County Agents Notes

By: H. Lee Durham

BACTERIAL SPOT ON PEPPERS

Some bacterial spot is showing up on peppers in Rockcastle County. Bacterial spot disease first appears as small, yellowish-green, and slightly raised spots on the underside of young leaves. On older leaves, the spots are dark, water-soaked, and not noticeably raised. The spots may enlarge to 1 1/4-inch in diameter. Such spots have dead, straw-colored centers with dark margins. Severely spotted leaves turn yellow and drop. Plants severely affected may lose all of their leaves except those at the top. The fruit may have blister-like spots about 1/4-inch in diameter. These spots turn brown and develop a cracked, roughened, and warty appearance. In damp weather, various decay-producing organisms can enter through these spots and cause the fruit to rot. Recent test have shown that control can be ob-

tained by using fixed copper 50-53% wettable powder. This material is commonly known as Tri-Basic Copper Sulfate and also appears on the market under other trade names. It can also be used for early and late blight on tomatoes and potatoes. It should be used at weekly intervals during wet seasons.

INSECTS ON TOBACCO

At this time of year, flea beetles, budworms, wireworms and cutworms are the pests to watch out for in the tobacco field. Flea beetles can be controlled by using carbaryl (Sevin) or Guthion. Cutworms can be controlled by using a DDT bait. Recommendations for controlling aphids include malathion, endosulfan, diazinon, parathion and cygon. Budworms can be controlled by using Bacillus Thuringiensis, carbaryl and endosulfan. Hornworms and grasshoppers can be controlled by using carbaryl and malathion. For information on what

insecticides are recommended, the rates to use and other factors about protecting your tobacco crop from insects, now and later, ask your local county Extension office for a copy of the 1970 insecticide Recommendations for Tobacco Fields, HORTICULTURAL FIELD DAY

Promising to be one of the biggest and best field days held in recent years, the Horticultural Field Day has been set for Tuesday, July 14, at the University of Kentucky, Commercial fruit, vegetable, nursery, and greenhouse growers are going to attend to gain new insights from the research and demonstration efforts that will be going on.

Vegetable growers will be able to observe the tomato breeding lines and the new tomato varieties being evaluated, along with sweet corn variety evaluation, and weed control studies on beans, cucumbers, tomatoes, and peppers. They will be able to observe growth of several vegetable crops on no-tilled land—the results of this new work should give very interesting observations. Nine different vegetable crops, growing on aluminum foil mulch, will be evaluated. You can observe pepper, potato, eggplants, and other vegetable varieties being evaluated. Many new breeding lines of cantaloupes and cucumbers will be available for observation.

In addition to the vegetable plots, you will be able to observe research in progress on fruit crops strawberries, apples, peaches, and the bramble fruits—and ornamentals. Several hundred container-grown nursery stock plants grown in soil substitutes will be on display.

An experimental mechanical harvester for

picking cucumbers, developed by the Department of Agricultural Engineering in cooperation with Horticulture, is to be demonstrated. Also, the new Horticulture field lab will be dedicated. Come and plan to stay for the whole day. A lunch will be served on the grounds; a flower arrangement will be held; and a tour of the annual flower trials is scheduled so bring your wives! Make plans to attend, learn, and to support the University in its plans for serving you.

Mrs. R.C. Crawford, her brother and his wife, Mr. and Mrs. B.D. Gum of California were recent visitors of Mrs. R.C. Crawford and Mr. Crawford.

Elver and Mattie Wilson visited relatives and friends in Brodhead and Mt. Vernon recently and will here later chase a home in Brodhead where they will move upon retirement.

(A thought for the day) Life here is just a station, a waiting place for that fast bound train to eternity.

When you hear that whistle blow, be sure you have your ticket ready. When the conductor calls "all aboard" don't be among the ones that are left behind.

Mr. and Mrs. Burdette Brown recently in honor of Mr. and Mrs. Reville Pike and family, who left for family of Richmond, Indiana, Mr. and Mrs. Eugene Brown and son and Mr. and Mrs. Edward Bray and children of Eugene Brown and son, and Mr. and Mrs. Ed-

The 4th of July holiday is celebrated with no special religious significance. This lack of religious attachment is contrary to the customs, beliefs and behavior of our forefathers. In blunt language, some of them would turn over in their graves if they saw how we celebrate the holiday.

We owe gratitude to God for having placed our forefathers on earth at that particular time in history. They fought for human rights; for freedom against tyrannical rule. After they won the struggle, they considered victory NOT as rights won by them, but as God given privileges they were permitted to proudly participate in.

What sort of men were Washington, Adams, Madison, Franklin, Jay, Jefferson, Hamilton - and all the rest? Watch for the illustrations next week that answer the question. It will be interesting. Don't miss it...

BANKS WILL CLOSE JULY 3 AND 4

Both the Bank of Mt. Vernon and Citizens Bank in Brodhead will be closed Friday, July 3, and Saturday, July 4. The July 3 holidays was proclaimed by Gov. Louie B. Nunn as a special Day of Thanksgiving and of course independence Day is July 4.

Scenes From The 1970 Rockcastle Co. Dairy Day

Ann Martin, second from left, daughter of Mr. and Mrs. Eugene Martin, was named the Rockcastle County Dairy Princess for 1970. Miss Martin is shown, with, from left: John Lair, who interviewed the princess candidates on stage, Elizabeth Hayes, 1969 Dairy Princess of Rockcastle County, Wayne Stewart, master of ceremonies for the Dairy Day events, and William I. Norton, chairman of the Dairy Day Committee.

These "Loveliest" were all competitors in the special dairy princess contest held during Dairy Day. The common consensus of the crowd who viewed the event seemed to be that they actually looked better this way. Left to right are: Iriline "Amour" Denny, Cloyette "Stop-Erosion" Colson, Johnella "Counselor" Allen, the winner, and Jacqueline "M.D." Lewis. Another contestant, Clydine "Hound Dog" Linville was ill and unable to compete. We heard it was because he wore his costume too much before Dairy Day and caught a bad cold.

The winner of this year's dairy calf, donated by the Bank of Mt. Vernon, was Raymond Mink. Mr. Mink, right, is shown in the above photo with Jess Bullock, assistant cashier of the bank, who made the presentation.

"THE WINNERS"—Miss Martin wasn't the only winner during Dairy Day festivities. She is shown in the above photo with the runner-up in the contest, Vicki Thomas, daughter of Mr. and Mrs. Curtis Thomas, and last but certainly not least, Johnella "Counselor" Allen, who won the special princess contest.

INDUCTION CALL

One Rockcastle youth and one transferee from another Selective Service board will be inducted into the Armed Services on July 8. To be inducted are James Lawrence Bullock and Keyron Abney, transferee from Indiana. Called for a physical examination on the same date is Bobby G. Rose.

NEW OFFICE LOCATION

Jack D. Lewis, M.D., announces his new office location on U.S. 25 south (in the Bob Ford building) to open Wednesday, July 1, for the continuation of the practice of family medicine.

MRS. WANDA CUMMINS BURIED IN ELMWOOD

Mrs. Wanda Marie Cummins, 32, of Mt. Vernon passed away, Thursday, June 18, at the Rockcastle County Baptist Hospital after a long illness. She was born in Rockcastle County on July 15, 1937 the daughter of Lonzo and Nannie Cummins Hansel and was a member of the Baptist Church.

Survivors are her husband, Keith Cummins, of Mt. Vernon; one daughter, Vanessa, and one son, Michael Lee, both at home; her mother, Mrs. Nannie Hansel, of Mt. Vernon; three sisters, Mrs. Elizabeth Fredricks of Martinsville, Indiana; Mrs. Lucille Turner of Richmond, Indiana, and Mrs. Bessie Mason, of New Paris, Ohio; two brothers, Sam Hansel of Brooklyn, Indiana and Jack Hansel of Martinsville, Indiana; and several nieces and nephews. She was preceded in death by her father, two brothers and one sister.

Funeral services were conducted Sunday afternoon, June 21 at the Cox Funeral Home Chapel with Bro. Wilford Brown officiating. Burial was in the Elmwood Cemetery.

Wayburn Mayfield and his son, Timmy, 13, were the winners of the recent Father-Son Golf Tournament held at the Cedar Rapids Country Club. Together the team shot a 18 for 18 holes. Mr. Mayfield, who is manager of the Food Fair Supermarket, and his family moved here recently from Somerset.

McNew Admitted To Harvard Business School

Paul McNew, son of Mrs. Cynthia McNew of Conway, has been admitted to the Graduate School of Business Administration at Harvard University. A 1970 graduate of Berea College, where all students must work at least 10 hours per week in addition to the regular academic load, McNew has credited to his record more hours worked than any Berea student since the labor program was established in the 1900's. While at Berea, he was president of the Honor Society of Pi Gamma Mu and was on the Dean's List a number of times. The first Berea student to gain admission to the

Harvard Business School, McNew will study all phases of Business Management in preparation for a career in corporate and financial management.

Carloftis Selected For National Band

It has been announced by FIRST CHAIR OF AMERICA, a National Honor Recognition Organization of school bands, orchestras, and choruses, that George Carlos Carloftis, a former student of Robert N. Pybas, Band Director for Rockcastle County Schools, has been selected as a member of the 1970 United States of America School Band and Chorus. The selection was made on the basis of quality performance by the student and outstanding teaching done by the directors as acclaimed by the State Counsellors for First Chair of America in this state. The United States of America School Band and Chorus, as a performing organization, will travel to England, Ireland, and Scotland the latter part of June and thru the middle of July. Under the baton of Lt. Col. Arnold D. Gabriel, the group will present a series of concerts in the principal cities of these countries.

The tour will also allow much time for educational sight-seeing and meeting the young people in the musical organizations in these countries. The membership of the United States of America School Band and Chorus is chosen from all the

states in the nation and the honor of membership in the organization is limited to superior student only. This will be the ninth annual tour for this great organization and is expected to be the finest in every way. Mr. Carloftis is now enrolled at Cumberland College where he is a member of the college band, under the direction of Tom George.

Gov. Louie B. Nunn, on a visit to Pulaski County, announced the signing of a \$10,165,502 contract with Six Industries Inc., Springfield, Ohio, for construction of a Comprehensive Training Center for the Mentally Re-

CHIEF JUSTICE URGES BROADER SEARCH LAW

A broadening of Kentucky's search and seizure law, with immunity for law-enforcement officials from lawsuits by aggrieved citizens, was advocated by Chief Justice Edward P. Hill of the Kentucky Court of Appeals in a speech to the Kentucky Peace Officers Assn.

In an interview later, the justice said "I'm no advocate of giving police officers the right to fan-sack and plunder people's houses, but if they have a good reason to look for contraband or outlaws, they ought to have a broader right."

He added expansion of the immunity law would not prevent citizens who believe they have been abused by the police from recourse, that other laws could be enacted to cover abusive police action.

ficials believe the state will attain its estimated state revenue for the current fiscal year.

The approximate estimates, made 18 months ago and revised slightly last winter, are \$524 million for the General Fund and \$166 million for the Road Fund.

Revenue Commissioner James Luckett reported tax collections for 11 months were \$446.4 million for the General Fund and \$153.5 million for the Road Fund.

"It looks," said Luckett, "like the estimates will be right on the button."

NEED, NOT POLITICS, PAVING POOLICY, GOSS SAYS

State Highway Commissioner Eugene Goss said need, not politics, dictates which county roads get extra blacktop paving funds in commenting on news stories saying a large portion of this year's allotment was going to heavily Republican Southeastern Kentucky.

Goss said the Highway Department expects to spend about \$6 million on the supplementary black-top program this summer.

GOVERNOR ADDRESSES ASSOCIATION OF ARMY

Gov. Louie B. Nunn told the Daftel Boone Chapter of the Association of the U.S. Army at Fort Knox that two great battlefields of the American Revolution still exist: one in Southeast Asia and one "in the mind of man, where we are experiencing a test of America's basic principles."

He urged members of the organization for military personnel and civilians interested in military affairs to judge America's youth by those who have answered the call to those two battles rather than by the "self styled, self-appointed apostles of disorder and intimidation."

PLUMBING CODE REVISIONS PUT INTO EFFECT

Kentucky has revised its 40-year-old plumbing code to comply with federal regulations and thus removed the threat by the U.S. Department of Housing and Urban Affairs (HUD) to cut off federal urban renewal funds to Kentucky cities.

Changes in the code involving both plumbing methods and materials were signed by Gov. Louie B. Nunn and became effective immediately. No money was actually lost because of the controversy.

BUDGET DIRECTOR GIVEN ADDITIONAL DUTY

The additional duty of supervising the state finance department's division of fiscal management has been turned over to State Budget Director Lawrence E. Forgy Jr., Gov. Louie B. Nunn, in announcing the assignment, said Forgy's new duties would provide closer coordination between the state's capital

construction program and the executive budget.

TO ALL OF YOU

Thanks.....

We, at Armour Creameries take this occasion — JUNE DAIRY MONTH — to thank each and every one of our milk patrons for their confidence and loyalty. We also want to include our business associates and our friends in the state and federal agencies serving agriculture. Their cooperation is greatly appreciated.

On our part, we pledge our best efforts to the manufacture of dairy products that meet the highest quality standards and provide a profitable and enduring market for milk producers of this area. We will strive to expand these markets.

With all of us working together, dairying can become a still greater factor in the economic and social life of Central Kentucky. Let's make every month DAIRY MONTH.

N. M. Smock ... Playing an Active Role

Mickey Smock

In 1960, a young man named N.M. (Mickey) Smock moved from Kentucky to Dallas, Texas with the idea of making good in the construction business.

He walked into the Dallas office of Henry C. Beck Company on a Saturday morning, and was hired as an estimator. Since that day, he has played an active role with the Company in the completion of approximately \$100 million in construction.

Today, Mickey Smock is filling the role of Project Manager, "and a few other things," in the Atlanta Office. "In Atlanta," he says, "just as in other areas of the country, we don't go so much by title as we do

seeing to it that the right person is doing the right job."

Smock moved his family to Atlanta in 1965 to take over project engineering work on the mammoth First National Bank Building going up in Atlanta. "At that time, it meant a good chance for me to take on additional responsibilities and opportunities, and the timing was good. We needed a man on that job, and I and my family were all willing to make the move. We've never regretted it."

Smock is a Civil Engineering graduate of the two years in the Air Force as a construction engineer and spent four years with another contractor before joining Henry C. Beck Company. After doing estimating work for four months, he took his first position as a Project Engineer on the Traders National Bank Building in Kansas City, Mo.

Since then, jobs he has worked on include: Kansas Power and Light Building, Topeka, Kansas; Cotton Exchange Building renovations, and General Motors Parts Depot, Dallas; 88 East Broad Street Building, and Columbus Plaza Hotel, Columbus, Ohio; Bank of Services & Trust Building and LTV Tower, Dallas, and the First National Bank Building in Atlanta. He currently is overseeing work on the First

You could combat the economic squeeze by spending \$2000 for a used and abused car. Or you could get a new Hornet from BAKER & CUMMINS

You could spend \$2000 for a used car and never know what you're getting. But if you spent \$1994 on a new Hornet, you'd know you'd be getting a 128 hp six-cylinder, five-passenger seating, and vinyl upholstery all on a 108-inch wheelbase. Because that's all standard equipment on the basic little rich car. And you'd also get Hornet's built-in value that comes from being designed as a small car, not a smaller cheaper version of a big car. Why gamble on someone else's used car when you could get a new \$1994 Hornet for...

DEFROSTS LIKE MAGIC!

if you're lucky - a new no-frost, no-mess electric refrigerator-freezer

See the new side-by-side electric refrigerator-freezer! Ends defrosting problems forever. Because it never frosts up - even in hot, sticky summer weather. And for convenience it can't be beat. Two roomy compartments to let you buy big, at bargain discount prices, and cut down on shopping trips, too.

Big on convenience, but the new side-by-side takes no more floor space than your old refrigerator. Stop in at your dealer's today, and choose from the many models on display. And be sure to ask about automatic ice-making. Your family will love it!

YOUR CHARACTER IN THE ZODIAC, by Rupert Gleadow. In an informative and lively way, Mr. Gleadow explains how horoscopes have been cast through the years and sheds light on the different interpretations given to the 12 signs of the zodiac.

ZANE GREY, by Frank Gruber. Mr. Gruber, himself the author of 22 westerns, tells the true life story of our most famous western writer.

THE AIR AROUND US, by T.J. Chandler. A volume describing significant aspects of climate and weather, and stressing their impact on man and his environment, 6-9.
ALVIN FERNALD, MAYOR FOR A DAY, by Clifford B. Hicks. Alvin, possesser of the Magnificent Brain; embark on another exciting adventure

in which he and his friends foil an attempt to appropriate city funds and even institute some needed civic reforms.
4-6.
THE BASEBALL BARGAIN, by Scott Corbett. Woody's all consuming interest in baseball leads him into trouble. However, his attempt to get himself out of trouble explodes into a wildly funny series of misadventures.
3-5.
THE ELEPHANT AND THE BAD BABY, by Elfrida Kipofit. The Bad Baby has an exciting ride through town with his

friend the Elephant, until Bad Baby's manners and teaches him a lesson in a rather unexpected way. K-1.
GOLDEN BUTTER, by Sheila LaFarge. Jan's favorite food was butter, a special golden butter which he made himself. He found that his butter came in handy in all kinds of situations especially, when he was made official beachcatcher for the king. 1-3.

HALIC, THE STORY OF A GRAY SEAL, by Ervan Clark. The story of one gray seal alone as well as the story of all living things in and near the great ocean, from the plankton to the whale, from the scavenger gulls to the giant squid. 7-11.
JANE ADAMS PIONEER FOR SOCIAL JUSTICE, by Cornelia Meigs. A biography of a woman of action—a woman who inspired others and worked with them to make city and country better places in which to live. 7-11.
THE LIONS' EYE GLASSES, by Charles Vildrac. The lion is undisputed king of the jungle until the day he a-

wakes and finds that he has lost his eyes. An interesting search follows as the different animals in the jungle search for the king's glasses. 2-5.
LISA AND THE GROMPET, by Patricia Coombs. A fanciful story and charming illustrations combine to tell a story of a "grompet" effect on an unhappy little girl. K-1.
NUMBERS, by Robert Allen. A volume filled with familiar objects photographed in color ex-

actly as a child sees them so that learning numbers becomes a delightful process. K-3.
THE SKIERS OF SAINT CELESTE, by Diana Walker. Young involved people are the characters of this story, young people who struggle to get a business project of the ground and to make a dream reality. 7-11.
TRUE TALES AND CURIOUS LEGENDS, by Edward Row Snow. From inland and sea, a superb group of stories on topics as diverse as ghosts, the Devil, storms, fires,

and fascinating women. 7-11.

Keep your dairy herd down to earth, of course—but plan your feeding program so milk production will "shoot for the moon." We're here to help with scientifically developed, vitamin-enriched high protein feeds to meet the special needs of calves, heifers, dry cows or milkers. Trust us to help you keep milk production up with modern, rimp-making feeds.

Thanks, Dairy Farmers, for bringing us some of the best foods on earth—dairy products.

CARD OF THANKS: We, the family of the late John David Cottengim, wish to express our heartfelt thanks to everyone who was so kind to us during the sickness and death of our loved one. We thank the staff of the Fort Logan Hospital, and Dr. T.J. Wright, the Watson Funeral Home, Bro. John Zupanic and Bro. Cornelius Horn, the church choir and the many friends for the food and lovely flowers.

The Cottengim Family

CARD OF THANKS: Words can never express our sincere thanks and appreciations to all who were so extremely kind and helpful to us during the illness and passing of our dear wife and mother, Mrs. Louise "Y" Johnson.

To all the ladies who were our nursing aid over the long period of 13 years of her illness, and who were so wonderfully sweet and kind to her, we pray and we know that God will greatly bless you all.

GALL OFTEN CAUSES GALL
 Various forms of gall which attack Roses and other plants in the home garden, often cause flower lovers much concern. Many persons do not fully understand the causes of gall. Gall is a swelling of the plant tissues, caused by parasites.

Bacteria causes what is known as plant gall, and certain insects cause insect gall. Most forms of gall are easily removed if the insect gall grows into a large ball-shaped growth on the stem or branch of the plant which is afflicted. You should consult your local flower expert for advice when plants are attacked by the gall.

We prepare floral arrangements for any occasion. See, or call us, for all your flower needs. We prepare our arrangements with tender, loving care. We try to make every bouquet a masterpiece.

JUNE IS DAIRY MONTH — AND WE WOULD LIKE TO SAY . . .

CONGRATULATIONS TO THE Dairy Industry!

28.20 JUN '69 Form 17

This month is a good time for all of us to take a closer look at our Dairy Industry. One thing is certain, it has become big business and is getting bigger every day. And our dairy farmers have done an excellent job in increasing production to meet growing demands. They are using the most modern, up-to-date equipment in rigidly controlled modern plants. We salute them for a job well done!
