Mr. and Mrs. Hubert Chasteen were Monday evening visitors of Mr. and Mrs. Ted Chappell of Conway. Thank God Mrs. Chappell has returned home and showing an improvement.

She spent several days in a Louisville hospital recently.

Please remember church and Sunday School. We need a God to heal our nation. Men have tried to run it for several years now, but it is sinking deeper in sin every day. How many times have you heard this question, "what is going to happen to us?" We all wonder about this and it seems there is nothing we can do, but God can do all things. So please attend church, live a christian life, ask God to make us the peaceloving, God-fearing people we used to be. And please start now, if we wait too long, it may be too late. God

bless America and each one of you in my prayer.

OTTAWA

Mrs. Clarice Payne and Christine and Mrs. Jeanette Neff and Tina of Dayton, Ohio visited Mr. and Mrs. Guy Hamm and Mrs. Bettie Farris Thursday night.

Mr. and Mrs. Bob Holt of Champaign visited Mr. and Mrs. Grayford Wright and Bobby last week end.

"Hunting & Fishing" (Cont. From 4)

at anytime have more than 15 in his possession while in the field.

Frogs may be taken with a gig, by hand, bow and arrow, firearm or hook and line from public or private waters, but an appropriate license is required. If the frogs are taken with a firearm or bow and arrow, then a hunting license must be held by the hunter.

If they are taken by use of a pole and line, a fishing license is required, but if they are taken by hand or by use of a gig, then either a hunting or a fishing license is valid.

It is illegal to possess a gig of any type while in a boat, or on or in a stream or lake between Nov. 1 and March 1.

Frog hunting is a wonderful sport and a source of much joy to many outdoorsmen. But not all pond owners are favorable to frog hunting. Therefore, it is not only a courteous gesture to ask the owner for permission before going

Watch a Snail!

Slowly but steadily the snail plods on. And eventually he gets where he's going . . . because he NEVER quits.

Same thing happens when you open a Savings Account and add to it REGULARLY. Slowly but steadily it grows. And eventually you have the nest egg to meet future needs . . . education, travel, retirement . . . and emergencies.

TRY OUR CLASSIFIED - THEY GET RESULTS

By: Roy Martin

In times past, people sought answers to questions just as we seek answers to more and more complicated questions in today's faster pace of living. It seems the more answers we get, the more questions come up. We wonder if the answers are actually answers or merely temporary solutions. More and more people seem to be going to psychiatrists for answers, explanation and help. At best, psychiatrists can only point out that the answer to an unquished problem lies within the individual. Centuries ago, even a Man from God uttered a question on the cross, "My God, My God, why hast Thou forsaken me?" Just as He, in experiencing anguish and pain, knew the question wasn't really a question, the same uncomplicated answer to individual despair awaits us; ours to accept, where and when we will...

CARD OF THANKS

On the part of the family of **Clara Robinson** wish to thank everyone who helped in any way during the illness and death of our sister. We thank those who sent food, flowers, also who called or visited with us, Rev. Ray Cummins, Mrs. Carrie Baker, and Sparks Funeral Home, "Dove" and "Martin," Funeral Home. We especially thank Mrs. Dan Ponder who was so kind to her during her illness.

Brothers and Sisters
In loving Memory of my Dad, **Charles C. DeBard**, who passed away Jan. 17, 1970.

Dad, another day has come and gone. Sweet memories of you still linger on. The empty chair where you sat, your kind face we will never forget. Dad, there's always that empty place and things that time cannot erase. They say that time heals all sorrows. And helps us to forget. Time, so far, has only proved how much we miss you. God gave us strength to face it, and courage to bear it. But Dad what it meant to lose you. Only God above really knows. Dad, as we think about you the tears fall my eyes. But then I think of you with God in the skies; Where no more pain you will ever know. Where there will be joy and where you will never grow old. Someday I hope to meet you in that land; Where we will, forever, be joined hand in hand.

BAZAAR IS MAY 23

There will be a Bazaar Saturday, May 23 on Main Street in Mt. Vernon sponsored by the Ladies Auxiliary of the Rockcastle County Baptist Hospital.

It would be greatly appreciated if anyone wishing to donate handmade articles, candy, canned food, other items, or money, would contact any member of the auxiliary.

PERSONAL

Mr. and Mrs. Tom O'Mara, Jr., and family, Mrs. Priscilla St. Clair, and Chen and Rita Madison, all of Anderson, Indiana were here over the week end to spend Mother's Day with Mrs. Leila O'Mara.

Recent visitors of Mrs. Leila O'Mara were her sons, Bob O'Mara and family and Jim O'Mara and family.

In Memory of **Manuel J. Owens**, who passed away May 24, 1961. It's empty and lonely, on this day. Our hearts were broken, when you went away. We will never forget you. Even though we are apart. Your memory forever will remain in our hearts.

Missed so very much by Mother and Father, Mr. and Mrs. Thomas Owens, Johnetta, Ky. 35119

SON BORN

Mr. and Mrs. William Suss of Unionville, Indiana announce the birth of a son, **Edgar William**, born May 4 weighing eight pounds, two and one-half ounces.

Grandparents are Mr. and Mrs. Justin Blewins of Route 1, Crab Orchard and Mr. and Mrs. James I. Suss of R.R. 1, Unionville, Indiana.

"B'DHED"

(Cont. From 4)

very reluctantly, I kept eyeing this blond with shoulder-length hair and I finally noticed a tattoo on her arm. I was so surprised that I asked, "what's your name?" A sort of rough voice said, "Kenny." I said oh you mean Katy and was again assured that the name was Kenny.

Well, I couldn't sneak out the back door and so with a trembling voice, I asked, "is it a he or is she a she?" and of course you have guessed by now she was a he.

Now tell me, am I just getting old or would some of the boys rather be mistaken for girls than nice, handsome young men.

L.H.

A bee will not sting unless molested.

onto his property but is the law. Another word of caution: Some bulls (papa cows) apparently do not like bull-rogers too well and at night may become excited by the flashing light. It's best to find out from the owner if he has a bull stream or pond. It's either that, or be ready to beat a hasty retreat.

CARD OF THANKS

We, the family of the late **Thiden Owens**, wish to express our grateful appreciation to all those who helped us during our recent loss. We especially want to thank Bro. John Zupancic, Bro. Cecil Dailey, Sparks Funeral Home and those who sent food and flowers.

Your many kindnesses will always be remembered, will become increasingly

MOUNT VERNON, KENTUCKY 40456

Sen. Fred Bishop, 60, Dies Suddenly May 8

State Sen. Fred Bishop, R-Manchester, died of a heart attack early Friday at his rural home near Manchester.

Bishop, 60, served three terms in the state Senate. He was a farmer, lumberman and former director of

SEN. FRED BISHOP

pupil personnel in the Clay County School System. Bishop also was a member of the Board of Regents at Eastern Kentucky Uni-

versity and had served as chairman of the Kentucky Education Association's Legislative Commission. He also was vice-chairman of the Senate's Interim Committee on Education. Robert R. Martin, EKU president, said with the passing of Sen. Bishop the school had lost an outstanding regent, an eminent alumnus and a supporter of the institution. He asks campus be flown at half staff until after the funeral services Sunday afternoon. Bishop represented the state's 19th District of Clay, Jackson, Laurel, Owsley and Rockcastle counties.

He is survived by his wife, Mrs. Lilly Roboy Bishop, three sons and five daughters, and four brothers and five sisters.

Services were conducted Sunday afternoon at the Redman Christian Church near Teages. Burial was in the Memorial Gardens at Manchester.

Those from here who attended funeral services for Senator Bishop were Mr. and Mrs. Charles Carter and Clifford Bales.

Vietnam Veteran To Speak To Local Lions Clubs

An infantry officer who has received four awards for heroism will discuss his personal experiences in Vietnam at the May 21 "Ladies Night" meeting of the Mt. Vernon Lions Club. Members of the Livingston and Brodhead Lions Chapters, and their wives, have been invited to the meeting which will be held at the Cedar Rapids Country Club.

Captain Lamar C. Crosby, 24 years old, has served as both a platoon leader and a staff officer in Vietnam, and has been awarded two Silver and two Bronze Stars for his heroic

actions. He is a native of Hazelhurst, Georgia, and attended Mercer University in Macon, Georgia. He entered the Army as an enlisted man, and graduated as a second lieutenant from Officer Candidate School at Fort Benning, Georgia, in 1968.

Captain Crosby served with the first Infantry Division in Vietnam from January to December, 1969. In addition to the Silver and Bronze Stars, his decorations include the Air Medal, the Purple Heart and the Combat Infantryman Badge.

Captain Lamar C. Crosby

Arrests Made In Series Of Break-Ins

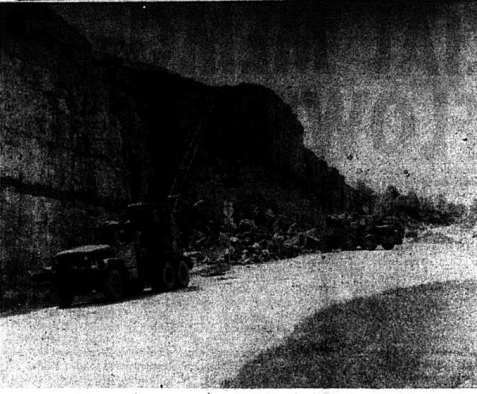

Three juveniles were arrested Tuesday in connection with a series of break-ins and robberies which occurred in Mt. Vernon over the past week.

Rickles Grocery on Fairground Hill was broken into last Friday night and a quantity of items, including hams, packaged meats, and cigarettes, were taken. On Monday night, Hatt's 5 and 10, Carter's Supermarket, and the Mt. Vernon School were all entered. At Hatt's 5 & 10, watches, B.B. Guns, and identification bracelets were taken

after thieves gained entrance by breaking out a window near the front door. Cigarettes, money, food stamps, and other items were taken from Carter's Market the same night. Most of the items taken from these two places of business were recovered when the three juveniles were arrested by officers from the Sheriff's Department.

The Mt. Vernon School lunchroom and Ag School Shop were also entered Monday night. However, Principal Cleston Taylor

(Cont. To B)

A crew of seven State Highway Department employees worked several days recently to clean up a slide near the intersection of Interstates 75 and U.S. 25 at Burr. According to local Highway Department foreman, Walter Shepherd, the slide, which has never been completely cleared yet, was caused by the severe winter weather and heavy rains in this area recently.

ROBERT HAMM DIES MAY 12

Robert Hamm, 78, of Route 1, Brodhead, passed away Tuesday May 12, at the Garrard County Hospital. He was born in Rockcastle County on February 4, 1892, the son of the late E. M. and Mrs. Eula Hamm, and was a member of the Ottawa Baptist Church.

Survivors are his wife, Mrs. Maude Denny Hamm of Brodhead; two daughters, Mrs. Avis Benge of Crab Orchard, and Mrs. Eula Beman of Cincinnati, Ohio; two sons, Alonzo and E. J. Hamm, both of Route 1, Brodhead; 19 grandchildren, and 20 great grandchildren.

Funeral services were held Thursday, May 14 at the Ottawa Baptist Church with Bro. J. B. Allen officiating. Burial was in the Ottawa Cemetery. Bro. Watson Funeral Home was in charge of arrangements.

RADIO AUCTION NETS \$1827

The recently concluded Mt. Vernon Recreation's Radio Auction netted \$1827.25 which will be used to conduct a summer recreation program at Mt. Vernon School. Last year's auction netted \$1,480.

In last week's Signal, we mistakenly listed R.H. Hamm, local Sinclair Oil Dealer, as the sponsor for all four nights of the Radio Auction. We erred in this statement since Easton Hodges, local Western Auto store owner, Armour Creamery, and Southern Belle all participated in sponsoring the program. The Signal regrets this error.

WITHDRAWS, BUT TOT LATE

Noel Chilton of Casey County filed a petition on April 30 with the secretary of State requesting that his name be withdrawn from the Primary Election ballot as a candidate for the Republican nomination for U.S. Representative. However, Mr. Chilton's request was received too late since the ballots had been printed with his name on them.

As of now, there are only two official candidates for the Republican nomination and they are Granville Thomas of Tuttle and incumbent Tim Lee Carter.

With the passing of Senator Fred Bishop, Governor Nunn will make an appointment to fill this vacancy. Whoever is named will serve until General Election day of 1971 at which time the winner of the seat will take office.

County School Architects Meet With School Board

Three representatives of Donald B. Shelton Architects met with the Rockcastle County Board of Education and the chairman of the various new school committees last Thursday night to go over the preliminary plans drawn up for the new county high school.

The plans, approved by the board and chairman with a few minor changes, will go to the Department of Building and Grounds in Frankfort for their approval. The board was told that there was a good chance that the advertisement for bids would be in July.

In other business before the board, permission was given for the use of Climax School one day this summer for a Health Fair, sponsored by the Council of the Southern Mountains and the National Board of the Presbyterian Church, to be held, however, action, on similar request for permission to use the Mt. Vernon and Blue Springs School, was delayed by the board.

Only one bid for the Livingston Educational Television Project was submitted last year or who employed at qualified teachers who taught in the county system on leave-of-absence and have indicated their desire to be rehired.

On another motion by Willie Taylor, all twelve-month personnel was employed at the same salary as last year with the exception of those who will be granted a \$200 yearly increase under the foundation program. Employees who are employed under a twelve-month contract are: Lloyd Shultz, Willard Whitaker, Nancy Williams, Beasly Betteley, Paul Davis, and all custodians and maintenance crews.

The board also authorized Superintendent Charles

Parsons to place and assign all qualified teachers and staff for the coming school year. However, any transfer of administrative or central office staff will be discussed at the June meeting of the board before final action is taken.

A Summer Home-Bound Study program was approved. Mrs. Kenneth Cornelius and Pauline Mullins were named as teachers. Naomi Mink as aide, and Douglas Hamm as Supervisor.

A motion was also made (Cont. To 2)

OUTDOOR BAND CONCERT AND ART SHOW

The Rockcastle County Band will present a concert this Sunday afternoon, May 17, at 2:30 p.m. The concert will be in the inner courtyard at Mt. Vernon High School if the weather permits.

The band has worked hard to present this free concert, which should be one of their best performances ever, and it is hoped that everyone who possibly can will support the band by attending the concert.

In connection with the band concert there will be an art display presented by the art classes of Mrs. Barbara Owens from Brodhead High School. This display will include oil paintings, watercolor, other objects as well. Doors will be open at 2 p.m.

MRS. ELIZA FRENCH DIES SUDDENLY

Mrs. Eliza French, age 76, of Lamer, passed away suddenly May 9. She was born in Claiborne County, Tennessee on March 19, 1894, the daughter of the late Harvey and Rose Jones Hunley and was a member of the Holiness Church.

She is survived by her husband, Bill French of Lamer; four sons, Henry Kendrick of Berea, Charles Fader of Hamilton, Ohio, Arnold and Bro. Huey Carpenter officiating. Burial was in the Dougherty Cemetery.

Arrangements were by the Sparks Funeral Home (Dowell and Martin)

City Council Meets; Discuss Various Problems

Several residents of West Main Street in Mt. Vernon met with the Mt. Vernon City Council Monday night to ask if there was any action the Council could take in regard to the dust and noise connected with the operation of Stewart Fertilizer Company, also located on West Main.

Willie Machal, Mr. and Mrs. Lance Dillingham, and Dyche Ponder told the Council that the dust, generated by the plant, was constituting a nuisance to them and that since the plant was now in operation seven days a week, 24 hours a day, that the noise was also quite a problem at night.

City Attorney Carl Clontz told the residents that he was unsure if the City had any legal grounds in the matter but that they (the residents) could file suit and it would be up to the court to decide if the company were overstepping its bounds and creating a nuisance.

Roy "Schooner" Lucas also met with the Council to request a water line be laid, less than one-quarter mile to the home he is building on old U.S. 25 at Reelfoot Valley. Mr. Lucas was told by members of the Council that there were no residents within the city limits of Mt. Vernon who were not hooked on to the city water line and that they felt that they (the Council) should take care of these customers first. However, Mr. Lucas was also told to go ahead with a survey as to the number of customers who would be served by the line and other preliminary information needed and the Council would discuss the matter with him at next meeting.

The Council was told that advertisement for bids for the Mt. Vernon Municipal Housing Project would be run in the Signal beginning May 11 and the date for letting the bids would be June 25. There has been some question concerning the Housing Project since the Department of Housing and Development (HUD) announced recently that until the State Plumbing Code was revised to conform with the national standards, certain towns and cities (including Mt. Vernon) in Kentucky would be recertified to receive federal funds. However, according to Jess Bullock, City Treasurer and Executive Director for the Mt. Vernon Municipal Housing Commission has said that the recertification by HUD has no bearing on the Housing project since funds for this project were already approved before the recertification question came up.

In connection with this problem, the Council, Monday night, in order for the City to continue a workable program passed a resolution adopting the National Electric Code, 1968 edition and action on the Kentucky State Plumbing Code was delayed pending action by the state government on revisions to the code.

The Council also decided to erect signs along Lake Linville warning against littering and to get the fine for littering at \$30 to \$100.

Mayor Ed Winstead also reported to the Council that as soon as Jackson Co. R.F.C.C. has finished running electric wires at the site of the boat dock, construction will begin on the bait house and bath-rooms.

Mayor Ed Winstead also reported to the Council that as soon as Jackson Co. R.F.C.C. has finished running electric wires at the site of the boat dock, construction will begin on the bait house and bath-rooms.

Election Officers Named

Election officers for the May 26 Primary Election have been named. Chosen to serve in their precincts were:

East Mt. Vernon - Mrs. Virginia McKenzie, Mrs. George Burton, Ernest Bullock, Jr., and Mrs. Jim Davis, South Mt. Vernon - Christine Hensley, Willetta Owens, Mary Lovell, Mrs. Charlie B. Renner, West Mt. Vernon - B.S. Craig, Lois Baker, Lena Daugherty, West Mt. Vernon - Carter

Heskins, Mary Brock, Etta Noe, Victor Hysinger, Conway - Cusper McCracken, Mrs. Mary Cope, Henry Wynn, Willie Lamb, Rowdstone - Minnie Brock, J.C. Burdette, Ray Coffey, Jean Payne, Clinax - Henry Martin, Andy Cox, Shellie Mullins, Mrs. Boyd Van-winkle, Orlando - Oscar Held, Myrtle Bowman, Lucille Stewart, Emily Falin, East Livingston - Mrs. Bethel Falin, Will W. Gillett, Fielden - Carpenter, North Mt. Vernon - Carter

(Cont. To 8)

The annual FFA Parent-Son banquet was held May 8 at Brodhead High School. The four members in the above photo all received firsts in their areas of competition. The youth and the awards they received are, from left: Larry Price, best control; Claude Reynolds, best notebook; Roger Hasty, beef and tobacco, and Ernie Graves, creed saying.

These Brodhead FFA members were each awarded a trophy in impromptu speaking besides their awards in different projects. They are, from left: George York, impromptu speaking in swine; Tommy Adams, Chapter Star Farmer; Raymond in speaking in dairy, corn and dairy projects; Darrell Whitaker, impromptu speaking in beef, and hay project, and Michael Crank, public speaking.

HONORARY FARMERS - Superintendents of Schools Charles Parsons, Ivy, and Chester D. Whitaker were named Honorary Chapter Farmers for 1970 during the Parent-Son banquet.

Capital Digest

Gov. Louie B. Nunn described his order sending Kentucky State Police and National Guardsmen to the University of Kentucky campus in Lexington to put down student disorders as a "mission of protection."

The disorders started May 5 with demonstrations against U.S. involvement in Cambodia, and the fatal shooting of students at Ohio's Kent State University. They culminated in the burning of the old ROTC building.

The governor on May 6 imposed a 7 p.m. to 6:30 a.m. UK campus curfew. His order said in part: "The Kentucky State Police and an adequate number of National Guardsmen with mounted bayonets and live ammunition are being moved onto the campus to protect the students and university property."

"These officers are under orders to use such force as is necessary to perform their mission of protection. Anyone attempting to defy them does so at his own peril. Please comply for your own safety and the safety of others."

The key to his action, the governor said, lay in the phrase "mission of

protection." It was for the protection of all, he said, for students, for their families who sacrificed to send them to college, and for innocent bystanders.

Governor Says College Building Plan Needed

Gov. Louie B. Nunn doesn't want to take any action detrimental to higher education in Kentucky, but he does want to do away with what he calls a fragmented approach to state construction of state college and university buildings.

The governor told the state Property and Building Commission that Kentucky needs a coordinated plan to solve the problem. He said some colleges and universities have building plans that are necessary, but they also have some that may be desirable but less urgent.

State Officials Complete Washington

Gov. Louie B. Nunn and top administration officials spearheaded a one-day, whirlwind tour of the nation's capital described by the Governor as a "sales trip" for Kentucky.

State Highway Commissioner Eugene Goss called on John Volpe, the secretary of Transportation, State Corrections Commissioner John Taylor lunched

with Norman A. Carlson, director of the Bureau of Prisons.

The Department of Health, Education and Welfare was visited by State Child Welfare Commissioner George Perkins, Harry Riggs, attorney for the state Department of Aeronautics, called on federal aviation officials.

"Selling yourself and your state," said the governor, "is one of the most important things you can do."

State Police Probes Up Four Per Cent in 1970

Crime in Kentucky continues to rise, according to Public Safety Commissioner William O. Newman, with State Police detectives opening 632 criminal investigations during the first two months of 1970, a four per cent increase over last year.

Arrests for the two months were up also, from an average of 189 to 233 per month. Burglary continues to head the list of serious crimes, but a recent rash of car thefts is demanding more of investigators' time. Narcotic violations also seem to be on the increase, with marijuana leading the way.

Allegations of document fraud, mainly forged checks, brought 15 suspect writings to the document examiner.

Two Fridays Designated Paid State Holiday

Because Memorial Day, May 30, and Independence Day, July 4, fall on Saturdays this year, Gov. Louie B. Nunn has designated the preceding Fridays, May 29 and July 3, as paid state employee holidays.

In doing so, he noted it's a long time in 1970 between New Year's, the last full state holiday, and Labor Day, Sept. 7, which would have been the next.

In past years, most holidays falling on Saturdays were lost to state employees.

Ky.'s Governors' Colonels Give \$225,618

The Honorable Order of Kentucky Colonels—representatives of Kentucky governors over the year—announced charitable grants totaling \$225,618 for 1970, an increase of \$3,930 over the 1969 record \$221,668.

The largest of 48 grants announced at the order's 27th annual dinner in Louisville was \$38,016 to the Cerebral Palsy School there. Most of the money that made the grants available was donated by the colonels.

Opinions Sought on Child-Labor Law Regulations

State Labor Commissioner John W. Young has scheduled a public hearing for May 12 in the State Office Building to get public reaction before preparing regulations to implement the new 1970 child labor law which becomes effective June 18.

The new law amends Kentucky's restrictive child labor law. It will allow children under 18 to obtain jobs under limits to be formulated by the labor commissioner with the advice of a committee consisting of representatives from agencies dealing with education, welfare and youth.

PSC Grants Rate Rise After Poring Request

The state Public Service Commission granted the Western Kentucky Gas Co., Owensboro, a 1,308,766 per cent year rate increase after poring \$230,953 off its original request.

The company serves some 115,000 customers in Central and Western Kentucky, including the cities of Danville, Glasgow, Bowling Green, Owensboro and Paducah.

The request for an increase was based on an increase in rates by one of the company's pipeline suppliers, the Texas Gas Transmission Corp.

Mountain Laurel Group Elects New Officers

New officers elected by the Kentucky Mountain Laurel Festival Assn. at its Governor's luncheon at the executive mansion included:

President, Homer Parker, Louisville; vice president, Lon Rogers, Pikeville; secretary, Mrs. Harry Gaunt, Lexington; secretary-emeritus, Mrs. J. Kidwell Gunnis, Flemingburg.

Directors—Harry Carlsson, Lexington; John Cochran Jr., Maysville; James Zimmerman, Owensboro; Morris Beebe, Lexington; and Charlie Dean, Pineville.

The May 28-31 festival at Pineville will be climaxed May 30 with the crowning of a festival queen to be selected from 24 entrants representing state colleges and universities. A festival princess from 17 area high schools also will be chosen.

Hearing Held On Auto Insurance Rates
State Insurance Commissioner Robert Preston, after an all-day public

hearing, took under consideration the State Farm Automobile Insurance Co.'s request for an average rate increase of 20.5 per cent.

The only testimony was by two company officials. They cross-examined a representative of the Louisville Automobile Club, which protested the raise that had been approved previously by Preston.

Social Security News

Some Rockcastle County residents may be among the first of several thousand disabled miners and widows of miners being notified that they have been found eligible for the new Black Lung benefits.

James Mustian, Social Security Manager, said that notices of eligibility are being sent directly from Social Security Headquarters in Baltimore to the first group of beneficiaries whose claims have been decided.

They can expect their first checks early in May, he said.

These first checks will include benefits back to the date the beneficiary applied. If, for example, a disabled miner applied for Black Lung benefits in February, his check will include benefits for three months—February, March and April.

The SSA is making every effort to speed action on the 140,000 applications received so far and will get notices as soon as possible to the people who applied, telling them if they are or not they qualify for the Black Lung payments. The Somerset Social Security office will not get a notice of the decision until the applicant has been notified, Mustian said.

The first group of people awarded benefits consists mainly of persons who had applied for social security disability benefits in the past and where the medical evidence in social security files, combined with evidence obtained from State Workmen's Compensation offices, was enough to support an award of benefits.

The amount of the Black Lung benefits will be higher than originally announced, Mustian noted, because the Black Lung benefit amount is tied to the minimum pay rate for federal employees in grade GS-2 and recent legislation raised this pay rate by 6%.

As a result, the monthly benefit for a disabled coal miner of his widow, will be \$144.50 a month. The maximum benefit payable when there are three dependents (a miner with a wife and two young children, for example) amounts to \$288.90. A miner or widow with one dependent will get \$216.70 and a miner or widow with two dependents will get \$252.80. These benefits may be reduced if a person is receiving certain other bene-

fit payments—Workmen's Compensation, Unemployment Compensation, or State Disability Benefits. They may also be reduced if a miner works and earns more than \$1,680 a year.

In addition, in some cases the receipt of Black Lung benefits may result in reduction in the amount of Social Security benefits being paid to a disabled worker and his dependents. However, this will affect only one out of ten Black Lung beneficiaries.

Mustian pointed out that any individual who has already contacted a social security office about these benefits need not make further inquiry. The local office will get in touch with the person who made the claim if additional information is needed.

Arts & Crafts Fair Set

For May 21 - 24

The Kentucky Guild of Artists and Craftsmen (KGAC) will hold its fourth annual Artists and Craftsmen Fair in Berea, May 21-24.

Some 125 artists and craftsmen from throughout Kentucky will exhibit and sell their work. Products will range from the traditional to the contemporary—such things as handmade candles, hand-carved wooden bowls and figures, pottery, baskets, quilts, chairs, rugs, paintings and prints, sculpture and weaving.

Some of the craftsmen will demonstrate their methods of making the

items. Visitors to the Fair can see bowls being carved, chairs being made, jewelry being created and rugs and pillows being woven.

A highlight of the Fair will be the main exhibit of the KGAC members. The exhibit will give a general picture of the fine quality of arts and crafts produced by Kentuckians.

The Fair will be held in the wooded area of the historic Indian Fort Theatre just outside Berea. The grouping of traditional and contemporary crafts becomes a montage of the Kentucky mountain areas' rich potential.

Guild spokesman Richard Bellando says crafts are an important part of the country's heritage, and

(Cont. TO 8)

By Fall

BOXWOOD IS USEFUL

Evergreen shrubs known as boxwoods are widely distributed in this country as ornamentals. Boxwoods decorate front yards of homes, are planted for borders around flower gardens, and are generally used as ornamentals around public buildings.

The Boxwood is used in another way which is not as well known. Wood from the shrub is highly prized by craftsmen who carve wooden figurines, and by makers of musical wind instruments, primarily the flute. The wood is very hard, making it quite adaptable to very fine carving.

Evergreens are fine for lawns, but only flowers are suitable gifts for a friend who is confined to his home, or the hospital. Telephone your flower orders to us—we deliver.

Babe Ruth, in 1917, won 24 games as a pitcher and batted a hefty .325.

Bagworms Plaguing Home-owners by Attacking Shrubs
If you see spindle-shaped bags one to two inches long on shrubs, you've probably got a bagworm infestation.

These insect pests live in this little bag and carry it with them when they feed on foliage of evergreens and other shrubs. Best control measure: Pull the bags off the limbs between November and April, and burn them. But if eggs which are in the bags now are allowed to hatch, the best way to kill the new crop of bagworms is with a spray of 57 percent strength Malathion emulsion concentrate. Use one tablespoonful of the Malathion in one gallon of water.

Other materials that may be used (use only one of each) are the 25 percent strength Diazinon liquid, one tablespoonful per gallon of water; Toxaphene 60 percent strength liquid, one tablespoonful per gallon of water; or lead arsenate, 3 tablespoonful in a gallon of water.

12 Suggestions for Pesticide Safety
ALWAYS read the label before using pesticides. Note warnings and cautions before opening the container. Keep it away out of the reach of children and pets. Store outside of the home, away from food and feed, and under lock and key.

ALWAYS store sprays and dusts in original containers and keep them tightly closed.

NEVER smoke while using or mixing pesticides. Avoid inhaling pesticide sprays or dusts. When directed on the label, wear protective clothing and masks. Do not spill sprays or dusts on the skin or clothing. If they are spilled, remove contaminated clothing - IMMEDIATELY and wash the skin thoroughly with hands and face and change to clean clothing after spraying or dusting.

Cover food and water containers when applying pesticides around livestock or pet areas. Do not contaminate streams, lakes or ponds.

Use separate equipment for applying herbicides to avoid accidental injury to susceptible plants.

ALWAYS dispose of empty pesticide containers so that they pose no hazard to humans, animals or plants.

Observe label directions and cautions to keep residues on edible portions of plants within the limits permitted by law.

If symptoms of illness occur during or shortly after using pesticides call a physician or get the patient to the hospital immediately.

Bee Sting Remedy

For relief of pain following bee stings, spirits of ammonia applied directly to the stung place is very good. A baking soda pack often helps. It is important to remember that if a bee leaves its stinger in the skin never reach down and attempt to pull the stinger out. You will only inject the full amount of poison into the wound. Use your finger nail or a knife and scoop it out.

The most serious possibility following a sting is that the person, or child may develop a systemic shock reaction. If breathing becomes impaired or difficult or if there is a general allergic reaction, the person should see a doctor immediately. Only a few people suffer such reactions. Minutes may be important in an allergic reaction case.

Crayfish Elimination System is Explained

Here's how to get rid of crayfish-called crawdads or crabs in Kentucky when it becomes evident there are too many around. Pour about 10 drops of castor bean blanching liquid into each crayfish hole.

then seal the hole by pressing the heel over the opening, or plugging it with a piece of soil.

A castor applicator or is an oil can, the spot of which has been partially closed to make the castor blanching come out in drops. A gallon of the mixture, thereby will be sufficient for about 5,000 crayfish holes.

The liquid is highly inflammable and should be kept away from any type flame or heat source. It evaporates quickly, so the can should be kept tightly closed. Its fumes are also dangerous to humans; in fact the fumes are what kill the crayfish when applied as noted above.

Library Notes

New books received at the Rockcastle County Library, Among them are:

THE ART OF BLACKSMITHING, by Alex Beeler. This unique book covers every aspect of a fascinating and little-known art, the fundamental craft on which the civilization of the Iron Age was built.

THE ART OF LANDSCAPING, by Garrett Eckbo. How to plan, build and beautiful outdoor space for living.

THE BODY HAS A HEAD, By Gustav Eckstein. The intent of this book is to make the human body better known and understood.

THE BOSTON MASSACRE, by Harry Hansen. A wonderful look at the ingredients that went into the cauldron where the American Revolution was about to come to a boil.

THE BRIDGE AT CHAPPAQUIDICK, by Jack Olsen. A detailed account of the hour-by-hour and day-by-day events of the tragic accident on Martha's Vineyard involving Senator Edward Kennedy.

COMPLETE BOOK OF HOME WORKSHOPS, by David K. Manners. Here in one volume is a complete guide to planning, building, stocking and maintaining your home workshop.

THE FLOWERS OF ADONIS, by Rosemary Sutcliff. A novel of the Peloponnesian War that tells the life of Alkibiades, the Athenian military hero of greek history.

THE HOUSE ON BITTERNESS STREET, by Elizabeth De Trevino. Against the turbulent background of the Mexican Revolution, the author tells the story of one woman embarked on a search for her fault.

THE HOLLYWOOD STYLE, by Arthur Knight and Eliot Elisofon. Homes of movie stars have long been the subject of curiosity. Here many of these mansions are shown in all their splendor.

KELLOGG JUNCTION, by Bart Spicer. A story, set in the heart of the U.S. South, about a lawyer who divides his interest between his practice and the horse ranch he has inherited.

LETS MAKE FACES, by Candy Jones. A program of professional make-up techniques to help you achieve that attractive, well-groomed look that women and men advise.

LOVE WOMAN, by Dorothy Clark Wilson. An excellent biography of Elizabeth Blackwell, the first woman to receive a medical degree.

MARIA THERESA, by Edward Conboy. A heroic portrait of the only woman to rule the Habsburg lands. A brilliant character study of a fascinating woman.

THE MINSTREL BOY, by Van Smith. Based on a true happening, this is a fast-paced exciting novel about a horse that could win the Grand National Steeplechase.

ORDAINED, by Robert Leckie. This novel tells the story of a young priest consecrated to the traditions of a church in a world assailed by change.

THE PROPHETS, by Emil Kroelling. The profound significance of the Hebrew prophets in human history is the theme of this book by one of our country's foremost Bible scholars.

SEARCH, by Diane Pike. This is the true and complete story of how Bishop James Pike disappeared in the Judean wilderness. Beyond this, it is also the story of a great love and life-long search for truth.

SINCE SILENT SPRING, by Frank Graham. The author tells us how the pesticide question stands today and shows us what we can do now to change the situation.

SOMETHING IN DISGUISE, by Elizabeth Jane Howard. A tale of love, dependence and compromise-the setting, modern-day England.

THE SPRING WIND, by Gladis DePrea. The true story of a modern American missionary family.

STILL LOCKING JUNK, by John Bedford. A unique guide for all the addicts who can't stop browsing in second-hand shops, ferreting out inexpensive old items that may turn into treasures.

SUPERJOE, by Larry Bortstein. An intimate profile of pro football's most spectacular player and controversial personality.

Mr. and Mrs. Dale Brunnett and daughters were in Cincinnati, Ohio Sunday visiting relatives. Their daughter, Rhonda, stayed for a week's vacation.

Mr. and Mrs. Bill Cass and Mrs. Lester Helton were in Lexington Sunday visiting their son, Jimmy Cass, and family.

Well, as your Brodhead news reporter, I have gathered the news in different parts of Rockcastle County for 21 years before I began writing the Brodhead news. The funniest that has happened to me was last Monday morning when a young man came up to me in a local restaurant and gave me some news.

While I was writing it down, a very cute little blond came in and sat down. I asked the young man if this was his sister and he answered, "yes."

Hunting and Fishing

A sport that is attracting more and more outdoor enthusiasts and often providing delectable food for the table is frog hunting. Time

4TH BIRTHDAY-- Tammy Maria White celebrated her fourth birthday April 18 at the home of her grandparents, Mr. and Mrs. Wile Noe of Route 1, Mt. Vernon.

was when a person who wanted a mess of frog legs would have to buy them—and they usually came from out of Kentucky, in all probability from somewhere way down south. That is not to say there were no frogs in Kentucky a couple of decades ago, but merely to point out that the supply is greater now than it ever has been.

The increase came about through planning. Back in the fifties the Department of Fish and Wildlife Resources had available a great number of tadpoles which, to the uninitiated are merely frogs in the earliest stage.

The tadpoles were bullfrogs (which is the species, not the gender) and for several years they were produced and placed in a number of strategic ponds statewide.

By the way, those tadpoles remain as such for a

full year and metamorphose into baby frogs in the second year. In three to five years they are adults.

The tadpoles grew into little bullfrogs and then to big frogs and then started producing tadpoles themselves—which they are still doing in great numbers. That is not a phenomenal feat, however, since an adult bullfrog will produce some 20,000 eggs and that's enough to feed a few bass with some left to grow to maturity.

A half-dozen frogs in a pond, that is, will furnish a lot of fish food as well as some excellent meals for the dining room table.

May 15 through Oct. 31, is the Kentucky season for frogs and the hunter may bag 15 in a 24-hour period, which begins at noon on one day and ends at noon the following.

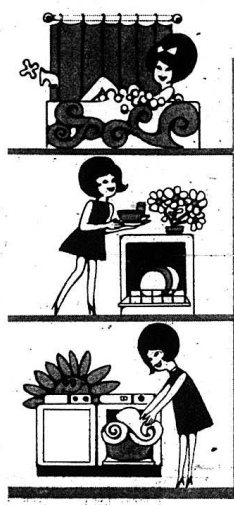

However, after two 24-hour periods a hunter may take 30 frogs, but may not
