"FARM PROGRAM"
(Cont. From Front)

He re-emphasized that participants in any of the three programs—feed grain, wheat, or cotton—have no acreage limitation on production other than the required set-aside acreage and maintenance of their farm's conserving base.

For example, suppose a farmer has 300 cropland acres, including a 100-acre feed grain base and a 50-acre conserving base. Now suppose we do have a 20% set-aside for wheat—remember, however, that 20% is still a tentative figure. The farmer sets aside 20% of 300 acres of his feed grain base, maintains his 50-acre conserving base, and is free to plant the remaining 230 acres to whatever crops he desires, except he cannot plant the quota crops mentioned earlier. He can plant corn, soybeans, grain sorghum, cotton, vegetable or specialty crops—whatever crop or combination of crops he figures will bring him the best return for his investment," Mr. Welch said.

The example cited would be just as true for wheat and cotton participants as for feed grain, he said. "The important thing for farmers to remember in planning for 1971 is that the feed grain, wheat, and cotton programs provide them flexibility in their farm management, allowing more efficient operation than would more restrictive programs of past years."

Final set-aside percentages will be announced until additional information is received by the U.S. Department of Agriculture, such as the January Farmers' Planting Intentions Report, and further data on 1970 crop production.

Preliminary program payments will be made to producers as soon as practicable after July 1. It is expected the preliminary payment will result in a major portion of the total payment a producer will earn. In any event, no producer refund will be required if the preliminary payment for any of these crops proves to be higher than the full payment due the farmer.

Participating in the 1971 feed grain set-aside program will be guaranteed a national average of \$1.35 a bushel on production from half their corn base, and \$1.24 a bushel (92.81 hundredweight) on half their sorghum base. The feed grain set-aside payment will be equal to the difference between the national average price received by farmers during the first five months of the marketing year and the guarantee.

No national wheat acreage allotment for 1971 will be set such as there was in 1970. There will be a domestic use allotment totaling 17 million acres. Participating wheat growers will receive 100 percent of parity on the production of their full domestic allotment.

For cotton growers, the preliminary set-aside payment rate to program participants has been set at 15 cents per pound. The final payment, together with the five-month average market price in the designated spot markets for middling 1-1/2 cotton, must equal the higher of 35 cents a pound or 55 percent of parity

as of the beginning of the marketing year.

Loan rates have been announced for several 1971 crops. For program participants, price-support loans will be available on wheat at a national average of \$1.25 a bushel, corn at \$1.08 a bushel for no. 2 grain sorghum at \$1.73 a hundredweight, and cotton at 19.5 cents a pound for middling 1-1/2 upland cotton (contracture 3.6 through 4.5) on a net weight basis at average location.

Participation in the set-aside programs is not restricted to obtain price-support loans on the following crops: soybeans, at \$2.25 a bushel, no. 1 grade; barley, at 81 cents a bushel; oats, at 54 cents a bushel; rye, at 89 cents a bushel. Loan levels are the national average; county rates will vary somewhat from these averages.

Additional details on the new farm programs will be announced in a program-by-program basis. The ASC Committee Chairman said.

New Growers Allotment—Tobacco

Applications are now being taken by the Rockcastle County ASCS office for new tobacco grower allotments. The deadline sign-up is February 15, 1971. Either the farm owner or tenant may file for the allotment.

MEASUREMENT SERVICE

The Rockcastle County ASCS office will measure land for any owner or farm operator. The cost to the farmer is reasonable and in many cases it is to the advantage of the farmer to have his land measured before crops are planned.

STEPHENS-DINCHER TO CO-HOST DINNER

Fayette County Judge Robert F. Stephens, Lexington, and Dr. George Archer, Princeton, will be co-chairmen of a \$25 a plate fundraising dinner for Bert Combs and Julian Carroll, to be held in Lexington February 20.

WATER DISTRICT MEETING HELD

A meeting of the Northern Rockcastle County Water District was held last Friday night at Roundstone School. Mr. Caudill, a representative of FHA was the guest speaker for the evening.

Those who attended the meeting were told that the water project is progressing satisfactorily and that hook-up fees are not being accepted from potential water users.

You may contact the hook-up fee by contacting Herb Coffey, Jack Parsons, Robert Abner, Jan Stevens, Byron Baker, or Alonso McCullum.

Since the progress of the water district application hinges on obtaining a sufficient number of signers, it is important that this phase of the project be completed as quickly as possible.

1971 Farm Program Announced

New information on the 1971 farm programs has recently been announced according to Jack Welch, Chairman of the Kentucky State Agricultural Stabilization and Conservation (ASC) Committee.

"First of all, the sign-up period for the feed grain, wheat and cotton programs will be March 1 through April 9. Between now and March 1, we expect to announce all details of the programs which will be operated under the new farm law. The Agricultural Act of 1970, Mr. Welch said.

Final determinations on set-aside acreages have not been made, but a tentative 20 percent set-aside for feed grain and a set-aside of between 20 and 75 percent domestic wheat allotment have been announced. The set-asides for these two crops will not exceed 20% on feed grains and 75% on wheat. The cotton set-asides will not exceed 20 percent of the farm acreage allotment.

These tentative set-asides are planned by the U.S. Dept. of Agriculture for the purpose of the special January Farmers' Planting Incentives Report. Decision on the actual percentages will be made before March 1.

"Set-aside is an important new concept," the ASC Committee Chairman said. "Under the set-aside programs for feed grain, wheat and cotton, a participating farmer will set aside a certain percentage of his base or allotment and put this acreage in a conserving use. He will also maintain his base conserving base in conserving use."

"On his remaining cropland he will be free to plant whatever he chooses, except that he cannot grow crops which are under marketing quotas—rice, tobacco, extra long staple cotton, and sugarcane, unless he has farm allotments for the purpose of the special January Farmers' Planting Incentives Report. Decision on the actual percentages will be made before March 1."

Survivors include his wife, Mrs. Media Harris Hoakins; two sons, John Larkin Hoakins of Route 1, Mt. Vernon and William Douglas Hoakins of Route 3, Brothead; one daughter, Mrs. Bill Campbell of Manchester; four brothers, Edd Hoakins of Crab Orchard, Henry Hoakins of Brothead, Sam Hoakins of Mt. Personnel Named For 1971 Heart Fund Drive

Two Rockcastle County residents have been appointed to leadership posts in the 1971 Heart Fund drive, it has been announced by former Senator Thurston B. Morton, Kentucky Campaign Chairman. Both of Mt. Vernon, they are: Mrs. Carrie Baber, to serve as Rockcastle County Heart Fund Chairman and Mrs. Wilbert Kincaid, as Rockcastle County Heart Sunday Chairman.

The month-long Heart Fund Appeal begins on February 1, with a statewide Coffee Day benefit scheduled for Tuesday, February 2. The house-to-house Heart Sunday solicitation will be conducted on February 21. Sponsor of the drive in the county is the Mt. Vernon Woman's Club.

Morton hailed the recent heart statistics which show that all cardiovascular deaths are down by 20 percent while strokes are down by 35 percent and deaths from heart attacks have been reduced by 2 per cent.

"Last year," Morton said, "445,000 volunteers collected \$500,702.48 for Heart's programs of Research, Community Services and Health Education."

Survivors are his wife, Mrs. Bird Harp Albright, of Brothead; four daughters, Mrs. Carter Hoakins, of Mt. Vernon, Mrs. Marguerite Shafer of Lexington, Mrs. Mildred (Cont. to 8)

BANKS WILL CLOSE JANUARY 19

Both the Bank of Mt. Vernon and Citizens Bank in Brothead will be closed Tuesday, January 19 in observance of Robert E. Lee's birthday.

Award plaques were presented to several members of the Rockcastle County Saddle Club at their annual meeting and banquet held Monday night at the Brothead School Cafeteria. In the above photo, with their award, are, from left: Harris Burton, who received a plaque for making the most rides in 1970 (4 in tie with Bobby Taylor), a belt buckle for completing the 1970 Endurance Ride to S-Tree Tower and back, and a plaque for his horse "Hobo's Cloud," on whom Mr. Burton came in first in the Endurance Ride; C.J. Brown, with his plaque for having the second largest trail ride (47) and a plaque for going on the most director's rides (4 in tie with S.S. Purcell); Billy Randolph with his plaque for having the largest trail ride (83) and Bill Brohead with his plaque for his horse "Stats" on whom Mr. Brock came in second in the 1970 Endurance Ride; Bill Norton, president of the club, not shown in the picture, was presented a "Curry Comb" and a Bueno Vista Saddle by the club in addition to the belt buckle awarded him for completing the Endurance Ride.

S.J. "Jack" Owens of Brothead, extreme left, was awarded the 1970 "Top Hand" Award at the Saddle Club's annual meeting and banquet Monday night. Mr. Owens also received a large "Yellow Jacket" in memory of the one which reportedly tormented him throughout his and 30 other saddle club member's trip to Corydon, Indiana last year. Also receiving awards were Jack Martin, 1969 "Top Hand" Award; Bobby Taylor, a plaque for going on the most rides throughout 1970, a belt buckle for completing the Endurance Ride and a plaque for his horse "Frotter" which finished fourth in the Endurance Ride; Andy Cox, a plaque for owning "Shadrack" which was voted the horse in the best condition after the Endurance Ride and another plaque for "Shadrack" on which Paul Howard finished third in the Endurance Ride and Paul Howard, a belt buckle for completing the Endurance Ride. Not shown in the photo is S.S. Purcell, who received a plaque for completing the most director's rides and at least one of three over-night rides.

Local Winners Of DAR Good Citizen Award Announced

Three county winners of the DAR Good Citizen Award have been announced by the Rockcastle County Chapter of the DAR.

Each senior class in the three county high schools, selected several classmates for the honor. From these selections, the faculty in each school chose one senior on the basis of dependability, service, leadership and patriotism.

Chosen for the honor from

Brothead High School was Terri Susan Saylor, daughter of Mrs. Ella Saylor of Brothead. Carolyn Reppert, daughter of Mrs. Mable Reppert, was selected from Mt. Vernon High School and Kouls Floyd Carlolitts, daughter of Carl and Lucille Carlolitts, was chosen from Livingston High School.

The three girls filled out a questionnaire which was sent to the district committee. Win-

Capital Digest

Gov. Louie B. Nunn visited the scene of the coal mine explosion in Leslie Co. that claimed the lives of 38 miners and told of the strength and courage displayed by the families involved.

The governor had arrived at the disaster scene about 10 p.m. He wanted the efforts to bring out the bodies of the victims, talked with President Nixon by telephone and tried to console grieving relatives who had gathered in a nearby church.

He said the President had intended to fly to Kentucky Sunday but he had to cancel those plans when area airports were closed due to weather conditions.

Investigators said the explosion, which resulted in the second worst mine disaster in terms of lives lost in the state's history, was triggered by a routine blasting job designed to raise the mine's ceiling.

PHONE RATE QUESTION MAY GO TO COURT OF APPEALS

South Central Bell Telephone Co. has gone to court in an effort to have set aside the decision by the Public Service Commission recently denying a requested \$14.3 million rate increase.

The company filed an appeal of the decision in Franklin Circuit Court and obtained a temporary restraining order preventing the PSC from enforcing its decision.

As long as the order remains

in effect, the company is free to place its higher rates in effect, subject to later refunds if new rates are denied by the courts.

The public utility states that the laws, affecting the local-service phone charges for 531,000 Kentuckians, will go eventually to the Court of Appeals.

"A" MEANS ADULT IN '69 KET RATINGS

Kentucky Educational Television has adopted a stylized, small-letter "a" as a symbol to warn viewers that certain programs might be considered inappropriate for the entire family to view.

The symbol, according to Programming Director Donna Turner, will be well publicized and may be flashed on the screen before and during presentations which fall in this category.

The commonwealth's most populous county is Jefferson, with 595,055 residents, a 13.8 per cent increase over 10 years ago. Robertson Co. has the fewest people, with the 2163 total down 15.1 per cent for the same period.

Bullitt Co. exhibited the fastest rate of growth, as their 26,090 head count was up 85 per cent over the 1960 residents counted in 1960.

TWO KET TRUSTEES NAMED FOR GOVERNOR

Two appointments to the University of Kentucky Board of Trustees have been announced by Governor Nunn.

Eugene Gosz, Harlan, former commissioner of Economic Security and Highways, was appointed to a four-year term, replacing S. Hudson Milner of Louisville, whose term expired.

Mrs. Restford Bissler, Ashland, was reappointed to the board, also for a four-year term.

GOVERNOR ALLOTS \$1000 FOR VIETNAM MEMORIAL

Gov. Nunn has contributed \$1000 from his contingency fund to help pay for the Vietnam Memorial at Valley Station near Louisville.

The memorial, which he helped dedicate Veterans Day, and lighted water fountain have been finished. Still to be added, when funds become available, are a statue, landscaping and black-topping of the area.

About \$20,000 already has been raised for the project, mainly from contributions by relatives of war dead to commemorate American lives lost in Vietnam. The site for the memorial was also donated.

FOUR APPOINTMENTS ANNOUNCED RECENTLY

Gov. Nunn has appointed Carl D. Melton as circuit judge and B.C. (Ben) Cabbage Jr. as commonwealth's attorney of the newly created Henderson Judicial District.

Melton, a former state legislator, will serve until a successor is elected in 1975.

In other appointments, Quentin Wesley, of Morganfield, a former state representative, was named commonwealth's attorney for Webster, Union and Crittenden Counties, to serve until a successor is elected in 1975.

James E. Basset, of Spring Station, was appointed to a four-year term on the Kentucky State Police Personnel Board, replacing Co. E.E. Vanhus, Irvine, whose term has expired.

Tom Duncan's Frankfort Watchline

Every little movement has a meaning.

And in politics, just as with the hula-hula, you must watch a lot of different even if interesting---things to get the point.

It's easy to see that Gov. Louie Nunn's appointment of Shirley Palmer-Ball as assistant commissioner of the Parks Department puts him in line to succeed Commissioner James Host.

And that means Host is getting ready to acknowledge that he's turning in as lieutenant governor on the administration's ticket, which will be headed by former Public Service Commissioner Tom Emberton.

But those used to the Frankfort scene will look some more.

As head of the Alcoholic Beverage Control Board, Palmer-

Ball tramped on plenty of toes, especially in Louisville and Northern Kentucky.

Both areas will be major battlegrounds in the fall election.

And the administration hasn't given up on getting Jefferson Commonwealth's Attorney Edwin Schroering on the Republican slate for attorney general.

Schroering hasn't been exactly in lock-step with Palmer-Ball. But the movements now could get more interesting than any march.

THE VERY FACT THAT L.A. GOV. WENDELL FORD'S RE-FILING for the Democratic nomination for governor drew little attention is significant.

When he first filed last spring, Ford said he was doing it to put down any talk that he might get out of the race.

Now a top campaign aide says, only half joking, "Our problem right now is to hold on to our underdog image."

Old pros aren't putting down former Gov. Bert Combs' bedrock strength and political savvy, of course.

But there's evidence the May

primary could be an old-fashioned Democratic blood-letting.

The resignation of Legislative Auditor Donald Harkins ends a diatribe that was rapidly blossoming into a refined feud. Harkins and the Legislative Audit Committee have been exchanging lengthy, legalistic missives with Attorney General John Breckinridge, each side saying in grandiose terms that the other doesn't know what's going on.

Neither did many others since the questions ranged into the foggy recesses of the conflict-of-interest law and the Minimum Foundation Program.

By spending one-tenth the work put into an acre of tobacco, one acre of fruit will make you the profit of two acres of tobacco. You have to wait three or four years for profit of course, but apple and pear trees, with proper care, will produce for fifty or more years.

Too many are looking for something cheap or something for nothing, but when someone convinces you they are giving you something for nothing you are getting nothing for something.

I had rather give five dollars for a start tree than have most trees free.

Our trees are triple guaranteed, and we can grow as fancy and fine fruit as any place on earth, and in no place does fruit have the wonderful flavor of ours. You can set 100 semi-dwarf trees per acre. They grow straight up like a pear and are easier sprayed than standard size trees.

You folks in town who have only a small back yard can grow plenty of good fruit for your family. We have both dwarf and standard dwarf fruits of all varieties. They grow from 6 to 10 feet high. You may think, how can I mow my lawn without ruining my trees. I have found a one foot long, four inch or six inch diameter ditching tile set over tree after tree is set looks good and protects tree for several years until tree is large, these trees will give you fine large fruit the second year.

I see many fine homes with no trees for shade and no shrubbery. A house with no trees is like a picture without a frame. We have a fine variety of shade trees and shrubs, including the Krismon King maple, the leaves and new growth are a bright red all season.

I can't come see you all but if interested in trees drop a card, phone or better yet stop by and let me show you dwarf standard and semi-dwarf trees. You can pay by month if you wish. If you order direct from company, you pay exactly what you pay me.

DON'T FORGET TO RENEW LICENSE
Check the expiration date on your driver's license. Circuit Court Clerk Money, Ed Cummins says that there have been several drivers recently who have had to take the written driver's test because they let their license, which are due in your birth month every two years, expire.

Also, effective January 1, 1971, you must have your social security number when you renew your license or get new ones.

CARD OF THANKS
Mr. and Mrs. family of Arla Albright, want to thank each and everyone who were so kind and thoughtful during the illness and death of our husband and father.

We would like to especially thank the staff of the Rockcastle County Baptist Hospital and Doctor Jack Lewis for their tender care, also Walter

Funeral Home, who was in charge of arrangements and the many friends who sent food and flowers.

ROCKCASTLE DAR HOLDS MEETING
The Rockcastle County Chapter of the D.A.R. met January 2 at the home of Miss Janie Ramsey in Berea. The meeting was called to order by Mrs. Joseph Young. After the D.A.R. Ritual, the members sang, "My Country 'Tis of Thee" with Mrs. V.G. Walker at the piano.
Mrs. Bell Bluff gave the Registrar's report and reported that Mrs. Peggy Bowling had been approved for membership. Mrs. Jean Towery gave the treasurer's report and announced that the group pictures taken at the first meeting were available at \$1.50 each.
Mrs. Judith Cummins read the President's General's Report which is an article by Mrs. Betty Newkirk Seimes in the D.A.R. magazine. Mrs. Janie Ramsey gave a report on records which she has compiled as Genealogical Records Chairman. Mrs. Ann White gave the Civil Defense report. She read an article from "The National Defender" by J. Edgar Hoover.
The Educational Program speaker was Mrs. Wilson Evans, State Regent, whose topic was DAR Schools. Each member was given a pamphlet entitled "DAR Schools" by Miss Amanda A. Thomas, National Chairman, DAR School Committee. The DAR pre-

seely owns two schools and supports six others, one of which is the Hindman Settlement School at Hindman, Ky. Mrs. Evans pointed out that the DAR recently contributed \$6,000 on the new boys' dormitory at Hindman. She gave an interesting account of the school's activities and the services they provide for Knott County.
Mrs. Evans gave an interesting account of her experiences at the Kate Duncan Smith School in Grant, Alabama. Since her husband was principal at this school in 1935 and she has been closely associated with it since that time, her remarks were a first-hand account. She last visited the school in October of 1970 for the dedication of a counselor's room in the Seimes-Thomas Classroom Building. This room was dedicated to the Kentucky Society of DAR for their contribution of \$100.00 toward its construction.
Last year, the DAR contributed \$250,000 to eight

Service
Measured Not By Gold, But By The Golden Rule

More than three decades ago a group of men met to determine whether a means could be devised to identify those in the profession who seemed worthy of special recognition.

The objective was a desirable one, for the majority of people who are forced to select a funeral director are completely inexperienced. Doctors and dentists and grocers and druggists we consult or purchase from frequently, we quickly learn to evaluate them. But the average family calls a funeral director only once in about thirteen years.

The Order of the Golden Rule was born of that conference, many years ago. It was decided to select a funeral director in each community who could secure the approval of those who knew him best; his fellow townspeople—and to identify that funeral director by means of a symbol.

The Symbol of the Knight and Shield, and the motto, "Service Measured Not by GOLD, but by the GOLDEN RULE" are now familiar to millions of people around the world. Wherever you may be, you may be sure that the funeral director who identifies himself as a member of the Order by the use of this symbol is a funeral director in whom you may safely impose the utmost confidence.

YUCCA PLANT IS FAVORITE

The Yucca plant, which is native in the Southwestern United States and Mexico, is favored by ornamental gardeners in hot, arid regions because, extremely high temperatures and droughts have little effect on this plant. You can have flowers despite the weather conditions.

There are several varieties of the Yucca and one has been especially developed to withstand the low winter temperatures of the Northern United States. So, the Yucca is probably one of the hardiest plants in this country—a good bet for any ornamental garden. The Yucca is known by many as Spanish Bayonet.

Our shop gives special attention to floral offerings, we prepare for funerals. The last gesture of respect should be the most beautiful. Telephone your order now.

association says of its preliminary session on a 1972 legislative program: "Regardless of newspaper, radio, and television comments to the contrary, no exact salary requests were adopted." But its list of "ten areas of real concern listed by the participants" starts off with "an improved schedule of salary allocations."

The court ruling on legislative redistricting clears the way—for one absolutely mind-boggling situation. Almost everyone agreed that Senate districts could not close to equality without splitting parts of some counties away.

But that probably can be avoided. U.S. Senator Marlow Cook, in telling of Cook's efforts for the Leslie County mine victims, also reported he'll appear on the kiddie show Captain Kangaroo.

family Sunday morning.

(Delayed) 103 persons attended Sunday School at Fairview Sunday and a large crowd was present for church services. Thank God for each one. It was good to see that number in the house of the Lord the first Sunday in the new year. May God help us this coming year to be a better Christian, work and serve Him more than we have in the past. He does so much for us.

Ira Reppert and sons, Junior, Jeff and Gregory of Crossville, Tennessee spent Tuesday night with his sister, Mrs. Hubert Chastean, and Mr. Chastean. Ira is slowly improving from a heart attack he suffered in August. He requested that I thank you readers again "for him" for your prayers, concern, cards and financial help in his behalf during his illness. We still request your prayers that one day if it's God's will he will be well again. We still thank God so much for the improvement we've seen so far.
