"INTERIM FINANCING ORDINANCE" (Cont. From Page 10)

THE EXECUTION AND DELIVERY OF PROMISSORY NOTES FROM TIME TO TIME IN EVIDENCE OF SUCH BORROWING, PLEDGING REPAYMENT OF SAID LOAN AND INTEREST THEREON FROM THE PROCEEDS OF SUCH BONDS AND GRANT; DESIGNATING FINANCIAL INSTITUTIONS TO SERVE AS THE CITY'S PAYING AGENTS; CONNECTION WITH SUCH BONDS; AND PRESCRIBING CONDITIONS RELATING TO DISBURSEMENTS FROM THE CONSTRUCTION ACCOUNT.

WHEREAS, the City of Brodhead, Rockcastle County, Kentucky (the "City"), has entered into a loan and Grant Agreement with the United States of America, acting through the Economic Development Administration of the U.S. Department of Commerce ("EDA"), as represented by an EDA "Offer Loan and Grant" made to the City under date of October 7, 1969 (Project Nos. 03-00585 and 03-2-00583), which Offer has been accepted by the City by duly adopted Resolution, providing for the issuance by the City of \$300,000 "City of Brodhead Water and Sewer Revenue Bonds"; the proceeds thereof, together with an EDA grant in the sum of not exceeding \$343,500, and a Federal Water Pollution Control Administration grant of \$108,000, to be applied to the construction of a new sewer system plus extension, addition and improvements to the municipal waterworks of the City, together with necessary appurtenances (the "Project"); and

WHEREAS, it is provided in the Loan and Grant Agreement, aforesaid, that in the sale and delivery of the City's proposed Revenue Bonds, the City may borrow money from any source or sources in anticipation of the eventual receipt of Bond proceeds and grant proceeds, and that such borrowed money may be expended upon the project from time to time and thereafter repaid with interest to the lender or lenders; and

WHEREAS, the City has made arrangements with the Liberty-National Bank and Trust Company, Louisville, Kentucky (the "Louisville Bank"); and the Citizens Bank, Brodhead, Kentucky (the "Brodhead Bank"), to borrow, as needed from time to time, up to \$650,000.00 for interim purposes pending the authorization, sale and delivery of such Bonds and pending the receipt of the proceeds of said Bonds; and WHEREFORE, the BOARD OF TRUSTEES OF THE CITY OF BRODHEAD, KENTUCKY, DOES ORDAIN AS FOLLOWS:

Section 1. For the purposes described in the preamble of this Ordinance, there is hereby created and established a special and separate fund or account of the aforesaid City, and the same is hereby designated as the "City of Brodhead Water and Sewer Project Construction Account," which Construction Account shall be maintained at the Citizens Bank, Brodhead, Kentucky, an FDIC Bank. There shall be deposited into said Account by the Treasurer of the City from time to time all moneys received from any and all sources, which are obtained for the purposes of the aforesaid water and sewer project, including, but not limited to, moneys borrowed from any source, advances which may be received from the EDA prior to the sale and delivery of the Bonds, the proceeds of said Bonds, and any Federal grant proceeds which may be received from the EDA in payment of the Project. A true and accurate separate accounting shall be made of all deposits into and disbursements from said Construction Account, and at no time shall there be any commingling with other moneys of the City.

Section 2. The borrowing of up to the aggregate sum of \$650,000.00 from said Banks, and/or either of them, is hereby authorized; and the Chairman of the Board of Trustees, Bobby A. Proctor, who is also Cashier of the said Bank, is hereby authorized to execute in the name and on behalf of the City any number of negotiable promissory notes, in such form as may be prescribed by said respective Banks, each note evidencing an advance of cash funds by said Banks to the City, and said Banks are hereby authorized and requested to make disbursements of the proceeds of each such promissory note by depositing same to the credit of the City in the aforesaid Construction Account and simultaneously furnishing the City Treasurer a copy of a deposit slip, credit slip, or other proper evidence of the Board of Trustees of the City includes the execution of renewal notes in evidence of renewal and extension of notes becoming due, providing the aggregate of the principal amounts of such promissory notes outstanding and payable to said Banks shall not exceed \$650,000.00 and providing each note which is renewed or superseded is simultaneously cancelled by the appropriate Bank and transmitted to the City Treasurer. The rate of interest applicable to each such note and each renewal note, shall be seven percent (7%) per annum.

Section 3. Authority is hereby given for said total authorized interim financing of \$650,000.00 to be the maximum indebtedness which the City may owe to said Banks at any given time; provided, however, that nothing contained herein shall operate to prevent the City from reducing the amount owed by the City to said Banks from time to time as and when funds are available to the City, whether derived from the proceeds of Federal grants, the proceeds of the sale of said Bonds or otherwise, and to re-borrow from said Banks additional amounts in anticipation of the further receipt by the City of additional proceeds from said Federal loan and/or grants in order that to enable the City to save interest costs by applying the proceeds of said loan and/or grants as received and which are not immediately needed for the payment of costs of the project, toward the liquidation and/or reduction of said interim financing loans until such time as additional interim financing loans are needed to provide additional funds for costs of said project as required of the City, so long as the total amount owed to said Banks at any given time is not in excess of \$650,000.00 and provided, also that the total interest on such loans advanced by the City to said Banks at any given time is not in excess of the balance of said approved Federal loan and/or grants not theretofore received by the City.

Section 4. As permitted by the Loan and Grant Agreements with the EDA, the City hereby covenants and agrees to make and keep good upon receipt by the City of advance from the EDA on account of its grants under the terms of said Agreement, whenever received, and upon the issuance and delivery of said Bonds, according to the terms and provisions of the EDA Loan and Grant Agreement; the City will apply the proceeds thereof, to whatever extent may be necessary, in payment of the principal amount of all such notes of the City then held by said respective Banks, together with interest thereon to the date of such payment; and the proceeds of said Bonds and of said grants are hereby pledged thereto, and such pledge shall constitute a first and prior charge against such proceeds.

Section 5. Payments from said Construction Account shall be made only pursuant to and in compliance with the following requirements and procedures:

(a) Payment from said Construction Account shall be made in compliance with the Loan and Grant agreement between the District and the EDA, and shall be limited to costs of the Project. No payment shall be made from the Construction Account, including payments for land and rights-of-way, legal and administrative expenses, payments to the Consulting Engineers, Crawford and Crawford Engineers, Mt. Vernon, Kentucky, and Clyde F. Mason, Consulting Engineer, Lexington, Kentucky, and for any other costs, without the prior written approval of EDA; provided prior written approval of EDA will not be required with regard to interest payments to contractors, other than any part or all of the final ten percent (10%) of the amounts due under construction contracts.

(b) All payments to construction contractors shall be made only pursuant to vouchers approved by the Consulting Engineers and countersigned by the Chairman of the Board of Trustees of the City, certifying in each instance that the same represents a sum actually earned by and due to the proposed payee therein under a contract with the City for work performed and/or materials furnished in connection with the Project.

(c) Payments for Project costs other than payments to construction contractors for amounts due under construction contracts, shall be upon certification by the City Treasurer in payment of the same by the Chairman of the Board of Trustees, that the expenditure is in payment of costs actually incurred and due to the proposed payee in connection with the Project.

(d) All requests for interim financing to the Banks pursuant to Section 2 shall be accompanied by vouchers and/or certifications; and prior written approval by EDA, to the extent as hereinafore required, together with executed checks of the City signed by Chairman Bobby A. Proctor, in payment of the same by the Chairman of the Board of Trustees of the request for interim financing by the Banks, acceptance of the promissory note by the Banks, and deposit of the amount thereof in the Construction Account, said checks may be released and transmitted to the respective Engineers and countersigned by the Chairman of the Board of Trustees of the City, and the same shall represent subject withdrawals from the Construction Account, subject to final audit.

Section 6. The following are genuine signatures of the Chairman of the Board of Trustees and the City Treasurer of the City:

CHAIRMAN OF THE BOARD OF TRUSTEES: /s/ Bobby A. Proctor

CITY TREASURER: /s/ Frances Whitehead

Said Louisville Bank and said Brodhead Bank are authorized to accept and rely upon genuine signature of said officials, as the same appear above, until such time as said Banks may be notified in writing of the adoption of an Ordinance or Resolution of the Board of Trustees of said City, to the effect that either or both of said officers no longer hold their respective offices.

Section 7. The City will cause each City officer or other person having custody of any moneys administered under the provisions of this Ordinance to be bonded at all times to the extent and in the same manner as required by law for the safekeeping of such moneys in his custody at any time, whichever is lesser, unless a greater amount is required by law or by the EDA. The City will segregate and earmark such funds, consistent with this Ordinance, in such manner as to enable the City to obtain the benefit of the lowest possible surety premium rates on such surety bond or bonds. Each bond shall have a surety given by a surety corporation qualified or authorized to do business in Kentucky, and approved by said governing body of the City, and the premium on such surety bond shall initially be paid by the City out of interim financing funds available.

Section 8. The Citizens Bank, Brodhead, Kentucky, is hereby designated as the City's Paying Agent for the date of maturity of the aforesaid Bonds and the interest coupons to be attached thereto; and the principal office of the Chemical Bank, 30 Broad Street, New York City, New York, is hereby designated as Alternate Paying Agent where the holder of any such Bond or coupon may, at his election, present said Bonds and coupons for payment.

Section 9. As provided in KRS 66.480, moneys from time to time on deposit in said Construction Account, to the extent that same may cause the aggregate deposits of the City in said Brodhead Bank to be in excess of the amounts insured by the FDIC, shall be collateral secured by bonds or notes of the United States of America or obligations of the principal and interest of which are guaranteed by the United States of America ("U.S. obligations") having a market value equivalent to such excess; or to the extent that such deposits exceed the amount estimated by the Engineers to be required for disbursements during the ensuing ninety days, such Brodhead Bank may invest for the benefit of such construction purposes. Earnings received from any such investments shall be deposited by the City in the Construction Account. Any moneys remaining in the Construction Account after all of the costs of the Project have been paid and after all advances therefrom have been received shall be promptly used to the extent possible for the redemption of Bonds of the issue referred to herein; and any

residue shall be deposited into the account hereafter to be established in the Bond-authorizing Ordinance for the payment of the principal of and interest on such Bonds, all subject to the terms of the aforesaid Loan and Grant Agreement, as amended.

Section 10. Bond Counsel retained by the City for the preparation of the Bond transcript documents to conform to the specifications, practices, procedures and requirements shall be furnished a certified copy of this Ordinance and shall be guided thereby; and said Bond Counsel shall be instructed to provide in the Bond-authorizing Ordinance a reference to the fact that the aforesaid Construction Account has already been created in anticipation of the issuance of the Bonds and receipt of the grant proceeds, and shall constitute the "Construction Account" referred to in Section 10 of the printed "Standard Terms and Conditions" attached to and constituting a part of the aforesaid EDA Loan and Grant Offer.

Section 11. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance.

Section 12. This Ordinance shall be in full force and effect from and after its adoption, as provided by law. The City Clerk is authorized to provide to the Banks named in this Ordinance one or more certified copies hereof, and the same shall constitute official evidence of all matters set forth herein.

ADOPTED BY THE BOARD OF TRUSTEES OF THE CITY OF BRODHEAD, KENTUCKY, at a meeting held on the 7th day of December, 1970.

CITY OF BRODHEAD, KENTUCKY
/s/ Bobby A. Proctor
Chairman of the Board of Trustees
Attest:
/s/ Frances Whitehead
City Clerk

CERTIFICATION
I, FRANCES WHITEHEAD, hereby certify that I am a City Clerk of the City of Brodhead, Kentucky, and that the foregoing is a true, correct and correct copy of an Ordinance adopted by the Board of Trustees of said City, signed by the Chairman, and attested by me as City Clerk, upon the occasion of a properly convened meeting of the Board of Trustees, held on the 7th day of December, 1970. IN TESTIMONY WHEREOF, witness my signature and the Seal of the City this December 7th, 1970.

/s/ Frances Whitehead
City Clerk

A THOUGHT FOR THE WEEK

Christmas will soon be here... A season for giving and receiving. A season of gladness for most of us. A season of grieving and sadness for some of us. A season of religious dedication for too few of us. A season of memories for all of us. Christmas always has been, is, and always will be a season for gladness and sadness. It has been that way since the beginning. Just as His birth brought gladness to the world, His birth also brought sadness. His birth triggered the slaughter of many babies in the little attempt to rid the world of the heralded King of Kings. These murdered babies were loved by sad, grieving parents - just as He was loved. In our own Christmas gladness or sadness, let us pause and ponder the ONLY reason for the season; the birth of the Babe of Bethlehem. While those of us with faith know He is ever with us, let us pause and ponder what He would say if He put in a personal appearance as He sees us celebrate His birth in our varied manner. Do we give Him reason for gladness - or sadness? The answer can easily bring on our own immediate gladness - or eventual sadness.

Mr. and Mrs. Henry Logan Renner of Bloss celebrated their 54th wedding anniversary December 7 at their home. They were married in Rockcastle County, December 7, 1916, at the home of the bride, the former Sallie A. Whitaker. They have spent their entire married life in Rockcastle County. Eight children were born to them, five of which are still living: Arlie Renner of Indianapolis, Indiana, Mrs. June Mink of Pulaski County and Mrs. Hazle M. Taylor, Mrs. Ruth Pearce and Mrs. Glenn Renner, all of Rockcastle County.

TO BE WED- Mr. and Mrs. Owen Burton announce the forthcoming marriage of their daughter, Cecil Lee, to Michael Edward Ledford, son of Mrs. Faye Ledford of Brodhead and the late Roy B. Ledford. The bride-elect is a 1970 graduate of Brodhead High School and is now completing a business and office stenographic course of the Henry Sparks Vocational School. Mr. Ledford attended Brodhead High School and has completed two years of voluntary service in the U.S. Army. The couple plan a December 26 wedding.

Vernon High School.

JANE TODD CRAWFORD DAILY PROCLAIMED

Citing the indomitable courage, bravery and sacrifice of Mrs. Jane Todd Crawford, Gov. Louie B. Nunn proclaimed Sunday, Dec. 13 as Jane Todd Crawford Day in Kentucky.

Governor Nunn said, "Mrs. Crawford, in submitting to this dangerous and unpredictable operation, expanded the horizons of surgical practice and contributed to the saving of uncountable human lives."

On December 13, 1809, Mrs. Crawford, after examination by Dr. Ephraim McDowell and her own physicians, determined in a history-making decision to undergo a pioneering abdominal operation to remove an ovarian tumor.

She rode horseback, in great pain, some 60 miles from her home in Greensburg to Danville. Her bravery and fortitude in the operation itself, which was performed without the use of anesthetic.

She recovered completely, living another 32 years to the lively age of 48.

attitudes towards family planning. The interviewing proved beneficial and the answers obtained showed positive response towards family planning along with the desire for more information. The survey was conducted on a random basis and all interviews were kept confidential. The interviewing was conducted through the resources of the Council of the Southern Mountains and the Social Welfare Research Institute-University of Kentucky, which is engaged in doing studies of this type in other areas of Appalachia.

The clinic, as previously stated, operates every Tuesday, from 8:30 to 4:30 and is located in the Court House. At the clinic women are given a physical examination by Dr. Hutchins including a Pap Smear (a simple painless exam to determine the presence of cancer of the cervix-a test which is recommended for all women to be done yearly.) Information pertaining to birth control methods is given upon request and Dr. Hutchins also provides birth control pills, foam, and intrauterine devices (IUDs) to patients requesting this service.

Livingston And Burgin Fall To Red Devils

The Mt. Vernon Red Devils added two more victories to the win column during the past week by winning over Livingston 81 to 51 Friday night and downing a good Burgin team, Tuesday night, 85 to 70.

In the Livingston game, the Red Devils led from start to finish to take the win easily. The scoring was balanced: For the Devils with Dale Coffey and George Powell getting 14 and 15 points, respectively, followed by Tommy Coffey with 12 and Rudy Burdette with 10. The Burgin game was hard fought throughout with 60 fouls called on both teams. The final score of 85 to 70 in Mt. Vernon's favor, mainly reflected the hot-hand of the Devils at the free throw line against Burgin's budding inability to take advantage of their charity throws. The Devils' percentage at the free throw line was about 75% with Rudy Burdette getting 15 of his 21 points there.

Burdette played an excellent game for the Devils. His show-aliveness, was accurate in his shots and was almost always in there fighting for the rebound. However, the team's Powell and David McCauley were the big story for the Devils on rebounding with both

Adding to the recreation facilities available in the Great Saltpetre Cave area is this dam recently constructed across Crooked Creek. According to John Lair, owner and developer of the area, plans are to stock the impounded water mainly with trout.

Dam Constructed In Saltpetre Cave Area

A new dam has just been completed across Crooked Creek on the Great Saltpetre Cave property and, according to John Lair, owner of the property, the purpose of the dam is to impound water for a commercial trout fishing project.

The dam, constructed to comply with state engineering specifications, will not interfere with the passing of native fish up the stream during spawning season. Fish ladders have been built into the structure and a 24-inch spillway has been built through the base of the dam. The spillway is controlled by an iron gate that can be opened or closed at will.

Present plans are to leave the spillway open through the winter and spring months and closing it early in May, at the end of the spawning season. It will then be stocked with trout and ready for fishermen until about the first of November.

The stocking will not be done by the state but by Mr. Lair himself who will buy the trout from a trout farm when they reach a length of 12 to 14 inches, the most desirable eating size. Fishermen will be allowed to catch as many as they want, paying for them on a per pound basis. This is customary in trout farms in operation elsewhere. There are reportedly, great numbers of such fisheries in the mountainous 75% regions of North Carolina and Tennessee but none in operation in Kentucky.

Trout fishing is very popular but can be rather expensive so it is very likely that portions of the water backed up

ramblings...

by: perlina m. onderkin

I have been practicing for Saturday night's upcoming ladies' basketball game between the "Mama Santas" and the "Christmas Dolls." I have become more and more aware of the stamina and strength required by high school, college and professional teams to play basketball. When we first started practice, my idea of my own stamina was that I was in "pretty good shape" as far as wind and strength were concerned. However, the first practice session quickly dispelled any illusions I had of concerning my ability to get out and run up and down the floor three or four times without having to sit down on the side-lines and fight for enough energy to keep from passing out.

This is the third year we have played the game, but the first time I can remember really having trouble with just keeping up with the other players. I know it can't all be laid to getting older since those I am playing with are also "getting older" and it doesn't seem to bother them as badly as me.

Of course, I have considered the idea that for the first time we will be playing high school girls who are a "few" years our junior and maybe the contrast is even more pointed up by this fact. The only thing I can hope for is that I am playing with a few boys laughing at my playing ability that they won't count how frequently I am helped to the sidelines to pull myself "together" or to play another two minutes.

So there... I won't forget me, the proceeds go to the County Kindergarten and is identified in 75¢ a ticket, if bought in advance, and \$1.00 at the door...

And now, just to let those who I have been having little laugh at my expense know that I know all about it. In last week's issue, I ran a story concerning a shooting which occurred in Mt. Vernon and in the story I described the "bullet as entering the right hand from the side. Well, this phrase seemed to amuse several people and we admit the word had wasn't strictly correct. I noticed it particularly at the game with Lona Jack because of the display of sportsmanship from their crowd pointed out our own lack of it even more forcefully. We are talking about the crowds, students and adults, seeming unable to keep quiet when the opposing team's players are at the free throw

"MAIL EARLY"

POSTMASTER ASKS

Postmaster James O. Smith has asked that Christmas Cards and other Christmas mailings be sent early so that the usual Christmas mail rush might be somewhat alleviated.

Postmaster Smith says that all cards should be stamped, tied into bundles of local and out-of-town and marked with labels provided by the Post Office Department. Rural carriers are not required to pick up unstamped letters and cards during December. Stamps should be purchased in advance from the carriers, cards and letters should be separated into two bundles and labeled correctly.

With a little consideration for the extra load the Post Office Department carries during this busy season, a great deal of the rush can be soiled.

SERVICES HELD FOR ESTELLE MULLINS HARRIS

Funeral services were held Tuesday, December 1 in New Albany, Indiana, for Estelle M. Harris, daughter of the late William and Maude Mullins.

Mrs. Harris was a cashier at the Grand Theatre in New Albany for 18 years and a member of the St. John's Presbyterian Church.

Survivors are her husband, Minus M. Harris, New Albany, Ind.; one son, Minus C. Harris, U.S.A.F. stationed in Hawaii; one daughter, Minette Harris, Clarksville, Ind.; one brother, James H. Mullins, Mt. Vernon; three sisters, Mary Farmer, Mobile; Alabama; Billie Otko, Fairlawn, N.J. and Vivian Chandler, Louisville and two grand children.

Burial was in Walnut Ridge Cemetery, Jeffersonville, Indiana.

SCHOOL LETS OUT DECEMBER 22 FOR CHRISTMAS HOLIDAYS

School in Rockcastle County will be dismissed for the Christmas holidays on Tuesday, December 22 at 10 a.m., according to Superintendent Charles B. Parsons.

Classes will resume Monday, January 4, 1971.

Loyal Clovers Win Area Talent Show

The Loyal Clovers Community 4-H Club, from the Boone area, won first place at the Wilderness Trail Area 4-H Talent Show for their Club Act. The show was held Saturday night, December 5, at the new Laurel County High School.

The Loyal Clovers presented an act entitled "Snow White and the Seven Pigeons." Eight counties participated in the area talent show and the Loyal Clovers are now eligible to be selected to show their club act at the State Fair next August.

Kenny and Merita Stewart, children of Mrs. and Mrs. Kenneth Stewart of Wildie, also brought home a blue ribbon from the show for their Specialty Act. They presented a piano-violin duet entitled "Toyland." The champion specialty act was entitled "Puppet Show" and was presented by a 4-H Club from Knox County.

Clinic Being Held Locally

On Tuesday, November 3, 1970 and for each following Tuesday, the Rockcastle County Health Department started a full day clinic devoted entirely to Family Planning and Pap smears for women.

Through the joint cooperation of Dr. M.A. Shepherd, Regional Medical Officer, the Public Health Nurses, Mrs. Norma Lyons and Mrs. Jeanette Mullins, in Mt. Vernon, and the Council of the Southern Mountains in Berea, this much needed and vital program was implemented to provide free services to the women in Rockcastle County.

Dr. Louise Hutchins of Berea, was hired by Dr. Shepherd, to be the medical physician in charge of this specialty clinic. Dr. Hutchins has practiced in the field of Family Planning for many years and recently returned from Hong Kong where she spent the past three years utilizing the most modern techniques of contraception in the clinics there.

In the past few months, local women have been interviewing with her in Berea and her efforts to find the needs of the women in the area and their

JUVENILES CHARGED WITH SETTING BLAZE

The cause of a fire, which burned over 100 acres of woodland near Brodhead on Thursday night, has been discovered.

According to Steve Bullen, local forest ranger, two juveniles, 11 and 16 years of age, had, earlier in the day, been hunting and set a tree on fire in an attempt to smoke game out. They failed to extinguish the blaze in the hollow tree.

The fire was reported to the Brodhead Fire Department about 9 p.m. That following night the blaze seemed to be under control but were called out again at 3 a.m., when it was discovered that the fire had regained momentum and was threatening the buildings of the Christian Church camp.

The fire was finally brought completely under control Friday afternoon.

The juveniles and their parents now have to decide whether to pay the cost of the fire, which amounted to \$142 or to let the boys appear before a juvenile judge.

MRS. MARY MC KINNEY DIES AT RESIDENCE

Mrs. Mattie W. McKinney, 96, of Blue Springs, passed away Monday, December 7, at her home.

She was born in North Carolina on October 11, 1874, and was a member of the Blue Springs Pentecostal Church.

Survivors are two nieces, Mrs. Dora McKinney of Sharrsville, Ohio and Mrs. Susan Stokes of Cincinnati, Ohio. Funeral services were held Wednesday afternoon, December 9, at Blue Springs Pentecostal Church with Bro. Johnny Helton and Bro. Fred Kratiboff officiating.

Burial was in the McKinney Cemetery.

Cox Funeral Home was in charge of arrangements.

SHIRLEY PARSONS DIES AFTER LONG ILLNESS

Shirley B. Parsons, 63, of Wildie passed away Saturday, December 5, 1970 at the Rockcastle County Baptist Hospital after an illness of several months.

She was born in Rockcastle County on September 13, 1907, the son of the late J.W. and Betty Hunt Parsons. She was a member of Ashland Lodge 640 F.A.M., a farmer, merchant and member of the Wildie Christian Church.

Survivors are his wife, Mrs. Ruth Bransan Parsons of Wildie; three sons, Ballard, William and Donald Parsons; two daughters, Mrs. Sadie Stewart, Mrs. Libby Smith of Middle-town, Ohio and Mrs. Gail Coulter of Bloomfield; two sisters, Margie Hiatt, both of Wildie; one brother, Jack Parsons of Wildie, and two grandchildren, Mrs. Sadie Stewart and Monday afternoon, December 7 at the Cox Funeral Home Chapel with Bro. David Woods officiating. Burial was in the Bransan Cemetery.

MRS. LILLIE M. HURD BURIED IN ELMWOOD

Mrs. Lillie M. Hurd, 73, of Mt. Vernon, passed away Wednesday, December 2, at the Rockcastle County Baptist Hospital.

A native of Rockcastle County, Mrs. Hurd was the daughter of the late William and Sally Adams Cline and was a member of the Mt. Vernon Pentecostal Holiness Church.

Besides her husband, Charle Hurd, she is survived by one daughter, Mrs. Lucy McMillard of Lexington; two sons, J.W. "Pete" Hurd of Mt. Vernon and John Hurd of Mt. Healthy, Ohio; one sister, Mrs. Mary B. Burt of Berea; one brother, Shirley Cline of Mt. Vernon; 10 grandchildren; and one great grandchild.

She was preceded in death by one son, Charles B. Hurd. Funeral services were held Saturday afternoon, December 6, at the Mt. Vernon Pentecostal Holiness Church with Bro. Charles Shivel officiating. Burial was in the Elmwood, Indiana cemetery.

Cox Funeral Home was in charge of arrangements.

MRS. GRACIE C. LASWELL DIES DECEMBER 4

Mrs. Gracie C. Laswell, 86, of Orlando, passed away Saturday, December 4, at the Berea Hospital in Berea after a short illness.

She was born in Rockcastle County October 2, 1884, the daughter of the late Grand and Mary McQuire Clark and was a member of the New Hope Baptist Church.

She is survived by three daughters, Mrs. Pearl Gullett of New Paris, Ohio; Mrs. Annie Owens of Orlando, and Mrs. Della Shouse of Berea; one son, John Earl Laswell of Richmond, Indiana; one sister, Mrs. Ice Morris of Cincinnati, Ohio; 13 grandchildren; and 43 great grandchildren.

Funeral services were conducted Sunday, December 6, at the Dowell - Martin Funeral Home by Bro. Lester Arnold. Burial was in the Earlham Cemetery in Richmond, Indiana, following services there Monday.

Arrangements in Mt. Vernon were by the Dowell - Martin Funeral Home.

DENVER W. BELCHER DIES SUDDENLY

Denver William Belcher, 58, of Brodhead passed away suddenly Thursday, December 3, at the Somerset City Hospital.

He was born in Harlan County on May 5, 1912, the son of the late Hugh and Jelima Brunnett Belcher. He was an employee of the State Highway Department and a member of the Ottawa Baptist Church.

Survivors are, his wife, Mrs. Leta Owens; three daughters, Mrs. Janet Brodhead, Mrs. Mary Stevens of Louisville and Mrs. Karen Reynolds of Crab Orchard; one son, Billy Belcher; two sisters, Mrs. Bernice Clem of Covington and Eva of Michigan; two brothers, Everett Belcher of Hamilton, Ohio and Willard Belcher of Walton and four grandchildren.

Funeral services were held Saturday afternoon, December 5 at the Brodhead Christian Church with Bro. Jerry Sygney and Bro. John Zupancic officiating. Burial was in the Piney Grove Cemetery with Watson Funeral Home was in charge of arrangements.

School Board Decides To Air Condition Gym

At last Thursday night's meeting of the Rockcastle County Board of Education, the board voted to go ahead with alternate 14 of the construction contract with Forbes Morris Construction Company, contractors for the new county high school.

Alternate 14 involves the installation of air conditioning in the gymnasium of the school. The project will add an additional \$10,000 to the cost of the school but the board felt the expense was justified since the gymnasium would also be used as an auditorium and therefore would be used often. Another deciding factor was that if the board had decided to wait until later, the cost would have increased \$30,000 for the project.

The board also decided again this year to take advantage of being included in the state plan on new school buses and place an early order for at least one new bus. More 1970, 66-passenger buses are ordered by the board later.

Three resignations were also accepted by the board. Submitting resignations were Mrs. Lavada Swain, as nurse aide at Brodhead; Sue Miller as teacher at Maple Grove in the 5th and 6th grades; and Estill Jones, as bus driver for Livingston School.

A bid from Westbrook Appliances in London was accepted by the board for a new institutional type electric range to be installed at Maple Grove School.

The board also decided that effective with the January meeting, the regular monthly

ROAD PROJECT ANNOUNCED

Highway Commissioner B.E. King today announced the addition of a road improvement project to Rockcastle County's 1970-71 Rural Secondary Program.

Bituminous resurfacing is planned for a 0.3 mile section of Maple Street in Mount Vernon.

Rural Secondary projects are financed by two cents of the seven-cent-per-gallon motor fuel tax.

BANKS WILL CLOSE TWO EXTRA DAYS

Employees of the Bank of Mt. Vernon and Citizens Bank in Brodhead will receive two extra days off during the holiday season.

Officials of both banks decided that since Christmas and New Year's Day will fall on Friday that they would also close the following Saturday.

Therefore, both banks will be closed December 25 and 26 and January 1 and 2.

MRS. MARY HAMPFON DIES DECEMBER 5

Mrs. Mary Thomas Hampfon, 58, of Lockland, Ohio, and formerly of Rockcastle, passed away Saturday, December 5, at the John and Fred Owens Thomas and was a member of the New Freedom Baptist Church in Cincinnati.

Funeral services were held by her sons, Sam Burdiss and Mose Hampton, all of Lockland, Ohio; two brothers, Foster Thomas of Paris, and Leonard Thomas of Georgetown; four sisters, Mrs. Rosa Reynolds of Orlando, Mrs. Joe Fish of Berea, and Mrs. Edna Williams of West Carrollton, Ohio; and six grandchildren.

Funeral services were conducted Tuesday, December 8 at the Dowell - Martin Funeral Home by Bro. Paul Carmichael of Cincinnati, Ohio. Burial was in the Maple Grove Cemetery.

Spring Registration Begins Jan. 9 At EKV

Registration for the spring semester at Eastern Kentucky University begins Saturday, Jan. 9, with registration on all Saturday and evening students from 9 to 11:30 a.m.

Registration of juniors, seniors and graduate students begins Monday, Jan. 11, at 8 a.m.

Freshmen and sophomore students' registration that afternoon or January 12, according to an alphabetical registration schedule.

Classes begin Jan. 13.

Final examinations in the current semester begin December 16, and the semester ends December 22.

This schedule is under the new academic calendar adopted by Eastern's Board of Regents last summer in which the fall semester ends, before Christmas, and the academic year ends in the first week of May.

Normal clinics will resume the following Tuesday, December 22.

The Loyal Clovers 4-H Club, shown in the above photo with their leaders, were declared the champion of the Club Acts at the recent Wilderness Trail Area 4-H Talent Show. Members of the Club are, from front, left: Dalilah Alexander, Faye Alexander, Faye Alexander, Kelly Poynter, Sherwood Pickle, Carolyn Lamb. Second row, from left: Mrs. Loney Poynter, leader; Debbie Sheahan, Madeline Lamb, Kaye Chastain, Kitty Pickle and Mrs. Charles Lamb, leader. Third row, from left: Jeff Poynter, Greg Poynter, Allen Wilson, Timmy Lunstford and Jimmy Sheahan.

SPECIAL APPEALS COURT WILL DECIDE TAX ENIGMA
 A special Court of Appeals will have to be appointed by the governor to decide a tax enigma involving six of the seven judges on the regular court.

The City of Frankfort has filed suit in the Franklin Circuit Court seeking to compel payment of the municipal one percent occupational tax by the six judges, two of the county, four commissioners and the tribunal's administrative officer.

The "delinquents" judges refuse to pay the tax on the ground that it is, in effect, a license fee and that such a levy cannot legally be made on them because the State Constitution requires them to hold court in Kentucky's capital city.

The defendants are Chief Justice Edward P. Hill, Justice James H. Miliken, Samuel S. Stoneman, Earl T. Osborne, Scott Reed and C. Homer Seakirk. Commissioners Bernard

B. Davis and Watson Clay and administrative officer Astro Hogg.

The tax law specifically exempts domestic servants, ministers, blind people and state legislators but not other state officials or employees.

SENATE 'COMMITTEE OKS

lake litter penalties. The bill sentences up to six months and fines up to \$500 are authorized, in a bill approved by the U.S. Senate Public Works Committee, for littering lakes or other reservoirs administered by the U.S. Army Corps of Engineers.

The provision was inserted in waterways bill at the request of U.S. Senator John Sherman Cooper, R-Ky., who said such pollution has become a problem—particularly on Lake Cumberland.

"It's a disgrace that many camping and picnicking areas and the banks of many lakes are cluttered with trash," Cooper said.

MEAT-PLANT INSPECTORS TO CONTINUE VIGILANCE

Inspection for meat in Kentucky will not be relaxed and—in fact—may become stricter, the State Agriculture Department announced.

Dr. R. J. Henshaw, meat-inspection director, said that of 139 processing plants closed because of unsanitary condition, about 100 remain closed and will not be permitted to reopen until all health hazards have been removed.

Early this month federal inspectors will survey 100 plants, to be chosen by lot, and "if they find some with conditions that can't be corrected in five days," the U.S. government will take over the inspection and enforcement program in Kentucky, Dr. Henshaw said.

At present state inspectors check the plants under a 1968 Assembly law which brought Kentucky into compliance with the Federal Wholesome Meat Act.

STATE TOLL RECEIPTS INCREASE BY \$24,000

Kentucky's seven toll facilities collected \$1,225,525 in October—an increase of \$24,000 over the same month last year. The Kentucky Turnpike took in \$512,519, up \$21,002, and the Pennyrite Parkway \$114,608, up \$15,088. The Showeetown Bridge and the four other parkways showed slight declines.

CONTRACT IS AWARDED TO EXTEND PARKWAY

The State Highway Department awarded a \$1,147,015 contract to the Adams Construction Co. of Pikeville for a 4.4-mile extension of the Daniel

Boone Parkway west from the Manchester Interchange in Clay County

The department approved a \$9,800,394 bid by Greer Brothers & Young of London for construction of almost five miles of U.S. 23-460 between Prestonsburg and Pikeville. The letter contract was reported to the U.S. Bureau of Public Roads for approval, because federal money is involved.

INDUSTRIAL DEVELOPMENT HELPFUL, GRUBBS SAYS

Contrary to a recent U.S. Department of Agriculture report, the location of new industries in various Kentucky cities and towns has had a beneficial effect, State Commerce Commissioner Paul Grubbs said.

Grubbs said leading citizens in Flemingsburg, Russell Springs, Stanford, Louisville and Lebanon stress the positive effects from the location of plants there.

Tom Duncan's

Frankfort Watchline

Tom Emberton has won the battle—over the war.

The former Metcalf County Attorney, top aide to Gov. Louie Nunn and member of the Public Service Commission has all the marbles in the Republican primary for governor now that former Parks Commissioner, Tom Emberton, has backed away.

Gable didn't wait past the preview of his problems. Gov. Nunn said Gable "started with the proper premise and reached the correct conclusion."

Translated, that means Gable's decision was the triumph of intelligence over wishful thinking. But it does mean that Emberton won't have the built-in public attention that an active primary with Gable would provide.

To get publicity he'll have to take some stands on issues and that can be tricky when he has to stand or fall almost completely on the Nunn administration record.

If he moves too far from the administration position it would imply criticism. Otherwise, he faces a "me too" tag.

Still, the easy standard in a primary means money can be held for the fall campaign. And it can give Emberton time to raise money seasonally in small groups, where he operates well.

With his rugged good looks he could be king of the tea-cup circuit.

Gov. Nunn is taking a careful look at his possible role in the campaign. He doesn't plan to stay silent against direct attacks on the administration—but doesn't want. The governor is very conscious of charges that he has hand-picked Emberton and smothered possible opposition. He insists, of course, it was simply a case of Emberton's showing top strength.

The toughest spot in putting together a Republican slate is finding a good candidate willing to challenge Democratic State Treasurer Thelma Stovall, who'll run for secretary of state.

Insiders admit they don't see much chance to beat her unless there's some kind of an unexpected GOP sweep. But one said:

"We hate to hand it to her on a platter—she'd just go across the state beating us over the head for the other Democrats."

Court of Appeals Clerk Dick Vermillion used the old-time analysis of why he wants to run for the spot Mrs. Stovall will be vacating instead of against her:

"My mother didn't raise any foolish children."

The hiring of Dan Chandler as a "senior administrative analyst" in the Highway Department didn't make anybody too happy, although Chandler seems unconcerned about the fuss.

Aides to Gov. Nunn say former Democratic Gov. B. B. "Happy" Chandler, who openly backed the Nunn campaign, put the heat on to get a position for his son—then wasn't pleased with the salary of \$782 a month.

The hassling went on for a while even after the younger Chandler was sent to Highway Commissioner B. E. King with the clear message that a spot had to be found.

King insists that he has a job for Chandler to do—promoting increased truck traffic on Kentucky's toll roads.

HOUSE OKAYS AUTHORITY TO FINANCE BRIDGES

The U.S. House of Representatives authorized for federal financing to rebuild the \$70 bridge linking Northern Kentucky and Cincinnati and to construct a bridge over the Markland Dam near Warsaw.

MORE FUNDS TO CHECK

STATE AUDITOR DECLARES increases in federal money, allocated to or through the state government require more auditing than a decade ago. State Auditor Mary Louise Foust said.

The next General Assembly must provide more funds for this purpose, she advised. Miss Foust, a Democrat, said she agrees with State Finance Commissioner Albert Christian, a Republican, that "governmental spending must be held to limits within the tax structure which now exists."

Letter To

The Editor

Dear Mr. Anderkin:

On behalf of the Kentucky Christian Assembly Trustees and Directors, I want to express our thanks for the fine work of the County Fire Department and those interested and concerned friends who helped to fight a fire that threatened the property of the church camp. It was indeed a day of Thanksgiving for us in that the County Fire Department was alert to the point that two quick trips were made up to the camp property to fight the blaze. After having extinguished the flames once, I was told that the fire truck returned a second time when the fire started up again. Having a reliable fire crew for the rural folks certainly provides a feeling of security for all of us who live or have some property outside of the city limits. Thank you for the service of the County Fire Department.

If it would be possible, I would like for you to publish this letter of thanks in the next issue of the Mt. Vernon Signal so that those who helped to fight the fire might know of our gratitude.

Yours truly,

Davis A. Woods,
 Manager of Kentucky Christian Assembly, Inc.

If Baker - Cummins kicky new Sportabout wasn't as practical as it is, you gals would still love it for its looks.

Our new Hornet 4-door Sportabout will be the married housewife's dream car. It's a just-the-right-sized sporty-slabback that has a very practical 36 foot turning circle. (That's the same as a Volkswagen's!) So it's easy to maneuver in traffic and when parking. It has a big 58.3 cubic feet of cargo space for lugging whatever to wherever easily. And you can depend on either of two light-lifting sixes or a spunky 304 V-8 to get you there.

But you womanfolk could probably fall in love with our Sportabout on looks alone. It's a super-stylish slabback sedan and it's the only one that Detroit offers. If you want to, you can really spiff it up with optional power steering, power brakes, air-conditioning, and, of course, all the regular Hornet options.

We built the Sportabout to be all these things... That should make it almost irresistible.

Baker-Cummins thinks it's about time we did something for all you women in Rockcastle Co.

Mr. and Mrs. Clarence Cox and Dora Cox were in Somerset last week on business.

Mrs. Berntha Adams, Mrs. Lula Bussell, Mrs. Wayne Halcomb, and Mr. and Mrs. Jackie Bussell spent the week end in Ohio with their brother and uncle, Leonard Moore, who is seriously ill.

Sympathy is extended to Mrs. Alice Bussell in the death of her sister, Mrs. George Lee, who passed away in a Lexington hospital last Thursday.

Betty Carson of the U.S. Navy is home visiting his mother, Mrs. Everett Watson and Mr. Watson.

Mrs. Martha Owens and her children had a lot to be thankful for on Thanksgiving Day, for on Thanksgiving Day, Mrs. Owens' seven children, eighteen grandchildren and three great grandchildren were among the 4 grand children at her home for Thanksgiving dinner. Guests were Mrs. F.P. Simpson and girls and Mr. and Mrs. James Simpson and family, all of Cincinnati, Ohio; Mr. and Mrs. Harry Owens, Jr. and son of High Point, Ohio; Mr. and Mrs. Carl Taylor and sons of Deer Park, Ohio; Mrs. Bobby Burton and girls of Eubank; Mr. and Mrs. Everett Albright and family and Mr. and Mrs. Garner Brown and Connie, all of Broadhead, and Virginia Popelar, Susie Horton and Foster Mullins, all of Berea College.

Hunting & Fishing

The waterfowl hunter is possibly the most unique hunter. He is one of a kind, a person endowed with a deep desire to participate in the most rigorous type of hunting offered. The physical exertion, to be sure, is not as great as in some other types of hunting, although jump shooting from the bank of a river can demand great stamina. Usually a duck or goose hunter will hunt from a blind, well concealed from the bank of a river, and he'll stay home and wait for the winds to blow and the snow to come. This qualifies the duck hunter for the unique label.

Instead of looking for pleasant weather, he gleefully anticipates the worst weather possible.

Notwithstanding the fact that the weather has been good, which is bad for the waterfowl hunter, duck and goose enthusiasts are happy with the prospects for a good hunting year. With the duck and goose seasons barely opened, there are more geese in Kentucky than in the past several years.

TO OBSERVE 25TH ANNIVERSARY
 Mr. and Mrs. Everett Reppert of Route 1, Paxton, Indiana will celebrate their 25th wedding anniversary with an Open House Sunday, December 13 at the Pontoppidan Lutheran Church, southeast of Elletts, from 2 p.m. until 4 p.m.
 Mr. Reppert and the former Berdine Nelson were married December 16, 1945.
 They are the parents of four children: Mrs. Truman (Judy) Langley of Paxton, and John, Jane and Jim, all at home.
 The special event is being planned by their children. Their many friends and relatives are invited to attend.
 Mr. Reppert is the son of Mrs. Liddle Reppert of Eubank.

Open House from 2 p.m. until 4 p.m.
 Mr. and Mrs. Bussell (the former Hallie Barnes) have two children, Billy B. Bussell of Brohead and Mrs. Edette (Corrinne) Hurt of Somerset.

Personals

George Barrett has returned home after spending several days in the Rockcastle County Baptist Hospital for treatment. He is reported improving.
 Mrs. Claude L. Hansel, who underwent surgery in Somerset City Hospital on Monday, November 30, has returned home and is getting along nicely.
 Archie Howard was in Lexington recently for a check-up by his doctor.
 Ciftors return is back at his post of duty as city police after being confined to his home with flu for several days.
 Mrs. Elsie Cress is spending the Christmas holidays in Cincinnati, Ohio, with her son, Billy Cress, and other rela-

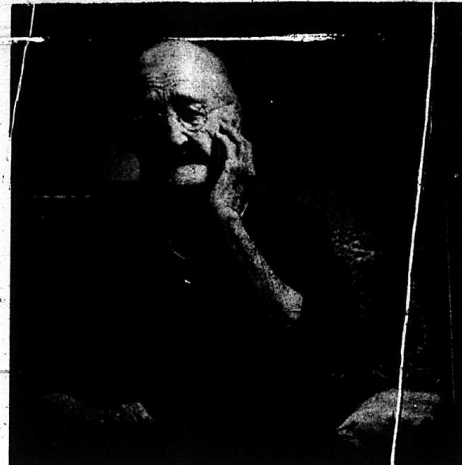

tives and friends.
 Rev. Ray Cummins was guest speaker for the Associational Training Union "M" Night at the Tates Creek Association Monday evening.
 Mr. and Mrs. James H. Mullins spent two days of last week in New Albany, Ind., due to the death of his sister, Mrs. M.C. Harris, and attended the funeral at Kraft Funeral Home in New Albany, on Tuesday, December 1.
 Mrs. Bennett Burton and Sheila were in Lexington last Thursday to consult a doctor for Sheila.
 Last week visitors of Mrs. Lona Logsdon were Mrs. Robert Kirby, Mrs. Virgil Brock, Mrs. Ida Webb, Mrs. Minnie Hansel and Mrs. Vallie Burton.
 Mr. and Mrs. Shelby Jones of Lockland, Ohio have returned home after visiting his mother, Mrs. Celia Jones, and Mrs. Jones' mother, Mrs. Bessie Mink, who is ill.
 Mrs. Hazel Cummins, Mrs. Barbara Anglin and Nancy, and Mrs. Vallie Burton were in Somerset Saturday.

(Cont. to 12)

MR. AND MRS. BUSSELL WILL CELEBRATE GOLDEN ANNIVERSARY
 Mr. and Mrs. C.B. Bussell will celebrate their 50th wedding anniversary Sunday, December 20, at their home in Brohead.

Laura Hiatt Baker (Mrs.) Telephone Photo

(Ed's. Note: Mrs. Baker celebrated her 105th birthday recently and on this occasion, the Bloomington, Indiana Daily Herald-Telephone on this article. Since Mrs. Baker is a native of the county and lived here so many years, we felt our readers would be interested).

'Good Old Days' Aren't For 105-Year Old Woman

By LARRY INCOLLINGO
 ST-Staff Writer

Next time you're riding a rocker to the clippety-clop of a late TV horse opera and the romance of the celluloid good old days arouses within you a nostalgia to have been there you might consider the words of Mrs. Laura Hiatt Baker.
 "I'd hate to have to go back to those days and live like people lived then," she said in a special interview Tuesday.
 She ought to know what she's saying because only the day before she celebrated her 105th birthday.
 That is the reason the interview was special, too.
 A native Kentuckian she spent most of her years in and near the Renfro Valley of burlesque fame. As a young bride she began her homemaking career only seven miles from the present location of the "barn."
 Several of her 105 years have been spent in Bloomington, at the home of her son-in-law and daughter, Mr. and Mrs. Raleigh Cagle, 3637 Morning-side Drive, where she now resides.
 "I'm not feeling too good," she said at the beginning of the special interview, "but I am pretty tough and I'll get over it."
 And she did.
 More than 160 years ago the Hiatts settled in Renfro Valley. Mrs. Baker's grandfather built a log structure that was later covered with clapboards, it still stands today, still owned by the same family. It was in this home that Mrs. Baker was born, and it was the scene of her simple wedding in 1889,

"I know I can't live it over so I just don't think about it."
 "I never put myself up as a person to direct other peoples' lives."
 "Not even one tiny bit of advice."
 "Eat, drink, and be merry," she said with humor and sincerity. "Eat good food, but not too much. Drink water and milk. And just be merry. Not a big hooray. I don't see any sense in that. Just be happy. If she has one ambition it reveals itself in her desire to live in peace with people, and to help, if she can, those who need help."
 "I love people, and I love to visit and talk with people," she said.
 More than 30 people joined her in celebrating her birthday. A large sheet cake decorated with the traditional birthday greeting also bore a large 105 in frosting. There was punch, too.
 And there were a few unexpected messages that added to the day's pleasure for Mrs. Baker.
 A birthday greeting from President Richard Nixon.
 A telegram from Vice President Spiro T. Agnew, wishing her health and happiness in (Cont. to 12)

"CINCINNATUS" PROMOTES TRAFFIC SAFETY—Taking time out from retracing the steps of Daniel Boone, bearded Dallas McKennon, who plays Cincinnati on the television series "Daniel Boone," clowns with Arthur E. Beard (second from left), executive director for the Kentucky Traffic Safety Coordinating Committee, and James D. Sewell, the committee's executive assistant. McKennon spoke briefly with students at the fourth Governor's High School Traffic Safety Conference held at Cumberland Falls State Park. (Gary Robinson Photo)

County Agent's Notes

BY: H. LEE DURHAM

NEW HYBRID SEED MAKES IT EASY TO GROW PICKLES
As pickle acreage contracted for the 1971 season is upon us it might be well to review the earnings potential by looking at the 1970 facts. Mr. W. C. Burr, Director of Field Operations, recently sent out the following information concerning the 1970 cucumber season.

The equivalent of \$2000 per acre barrier was broken by 14 growers raising 6 acres of pickles and earning \$19,356.21 - an average of \$2,419.97 per acre. The Champion Grower made \$1,442.05 on a 1/2 acre - equal to \$2,884.30 on an acre.

There were 248 growers (an increase of 10% over 1969) who averaged \$1,236 per acre. The \$ Per Acre Return for all growers increased 22% on top of a 38% increase in 1969.

The yield was increased 5% (on top of a 49% increase in 1969) to an average of 210 bushels to the acre, with the leading growers producing 700 to 800 bushels to the acre. Those high yields are attributed to several factors: a) Well drained land, deeply plowed and well disked; b) Pickle patch planted on ground previously used for tobacco, and/or; c) Land was manured, and/or; d) Use of 1000 pounds of 5-20-20; e) Thorough harvest three times a week; f) Some growers applied a second side dressing 10 days to two weeks after the first dressing.

The University of Kentucky, Agricultural Extension Services cites the following advantages to growing pickles. Guaranteed Market; High Dollar Earnings; Quick cash crop (2 to 13 weeks from planting to end of harvest) Planting is normally completed between 1st and 10th of May. Picking starts around July 1, and normally ends after the first week in August; Good family project; Most labor takes place at a date which doesn't interfere with other

crops such as corn and tobacco; Grower is paid at time of delivery to the receiving station; No special machinery or equipment is required; Out of pocket expense is small; Income is received when other crops are not ready for sale; Cucumbers are easy to grow; You don't have to be a big farmer to get a contract; Acreage is not government controlled.

In counties where pickles were not grown in 1970, you may contact your County Agricultural Extension Office, or Hirsch Brothers and Company, Louisville, Ky. for further information. In counties having a pickle receiving station in 1970 interested parties may contact the local Pickle Station Agent or the County Extension Office for 1971 Contracts.

FOOD PRICE INCREASE EXPECTED TO CONTINUE
Recent surveys by professional pollsters indicate that many Americans consider inflation to be one of the most important problems facing American society today.

Everyone, from bank presidents to yard keepers, has felt the pinch of an ever increasing cost of living—and one of the most important factors in this rise is the increase in food prices.

According to Russell Robertson, agricultural economist for the University of Kentucky College of Agriculture, the growing affluence and increasing incomes of the American public have helped push food prices upward. The answer to the food price increase, he says, lies in many factors, some of which seem to be totally unrelated.

Robertson claims that the demand for ready-to-eat convenience foods is a factor in pushing food prices upward. "These ready-to-serve foods provide us with a type of built-in maid service—and this continues to cost more and more money." The farmer's share of the

American food dollar has, over the years, been decreasing, while the portions of the food dollar spent on convenience foods continues to rise.

According to Dr. Robertson, some of the ways we spend our food dollar are: --pre-processed foods: "About 10 percent of the eggs we consume today are pre-processed. By 1980 we can expect about 30 percent of our eggs will be pre-processed for use in cake mixes, casseroles and other dishes such as instant scrambled eggs," he said.

--Frozen foods: Consumption

(Cont. To 7)
HUNTING AND FISHING
(continued from page 4)

area, says counts on that area, show in the neighborhood

of 12,000 geese, which is about 1000 over the population for the same date last year.

From the Land Between the Lakes and Kentucky Lake area hunters are well satisfied with the number of geese, although the weather has been a deterrent to the larger flocks. When it comes to ducks, the hunters should be better off this year than for more than a decade. Moynahan said, "we are covered up with ducks," maybe as many as 50,000 on the lake, with the Mallard comprising 90 percent of the flock. The same holds true for other duck hunting areas, which bears out earlier reports from the nesting grounds in the far north where excellent hatches were reported.

Based on those early reports the Department of In-

a most generous bag and possession limit this year, with four ducks daily and eight in possession.

There are restrictions on several species that must be observed and hunters are warned to become acquainted with the bag and possession limits of both geese and ducks and by all means to have a duck hunting stamp which is required in addition to the valid hunting license. The ending dates for geese hunting statewide is January 24 and on the Ballard area, January 23. For ducks, the statewide season ends on January 17, and on the Ballard area on January 16. And, by the way, these unique hunters believe the best hunting for waterfowl will be after the first of the year when they'll have the worst kind of weather.

ASC NEWS

Trade Policy Discussion Being Held In Europe

A high level trade policy team headed by Secretary of Agriculture Clifford M. Hardin is now in Europe to discuss efforts to expand markets for American farm commodities, according to Jack Welch, Chairman of the Kentucky State Agricultural Stabilization and Conservation (ASC) Committee.

Mr. Welch, who returned today from a Washington, D.C. National Conference on new farm legislation, said Secretary Hardin's trade mission was the first order of business at the White House News Conference which was held almost immediately after President Nixon signed the

new farm bill earlier this week. "It was a very eventful day for State ASC Committee Members gathered for the farm program conference," Welch said. "First, Secretary Hardin spoke to us on the new farm legislation we will be administering. Almost immediately after his talk was called to the White House, along with other U.S. Department of Agriculture officials, and President Nixon signed the new farm legislation. Then the European Trade Mission was announced at the White House news briefing.

"To those of us at the farm program conference, this indicates strong interest in main-

taining a vigorous and ongoing agriculture. In fact, those are the very words Secretary Hardin used in his talk to us that morning, telling us the President realizes the basic strength, and the wealth and power of America derive in substantial degree from the productive capacity of a vigorous land ongoing agriculture."

He said the White House News Conference, conducted by Press Secretary Ron Ziegler, emphasized that Secretary Hardin would be able to tell those with whom he meets that the President's position and the United States position regarding trade continues to be one which favors a liberal trade policy.

Mr. Hardin is meeting with government officials in Romania, Yugoslavia, Italy, France, Germany, the Netherlands, Belgium, and the United Kingdom. The trip will be completed on December 15.

The Agriculture Secretary and other high-ranking USDA officials, including Assistant Secretary Clarence D. Palmby, left for Europe on December 1.

"ASC State Committeemen attending the farm program conference were particularly interested in the announcement because one of the key features of the new law is the leverage it provides to help expand farm exports," Welch said. He added: "Farm programs are turning to a new direction toward more freedom for farmers and more market orientation in the production of farm commodities. With that new direction, it is essential that every effort be made to expand our farm export trade. This trip by Secretary Hardin could be of great importance in that effort."

noon.

Mrs. Bill Burdine and Mrs. Shirley Poynter were in Richmond one day last week shopping.

Mrs. David Poynter and Vincent visited Mr. and Mrs. Bill Burdine Saturday.

"COUNTRY AGENT'S NOTES"

(Cont. From Page 6)
of frozen foods is expected to increase. By 1975, consumers are expected to spend about \$12 billion for frozen foods, an increase to the \$8 billion spent today.
--Expanding supermarket services: About 45 percent of all supermarkets are now equipped with deli-cases.
--Packaging, labeling and containerization: As consumers step up their demands for better packages, unit pricing, uniform weights, ingredient identification and open dating on the packages, more money will be spent in providing these services.
The cost of these services will be passed on to the consumer, according to Robert-

son.
--Convenience and time saving services and devices: Dr. Robertson says that the typical mother spends about 5 1/2 hours in meal preparation today, but if she uses convenience foods, she may spend only 1 1/2 hours per day. "If she wishes, and can afford the luxury, she can almost eliminate the kitchen work by patronizing the fast-food carry-out stores," he said.

In addition to the man-made factors, mother nature also has a way of getting into the inflation act. For example, the recent invasion of Corn Leaf Blight into the nation's corn belt has significantly reduced the national crop. This can affect the price of corn flakes, grits, and even popcorn.

And because corn is a major ingredient in livestock feeding, meat products may eventually rise as a result of the national crop reduction. Higher meat prices may shift consumer demands toward substitute products and this, according to Dr. Robertson, will create an upward thrust on the prices of these substitute items.

All this means the American homemaker should be prepared for even tighter grocery budgets. For, according to the UK economist, "there seems to be no reason to expect this trend to reverse itself."

ery budgets. For, according to the UK economist, "there seems to be no reason to expect this trend to reverse itself."

A COLD STATISTIC DETERMINES HEATING COSTS

This is the time of year when homeowners begin feeling an additional pinch in the pocketbook as heating bills begin to arrive with the rest of the monthly dues. And the Department of Commerce's National Weather Service, weathermen are busy computing figures to determine exactly how much Mr. Homeowner must spend to heat his residence.

This figure, called a "degree day," is a measure of coldness devised by heating engineers in the 1920's. When day and night temperatures average 65 degrees or higher, most buildings require no heat. But for every degree of average temperature below 65, more fuel is needed to maintain comfort inside. Every degree of 65 is considered to be one degree day. Therefore, a day with an average temperature of 45 would be computed as 30 degree days. It would require twice as much fuel to

heat a building on this day as a day with a mean temperature of 50 or 15 degree days. Industry and utility companies depend heavily on the "degree day" figure -- trying to make certain that enough heat is available during critical winter cold spells.

Fuel costs in some areas may amount to as much as \$5,000 to \$10,000 for each degree day -- so official weather Service measurements of temperature and degree day calculations become very critical. When an extreme spell of cold weather sets in, and degree day figures reach critical levels, less essential industrial activity is curtailed in most areas of the nation. January, according to Weather Service experts, is the coldest month of the year and hence shows the greatest degree day value in nearly all areas of the country. As a result in the middle West, March fuel costs average about 70 percent of the costs for January. Regardless of the location, when the temperature drops, utility companies began to pay serious attention to the Weather Service's degree day figures. And homeowners should, too, because the higher the degree day figure, the higher the heating bill.

Her white hair shines with crowning grace; Some say she is stout, some say she is fat. But say pleasantly plump; Let's leave it at that. Her first love is to God above. Her children then is her second love; Beautiful flowers we can't leave out. She loves them much without a doubt.

This dear lady loves all that God has made. From grains of sand to shady glade; To know her is to know a lasting of life. Running over with love and empty of strife.

Many friends has she both East and West, It's hard to tell who she likes

Here's hoping she'll have many years more; But to me she gave the best present of life. For she is the mother of my dear wife, Woody McGowan *****

Library Notes

New books received at the Rockcastle County Library. Among them are:

ACROSS THE U.S.A. -- By BOAT, by Bill and Kathy Dimond. Fun reading for boaters and travelers, the Dimonds' odyssey took them 8500 miles from Juneau, Alaska to Key West, Fla.

AMERICAN BUILDINGS AND THEIR ARCHITECTS, by William Pierson, Jr. The first volume of a four-volume set which together will constitute a monumental architectural study of American buildings from colonial times to the present era.

AMERICANS CHANGING ENVIRONMENT, edited by Roger Revette and Hans Lordberg. In this book twenty authorities in the conservation field discuss the causes of the blighting conditions of our environment and how they can be dealt with in the American system of values and political processes.

AMMIE, COME HOME, by Barbara Michaels. A ghost that never quite materializes and the cause of "Ammie" Campbell haunt an old Georgetown house in this novel of suspense and romance.

BANNED BOOKS, by Anne Haigh. A chronological list of

books, banned from 1900-1960 into the 1960's, compiled only with the idea of showing the trend of censorship through out the years and the change in thought and taste.

BASKETBALLS HALL OF FAME, by Sandy Patry. Here in one volume are basketball's immortals: the players, coaches and others whose stories provide a veritable history of the sport.

THE COLLECTOR'S BOOK OF BOXES, by Marian Klamkin. Boxes from around the world which may actually be available to the collector, with advice about their care and repair, where to look for them and how to use them decoratively in the home.

CONSERVATION: NOW OR NEVER, by Nicholas Rosewell. A strong and highly readable plea for "conservation" as the preservation of national resources, and particularly of scenery.

THE DOWER CHEST, by Amber Dean. Antiques mix with murder in this disarming/innocent mystery novel.

EAGLE IN THE SNOW, by Wallace Breen. A splendid novel laid in the era of the

YOURS VERY TRULY,
N.M. SMOCK
PRESIDENT

AN EYE FOR THE DRAGON, by Dennis Bloodworth. The author explains Southeast Asia's turbulent contemporary history in terms of the habits of thought of the diverse people of the area.

THE FEMININE EYE, by Shana Alexander. A delightful collection of essays that cover the phenomena of the kaleidoscope 1960's.

GHOSTS 'ROUND THE HOUSE, by Susy Smith. Fifteen shivery eye-opening tales of ghosts who've haunted some of the nation's "best" homes.

GREEK WEDDING, by Jane Alden Hoge. A romantic novel of suspense set in Greece during the 1821 war for independence against the Turks.

A HANDBOOK OF INTERNATIONAL RELATIONS, by Jack E. Vincent. A guide to terms, theory and practice of the nations' relations as expected to live by.

JAPAN, by Richard Halloran. An incisive account of the realities of present-day Japan.

JOE DI MAGGIO: THE GOLDEN YEAR, 1941, by Al Silverman. The suspense and excitement of the year in which Di Maggio set his unbelievable record--45 home hits--and streaks--are vividly conveyed.

NEVER SLEEP THREE IN A BED, by Max Braithwaite. A rollicking bitter-sweet memoir of the author's childhood in western Canada.

NORTH AMERICAN INDIAN, by Christopher Davis. A look, in equal depth, at the North American Indians' both today and in the past.

ROADS TO DESTINY, by Douglas Waitley. A unique study of the role of waterways, trails and roads played in the expansion of Colonial America to the Mississippi between 1635 and 1850.

A SHORT HISTORY OF THE MAIL SERVICE, by Carl H. Scheele. The author discusses a wide range of subjects such as Benjamin Franklin's administration of Colonial posts, the growth of private express companies, the institution of the Western Pony Express, the railway post office system and the rapid postwar innovations for the handling of over seventy billion pieces of mail annually.

USING COMMERCIAL PERTILIZERS, by Malcolm McVicker. A useful reference for those who work with or advise others on fertilizer usage, and a source of information for progressive farmers.

THE DAY CHIRO WAS LOST, by Chiyoko Nakatani. A quiet, read-and-show book built around a pet dog, K-3.

FAMOUS PRO BASKETBALL STARS, by William Heumai. Action-packed biographical sketches of 12 old and new stars of professional basketball. 6-11.

THE GIRL WHO KNEW TOMORROW, by Zan Shuburne. In the person of Angie Scofield, the author creates a heroine with the ability to see into the future and to explain the past. 7-9.

THE GREAT TRADE ROUTES, by Jean Duché. Many attractive color illustrations enhance this excellent introduction to the history of trade and commerce from ancient times to the present. 5-7.

HENNY-PENNY, by William Stobbs. An old nursery tale with colorful detailed illustrations. K-3.

HI, CAT!, by Ezra Jack Keats. Peter and his friends have lots of fun and games with Archie the cat. Pres.

HOW TO BUILD MODEL CARS, by William Noroner. A visualized step-by-step guide for builders of all types of car models.

INDOOR GARDENING FUN, by R. Milton Carlsson. Year-round indoor gardening presented in a simple and enjoyable manner with lucid illustrations that make the projects immediately understandable. 1-4.

A KISS FOR A WARTHOG, by Wendie and Harry Devlin. Allegro, the 300-lb. warhog, eventually brings the resolution of the rivalry between two towns. K-1.

LONGBEARD THE WIZARD, by Sid Fleischman. The story of a boy-king who works magic. K-3.

MARV, by Marilyn Sacks. Exaggerating, hopeless, funny and endearing, here is Marv--part dreamer, part nuisance, part fool and perhaps part genius. 4-6.

THE MERMAID AND THE SIMPLETON, by Barbara Plickard. A fine new collection of fairy tales. 5-7.

MOONBORN CASTLE, by Brin-ton Turkie. A hilarious novel of what happens when the old (ghosts, jackaws and witch-) tangles with the new, when magic mixes with hydraulic excavators, ghosts with rock 'n' roll and legend with history. 4-7.

ROCKCASTLE COUNTY COURT
Plaintiff VS. APPLICATION FOR PERMIT Defendant.

The plaintiff, Alpha Smith, being a citizen of Rockcastle County, Kentucky, hereby make application for a permit to operate a place of Entertainment and to sell soft drinks, serve eats and tourist camp at the following described location to-wit:

At Renfro Valley, Kentucky. The said plaintiff is 63 years of age, married and has been a citizen of Rockcastle County for about 10 years and for five years prior to that was in the following business to-wit: Barber Shop in Ashland, Kentucky.

MERCHANTS CLEAN UP WHEN THEY ADVERTISE IN OUR NEWSPAPER

Because it takes them into more homes in our town and their ads are seen by more people who enjoy reading a good newspaper.

Knowledgeable merchants know the most likely people to become customers are those who have already decided to buy. They know that these people will read the ads before they decide "from whom" they will buy. By advertising in our newspaper, we guarantee you will reach those who are the most prospective customers in this area, and make more sales.
