike, teacher at the Johnetta School, will take his pupils to Faincroft on May 15.

Upon the recommendation of the Superintendent, the Board voted to re-employ the twelve month personnel in the school system. In addition to the custodians,

these employees are Willard Whitaker, Transportation Director, Lloyd Shatts, Finance Officer, Mrs. Nancy Williams, Director Pupil Personnel, and Paul Owens, Director of Maintenance. Supt. Parsons also recommended that the Board re-employ all certified teachers who taught in the school system last year and who have applications on file for the 1969-70 school year, excluding those who the Board had declined to re-hire. The motion was passed unanimously.

The first change-order which the Board has had to worry with on the Vocational School was submitted this past month by the contractor. It seems that the architect's design failed to specify if the contractor or Kentucky Utilities was responsible for laying an underground cable from the school grounds on the lower side to the pad where the line is hooked onto the building a distance of about

50 feet. The Board voted to further study the designs and contact the architect regarding the matter. However, without much recourse, Willie Taylor made a motion seconded by Vashti Mullins, to the effect that if the specification is not in the original contract the Board will stand responsible for the \$475 necessary to lay the cable.

Also on a motion by Willie Taylor, seconded by Kenneth Adams, the board voted unanimously to authorize the application for funds to operate the Title I Summer Program.

The program of inadequate schools and lunchrooms in five of the county's rural schools was brought to the attention of the Board by Board member Virgil Mullins.

Mr. Mullins told the Board that they could anticipate quite a problem at the beginning of the next school year in the Climax, Johnetta, Owen Allen, Poplar Gap,

and Cove Branch School areas. According to Mr. Mullins, several of the children living in these school districts are now riding the school bus to Livingston and that, unless something is worked out, many parents have told them of their plan to also send their children to Livingston next year.

The main causes of complaint in these areas, Mr. Mullins told the Board, is the inadequate facilities, the teachers having to spend so much time cooking the noon day meal instead of teaching, and the problem of keeping a permanent teacher at Climax.

Mr. Mullins' recommendation to the Board was that, since it is not feasible to send children in school buses over Loman Hill to Roundstone School a good deal of the school year, there be arrangements made to group these five rural schools into one location, possibly at Johnetta, so that these problems might be eliminated or at least

greatly alleviated until the new county high school could be in operation. Mr. Mullins had also mentioned the possibility of busing the children to Livingston but Supt. Parsons said this was not possible since

Livingston was already "bulging at the seams" and could not possibly accommodate this many more children. The matter was continued until a Facilities Survey team from the State Department of Education can be in the county and look into the matter. The Survey Team is expected sometime this week or the early part of next week.

**VOTE FOR
Tip Reppert
County Judge
Rockcastle County**

Please remember me on Primary Election Day, May 27, 1969.

I welcome the opportunity to serve you as your County Judge and to work for the best interest of the county as a whole.

Rockcastle County residents are the finest in the state and deserve county officials of high calibre who are willing to put forth their best efforts for them and who are acquainted with a state official.

I have been exceedingly busy with the work involved in my Sheriff's office, but now that I am through the busy season on my tax books, I will do all possible to see all of you at the election. In the event that I do not get to see each one, I would certainly appreciate your remembering me with your vote on Election Day.

THANK YOU

**To The Voters Of The
1st Magisterial District**

I have seen and talked to a lot of you, but since I am a poor man and have to work for a living, it will be impossible for me to talk to each of you before election day, May 27.

I feel that I am well-qualified to serve you as your Magistrate. I am a life-long Republican, 44 years old, and a veteran of World War II. For the past 17 years, I have been employed by the Kentucky Stone Company. I am married and have five children, three married and two at home.

I would be honored to have the opportunity to prove my ability to serve you as your next Magistrate. I promise, if I am elected, that I will work with the Fiscal Court to the best of my ability and spend what money is appropriated in the places where it is needed most.

So when you go to vote, vote for a man who will work to serve you.

Fiscal Court Meets

Residents and the school bus driver from the Crooked Creek and Johnetta Road which runs off of the Brush Creek Road met with the Rockcastle County Fiscal Court last Tuesday to ask that the county try to get the road set up for maintenance since it was a highly dangerous route, the way it now is, for a school bus loaded with children to have to travel. The Fiscal Court told the residents of the area that state engineers would inspect the road and make their recommendations at the next meeting of the Court in June.

James Bryant, of the State Highway Department, was present at the Fiscal Court meeting and presented a supplemental agreement for the rural roads repairing that the program be revised to include 2 mile on the Freedom Road and 1 mile on the Bee Lick-Poplar Grove Road. This revision includes chip and seal for the distance mentioned on the two roads.

Mr. Bryant also presented the County Road Aid Program for 1969-70 to the Court for their approval. This program provides \$97,028.57 to be spent for maintenance and repairs to 119.1 miles of roads in the county, six bridges, and three roads for repair.

Some dissatisfaction with the roads set-up under this program was expressed by Magistrate C.W. Phillips and County Judge Wayne Van Hook, since the program, according to Mr. Bryant, would not do any roads for repair in his district. Judge Van Hook asked the Fiscal Court members to hold off on approving this program to see if the state might recon-

sider and add 1.5 of a mile off of the Chestnut Ridge Road to the program. However, Magistrate Hubert Thacker made a motion that the program be approved as submitted and the motion carried.

Roy Brown, Chairman of the Rockcastle County Extension Board, presented the Board's budget for 1969-70 in the amount of \$7,398.50, which is a \$687.00 increase over last year's budget. Mr. Brown told the Court that this increase was necessary due to the increased cost of office supplies, and the minimum wage and social security. Magistrate Phillips made a motion that the Court approve the budget and the motion carried with the exception of Magistrate Hubert Thacker abstaining.

The resignation of Dr. J.D. Henderson, Sr., as Treasurer and Board Member of the Rockcastle County Health Board was accepted by the Court. Attorney John P. Allen was appointed by the Court to fill the post.

A letter from the General Services Administration, concerning the Selective Service Office in the court-house, was read to the Court by Judge Van Hook. The letter stated that there were clerical deficiencies in the maintenance of the local office which should have been taken care of according to the lease. Three main deficiencies were noted: (1) reeducation of the office was due in December; (2) plaster above window in office is loose and (3) no venetian blind at window. The Court voted to buy the paint and adhere to the same figure as four years ago.

The three raised were the County Treasurer's post, held by Mrs. Aletta Norton, \$100 a month court house janitor, \$200 per month, and the Circuit Court stenographer was raised from \$25 a month to \$150 a month. The late Circuit Judge R.C. Tartar had previously made up the \$125 a month difference and when Circuit Judge Lawrence Hall was appointed upon the death of Judge Tartar it became necessary for the county to come up with the additional salary. The amount paid the court stenographer is set by state law. Fiscal Court member Curtis Roberts said that he felt that if the court was going to have to pay this amount then they should be able to hire someone from Rockcastle to fill the job. However, he was informed by County Attorney Jimmy Lambert that the Circuit Judge had the power to hire whomever he wished to fill the post thereby giving the Fiscal Court no authority to hire a stenographer.

RADIO AUCTION. The auctioneers were kept quite busy selling and introducing new items during the first night of the Mt. Vernon Recreation Council's Radio Auction. Shown in the above photo are, from left: Jack Lewis, Dr. Joe Henderson, Attorney John P. Allen, James Cox, and Bro. Norman Howard. The auction grossed over \$500 the first night, including the cash donations.

County Salaries Set By Court

At a special call meeting of the Rockcastle County Fiscal Court last Friday, the salaries of county officials were set for the next four years.

Hubert Thacker made a motion that the County Judge's salary, which is presently \$3900 a year plus fees, be set at the same figure. The motion was seconded and passed unanimously. This seemed to get a trend as all other salaries, with the exception of the Dog Warden or Livestock Inspector.

Four years are as follows: County Attorney - \$50 a month plus fees, not to exceed \$9600.00; County Clerk - \$50 a month plus fees, not to exceed \$9600.00; Coroner \$50 per month; Magistrates - \$50 a month plus \$15 for each meeting; Juvenile Clerk - \$12.50 per month; Livestock Inspector - \$20 per month, and Dog Warden - \$30 per month. At present, there is neither a Dog Warden or Livestock Inspector.

SEVERAL ITEMS LEFT ON RADIO AUCTION

Remember the phone numbers 256-2148 and 256-2165. These are the numbers you may call tonight (Thursday), and possibly tomorrow night if items hold out, to place your bids on the Mt. Vernon Recreation Council's Radio Auction. The auction has been going on since Tuesday night and begins at 5:30 this evening.

So lend your support to this worthwhile drive for funds to operate Mt. Vernon's Summer Recreation Program.

Dr. Gilliland Employed To Help Plan New School

The Rockcastle County Board of Education has employed Dr. John W. Gilliland, of the School Planning Laboratory, University of Tennessee, and his staff to help plan the new county high school plant and curriculum.

The action came at the Board's regular monthly meeting last Monday night. One-half of Dr. Gilliland's \$8,000 fee is paid by the Educational Planning Commission. The other half will be absorbed by the architects hired to design the new school. The motion was passed with Board member Virgil Mullins abstaining.

There will be a public meeting next Tuesday night, May 13 to introduce Dr. Gilliland, his staff, and the architects to the general public. The meeting is scheduled for 7:30 at the Mt. Vernon School.

Bids for the Orlando School building and grounds were opened. The bids ranged from a low of \$85 to the high and successful, bid of \$201.00 submitted by Lloyd Stewart of Orlando.

An Internal Accounts Auditing Committee was appointed.

pointed by the Board. This committee visits each of the four consolidated schools in the county and audits their lunchmen and general fund accounts. The committee, which is composed of the same three school employees who have served in past years, is made up of Lloyd Shuts, Pauline Mullins, and Bessie Burdette.

Four leave-of-absence were granted to teachers in the school system by the Board for the 1969-70 school year. Two, Mrs. Margie Wilcox and Jobby Durham, were granted for reasons of sickness, and the other two, Mrs. Juanita Witt and Carla Hale, were granted so that they might accept scholarships at Western Universities to obtain their Master's Degrees.

The resignations of Galfiff Craig, who was recently appointed Director of the Cumberland Valley Development District, and Nina Taylor, a reading aid at Broadhead School, were accepted by the Board. Mr. Craig had served as Supervisor of Instructor for the Rockcastle County School System. Mrs. Vivian Mullins was employed by the Board upon the recommendation of Superintendent Charles Parsons, to replace Mr. Taylor. Supt. Parsons told the Board that there would probably be no action

taken on replacing Mr. Craig until the 1969-70 school year.

Parsons also told the Board that a Transportation Survey made recently in Rockcastle by the County State Department of Education, indicated the need for the Board to purchase two additional new 66-passenger school buses. On a motion by Willie Taylor, seconded by Kenneth Adams, the Board voted unanimously to purchase the buses under the state's contract. The low bidder for the state-wide contract was International Harvester.

Cummins Ordained

The Freedom Baptist Church ordained Don Cummins to the gospel ministry on Sunday, April 20. Thirteen churches, represented by twelve ministers and twenty deacons, formed the thirty-two man council.

Churches represented were: Broadhead, Fairview, First Baptist, Freedom, Mareburg, Mt. Pleasant, Mt. Zion, Pine Hill, Poplar Grove, Scaffold Cane, and Valley, all of the Rockcastle Baptist Association, and Oak Grove No. 2 and Woodstock of the Pulaski Baptist Association.

Rev. John Zupancic of Broadhead served as moderator, Rev. Henry T. Parrott, Associational Missionary, served as the clerk, and Rev. Jeffrey Wheelon was interrogator. Rev. Gene Hansford, pastor at Woodstock in Pulaski, brought the charge. The ordination prayer was led by Rev. Ray Dean, pastor at Fairview, and the Bible was presented by Bro. Jarye Noe, chairman of deacons of Freedom.

Special music was given by Mrs. Lucy Payne and Don Raymond McKinney.

Rev. Cummins is now serving as pastor of the Poplar Grove Baptist Church.

CANDY STRIPPERS. The Candy Stripper program is primarily a teen-age volunteer service which provides an opportunity for teen-agers to learn of hospital careers, to develop a sense of civic responsibility, and to provide a useful service to the hospital. Upon completion of fifty hours volunteer time, the girls are entitled to wear a cap. Several of the girls involved in the current program being carried out at the Rockcastle County Baptist Hospital have earned these caps. Barbara Wheat, Lindo Stokes, and Loreeta Kirby (not pictured) are graduating seniors.

Meeting Scheduled On New School

A meeting has been scheduled for Tuesday night May 13, 1969 at 7:30 P.M. at the Mt. Vernon School for the purpose of getting the community on the actual planning of the new high school.

All high school teachers and administrators have been invited and urged to be present. The meeting will also be open to the public if anyone wants to attend.

The Architect, Donald B. Shelton and Dr. John W. Gilliland of the School Planning Laboratory, Uni-

versity of Tennessee will speak on school planning. After the general session the teachers and other school personnel will be organized into departmental committees to begin studying and planning just what each department in the high school should contain. If all goes well the planning should be completed this summer and possibly a contract can be let in late fall. Construction is expected to take approximately 18 months to 24 months.

CABOOSE AT HOME. The L. & N. Caboose, which they donated to the Rockcastle County Jaycees for their use, has been situated behind the Floyd Ovens Dinner Bell Building on Richmond Street. The caboose will be used for meetings by the Jaycees who plan to paint and redecorate the car. Workmen are shown in the above photo moving the caboose to its new home.

They all earned caps as well as Connie McFarron, Bessie Gentry, and Sharon Sparks. Members of the program shown in the above photo are, first row, from left: Vickie Smith, Carolyn Reppert, Cathy Baker, Barbara Wheat, and Lindo Stokes. Second row, from left: Mrs. Jack Lewis, supervisor, Lynette Hunt, Linda Hill, Betty Jo Kirby, Lavonia Wheat, Linda Miracle, Almeda Gentry, Connie McFarron, and Mrs. Betty Purcell, advisor. Not present when the picture was taken were: Sharon Sparks, Bessie Gentry, Loreeta Kirby, Debbie Craig, and Beverly Pittman.

Local Girl's Work In Literary Edition

Three students at Eastern Kentucky University, whose work appears in the 1969 edition of the literary magazine, "Aurora," have been presented cash awards for their outstanding prose and poetry.

Robert Pollock, Richmond, is the recipient of the Dudley W. Giles award for poetry, and ties for the Roy B. Clark award to the "most promising creative writer" in the magazine.

Awards went to Pollock for his poems, "Poem to the End of Day" and "Home-

wood." Christine Knepper, Cincinnati, Ohio was awarded the Roy B. Clark award for prose fiction, established by the late Dr. Clark, one-time chairman of Eastern's English department.

Betty Jo Brown, Brodhead, shares the creative writing award also named for Dr. Clark, and shared by Pollock. Miss Brown earned the recognition for her short story, "Bunny."

NEWS OF KENTUCKY

By: J. Robert Miller
Comm. of Agriculture

Governor Nunn's announcement of the State's plan to construct another \$1 million animal diagnostic laboratory on Coldstream Farm, near Lexington, not only reflects the ever-increasing importance of the livestock industry in Kentucky. It also accentuates the Commonwealth's determination to strengthen our ever increasing agricultural economy in general.

You will recall that agricultural leaders throughout the state have pointed out continually that our greatest potential for expansion in Kentucky agriculture is in livestock. With two of the very best diagnostic centers in the nation, undoubtedly one among the leaders in this phase of the livestock industry.

These diagnostic services are free to any livestock owner or veterinarian in the state of Kentucky - or even owners of pets, including cats and dogs.

Many of you are familiar with the facility already in operation at Hopkinsville which is similar to the one planned near Lexington. The Hopkinsville laboratory was opened July 1, last year. Funds for this Central Kentucky unit were recommended in Governor Nunn's 1968-70 budget and approved by the 1968 State Legislature.

That Hopkinsville laboratory is the only such facility in the state. In fact, only one laboratory in the entire nation - the U.S. Department of Agriculture unit at Ames, Iowa - is capable of doing any more diagnoses. And few states have comparable laboratories to ours already at Hopkinsville.

Dr. L.G. Northington, your State veterinarian, tells me that the Central Kentucky laboratory will differ

from the Hopkinsville unit in these ways. Being located in the heart of the thoroughbred capital of the world, it will emphasize diagnostic procedures as related to the horse industry. It will have more elaborate toxicology and meat-quality control facilities.

Basically, as at Hopkinsville, the Central Kentucky unit will have comprehensive sections on autopsy, bacteriology, virology, serology, clinical chemistry (blood counts) and histopathology (special tissue tests). However, much of the expensive equipment and detailed procedures necessary to do some of the more involved diagnoses will not be duplicated.

In other words, the more intricate diagnoses now available at Hopkinsville can be continued there and conversely, the more elaborate toxicology and meat-inspection procedures will be done in the near

Lexington unit - to achieve maximum efficiency at the lowest-possible cost.

Dr. Northington also tells me that the Hopkinsville laboratory now is averaging each month 350 animal autopsies, 400 to 500 bacteriological specimens, 12,000 to 14,000 blood and milk samples, over 400 histopathology examinations and 250 chemical chemistry diagnoses.

This new laboratory at Central Kentucky, as at Hopkinsville, not only will diagnose animals but will also detect contamination in feeds. So it will prevent disease as well as diagnose disease.

NEW RESTAURANT AT FORT BOONESBOROUGH

State Parks Commissioner Gable announced the opening of a new, \$450,000 restaurant and bath house complex at Fort Boonesborough State Park. At the April 15 dedication, Gable said the new facility, located on the Kentucky River 13 miles north of Richmond, contains the most modern food service equipment available to provide the best possible service for the Park's anticipated 900,000 visitors this year.

"This beautiful new facility is situated on one of the finest natural beaches in Kentucky. Boonesborough is located just a few miles from Lexington, Winchester, and Richmond. It is convenient to all of the people of Fayette, Jessamine, Madison, and Clark counties," Gable said.

He explained the new complex replaces an old concrete block structure which became out-dated and inadequate to serve the needs of the popular day-use Park. The new restaurant has accommodations for 105 at tables, counter service for 45 and booth seating capacity for 65, all in air-conditioned surroundings.

There is a carry-out window for out-door eating, and vending machines offering snacks. Close-by is a patio equipped with fiber-glass tables. Gable called the complex an "interesting example of contemporary architecture" with a long ramp to the restaurant and a bath house located below. A first-aid and life guard station, vending area and patio, complete the lower level facilities.

An added feature to the bath house is the installation of coin operated stainless steel lockers instead of old-style baskets for

Lazy Spring Suppers Star Beans 'n Beef

Susceptible to serious bouts with spring fever? Canned beans . . . pork & beans with tomato sauce, barley, lima beans and ingredients—beans & franks in tomato sauce and beans 'n beef are a versatile quartet for spring meals.

Use any of the four kinds of beans to toss together a quick casserole or skillet supper. Or create an exciting stroganoff dish with beans 'n beef. Simply heat the beans with sautéed onion rings, sliced mushrooms, and thyme blending in soup cream and parsley for oomph.

Beans 'n Beef Stroganoff (continued from page 1) Paprika (combined cream of chicken soup made with milk and garnished with green pepper ring and a spattering of paprika). Accompany the bean use by swimmers.

Fort Boonesborough State Park has ample accommodations for tent and trailer campers complete with electric service, rest rooms and fresh water.

Boaters can tie up near the beach, make camp at the water's edge and enjoy all the facilities of the exclusive boat camping area. Other attractions include a playground, two picnic shelters, rich scenery, and a fishing program from June through August.

Use for bids to have the entire courthouse painted. The Court also approved the Board of Supervisors (or Equalization Board) recommended by the Judge. Appointed to the Board and their terms of office are: Boston Daugherty-two years, Nathan Mullins-three years, and Floyd Owens-four years. Taft Bullock made a motion, seconded by C.W. Phillips, to allow the University of Kentucky to microfilm the county records (deeds, marriage bonds, wills, and court orders) free of charge to the county. This gives the county three records instead of the one which they now

have, since the University supplies a film of the records to the county and maintains one at the University. A motion was made by Sherman Sargent and seconded by C.R. Phillips to re-employ Mrs. Arletta Norton as County Treasurer for the next four years. The motion carried unanimously. There is a balance of \$2,483.92 in the County Rural Road Fund after all bills have been paid and on a motion by C.W. Phillips, the Fiscal Court agreed to split the balance five ways giving each Magistrate \$496.73 for road repairs and maintenance.

INSPECTION PERIOD FOR THE PROPERTY TAX ASSESSMENT ROLL

The Rockcastle County property tax roll will be opened for inspection from May 12 through May 16, 1969. Under the supervision of the tax commissioner or one of his deputies, any property owner may inspect the tax roll to check the assessment of his property and compare it with the assessment of comparable property to determine whether it is equitably assessed. The tax roll may not be inspected for any other purpose.

This is the January 1, 1969 assessment on which state, county, and school taxes for 1969 will be due on September 15, 1969.

The tax roll is in the office of the county tax commissioner in the county courthouse and may be inspected between the hours 8:30 and 4:00.

Our Mothers, the Unsung Heroes

By Abigail Van Buren

(© 1969 by Chicago Tribune-N.Y. News Synd. Inc.)

DEAR ABBY: Mother's day will soon be here and I wish you would say something in your column to remind "young marrieds" to remember their mothers-in-law, too. Even if it's only a card or a note. There were so many years when I should have remembered my mother-in-law, but I was too "busy."

This year I will send her a spray of flowers — to the cemetery — bitterly regretting that I failed to send her flowers while she was living. I should have appreciated her more, written her more about her grandchildren, whom she loved so much, and most of all I should have let her know how much I had grown to love her.

I hope others will not make the same mistake I made because next year may be too late. Abby, please use my real initials. I want my father-in-law to know how I feel. Sincerely yours,

L. G. M.

baskets of white gladioli and carnations. Candelabra on either side completed the setting.

Escorted and given in marriage by her father, the bride appeared in a floor length gown of white satin. It featured a fitted lace bodice, a square neck trimmed in lace and long tapering fitted sleeves of lace. Tiers of lace highlighted the full skirt. Her finger tip veil was secured with a double crown of crystal and seed pearls. She carried a bouquet of white carnations with green leaves and white satin streamers. It was centered with a white orchid.

The bridal attendants were attired in identical floor length A-line aqua gowns of bonded crepe, with fitted empire bodices and short sleeves. They wore matching head pieces and carried bouquets of white carnations with white ribbon streamers! Each attendant was given a charm, a gift from the bride.

The mother of the bride chose a mint green dress with a matching mint green and white coat. The groom's mother selected a navy coat ensemble. Each wore a corsage of white carnations.

A reception, following the ceremony, was held for relatives and friends at the Brodhead High School cafeteria. The serving table was covered with a white tablecloth and centered with a three-tiered cake decorated with pink and aqua roses and topped with a miniature bride and groom. Fruit punch, nuts and mints were also served. Hostesses were Mrs. Shirley Martin and Mrs. Christine Taylor. The bride gifted them with white aprons. Mrs. Virginia Hensel registered the guests. She was gifted with a corsage of white carnations.

For traveling to the Smokey Mountains, the bride wore white dress and coat ensemble. She wore white accessories and the orchid from her wedding bouquet. The couple will reside on R.R. 1, Mt. Vernon.

The bride, a graduate of Lewis Cass High School, Walton, Indiana, is employed by the Commonwealth of Kentucky. The

groom is a graduate of Brodhead High School and has served two years with the U.S. Army. He is presently engaged in farming.

Annual Kentucky Guild Fair At Berea. On May 22-25

Candlemakers, potters, woodcarvers and jewelers will demonstrate their skills and offer their products for sale at the third annual Kentucky Guild Fair in Berea, May 22-25.

These and other members of the Kentucky Guild of Artists and Craftsmen will gather at the Indian Fort Theatre with exhibits, sales booths and demonstrations. Their handmade items will include such traditional products as combsuck flowers and dolls, hand-dipped candles,

pottery, quilts and rugs as well as contemporary art in the form of paintings, prints, sculpture and jewelry.

As the focal point of the fair, the main exhibit will be a cross-section of the work of the Kentucky Guild members. It will give a general picture of high-quality Kentucky craftsmanship.

Many of the 125 artists and craftsmen will be demonstrating the methods of their various crafts. Visitors to the fair will see wooden bowls carved,

combsuck hand-dipped, chairs made, rugs hooked, iron work, large hand pottery glazed by Raku, an ancient Japanese method.

The fair is expected to draw seven to eight thousand visitors, bayers from some of Kentucky's large department stores will make up part of the crowd.

Food will be available on the grounds and there are picnic facilities. Hours are from 10 a.m. to 9 p.m. each day except Sunday when the show runs from noon to 5:30. Admission is \$1; children under 12 are

admitted free. Special group rates are available. Richard Bellando, Director of the Kentucky Guild of Artists and Craftsmen, may be contacted for

REPUBLICAN QUALIFIED VETERAN

VOTE FOR WILLIAM D. GREGORY

HONEST AVAILABLE AT ALL TIMES FAIR AND IMPARTIAL

CO-CHAIRMAN YOUNG REPUBLICANS FOR NIXON

CAMPAIGNED STATE-WIDE FOR ENTIRE REPUBLICAN TICKET IN 1967

Pol. Adv. Pd. for by W. Gregory

AN OPEN LETTER TO THE VOTERS-----

As most of you know, I am a candidate for the office of County Attorney for Rockcastle County. I will not have the opportunity to see everyone who is eligible to vote in the coming election however I am trying to see as many people as possible. I want to take this opportunity to let you know about me and what I stand for.

I was born and raised here in Rockcastle County. I went to school at Mt. Vernon and graduated from the University of Kentucky with a BA degree. I worked for the L & N Railroad while attending UK. Later, I spent two years in the United States Army. Following my time in service, I attended law school and graduated with a LLB Degree and a Doctorate of Jurisprudence. I subsequently practiced for a short time in Manchester, Kentucky with Lester Burns, who at that time was the Republican Candidate for Attorney General of Kentucky. During this time, I campaigned state-wide for the Republican ticket. I am married and have one child. I now live on Route 3, Mt. Vernon, Kentucky, near Renfro Valley.

It is my intention, if elected to this important county office, to be fair and impartial to all those who have any matter before the court. If a person wants a trial for whatever complaint is lodged against him, he should be able to put his case fully before a jury and let the jury decide. The County Attorney has the job of opening the way for the case before the jury, and this is what I intend to do in a fair and impartial manner for the benefit of all people, not just one party.

I intend to protect the interests of the people of Rockcastle County, to prosecute under the Kentucky law and under our present Constitution. I also intend to give the best legal advice of which I am capable when dealing with any of the county officials. If in my opinion the law is clear and there is a proper course of action which should be taken by the county, I will so advise any elected official. I do not intend to interfere with any of the other county officials in any way. I will have the tremendous responsibility of the one office and I do not intend to try to run any other county office. I am not in any way connected with any other candidate for office; therefore, I will work with whoever the voters of the county elect.

I will make myself available to all persons having business which should be taken up with the county. By this I mean that I intend to have the county attorney's office open with access to the county attorney at any time. I am a responsible young person and I have the utmost respect for the citizens of this county. I feel that the county attorney should be accountable to the voters and I am willing to accept this responsibility.

Please consider me as a man who is available and willing to put forth my best effort to serve all the people of Rockcastle County. I will be at your service in the County Attorney's Office in the Courthouse. When you go to the polls on May 27th, I earnestly solicit your vote and in return I promise to be ever faithful to give you plain, simple justice with all persons being treated fairly.

THIRD PLACE TEAM—Winners of the third place trophies were the Gutter Dusters. Members of the team are, from left: James Nae, Mrs. James Nae, Mrs. Bill Reynolds, and Bill Reynolds.

SECOND PLACE TEAM—The Rockers captured second place in the Rockcastle County Bowling League which recently ended. One of the team members, Dale Bray, was not present when the picture was taken. Other team members are, from left: Mrs. Ack Nae, Jack Nae, and Mrs. Della Bray.

VOTE FOR Earl McNew FOR JAILER

As the election grows near, I feel it is my duty to inform the good people of Rockcastle County about myself.

I am the only son of the late Jones Earl McNew of Wildie, who was killed in World War II. I am married to the former Edna Gray of Mt. Vernon and we have two children, Earlene, three, and Brian, three-months-old.

I am 24 years old, a life-long Republican and resident of Rockcastle County.

As I am a working man and am not as well known as my opponent, I may not be able to see all of you before the election, but if elected to this important office, I promise to fulfill the obligations of the office to the very best of my ability.

Again, I want to thank the many, many, people for their encouragement.

Sincerely,

Earl McNew

WOULD YOU BELIEVE IT?

By: E.E. Jasper

In 1914, the Maxwell Motor Co. produced an automobile which sold for \$695. They lovingly called it the "pure streamline body," (although to the modern car expert it would probably look like nothing more than a square box.)

This car featured a gracefully rounded, double-shell radiator, fogtest for accelerator pedal, headlights braced by rod running between lamps and concealed door hinges, just to mention a few of its fabulous features. It was the cheapest 4-cylinder car that Maxwell ever produced.

The true worth of any product should not be measured by dollars and cents, but by the materials and workmanship which is put into it. The true value of a product is the combination of maximum efficiency with a minimum of maintenance.

We can merely tell you of the quality materials and fine workmanship which goes into the manufacture and production of the new, modern mobile home, but you can see for yourself, when you view the real thing, and make a tour through one, that what we say is true. And speaking of value, a mobile home can't be beat for comfort, efficiency, low maintenance cost, beauty and economy.
