TEST SOIL NOW FOR CROPS IN 1971

Now is the time to sample your soils and prepare them for maximum yields in 1971. Most fields have been harvested and are in ideal condition not only for sampling but for an application of liming material.

And remember that the rest of this year the best time to apply lime for 1971, unless weather conditions do not permit, because frost action will help incorporate the lime into the soil.

the turf has been established. It will require continued applications of the needed minerals. It will require mowing or the right-of-way will turn to weeds and brush.

HUNTING & FISHING

Although the small game hunting seasons are now in full swing, it is not too late to warn hunters to be considerate of the farmer's property and his rights.

true gentlemen. They are respected businessmen, or may be farmers, or, perhaps, day laborers. We'd say a great percentage would be the type of man who would be welcomed into a household, to join the family circle and discuss the topics of the day.

But the rub comes from those soundrels who believe that, because they have a license in their pocket, a gun in their hands and a map to 'kill something, they can stalk across a person's property at will and use his fences as a springboard into another field.

Since the cuts and fills completely mix sub soil, which has a low pH and is low in fertility, these slopes and right-of-ways require more than usual care in establishing grasses. In fact, these disturbed soils may require a great deal of fertilizer and other minerals, as undisturbed soil.

The Loyal Clowers Community 4-H Club of the Boone area were awarded first place in the Club Act Division and the Wildlife Congregity Club received first place in the Specialty Act Division at the Rockcastle County 4-H Variety Show held November 20 at Roundstone School.

The winning club act was entitled, "Snow White and the Seven Peacocks." The winning specialty act consisted of a piano "Blind Duet" by Martin Stewart and Kenny Stewart. Second place in the club act went to the Mt. Vernon Teen Club with an act entitled "Ted Crack's Amateur Hour." Second place in the specialty act was awarded to Livingston 4th grade for their act entitled "Four Little Raindrops." Members of the group were: Georgetta McCowan, Barbara Sower, Lisa Waddle and Sandra Sturgill.

Other clubs participating in the variety show and titles of their acts are as follows: Brothead 7th club act, "How Did It Start" and specialty act, "Because You're Mine." Mt. Vernon Teen specialty act, baton twirling by Rhonda Hayes; Brothead 8th club act "Spiritual" and specialty act "Where O Where Are You Tonight." Livingston 6th Specialty "Blonde Co Co's" and 6th Club Act, "The Last Scene from Shakespeare's Hamlet," and Brothead 7 & 8th "Fast-

est Operation Ever" and "The Judge."

The Loyal Clowers club act and the Wildlife specialty act will be presented in the area Variety Show to be held in the new Laurel County High School in London December 5.

Judges for the variety show were: Paul Clabrone, County Extension Agent for 4-H Youth, Laurel County; Elwood Combs, County Extension Agent for Agriculture, Pineville, Bell County; Mrs. Betty Cain, Home Economics Teacher, Mt. Vernon High School.

XMAS LIGHTING DEC. 3

The annual Mt. Vernon Christmas lighting ceremony will be held Thursday, December 3, beginning at 7 p.m. in front of the Bank of Mt. Vernon.

This year, music will be provided by the Mt. Vernon School Band, under the direction of Robert Pybas. A selection of Christmas music will be presented by the Christian Church Youth Choir, led by Bro. David Woods, and the Mt. Vernon Girl Scouts and Brownies.

Ed Winstead, mayor, will turn on the lights to officially open the Christmas season in Mt. Vernon. Bro. Bill Coffey, pastor of the Mt. Vernon Christian Church, will give a short talk.

The Mustang in the above photo, belonging to Tommy Coffey of Renoir Valley, was stolen from in front of the Coffey home early last Sunday morning. According to State Police, the car, in which the keys had been left, was driven a short distance before being wrecked near the Scenic View Motel. The car was not covered by their insurance. State Police are investigating the incident but no arrests have been made at the present time.

They will receive their initial eight weeks of military training as members of Company D, 13 Battalion and 4 Brigade.

Food Stamp Participation Increases In State

U.S. Department of Agriculture food programs added 286,270 needy persons in Kentucky in September. This is an increase of 99,970, or 54 percent, over the same period last year.

The boost in participation occurred in the food stamp program, in which 230,371 received aid. This represented an increase of 103,329 over September 1969, or 81 percent. Close to \$4 million in bonus food coupons were issued to Kentucky's needy people in September 1970 as compared to \$930,087 over the same period last year, USDA's Food and Nutrition Service reports.

FNS officials explained that the bonus food coupons, given to supplement low-income family spending, can be exchanged for food at local grocery stores.

In addition to the food stamp program, 55,899 low-income Kentuckians received USDA donated foods through the food donation program during September.

The food stamp program is administered in Kentucky by the State Department of Economic Security, while the family food distribution is administered by the Kentucky Department of Agriculture.

In September, 2,179 Rockcastle Counties received food stamps compared to 3,515 in September of this year.

BROWN ELECTED CVADD DELEGATE

Ray Brown, president of the Rockcastle County Development Association, was elected delegate to the Cumberland Valley Area Development District at a meeting of the local development association held Monday night.

Mr. Brown replaces Wade Ray, who resigned as delegate due to press of business. He will serve as delegate to the CVADD until January of next year when elections will be held. Other delegates from Rockcastle County are Mayor Ed Winstead, County Judge Charles Carter and representative-at-large William McClure.

During Monday night's meeting, the procedure necessary to obtain state matching funds for development of local county parks was also discussed by CVADD director Gattlin Craig.

MRS. SALLY HELLARD DIES AT RESIDENCE

Mrs. Sally Hellard, 93, of Route 3, Mt. Vernon, passed away early Saturday morning, November 21 at her home after a long illness.

She was born in Pulaski County December 19, 1876 the daughter of the late Squire and Becky Price Burdine and was a member of the Old Regular Baptist Church.

She is survived by two daughters, Mrs. Lula York of Route 3, Mt. Vernon, and Mrs. Charity Joyce of Arcardia, Florida; one son, Granville Hellard of Route 1, Mt. Vernon; 17 grandchildren, several great-grandchildren, and one great-great grandchild. She was preceded in death by her husband and three daughters.

Funeral services were conducted Monday, November 23, at the Dowell - Martin Funeral Home by Bro. Lawrence Pre-witt. Burial was in the Green Hill Cemetery.

MISS SARAH A. RENNER DIES AT LIVINGSTON

Miss Sarah Angie Renner, 84, of Luner, passed away early Sunday morning, November 22, at Livingston.

She was born in Rockcastle County January 27, 1886 the daughter of the late Elisha and Mary Linville Renner and was a member of the Walnut Grove Church of Christ.

She is survived by one brother, J.T. Renner of Goshen, Ohio and several nieces and nephews. She was preceded in death by three brothers and six sisters.

Funeral services were conducted Tuesday, November 24, at the Dowell - Martin Funeral Home by Bro. John Craig and Bro. Hugh Thomas. Burial was in the Walnut Grove Cemetery.

MRS. REYNOLDS DIES

Mrs. Ida Reynolds, 84, of Cincinnati, Ohio, and formerly of Mt. Vernon, died November 16.

Survivors include three nephews, Jesse, Charlie and Daniel Childress, all of Mt. Vernon.

Mrs. Reynolds, the widow of Doc Reynolds, was buried in the Reading, Ohio Cemetery.

On The Hardwood

The Mt. Vernon Red Devils traveled to Oneida last Friday night and lost 80-78 in a close game.

The Devils evidently had "first game jitters" as they shot poorly throughout the contest.

Dale Coffey, George Powell and David McCauley led the scoring for Mt. Vernon with 19, 20 and 18 points, respectively.

The two guards from Oneida couldn't miss and crowned the defeat of the Devils by scoring 36 to 24 points each.

Basketball fans in Rockcastle County will have a chance next Tuesday night, December 1, to see the 12B Region's finest team when the Red Devils meet Lone Jack at Mt. Vernon. Coach Jack Lawwell said, "The Devils are rounding into good playing condition and I feel we have a good chance of up-setting Lone Jack."

The Devils are not only a good team but one of the state's finest players in all-star Rodney Woods.

Combining an excellent defensive game with teamwork, alertness, and superb ball handling, the Mt. Vernon Red Devils won their second outing of the season by swamping Lynn Camp 81 to 36.

The Devils made very few mistakes on offense and controlled the boards throughout the game.

Rusty Burdette, George Powell, David McCauley, Tommy Coffey and Dale Coffey turned in excellent games for the Devils. Coffey was hampered somewhat after getting three fouls on him in the first quarter. He didn't play any the second quarter but did play the entire second half and was a tough man to beat for rebounds. David McCauley, turning in one of the best scoring percentage games of his career, got 19 points and 9 rebounds.

Dale Coffey, playmaker for the Devils, got 14 points and set-up the plays, making other Devils to get in near the basket for the easy shot.

However, Rusty Burdette and George Powell were the main stories of the game. Burdette got 49 points to lead all scorers and was one of the best rebounders of the night. The alertness of George Powell, combined with his "deadly set shot," also tremendous assets to the Devils. Powell stole the ball several times from the Lynn Camp and scored 15 points. He is quick and accurate and should be a great asset to the team all season.

Wesley Williams, who replaced Coffey, who left the game in foul trouble, played well in the substitute role. Besides Williams, who got 6 points, other substitutes scoring were Jim Mullins 2, and Troy McClure 2.

The Brothead Tigers, who started this basketball season with no returns from last year's starting squad, have thus far posted a 3 and 2 record.

The Tigers were defeated in the first game by ever-tough Clay County by one point. However, Friday night, November 13, the Tigers tra-

"Everyone in Brothead seems to be very well pleased with our young team and have shown their support by turning out in good numbers to watch the Tigers. I, as the team, certainly appreciate this support and feel that with a little more experience, the Tigers will be able to give just about any team in our area a good game."

The Brothead Tigers traveled to Memorial Tuesday night and in an overtime defeated Memorial leading by two points, 32 to 30. Brothead fell behind in the third quarter and at the end of the period were down 6 points, 52 to 46. The Tigers came back in the fourth period to tie the score 73 all and won the overtime.

Leading scorer for the Tigers was...

KENTUCKY COAL OUTPUT TOPS \$1 BILLION A YEAR

For the first time in Kentucky history, the annual output of the state's coal mines has passed the \$1 billion mark. This year's record production probably will soar to the neighborhood of \$1.25 billion next year, coal men believe. Last year Kentucky coal mines produced 108 million tons—60.5 million in Eastern Kentucky and 47.5 million in Western Kentucky. The State Department of Mines and Minerals reported that Mahlenberg County led in production, with 21.4 million tons,

followed by Pike County with 21.3 million tons; Hopkins, 12 million; Harlan, 8 million; Ohio County, 6.4 million; Letcher, 6.1 million, and Perry 6 million tons. The demand for fuel for power and other purposes has grown steadily in the past four years. Prior to this trend, the biggest year for Kentucky coal was 1947, when 88.6 million tons were mined. The market leveled off for a while, then declined to 64.9 million in 1959. Mines and Minerals Commissioner H.N. Kirkpatrick expects 1970 production to reach or exceed 115 million tons.

DEVELOPMENT DISTRICTS TACKLE WASTE DISPOSAL

Gov. Louie B. Nunn announced a five-year program in which 15 Area Development Districts in Kentucky will lead the way in efficient solid-waste disposal. The governor disclosed that Kentucky is the first state in the Southeast and the third state in the nation to gain federal approval of a solid-waste management plan. Grants of U.S. funds are expected in carrying out the program. The Kentucky Program Development Office will continue to encourage groups of communities to organize to carry out the waste-disposal plan and other progressive programs. The office is carrying out the orders fines.

Contempt-of-court fines against a score of Louisville and Jefferson County stores, for violating a Circuit Court writ against Sunday sales, were ordered by the Kentucky Court of Appeals. The fines "could not be less than an amount equal to 50 per cent of the total gross sales of merchandise made by each store during the day of violation," the appellate court ruled.

BIDS ON 32 MILES OF PARKWAY OPENED

Bids were opened by the State Highway Department on 16 miles of construction each on the Bowling Green-Somerset and Bowling Green-Owensboro parkways. The work will be in Warren, Butler, Adair, Metcalfe and Barren Counties. The low bids aggregated \$22,966,580, 475,000 GRANT IS MADE TO TOBACCO RESEARCH

FIRE-AUTO INSURANCE RATE HIKES OKAYED

The first rate increases under the State's new insurance regulations were approved by Insurance Commissioner Robert D. Preston. Increases averaging 11 per cent on fire and extended-coverage policies were granted to 270 companies represented by the Kentucky Inspection Bureau. Increases averaging 21 per cent were granted to the Aetna Casualty and Surety Co., which writes about 5 per cent of the auto insurance in effect in Kentucky.

NUNN REBUKES OUTSIDERS PROBING KY. SCHOOLS

"Neither this administration nor the citizens of Kentucky will be coerced by the threat of outside force into altering priorities," Governor Nunn said in a letter commenting on a National Education Assn. panel's investigation of Kentucky educational spending. Nunn outlined how State financial support for public schools increased from \$23.4 million in 1960 to \$225.7 million this year.

"That record needs no defense and needs no justification to a group from outside the state," the governor wrote. **REDESTRUCTURING STUDIED** The possible involved in filing a State court suit to settle legislative redistricting problems are being explored by officials. At a recent meeting of the Legislative Research Commission (LRC), members discussed the suit filed recently by State Sen. Charles Upton, R-Williamsburg. Upton's suit asked the U.S. District Court at Lexington to rule whether the Kentucky Legislature can ignore the State Constitution's ban against splitting counties in drawing district boundaries. "What if the federal court refused to hear the case?" LRC members speculated. On motion by Sen. Republican Leader Wendell Van

TOM DUNCAN'S

Frankfort Watchline

Just suppose all sides agree that Kentucky should impose a severance tax on coal—then what? How big a tax—and where should the money go? Those points could cause more furor than the tax idea itself. Some of the men to run coal industry seems resigned to some tax. But dividing the tax money could pit school people against conservationists, local interests against statewide groups.

Former Gov. Bert Combs says "the next Legislature should—must—face up to the necessity of a severance tax on coal." He says here's the "first major state candidate to endorse it—since Alben Barkley in 1923—incentively, in fact." Combs also realizes any reasonable tax on coal wouldn't be a cure-all for school money needs statewide.

He thinks "at least a substantial part of it" should go back to the coal-producing counties—and that some should be earmarked for reclamation.

"As Combs moves along in the Democratic primary for governor, you'll see him jabbing at Lt. Gov. Wendell Ford's record. He says Ford has been acting governor "22 days or parts of days" and asks "What would he do different if he was governor every day?"

It, Gov. Ford's camp charges that Combs' coal-tax stand is aimed at "mining the water over strip-mining controls—saying the tax on coal would be a cure-all for school money needs statewide."

Announcement of the Ford campaign organization for Louisville and Jefferson County didn't get the attention desired. "Whatever the strengths or weaknesses, it was Ford's opening shot in a move to stake a claim in Kentucky's most populous area. And his list does include 18 of the 25-member county Democratic executive committee and 15 of the party's 17 legislative-district chairmen.

On the Republican side, Jefferson Commonwealth's Attorney Edwin Schroering complicated some thinking. Former Parks Commissioner Robert Gable may not field a full slate—but surely drafted the No. 2 slot at Schroering. And administration forces

Social Security News

"Make your Medicare count—don't get counted out!" warns James Mustian, Manager of the Somerset Social Security Office. He reminds those on Medicare that any medical bill for services rendered from October 1968 must be submitted no later than December 31, 1970. There is a time limit on requesting Medicare payment and the law permits no exceptions. Bills sent in late will not be paid. Mustian reports that some people hold on to their medical bills waiting until the end of the year. This isn't necessary. As soon as a person has medical bills exceeding the \$50 deductible, he should send them in for processing and payment. Bills put away in a drawer tend to be forgotten and may not be found again until the time limit has expired. A request for payment form needs to be completed each time bills are submitted. However, Mustian advises saying, having difficulty completing this form, or having any other questions concerning the Medicare program, to contact the Social Security Office in Somerset, telephone 678-8168. They will find the people there ready, willing, and able to render assistance.

HOORE, OF TUTOR KEY, THE LRC WOULD MEET AND TAKE ALTERNATIVE ACTION, IF NECESSARY, SUCH A MEETING WOULD BE HELD WITHIN 24 HOURS IF THE SENATORIAL COURT REFUSED TO ACT, THE COMMISSION DECIDED AT THE SUGGESTION OF HOUSE GOP LEADER HAROLD DEMARCUS, OF STANFORD.

Fair Warning

While a housewife was polishing her dining room table, the telephone rang in the kitchen. Although she was out of the room only a few minutes, her infant son managed to take a drink of the furniture polish. It was poisonous, and the child died. In due course, the victim's parents filed a damage suit against the manufacturer of the polish. They charged that the label failed to warn how dangerous the polish was. True, the label did contain the words "May be harmful if swallowed." Nevertheless, the company was indeed held liable for

Brodhead, Mt. Vernon, Livingston and Crab Orchard Vie In Tournament

The eighth annual Brodhead Thanksgiving Tournament gets underway this Friday night at 7 p.m. when the Livingston Blue Devils take on the Mt. Vernon Red Devils, last year's runner-up.

The second game will begin about 8:30 p.m. and will pit Brodhead against Crab Orchard, who has won the tournament

for the last two years. The consolation game, between the losers of the first two games, will be played Saturday night, November 28, at 7 p.m. followed by the championship game at 8:30. Admission both nights will be 75c for students and \$1.00 for adults.

A highlight of the tournament,

which is sponsored by the Brodhead Lions Club, will be the crowning of the Basketball Queen between games Friday night. Fifteen girls are vying for the title. Last year's queen was Miss Ann Gentry. The queen and runners-up were elected by popular vote of the student body Tuesday but the results will not be known un-

til Friday night. Proceeds from the tournament are split evenly among the four participating schools, after all expenses are paid. Brodhead's share goes to the Brodhead Lions Club and is used for the summer recreation program in Brodhead. The tournament was originally (Cont. to 5)

The 1970-71 Brodhead Tigers take on Crab Orchard at 8:30 p.m. in the second game of the Brodhead Thanksgiving Tournament which begins Friday night at 7 p.m. The Crab Orchard Cubs have won the tournament for the past two years. FAIRVIEW

Services were conducted at the Fairview Baptist Church over the week end with good attendance. 113 persons were present for Sunday School. Thank the good Lord for every one of them. I also thank God

for parents that bring their children to the house of the Lord that they might study and learn more about God's word. The young people of today will be the leaders of tomorrow. And in church and Sunday School is where they must get the training for the work they will have to do,

We extend our sympathy to the family of L.B. Church of Paint Lick, who passed away Monday night, November 9 at his home. He was the father of Johnny Church of this vicinity. May God bless and comfort his loved ones in their sorrow. We also extend our sym-

pathy to the family of Mrs. Florence Gebhart of West Carrollton, Ohio who passed away Sunday afternoon. Mrs. Gebhart was a sister of the late Marion Treon. May God also comfort these relatives at this time. Jim Williams of Berea is a patient in the Berea Hospital.

County Agent's Notes

By: H. Lee Durham.

STORING BLIGHT DAMAGED CORN CAUSES SOME PROBLEMS

According to George Duncan, agricultural engineer for the University of Kentucky College of Agriculture, blight-damaged corn will demand special attention from farmers to assure satisfactory storage.

"Severely damaged corn should be fed first, certainly before warm weather next spring," he cautions.

Most blight corn contains most light corn contains fines, trash and residue from moldy grains, which increases the storage risk. Farmers should inspect their grain frequently and carefully, the UK engineer said. "It would be advisable to examine and probe the grain weekly until cold weather sets in for good," he said.

If most of the fines are in the center core of the bin, withdrawal of the center core may reduce storage problems. This grain can be cleaned and returned to the bin marketed or fed.

"Most aeration systems are properly designed—yet improper operation is quite a common problem," Duncan said. Many aeration fans are used only two or three days at a time and sometimes only during the daylight hours. An aeration rate of 1/10 CFM per bushel will normally require 100 to 150 or more hours of continuous fan operation to cool the grain throughout the bin.

There are no new "tricks" for storing this year's crop, Duncan advised. "The risk is simply greater than it would be under normal conditions. Frequent checks on storage bins and proper aeration will help prevent storable storage losses."

Farmers seeking further information should contact their local county agent.

FARM FORECAST

Mr. Steven Allen, Agricultural Economics Department, UK, recently issued farm forecasts for tobacco, corn, dairying, hogs and beef cattle. Mr. Allen's predictions are as follows:

Tobacco: Prices for the 1970 crop are likely to average \$72 to \$73 per 100 pounds. Domestic use of Burley tobacco (mainly cigarettes) is expected to be down about 6 million pounds from that used last year. However, increases in exports will just about offset this loss. Thus, total disappearance will almost equal that of last year according to the USDA. If the 1970 crop turns out to be 5% below that of 1969, the total supply going into the 1970-71 marketing year could be slightly under that of a year earlier. Even so, the supply situation will likely call for reduced acreage in 1971.

Corn: Prices will likely hit the seasonal harvest time low within the next two weeks. Because of leaf blight damage and reduced supplies this low will likely be 15 to 20¢ per bushel above that of a year ago. This means prices of \$1.35 to \$1.40 per bushel in most areas of Kentucky. Storage will pay if your corn is of good keeping quality. If damage is heavy, it will likely pay to sell soon or feed to livestock during a relative short period. Dairy: Dairy cow numbers on Kentucky farms have continued

to decline, but at a slower rate than last year according to the Kentucky Crop and Livestock Reporting Service. By the end of the year we will likely have about 7,000 fewer milk cows than at the end of 1969. However, with the steady increase in production per cow the total milk produced in Kentucky will not differ much from last year. Milk prices during the rest of 1970 are not expected to differ much from those of a year earlier.

Hogs: Prices are likely to reach their seasonal low this month. Prices during the next 30 days are expected to be in the \$18 to \$19 range. Some price improvement is likely during the early winter provided farmers do not start reduced breeding herds. Price levels during all of 1971 will likely be well below the high levels of the past two or three years.

Library Notes

New books received at the Rockcastle County Library. Among them are:

THE ACADEMY AWARDS, by Paul Michael. This complete photo and text record of Oscar winners also gives a lively and entertaining chapter about the winners and some who came close.

ANTIQUE COLLECTING FOR MEN, by Louis Hertz. Mr. Hertz explores the many fields of antique collecting which appeal to the male collector—such items as precision tools and machinery, stove fittings and trade signs, weather-vanes, lighting devices and many more.

ARE YOU SUPERSTITIOUS?, by Lore Cowan. Fascinating glimpses of the wondrous yet curiously real world of human superstitions, wishes and fears are set down in this book to interest and amuse the reader.

THE ART AND TIMES OF THE GUITAR, by Frederic U. Grunfeld. An illustrated history of guitars and guitarists.

DIGGERS AND YOUTH, by Robert Coles, M.D. A reasoned, concise and unemotional appraisal of a problem of today. The authors present the facts—medical, psychiatric and legal.

MARIJUANA, by E.R. Bloomquist, M.D. A survey of the history and a look at the controversies, contentions, debates and disquisitions concerning marijuana by a well-known authority on the abuse of dangerous drugs.

MARIJUANA, by Will Oster. This book, written by an expert on narcotics and crime, is an up-to-the-minute report on the latest findings on the subject. Clearly and logically the author examines every serious claim made for and against this drug.

MODERN AMERICAN POETRY, edited by Jerome Mazzaro. Substantial critical essays on 15 American poets from Walt Whitman to W.D. Snodgrass by some of the best established young critics of American poetry.

NO HAIL, NO FAREWELL, by Louis Heren. The chief Washington correspondent of the London Times describes and evaluates Lyndon B. Johnson's administration from the traumatic moment when he succeeded John F. Kennedy to the day he returned to Texas. THE PENNSYLVANIA COOK-BOOK, by Dan and Hugh Marzels. The authors demonstrate exactly how to save money on food, without sacrificing quantity or quality or hurting the appearance or taste of your meals.

THE GRIM GENERATION, by Robert Kavanaugh. The diversity of student types, life styles and educational and political issues that characterize the present-day academic world are ably explored in this well-written portrait of student and campus life.

HOUSE ARREST, by Helen Vlachos. This personal story of a prominent Albanian newspaper publisher is brilliantly written. She tells of her arrest and eventual escape to England.

IN A FIT OF LAUGHTER, edited by Veronica Genz. This anthology of modern humor is a book full of witty funny poems, sketches, plays, stories and dialogues.

THE LIFE AND DECLINE OF THE AMERICAN RAILROAD, by John F. Stover. After a quick survey of the development of the American railroad from its beginnings to its peak just before World War I, the bulk of the book is devoted to analyzing the railroad's fall from dominance.

LOVERS ALL UNTRUE, by Sarah Lotis. A carefully detailed portrait of Victorian England serves as the background for this ultimately tragic story of a family whose young daughters are taking their first eager and awkward steps into womanhood.

NEW BOOKS FOR CHILDREN, by John Fante. A warm and exciting story of a boy who learns the meaning of love. **THE UNDISCOVERED COUNTRY**, by Alan Watts. A delightful tale to tease the imagination of small children. **NO PROMISES IN THE WIND**, by Irene Hunt. The United States in 1932 is the background against which a young man must come to terms with himself and life. **PIPER TO THE CLAN**, by Mary Stetson Clarke. Ross Craig, sole survivor of a Highland Clan of pipers, found new strength and courage in the new country of America.

SECOND SON, by Nancy Faulkner. Christopher, the luckless second son of a Virginia landowner, finds his rising adventure in the city of London in the 1760's. **SUR TRISTAN OF ALL TIME**, by Sabra Holbrook. A close examination of the Tristan legend which has survived for centuries through the work of artists, musicians, poets, and playwrights. **STORIES IN BLACK WHITE**, by Eva H. Klest. A collection of stories by both black and white writers, an outpouring of what they have felt and seen in their experiences with each other and the world. **WILFRED THE LION**, by Syd Hoff. Wilfred's desire to be now they faced the problems of men, marijuana, and they needed answers to their questions.

UPON THE RIM, by Dale Eunsom. A recreation of another

SEXUAL POLITICS, by Kate Millet. The relationship between the sexes is and always has been a political one. The author shows how the patriarchal bias operates in literature and is reflected in literature.

TO PURGE THIS LAND WITH BLOOD, by Stephen B. Oates. A full-scale biography of John Brown, one of the most controversial and influential figures in American history.

UP FROM THE GETHTO, by Phillip Droning. These are the inspiring stories of some ghetto Blacks who really wanted to succeed—and did.

NEW BOOKS FOR CHILDREN, by John Fante. A warm and exciting story of a boy who learns the meaning of love.

CHAMPIONS OF SPORTS, by George Ya's. The people included in this volume all have one thing in common—they all fought against adversity to achieve their goals, showing both physical and moral courage.

THE CHANGELING, by Zilpha Keatley Snyder. Ivy, who claims to be a changeling child, introduces shy Martha to a world of light and friendship.

COLORS, by John J. Reiss. A vivid, colorful children's introduction to the wonder of color.

SUR TRISTAN OF ALL TIME, by Sabra Holbrook. A close examination of the Tristan legend which has survived for centuries through the work of artists, musicians, poets, and playwrights.

STORIES IN BLACK WHITE, by Eva H. Klest. A collection of stories by both black and white writers, an outpouring of what they have felt and seen in their experiences with each other and the world.

WILFRED THE LION, by Syd Hoff. Wilfred's desire to be now they faced the problems of men, marijuana, and they needed answers to their questions.

Some people say, "The church is always asking for money." Even if this was 100% true, the expression should be squelched because church people, places and purposes face a constantly growing need for money to carry on work that needs to be done. The world is topsy turvy enough as it is but stop and think how inhumanly unlivable it would be without churches.

This brings to mind the meaningful words of Peter Marshall, the revered former chaplain of the U.S. Senate.

"Surely there is something wrong with our lives and standards of values, when we compare what we spend for amusements and what we give to the church. There are gifts made at a cost and some are willing to do without personal comforts in order to have a real part in the Kingdom of God. But there are others whose contributions are more casual and their gifts are more like tips; less than the annual dues in the club; less than the amount they spend on non-essentials."

The thought may be worth thinking about...
